A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	356	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	427
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	27,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725
Increase 270 per cent.			—Financial Post.

With such an increase in the crop of the country, real estate must advance rapidly. If you want to share in the profits BUY NOW. I have some well located lots for sale that will increase in value very rapidly.

THE BANNER

THE BANNER, OCTOBER 30, 1913

The situation in Mexico shows little sign of improvement. The country is still unsettled and foreign intervention appears to be the only remedy for the present distracted condition of its government. It is strange that the United States and the great powers of Europe have not long since reached an understanding on the subject of joint and definite action to ensure internal peace and a stable government. There are millions of dollars of foreign capital tied up in investments in Mexico. The disturbances have affected the earning powers of many of these enterprises. There are cases in which they have been completely tied up. This is not a desirable condition and should in itself furnish warrant for strong protests from foreign governments. It is held in some quarters that the United States is the only country that is sufficiently interested to warrant active intervention. Great Britain and some of the other European powers, while not so directly affected by the disturbances, nevertheless have important interests at stake and can hardly be expected to stand idly by and allow the present policy of drift to continue indefinitely. An arrangement for joint action by Europe and the United States would seem the preferable course and would likely prove an effective method of restoring peace and ensuring a return of prosperity in the southern republic.

The Ottawa Separate School Board and the advocates of the use of the French language for the instruction of French children in Ontario schools need to be taught that the school regulations are made to be obeyed and not to be openly disregarded. Last week the pupils of one of the Ottawa schools marched out of the school in a body, when an English speaking inspector put in an appearance for the purpose of inspecting the school. Their sympathizers, including members of the Ottawa School Board, threaten that their example will be followed by the pupils in many other French Separate Schools in the eastern part of the province. Chairman Genest, of the Ottawa Board, has gone so far as to virtually defy the Whitney Government to enforce the regulation which provides for inspection by an English speaking Inspector. The Ottawa incident is significant because it shows that Ontario French Canadians are thoroughly determined to obtain official recognition of French as the language of instruction in Separate Schools attended wholly or in part by French children. If they can secure this recognition it will become an easy matter to perpetuate the use of French, wherever any considerable element of the people is of French descent. It would then only be a question of time until the east and parts of the north of Ontario would become as solidly French in language, thought and sentiment, as is the greater part of Quebec. This would create a condition in this Province that would be far from desirable. The English speaking people of the Province have more than an ordinary concern in the solution of the Ottawa problem. The action of the Government of the day may have an important bearing upon the future of Ontario.

Judge Vance has disposed of his law business and office fittings to James Wallace, barrister and solicitor, of Woodbridge and Toronto. Mr. Wallace is a son of the late Hon. N. Clarke Wallace, of Woodbridge, and was formerly of the firm of Lucas, Raney & Wallace, of Markdale. He comes to Shelburne well recommended as to his abilities as a lawyer and we have no doubt but he will retain the large and lucrative practice now entrusted to him by his predecessor. We wish Mr. Wallace success in his undertaking.—Shelburne Free Press.

JUDGMENT RESERVED.

Hayes vs. Harshaw Argued in Appeal Court on Tuesday.

The appeal by the plaintiff, Gordon Hayes, formerly a clerk in the Orangeville post office, from the judgment of His Honor, Judge McCarthy, in the case of Hayes vs. Harshaw, was argued before Chief Justice Mulock and Justices Riddell, Sutherland and Leitch in the Appeal Court on Tuesday. Hayes, it will be remembered, brought action in the County Court to recover $225 damages for breach of contract by defendant, who had engaged to employ him as assistant postmaster at Orangeville at a salary of $900 a year and afterwards dismissed him before the completion of his contract. At the trial in November of last year the suit was dismissed without costs on the ground that a judgment in a former case of a similar nature acted as a bar. While Judge McCarthy took this position, he admitted that Hayes had been wrongfully dismissed. After hearing argument on Tuesday, the Appeal Court decided to reserve judgment. C. R. McKeown, K.C. appeared for the plaintiff and G. H. Watson, K.C., Toronto, and A. A. Hughson, Orangeville, for the defendant.

Boy Scouts

A meeting of citizens interested in the Boy Scout Movement was held in the basement of St. Mark's Church yesterday evening. Addresses were delivered by Mr. Todd, of Toronto, one of the earliest workers in the Scout Movement in Canada, Capt. Hamond, the Provincial Secretary, and Rev. G. W. Tebbs.

DEANERY OF WELLINGTON

Anglican Clergymen and Church Workers Held Important Meetings Last Week.

Induction of Rev. G. W. Tebbs Takes Place In Presence of Large Congregation.

The annual meeting of the Rural Deanery of Wellington was held in St. Mark's Church last Wednesday and was followed on Thursday by the Annual S. S. Convention and Conference of Church Workers in connection with the Deanery. There was a large attendance of delegates, including many active S. S. workers.

Holy communion was celebrated at 11 a.m. on Wednesday, the Rural Dean, Rev. L. J. R. Naftel, of Alora, delivering the devotional address. At the Deanery meeting in the afternoon Ven Archdeacon Davidson, rector of St. George's Church, Guelph, gave an interesting resume of the proceedings at the last Provincial Synod. Rev. G. W. Tebbs, rector of St. Mark's Church, spoke on "Recent Theological Literature," Rural Dean Naftel on "The Continuity of Life," and D. M. Rose, of Toronto, "Travelling Secretary of the Laymen's Missionary Movement, on "The Fall Campaign." Mr. Rose dealt particularly with the missionary problems and plans of the Church.

A meeting of the Women's Auxiliary was also held on Wednesday afternoon.

Wednesday evening the formal induction of Rev. G. W. Tebbs, who was recently appointed rector of St. Mark's Church, took place in the presence of a large and deeply interested congregation. The induction service, which was brief but very impressive, opened with the singing of the beautiful hymn "O God, our help in ages past," by the choir and congregation. The new rector then read the declaration of assent enjoined by the Canons of the Church and his license signed by the Bishop. Then followed the formal induction by Archdeacon Davidson, the presentation of the keys of the Church by the Wardens and the presentation of the Bible and Book of Common Prayer by the Archdeacon. After the induction the regular evening service took place, the prayers being said by the rural dean, Rev. L. J. R. Naftel, and the lessons read by Rev. C. H. E. Smith, of Fergus, and Rev. Dr. Kyte. Ven. Archdeacon Davidson delivered an eloquent and closely reasoned sermon, in which he emphasized the need for definite and positive Scriptural teaching. Besides the clergy already mentioned, Rev. T. E. Chillcott, of Mount Forest, and Rev. R. F. Nie, of Palmerston, were in the chancel. The music by the choir was specially suited to the occasion and added not a little to the impressiveness of the service. During the offertory Mrs. and Miss Lewis rendered a greatly appreciated duet. The church was beautifully decorated with grain and fruit in token of thanksgiving for the bountiful harvest so recently garnered.

Rev. Mr. Tebbs is the third rector who has ministered to the spiritual needs of the people of St. Mark's during a period exceeding fifty years. The present rector succeeds Rev. G. A. Rix, who had charge of the parish from 1902 until 1913, and who is now engaged in the work of the ministry in Prince Rupert. Mr. Rix succeeded Rev. Canon Henderson, M.A., now of Toronto, who was appointed rector in 1861 and remained in charge of the Parish for 41 years, resigning in 1902 on account of advancing years. The new rector is a man of scholarly attainments and an excellent speaker, who has already endeared himself to his people by his zeal, kindness and unvarying courtesy.

The Sunday School Convention opened at 10.30 a.m. on Thursday. The morning speakers were Rev. R. F. Nie, who delivered an able address on "The Dominant Function of the Church," and Miss Woodhouse, of the Anglican Young People's Association. At the noon hour luncheon was served by the ladies of St. Mark's Women's Auxiliary. When the Convention resumed in the afternoon Rev. Burgess Brown, curate of St. Simon Church, Toronto, delivered an address on "Some Aspects of Sunday School Work." Mr. A. Firth, Principal of Orangeville Public School, also spoke, taking as his subject, "Leadership of the Youth of the Church." Miss Woodhouse gave a very interesting explanation of the use of models in Sunday School work, giving point to her remarks by showing a number of models from the Diocesan office illustrative of life in the Holy Land. Rev. R. A. Hiltz spoke briefly and in a general way on Sunday School work.

An open missionary meeting was held on Thursday night. The speakers were Rev. G. W. Tebbs, who gave an illustrated talk on Ceylon, and Mr. D. M. Rose, who spoke on the missionary needs and problems of the Church and the work being done under the auspices of the Laymen's Missionary Movement. The Rural Dean presided. The Deanery meeting and S. S. Convention were both successful from every point of view and should give a strong impetus to the work of the Church throughout the Deanery.

Hallowe'en Social.

The A.Y.P.A. of St. Mark's Church held a delightful Hallowe'en social in the schoolroom of the church on Monday night. The programme consisted of a cornet solo by Mr. E. H. Smith, a song by Mrs. Meek, a piano solo by Miss Hazel Patterson, a cornet duet by Messrs. Morrow and Smith, and a series of contests, which proved a popular and thoroughly enjoyable feature of the evening. Prizes were awarded the winners being Miss McArten and Mr. V. A. Statin. Miss Hughson and Mrs. H. F. Tuck. There was a large attendance of the young people of the church.

Fined for Liquor Selling

Last Thursday Robert White, a farmer living near Shelburne, appeared before Magistrate Hugh Falconer and pleaded guilty to a charge of selling liquor in violation of the local option by-law. The Magistrate imposed a fine of $100 and costs. Albert McGrath, of the Queen's hotel, Shelburne, pleaded guilty on a similar charge and was fined $100 and costs. J. E. White, a Shelburne druggist, was up on an information charging him with selling alcohol, but the case was withdrawn when Inspector Ayearst learned the facts. It appears that a Jew bought some alcohol from White for the purpose of developing photos. He afterwards fell in with a liquor detective, who also happened to be a Jew. The latter asked the photo man if he knew where he could get any liquor and was told about the purchase of the alcohol from White. The result was the lodging of the information.

UNRESERVED

Credit Auction Sale

—OF—

Farm Stock and Implements

The undersigned has been instructed by Mr. W. J. Kearns to sell by Public Auction on lot 32, 3rd line, Albion township, on

TENDERS for DEBENTURES

Town of Orangeville.

TENDERS will be received by the undersigned marked "Tenders for Debentures" up to the third day of November, 1913, for debentures to the amount of $9,000, being $3,000 for Fire Apparatus, $3,000 for improvements to the Public School, and $3,000 for improvements to the Town Hall, issued under three separate By-Laws. The Debentures are repayable in ten equal consecutive annual instalments of principal and interest combined. The debentures bear interest at 5 per cent. The annual instalment in respect of each $3,000 by-law is $388.51. The Debentures will have interest coupons attached. The Debentures will bear date of issue, and delivery will be made on November 28th, 1913.

It is expected the debentures will be guaranteed by the County of Dufferin at the next Session of the County Council in November next. The County of Dufferin is absolutely free from any debenture indebtedness.

Tenders are asked for the Debentures:

1. On the basis of not being guaranteed by the County of Dufferin.
2. On the basis of being so guaranteed.

A. A. HUGHSON, Clerk. Orangeville P. O. Orangeville, October 21st, 1913.

MILLINERY MANTLES UNDERWEAR

MILLINERY

MILLINERY

The phenomenal success which has attended our efforts in Our Millinery Department ever since opening day has been entirely gratifying in every detail. Possibly what has added most to the success of the Department has been the fact that never before had we so many stylish hats on view, and never before so much style in becoming headwear at such extremely moderate prices.

Before this advertisement appears in print we will have a magnificent collection of

New Plush Hats and New Felt Hats

In new styles shown now for the first time, and nothing newer or more up-to-date to be found anywhere. Miss McCarthy (in charge of the Department) will be pleased to show you every courtesy.

Our Second Big Shipment of New Fall Mantles Has Been Placed in Stock This Week.

In these new Goods there is a splendid choice of materials—a very comprehensive showing of the New Weaves—and there's not a garment but shows good, full value for the price we've marked them.

We would be glad to show you these whenever you have time to look them over, and without the slightest obligation to buy.

500 Pairs Rubbers, 50 cents per pair

This quantity of Rubbers, representing many lines, and values at 65 cents and 75 cents, now on sale at fifty cents per pair. By anticipating the muddy season so close at hand, you cannot make fifteen to twenty-five cents easier than by securing a pair of these rubbers.

Underwear

Thousands of Garments for big and little, at a very distinct savings.

Marshall Green & Co.

The Late William Wansbrough

The late William Wansbrough, who died in the Aged Men's Home in Toronto, on October 16th, at the age of ninety years, was a son of Sergeant William Wansbrough, who served under the Duke of Wellington in the Napoleonic Wars. Sergeant Wansbrough had the honor, with his regiment, the 14th Light Dragoons, of carrying the colours at Lord Nelson's funeral. The regiment frequently escorted His Majesty, George III., in the capacity of Life Guards. William Wansbrough emigrated from King's County, Ireland, with his parents in the year 1831, when nine years of age. The family settled on lot 24, con. 11, Erin township, the property being part of the grant of three hundred acres from the Crown to Sergeant Wansbrough as a recognition of his services to his country. Sergeant Wansbrough died in the year 1857 at the age of 94 years and 6 months. His wife, Rebecca, who was a daughter of the late Captain Robert Holmes, of King's County, Ireland, lived to the ripe age of 93 years and 8 months. They were blessed with a family of six sons and three daughters, of whom four sons and one daughter are still living, namely Richard, in Indiana, Robert, of Orangeville, Edward and George, of St. Louis, and Mrs. Dixon, of Toronto. The subject of our sketch was married to Miss Nancy Nodwell, of Erin. They settled on 175 acres of land, lot 26, con. 11, Tp. of Erin, being part of the land granted to Mr. Wansbrough's father by the Crown. He followed farming for some years and then kept a general store in the village of Alton for some time. He afterwards started in the boot and shoe business and also kept the post office at Binkham in the township of Erin. He had been living retired for a number of years prior to his death. Deceased had the misfortune a number of years ago to lose a leg in an accident on the Grand Trunk Railway. In religion he was a Methodist and in the early days his home was always thrown open to the ministers of his church. He is survived by a family of four sons and five daughters, namely, William, of Toronto, Robert, of Erin, Thomas, of Fergus, Richard in Brit. Columbia, Mrs. Barnes, of Erin, Mrs. McRoberts and Mrs. Tozer, of Toronto; Mrs. Becker, in British Columbia, and Mrs. Laird, of Norval. On Saturday, Oct. 18th, the remains were brought on the morning train from Toronto to Hillsburg and borne to their last resting place in Huxley Cemetery by six of his old friends and neighbors. His End was Peace!.

Self-Wiggins.

Mr. Robert C. Wiggins, of West Toronto, formerly of Orangeville, announces the marriage of his daughter, Laurine Ethel, to Mr. James Self, of Toronto. The marriage took place at the bride's home. The young couple were unattended and the bride was dressed becomingly in satin trimmed with lace. The bride is a granddaughter of Mr. and Mrs. Joshua Wiggins, of this town.

SLESWICK.

Mr. Robert Jackson, an old resident of this section, is very poorly at the present time with heart trouble.

Alex. McMullin, the 12 year old son of Mr. David McMullin, is under the doctor's care. He is threatened with appendicitis. Dr. Dunning, of Mono Mills, is in attendance.

Farmers hereabouts are getting along pretty well with their fall work, although there are some, who have not finished digging their potatoes.

Caledon East buyers are paying 65c a bag for potatoes.

Apples have been a splendid crop in this district this year. Buyers have been paying $1.00 per barrel for fall and $1.25 per barrel for winter varieties. It is estimated that between 2000 and 3000 barrels will be shipped from Caledon East and Mono Road stations. E. W. Burrell & Son, Wm. Borland and J. G. Alexander are doing nearly all the buying.

MONO CENTRE.

The Mono Centre Branch of the Women's Institute will hold its meeting and a Social Evening in the Hall at Mono Centre on Friday evening, Nov. 7th. Meeting for the members at 6.30 o'clock. Social and address by Mr. H. A. Dorrance, District Representative, at 8 o'clock. Admission free. Silver collection at the door at close of meeting.

WOMEN'S INSTITUTE.

The Caledon Branch of the Peel Women's Institute will hold its regular monthly meeting at the home of Miss Arkell in the village of Charleston on November 1st at 2.30 p.m. A full attendance is urgently requested as important business will be discussed. A good programme will be provided and non-members will be made welcome. Do not forget the roll call.

Sale Register

Mr. David Tate will hold a clearing auction sale of farm stock and implements on the s w ½ lot 4, con. 18, East Garafraxa, on Monday afternoon, November 10th, beginning at one o'clock. Mr. Tate will also offer his 100 acre farm for sale at the same time and place. 80 acres of the farm are cleared and the buildings include a two-story brick house, 26 x 30, and a bank barn, 42x 60. See advt. or posters for full particulars. Jas. A. Patterson, Auctioneer.

Mr. W J. Kearns, lot 32, 3rd line, east, Albion, will hold a clearing auction sale of his farm stock, implements etc. on Wednesday afternoon, Nov. 12th. Sale at one o'clock sharp. See advt. or posters for full particulars. Jas. A. Patterson, Auctioneer.

PEEL NOMINATIONS.

J. R. Fallis and A. H. Milner Are the Candidates.

Hon. W. H. Hearst and Mr. J. C. Elliott, M.P.P., Were the Leading Speakers at Monday's Meeting.

In the Town Hall in Brampton on Monday, James R. Fallis and A. H. Milner, both of Brampton, were officially nominated as the Conservative and Liberal candidates to contest the riding of Peel at the Provincial by-election next Monday. Following the nomination proceedings, a joint meeting was held with Mr. James Jackson presiding. Some difficulty was experienced in making an arrangement for the speaking, but it was finally agreed that each side should have one hour for speeches. The speakers were the two candidates, the Hon. W. H. Hearst in behalf of Mr. Fallis and Mr. J. C. Elliott, M.P.P. for East Middlesex, in support of Mr. Milner.

Mr. Fallis, who only occupied ten minutes time, spoke about his dealings with the people for many years in the county, and as he had been fair and just in business he would also when elected be equally honest in representing them. He was glad to be a follower of Sir James Whitney because of the record made by the Administration in carrying out the pledges he had made when in Opposition. He spoke of the breaking up of the old school book ring, the cheapening of books, the doing away with the numbered ballot, the increase in the revenue and the improved agricultural conditions. Sir James Whitney, he said, had launched one of the greatest schemes in recent years for the benefit of the community, the Hydro-electric system. Electric power could now be obtained at one-half of the cost charged by private institutions. He enumerated the advantages of the system and laid stress on the benefits received by farmers. Mr. Fallis also eulogized the good roads policy of the Government.

Mr. Milner, the Liberal candidate, congratulated Mr. Charters, the late member, upon his pending appointment as Registrar of Peel County, paid a high tribute to his character and worth as a man and representative and spoke appreciatively of the esteem in which the retiring member was held by everybody. With regard to his own candidature Mr. Milner reminded the electors of his connection with municipal affairs in the county and expressed the belief that his services had been on the whole of a satisfactory character. He had always received the support of the people of Brampton and felt sure that they would not fail him at the polls on November 3rd. Taking up the temperance question, Mr. Milner stated that he stood for the total abolition of the bar as the only means of eradicating the evils of treating and other baneful effects of the traffic. These evil effects he enumerated at length and stated that he was opposed to them in every form. He stood to support the Rowell platform and every plank it contained, and was confident of the support of the electors of Peel County on election day. On the subject of taxation he enlarged on the taxation of corporations, street railways and large industries and spoke of the system of succession duties due to the work of the Liberal administration. Taxes on breweries and distilleries, imposed by the Liberal government, were an important source of revenue, a source which the Conservatives had endeavored to diminish by moving three times to give the measure a six months' hoist in House.

Hon. Mr. Hearst endorsed what the preceding speakers had said in reference to Mr. Charters and added that the retiring member for Peel had the respect and esteem of the entire House at Toronto. The Minister contended that the question of tax reform was too weighty and too serious a matter to be hastily settled, and the present Government was doing everything in its power to settle the question to the satisfaction of the people of the Province, but doing it slowly and carefully. Mr. Rowell's policy of abolishing the bar had been hastily adopted by the Liberal candidate in Peel at the last moment. Mr. Rowell himself had long hesitated as to what course he should pursue when he became the leader of the Liberal party, and his policy was by no means satisfactory to many of his own followers. The Conservative Administration had done many things for the advancement of the people since coming into power. Mr. Milner had claimed that the old Ross Government was responsible for many improvements adopted within recent years, but he forgot to tell many things that were never accomplished until the Administration was changed and would never have been done had the Ross Government remained where it was. Mr. Hearst spoke briefly of the amounts spent on colonization roads within the past eight years, of the amounts returned to the municipalities from railway taxation, and many other matters of interest from a political standpoint. The returns from mining industries alone amounted to a very large sum. Although Mr. Milner claimed that the Liberals had paved the way for these reforms and increased revenue, it was an undisputed fact that the present Administration was responsible for the increase by its wise methods of handling the resources of the Province.

Mr. J. C. Elliott, who followed, complimented Mr. Milner upon his open and frank statements on various public questions, particularly on the temperance question, and asked why the audience did not have an equally frank statement from the Conservative candidate as to his stand on that question. Mr. Elliott also made use of the argument that Mr. Charters had not seen fit to support the Government on its temperance policy. What was the standpoint of the Conservative candidate? asked the speaker. Did he approve of the Government's policy? He had hoped for an explanation of that matter from Hon. Mr. Hearst, seeing that the Government had decided by a unanimous resolution to introduce anti-treating legislation. Were the members of the Government still of the same mind? If so, why was legislation not introduced? Nearly two years had passed since that resolution had been agreed to. It seemed, indeed, as if the Government was slipping backward instead of forward.

Mr. Elliott claimed that the by-election in Peel was due to the breach of one of Sir James Whitney's pre-election declarations against the appointment of members of the House of Government positions. The development of Northern Ontario was ascribed to the building of the Timiskaming & Northern Ontario Ry., and other steps taken by the Liberal party to open up the north country. The building of the T. & N. O. railway had been opposed by Sir James Whitney when in opposition. Mr. Hearst's own constituency, Mr. Elliott declared, had been saved from serious disaster through the beneficent influence of Liberal measures.

Mr. Hearst replied briefly and the meeting was brought to a close with cheers for the King, the chairman, and the two candidates. The meeting attracted a large gathering of electors of the riding and the speechmaking was followed with the keenest interest.

J. D. TORRIE

The Men's Outfitter

When the cold, raw winds blow, be snugly shielded from them in one of our stylish, comfortable overcoats. Our manufacturers are not stingy with the quantity or quality of materials when they make overcoats for us. We can FIT YOU RIGHT in splendid warm underwear, too.

Extra value in Men's Overcoats, from $5.00 to $18.00

A first-class Working Coat for men, reversible, regular $5.00, to clear at $4.00.

Everything new in Men's Suits. See our Black and Blue Serges at $15.00.

From 28 to 34, we can give you the best values in the trade in Boys' Suits. Bring the boys in and be convinced.

We are still selling the best $22.00 Black, Blue or Fancy Worsteds in the trade.

Broadway Orangeville

CALEDON COUNCIL.

Council Chamber, Oct. 14, 1913.

Council met, Reeve presiding, members all present. Minutes of previous meeting read and adopted.

A communication from the Cataract Electric Co. was received and read stating that in a short time a statement of damages would be placed before the council by reason of closing Dominion Road.

A communication from Jas. Pearson was received and read stating that the river bed on his property was now cleaned out.

Mr. Jas. Kirkwood addressed the Council in reference to drain on lot 5, con. 4, west, and asked that Council assist in defraying expense of laying tile.

Mr. M. McEachren addressed Council in reference to drain on their premises at Inglewood and asked Council to take some action re same.

Moved by Mr. Wrigglesworth, seconded by Mr. Armstrong, that Jas. Kirkwood be granted the sum of $30 towards paying for tile for drain on lot 5, con. 4, west, to be paid on completion of drain. Carried.

Mr. Limebeer reported having interviewed the matter in connection with the indigent girl at the home of Mr. Martin and recommended that Mr. Martin be paid for three weeks maintenance of said girl at $2.50 per week. Report adopted.

The following wire fence petitions were received viz.. G. S. Kirkwood, 60 rods; T. Quinn, 40 rods; W. Dawson, 28 rods; E. Fines, 43 rods, T. Hewson, 43 rods, A. Webb, 200 rods; P. A. Penfield, 123 rods.

The following wire fence petitions annied and passed and the Reeve's order issued for payment, viz:— M. C. Hillock, building bridge in Charleston, $4.00; J. H. Watson, 4 cost ingot culvert, townline Caledon and Chinguacousy, $6.48; W. J. Sutton, equalizing Caledon East P. S., $3.00; L. H. Willis, to pay selectors of jurors, $16.00; W. J. Sutton, building bridge lot 16, con. 1, east, $24.15; Jas. McLeod, work opp. lot 14, con. 6, east, Albion, to pay Caledon half this amount, $75.75; G. Nurse, work on bridge and supplying timber lot 15, con. 6, west, $12.50; Jas. Harigan, R.O. work in his division, $21.25; L. McFaul, building bridge 3rd line w., opposite lots 30 and 31, $14; W. Houston, rep. bridge 20 sideroad, con. 6, w., $21.00; M. McEachern, R. O. work in his division, $1.00; F. Irwin, Treasurer Orangeville, Caledon's share of work on N. townline, $52.89; T. McCort, tile supplied, $43.00; B. Hammond, one sheep killed by dogs, $3.50; J. Carroll, repairing bridge, 25 sideroad, $2.00; J. M. Deagle, 36 yds. gravel supplied, $3.60; G. S. Kirkwood, bonus on 60 rods wire fence, $15.00; T. Quinn, bonus on 40 rods wire fence $10; W. Dawson, bonus on 28 rods wire fence, $7; E. Fines, bonus on 43 rods wire fence, $10.75; T. Hewson, bonus on 43 rods wire fence, $10.75; A. Webb, bonus on 200 rods wire fence, $50; P. A. Penfield, 123 rods wire fence, $30.75; J. J. Donaghy, searches in Registry Office, $2.50; W. Meek, balance re work done opposite lot 26, 1st line, e., $1.00; W. Montgomery, work on North Townline, $2.00.

Messrs. Kannawin and Hillyard, the commissioners appointed to ascertain cost, etc., of opening of roadway to Alton sideroad, between 4th and 5th lines, reported having consulted the owner of the land and were informed that the property was being offered for sale by auction in the near future, therefore the commissioners recommended that no action be taken at present. Report adopted.

Moved by Mr. Wriggiesworth, seconded by Mr. Armstrong, that the Reeve and Councillor Hillyard be Commissioners to investigate the claim of McEachern Bros., re drain at Inglewood and report at next meeting of Council. Carried.

Moved by Mr. Hillyard, seconded by Mr. Kannawin, that when this Council adjourns it stands adjourned until Tuesday, Nov. 11th, next. Carried.

On motion Council adjourned.

L. H. WILLIS, Clerk. W. J. LIMEBEER, Reeve.

Mrs. Haggart, widow of the late David Haggart, died at the home of her son-in-law, Mr. J. J. Manning, in Brampton, last week.

GLENCROSS.

(Intended for last week).

We expect that threshing will be a thing of the past after this week.

A number of our young people attended Thanksgiving services at Cam lla on Sunday.

Mr. Alfred Oliver, of Hamilton, was the guest of Miss Bertha Still over the holiday.

Mrs. Geo. Bagnell and Masters Earle and Herbie spent Thanksgiving with friends at Mono Road.

Misses Elva and Zona Still, of Toronto, spent the holiday with their parents here.

Miss Ina Bagnell, who has had a slight attack of bronchitis, is recovering her usual health again.

Although the weather was very unfavorable, a few of our sportsmen could not resist the annual Thanksgiving hunt.

Messrs. T. Moffatt, W. Bagnell, and W. White attended Woodbridge fair last week.

Says Wilfred B. "A horse I see
Will really fill the bill for me."
Though rough the road and steep the hill,
That most affects our Bobby's will.
Says Willie White each Sunday night,
"How sad that Alton's out of sight."
Then Will C. "It's plain to me
A girl I'd have where'er she be,"
Says Ernest M. with assuring smile:
"It may be far but its well worth while.
Next Simpson A. "A fine display
For me will ever make a way."
Through coming spring and winter long
That 2nd line lad is still safe and strong
Says Ross H. "I'll change to me.
On this line I'll confess to see."
Then Roland M. with doleful tone:
"The house I'd like but I'd like a home
"Will you tell," says Hunter, "who
seem the
Teach my Aikens heart not to wander astray."

SPECIALISTS

In Diseases of Skin, Blood, Nerves and Bladder

One visit advised if possible, send History for free opinion and Medicine. Consultation free. 8 a.m. to 1 p.m. and 2 to 6 p.m. Hours—10 to 4 p.m. and 7 to 8 p.m. Sundays—10 a.m. to 1 p.m.

DRS. SOPER & WHITE

25 Toronto St., Toronto, Ont.

Public School supplies of all kinds at The Banner Bookstore.

WALDEMAR.

Mr. and Mrs. W. P. Tolton, of this place, spent a fortnight with their sons, Horace and Owen, of Toronto, and visiting at points east.

Mr. James Brown and family, of Grand Valley, paid a flying visit to this place a few days ago.

Mrs. Joseph Thompson has returned home after spending a few days on the 9th line, Amaranth. She was the guest of Mr. and Mrs. George Gamble and Mr. and Mrs. Henry Carter.

Mr. and Mrs. Warren Groskurth, of Laurel, spent Thanksgiving with friends here.

Mr. and Mrs. Bert Groskurth, of Toronto, were guests of Mr. and Mrs. Ed. Groskurth, of this place, over Thanksgiving.

Mr. Willard Scott, of Toronto, is spending a few days with his parents on Station St.

Mr. Robert Rodgers is spending a few Thanksgiving holidays with his brother, George, of Toronto.

Mr. John Groskurth made a business trip to the Queen City last week.

Warden Bryan paid our village a flying visit one day last week.

Rev. J. S. and Mrs. Stevenson are in Owen Sound for a few days this week attending the Ontario Sunday School Convention.

Miss Jennie Richardson, who is attending Model School at Durham, was home for a few days at Thanksgiving.

Mrs. (Rev.) J. J. Coulter, Cookstown, Mrs. Francis, Woodstock, and Mrs. J. J. McKeown, Sandhill, visited their sister, Mrs. Louis Johnston, over the Thanksgiving holidays.

We understand that we are to lose some of our valued citizens of Laurel in the near future. We believe that Mrs. King and Miss Lily will soon leave for Toronto, where they intend to make their home. Our school trustees will miss the services of a valuable caretaker.

Mr. Edgar Trimble and Mr. Chas. Gray are visiting Sandhill friends for a few days this week.

Don't forget the boys' missionary social to be held in the Methodist Church on Friday evening, Oct. 31st. Everybody welcome.

One may easily see the pleased look on the farmers around here since "The Underwood Tariff Bill" has come in force. Prices of cattle have moved up by leaps and bounds. Surely this will be a boon for our popular drover, Mr. G. W. Hepton.

LAUREL.

At last the welcome rain has come! The farmers in this vicinity will now be able to plough with more ease, and without so much talk about the dry weather.

The "Birthday Party" which was to have been held in the Presbyterian Church one evening last week, was postponed on account of the wet weather. This is the second time this has been postponed on account of inclement weather, but never mind, it will be all the better when it does come off.

On Sunday morning, Nov. 2nd, the quarterly meeting and sacramental service will be observed in the Methodist Church here. Service at 11 o'clock, the usual hour.

Mr. Joseph Lomas, of Cold Spring Villa, is visiting friends in Brampton for a fortnight.

Mr. George Gamble shipped over 100 head of export cattle on Monday of last week. On the Wednesday following he shipped a large number of hogs and sheep and a number of cattle as well. This will give your readers an idea of the business Mr. Gamble has been doing in the stock line for the last two or three months.

Mayor Boyle is keeping everything in order these days and has declared for peace on the night of Oct. 31st. Hallowe'en pranksters are warned to look out.

Mr. John A. Simpson, tax collector for this half of the township, is making his usual rounds.

Mr. Samuel Jackson is wearing an 8 x 11 smile these days. It is all over the advent of a winsome baby girl. Mother and child are doing well.

Joseph McConnachie & Sons, the famous Waldemar threshers, have had a big season's work this fall. They will be through in a few days now and will then start out with their new well drilling machine, which they purchased from The Starr Drilling Co., of Listowel, a short time ago.

The general fall work is well advanced in this section and the farmers are getting in pretty good shape for winter. Messrs. W. P. Tolton & Son are busy repairing their dam on the Grand. The new structure is substantially built and when completed should withstand the bumping and thumping of the gigantic ice floes that come down the Grand River with the spring freshets.

Mrs. Demms is confined to the house and is under the special care of Dr. McClelland, of Grand Valley. We sincerely hope to see her able to be about again shortly.

We think that some of the young ladies of this section have forgotten that leap year is past. They still persist in taking leap year opportunities.

Wedding bells, joyful bells, are going to ring very shortly in this community. The ringing will be heard on two separate and distinct occasions.

MONO MILLS.

The members of L.O.L. No. 192 will attend divine service in the Presbyterian Church here next Sunday evening at 7 o'clock. Rev. J. A. Black, the pastor, will address the brethren. Visiting brethren will be cordially welcomed and members of neighboring lodges are given a hearty invitation to attend the service.

A retail merchants association has been organized in Oakville.

There is a Canada Cement dealer in your neighborhood. If you do not know him, write for his name.

THE BALLAD OF YAADA.

(The following poem, taken from Toronto Saturday Night, is said to be the last written by the late E. Pauline Johnson, the Indian poetess, who died in Vancouver a little over a year ago.)

There are fires on Lulu Island, and the sky is opalescent
With the pearl and purple tinting from the smouldering of peat.
And the Dream Hills lift their summits in a sweeping, hazy crescent,
With the Capilano canyon at their feet.

There are fires on Lulu Island, and the smoke, unlifting lingers
In a faded scarf of fragrance as it creeps across the bay,
And the Inlet and the Narrows blur beneath its silent fingers,
And the canyon is enfolded in its grey.

But the sun its face is veiling like a cloistered nun at vespers;
As towards the altar candles of the night a censer swings,
And the echo of tradition wakes from slumbering and whispers,
Where the Capilano River sobs and sings.

It is Yaada, lovely Yaada, who first taught the stream its sighing,
For 'twas silent till her coming, and 'twas voiceless as the shore,
But throughout the great forever it will sing the song undying
That the lips of lovers sing for evermore.

He was chief of all the Squamish, and he ruled the coastal waters
And he warred upon her people in the distant Charlotte Isles,
She, a winsome basket weaver, daintiest of Haida daughters,
Made him captive to her singing and her smiles.

Till his hands forgot to havoc, and his weapons lost their lusting,
Till his stormy eyes allured her from the land of Totem Poles,
Till she followed where he called her, followed with a woman's trusting,
To the canyon where the Capilano rolls.

And the women of the Haidas plied in vain their magic power,
Wailed for many moons her absence, wailed for many moons their prayer,
"Bring her back, O! Squamish foeman, bring to us our Yaada flower,"
But the silence only answered their despair.

But the men were swift to battle, swift to cross the coastal water,
Swift to war and swift of weapon, swift to travel trackless miles,
Crept with stealth along the canyon, stole her from her love and brought her
Once again unto the distant Charlotte Isles.

But she faded, ever faded, and her eyes were ever turning
Southward toward the Capilano, while her voice had hushed its song,
And her riven heart repeated words that on her lips were burning,
"Not to friend—but unto foeman I belong.

"Give me back my Squamish lover, though you hate, I still must love him,
Give me back the rugged canyon where my heart must ever be—
Where his lodge awaits my coming, and the Dream Hills lift above him
And the Capilano learned its song from me."

But through long-forgotten seasons, moons too many to be numbered—
He yet waited by the canyon—she yet called across the years,
And the soul within the river that through centuries had slumbered
Woke to sob a song of woman's love and tears.

For her little, lonely spirit, sought the Capilano canyon,
When she died among the Haidas in the land of Totem Poles,
And you yet may hear her singing to her lover-like companion,
If you listen to the river as it rolls.

But 'tis only when the pearl and purple smoke is idly swinging
From the fires on Lulu Island to the hazy Mountain crest,
That the undertone of sobbing echoes through the river's singing
In the Capilano canyon of the West.

STOLE CHEQUE.

14 Year Old Boy in Trouble Near Beeton.

A lad about 14 years old, whose home is in Hamilton and who has been in the employ of Mr. Wm. McDermott for about three months as chore boy, stole a cheque for $60 on Tuesday. The cheque was in favor of Miss Edith McDermott and before leaving for her school she informed her sister that she had endorsed it, and, telling her where she would find it, asked her to get it cashed at the bank when she came to market. The boy overheard the instructions and after Miss McDermott left for her school he got the cheque and came to Beeton and presented it at the bank. The cashier, knowing the boy, and that he was in the employ of Mr. McDermott, supposed all was right and cashed it. After receiving the money he went to a local hardware store, where he purchased a gun, and disappeared. When Miss McDermott was ready to come to market the cheque could not be found, and, as the boy was also missing, suspicion naturally fell upon him as the thief. Constable Watson was communicated with, and, after getting all the facts, he concluded that the boy would endeavor to reach Hamilton, and he watched all the trains leaving here. As he did not take any of the passenger trains, Mr. Watson phoned the authorities in Hamilton to be on the lookout for him. He was apprehended yesterday (Wednesday) morning. It appears that after purchasing the gun the boy went north towards Thompsonville, where he tried to sell the gun to Mr. Murray, and afterwards came back to town, remaining concealed at the station till the night freight came along, when he boarded it and rode to Hamilton. —Beeton World.

Newmarket's new 30,000 gallon artesian well is a splendid addition to the previous supply, and the waterworks system is now amply provided for. Another well is, however, being sunk to avoid any possible contingency.

FELL OUT OF HIS RIG.

William Armstrong, Erin and Garafraxa townline, came to town on Friday with a load of potatoes, and after disposing of them undertook to take on a load of fire water. He left for home about four o'clock in a rather helpless condition and about an hour afterwards R. J. Greenwood, on his way to town, found Armstrong lying helpless on the road near R. McDonald's corner of the 12th concession with a badly cut face. In falling out of the democrat he hit either the dashboard or wheel, or possibly the wheel ran over him. Mr. Greenwood brought him to town where a doctor gave him attention, and a few hours later he returned home with a couple of brothers who came up.—Star & Vidette.

BRUISING OF STOCK CONDEMNED.

In talking with a number of buyers on the Buffalo live-stock market recently, the subject of bruising stock through rough handling by drivers came up. It always pays to drive pigs, cattle or sheep without clubbing them. Bruised animals are not worth anywhere near the top price to the packer. Indiscriminate clubbing of hogs in loading is condemned by buyers one and all. All meat hung up showing bruises is severely discounted by the purchaser, consequently the price to the seller of the live stock in the market must be lower. In taking cattle or hogs to the station to ship do not use the club. Load them in the wagons with as little trouble as possible. Coax them rather than beat them; and, in driving cattle, do not allow stoning or clubbing. In loading into cars it pays to take a little time and put the stock in the easiest way possible.

BARN BURNED IN EAST LUTHER.

David Boyle, of Grand Valley, suffered a heavy loss on Saturday night in losing a barn on the Samuel Adair farm, and in which his son, Robert, almost lost his life. Robert had gone to the place to fix up the granary and had climbed up to get a board, when the one on which he was crawling, broke and sent him and the lantern to the basement. The lantern broke and soaked the straw around with oil, starting a smouldering fire. Robert could not get up through the trap door and ran around through the basement and up to the front door to fight the fire if possible. Opening the door he found the barn filled with smoke, which the draft of fresh air burst into flames. He then tore back to the basement to get his horses out, but they had become terrified and in a second attempt to get them out they became jammed in the doorway and were burned. Mrs. Fisher, who lives on the premises, attracted by Mr. Boyle's cries came running out, and the two set to work to get the cattle out from an adjoining shed. In doing so one of them charged Mr. Boyle knocking him down and the rest ran over him as he lay on the floor, but fortunately he escaped being trampled on severely. Just as he got out of the building the floors fell in, and to say that Robert heaved a sigh of relief is putting it mildly. He had enough experience crowded into half an hour to do the ordinary man a lifetime. Besides the team, Mr. Boyle lost over 1000 bushels of grain, the contents being insured for $1000, with a similar amount on the building.—Star & Vidette.

The South Oxford Prohibition Association passed a resolution asking the Ontario Government to amend the license act so that unlicensed municipalities would be given the same protection as that afforded by the local option law.

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only knew as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels. — They act to free the system — and keep it free — from the distress and ill feeling that naturally results from irregular and inactive bowels.

Rexall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause of bowel ills and in a short time, usually make unnecessary the continued use of physics and purgatives; thus tending to stop such unhealthy habits as may have been formed.

Make us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you we will return the money you paid us for them.

Doesn't that indicate that Rexall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Rexall Orderlies for children, delicate and aged persons. Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at the Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

T. F. & T. J. BROWN

Orangeville — The Rexall Store — Ontario

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill — each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

QUEEN PASTRY FLOUR

Retains its wonderful popularity because it has a quality distinctively its own. There is no other Flour just like it or quite so good. If you have not used it you ought to give it a trial.

I can confidently recommend

FIVE ROSES FLOUR

As one of the very best brands on the Canadian market. I have numerous customers who insist upon getting FIVE ROSES every time they buy.

JOHN JOHNSTON

BROADWAY, ORANGEVILLE

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada. — "Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in.

"After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."—Mrs. ORILLA BRADLEY, 234 Johnson Ave., Winnipeg, Manitoba, Can.

Why will women take chances or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A Million Dollars for Good Roads.

County Council of Essex, Ont., Submits By-Law for Improving 150 Miles of Roadway.

One of the most important of the many road improvement plans now under way in various parts of Canada, is that just launched in Essex County, Ontario. At a meeting of the Council, on Thursday, October 16th, a By-Law was drawn up for presentation to the voters next January. This By-Law calls for the raising of a million dollars to provide for concrete roadways covering no less than 150 miles, and connecting all the important communities of Essex County. The proposed routes of the concrete roads will completely circle the County, and afford the finest type of highway connection to the farmers for reaching Windsor or any of the smaller towns.

With the assistance of Engineer Huber, of the Ontario Government, the committee appointed at the last session of the council, went over the different roads proposed for paving. Basing his recommendation upon the fact that the route will be used for much heavy traffic, Mr. Huber made his report in favor of using Concrete throughout.

An interesting feature of the plan as outlined, is the provision for a continuous route of good roads. There have been instances in other communities where otherwise excellent road development ideas were, in a measure, spoiled by failure to have the good road a continuous good road. The Essex County Council have shown their wisdom and far sightedness by providing for the complete connecting up of the proposed concrete stretches, so that in the completed project by will appear no interruptions of unimproved or bad roads. While not in a straight line, the completed series of roads will be, in effect, one long continuous highway all of concrete, and taking in practically the whole of Essex County.

There would seem to be a peculiarly enterprising spirit in the vicinity of the Detroit River. On one side of the River we have Wayne County, Michigan (the county of which Detroit is the principal centre) with approximately 100 miles of concrete County highways. This magnificent series of highways has been a model for other communities, and has attracted visitors on inspection tours from all over the world. Now comes Essex County, a sister community, on our side of the river, with a plan which bids fair to fully equal that of Wayne County, and which will, perhaps, eventually eclipse the splendid road system that is the pride of Michigan. The building of 150 miles of concrete highways such as Essex County is to have, means a model county from the viewpoint of inter-communication between towns. Doubtless we will find deputations of municipal officers visiting Essex County to obtain pointers on how best to link together the farm communities with the market places. The eyes of all North America will turn toward Essex County and watch with growing interest the completion of this project.

HE FOUND OUT.

It was a dark night, and a cyclist was riding home on his wheel, which was minus a lamp. He came to a cross roads and was in doubt which way to turn. After some fumbling in his pocket he found a lone match, and with it in his teeth he proceeded to scale the signpost to read the names of the two forking lanes. The pole was an unusually high one, but he managed to reach the top, and, striking his match, read the words, "Wet Paint."

Egg Production Contest

The Orangeville Branch of the Department of Agriculture is holding an Egg Production Contest, commencing on Oct. 27th and ending on Nov. 26th. The Competition is open to boys and girls in Dufferin County from 16 to 18 years of age and valuable prizes will be awarded as follows:—

1st—Transportion and Board to the Ontario Provincial Winter Fair, Dec. 1913.

2nd—Poultry Text Books to value of $5.

3rd—Transportation and Board to O. A. College Farmers' Institute Excursion 1914.

Rules, regulations and other particulars relative to the competition may be obtained upon application to H. A. Dorrance, B.S.A., the District Representative. This is the first of a series of educational competitions, which the Department is planning to hold from time to time.

London Council will within two weeks name a commission of five to construct, equip, maintain, operate and manage the London & Port Stanley Railway. Hon. Adam Beck will become a member.

A MAGIC CLUB.

Curious Decoy Used by the Native Fishermen of Hawaii.

"Lau melomelo" is the name of a decoy used by the native fishermen of Hawaii. It is made of the hardest wood to be found on the islands and is carved and rubbed till it assumes the shape of a club with a little knob at the smaller end, to which the line is tied.

The club is from one to three feet long. A village sorcerer performs certain rites over it over a sacred fire. After this is done the club is magic, and the fisherman must be extremely careful of it. If a woman should step over it or enter a canoe in which it lies the club would lose all its power and would be useless ever afterward.

After the club has been charmed the fisherman mixes candlenut and cocoanut meat, bakes it and ties the mixture in a wrapper of cocoanut fiber.

At the fishing grounds the club is covered with the oily juice of the stuff and is then lowered carefully to the bottom. The scent of the baked nut meat attracts certain kinds of fish, which soon gather and begin to nibble at the club. As soon as enough fish are around the decoy a small bag shaped net is lowered very gently until its mouth is just over the club. The latter is then pulled up carefully and cunningly till it is within the bag. The fish are so eager for the stuff with which the club is covered that they follow it into the net without fear. As soon as all the fish are in it a fisherman dives and closes the mouth of the net, whereupon the rest haul it up quickly.

THE MIDDLE AGED MAN.

Finding Happiness in a Life That to Youth is Irksome.

"Younger people," said the middle aged man, "want variety. They want to be always on the go. Routine galls them. They hate to have to do the same thing over and over and over again day after day.

"They want to go somewhere or do something different all the time. Older people are happiest in a life of routine, most disturbed when variety is thrust upon them.

"For myself I welcome my daily task, endlessly repeated and always the same. I should be lost without it; disturbed if it were changed. A life of habit suits me best. I like the old scenes—familiar friendly surroundings. I don't want to change.

"Nor do I want much outside pleasure. In fact, I think I should be best suited with none. I like my groove. It fits me, and I fit it. I don't want change. I just want to be left alone to work in my accustomed ways. It is in my groove that I am most comfortable. I like a life of labor and routine.

"And could there come to one a greater blessing? Nature and the customs of men enforce routine upon us whether we like it or not. In youth this irks us, but in our maturer years in a life of routine, in the undisturbed enjoyment of familiar labor, we may find our greatest happiness."—New York Sun.

The One to Pay.

When she was Lady Randolph Churchill, Mrs. George Cornwallis-West consented to electioneer for Mr. Ashmead-Bartlett in his first parliamentary campaign. Mr. Ashmead-Bartlett was married to the Baroness Burdett-Coutts, a very rich woman, who was nearly forty years his senior. Lady Randolph, with her beauty and charms, did splendid work for the candidate.

To a group of farmers she said one day:

"Won't you promise me to vote for Mr. Ashmead-Bartlett?"

"My lady," said a red faced farmer, with a chuckle, "we'll all vote for him if every vote 'll be paid for with a kiss."

"Thank you very much," said Lady Randolph. "Your offer is accepted. I'll send for the Baroness Burdett-Coutts at once."

Deserted Their Towns.

So late as the end of the seventeenth century the inhabitants of Ceylon were in the habit of deserting their towns. Their customs are described in the narrative of Captain Robert Knox, who for nineteen years, from 1660 to 1679, was a captive among them. He speaks of several towns as lying desolate owing to the fact that their inhabitants had forsaken them. This they did if many of them fell sick, and two or three died soon after one another, thinking that it was a visitation of the evil one. Some of them came back when they thought the evil spirits had departed.

A Queer Creature.

Queer that while the male seal is a bull and the female a cow their youngster is not called a calf, but a pup.

Why "seal fisheries," too, when the seal is not a fish?

And why should the seal's breeding place be styled a rookery?

It looks as if this strange creature is only a fish in common parlance while at sea. On land (or ice) he is classed popularly with animals or birds.—Exchange.

Gratitude.

Kind Lady — My poor man, what would you do with the money if I gave you a penny? Tired Hobo—Madam, I'd buy a picture postcard an' write yer a note o' thanks.—Cleveland Leader.

To live in hearts we leave behind is not to die.—Campbell.

DREADED EPILEPSY

A Case That Should Bring Hope to Other Sufferers.

There are many cases of epilepsy incurable so far as present medical knowledge extends and the sufferer is doomed to go through life a victim to a disease which has stricken him suddenly and without warning, and with each recurring affects his mental powers. Taken in time, however, many cases of epilepsy have been permanently cured by the use of Dr. Williams' Pink Pills, and in cases where the disease has not reached an acute form this remedy is worth giving a fair trial. Among the cases we give the following. Mrs. Robert Stringer, New Liskeard, Ont., says: "I have long felt that we should write and let you know what Dr. Williams' Pink Pills have done for our grandson, who was attacked with epilepsy. The trouble seemed to come on following an attack of whooping cough. His parents seemed to notice that his eyes seemed to have bulged out, and that he would be unconscious for a few seconds, and would go about his play as usual. The child was five years old at this time. The trouble seemed to be growing more severe and the attacks to come oftener, and as the local doctors were not helping him they sent him to the Children's Hospital in Toronto. He remained there for a short time when the doctors said his trouble was epilepsy, and that they could do nothing for him. Time went on and the attacks grew worse, and in the fall of 1908 my little daughter wrote me that the little fellow was getting so bad that they wanted to send him back to the hospital. I asked her to send him to me for a time, and as one of his eyes had become crooked I took him to an occulist, who said this trouble could be cured, but it had nothing to do with bringing on his other trouble. As I knew that Dr. Williams' Pink Pills were a splendid medicine I decided to give them to him, in the hope that they might benefit him. We were very careful as to diet, and as to keeping the child from excitement. In about a month we noticed that the trouble was lessening, and at this time the little fellow returned home and his mother kept up the treatment. In a few months he seemed fully cured, but during the holidays the trouble came back in a milder form and the Pink Pills were again resorted to, and again the trouble disappeared, and although more than a year has passed there has not since been any sign of it. We feel so deeply indebted for what Dr. Williams' Pink Pills have done for him that we hope this plain statement of our experience will benefit some other sufferer."

You can get Dr. Williams' Pink Pills from any dealer in medicine or by mail at 50 cents a box, or six boxes for $2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

GOLDEN WEDDING.

Mr. and Mrs. Thos. Christian celebrated the fiftieth anniversary of their wedding day at their home, West Main Street, on Friday. There were present, besides the members of their family, Mrs. A. Sanderson, of Caledon East, and Miss Norton, of Bolton. A son and daughter in the West were the only absent members of the family. In addition to a number of beautiful and useful presents, $50 in gold from the family was presented to Mr. and Mrs. Christian. Mr. Christian was born in Lincolnshire, England, in 1839. He came to Canada in 1859, living in the township of Adjala up to the time of his marriage. Mrs. Christian, whose maiden name was Elizabeth Parker, was born in Toronto, but when quite young came with her parents to Bond Head, where she lived up to the time of her marriage. On October 17th, 1863, Thos. Christian and Elizabeth Parker were united in marriage by Rev. Wm. Fraser, Presbyterian minister in Bond Head at that time. After their marriage they went to the township of Glencle, county of Grey, where they engaged in farming for five years. They then moved to the township of Adjala, where they lived until three years ago, when they retired from the farm and came to Beeton to reside. Their family consists of three sons and five daughters, all of whom are living; and there are twenty grandchildren. The sons are William, who lives in Alberta; James, on the old homestead in Adjala, and Thomas, Beeton. The daughters are Mrs. W. J. Norton, Alliston; Mrs. J. Parsons, Rosemont; Mrs. F. Breedon, Tecumseth; Mrs. J. McFarland, Regina, Sask., and Miss Beatrice at home.—Beeton World.

URIC ACID SUFFERING.

Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood. In the kidneys and bladder it forms stones, in the joints and muscles it causes rheumatism. In any case the pain and suffering is almost beyond human endurance. Uric acid is promptly removed from the system when the kidneys are kept healthy and active by using Dr. Chase's Kidney-Liver Pills.

Four County of Peel hotelkeepers disregarded the law and sold bottles to be taken off the premises. Their plea was that they had doctors' certificates for the same. It is said that one doctor gave an order which would enable his patient to procure as much liquor as he desired provided the hotelkeeper was willing to take the chance. Those fined were Kump, of Streetsville, Lampbier, of Erindale, Long, of Port Credit, and Bowers, of Cooksville. The former was fined $50 and costs and the other three $25 each.

RAILWAY TAXATION AND THE LATE MUNICIPAL CONVENTION.

At least one good result came from the convention of representatives of County Councils held in this city last week, for the purpose of discussing railway taxation. That convention, after hearing the evidence, ably presented, unanimously decided that railways are not sufficiently taxed at present, and a permanent organization was formed for the purpose of agitating for a change in existing conditions.

Anyone with an open mind, who peruses the summary of the facts and arguments, as presented at that convention, and given in this issue of The Sun must come to the same conclusion. Mr. Gregory, Mr. Parker and Mr. Pettypiece, between them showed beyond possibility of doubt that railway taxation is on a much lower basis than is the taxation of farm or other property; that it is at a much lower rate than in the States where earnings per mile are much less than they are here; that it is a great deal less than our own railway corporations pay on their American lines, which earn less per mile than they do on their Ontario lines.

The only difference that arose was as to the method to be applied in taxing railways and the manner in which the revenue so collected should be apportioned. As the law stands now, municipalities are allowed to tax only the bare land occupied by a railway right of way. The rails, grading, ties, poles, wires and rolling stock are wholly exempt except in so far as the Provincial tax of $60 per mile, as a maximum for single track lines, may be accepted as a tax on these and the franchises enjoyed by the carrying companies. The convention decided, by majority vote, to ask the Government to allow municipalities to tax, for local municipal purposes, the superstructures—ties, bridges, rails, telegraph lines, etc.—at a fixed valuation per mile, and that the Provincial tax now imposed be increased.

A considerable minority urged that a different system be followed. This minority asked that municipalities be allowed, as now, to tax the land occupied by railways, for local purposes, that in addition to this a Provincial tax, based on earnings, be levied, and that the proceeds of this tax be apportioned among all municipalities on the basis of population. This is also the Sun's view of the course that should be pursued. Railways—and in this is included bridges, ties, rolling stock, rails, etc.—are not local institutions. They are at least Provincial in their scope. The whole Province, not merely the townships in which they exist, contributes to their earnings, and consequently to their ability to bear taxation. To allow a township, which may have thirty to fifty miles of railway, to derive all the benefit from taxing the superstructures, while an adjoining township which may not have a mile of railway within its borders, but which does contribute to that railway's earnings, is to have no share in the distribution, seems to us manifestly unjust. The case cited by Mr. Pettypiece, of Sarnia and Dawn, and that is not an isolated case by any means, would appear to be conclusive on that point. Moreover, as Mr. Morrison pointed out, it is just as unfair to the railways to tax them at a fixed rate per mile, without regard to earning power, as it would be to tax all farm lands in a municipality at a flat rate per acre. Finally, if municipalities which have railways within their limits are allowed to tax all the physical property of such railways, save rolling stock, at anything like a fair valuation, railway taxation will be so increased that a difficulty will be placed in the way of increasing the Provincial tax for the general benefit.

The equitable method would seem to be a local tax on land, which is purely local, for local benefit, and a Provincial tax on earnings for the benefit of the whole Province. The latter, in a general way, is what is done in Michigan, and the revenue so derived amounts to $7.41 for each minor in the State between the ages of six and twenty, and is devoted to educational purposes. It is sufficient, in a great many cases, to pay the entire salary bill of primary schools in Michigan. A similar tax, similarly applied, would meet the bulk of the salary bill of all the teachers employed in primary schools in Ontario. And railways in Ontario are better able to bear such a rate of taxation than are railways in Michigan.—Toronto Weekly Sun.

An Operation For Appendicitis

Was Ordered by His Doctor, But Complete Cure Was Effected by Dr. Chase's Kidney-Liver Pills.

Almost anyone who has suffered from appendicitis will assure you that this trouble developed only after months or years of derangements of the liver and bowels.

Appendicitis can almost invariably be prevented, and very frequently cured, by the use of Dr. Chase's Kidney-Liver Pills. In the case described in this letter the doctors had ordered an operation, but a thorough cure was brought about by this great medicine.

Mrs. J. A. Ballantyne, Sturgeon Falls, Ont., writes: "My husband was treated for appendicitis, and the doctors ordered an operation. But he would not consent to an operation and began the use of Dr. Chase's Kidney-Liver Pills. Since doing so he has had no need of an operation, or even of a doctor, as the trouble has completely left him. I cannot find words to speak our gratitude for his cure."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

MIDDLEBRO—RYAN.

One of the prettiest weddings of the season, and one of the largest and most fashionable that has taken place in Guelph city in years, was that which celebrated the nuptials of Miss Pearl Irene Ryan, elder daughter of Mr. and Mrs. George B. Ryan, of Guelph, to William Sora Middlebro, K.C., M.P., of Owen Sound. A number of Guelph's most prominent citizens and several members of Parliament were present at the ceremony, which took place at 3.30 Wednesday afternoon, Oct. 22nd, at "Park View," the residence of the bride's parents. The house had been elaborately decorated with palms, ferns and pink flowers. During the assembling of the guests, an orchestra stationed in the hall played softly, and later on the bridal music from "Lohengrin," which signalled the coming of the bridal party. First came the tiny flower girls, Glenys Hamilton and Katharine Crowe, frocked alike in white shadow lace over pink, with pink sashes and wearing shadow lace, mob caps with Dutch fronts. They carried French bouquet of marguerites and rosebuds and wore pearl and sapphire pins, the bridegroom's gifts. Miss Marion Joy Ryan was her sister's maid of honor, in a lovely gown of pink brocaded crepe de chine with trimming of pearls and shadow lace and mauve lace butterfly on bodice, a bouquet of marguerites, violets and mauve streamers. She carried pink plush hat, with pink plumes and rosebuds, with lace frill. The bride wore a regal gown of oyster white velvet, embroidered in a design of marguerites with silver and seed pearls. The court train coming from the shoulders was lined with silver tissue, and rose point lace was arranged on the skirt. Her tulle veil was worn off the face and arranged in Dutch cap fashion with lace and small wreath of orange blossoms. She carried a beautiful bouquet of orchids and lily of the valley and wore the bridegroom's gift, a pearl and diamond ring. Mr. Ryan brought in his daughter, and gave her away, the bridal party passing along an aisle of ribbons held by five girl friends, the Misses Howell, Miss Bender, Montreal, and Misses Kemp and Heintzman, Toronto. The ceremony was performed by Rev. W. T. G. Brown, assisted by Rev. Mr. Fitzpatrick, Guelph, and took place in the tower at the end of the drawing-room. Just before the ceremony Mrs. Mason sang "Love's Coronation," and during the signing of the register Miss Aileen Kemp sang "Beloved, It is Morn," both songs having harp and violin accompaniment. The best man was Mr. Clarence Jamieson, M.P., of Digby, N.S., who received from the bridegroom a pearl and diamond pin. Immediately after the ceremony Mr. and Mrs. Ryan held a reception. Later, the bride, in a travelling suit of dragon blue velour cloth with black corded silk, black lace hat with small white wings at the side, and black seal and fox furs, started, with her husband, on the wedding journey to points east. Mr. and Mrs. Middlebro will reside in Owen Sound.

SLAVES TO HOT BATH.

England is Most Bath-Ridden Country in the World.

The vexed question of the hot bath, which was condemned by Dr. Fortescue Fox at the International Congress of Medicine, was discussed by a much travelled balneologist who has inquired into the bathing habits of many peoples in the course of his wanderings.

"England is the most bath-ridden country in the world since the days of ancient Rome," he said. "Undoubtedly we have too many hot baths. Too much hot-bath lounging and washing are bad for the skin and for the general constitution, and are generally a sign of laziness, self-indulgence and effeminacy. The modern easily tired man is becoming a slave to his hot bath, where, with the aid of an adjustable electric light, a book-rest and a box of cigarettes he evaporates his strength.

"Other countries are much more moderate in their bathing habits, but in England unlimited baths are the rule, daily or twice daily without fail, and at other times when there is nothing else to do. In German middle-class houses the bath is regulated to a nicety, comformable with health and cleanliness. Not only the frequency but also the temperature of the bath is studied. A thermometer is found in most bathrooms.

"In Italy the hot bath is regarded as even less of a necessity. A girl friend was going to an Italian school in Naples, and found on the hall notice board on the first day of term the following order:

"All girls wishing to have a bath this term are requested to write their names here.'

"America is a good second to England in the bath obsession, and probably beats us for the luxury and variety of the fancy baths indulged in.

"Recognition of the evil of over-indulgence in hot water is to be seen in a curious old custom still to be found among the older miners in South Wales. Some of these men take their hot tub in the kitchen with the greatest regularity after work, but they wash every part of the body except the spine, owing to the idea that the hot water takes the backbone out of them.

"The ideal is probably a weekly hot bath soak of ten minutes, at a temperature of 98 deg. to 101 deg. Fahrenheit, and a daily cold or tepid splash bath after a previous wash."

WIT AND HUMOR.

Maud—Why didn't you protect yourself when Jack kissed you?

Betty—Why, at first I was speechless, and then I thought I would see how many times the impudent fellow would dare do it.

A white man, during reconstruction times, was arraigned before a colored justice of the peace for killing a man and stealing his mule. It was in Arkansas, near the Texas border, and there was some rivalry between the States, but the colored justice tried always to preserve an impartial frame of mind.

"We got two kinds of law in dis yer co't," he said: "Texas law an' Arkansas law. Which will you hab?"

The prisoner thought a moment, and then guessed that he would like the Arkansas law.

"Den I discharge you fo' stealin' de mule, an' hang you for' killin' de man."

"Hold on a minute, judge," said the prisoner; "better make that Texas law."

"All right. Den I fin' you fo' killin' the man, an' hang you fo' stealin' de mule."

"Now, boys," said a Sunday School teacher, "I want each of you to subscribe something towards the missions to the Cariboos. I shall hand the box around, and as each of you contribute, you will, I hope, say some appropriate text. Now, Charlie, show a good example."

A ruddy-faced urchin stepped forward, dropped in his coin, and observed:

"It is better to give than to receive."

Then another contributed a copper saying:

"Waste not; want not."

This was ruled somewhat out of order, but it was fairly capped by a third youngster, who evidently parted with his penny with extreme reluctance, for as he dropped it into the box, he murmured:

"A fool and his money are soon parted."

It was in the back room of the ——— hotel, and the talk had turned to hens. "Talking of hens," said the chairman, "reminds me of an old hen Dad had on the farm out in Huron. She would hatch out anything from a baseball to a lemon. Why, one day she sat on a chunk of ice and hatched two quarts of hot water." "That's nothing to a club-footed hen my old mother once had," remarked the Doc. "They had been feeding her by mistake on sawdust instead of chop stuff. Well, gents, she laid twelve eggs and sat on them, and when they hatched, eleven of the chickens had wooden legs and the twelfth was a woodpecker." And the bell rang.

NEWS NOTES.

I. G. Campbell, a Watford High School student, while walking on the G.T.R. track to catch a train for his home at Alliston, was killed by a train which evidently struck him as he avoided another.

Following out their policy of concentrating their manufacturing business, the Todhope-Anderson Company have decided to move their stove manufacturing plant from Smith's Falls to Orillia.

The people of Essex county will vote on January 1st on a scheme to spend $1,000,000 on good roads. The road plan would give the county a system of concrete roads completely encircling all the small towns.

Wm. McElroy, of Collingwood, will serve a three months' term in the county jail as a penalty for selling a bottle of whiskey to Allan McDonald for $1.25, unless he can come through with the money for $200 fine and costs.

John Healy, aged 40, a foreman in the Doric Cement Works at Owen Sound, was caught in one of the crushing machines and instantly killed. He leaves a family of four small children, his wife having died only a short time ago.

On Wednesday evening, Oct. 16th, at the Cheltenham Presbyterian Manse a quiet wedding was solemnized when Miss Janet Ethel Dolson, eldest daughter of Mr. and Mrs. Samuel Dolson, Norval Station, was married to Samuel David McClure, eldest son of Mr. and Mrs. John McClure, Huttonville.

Edwin Hall, of Conn, met with a painful accident while feeding a threshing machine near Grand Valley. His left hand came in contact with the cylinder, when he reached over to remove some wheat which overlapped the cylinder joint. His hand had to be amputated at the wrist joint.

Mr. G. E. J. Brown, a Creemore barrister, has entered into partnership with Mr. W. A. J. Bell, of Alliston. The new firm will continue the practice of the firm of Fisher & Bell, which was dissolved by the appointment of Mr. Fisher to the position of County Judge of Dufferin.

Bert Tate, agent for the Pere Marquette Ry., with headquarters at London, Ont., died a week ago Monday last. Mr. Tate was some years ago a resident of Mulmur township, where he was well known. Deceased was about 55 years of age. A widow and four children survive. Jas. Tate, of Thornton, and Thos. Tate, of Sault Ste. Marie, Ont., Mrs. Robt. White, Shelburne, Mrs. R. J. Reburn, Mulmur, and Mrs. Geo. Reburn, of Toronto, are brothers and sisters of the deceased.

Recently a man engaged and paid for a room in the Campbellville hotel for a rest in the afternoon, then sneaked away with two suits of clothes from boarders' rooms. The man was caught at Deseronto, for an offence committed there. He proved to be an old convict, and it turned out that it was he that broke into Campbellville, Corwhin and Moffatt railway stations. He was sentenced to a long term in penitentiary.

Children's Hair

Keep It Clean and Free From Disease by Using Parisian Sage

If you want your children to grow up with strong, beautiful and vigorous hair, teach them to use Parisian Sage—the world renowned Hair Tonic.

Parisian Sage is guaranteed by Stevenson's Drug Store to cure dandruff and stop falling hair in two weeks. It grows new hair quickly in cases where the hair is "thinning out."

It is positively the most delightful, invigorating hair dressing on the market for family use. It is not sticky or greasy and will make your hair soft, lustrous and luxuriant. It puts life and beauty into dull faded hair. Get a large bottle from Stevenson's Drug Store and watch its rapid action. Regular price 50 cents.

MONO EAST ANNIVERSARY.

Mono East Presbyterian Church will hold anniversary services on the last Sunday in October at 11 a.m. and 7 p.m. Rev. Dr. McKenzie, pastor of Knox Church, Shelburne, will conduct both services.

Mrs. J. F. Proctor, an old resident of Alliston, died at the age of 82 years. In her young days she was a maid in the homes of Britain's royalty and nobility, and at one time was among the maids who did domestic service for Queen Victoria.

PROGRAMME OF THE LAYMEN'S MISSIONARY MOVEMENT CONFERENCE.

For the Counties of Dufferin and Peel, to be Held in the Methodist Church, Orangeville, on Wednesday, November 5th, 1913.

A Laymen's Missionary Movement Conference for the Counties of Dufferin and Peel will be held in Orangeville Methodist Church on Wednesday next, November 5th. The Conference will be interdenominational and delegates are expected from the Anglican, Baptist, Methodist and Presbyterian churches of the two counties. The local churches have appointed an interdenominational committee, which is looking after the arrangements for the Conference and the entertainment of the outside delegates. The entertainment will take the form of denominational luncheons in each of the local churches. Luncheon will be provided by the ladies of the different churches at 12 o'clock and will be followed by denominational meetings, concluding at 1.30 p.m. The general Conference theme will be the Problem of Missions in the local congregations. Local and outside speakers will discuss different phases of this great problem at morning, afternoon and evening sessions of the Conference. At the evening meeting a musical program will be provided by a union choir under the leadership of Mr. J. E. Jessop. The programme as arranged by the local committee is as follow:

Morning

10.30 a. m.—12.00

Mayor Island, Chairman.

Devotional Exercises—Dr. R. N. RYLES and MR. J. R. LATHWELL.

Address—"Missions in the Life of the Church."—REV. W. M. MORRIS.

Address—"The Development of a Missionary Atmosphere." — REV. J. G. BROWN, D. D., Toronto.

Discussion.

12.00 to 1.30—Denominational Luncheons.

Afternoon

2.30 to 5.30.

Mr. C. R. McKeown, M.P.P., Chairman.

Devotional Exercises—MESSRS J. E. SMITH and H. NIGHTINGALE.

Address—"The Missionary Committee—Its Organization, Preparation and Duties."—DAVID M. ROSE, Toronto.

Discussion.

Address—"Missionary Literature for Men."

Address—"Some Missionary Experiences." —REV. JAMES ENDICOTT, D.D., Toronto.

Address—"The Every Member Canvass."—REV. D. C. MACGREGOR, Toronto.

Discussion.

Address—"Securing Best Results From This Conference."—DAVID M. ROSE, Toronto.

Evening

7.30—10.00

Mr. Alex. Steele, Chairman.

Devotional Exercises—MESSRS A. FIFTH and A. WISE.

SPEAKERS:

REV. JAMES ENDICOTT, D.D., Secretary Foreign Missions Methodist Board.

REV. J. G. BROWN, D.D., Secretary Baptist Foreign Mission Board.

—o—

—NOTES FOR DELEGATES—

If 10 or more Delegates purchase railway tickets from one station, they can obtain reduced fares.

The noon-hour Luncheon Rally will be held in the Presbyterian, Methodist, Baptist and Anglican churches, to which the Delegates connected with each of these Denominations are invited. Tickets, 25c. each.

Let each Delegate come expecting a blessing and be prepared to carry back the inspiration of the meetings to his own congregation.

A Union Choir under the leadership of Mr. J. E. Jessop will give a special musical programme at the evening meeting.

PRINCE RUPERT

Social and Moral Conditions in Embryo Metropolis Do Not Reach Ontario Standard.

Politics are Warm—Another Interesting Letter from Rev. G. A. Rix.

Our readers will find the following letter from the pen of Rev. G. A. Rix, formerly rector of St. Mark's Church, interesting and profitable reading:—

Prince Rupert, B.C.
Oct. 14th, 1913.

Editor of The Banner:

In my last letter I said that I would probably at a later date send some account of the social and moral conditions in Prince Rupert. I will now endeavor to carry out that promise.

But first of all may I mention that there already seems to be some quickening of the business life of the city. Since the holding of the first exhibition of Northern B. C.; a few weeks ago, and the great influx of visitors at that time there has been a decided movement in business circles. Vacant stores are filling up, and a few new houses and stores are being built, and plans are being laid for greater things. One very large hotel "The Premier" is nearing completion, and the new G.T.P. hotel is under way. It is to be one of the finest on the continent, costing into the millions. There have been a few turnovers of real estate recently, and by next spring, no doubt, this branch of business will be quite lively. But one can't help but think that there will be no more fortunes made here in real estate. The prices are so inflated now, that it seems most unlikely that there will be much increase. In fact they are so high now that it nearly makes it impossible for an ordinary man to own a lot and build a home on it.

The moral sense of the city is about that of any new place, and perhaps a little higher, but there is much to be desired from the standpoint of the man from Ontario. So far as the churches are concerned they are very poorly attended, considering the size of the place. We have most of the denominations, there being places of worship for the Roman Catholics, Presbyterians, Baptists, Salvation Army, Methodists, Lutherans and Anglicans, and I understand there is a Christian Science place of meeting, and a hall where certain people who claim to have "the whole Gospel" hold forth. I question whether any of these churches are filled to their capacity, and at times far from that. The Presbyterians hold a service on Sunday nights in one of the theatres down town, and are doing a good work for the class who do not care to go to any ordinary church. This service is usually well attended. But on the whole there is great indifference to spiritual things, and the only thing for the religious worker to do is to keep on, knowing that in the end good will triumph. We have our restricted district here, with all its attendant evils; an open sore in the community and one of the things which it is most difficult to remedy, but against which there is about to be waged a strenuous fight, and perhaps before the end of another year matters may be much improved. As in most places, I fear this will be left largely to the clergy and W.C.T.U.

There is naturally a great deal of drinking in a place of this kind, where the bulk of the population is men, and many of them men who have no home life, and many of them men just returned from the interior, where they have been prospecting or on construction work. But in this regard I have been agreeably surprised, for it is not nearly so bad as I expected. During my stay here, I have not seen more than a couple of dozen men the worse of liquor, but as most of the drinking will be done at night, I probably would see very little of the real state of things. I spent several nights one week along with a layman visiting the shacks, cabins and hotels searching out the supposed churchmanship of the men found in these places, and was most gratified with the reception that was given. In only a few cases were we used discourteously, and in only a few places did we find men who were drinking to excess. On the other hand we were pleased to find in little shacks in some most out of the way places, some young fellows, who, from the appearance of themselves and shacks, were trying to live decent and respectable lives. Under the circumstances they must find it somewhat difficult, with scarcely any home comforts and in great loneliness. Many of them are making a brave fight for their manhood and will most surely win out.

Municipal politics are, to say the least, warm in western cities. There is no difficulty in getting candidates to run for office and when the tickets are lined up against each other they are not careful to avoid hurting each others feelings. At the present time the city politicians are getting in line for the elections at the end of the year, and already, in describing each other, it is common to hear expressions containing such words as fool, gambler, grafter, trickster etc., etc., but so far as I know the free use of these epithets has not led to any duels yet. I suppose it is only a Western method of making oneself emphatic. I have an idea that the coming election will be fought out on social and moral questions, and consequently there may be something done to make matters better along that line, which will be welcomed even if it is brought about by party exigencies. Northern British Columbia, I believe, returns a Conservative member to both Houses, but Prince Rupert at the present seems to be in the hands of the Reform party. This is possibly due to the fact that a very large portion of our English speaking residents are from Scotland and are mostly Reformers. But it is most important, that at least able men be called to fill all municipal offices, for surely there never was a city more in need of strong men to work out the problems that are demanding solution here.

I did a little mountain climbing last week, with a friend. I went to the top of Mt. Oldfield. It is not considered much of a mountain out here, being not quite 3,000 feet high, but for a starter I found a lot of exercise in it. In some spots the ascent is very steep. Nearly the whole of the mountain is wooded, with occasional small meadows. The rock comes to the surface or nearly so most of the way to the top, with a wet muskeg under foot, in some of which one is apt to sink to an uncomfortable depth. This muskeg is all pervading in this locality. One would think that at the top of a 3,000 ft. mountain one would get away from it, but it is as bad there as in the ravines. There may be a ledge covered with the muskeg in the midst of which there may be a pool of water and a few feet from the pool there may be a drop of several feet, with nothing between the drop and the pool, except the muskeg, which is really an accumulation of moss. Yet that pool remains there, the muskeg holding it back as securely as if it were rock. There are some beautiful pools near the top of Mt. Oldfield. The water is clear as crystal and some of the pools are filled with water lilies.

A person from Ontario misses the small animal and bird life in the woods here. Scarcely a squirrel or chipmunk is seen and few small birds. One beautiful jay is common. It is a large fellow with a bright blue body and jet black hood with a sharp point on the top of it. It is seen in residential parts of the town and in the woods. On my climb the other day I saw only one jay two small birds and I heard one squirrel. This is different indeed to the teeming life in Ontario woods. I saw, however, numerous signs of deer, which were able to keep well out of sight. Grouse are plentiful on the mountain and in the valley, in fact I actually caught one on the street upon which we live and we are having it for dinner to-day.

The view from the top of the mountains has to be seen to be understood. From the top of this special one there lies to the west the Pacific, with some small islands near the mainland and the Queen Charlotte Islands dimly seen at a distance of 70 or 80 miles. Right at one's feet lies the city of Prince Rupert and what seems to be only a few hundred yards away, but which is really six or seven miles away, lies the Indian village of Metlakatla. To the north and south are islands and inlets and to the east mountain rising above mountain, snow capped and majestic, stretching mile upon mile inland, until one was lost in the contemplation of the vastness of it all. The grandeur and majesty of nature in this part of our Dominion ought, and I believe, will draw the hearts of the people out and up to nature's God, and men will develop into poets and painters and mystics and enthusiastic worshippers of the Most High God amid such surroundings as we have here.

I am,

Yours Truly,
G. A. RIX.

Sick Headaches——

are not caused by anything wrong in the head, but by constipation, biliousness and indigestion. Headache powders or tablets may deaden, but cannot cure them. Dr. Morse's Indian Root Pills do cure sick headache in the sensible way by removing the constipation or sick stomach which caused them. Dr. Morse's Indian Root Pills are purely vegetable, free from any harmful drug, safe and sure. When you feel the headache coming take

FOREMAN FATALLY INJURED.

John Haley Meets With Terrible Death In Doric Cement Plant

To be torn and mangled in a whirling shaft and wheel at the Doric Cement Company's plant until death within a few minutes was the result was the fate of John Haley, of 4th avenue, east, last Sunday morning. Haley, who was foreman of the grinding room, had come on duty at seven o'clock in the morning. About half past eight he had occasion to either tighten up or oil a bearing on the shaft of a large wheel. Just what happened will probably never be known for the reason that there was only one other man in that part of the mill and he did not see the accident occur. In any event either Haley fell against or leaned against the shaft and had his clothing caught in a set screw which secures the collar on the shaft. The machinery was going at a high rate of speed and before the unfortunate man could cry out he was being whipped around at a frightful velocity, which made it impossible that he would escape with his life. No one saw him, there was no one there to close off the rushing wheels and belts. It was only when every stitch of clothing had been torn from him that Haley's mangled body fell down and into the pit sunk in the floor in which the big wheel revolved. His whirling body threw up a cloud of dust which attracted the attention of the other workman in this section of the mill, Philip Steffler, and thinking that there was something amiss he came leisurely from the other end of the mill toward the place. What was his horror when he saw a human body lying on the floor, the first realization he had of the tragedy which had taken place. Then in the pit beside the big wheel he found Haley, the life still in him, but mangled almost out of the semblance of humankind. Haley still had breath to articulate the words, "Shut off the machinery"—the last and only words he said after the accident. Help was called and the injured man was removed from the pit and laid on a pile of cement bags to await the coming of help that could now avail nothing. Both legs were torn off below the knee, one dismembered part being found in the pit and the other being on the floor. The back of the skull was crushed in, terrible livid bruises and tears criss-crossed his body, one arm was hideously lacerated. There remained on him only the glove on his left hand. Such had been the velocity of the wheel that every particle of covering had been torn of. The ambulance was summoned, as was Dr. Dow, but it was of no avail. The spark of life had fled from the battered and mangled body before the arrival of the physician or the ambulance. The remains were taken to the undertaking parlors at once, and on Monday morning a coroner's jury viewed the remains and deferred the final decision and investigation until Wednesday night. John Haley was a man of about 45 years of age, and had been a resident of Owen Sound for many years. He has for the past several years been a steady employee of one or the other of the local cement companies and it was he who had the overseeing of the installing of the machinery in the grinding room of the Doric last year. He was foreman of the grinding room ever since. He had the reputation of being a most careful and painstaking man, and often he had impressed on other employees of the company the necessity of their being careful in doing their work. He had worked at both the Sun and the Imperial works.—Owen Sound Times.

TO FIGHT BOOZE.

Important Young Men's Organization Launched in Toronto This Week.

The young men of Ontario will assert themselves on the temperance question. An organization to be known as the Ontario Young Manhood Association was formally launched at a meeting in the West End Y.M.C.A., Toronto, on Tuesday night of this week, when a large and representative gathering of young men connected with the various young men's movements in Toronto and the Province decided to put their determination to become a potent factor in the fight for the abolition of the liquor traffic into definite form. For several months a strong organization committee has been at work formulating plans for a live temperance movement on the part of the young men of the Province. As many as ten committee meetings have been held, and lately three larger meetings at which leaders among young men have been present and contributed their views to the proposal. Tuesday night the Ontario Young Manhood Association came into being, its primary object being the total abolition of the liquor traffic from Ontario.

The association decided to take an active part in the coming local option contests in Scarborough and York townships, if the fight is declared in the latter place. It will concentrate its efforts entirely upon organizing young men of all classes in these municipalities, and endeavoring to see that their vote is polled solidly in favor of local option on election day. Next year it is planned to have similar organizations at work in every municipality voting on the question.

The first Sunday in December will be celebrated as field day for the association, when it is planned to have the movement explained to over 100 brotherhood meetings and Bible classes connected with Toronto churches.

A unique method of promoting the movement was decided upon last night. Every young man becoming a member of the organization will be asked to wear on his lapel a small button bearing besides the letters, O.Y.M.A., the words "No Booze." The meeting passed a resolution calling for the members to work toward having 5,000 young men in Ontario wearing that button before the end of the year.

A FREIGHT WRECK.

Two Brakemen Injured Near Crombie's on Saturday Night

Two brakemen were injured, the roadbed torn up for several rods and six cars of a C.P.R. freight train ditched near Crombie's crossing on Saturday night. Spreading of the rails is blamed for the accident. The train was travelling at the rate of about twenty miles an hour, though had it been going sixty the damage could hardly have been more severe. No less than six freight cars were derailed and piled in the ditch in indescribable confusion. The freight train was only twenty minutes ahead of the southbound passenger train from Owen Sound to Toronto. Fortunately the freight crew were able to send back word of the wreck in time to warn the passenger train at Shelburne. When the passenger train reached the scene of the wreck, the passengers, baggage etc. were transferred to another train, which was sent north from Orangeville. On account of the accident the passengers reached Toronto three and a half hours late. The northbound passengers were also transferred. A wrecking outfit arrived from West Toronto late at night and set to work cleaning and repairing the track. This proved slow work owing to the fact that several of the wrecked cars were loaded with stone, which was scattered all over the roadbed. It was late on Sunday afternoon before the repairs were completed.

REV. W. T. ELLISON RETIRES

Alliston Presbyterians Lose Their Pastor on Account of Ill-Health.

A strain of pathos pervaded the service in Knox church on Sunday morning last when the pulpit was preached vacant by by Rev. C. T. Tough, of Duntroon, who has been appointed interim moderator by the Barrie presbytery. The congregation felt keenly the circumstances which had compelled Rev. Mr. Ellison to relinquish the pastorate and the fact that possibly he is waging a losing fight against physical disease deepened the sorrow of the church people who esteem Mr. Ellison with an intensity of feeling seldom existing between a congregation and their presiding minister. The following touching letter from the retiring pastor was read by Mr. Tough amid absolute silence:—"As I am unable, personally, to be with you, let me in this way say a few words in appreciation of your good will and great kindness during my pastorate of nearly four years. I thank you for your hearty support and co-operation in all the work of the church. God has blessed us most abundantly in our united efforts to unify the work and in bringing our people together with one accord in the interests of the Kingdom of Christ. I shall never forget your patience and kindness to both my self and Mrs. Ellison in my severe illness. Your interest and attention has been unbounded, for which to you all I am deeply indebted. I had hoped to continue much longer as your minister, but God knows best and His will be done. In His name do I lay down the work, for the present at least; and to my successor give the right hand of fellowship and best wishes for even greater success. So now in the hope of ultimate recovery of health and of being spared yet to the active work of the ministry I say farewell." The letter concluded with a benediction.—Alliston Herald.

Many of our readers will remember Rev. Mr. Ellison as a former pastor of Camilla and Mono Centre Presbyterian churches.

LOCAL OPTION NOTES.

Contests in Four More Municipalities —Serious Difficulty Encountered in York Township.

Four more municipalities have been added to the list in which local option contests are now on. They are the towns of Niagara-on-the-Lake, and Paris, and the townships of Adjala and Lancaster. This makes a total of 52 municipalities now preparing for voting on January 5th.

The Local Option workers in York township have met with a serious difficulty. There are on the voters' list of 7280 names. Of these 3321 are names of non-residents who have no right to vote on Local Option. They are scattered all over the country, many being holders of small building lots sold by sub-dividers. There are no fewer than 237 post offices in the list of their addresses. To canvass them for signatures to a petition is manifestly impracticable. To compel submission of Local Option it is necessary to have twenty-five per cent. of the whole voters' list, and the names must nearly all be secured among those who are residents. The township council refuses to submit a by-law unless the twenty-five per cent is procured, and under the circumstances this is hardly possible.

Canada Temperance Act campaigns are under way in the city of Niagara Falls, the counties of Huron, Peel and Welland, and the provisional judicial districts of Algoma, Sudbury, Parry Sound, and Muskoka. The Provisional districts have a good deal of unorganized territory, in which there is at present no official voters' list, such lists only being prepared when a Dominion election is coming on. If a Canada Temperance Act vote is to be taken, such a list must be prepared, but it is not available now. Officials at Ottawa hold that as no such list now exists there are no persons in the unorganized territory entitled to sign a petition for the submission of the Canada Temperance Act, and such a petition can only be signed by persons who are on the list in the municipal organized parts of the districts. They further hold that such a petition to be effective must be signed by at least 25 per cent. of the persons entitled to the Alliance. This department of ance workers before they can have a vote taken must secure from among the voters in the unorganized territory, enough names to be twenty-five per cent. of all voters listed and unlisted, although the unlisted people cannot sign it. A representation meeting held at Sudbury appointed a strong deputation to go to Ottawa to protest against what they consider an injustice. They have petitions signed by persons not listed, but who will be voters if a list is prepared in the unorganized part and they claim they ought to be recognized as petitioners if they are to be counted as voters.

The Alliance is pushing its Field Day work with much energy, holding at the present time an average of seventy-five services every Sunday. Toronto Field Day will be on November 9th, when it is expected that at least one hundred of the city pulpits will be occupied by representatives of vote and that, therefore, the temperance work is having a very valuable educative effect, and is highly appreciated.

—All kinds of Public School supplies sold at The Banner Bookstore.

F. Campbell, reeve of Tecumseth, had a barn and a large quantity of hay and grain destroyed by fire.

A potato grown by Alex. MacArthur, of Erin, measured 13½ by 11 inches and weighed 2 lbs., 5 ozs.

On October 12th Brampton Presbyterians raised $900 by voluntary offering for their new manse fund.

Two dollars and costs was the fine for a young girl in the Owen Sound police court for hitting her friend with a teapot.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

—Mr. Fred Pickering, of Mt. Forest, has been engaged as manager of the late T. Stevenson's drug store and stationery business. Mr. Pickering was formerly manager at Dr. A. J. Hunter's drug store, now Carson Jeffers' stand, and is therefore well known in town. He is a live wire and courteous business man and will doubtless make good in his new position.

Local News

—Mr. W. J. Kearns has leased his farm, lot 23, 3rd line, Albion, to his nephew, Mr. John Kearns, of Caledon.

—Miss Lucy Atkinson, of Lucille, has taken a situation with Miss Reid, milliner in W. E. Rogers' store.

—Mr. Edgar Jackson, of Cardwell, shipped between 55 and 60 head of cattle, lambs and hogs direct to Toronto on Monday.

—Taxpayers are reminded that they must pay their taxes on or before Friday if they wish to secure the 2½ per cent discount.

—Mr. Chas. Edwards, who has been employed in Smith's butcher shop for the last year, left last week for Toronto, where he has secured a situation.

—The Banner will be sent to any address in Canada until January 1st, 1915, for the sum of $1.00. This means over 14 months for the regular yearly subscription price.

—Messrs. V. Armstrong, Wellington Darraugh, Ira Stork, Alex. Speers and R. J. Potter, of Mono Mills, are leaving for the north today on a deer hunting expedition.

—His friends are pleased to see Mr. Geo. Island on Broadway again after his prolonged illness. Mr. Island is still far from well, but has improved greatly during the last month.

See J. D. Torrie's Raincoats before buying and save money. $5.00 up.

—Sir Wilfrid Laurier and party passed through Orangeville on Tuesday morning on their way to Teeswater, where the Liberal Chief addressed a meeting of South Bruce electors Tuesday night.

—Mr. Bert Henry, son of Dr. James Henry, has been appointed to the staff of the Provincial Treasurer's department. Mr. Henry's banking experience should make him a useful man in his new position.

—Next Monday evening the Anglican Young People's Association will hold their first Missionary Meeting. Rev. G. W. Tebbs will deliver an illustrated address on "Ceylon," with the aid of the electric lantern.

—Edward Hicks, a former resident of Mulmur, died in the County Gaol on Tuesday at the age of 82 years. He had been an inmate for about six weeks. The remains were taken to Honeywood for interment yesterday.

Before buying see our stock of Fall and Winter Overcoats. Newest styles, lowest prices. J. D. Torrie.

—The Banner had a pleasant call on Monday from Mr. William Dale, of Whittington, one of this journal's old time friends. We regret to learn that Mr. Dale is having very poor health of late on account of heart trouble.

—The Women's Home and Foreign Missionary Society of St. Andrew's Church will hold its annual Thankoffering meeting in the Sunday School Room of the Church on (this) Thursday evening. A good program is being provided.

—Hans Jensin, a Dane who has been working for James Duke, of Caledon, is going to visit his native country this winter. He engaged passage for Copenhagen the other day through C. V. Jeffers, C.P.R. agent. Mr. Jensin is sailing on the C. P. R. Atlantic liner Lake Manitoba.

—On and after Saturday, Nov. 1st., McMillan Clothing Co. will sell all styles in the regular 20 cent Arrow Collars at 2 for 25 cents.

—Writing to renew his subscription to The Banner, Rev. W. E. Wilson, of Toronto, an old Caledon boy, who is now pastor of Queen St. Methodist Church, says, "I always appreciate your paper very much. It is like a letter from home." Mr. Wilson states that he is enjoying the work in his city pastorate very well indeed.

—F. H. Doherty has exchanged a frame dwelling house on 2nd St. for some property on West Broadway owned by A. E. Annis. The Banner understands that Mr. Doherty intends to go into the poultry business.

—Harry May has bought the frame house on East Broadway next to the egg warehouse from S. Doiner for $400. The dwelling is at present occupied by James Einsten.

Harry Mills has bought the frame house on the Broadway next to the property owned by S. Donner for $[illegible] and is at present occupied by Mr. Foreten.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

—Mr. Fred Pickering, of Mt. Forest has been engaged as manager of [illegible] drug store and has entered upon his duties. Mr. Pickering was formerly connected with the A. [illegible] Co. at Orangeville.

Personal Mention

Mrs. Jos. M. Snell is visiting with relatives near Grand Valley.

Miss Gertie Ritchie, of Dundalk, spent Thanksgiving at her home here.

Mr. Arch. McQuilkin, of Mono Centre arrived home from the West on Monday.

Mrs. (Dr.) Carson and little daughter, Mary, are visiting the former's sister, Mrs. F. H. Clarke, of Toronto.

Mrs. W. L. Wallace, of Guelph, has returned home after a two weeks' visit with her mother, Mrs. R. W. Ritchie.

Mrs. C. S. Nicholson, 60 Second St., will be at home to her friends on the second Wednesday of each month.

Miss Mabel Henderson, of the Toronto Conservatory of Music teaching staff, was the guest of Mr. and Mrs. F. Irwin over Sunday.

Mr. E. B. Tilt, of Montreal, head engineer of Tests with the C.P.R., spent Saturday with his brother, Mr. W. T. Tilt.

Messrs. Thos. and Horace Brinsmead, of Toronto, spent the week-end as the guests of Mr. and Mrs. E. R. Goodeve.

Mr. Clare Johnston, of Guelph, is spending two weeks' holidays with his parents, Mr. and Mrs. A. Johnston, Zina St.

Mr. Howard Stevenson returned to Guelph on Monday for the purpose of resuming his studies at the Ontario Agricultural College.

Mr. W. E. Hoare, of the Merchants' Bank, Georgetown, was the guest of Mr. Reggie and Miss Marguerite Hoare over Thanksgiving.

Mr. Chas. Brown, of Sudbury, was in town over Monday night. Mr. Brown has been negotiating for the purchase of the Coyne House in Mt. Forest.

Mr. and Mrs. Norman Graham, of Toronto, have returned home after spending a few days with the latter's parents, Mr. and Mrs. John Clarke, Purple Hill.

Rev. Mr. More, of Caledon East, conducted both services in the Methodist Church on Sunday. Rev. G. W. Robinson occupied Mr. More's pulpit at Caledon East.

Miss Myrtle Reid, of Toronto, is spending a week with her sister, Mrs. J. Z. Henry, and other relatives in town. Miss Reid is just recovering from a threatened attack of typhoid fever.

Mr. Geo. Duke, Prince of Wales Road, Mono, who has been in the West for the last five weeks, arrived home on Monday looking hale and hearty. Mr. Duke was as far west as Edmonton and south to Macleod and Calgary. He is quite favorably impressed with the country.

—C. R. McKeown, M.P.P. spoke at Conservative meetings in Alton and Charleston last night. He is billed to speak at Caledon East tonight.

—The hearing of the charge against Milton S. Bellerby, which was slated to take place on Saturday, has been adjourned until Saturday next. Bellerby is charged with running a motorcycle on Broadway at a speed exceeding 15 miles an hour.

—Miss Ethel Huston, organist in St. Andrew's Church since April last, has tendered her resignation to the session. Miss Hazel Patterson will succeed Miss Huston as organist.

—Alfred Silk, who was tried by Judge Fisher on Friday on a charge of indecent assault, was acquitted. His Honor considering the evidence insufficient to prove any serious wrong-doing.

—Mr. Ed. McKibben, of Blount, and family are moving to town this week. Mr. McKibben has bought Mr R. A. Pattullo's house in the West Ward. We understand the purchase price was about $1000.

—Mr. J. D. Large, of Camilla, and Mr. J. E. McMaster, Prince of Wales Road, are leaving for the north on a deer hunting trip next Monday. They are going with a Shelburne party headed by ex-reeve John Large.

—Great values in Overcoats at $10, $12 and $15 at McMillan Clothing Co's.

—In last week's Globe we note reports of the deaths of Revs. T. S. Howard and Walter Reid, both of whom formerly occupied pulpits in Orangeville. We understand that Rev. Mr. Howard was pastor of the Methodist Church here, when the present church edifice was built. Rev. Mr. Reid was a minister of the Primitive Methodist body, but after the union identified himself with the Presbyterian Church.

KEEP BABY HEALTHY.

To keep the baby healthy his little stomach should be kept sweet and his bowels working regularly. Nine-tenths of the maladies which afflict little ones are caused by some derangement of the stomach or bowels. Baby's Own Tablets are the ideal medicine for little ones. They sweeten the stomach; regulate the bowels; break up colds; make teething easy; dispel worms and cure constipation and indigestion. Concerning them Mrs. S. Shannon, Urney, N.B., says: "I have used Baby's Own Tablets for my two little ones and think they are just what children need. I would not be without them." Sold by all medicine dealers, or by mail at 25c a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

Called a Pastor.

At a congregational meeting on Monday night Grand Valley and Luther Presbyterians decided by a unanimous vote to extend a call to Rev. David Lane, of Cookstown. The stipend offered is $1200 a year, with free manse and four weeks holidays. It is expected that the call will be laid before Presbytery at its meeting on Friday. Rev. J. R. Bell, of Laurel, the interim moderator, presided.

Hospital Notes

A portion of the interior of the building is being refurnished and a nice stretch of linoleum now covers the floor of the dining room, kitchen and pantry.

Ingathering week met with a response from some of those who appreciated the good work being accomplished by our Hospital. Apples, fruit etc. were contributed. There is, however, still much need and any donation of potatoes, fruit, vegetables or other produce will still be gladly received.

Miss Barclay and her staff of nurses have been kept particularly busy of late, and probationers will soon become an absolute necessity. The nurses now under training are being constantly called upon by the different medical men to look after the sick who are unable to be brought within the Hospital.

Church Notes

Anticipating the Laymen's Missionary Conference of next week, Rev. Mr. St. Dalmas will speak in the Baptist Church on Sunday morning on "The Greatest Work in the World." The evening theme will be "Justification and Judgment." All seats free and everyone welcome.

Charity Euchre

The Charity Society will hold the first Euchre Party of the season in the A.Q.U.W. Hall on Friday evening.

Removal Notice.

Mr. J. B. McNichol, Deering agent, has removed his warerooms from Broadway to Mill St., where he has opened new warerooms across the way from Dr. Riddell's office. Mr. McNichol will be pleased to have his old customers, and new ones as well, visit him at his new premises.

Road is Bad

Farmers, who come to Orangeville from the west, are complaining in a vigorous manner about the wretched condition of West Broadway near the Skew crossing. The County Council put in a new cement culvert over the stream a few rods east of the railway crossing. The floor of the new bridge is about two feet higher than that of the old wooden culvert and it was necessary to raise the roadway on either side. This was done by opening the ditches and scraping the earth from the sides on the centre of the roadway. When the rains came the new roadbed had not settled enough to carry the traffic and soon cut up to a considerable depth. At the present time the road is said to be nearly impassable for heavy loads.

Fountain—Dodds

There was a charming autumn wedding celebrated at half past two this afternoon at the residence of Mr. John Dodds, Tyndall avenue, when his daughter, Christina, was married to Mr. Charles W. Fountain, son of Mr. and Mrs. William Fountain, Walmer road. The house was lovely with white chrysanthemums, palms and smilax, and an orchestra played the wedding march. Rev. A. L. Geggie officiated and Miss Pearl Brock sang "Because." The bride was given away by her father and wore a beautiful robe of white brocaded charmeuse and rose point lace with tulle veil and orange blossoms and carried orchids and lillies. She also wore a gold wrist watch, the gift of the groom. Attending her as maid of honor was Miss Edith Smith and Miss Florence Dodds was bridesmaid. Both wore pretty frocks of pink crepe de chine and lace with black velvet hats adorned with roses and carried pink chrysanthemums. Pearl bar pins were the gifts from the groom. Mr. Ernest Caldwell was best man. Afterwards, Mrs. James Gouinlock, the bride's sister, who was wearing vieux rose charmeuse with black hat, held a reception. Mrs. Fountain was attired in a handsome black sequin gown over charmeuse with black hat with plumes. When departing later for the honeymoon, in New York, the bride wore a navy blue suit and hat and taupe furs.—Evening Telegram, Wednesday, Oct. 22.

Travel Talk.

Miss Jean Lamont continued her illustrated Travel Talk on her recent trip to Zurich, at the Epworth League meeting in the Methodist Church on Monday evening. The address was listened to by a large audience of young people, who were delighted with the views and Miss Lamont's pleasing description of her trip. Miss Mary Lamont played several of the national anthems of the countries visited, during the evening. Misses Wright and Lathwell contributed a piano duet and Misses Jenkins and Lathwell a vocal duet. Mr. Will Kearns, President of the Society, occupied the chair. At the close a hearty vote of thanks was tendered Miss Lamont on motion of Mr. G. F. Evans, of the High School staff.

BORN.

FISH—In Tottenham on Wednesday, Oct. 15th, 1913, to Mr. and Mrs. Geo. Fish, a daughter.

SHERWIN — In Mono on Thursday, Oct. 23rd, 1913, to Mr. and Mrs. John Sherwin, a son.

SWEENEY—In Tottenham on Friday, Oct. 17th, 1913, to Dr. and Mrs. J. P. Sweeney, a son.

McPHERSON — In Amaranth on October 16th, 1913, to Mr. and Mrs. R. E. McPherson, a son.

BLAIR — In East Luther on October 19th, 1913, to Mr. and Mrs. Alex. Blair, a daughter.

DIED.

BLAIR — Suddenly in East Luther, on Wednesday, Oct. 22nd, 1913, Mrs. Alex. Blair.

THE WEEK'S MARKETS.

(From Toronto Sun, Oct. 29th.)

POTATOES.

The potato market is steadily stiffening in Toronto, although there is no particular change to note in prices as yet. To-day's quotations are 85c to $1 per bag.

At London, on Saturday, potatoes sold at 60c per bushel. At Guelph, they were in great demand, and many bags were sold around the dollar mark. At St. Thomas, they sold at from 75c to $1 per bushel. At Berlin they were offered at $1.10 to $1.20 per bag. At Stratford they sold at $1 per bag. At Sarnia, No. 1 quality sold from 50c to 65c per bushel. At Owen Sound, from 95c to $1 per bag. At Peterboro, at $1 per bag; and at Belleville, at $1.10 per bag.

GRAIN.

On the street in Toronto the top price for wheat is 88c, the same as last week; at local points outside it is 81c to 82c, against 82c to 83c a week ago. No. 1 Northern at lake ports is 88c, against 86c last week.

On the street in Toronto peas are $1, oats 38c to 40c, rye 65c and buckwheat 51c to 52c.

At local points outside No. 2 white oats are 32c to 34c, rye 60c to 62c, peas 90c to $1.

At Hamilton, on Saturday, wheat sold at 95c per bushel; oats, 35c to 38c per bushel. At London, wheat was steady at 85c per bushel, and oats 95c to $1.03 per cwt. At St. Thomas, wheat sold at 83c and oats 32c. At Stratford, wheat sold at 83c and oats 30c. At Sarnia, wheat sold at 82c; oats, 34c; barley, 48c; corn chop, $34 per ton; bran, $26 per ton; shorts, $24 per ton; oat chop, $24 per ton; mixed chop, $25 per ton. At Owen Sound, oats sold at 32c to 34c; peas, 80c to 85c; wheat, 80c; and buckwheat, 50c. At Peterboro, wheat sold at from 81c to 90c; oats, 38c; and barley, 55c. At Belleville, oats sold at 40c and wheat at 90c.

On the street in Toronto barley is 58c to 60c, at local points outside it is 57c to 58c for good malting.

In Buffalo, Western barley is 69c to 78c.

SEEDS AND FLOUR.

The seed market appears rather slow, with prices at a moderate level.

Geo. Keith reports that he is paying $6.60 to $7.50 for red clover; $6 to $8.50 for alsike, and $1.50 to $2.50 per bushel for timothy.

J. A. Simmers quotes red clover at $7.50 to $9; alsike at the same, and timothy at $2 to $2.50.

Manitoba Flour, first patents, is $5.30 in jute bags; in cotton bags ten cents more per barrel.

Ontario Winter wheat flour, 90 per cent. patents, new, is $3.45 to $3.50 at Toronto.

HAY.

On the street in Toronto best loose hay is $16 to $18, and mixed $14 to $15.

Baled hay is $13 to $13.50 for No. 1 in car lots.

At Hamilton, on Saturday, hay sold at from $10 to $13 per ton, and straw $9 to $10. At London, hay was slow, selling at from $13 to $16 per ton. At St. Thomas, loose sold at $10 per ton. At Stratford, loose was $15. At Sarnia, hay was $1 higher, selling at $11. At Peterboro, baled and loose hay were both quoted at $18. At Belleville, loose hay sold from $14 to $16 per ton, and baled hay $14 per ton.

BUTTER.

At Hamilton, creamery butter sold retail on Saturday at from 26c to 30c, and dairy at from 22c to 26c. At London, butter sold at from 26c to 30c. At Guelph, at from 27c to 30c per pound. At St. Thomas, at from 28c to 30c per pound. At Berlin, at from 28c to 30c. At Stratford, at from 26c to 27c. At Sarnia, prime butter in moulds sold at from 30c to 32c. At Owen Sound, at from 23c to 27c. At Peterboro, at from 28c to 30c; and at Belleville, butter sold at 35c per pound.

EGGS AND POULTRY.

Eggs are showing the seasonal firmness in all markets. An upward turn has occurred in New York, but in Toronto Gunns' are paying 32c, the same as last week, for new laid delivered at their warehouse.

We are getting pretty well over the rush of poultry shipments and prices seem to have settled down to a steady gait. Gunns' report no change from last week's quotations, live chickens bringing 11c to 13c in Toronto. For roosters they are paying 7c to 8c; hens, 8c to 10c; ducks, 11c to 12c; geese, 9c; young turkeys, 15c; and old turkeys, 12c. Dressed poultry brings about two cents per pound over these quotations.

LIVE STOCK.

Since last issue the advance in the price of cattle amounts to about 30 cents. This refers chiefly to medium butcher steers and all classes of heifers. Bulls and cows have found a good strong market; $6 was paid per hundred-weight for best butcher cows and bulls ranged up to $7. Milkers and springers have been in good demand, outside as well as local buyers inquiring for them. Nearby dairies took car lots last week, and loads were shipped to both Quebec and Winnipeg. This week good beasts went at $65 to $90 each, mostly for local needs.

On Monday some finished 1,350 pound steers brought $7.75. To-day a load or two of good, fairly finished steers around 1,350 pounds, sold at $7.50. They were not suitable for export. Medium butcher steers ranged from $6.65 to $7, common from $5.50 to $6.50.

Good to choice heifers are selling almost as high as steers. Good to choice brought from $6 to $7.35 Monday and to-day, while medium brought from $5.50 to $6, and common $4.50 to $5.50.

Butcher cows sold well, choice at from $5.75 to $6, good at from $5 to $5.75, medium from $4.50 to $5, and common and rough from $4 to $4.50, with canners and cutters from $3 to $4.25. Butcher bulls, good to choice, ranged from $6 to $7, medium from $5 to $6, and common bulls from $4 to $5.

Stockers, heavy, brought $5.65 to $6, with light to medium from $5 to $5.65. Heavy feeders ranged from $6 to $6.50, with light at from $5 to $6.

Good milkers and springers sold at $65 to $90 each, while inferior were worth $40 to $65 each.

Good veal calves brought from $8 to $10 per cwt., while rough ranged from $4.50 to $5.50.

Following the advance of a week ago, swine registered another upward movement during the week, until to-day they sold at $9 to $9.20, fed and watered, which is equivalent to $9.25 to $9.45, weighed off cars. On board cars they are worth $8.75 to $8.95. Receipts have been light and demands keen.

The tendency is generally firmer. Montreal sharing in the marked advances this week. Local country produce houses report shipments of provisions to New York.

At Hamilton, on Saturday, five hogs sold at 8¾c per pound. At St. Thomas, at $8.10 to $8.40. At Stratford, on Saturday, dressed hogs sold from $5.50 to $8.65. At Owen Sound at $8.55. At Belleville, on Saturday, live hogs sold for $8.25; dressed hogs, $11.50.

Horticultural Society

The Orangeville Horticultural Society will hold its annual meeting in the auditorium of the Public Library on Friday, November 7th, at 8 p.m. The business of the meeting will include the election of officers and reception of reports for the year. All members are urged to attend.

QUICK RETORT.

United States Judge Emory Spear, of the southern district of Georgia, recently had before his court a typical moumtaineer, on a charge of illicit distilling, says the Philadelphia Record.

"What's your name?" demanded the judge.

"Joshua, Jedge," drawled the prisoner.

"Joshua, who made the sun stand still?" smiled the judge, in amusement at the laconic answer.

"No, sir. Joshua who made the moonshine," answered the quick-witted mountaineer.

And it is needless to say that Judge Speer made the sentence as light as he possibly could.

Two dollars and costs was the fine for a young girl in the Owen Sound police court for hitting her friend with a teapot.

CHEESE AND BUTTER LIKELY TO GO ACROSS THE LINE.

The New York Produce Review, in discussing the effect the new United States tariff law is likely to have upon the poultry, eggs, butter and cheese business, says in part:

"The enactment of the new tariff law brings new elements into the United States markets for the products in which our readers are chiefly interested. In general the new law will broaden our sources of supply and tend to prevent the extremes of advances which were occasionally experienced under the old law. As to poultry, since we have usually had some surplus for export, we shall not expect any material effect in turning stock this way from foreign countries. As to eggs, our chief importations under ordinary trade conditions have been of canned and frozen eggs from China; and it is possible that the reduction in duty on these goods may add somewhat though not largely, to the quantity brought in. Shell eggs are now free of duty, and we may look for increased opportunities for importations at times. Canada, however, having been of late years a buyer of our eggs in quantity, can hardly have any surplus to send us. Present egg prices in the English markets, where goods are received from many European countries, are higher than usual, recent London quotations for various qualities being equivalent to a range of about 18 to 36 cents a dozen, with Danish ranging 24½ to 31½ cents, and Russian about 18 to 24½ cents.

"The difference in cheese prices between our markets and those of Canada is sufficient to suggest the possibility of some future movement this way since Canada is still an exporter of cheese to a considerable extent, and might turn part of her surplus production this way without much affecting her own price levels. And new sources of butter supply are likely to be found in a broader range of the world's markets during our own season of lightest production—a circumstance which can hardly fail to affect the level of values here."

Itch! Itch! Itch!

T. F. & T. J. BROWN, Druggists, Orangeville.

FIGURES ON THE BEEF SITUATION.

A live stock report issued by a large commission firm operating on the biggest live-stock markets in the United States, recently published a short article dealing with the cattle situation in that country. It gives some idea of the magnitude of the decrease in beef cattle. Dairy cattle have their own, but in the last 12 years beef cattle have fallen off in numbers by 16,000,000, while the estimated increase in population was 12,000,000, most of which are city dwellers.

"The United States, which not so many years ago was the greatest beef exporting country in the world, has witnessed a remarkable change. In 1900 there were 72,000,000 cattle on American farms. In 1912 the number fell to 56,000,000. Of the total number first given 52,000,000 were beef cattle, the remainder being cows and dairy stuff. Last year the beef stock had fallen off to 36,000,000, leaving the number of the dairy animals unchanged. This is an approximate decrease of 32 per cent. in six years. During this same time it is estamated that the population of the United States increased by 12,000,000.

"Should this tremendous shortage be added to annually for another six years, a very vivid imagination is necessary to realize what the price of beefsteak will be when the nation's total supply of cattle has reached 40,000,000, of which only half is beef stock, and its population has been augmented by another twelve million.

PILES.

You will find relief in Zam-Buk! It eases the burning, stinging pain, stops bleeding and brings ease. Perseverance, with Zam-Buk, means cure. Why not prove this? All Druggists and Stores—50c box.

FOR ALL SUMMER SORES

WHERE IT HAPPEEED.

During the Christmas dinner a young Frenchman was seated next to a fine looking young woman who was wearing a gown which displayed her beautiful arms.

"I came near not being here tonight," said she. "I was vaccinated a few days ago, and it gives me considerable annoyance."

The young foreigner gazed at the white arms of the speaker. "Is that so?" he replied. "Where were you vaccinated?"

The girl smiled demurely, and said: "In Boston."

On October 12th Brampton Presbyterians raised $900 by voluntary offering for their new manse fund.

PLEASE PUBLISH MY TESTIMONIAL

So Other Sufferers Will Take "Fruit-a-tives" And Be Cured

Gratitude — heartfelt gratitude — prompted this letter. Madame Langlois was so thankful to "Fruit-a-tives" for restoring her to health and strength, that she gladly allowed her letter to be published.

MADAME VALERE LANGLOIS

ST. ROMUALD, QUE., SEPT. 23rd. 1912.

"I have pleasure in stating that I have been cured of severe Dyspepsia and Chronic Constipation by using "Fruit-a-tives." I was a terrible sufferer from severe Constipation for many years, and I tried every remedy I heard of, and also was treated by physicians without any permanent benefits.

Then I tried "Fruit-a-tives", and this fruit medicine has completely cured both the Constipation and Indigestion.

I cannot praise "Fruit-a-tives" enough".

MADAME VALERE LANGLOIS.

50c. a box, 6 for $2.50—trial size 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

NEXT DEADLY PRUSSIC ACID.

Poison of Cigarettes.

Mr. Welcher Tells of Effect of Nicotine—Knowledge of Reason for Anti Laws Should be Given Young.

Canada has a good law forbidding the use of tobacco in any form by children actually or apparently under sixteen years of age.

Two things are lacking in regard to this law, according to Manfred P. Welcher, field secretary Anti-Cigarette League of America, Eastern Division, who was in Toronto last week.

The two things needed for its observance are knowledge of the fact and the reason of the law. A few thousand blotters in the Public and private schools, from kindergarten to college and theological seminary, will easily make known the fact of the law.

The secretary finds that here those who are active in this line are most ready to welcome any possible aid in preventing the smoke habit in the young, in producing a higher grade of scholarship, in helping boys to avoid the first step toward a criminal life, in providing a higher type of manhood, in lessening the causes of present degeneracy, in developing a high type of loyalty and heroism, and independence, by promoting a policy of conservation for the children and the young of to-day.

True, laws alone will not gain the desired object. Nobody expects that result, yet laws are necessary. They are not the final goal of action but only the beginning. When those who know the reasons enact laws, then should education follow until knowledge of the reasons shall result in obedience to the law. The reasons given by Mr. Welcher are scientific and physiological and then athletic, commercial, economic, educational, eugenic, hygienic, industrial, racial, sociological, and then moral and religious. There is no logical escape.

Employers and taxpayers and property owners, and life and fire insurance men, give most empathic approval to his work. Such men by taxes, by tuition, by special gifts are supporting all educational and religious institutions and hence, have a right to expect competent service from the graduates of those institutions. Fast growing numbers of such men are demanding, as they have a right, though often in vain, competent, efficient service, free from damage by nicotine poison. They are not getting such service in very common testimony.

In many places not only is there no voice raised against this prevalent tobacco burning, but example favors this seductive habit that is destructive of best service and makes normal education and highest types of manhood impossible. Hence the time is not distant, when private gifts will be withheld from schools for smoking, and public taxes will be paid with protest until proper returns are made.

Educational institutions should reduce, not increase, mental and moral delinquency. Colleges and universities should not provide so many graduates for the "bread line" in the Bowery. Their quota is out of proportion. The business college may not ask the pupil if he smokes, but the employer will. And the boy who comes up against a closed door with the smoke habit fixed, with tell tale fingers and lips, and breath, and eyes, and physique and clothes and manner, has a right to ask: "Why didn't you tell me about the employers' standard?" He has a right to ask it. He ought to ask it.

To insure purchasers of tobacco product, and the 40 to 60 per cent. of stockholders, the A.B.C. of the nicotine habit is taught to infants of tender years by providing picture cards and coupons and buttons, and other inserts for them to collect, and parents and teachers are aiding them, and then later wonder and weep because the boys are smokers. Rather the wonder is that any boy does not smoke. Some teachers are so far behind in the race, that they see no need of teaching the girls why boys should not smoke, and why in self defence girls should not tolerate the tobacco burner in their presence.

Mr. Welcher insists that he has no quarrel with men who smoke, because they agree with him in all but the habit, that boys and young men should not smoke. Men who smoke are often the most rigid in refusing to employ the smoker, boy or man, for the safety of person and property, and for politeness and efficiency of service. They are consistent, too, in all but the practice for they know the harm. They who fell unwarned into the habit tell the secretary freely: "I wish I had never learned to smoke"; "I wish I could quit"; "I wish I had the money I burned"; "I wish I had the health I've lost and will never have again"; "I don't want my son to smoke"; "I will not employ smokers if I can avoid it," and "Here is my money to carry your message as fast and far as possible."

The poison which is causing this comment, and harming the rising generation, is the essential oil of tobacco—nicotine, of which there are three to four hundred drops in every pound. In violence of action upon the human body, this is placed next to prussic acid at the top.

With a yearly consumption among the nation of from three to six pounds for every man, woman and child, where from 25 per cent. to 90 per cent. in some places, of school boys are smoking, one may not wonder that these boys are from ten to seventeen points below the non-smokers. One may not wonder, either, that girls are taking the honors and prizes from the boys in schools, that boys who smoke in the grades merely pass through the High School, and that defective children are increasing beyond the capacity of special schools and institutions. From this cause when the population doubles, the insane and defective quadruple, and in most countries the birth rate is decreasing, and is far below the death rate. Recruiting officers report disturbing increase of feeble men for army service. Can the nation feed on poison and retain their physical forms? Can they enjoy a suicidal self indulgence, through the decades and centuries, without injury to character?

Now that the cigarette with five or six new poisons is epidemic among boys, should not the parlor, platform, pulpit and press, awake to the facts and take action, by making common cause against the foe of future national prosperity and perpetuity? But these simple truths are not taught, and hence Mr. Welcher's message, that he has been permitted to give nine hundred and fifty times in a little over three years in seven states and sixty-five towns. He is saying that boys or young men should not be tobacco burners during life, for their own good, and for the welfare and comfort of others, and if they know the facts in the case they will not.

Shiloh 25¢

The family remedy for Coughs and Colds. Small dose. Small bottle. Best since 1870.

MR. EGAN'S PARABLE.

In company with other American ambassadors and ministers, Minister Maurice Francis Egan, who represents the United States at Denmark, sent in his formal resignation to President Wilson on March 4th. Mr. Egan accompanied the resignation, says the Saturday Evening Post, with a note that said his attitude in the matter of resigning reminded him of a woman he heard about once, who through financial misfortune came to be in distressed circumstances, and for a livelihood had to rely on a few hens she owned. She was of good birth and breeding, and very proud, but was finally forced to go out and peddle eggs.

She took some eggs in a basket and walked along the streets, saying: "Eggs, tuppence! Eggs, tuppence! I hope to Heaven nobody hears me! Eggs, tuppence!"

MOTHERS, TRY THIS.

Conductor —"Madam, that child looks older than three years."

Mother—"Yes, indeed he does, conductor. That child has had a lot of trouble."

Mrs. Haggart, widow of the late David Haggart, died at the home of her son-in-law, Mr. J. J. Manning, in Brampton, last week.

Granulation of the Eyelids

Is Cured by Dr. Chase's Ointment—Scores of Uses for the Great Soothing, Healing Ointment.

Most people know Dr. Chase's Ointment best as a cure for eczema and itching piles. Nor is this to be wondered at when you think of the remarkable record made in this class of cures.

But there are scores of other uses for this ointment, which are only discovered when it is kept constantly at hand.

Mrs. Martin, 13 Carroll street, Toronto, formerly of Bowmanville, Ont., writes: "We have used Dr. Chase's Ointment for years, and found it invaluable in treating skin irritations and all sorts of burns and wounds. In fact, we would not be without it in the house. It is a most excellent treatment for granulated eyelids, from which I suffered without finding anything to help me."

Wherever there is itching of the skin or a sore that refuses to heal you can use Dr. Chase's Ointment with full assurance that it will prove entirely satisfactory. 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

James Grummett, who has had the contract of carrying the mail from Honeywood to Shelburne for the last ten years, has been given notice to quit. The contract has been let to Reid McAuley, of Black Bank.

The barns on the Gilree farm, near Thornton, were totally destroyed by fire, the cause of which is unknown. Chas. Trumbley, who lives on the farm lost one horse, all his grain and implements and several calves.

The man who discovered gasoline has just died at the age of 68. The man who discovered America has been dead 400 years. John D. Rockefeller who now owns both is alive and well and is good for some years yet.

The marsh lands of Essex have yielded such a prolific crop of onion this year that land has been advanced to $150 an acre. Henry Finca raised 104 sacks of choice onions on a piece of ground three rods wide by four rods long.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

The Beehive flour mill in Beeton was destroyed by fire a week ago Saturday morning. The mill was owned by Messrs. Aitken & Son, who will lose heavily despite the fact that they had $8000 insurance on building and machinery and a further insurance of $5000 on stock.

Peter McMurdo, near Hopeville, lost several pigs lately from a peculiar cause. Mr. McMurdo had threshed a lot of flax and the pigs had access to the straw pile, with the result that their stomachs became clogged with the flax and indigestion caused their death. Five or six of the animals have died.

Alexander T. Davidson, a well known undertaker, died suddenly of heart failure at Lucknow on Oct. 23rd. He had lived there since 1872.

Rev. A. J. Johnston, of Dundas, one of the most scholarly ministers of the Methodist church, has been tendered a professorship in Victoria College, Toronto.

A quiet wedding was solemnized on Thursday, Oct. 23rd, when Miss Myrtle Hilliard and Mr. Herbert W. Elliott, both of Bolton, Ont., were united in marriage, by the Rev. D. Wallace Christie, of Rhodes Avenue Presbyterian Church, Toronto. After a short sojourn with friends, the happy couple left for their home in Bolton.

Four distinguished German visitors were at the prison farm, Guelph, last week. They were there under the special authority of Emperor William. Canada's prison system having gained a reputation sufficient to send a commission to this country to investigate. The commissioners were accompanied by Hon. W. J. Hanna and Warden Gilmour.

A sad accident occurred at Credit Forks a week ago Monday whereby a Toronto contractor named H. Worgan was killed. He had just prepared two blasts, one of which went off. Thinking that the fuse of the other had not ignited, he went over to inspect, when the charge went off. Dr. Gear, coroner, was called in but after hearing the particulars did not deem an inquest necessary.

THE HALF-SPEED MAN AND WOMAN

What It Means When You Feel "All Out of Sorts."

You know what it means to feel "all out of sorts." Most people have felt this way at some time. Nerves out of order, irritable, languid, depressed. An aching head, a fagged brain, appetite bad and digestion weak. With some people this condition comes and goes; with others it is chronic; they can't shake it off. It interferes with business, spoils recreation and robs life of all its joys. These men and women are only able to live and work at "half speed."

Half speed people have lost that abundant natural vitality which enables others to go "full-speed-ahead" through life. Their energy and nerve power have evaporated—they cannot work long without breaking down. The trouble is nerve weakness and is caused by poor, watery blood. You can begin to improve your condition to-day by taking Dr. Williams' Pink Pills. They make rich, red blood once more pulsate through your veins, and your nerves thrill with fresh vigor. Here is convincing evidence that new strength and full health can be had through the use of Dr. Williams' Pink Pills. Mr. Newton Mayhew, North Tryon, P.E.I., says: "I am a farmer and naturally have to work very hard. The result was that I found myself very much run down. My blood became thin and watery, and my muscles flabby. I took doctors treatment, but it did not help me and I grew so weak that I could scarcely work at all. As I found the medical treatment was not helping me I decided to try Dr. Williams' Pink Pills, and in these I found the medicine I needed, as in a short time I was restored to my old health and vigor. I shall always recommend these pills to all sufferers."

Dr. Williams' Pink Pills are sold by all medicine dealers, or will be mailed, post paid, at 50 cents a box, or six boxes for $2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

Orillia Council took no action on a meagrely-signed petition to submit a by-law for the repeal of local option.

BANK OF HAMILTON

PROVIDING FOR YOUR FAMILY

SUPPLYING your family with present day comforts, does not constitute your only financial obligation to them. Their future demands more consideration than their wants of to-day.

If anything should happen to you, you would not want your boy to give up his education, or your wife and daughter to be thrown on the world to struggle for a living.

The surest way of providing for your family's future is to save your money. Deny yourself a few extravagances now, that they may have comforts always.

One dollar will open an account with this bank, and interest at the highest current rate will be credited every six months.

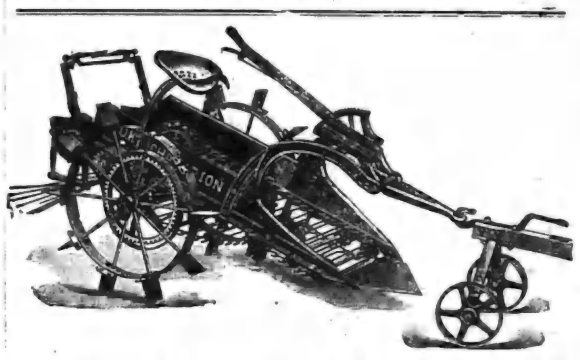
A NOTABLE RECORD



A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	356	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	427
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	37,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725
Increase 270 per cent.			—Financial Post.

THE BANNER.

THE BANNER, NOV. 6th, 1913.

COMPULSORY ARBITRATION

Compulsory arbitration has been frequently suggested as the only effective method of settling disputes between capital and labor and preventing the lengthy and harmful strikes that often follow in the wake of these disputes. One of the strong arguments in favor of compulsory arbitration is the paramount importance of the public interest. This argument is particularly applicable in the case of railway strikes, where the disorganization of the service frequently ties up passenger and freight traffic thereby putting the general public to great inconvenience and it may be very serious loss. It is doubtful, however, if either organized capital or organized labor would be willing to submit to compulsory arbitration. The adoption of the principle involves submission to outside interference and this is very naturally resented. Most people prefer to settle their own differences, without the aid of outsiders, no matter how well-intentioned the latter may be. At the same time organized society has an undoubted right to protect itself against any form of disturbance that threatens to interfere with the general weal. The authority of the State is supreme over all trade associations and corporations and its right to protect the public interests is unquestioned. It is, however, a question just how far the state is warranted in exercising its powers of compulsion. Compulsory measures have the disadvantage of causing irritation and creating a certain amount of resentment. The Toronto News makes the sage observation that it is by "persuasion rather than by compulsion that the general temper of social relationships will be softened and humanized. The evil of the hour is that employers and employees are ranged in hostile camps, and that at the best only a state of armed neutrality exists. Instead they should be organized into co-operative groups but not necessarily under co-operative control, and the system of profit-sharing far more generally substituted for the more dependent condition which the wage system entails. It is true that profit-sharing is not of general application, but the system may be widely extended, and moreover, where the true spirit of co-operation obtains, and a mutually sympathetic spirit exists, there will be a fair distribution of the returns between capital and labor, and generally the strife and bitterness of strikes and lockouts will be avoided."

THE FALL ASSIZES.

Only Two Civil Cases Entered for Trial.

Up to the hour of going to press only two civil cases have been entered for trial at the Dufferin Fall Assizes, which commence on Tuesday next, November 11th, at one o'clock p.m. His Lordship, Hon. Mr. Justice Britton, will preside. There is no criminal business whatever and Sheriff Endacott has sent notices to the grand jurors informing them that their attendance will not be required. Of the two civil cases, one is jury and the other non-jury. The jury case, Hawkins vs. C.P.R. is an action for damages for injuries sustained in a railway accident. The plaintiff resides near Markdale. The principals in the non-jury suit of Menary vs. White are Lewis Menary and Dr. G. I. Campbell, of Grand Valley, and J. J. White, of Orangeville. The plaintiffs allege misrepresentation in connection with the purchase of some farm lands in Alberta. Geo. H. Watson, K.C., of Toronto, is acting for the plaintiffs and C. R. McKeown, K.C. has been retained by the defendant.

A Boy Scout Troop.

It is proposed in the near future to organize a troop of Boy Scouts in Orangeville. Rev. G. W. Tebbs, formerly Scout Commissioner for County Waterloo and district, is now Commissioner for the County of Dufferin, and has the matter in hand. Boys! speak to him about it.

The main objects of the movement are to give the boys of the town a good time, and at the same time to impress upon them the necessity of being of service to help the other fellow, to put duty before pleasure, to be proud of being a Canadian, in body, healthy in mind, and true at heart. He is taught all kinds of Scouteraft and various handicrafts. The Scout is a "Peace Scout," but is prepared to do his duty to his home and country.

The Boy Scouts work in co-operation with the Cadets, not in opposition to them. Boys eligible to join must be 12 years of age and be not less than 4 feet 6 inches in height and not over 18.

A "Talk" was given last Wednesday evening by Mr. J. Tod, of Toronto, to about fifty boys, on "Knots, and how to tie them," and a sketch of the Movement was given by the Rev. G. W. Tebbs. Capt. Hammond, Provincial Secretary of the B. P. Boy Scout Council, is coming with a set of lantern slides soon. Due notice will be given.

—On and after Saturday, Nov. 1st., McMillan Clothing Co. will sell all styles in the regular 20 cent Arrow Collars at 2 for 25 cents.

PRESENTED WITH WATCH.

Citizens of Alliston Unite in Doing Honor to Judge Fisher.

Representative Citizens Testify to His Worth and to His Services to the Town.

The Alliston Herald states that on Friday evening, Oct. 24th, close to one hundred citizens, nearly all business and professional men, assembled in the Opera Hall for the purpose of giving a public testimonial to Judge Fisher, who was recently appointed County Judge of Dufferin, in recognition of the many benefits that have accrued to Alliston by reason of his services and efforts in behalf of the town. Judge Fisher was in Chambers in Orangeville on the day of the presentation, and upon his arrival home at night, word was sent to him to come to the opera hall. Mayor Mitchell occupied the chair, and after inviting the Judge to a seat by his side, called upon Mr. Jos. Writeside to whom had been assigned the duty of reading the address. While the address, which was worded as follows, was being read, the Mayor presented Judge Fisher with the citizens token of appreciation, a gold watch and chain:—

To His Honor, Judge W. G. Fisher:

Sir,—It was with the utmost pleasure that your many friends in Alliston learned of your elevation to the judicial position lately assigned you. Dufferin County is to be congratulated on securing such a worthy personage to preside over its surrogate court and the town of Orangeville should feel highly elated at the prospect of a citizen of the very highest calibre coming into its life.

While the citizens of Alliston rejoice at the preferment which has been extended to you, there is at the same time a feeling of genuine regret at the prospect of losing a most valued and valuable citizen. Were we to repeat to you half the expressions of appreciation which have been uttered regarding the part you have played in the advancement of Alliston to its present enviable status as a town you might think us guilty of adulation. Suffice it to say that the people do appreciate every effort you have ever put forth and some of the most valued assets of the town will ever be associated with your name.

Among the various organizations which have had as their primary object recreation and amusement your withdrawal will also be a distinct loss as it was not alone your genial coradeship which has always made your presence welcome, but your enthusiastic support in keeping those organizations alive and lively have been most gratifying to your associates.

To adequately express the debt the people of Alliston owe you for all your public spirited endeavors would be well-nigh impossible, but by way of assurance that you have been a most valued citizen and one who will not soon be forgotten, we ask you to accept this mark of appreciation of the time and energy you have expended for our benefit.

We further assure you that we will always be most happy to have you look in on us and on such occasions we will be ever ready to extend to you a most hearty and cordial greeting.

May you, Mrs. Fisher and your family be long spared to enjoy the best things of life.

Signed on behalf of the committee—Jos. Whiteside, T. M. Brown, W. J. Fletcher, W. J. Hill.

Alliston, Ont., October 23rd, 1913.

In the course of his reply states the Herald, Judge Fisher expressed his hearty thanks to the friends who had so generously and so handsomely recognized what he had done. He could not believe the credit was entirely due to his efforts and gave those associated with him in everything in which he had been interested much of the credit for the happy issue of all their work in the civic interest. His appointment as Judge in Dufferin was largely due, he said, to the efforts of his friends. In fact, he felt that he owed any success he had been able to achieve to the kindness of his friends rather than to his own efforts. He paid a glowing tribute to the town of Alliston and expressed his unbounded faith in its future, the security of which he felt was assured by reason of the calibre of the men who were available to undertake whatever project might present itself. A pleasant hour followed during which probably twenty-five short speeches were made by friends of Judge Fisher, some of whom had known him all his life. A mascot which the donor claimed had been instrumental in securing for His Honor the Judgeship was presented by A. C. Osbourne. To this presentation His Honor made a characteristically humorous reply.

Orangeville Presbytery.

At a meeting in Knox Church, Shelburne, on Friday, Orangeville Presbytery sustained a call to Rev. Geo. I. Craw, of Thornton, from the congregations of Dundalk and Ventry. Rev. W. N. Carr was appointed to prosecute the call before the Barrie Presbytery when it next meets. A call from Grand Valley and South Luther Churches to Rev. David Lane, of Cookstown, was also sustained. Rev. J. R. Bell, of Laurel, will prosecute the call before the Barrie Presbytery. Presbytery granted the release of Rev. R. McCallum, pastor of the Everett, Mansfield and Rosemont field, who has received and accepted a call from Tara in the Presbytery of Bruce. The stipend offered Mr. McCallum is $1000 a year with free manse and the usual vacation. Rev. J. A. Black, of Mono Mills, who was appointed interim moderator, will preach Mr. McCallum's pulpits vacant on November 9th. Provisional arrangements were made for the inductions of Rev. Mr. Craw and Rev. Mr. Lane, in the event of the calls being sanctioned by the Barrie Presbytery and accepted by the two ministers.

Wants $54,000 Commission.

A bill of $54,000 commission is being sued on by Alfred Rogers, cement dealer, in the Non-Jury Assize Court in Toronto, the defendants being the National Cement Company, of Durham.

Rogers bases his claim on an agreement drawn up in 1910, giving him the agency for the National's output on commission of 6 per cent. The selling price was not to be less than $1.30 f.o.b., and the agreement was to run for five years unless terminated by mutual consent, or, if either party wished to draw out, three arbitrators were to decide whether this should be allowed.

The defendants claim that Rogers sold cement at less than the price agreed upon, and instanced the sale of 50,000 barrels to the City of Toronto, which netted them only $1.29 a barrel. They claim this is grounds for refusing to allow Rogers to handle their cement as sole agent.

A Fowl Supper.

On Friday night last Mrs. Thos. Buchanan opened her home to the members of the Camilla Institute and their families for a social evening. The dining room was beautifully decorated in different shades of draperies and flowers.

After a sumptuous repast of fowl and other good things—which all women of the Institute know how to prepare—the company repaired to the sitting room, where a first class programme was given, with the President, Mrs. John Buchanan, in the chair. Speeches were given by the chairlady, Mrs. Ledlow, Reeve Marshall and Mr. Robt. Reid. Mrs. J. A. Marshall gave an excellent paper on "Higher Education" which was highly appreciated by all present. Her son, Allan, also favored the gathering with a reading. Recitations were given by Willis Buchanan and Allan Marshall. Duets were sweetly rendered by Misses White and Durkin and Misses Durkin and Bremner. Mr. Robt. Reid and Mr. Fred Thompson rendered several excellent solos and Mr. Reid came to the conclusion that "Bachelor Taxation" would be a splendid thing around Camilla. Mr. Fred Buchanan gave several selections on the violin. The remainder of the evening was spent in different amusements. After singing the National Anthem the guests returned to their homes feeling that the Women's Institute was a splendid institution in a community.

CHARITY SOCIETY.

The regular monthly meeting of the Charity Society will be held at the home of Mrs. T. J. Brown, 1st Ave., on Tuesday next, Nov. 11th, at 3.30 o'clock. All members are urged to attend.

LAUREL.

Under the auspices of the Boys of the Epworth League, of the Methodist Church, a very successful concert and Missionary Mock Trial was held here on Hallowe'en Night. The church was nicely filled. Our Presbyterian friends supported us splendidly, there being nearly as many Presbyterians as Methodists present. Rev. J. S. Stevenson, senior pastor, was in the chair, and after a few introductory remarks by him the program was opened by Mrs. Warren Grosskurth, whom we are always glad to hear, giving a very humorous reading. Miss Susie Patterson sing very sweetly "A Perfect Day." Mr. Ernest Martin gave a recitation, Mr. John Kee, of Toronto, sang several pieces during the evening, which were much appreciated by the audience. A humorous dialogue, entitled "The Singing Lesson," was given by Mr. Ellison, as Professor, Joe Gordon, pupil, and Hunter Nelson, servant. This sketch produced much fun, the audience being convulsed with laughter all the time. The item of chief interest in the evening's entertainment was the Missionary Mock Trial. The Church, represented by a Deaconess, was tried for not carrying out her Lord's commission, "Go ye into all the world and preach the Gospel." She was tried before a judge of the Supreme Court, and prosecuted by the Crown and defended by her own lawyer. Witnesses gave evidence from Canada, from the North American Indians, from Africa, Japan, China and India. All who took part wore suitable costumes. The following were the characters:—Judge, Mr. Lewis Hamilton, who wore judge's wig and gown; Crown Counsel, Mr. Wm. Penny, defence lawyer, Mr. Bert Martin, both lawyers wore gowns; Court Clerk and Crier, Mr. Leonard McCabe; policeman, Mr. Frank Branch; prisoner, Miss Gertie Hamilton, who was dressed in a very neat deaconess' costume. Witness from Canada, Miss Liddy, who wore a very pretty costume, decorated with maple leaves; witness for the North American Indians, Miss Jessie Johnston, who wore a very pretty Indian dress with feather headgear; African, Mr. Hunter Nelson; Indian, Master Arthur Stevenson. Both these wore native costumes. Witness from China, Miss Eleanor Nelson, who looked very pretty in a Chinese lady's dress. Witness from Japan, Miss Bertha Hamilton, who made an ideal Japanese lady of the first rank. She wore a very nice Japanese lady's costume, and carried a fan. The whole trial was carried out in a splendid manner and much praise is due to the young people who took part, and to their trainer, Rev. H. V. Ellison, who trained them in many rehearsals for several weeks. At the close candies and fruit were served, and a happy evening was brought to a close by singing God Save the King.

Miss Lily King left for Toronto on Tuesday evening, where she is going to live with her sister, Miss Bertha King.

Special missionary anniversaries will be held at all the Methodist churches on the Laurel Circuit on Sunday, Nov. 16th. Rev. Dr. Caldwell, of Shelburne, and Rev. G. W. Robinson, of Orangeville, will be the preachers for the day.

Rev. J. S. Stevenson will take the Missionary Anniversary services at Orangeville, and Rev. H. V. Ellison on the Alton Circuit on Nov. 13th. The District Epworth League Convention will be held in Laurel. Delegates are expected from all over the Orangeville district, and special speakers will address the gathering.

Mr. Logie Bell spent the week end with his parents here.

The boys were up to their usual tricks on Hallowe'en night and many gates, buggies, carts etc. were in the land of the missing in the morning.

Mrs. Robt. Stevenson arrived home from the West last week and reports an enjoyable visit.

Mr. Frank Grey left Monday morning for a hunting expedition in Muskoka.

Are you an Orangeman? Come and bring your family to the banquet on Friday evening.

George Gordon has a carload of coal at the station. Order early.

A wire carrying the electric power from Horning's Mills was broken on the 2nd line near Mr. Cruikshank's home.

A few Hallowe'en tricks were played by the "elfs, but all of a jovial nature.

ROSEMONT.

Mr. Cleve Irwin visited Shelburne friends on Sunday last.

Mr. A. G. McNabb spent a few days in Toronto last week.

Mr. Joseph Murphy left for a deer hunt in Muskoka this week.

Mr. and Mrs. F. J. McNabb spent Sunday with friends at Ennis.

Mr. Harry Solomon, of Alliston, spent Sunday at his home here.

Miss Luella Shaw is visiting Alliston friends this week.

Mr. Milford Hunter spent Sunday with friends north of the village.

Hallowe'en passed off quietly. We have no accounts of any damage having been done.

The farmers are busy preparing for the winter.

Mr. Henry Shaw passed through our village on Sunday on his way to visit Violet Hill friends.

Many of our young people took in the anniversary services at Mansfield on Sunday.

Mr. John Murphy's house will soon be ready for the painters.

Some young lads entered a house in our village last week while the people were away and did some damage to the contents. We believe that these boys will be taught a lesson that they will not soon forget.

Rev. and Mrs. G. L. Gray attended the funeral of the latter's father at Brampton this week.

THE HONOR ROLL.

Report of Orangeville Public School for October.

Sr. IV.—Ellis Liddy, Charlie Hulse, Mary McGillivray, Netta Ellis, Greta Cotton.

Jr. IV.—Ross McCartney, Mary Hughes, Edith Henderson, Will Porter, Wilma Allen and Margaret Adamson, equal.

Sr. III.—Verna Kearns, Graham Kearns, Viola Farnell, Leila Hamilton, Louise McGuire.

Sr. Primer. Class A.—Reta Rutledge, Hannah Eudie, Kathleen Island, Beverley Matthews, Mildred Davidson.

Class B.—Clara Bennett, Elmy Rutledge, Dorothy Leeson, Eva Sherwood, Ernest Delaney, Earl Clarridge.

Jr. Primary. A. Class—Irene Hurst, Daisy Bailey, Florence Watt, Ethel Adams and Ella Grasley equal, Erwin Collins.

B. Class—Elizabeth Storr.

C. Class.—Jack Ritchie, Grant Hyland, Myrtle McKenney, Mary Hyland, Alice Webb.

McCUTCHEON SETTLED.

Agreed to Give His Daughters $200 Acres of Land and $1000

Some weeks ago Mr. A. A. Hughson instituted proceedings against Robert McCutcheon, of Mono Centre, for the administration of the estate of his wife, the late Mary McCutcheon. Mrs. McCutcheon died on February 19th, 1887, over 26 years ago. At the time of her death she was the owner of a 100 acre farm, the w ½ lot 18, con. 2, east, Mono township. On February 28th, following her death, her husband took out letters of administration to her estate, presumably in the interests of her two daughters, Martha Ann and Edith. The proceedings started by Mr. Hughson in behalf of the daughters took the form of a motion before His Honor, Judge Fisher, for a proper administration of the estate and an accounting of rents and other profits therefrom and also of the proceeds of certain sales of timber. The motion was enlarged from time to time pending the outcome of negotiations for a settlement. An arrangement was finally reached on Monday, whereby legal proceedings will be dropped. By the terms of the settlement, McCutcheon agrees to quit claim the w ½ of lot 18, the property owned by his wife, to his daughters, to give them a deed of the e ½ of 18, con. 2, east, and $1000 in cash. The two farms are said to be worth about $5000, so that the daughters will receive about $6,000 in property and cash. McCutcheon, who is wealthy but eccentric, was summoned to appear in the police court some months ago on the charge of ill-treating and abusing his daughters. The revelations at that time caused a great deal of comment and aroused considerable sympathy for the daughters. The two girls have since left their father's home and are now living with Mr. Wm. Patterson, a farmer in the neighborhood. The farms, which McCutcheon is handing over to the two girls, are quite close to Mono Centre. They were formerly occupied by Thos Gamble and more recently by Thos. Cotton.

WALDEMAR.

Miss Tena Gamble is taking a course in Orangeville Business College.

Owing to the increase in our police force on Hallowe'en, little damage was done in the village.

The assistant constable with lantern and shillalah patrolled the main street and is to be congratulated that no harm was done to persons or property.

A number of Grand Valley young ladies spent a pleasant afternoon in our village last week when they were entertained at a tea given by Miss Grosskurth.

We wonder how some of our boys felt when when they had to pay for their Hallowe'en fun.

Hark! The sound of bells draws nearer.

What we would like to know:

When that private telephone line is going to be installed?

Why one of our popular young ladies wears such a broad smile?

What happened the church lights on Monday eve and where that much talked of meeting was held?

What the attraction is?

WHITTINGTON.

Threshing and plowing are pretty well wound up now. The two company machines are doing a good business.

The fowl suppers all came off splendidly, but we pity the geese and the people who ate them.

The Whittington school teacher will be kept pretty busy this winter.

W. T. Leader and J. J. Anderson will sell their gravel from now on as follows:—a one horse team fifteen cents, three horse team twenty cents, four horse team twenty-five cents a load.

The Whittington Branch of the Dufferin Women's Institute will meet at the home of Mrs. Barnhardt on Tuesday, Nov. 11th at 2.30 p.m. All ladies are cordially invited.

J. B. LINDSEY DEAD.

Passed Away at Bolton on His Way Home From the West.

Was a Veterinary Surgeon and Successful Farmer at Hockley

J. B. Lindsay, V.S., of Hockley, passed away at the home of his daughter, Mrs. Wm. Harper, of Bolton, on Saturday at the age of 71 years, 4 months and 7 days. Deceased had not been enjoying very good health for the last year or so, but was usually able to be about and to attend to his business affairs. About two months ago he decided to take a trip to the West for the purpose of visiting his son and daughters in Saskatchewan. While there he was taken ill, but recovered sufficiently to make the journey home. At Winnipeg he had a recurrence of his trouble and was brought east from there on a stretcher. Upon his arrival in Bolton he was taken to his sister's, where he remained until the end. The late Mr. Lindsay was born in Ireland, but his parents, Mr. and Mrs. Joseph Lindsay, came to Canada when he was quite young. The family settled at Tullamore in the County of Peel. The subject of our sketch moved to Hockley about 50 years ago settling on lot 12 on the Mono-Adjala townline. He graduated from the Ontario Veterinary College in 1885 and carried on an extensive and successful veterinary practice from that time until September of this year. He was widely known in the townships of Mono and Adjala, where his professional services were in constant demand. He was also a successful farmer, having a property of 300 acres just south of Hockley village. The late Mr. Lindsay leaves to mourn his loss a widow, who is a daughter of the late John Wilson, of Adjala, and a family of one son and six daughters. The son, Wilbert, lives at Fiske, Sask. The daughters are Mrs. Wm. White, Herschell, Sask., Mrs. J. J. Bower, Hume, Sask., Mrs. W. N. Alexander, Weyburn, Sask., Mrs. Alex. Beatty, Hockley, Mrs. Ben. Anderson, Relessey, and Mrs. H. H. Donaldson, Mono Mills. Robert and Joseph Lindsey, of Toronto, William Lindsay, Fort Qu' Appelle, Sask., Mrs. Robert Walker and Mrs. Isaac Walker, of Toronto, Mrs. Wm. Harper and Miss Polly Lindsey, of Bolton, are the surviving brothers and sisters. Needless to say, the bereaved family and relatives have the heartfelt sympathy of the whole community in their affliction. The late Mr. Lindsey was an Anglican in religion, a Liberal in politics and a member of the Orange Order. He was identified with Hockley L.O.L. No. 465 and carried a policy of $1000 in the Orange Mutual. He was a genial, warm-hearted man, who was always ready to do a good turn whether for a friend or stranger. He had many friends and his demise has cast a gloom over the community in which he had so long been active and prominent. The funeral, which was under the auspices of the Orange Order, took place from his late residence to St. John's cemetery, 7th line, Mono, on Tuesday afternoon. Members of Hockley, Relessey, Connor, Purple Valley, Mono Mills and Mono Road Orange lodges turned out in a body and in full regalia. The funeral cortege was unusually large, upwards of one hundred and twenty vehicles following the remains from the home to the cemetery. The pallbearers were Messrs. Robt. Hackett, John Lindsey, Wm. Fleming, George Mills, Jos. Beatty and Robert Moffatt. The funeral service was held in St. John's Church, which was crowded to the doors. The service, which was impressive as well as solemn, was conducted by Rev. R. J. W. Perry, rector of Mono East parish, assisted by Revs. Jos. Dudgeon, of Rosemont, and J. A. Black, of Mono Mills. Among the friends from a distance, who attended the funeral, were Robt. and Joseph Lindsey, brothers, Toronto; Mrs. Wm. Harper, sister, Bolton; Mr. John Harper, nephew, Bolton; Mr. Cameron Westlake, Bolton; Messrs. Ellis and Howard Lindsey and Miss Alice Lindsey, Macville; Miss Margaret Lindsey, Tullamore; Mr. Wm. Loughheed, Sandhill; Mr. Chas. and Miss Alice Lindsey, Caledon East; Ex-Mayor J. Lindsey, Mr. E. C. Clark, Mrs. Edward Clark, Mr. Wm. Lindsey, Mr. J. J. and Mrs. John White, Orangeville; Dr. and Mrs. J. G. Alexander, Mono Road and Mr. Robert Morrison, Rosemont.

MELANCTHON.

Although the past summer has been a very dry one, some of the side lines in this part are beginning to be quite muddy and disagreeable to travel on.

Much sympathy is expressed in this neighborhood with Mr. Leonard Sanderson, of Shelburne, in the recent severe bereavement which has befallen him and his little daughter, in the death of Mrs. Sanderson. Mr. and Mrs. Sanderson were both residents of this place in their younger days.

We heard another breeze the other day about the opening of the Melancthon coal mine. We patiently await developments.

As the hunting season has arrived we may look for trespassers again prowling through our swamps with their hungry dogs, and either shooting or stealing the rabbits that belong to the people of this neighborhood. When will such high handed acts cease?

ECZEMA AND SORE EYES.

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Flanford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

J. D. TORRIE

The Men's Outfitter

The materials in our clothing are all wool, when we say they are. There is no cotton in them. These materials come from the best mills in this country and abroad. Though many lambs have been shorn for the benefit of our customers you will not be "fleeced" when you buy from us. The cloth will be right, the fit will be right, the style will be right and the price will be right.

We have the best range of odd trousers from $1.00 up that can be shown anywhere.

Stanfield's Underwear and Coat Sweaters in all sizes and weights.

Be sure and see our Large Range of Suits and Overcoats before buying.

AN ASSAULT CASE.

William Carter on Trial on Charge of Wounding Thomas White.

Injured Man Swears He Was Knocked Out With Pair of Wire Splicers.

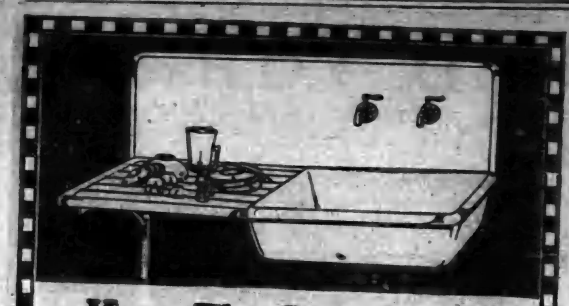
Early on Tuesday afternoon, Oct. 21st, Thomas White, a resident of the North Ward, was assaulted and seriously injured by a young man named William Carter. The assault took place on the old Frampton farm to the north of the town. White avers that Carter struck him from behind with a pair of pliers knocking him down and then jumped on him beating and otherwise maltreating him while he was lying on the ground in a half-unconscious condition. White was undoubtedly badly abused and was confined to his bed nearly a week from the effects of his injuries. His family also found it necessary to call in a doctor to attend to him. The assault occurred on the back of the farm, whither the two men had gone to look for some cows, and as there were no eye-witnesses it is somewhat difficult to ascertain what actually occurred. The strange part of the affair is that the two men were apparently on the best of terms, when they left the Frampton farm to go for the cows. They had worked together both here and at Laurel and so far as is known had never had any serious disagreement.

Upon learning of the assault Chief Marshall took out a warrant for Carter, arrested him and brought him before the Police Magistrate, who remanded him to the County gaol. The preliminary hearing took place on Friday, County Crown Attorney W. J. L. McKay acting for the Crown and Mr. A. A. Hughson appearing for the accused. Carter entered a plea of "not guilty" to the charge of assault "with intent to do grievous bodily harm" and elected to be tried by P. M. Pattullo forthwith.

White, who was the first witness, testified that he got Carter to fix a broken wire in his stable about 11 o'clock on the day he was assaulted. After fixing the wiring, witness and Carter went to the Frampton farm to look for some cows, which he intended to bring back to the stable. Not finding the cows in one field they started for another part of the farm. He was walking ahead, with Carter in the pathway close behind him, when the latter, without any warning whatever, struck him over the head with a pair of splicers, exclaiming as he struck the blow, "I will kill you right here." His assailant then jumped on his back, turned him over and pounded him on the face and breast. White swore that he became unconscious and [illegible] he must have remained so for a considerable time, for it was about 3 o'clock when he got back to the house. When he revived Carter was still with him and after he got up they walked back together. Cross-examined by Mr. Hughson, White stoutly denied that he had given Carter any provocation. He admitted that they had a drink or two of whiskey together before they started for the cows, but was very positive that he was not intoxicated. He and Carter had been together a lot, he told the Court, and had always been good friends.

Dr. Kyles, who attended White, testified that when he was called to see the injured man he found him in bed in an upstairs room. His face was very much swollen and both eyes were blackened and entirely closed. The nose, cheeks and lips were also very much swollen and there was evidence that his nose had been bleeding. There was a cut above the right eye, each cheek was scratched and the inside of the mouth was lacerated and injured. This latter injury White explained by stating that his assailant had put his fingers in his mouth. The injuries on the face, Dr. Kyles thought, were more likely caused by kicks than by blows from the fist.

Fletcher Stewart told about meeting the two men in a lane between 2nd and 3rd Avenues while on their way home after the affair. Noticing the condition of White's face and clothing he asked Carter what had happened Tom, but the latter did not make any answer. He also spoke to White, who answered his salutation, but did not say what had happened to him.



Milton Stewart saw White and Carter at the Frampton farm between 12 and 12.30 o'clock. They were apparently on the best of terms at that time. They returned to the barn about 2.30, Carter came in first and White followed shortly afterwards. Noticing White's injuries, witness asked Carter what had happened. The latter's answer was "When a man jumps on you, you have to defend yourself." Carter's face was smeared with blood marks and to witness it looked as if there had been a tussle. After they returned to the stable, Carter produced a whiskey bottle and took a drink. White did not drink anything.

The Court spent nearly the whole of the afternoon hearing these witnesses. The trial was then adjourned until Saturday next at 10 a.m.

CHARITY EUCHRE.

The Charity Society held a very enjoyable Hallowe'en Euchre Party in the A. O. U. W. Hall on Friday night. Over fifty guests were present and there were enough players to occupy thirteen tables. Mrs. W. E. Irvine won the ladies prize for lone hands and Miss McGill captured the prize for points. The gentlemen's lone hand prize was awarded to Fred Atkinson and the prize for points to John Norris. A dainty lunch was served about midnight. We understand that the Society intends to hold a similar party once a month during the winter.

INCREASING THE SUPPLY OF LAND.

A Few Practical Ways in Which the Quantity of Tillable Material May be Increased.

Is the amount of land in the world a fixed quantity? "How absurd!" one may be tempted to exclaim. "Of course you may dyke here and drain there, and turn a little stretch of water into land, but what does that amount to? For all practical purposes, certainly the amount of land in the world is fixed."

But it is precisely for practical purposes that it is not fixed. Thirty years ago vast areas in Western Canada for all the good they were, might as well have been on another planet, simply because there were no means of bringing to a market the crops, which they were capable of producing. The development of transportation facilities has made these lands accessible and has thus for practical purposes, increased the supply of land in the world.

Land, i.e. available land, can, however, be increased in other ways. We cannot perform miracles and add to its area, but it is important to remember that area is not the only quality we regard in considering the worth of land. Though an acre is a measure of surface, we assuredly do not think merely of its length and breadth, without regard to its thickness, i.e. the depth of soil. If, by deep cultivation, we bring untouched layers into use, we have again, for practical purposes, increased the supply of land.

Moreover, we cannot think of the value of land in terms of its quantity merely, without regard to its quality. When we purchase a farm we acquire not simply a volume of soil with a certain cubic content, but soil possessing certain valuable physical and chemical properties. If we defined accurately what we mean by the "land" we are buying, we should certainly include these properties, and their impairment through poor methods of tillage is a direct loss of the commodity we have paid good money for. On the other hand, we may increase its amount by intensive cultivation, which, again, is another and most important way of augmenting, for practical purposes, the supply of land.

Sale Register

Mr. David Tate will hold a clearing auction sale of farm stock and implements on the s w ½ lot 4, con. 18, East Garafraxa, on Monday afternoon, November 10th, beginning at one o'clock. Mr. Tate will also offer his 100 acre farm for sale at the same time and place. 80 acres of the farm are cleared and the buildings include a two-story brick house, 26 x 30, and a bank barn, 42x 60. See advt. or posters for full particulars. Jas. A. Patterson, Auctioneer.

Mr. W J. Kearns, lot 32, 3rd line, east, Albion, will hold a clearing auction sale of his farm stock, implements etc. on Wednesday afternoon, Nov. 12th. Sale at one o'clock sharp. See advt. or posters for full particulars. Jas. A. Patterson, Auctioneer.

Norman Cunningham and Job. Hedges, of Severn Bridge, were fined $20 and costs each for being intoxicated in Orillia township, a local option municipality.

REMOVAL

THIS is to inform the Public that I have moved my Warerooms from Broadway to my new Warerooms opposite Dr. Riddell's office on Mill Street.

Full line of Oliver Plows and Plow Repairs.

SEE!

The new Deering Drill.

The new full line of Cutters, Buggies and Harness.

I have in my Warerooms everything needed for the farm. In addition to the DEERING LINE of machinery I have a full line of Small Goods, Pumps, Whips, Robes, etc.

Ask about the famous Harab Fertilizers

BROADWAY, ORANGEVILLE

EUROPE THROUGH CANADIAN EYES.

Oddities and Pleasantries as Described by a Writer in The Farmers' Advocate.

The local guide is a personage of real importance to tourists. Into his care are delivered parties of all sizes on reaching places of note. Edinburgh Castle, Dryburgh and Melrose Abbeys, and Abbotsford, each had its special and only guide, who showed visitors through the scared spot which was his peculiar province and drew their attention to its many excellencies and associations. In London our party had several guides, one to each carriage load of fourteen to sixteen people. It is quite reasonable to say that without the help as these guides give more than half of the features of interest, would be missed by the passing sightseer. One of our party who had visited London some years previously said after we had been shown around that he could see more in one day this time than he was able to see in six days before when going by himself.

Guides are all alike in one particular, appreciation of and pride in the special place of interest which they are chosen to exhibit. But in most other respects their differences are as various as their number. In London, our guide was a person of such culture and such grace of manner as to make us realize how hard to match anywhere is a genuine English gentleman. Our guide at Edinburgh Castle was of another sort, an old Scotch soldier, stiff-necked and stately. Another was of the humorous type, whose little speeches always provoked a laugh. At Paris, the Frenchman, who did the honors, was informing, friendly, colloquial. He called himself our daddy. He believed himself to be a master in the use of English, not realizing that his accent made his speech almost unintelligible to us. But it was at Melrose Abbey that we met the guide whose intensity of spirit set us alternately smiling and reverently wondering. He was of Celtic blood, apparently, somewhat elderly. As one by one he pointed out the marvels of that grand old ruin, his passionate enthusiasm increased. With intense dramatic force he would now and again recite appropriate passages from Scott's poetry, thrilling us through and through. So moved was he by his own subject that he actually shed tears, so one of our party averred.

Wagons pulled by dogs, that is what we saw at Amsterdam and drawn by two dogs, in both cases trotting along happily. Many of the women market gardeners of Zurich have a good, strong dog to help pull their wagonloads of produce to town. These wagons will carry about half a ton and are fitted with a six-foot light tongue in front. On the left side of the tongue walks the woman guiding the rig, on the other the dog is hitched, doing most of the pulling. During market hours the dog lies quietly below the load of vegetables, but when the time comes to start for home he is ready and eager. We watched specially one woman—and dog—getting ready to go. The dog was in the traces again, and his mistress busied herself piling on empty or partly emptied baskets until all was snug. She then took her place at the tongue, but before starting spoke to the fine big dog, and patted him. He was scarcely to be restrained from barking joyfully when he saw that starting time had really come, but refrained from tightening his tugs until the woman had carefully got the wagon down from the sidewalk to the street pavement, and then he dug in his toenails, soon getting up speed, and they were off. All the working dogs we saw were well cared for and seemed much happier than those having nothing to do. They appeared to like drawing. In Amsterdam, we noticed a man pulling a milk-peddling cart up a sloping street. Close at his heels was a dog hitched to the axle, pulling as steadily and faithfully as the man, no one watching him, no one urging.

On our way through Germany and in Switzerland we quite frequently saw cows used as draft animals. Sometimes in pairs, but generally singly. In the field would be seen a woman busily collecting a load of produce, while a harnessed cow stood tied to the wagon. On a little place a few miles out from Zurich we had a near view of a cow between the shafts of a wagon, while two men loaded it with freshly cut hay. She was contentedly eating the luscious feed, while the men worked, seeming not at all to dread the coming haul. Her udder showed her to be a heavy milker. Possibly the light exercises she got did not lessen her production. Wouldn't it be great for a poor, lone woman with a little place to be able to do all her teaming and cultivating with the bountiful creature who supplies her family with milk and butter?

Among the little things which seem odd to a visitor from America are the door knobs, or rather the lack of them. There are none. There seems to be no difference in the lock and latch of the doors, but instead of a knob, as with us, the bar on which the knob is placed is, as it were, lengthened and bent at right angles. This bent iron is about as thick as the handle of an umbrella and is usually quite plain, though sometimes of ornamental design. When at rest it hangs downward at an angle of about 60 degrees, and to open a door you seize hold, turn till it points vertically downwards and pull. In public and other things much depends on the pull, and this particular style of door handle has the door knob beaten in that regard. As has been said, these plain door handles seemed strange at first, but finding them in use everywhere, on railway car doors as well as in hotels, one becomes reconciled to them and even in time ready to admit their advantages.

Our friends on the Continent literally loaded us with good things. In the daytime, of course, but at night as well. Fancy sleeping on a mattress at night with a feather bed a foot thick above you. In Holland, and all through Germany and Switzerland, that is how they ministered to our comfort. The bed above was not full size, it should be said. It was full width, but did not come up to the chest, being nearly square. We generally laid it aside and slept Canadian fashion, but not always. When the night was cool we would sneakingly forget to put it aside and found great comfort under its ample thickness. To speak truly, weight was scarcely noticed, so fluffy and light were the feathers, while the warmth for chilly lower limbs was unquestionable.

Of the kindness and consideration shown us almost universally it is impossible to speak too highly. For instance: A lady and her escort coming out from an evening session of the convention at Zurich had neglected to take an umbrella, and it was raining. A Frenchman, who had one, noticing their predicament, came alongside and shielded the lady from the rain right to their temporary residence. He was an entire stranger. A tourist got lost one night in making his way home from one of the meetings. In semi-darkness and the slanting and winding streets he got hopelessly mixed up in his directions. Boarding a street car in desperation he found the conductor could not speak English, but was able only to assure the stranger that the car was going in the wrong direction for him. A passenger observing the trouble, said in broken English: "I show you," and stopping the car and thus missing his own ride home, accompanied the bewildered delegate through cross streets to the door of his hotel.

On the vessel on which we returned across the Atlantic were a large number of French passengers, the boat though sailing from London having called at Havre. The representative of "The Farmers' Advocate" for business and pleasure became acquainted with many of these and found the return journey among such companions about the best of the entire trip. One of the Frenchmen, particularly jocose, became quite "chummy" with him and was dubbed by him: "The funny Frenchman." They played shuffleboard together or as opponents, made jokes on each other in bad English and worse French, and altogether had a joyous time. As the good ship drew near the dock at Montreal, the passengers, many of whom had spent happy weeks together, sought each other to say good-bye. Standing in a huddled group on the deck, each with grips in hand, waiting till the ship should touch the dock and the gang way be thrown up, the Frenchman's chum bethought himself that he had not seen his funny friend to bid him good-bye. A searching look over the crowd revealed him some distance off. Hurriedly making his way to where he stood they shook hands warmly in a long and strong grip, when suddenly the Frenchman threw his left arm around the neck of his tall, gray-bearded friend, pulled his head down and kissed him impulsively on both cheeks. No doubt a deep flush darkened the farmer tan, on the Canadian's face, as the prickles from the Frenchman's black moustache were distinctly felt for several seconds.

E. F. Purdon, radial operator at Thorold, was presented with a gold watch for bravery in jumping on two freight cars which had broken loose, and stopping them to prevent collision.

NUMBER 23 THE PROPRIETORS

"I ATTRIBUTE MY CURE SOLELY

And Entirely To Taking "Fruit-a-tives"

HULL, QUE., DEC. 24th, 1909

"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks.

Three doctors attended me for two years and gave me all kinds of medicine but did me no good. My weight came to only 85 pounds and everyone thought I was going to die. Finally, I had the good fortune to try "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved.

Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness.

I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as a miraculous remedy"

MRS. ANDREW STAFFORD.

50c a box, 6 for $2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

A Pastoral Love Affair

Combination of the Natural and the Artificial.

By ARTHUR BEMERTON

Copyright by American Press Association, 1913.

Bessie and I fell in love naturally—in fact, too naturally. I have often thought how pleasant it must be for the animals and birds to mate without having to look into each other's record. A tiger may not only kill a man, but eat him and mate with a most respectable tigress without any questions being asked. Two birds may meet on the branch of a tree and without the slightest knowledge of each other become mates. But man and woman must not only know all about each other, but be of the same grade and each have a clean record, or there comes a lot of trouble.

And the most singular thing about it all is that either of them will murder any animal, except their own kind, and eat the carcass.

I, being an artist, when the buds were beginning to open went into the country to catch that first delicate shade of pale green which appears on the trees at that season. I was sitting on my tripod in a wood working in the colors when I heard the bark of a dog, and a moment later a little terrier stood growling at me. A girl, budding like the trees, not into leaves, but into womanhood, hurried up, calling in a soft voice:

"Frisk! Come away, Frisk! What do you mean?"

I paid no attention to the dog, and there was no need for the girl to call him off, for he had no idea of attacking me, but he gave me an excuse for addressing the girl.

And yet I question if any excuse was required. People who meet in crowds are constrained by conventionalities. We two, meeting in a wood, with not a sound about us—when the dog had ceased barking—except an occasional twitter of birds engaged in nest building, felt constrained in another way. We were impelled to be companionable. I began by telling her not to mind the dog, that he wouldn't disturb me, and she sidled around where she could catch a view of my sketch. One thing led to another until we felt quite well acquainted. I had chosen a delightful spot to transfer to canvas. It was on a declivity. An opening in the trees below revealed a patch of landscape, while at my feet gurgled a stream, at this season well supplied with water from snows recently melted at higher altitudes. The air was balmy and laden with perfumes.

One has but to mention this outline picture to indicate the result. Given an opening spring in a wood, buds, wild flowers, twittering birds, a vista, a brook, a dog and lastly a young man and a young woman, both in the first freshness of youth, what follows? Why, exactly what the poet says—the young man's (and the young woman's) fancy turns to thoughts of love.

The result of this meeting was another meeting and another and another. I didn't count them; I was too preoccupied to do so. I painted so long on my picture that before I finished it the delicate shade I had come to the country for had grown into a dark green and the full grown leaves had blotted out the vista which gave the work more than half its beauty. But while this beauty was disappearing the bud of love was opening.

So much for the natural features of this story. Now come the artificial—viz, a girl's confession to her father that she had met her fate, but had not met with any knowledge of that fate's antecedents; then a command from the father, tears from the girl and a triangular condition between the father, the girl and the artist such as has taken place ever since the first primeval girl planned to give her father the slip and climb a tree with the first primeval youth, the tree being too high for the old gentleman to follow. Bessie's father was really as reasonable as we considered him unreasonable. He merely wished to know who I was. Since I had lived in South America from the time I was two until twenty-two years of age I must send there for my credentials, involving a delay of a month or more. What cruelty to force a pair of lovers to wait all that time in a state of suspense!

"Sweetheart," I said to her one day, "suppose the reply should come that I am an escaped defaulter, jailbird, murderer."

"I would not believe the story."

"But your father would," I added contentiously.

One day, after having painted alone in the wood, on leaving it I saw something half covered with shriveled branches and dead leaves. I examined it and found the dead body of a man. Horrified lest I might be implicated in a murder, I threw back what I had removed and was about to hurry away when I saw two men coming for me. Within five minutes I was on my way to the nearest police station.

My antecedents were now not so much needed to enable me to possess my love as to preserve my neck. The status had changed a second time. The case was not now one of a father, a girl and an unknown man, but a father, a girl and an unknown man accused of murder. I sent at once a note to Bessie, informing her of my trouble, encouraging her to keep up a good heart and assuring her of my innocence. Receiving no reply, I concluded that her father would not permit her to send a reply.

Brooding in my cell, I could not but revert to the good old primeval times I have cited before when a suitor might kill as many of his fellow beings as he pleased without being objected to on that score for a son-in-law. I had killed no one. I was merely suspected of killing a man. And if Bessie's father did not kill men he killed the next grade of animal below men—or other men did the work for him, which is just as criminal—and devoured the flesh. It seemed to me that the only logical beings are the beasts and the birds. They kill and eat each other without inquiring whether or no they are eating the same species, while man—well, this is what man does.

He kills and eats every animal below himself. To kill even one of his own kind he considers the greatest of crimes unless he kills them in battle, where the more men he kills the bigger man he is, which is exactly what made the chiefs among his savage ancestors.

I was so impressed with this reasoning that I asked my jailer for writing materials and wrote it down, or, rather, elaborated the bare skeleton I had thought out. When it was finished I asked to have it delivered to Bessie's father.

In due time a reply came as follows:

I have always desired my daughter to marry a man distinguished for something. Artists and poets are usually distinguished for their ideality. You, being one of the kind, share that distinction. You may further lay claim to being the most impracticable numskull that, to my knowledge, the world has yet produced. You have interested me in yourself and your case. I have retained the best criminal lawyer I can find to take charge of your case, and if your innocence is proved I shall deem my daughter honored in wedding such an eminent fool.

This reply stung me to the quick. I regarded it as tantamount to a refusal of his daughter's hand even if my innocence were proved. As to the lawyer he spoke of hiring for me, I wrote him immediately that I had engaged the most eminent counsel in the land and would have no need of the one he had retained.

What was my surprise, when I was folding and addressing this second letter, to receive a visit from Bessie.

She threw herself into my arms hysterically. I couldn't tell whether it was joy or grief that moved her. When she became calmer I spoke of her father's communication.

"Father has turned right around," she said. "He's your friend forever."

"Really?"

"Yes, really. He considers you innocent of this crime with which you are charged. He says that no man who could have written that letter could have committed murder and if he did he would convince the judge that there was no case against him, since there is no logical difference between killing a man and a steer."

"I am glad," I said, embracing her, "that in thousands of years one couple may in some respects return to the natural methods of our progenitors. Are you quite sure your father is sincere in his change of mind toward me?"

"I am. If he were not he would not have permitted me to come here to visit you. He says you are the first man he ever met who did not talk and act artificially. He's simply delighted with you."

I showed her the note I had written declining her father's offer of counsel. She burst out laughing. I asked what amused her.

"You haven't any money to pay counsel," she said.

"Upon my word! I never thought of that."

"You are ideal and impractical," she said. "That's the reason I love you." And she embraced me.

Our colloquy was broken in upon by the sheriff, who came in to say that the real murderer had been arrested and had confessed. I was free to go. At the same time he handed me a letter postmarked Rio Janeiro.

"Ah," I exclaimed, "my credentials!"

Slipping the letter in my pocket, I accompanied Bessie to her father's house. He greeted me warmly, and I handed him the credentials I had received at the jail. Removing the envelope, he began to read, his eyes opening wider as he read.

"Are you a fool or a knave?" he asked, looking up at me.

"Both," I replied.

"What is it?" asked Bessie.

"Why, daughter, this pastoral business of yours has resulted in your catching the only son and heir of the biggest coffee planter in Brazil. I knew when I received his note that he was an original, but I didn't know he was rich. You tell me," addressing me, "that you are both fool and knave. Will you kindly inform me of the introspective reasoning by which you have arrived at this result?"

"Well," I replied, "no one but a fool who has the career before him that I have would spend his time sitting on a three legged stool in a wood daubing, and no one but a knave would make love to a girl without her father even knowing that he is doing it."

It was decided that Bessie and I should be married in June, and I concluded for my prospective father-in-law's sake—who must have a noted man for his daughter, even if a fool—to return to Brazil. I told Bessie's father that I should like to be married in the wood on a carpet of June roses, whereupon he said that he had had enough of that nonsense and didn't wish any more of it.

So we were married in a very matter of fact fashion at the bride's home of course, and sailed a few days later for my country.

I am now one of the most prominent citizens of Brazil and consequently much out of my element.

BIG, HEARTY BABY BOY

Mrs. Beck's Fondest Hopes Realized—Health, Happiness and Baby.

Upper Lahave, N. S., Can.,—"I wish to thank you for the benefit I received by taking Lydia E. Pinkham's Vegetable Compound for female troubles from which I was a great sufferer, so that I was completely run down in health. Other medicine did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong. I now have a big, hearty baby boy, and praise your medicine for the wonderful lot of good it has done me." — MRS. ISRAEL BECK, JR., Upper Lahave, Lunenburg Co., N. S., Canada.

The darkest days of husband and wife are when they come to look forward to a childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to some derangement of the feminine system, often curable by the proper remedies.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A GUILTY CONSCIENCE.

"Second thief, best owner," says an old proverb, and an experience reported suggests that the saying may have been inspired by an umbrella. A Grand Avenue merchant found that he had no umbrella one day when a sudden rain came on. He worried along the avenue and across the bridge, debating whether to buy one. He was deterred by the thought that he already had three kicking around somewhere.

"When I got over on East Water Street," he says, "I spied Dick, an old friend of mine. He was carrying a fine silk umbrella. That wasn't what I thought about, though. I was overjoyed to meet him. But just for the joke of it I rushed up behind him and slapped him hard on the back and cried:

"Look here, old man, give me that umbrella!"

"The man turned, and to my surprise I discovered that it was not Dick but someone I had never seen before. I was covered with confusion and just making ready to apologise, when I noticed that the stranger seemed even more confused than I. He hastily closed the umbrella and pushed it into my hand.

"'I beg—I beg your pardon,' he said. 'I didn't know it was yours,' and he vanished around the corner.

"Seems as though he must have stolen it," said the merchant meditatively. "But I can't be it honestly, didn't I?"

Alliston curlers have reorganized.

A newsy named Vivian was arrested at Allandale, charged with stealing a suit case. He pleaded guilty and was fined $10 or one month in jail.

St. Paul's Church, Winnipeg, has sent a unanimous call to Rev. P. Bruce Thornton, of St Andrew's Church, Barrie, at a salary of $3000 a year with a manse.

For Hair Health

If Rexall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Rexall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rexall "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money whatever. Buy a bottle of Rexall "93" Hair Tonic, use it according to directions for thirty days, then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything, nor even to bring the bottle back. We won't obligate you in any way. We will take your mere word. Could anything be more fair? Could we do anything more to prove our belief in Rexall "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "93" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and $1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

THE UPPER CLASSES IN MOROCCO.

A Sidelight on the Social Side of the Aristocracy Among the Moors.

In nearly every article previously written on Morocco, attention has always centred on the poorer natives whilst the upper classes are scarcely even mentioned. An article in Chamber's Magazine, however, gives us some interesting details of the social life of the latter.

The majority of short-story writers are birds of passage, says the writer, if not actually tourists, and they naturally see little of the stay-at-home rich during their explorations. Let us disregard the scurrying crowds of donkey boys and water carriers whilst we study the habits of the wealthier classes.

There are two distinct types of Moors which strike us immediately. One is heavily built and fleshy, of Berber descent, often with a certain amount of Spanish or negro blood in his veins; the other, a typical Arab, haughty and aristocratic-looking, with lean, wiry frame, narrow forehead, and high cheek bones.

Those who are not obliged to do so seldom take any exercise beyond a short ride on a fat, easy-pacing mule to visit some outlying property, or a quiet stroll in the cool of the evening. At such a time the man of leisure makes an imposing figure, with his carefully trimmed beard and flimsy silken jellab.

In consequence of this habit of indolence, the heavily built and fleshy type at an early age fulfils the prayers of his well-wishers that he may "become greater." Fatness is much admired among the Moors, and this is the case all down the west coast of Africa. The lazy and gluttonous negro chiefs grow to an enormous size; their followers, in whose eyes might is right, forgetting that size does not necessarily indicate strength.

The most important of all Moors are the shereefs or saints. They are a large class, headed by the feudal lords, possessors of vast provinces and of pedigrees tracing their direct descent from Mohammed, and ending with the beggar by the wayside, whose only proof of saintship is that nobody can with certainty affirm that he is not one.

Next come the Government officials, a greedy, grasping crowd, as is only to be expected in a country where all offices are sold to the highest bidder. The successful candidate reimburses himself from the pockets of his subjects, and the knowledge that he will be ousted from his post as soon as another man steps forward with a sufficient bribe, makes his extortion more merciless and his justice more one-sided.

Then one naturally thinks of the lawyers, who—stripped of their Oriental setting, are much the same as their English brethren. Thin, sharp, featured men, clad in black, brown, or maroon jellabs, they sit and argue interminably in their dark little offices. Their slighest document is a mass of bewildering intricacies, their signature a whirling flourish that reminds one of a St. Catherine's wheel, and woe betide the unfortunates who get into their clutches.

The Moors have not reached that state of civilization which despises trade. The merchant, less affected by social upheavals than the Government official, maintains his independence, and grows fat and sleek through sitting all day in his little, box-like shop. His faith in Allah never wavers. If trade is bad, it is the will of the One God; and if he succeeds in extorting treble the value of his goods from the unwary, he praises Allah for having sent him fools and simpletons.

The gilded youth of Morocco is not much in evidence before sunset. The Moorish proverb says, "Tell me with whom you sup and I will tell you what you are," and a search among the narrow lanes, with their discreet white walls rising on each side, will disclose a party of languid, dissolute young men assembled for the evening. In spite of Mohammedan religious teaching, wine and whiskey circulate freely as they sit in groups over chess boards or cards. Spanish cards are used, money changes hands freely, and when this comes to an end the luckless player stakes the clothes on his back. 'A thousand drunkards are better than a gambler' is a native proverb, and its author must have known too well the frailties of his countrymen.

Misers form an unusually large class in Morocco. On account of the rapacity of those in power it is unsafe to allow one's neighbors to see one's wealth, and in consequence any hereditary propensity for amassing money is developed and intensified. The Susis have a great reputation for avarice, and untold wealth is supposed to be buried in their country, the owners of which are long since dead, or are wandering about with empty stomachs, clad in ragged clothes, living illustrations of the saying that 'Too much is brother of not enough.'

But amongst all these evil types there are many noble-hearted men who mould their lives according to the dictates of Mahommed and give alms freely. Moors give alms in much the same spirit as we go to church. It is the fashion—practised since time began, and very soothing to a disturbed conscience. So universal is this almsgiving that it is almost impossible to starve in Morocco. Consequently every one who is too lazy to work begs; it is a recognized profession, and the prosperous beggar has his musicians who, with weird and unearthly discords, herald his approach and proclaim his piety.

Judging from the depravity of the Government and of those on whom greatness has been thrust, the popular theory that it is the evil doers who flourish holds good. 'I have never done any good, so why has this evil befallen me?' is the cynical cry of an evil old reprobate suddenly stripped by ill-fortune of his possessions.

OVER GROWN.

When Miss Patience Gregg went from her New England home to pay a visit to her brother in Alabama, she expected to see many strange things. "But I don't cal'late t' give Ben's folks any chance t' git a laugh on me for bein' a greenhorn," she announced to her neighbors. "I intend t' keep my eyes open, an' I guess I shall get along as well as the next one."

True to her purpose, Miss Patience expressed no surprise at any of the unusual things she saw and heard in her brother's Southern home, somewhat to the disappointment of the Alabama family, who had anticipated much pleasure in showing her sights to which they knew she could not be accustomed. Miss Patience kept her surprise to herself and went to bed every night with her head in a whirl of bewilderment.

One day, however, she made a slight mistake. It was at the dinner table where a dish of boiled crabs was placed before her. She looked at them and for once her surprise got the better of her.

"Good Land o' Nod!" she ejaculated as she surveyed the dish through her iron bowed spectacles. "I must say the spiders grow larger down your way than ever I seen them anywhere's else!"

Mr. John Ross, of Pilkington, suffered a heavy loss last week. On Tuesday morning he found his well known stallion, Sir Walter of Inverhaugh, lying dead in the barn, and also his fine grey driving mare with her leg broken so that she had to be destroyed. His loss will run between $1,700 and $1,800.

Had a Stroke of Paralysis

And Found a Cure in Dr. Chase's Nerve Food.

It is always better to prevent serious diseases of the nerves. There are many warnings, such as sleeplessness, irritability, headaches and nervous indigestion.

Prostration, paralysis and locomotor ataxia only come when the nervous system is greatly exhausted. Even though your ailment may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages.

Mrs. R. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband and we cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

SAFETY FIRST.

The New Watchword of Modern Industry.

The "safety first" movement embraces every branch of the industry, and has, as its object, the reduction of the number of accidents among industrial workers. It may be said to consist of two parts. The first deals with the use of all kinds of safety appliances and the second, with the prevention of accidents by the education and co-operation of the employees. In Canada, the Provincial Factory Inspection Acts and Mine Regulation Acts, to a certain extent, deal with the former, but, as yet, little has been done by corporate enterprise with regard to the latter.

The movement originated with the United States Steel Corporation, and, up to the present time, it owes its effectiveness and achievements almost entirely to corporate enterprise. The co-operation of the men has also been obtained to a marked extent, chiefly by the formation of "Safety First" committees on which the men are represented and which make suggestions concerning the work. Rewards are given when suggestions are adopted and, in the case of the Steel Corporation, the majority of the most useful hints have come from the employees. The "safety first" policy has also been adopted by many of the Canadian and American railways and has been the means of effecting a marked diminution in the number of accidents. During 18 months of its operation on the Chicago and Northwestern railway there has been a reduction of 51½ per cent. of the injuries. In the case of the Steel Corporation a reduction of 43 per cent. in the annual loss from accidents has been effected. Financially this represents a saving of over $2,000,000 to the country, and, at the same time, a gain in working time to the company.

In Germany and in the United States, National Safety Bureaus and Museums have been established for giving information concerning safety appliances and for exhibiting the same.

It is pleasing to note that in July the Canadian Copper Company appointed a safety engineer in connection with a "safety first" policy for their mining and metallurgical plants. Although well trained rescue corps have been established at coal mines in Canada for the prevention of certain classes of mine accidents, this is the first decided step in the "safety first" movement among metal mines in Canada.—W. J. D. in Conservation.

HIS CONSCIENCE.

Sunday School Teacher—"What is the conscience?"

Bright Boy—"It's wot makes you worry w'en yo get found out."

SHILOH quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents.

ODD CRAFTS IN A BIG CITY.

How People Make a Living.

A Few Samples of Curious Callings in Toronto—Strictly Up-to-date, Too.—Are Many of Them.

Down on Richmond street a specialist was at work. He claimed to be in a position to repair any fractured machine without removing any or but very few parts. A blacksmith had taken him at his word and was standing by while this master of heat was uniting the piston rod of his steam hammer. "We had a bad break this mornin'," the smith told The Telegram. "We just turned our hammer on when the rod snapped right in two. To get a new one would be a lengthy job, and we would be without a hammer. This fellow claims he can weld it inside of four hours."

When the operator put his work aside to cool he shut off his blow pipe and came out to the door for a few whiffs of fresh air. His face and eyes were protected with a heavy leather hood and deep orange-green glasses.

"There is nothing new about my burner," he said, "but I use a secret flux of my own which unites the broken parts very quickly. In my lamp I burn acetylene and oxygen, and that is the third hottest flame known to man."

After the rod had cooled in the sand, the jagged parts were removed with a file, and the rod was as strong and straight as ever. He had made good his claim.

Farther along Richmond street a rickety old staircase led to the upper floor of a factory even more rickety than the stairs. Up here was found a man who is a "compression" specialist. His job consists of making pure oxygen, hydrogen and nitrous oxide or dental gas and compressing forty cubic feet into a little steel bottle not much larger than a 10c ginger ale container. This might sound like an easy way of getting rich, but if you take a look at his barometers, thermometers and pressure recorders and then figure out that all his gases must be kept separated, you will probably change your mind.

"Those little bottles have been tested by the British Government," he said, "and each one is guaranteed to refrain from bursting up to a pressure of two tons on every square inch of the inside."

Just then a doctor's chauffeur came in. "Is Dr—'s oxygen ready?" he asked.

"Right there; number 14," and the young man picks up the forty cubic feet of gas as though it was a package of shredded wheat, and walks down the rickety old stairs.

A little corner of a certain brick machinery works was not needed and the boss thought he might rent it with power.

One wet day, a few months ago, an Englishman stopped before the dripping sign and decided it was just what he was looking for. About one week later he had his little plant installed and was turning out a new acetylene cake which could not explode. Soon several big railway contractors were after him with orders. They found that his cake was not only safe but cheap and gave brilliant gas. This was a great help for night work. Then some country ministers got after him, they had found his cake to give a very fair light for magic lanterns.

He was hard at work when The Telegram called, and his big press was turning out the cakes in great shape.

"The people who praise my cake," he said, "would have a great laugh if they knew how simply it was made—but what's the odds? I have the patent."

Down in the Union Station a man was found who spends his working hours by whacking car wheels and trucks with a hammer to see if any screws or rivets are loose. He is such an expert that the first tap of his hammer is sufficient to show him the condition of the truck. Another man up Yonge street earns his daily bread by forcing acetylene gas into small cylinders to be carried by automobiles and motor bikes.

Another was was found who makes a regular round of all the big downtown offices to keep the adding machines in perfect order. He knows every machine from start to finish, and scarcely needs to touch one before he can spot the defective portion.

Over on church street a few men were seen at work while their benches and floor were just covered with feet, legs, hands and arms. No, there was not a series of murders—these men were just specialists on the manufacture and fitting of artificial limbs and deformity appliances.

On Shuter street a man was found who could probably head the list for peculiar occupations in Toronto. He is a specialist on ridding houses of vermin.

He has made a study of these animals and knows their habits like a book. He understands exactly what they like and what they don't like.

One of the officials of our health department speaking of this man recently, said: "He can go into a house, mix up his powders and spray and rid a room of bed bugs almost immediately." He has a regular charge—so much a square foot or by the room.

—All kinds of Public School supplies sold at The Banner Bookstore.

One door east of Bell Telephone Office, Opposite Sterling Bank

AN AMATEUR DETECTIVE.

Sherlock Holmes has a promising rival in a barber. He astonished one of his customers the other day by asking him if he were not left-handed. The man admitted that he was and suggested that the barber had probably seen him hang up his hat.

"No," said the barber; "I have other ways of finding out such things. I see, too, that you are a bookkeeper."

"Yes," admitted the customer. "Your guesses are correct. How do you know?"

"It's easy," said the barber. "In shampooing your head I noticed ink on your hair at the left temple. This ink, I concluded, must have gotten there from a pen resting on your left ear, which indicated that you were a person who used a pen a great deal, as only such persons use their ears as penracks.

"That didn't convince me that you were a bookkeeper, however, because a literary man might stick his pen behind his ear for convenience. I learned of your profession when I applied the lather. This made the ink on your hair wash out, and I discovered two shades of ink—red and black. Nobody but a bookkeeper uses red and black ink, so it was easy to class you as a bookkeeper.

"I knew that you were left handed because the ink was on the left side—the side that a left-handed writer would involuntarily use when sticking his pen behind his ear."

"Wonderful, wonderful!" said the customer, "Now suppose you stop talking for a while and finish shaving me."

Fergus Curling Club has organized for the season.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Rexall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Rexall Dyspepsia Tablets will satisfy you? Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

MEAT AND MILK.

Meat and milk are two articles of diet which cannot well be substituted, and, now that the beef prices are stiffening, the cow which is able to produce a reasonable flow of milk and to raise a reasonably suitable beef type of calf is sure to be much in demand. Notwithstanding the fact that some specialists, breeders of the dairy breeds have maintained that no cow could be bred for milk and beef, the dual-purpose animal has grown in favor. For the specialist the extreme dairy type, as it is found in our recognized dairy breeds, is the cow. We do not dispute the fact that a dairy cow bred for generations with milk and butter-fat the goal is likely to produce more milk or more butter-fat than a dual purpose cow, neither could anyone rightfully hold that the extreme beef animal produced after generations of breeding towards the square, blocky type, evenly and firmly covered with a mellow fleshing is the animal from which the highest type of beef animal would come; but the average farmer is not a specialist. There are only a few men who would make successful specialists. By far the larger number of our stockmen are mixed farmers. True, many have a preference for a certain breed or class of stock and it is well that they have, but after all it is a mixed-farming country. Mixed farming means live stock, and, with market conditions as they are at present, the cow which returns profits on milk produced and at the same time raises a fairly thick calf, good enough to bring top prices as finished beef, looks like a safe and sure part of the farm stock. It has been said that such cows do not breed calves like themselves. It must be remembered that it took decades upon decades to develop the best breeds of live stock we have to-day. So with the dual-purpose cow. It requires time, and while variations are sure to occur, the breeder must pin his faith to the old standby, "like tends to produce like," and with the requirements of the heavy milker and the beef animal firmly fixed in his mind, breed to blend the two into a heavy-milking, easy-feeding type, producers from both ends of the business.—Farmers' Advocate.

THE MONTESSORI SYSTEM.

In recent discussions on education speakers have criticized the Montessori system adversely, declaring it to be based on atheistic philosophy. This would seem to indicate that the method is not clearly understood. Dottoressa Montessori believes that the business of growing mentally cannot be delegated to another person. As a child's body grows of its own accord, so should its mind grow. But in both cases suitable environment and guidance are of assistance.

So the Montessori schools are arranged to help the natural acquisitiveness of the child mind. Without irksome restraint the small pupil learns to distinguish between different sizes and shapes and colors. Freedom of bodily action during lessons enables children to concentrate attention on the games which are the mediums of instruction. A child entering a Montessori school may wander from one group to another at will. There are no time tables, no set lessons and no classes. A child within a month or six weeks starting to attend school, as a rule will be able to write. He does this of his own accord and at once writes complete words, not as letters of the alphabet; as a baby first speaks a complete word and not merely a single syllable.

So far the system has been applied only to children between the ages of three and seven years, and with astonishing results. Mr. E. G. A. Holmes, who reported on the Montessori schools in Rome for the British Board of Education, is of the opinion that the method might be extended with advantage to older pupils. He appears to be convinced that the child who is engaged to learn acquires information more quickly and thoroughly than the pupil whose mind is treated as a storehouse into which a teacher may pour knowledge.

From observations made in schools not directly associated with the Dottoressa or her trained assistants, he feels impelled to sound one serious note of warning. Unless the system is installed in its entirety, and is carried out by teachers who understand the principle and are in sympathy with the methods, it can result only in failure. Amateur experimenters with parts of the system are worse than useless.—The Daily News.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers or Edmanson, Bates & Co., Limited, Toronto. If you mention this paper and send 2c. stamp to pay postage.

FALLIS WON,

Conservative Candidate Carried Peel by 385 Majority.

Liberal Candidate Carried Brampton, but Was Beaten in the Townships.

The bye-election held in Peel County on Monday to fill the vacancy created by the resignation of Mr. S. Charters, who has since been appointed registrar of deeds for the County, resulted in the return of Mr. James R. Fallis, the Conservative candidate, by a majority of 385 or thereabouts. When the official returns are announced there will probably be some minor changes, but they are not likely to show any material change in the majority. Mr. A. H. Milner, the Liberal standard-bearer, ran well in Brampton, where he converted a small Conservative majority into a Liberal majority of 24. He did not do as well in the townships. Chinguacousy, which used to be good for 150 for the Liberals, only gave him 92. He carried Toronto Gore, but Toronto, Albion and Caledon townships and Bolton and Streetsville villages all rolled up Conservative majorities. Caledon, which is usually very close, gave Fallis a lead of 21 on a light vote. There was not much interest in the fight at this end of the riding, but the contest was decidedly warm in Brampton and the south end of the constituency. Leader Rowel's "Banish the Bar" policy does not appear to have brought Milner many Conservative votes. Temperance Conservatives voted for Fallis, who has a clean, straightforward record on this question, and seemed quite content with the Whitney method of solving the liquor problem by means of local option and a strict enforcement of the existing license Act.

We have been unable to secure complete returns of the vote polled. The majorities, which follow, are, however, fairly accurate, and will serve to show how the day went at the different polls :—

Maj. for Fallis 385.

At the last Provincial election in December, 1911, Mr. Charters defeated Robert Smith, of Bolton, by a majority of 710. This was probably the largest majority the constituency has ever given any political candidate. For purposes of comparison we append hereto a statement of the result by polling divisions.

Brampton.	Charters.	Smith
East Ward	125	78
North Ward	116	79
West Ward	121	89
South Ward	108	88
	470	334

WHERE ONTARIO STANDS.

The position and strength of the movement for the suppression of the liquor traffic in the Province of Ontario may to some extent be learned from the following tables :

Municipalities under prohibition	502
Municipalities under license	333
Total liquor licenses granted 1875	6185
Total liquor licenses granted 1913	1620

The number of wet and dry municipalities in each of the last seven years has been as follows :—

Year.	Wet.	Dry.
1906	552	242
1907	508	286
1908	492	312
1909	475	332
1910	407	405
1911	380	440
1912	365	463
1913	333	502

The foregoing figures do not show what has been the extent of the fighting, inasmuch as there have been many contests in which the temperance party have not been victorious. All the changes from wet to dry indicated in the foregoing table were won by the polling of a fifty per cent. majority in favor of prohibition in each municipality. Under the Ontario law a municipality cannot carry prohibition unless the vote for prohibition is fifty per cent. more than the vote against it. During the seven years in question, the temperance party had majorities less than the necessary fifty per cent. in 235 contests.

During these seven years, from 1907 to 1912 inclusive, the total number of contests was 535. The liquor party had majorities in 147 cases, and the temperance party had majorities in 388.

There were also some contests brought on by the liquor party in "dry" territory with the hope of turning it over to "wet." This movement was a sad failure. The following table shows the number of places in which the liquor party might have brought on repeal contests in each of the last five years, the number of places in which they actually did succeed in bringing on repeal contests, and the number of cases in which they won in the contests they brought on :—

Year.	Dry Places that Could Have Voted.	Dry Places that Did Vote.	Dry Places that Voted. Wet
1909	97	29	2
1910	111	12	2
1911	134	3	0
1912	178	15	1
1913	240	22	1

The foregoing table shows that prohibition stays when it has been adopted. In a number of the places that were open to repeal contests, the repeal might have been secured by a simple majority in its favor; in others a three-fifths vote would have been required.—The Pioneer.

Harriston public library has been given a thorough renovation.

MARKET REPORTS

ORANGEVILLE.

Flour, per barrel	$5.00 to 6 00
Fall Wheat, per bushel	82
Goose Wheat " (sound)	75

Hams and Sides	15 to 17
Cord Wood, cord	10 00
Lard, per lb.	15 to 17
Tallow, per lb.	5 to 6

DRESSING POULTRY.

Suggestions on Crate Fattening and Preparing Fowl for Market.

Mr. H. A. Dorrance, District Representative of the Department of Agriculture, has issued a circular, which contains a fund of helpful information on Crate Fattening and Dressing Poultry for Market. The circular reads in part as follows :—

The appearance of the dressed poultry on the various markets throughout Ontario at this season of the year is a very good indication of the need of adopting better methods of fattening and preparing this product, if the farmer is to secure the best results. The sharp contrast between the properly fattened and well dressed carcasses and the half fattened and poorly prepared ones, as may be seen on any large poultry market, should be sufficiently convincing to prove that there is something wrong with the common way of feeding and dressing our poultry. Practically all the dressed poultry on our markets comes from the farm, where up to a certain age the cost of growing and producing is very small. Poultry is generally put on the market before it is much more than half fattened, and even then, poorly dressed. By proper crate fattening and careful dressing we can quite easily increase the returns from our dressed poultry by at least 25 per cent. Well finished, crate fattened chickens will sell at from 3 cents to 7 cents per lb. more than the ordinary yard fattened fowl. Many poultry men are taking advantage of this by buying up poorly fattened live birds and finishing them for the market by crate feeding. This "proper finishing results in handsome profits, which could easily be secured by the average farmer if he would do his own finishing. At all the large packing houses there are special fattening rooms, where thousands of birds can be fattened. The birds are culled as they arrive from country points and all the thin ones are put into crates and fattened at a large profit. The market for high quality poultry is unlimited, and the increased prices that may be obtained for properly finished poultry should greatly stimulate the production of chickens. Each farmer can profitably raise from 100 to 200 chickens each year, keep the pullets for winter eggs and market the cockerels as broilers, if sold early during the summer, or later as crate fattened roosters.

The best returns are secured by crate feeding during the cool months of Autumn, beginning with September when the appetite is naturally keen. Vigorous growing birds of about four months and weighing from three to four pounds give excellent results. The utility breeds, Rocks, Wyandottes, Orpingtons, Rhode Island Reds or crosses of these, are to be preferred in about the order named, though much depends upon the individuality of the birds. The object of crate fattening is to plump out the breast and body so that the bird will have an attractive appearance when dressed. Cockerels should be crate fed from two to three weeks. On placing in the crates, the birds should be starved for a day and fed very lightly for the first few days. The amount of food is gradually increased, but the appetite should always be kept so keen that no food is ever left in the trough. They should be fed only twice a day, morning and evening, and may be taught to eat by lamp light, if that time of feeding is most convenient.

Crates for fattening are usually 7 feet 6 inches, 18 to 20 inches high and 18 inches wide. These are divided into three compartments, each holding from four to five chicks, according to size. Except for the ends and partitions, the whole crate is made of slats 1½ inches wide by ⅜ of an inch thick, the top and bottom ones running lengthwise, the slats on the bottom being one inch apart while those on the top are two inches apart. The side slats run up and down and are two inches apart. These crates should rest a couple of feet from the ground and should be placed in a quiet, dry, cool place, or in warm weather may be left in the shade of the orchard. A V shaped trough running along the front is used for feeding.

Oats, finely ground, with the hulls sifted out, may form the greater part of any feeding ration, or two parts finely ground oats, one part finely ground buckwheat, one part finely ground corn, one part low grade flour, made to the consistency of pancake batter, with buttermilk, or skim milk, is a very satisfactory ration. These rations produce a firm, white flesh of superior quality. Grit or fine gravel should be given twice a week. It will require about four pounds of meal to give a pound of gain in a bird, and in the fattening period of three weeks each bird should make a gain of 1½ or 2 pounds, if in a good condition when placed in the crate.

Before killing, the birds should be starved for 24 hours that they may keep better. The killing is practiced in two ways :—

1. By dislocating the neck.
2. By sticking and bleeding.

The former method is quick and simple and prevents loss of weight from bleeding, but the latter, though difficult to the beginner, makes the plucking a little easier, and the bird has a slightly nicer appearance when dressed. As soon as killed the birds are "dry-picked." Cooling makes this much more difficult and there is a danger of tearing the flesh. In no case should scalding be practiced in plucking. Small rings of feathers are left on the neck and head and at the joints of the legs. As soon as dressed, the birds should be placed to cool in a shaping board, with the feet folded under and the wings crossed on the back. The shaping board is simply a V shaped trough, each bird being placed in a trough on its breast with its neck and head projecting over the edge. When shipping, always be sure to specify "Milk-Fed, Crate-Fattened Chickens."

The heavier the chickens are the better prices they will bring, as the dealers prefer roasters weighing from six to eight pounds dressed weight and pay a premium for the heavier birds. The birds should be packed in boxes or baskets and wrapped in parchment paper or cloth.

Edward Bacon Dead.

Edward Bacon, an oldtime resident of Orangeville, died in Sault Ste. Marie, Mich., on October 10th, at the age of 67 years. Deceased left Orangeville about 30 years ago and moved to St. Paul, where he has resided the greater part of the time since. His death, which was due to heart collapse, occurred very suddenly. He is survived by a widow and a family of five daughters and two sons.

Mrs. O. R. McVittie Dead.

The death of Mrs. McVittie, wife of Mr. Chas. R. McVittie, formerly of Orangeville, occurred at her home in Renfrew a week ago Thursday. The funeral took place from the home of her sister, 159 Rose Avenue, Toronto, to Mount Pleasant Cemetery on Saturday following her death. The late Mrs. McVittie was a daughter of the late John Boyd, of Toronto. She was well-known in Orangeville, having resided here for a number of years. Her husband is a brother of Mrs. Walsh, wife of Mr. Justice Walsh, of Calgary. Besides her husband, who was for many years Deputy Clerk of the County Court of York, she is survived by one son, Mr. Gordon McVittie.

Mrs. Thos. Harrison.

On Friday morning, Oct. 31st, there died at her late home, lot 18, 1st line, west, Caledon, Jane Danby, beloved wife of Mr. Thos. Harrison, in her 73rd year. Her death ensued after ten months patient suffering from a severe illness, which attacked her while visiting at the homes of her daughters in Toronto. Always of a strong and robust constitution, strong hopes were at first entertained for her recovery and everything that medical skill and nursing could devise was done to that end. Unfortunately, that dread malady, Bright's disease, had obtained a firm lodgment and baffled all that the best medical skill could do and eventually caused her death. Born in England 73 years ago the late Mrs. Harrison came to Canada with her parents at the age of 11 years. Her father, the late Benjamin Danby, settled in Toronto township in the County of Peel and some years later settled on lot 12, Centre Road, Caledon. She is survived by two sisters, Mrs. Robert Phillips, of Fort Saskatchewan, and Mrs. William Moffatt, of Caledon. Besides her husband she leaves to mourn the loss of a true and loving wife and mother, three sons and six daughters, all being married except two of the sons, Ben. and Norman, and one daughter, Ada, at home. The funeral was held from her late home to the Forest Lawn Cemetery at Orangeville on Sunday afternoon and was very largely attended by relatives and friends alike, showing the high esteem in which the deceased was held. The bereaved family and relatives have the sympathy of their many friends in their great loss.

Robert Jackson

Mr. Robert Jackson, an old and widely known resident of Caledon township, died at his home near Shrewsbury on Monday at the ripe age of 76 years and 6 months. Deceased had been in failing health for the last two years, but was taken seriously ill only about two weeks before his death. Mr. Jackson was a native of Adjala township, but had resided in Caledon for upwards of 50 years. He was a widower and is survived by a family of four sons and a daughter. Two of the sons, James and Edgar, are living in Saskatoon. Geo. S. resides in Caledon and Cecil and the daughter, Miss, live on the homestead. The late Mr. Jackson was identified with the Anglican Church and in politics was a staunch Conservative. James Jackson, of Orangeville, William and Alexander Jackson, of Mono Mills, Mrs. Thos. Holmes, Caledon, and Mrs. Neil Drummond, Adjala, are the surviving brothers and sisters. There was a very large attendance at the funeral, which was held from his late residence to St. John's cemetery, 7th line, Mono, yesterday afternoon. The pallbearers were the three brothers and three of the sons, George, James and Edgar. Rev. R. J. W. Perry conducted services at the house and grave.

CAMILLA.

Mr. and Mrs. William J. Manley and daughter, Margaret, of Shelburne, were the guests of Mr. and Mrs. John Manley, Prince of Wales Road, on Sunday.

WHAT A GREAT MAN SAID TO THE GREAT CANADIAN PEOPLE

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life perfecting this great hair tonic.

In giving his recipe to the Canadian people he said: "Parisian Sage is the most delightful hair dressing in the world." It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots. Stevenson's Drug Store sells Parisian Sage in a large fifty cent bottle—and guarantees it to do all that is claimed for it, or your money is refunded. It stops falling hair dandruff, itching scalp and restores life and beauty to dull faded hair in two weeks.

This Woman Knows
How D. D. D. Cures Skin Trouble

(This letter is just received:)

Toronto.

"I am the mother of twelve children. I took a bad leg at the birth of my last child. I was laid up five weeks, with a doctor attending me who does nothing but treat this kind of skin disease. Six weeks ago I heard of D. D. D. As I used to tear my leg at night until it was a bleeding mass I applied a bottle of D. D. D. I can't tell you the ease it gave me. I never used to sleep with the pain. Many a time I nearly fell with dizziness from want of sleep. Now my leg is completely healed up, thanks to the blessed D.D. D. I never expected a cure. I only got D.D.D. to take the terrible itch away. But by degrees I saw the big sore getting smaller. I have a thankful heart today.

Mrs. Stitt, 202 N. Weston Rd., West Toronto.

The cures of D. D. D. are past belief. All druggists have this soothing, cooling wash and also the efficient D.D.D. Skin Soap.

Come to us and we will sell you the first full size bottle on the understanding for practical purposes increased the pain as we guarantee that it will stop the itch at once or your money refunded.

T. F. & T. J. BROWN, Druggists, Orangeville.

CAMILLA.

Mr. Tom Campbell left for Guelph on Monday. He intends working for the Bell Telephone Co.

Mr. and Mrs. Walter Scott and son, are visiting at their homes here.

Miss M. Mills, of Orangeville, was the guest of her friend, Miss Robena Thompson, over Sunday.

Mr. Robert Hume is visiting at the home of his daughter, Mrs. Alex. Lundy.

Mrs. Thos. Kidnie, of Relessey, spent the week end with her sister, Mrs. Ern Curtis.

Mr. and Mrs. Harry Christian and daughter, of Coleridge, spent Sunday with the former's brother, Mr. Herb. Christian.

Mr. and Mrs. W. Tennant, of Parry Sound, intend spending the winter in this vicinity.

Mr. Will Parks left on Friday on a deer hunting expedition to Muskoka.

Rev. A. J. Fowlie and Mr. W. A. Henry returned home Friday after an enjoyable and successful duck hunting tour in the north.

A pleasant evening was spent at the home of Mr. Thomas Buchanan last Friday. The good ladies of the Institute treated those present with a sumptuous fowl supper. A programme by local talent was enjoyed after justice had been done to the fowl. Musical selections were given by Misses Gladys White, Florence Durkin and Nina Bremner, also Messrs. Robt. Reid, Fred Thompson and Fred Buchanan. Master Allan Marshall favored those present with several readings. Speeches were made by several, and most heartily enjoyed by all.

The hob-goblins were surely abroad Friday night as signs of their ravages were conspicuous until a late hour Saturday. However, we hope no one in this locality suffered severely from the pranks played by these creatures. No terrible disasters are reported.

Miss Mabel and Mr. Norman Rayfield were guests of Black's Corners friends on Sunday.

Children's Aid Society.

A meeting was held in the auditorium of the Public Library on Tuesday afternoon for the purpose of organizing a Children's Aid Society for the County of Dufferin. Among those present were Judge Fisher, Mayor Island, County Crown Attorney W. J. L. McKay, Rev. Father Egan, Rev. W. M. Morris, Rev. G. W. Tebbs, Rev. G. W. Robinson, Rev. A. E. St. Dalmas and Chief Marshall. The meeting was unanimous in its decision to organize a Society for the purpose of carrying out the provisions of the Children's Protection Act. Officers were elected as follows :—

Hon.-Pres.—Judge Fisher.
President—C. R. McKeown, M.P.P.
1st Vice-Pres.—R. A. Riky, Shelburne.
2nd Vice-Pres.—Thos. Watson, Grand Valley.
3rd Vice-Pres.—Father Egan.
Secretary—Rev. G. W. Tebbs.
Treasurer—D. McCallum.
Hon.-Physicians—Dr. Kyles and Dr. Carson.
Hon.-Solicitors—Crown Attorney McKay and Mayor Island.
Agent—High Constable Marshall.
Auditors—Messrs. Elmer Still and Jno. E. Smith.
Trustees—Judge Fisher, C. R. McKeown, M.P.P., Mayor Island.

The Secretary was instructed to write Mr. J. J. Kelso for the necessary Order-in-Council giving the Society the usual statutory powers. The Society will hold its annual meeting on the first Tuesday in November of each year. The Secretary, Rev. G. W. Tebbs, was instructed to call a public meeting in the near future, for the purpose of having an address from Mr. Kelso. Mr. A. W. Gunton, the Provincial Inspector, was present at Tuesday's meeting and explained the working and purpose of the Children's Protection Act.

—Public School supplies of all kinds at The Banner Bookstore.

Dr. Hare's Goitre and Thick Neck Preparation has Cured and Relieved Hundreds of Other People---"Why Not You?"

We have been recommending and selling this Medicine to a considerable extent, and are receiving the best kind of evidence that is doing exactly as we said it would. That's why we can recommend you to try it at once if you are troubled with Goitre, Thick Neck, or any unnatural enlargements of the neck. Do not delay a day—the longer this disease is neglected the more difficult to effect a cure. Dr. Hare's Goitre Cure sold only in this community at

Local News

—The beechnut crop is said to be a complete failure this year.

—Harris Masonic Lodge will hold a Postmasters' Night next Tuesday night.

—Bargains in some lines of Boots and Shoes at McPherson & Johnston's.

—Great values in Overcoats at $10, $12 and $15 at McMillan Clothing Co's.

—McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

—We regret to learn that Mrs. L. K. Johnston is seriously ill. She is under the care of a doctor and trained nurse.

—Joshua Doherty, 1st street, has the misfortune to fall off a wagon the other day and break one of his ribs.

—Richard Giles, a local contractor, is building himself a house in Brampton and will move to that town as soon as he has it completed.

—The Anglican Young People's Association will hold their first Musical Evening on Monday next. Come and hear the new orchestra.

—The Town Council held a short meeting on Friday evening to consider certain alterations in the plans for the improvements to the town hall.

—Her friends will be pleased to learn that Mrs. D. McCallum, West Broadway, is rapidly regaining strength after her recent severe illness.

—L.O.L. 33), Laurel, will hold a big banquet on Friday night. Revs. G. W. Tebbs, W. M. Morris and the local ministers will be the chief speakers.

—If you want bargains in boots and shoes call on McPherson & Johnston this week. They have some lines on sale at prices that will interest you.

—Mrs. J. W. McMaster, Prince of Wales Road, Mono, who has been laid up with a threatened attack of pneumonia, is improving and will soon be about again.

—Mrs. D. A. Hogg, who has been quite seriously ill, is nicely on the way toward recovery. Her friends unite in the hope that she will soon be enjoying her usual good health."

—Mr. A. C. McCague, of Berton, formerly of Relessey, who has been ill for several months, underwent an operation in a Toronto hospital a week ago Thursday. He is getting along nicely.

See J. D. Torrie's Special Black and Blue Suit to order at $22.00.

—Mitchell's Church fowl supper Monday night was a big success despite the unfavorable night. The church was crowded to the doors. Supper and programme were both first-class.

—Mr. H. Stuckey has on exhibition in his store in Caledon a potato that measures 21½ by 13 inches and tips the scales at 2 lbs. and 12 ozs. The tuber was grown by Frank Johnston, 1st line, west, Caledon.

—James McKinnon, 4th line, east, Caledon, has harvested 2000 bags of potatoes from 10½ acres of land. This is a record yield for this year, as generally speaking the crop has been light owing to the dry season.

—Hallowe'en passed off very quietly in town. Juvenile pranksters were out in large numbers during the early part of the night, but for the most part confined their funmaking to door bell ringing and other harmless frolics.

TAX NOTICE.

Taxes for the Townships of Amaranth, Mono, East Garafraxa and Caledon may be paid at the Bank of Hamilton, Orangeville. 4t

—The new plate glass front, which has just been put in, adds greatly to the appearance of McPherson & Johnston's boot and shoe store. The firm has an attractive and up-to-date business place now.

—Messrs. Jas. A. Arnott, J. Hasken, C. V. Jeffers and Clare Johnston, of this town, and Herb. Nelson, of Caledon, left on a deer hunting expedition last Thursday. They will join another party at Parry Sound and camp in that district.

—A large majority of the Orangeville taxpayers appear to have taken advantage of the 2½ per cent. discount offer, which was good up to and including Friday last. This year's roll amounts to $29,321.15 and $22,277.35 was paid into the Sterling Bank before the books closed Friday afternoon.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

—At the meeting of St. Mark's A. Y.P.A. on Monday night, Rev. G. W. Tebbs, the rector, gave a bright and instructive lecture on Ceylon. Mr. Tebbs lived in Ceylon for a number of years and was therefore able to discuss his subject from first hand information. The lecture was illustrated with a number of excellent views.

—Messrs. J. Hasson, C. Clare Johnston, Herb. Nelson, left on a deer hunting trip last Thursday. They will have a party at Parry Sound in that district.

—A large number of the Orangeville taxpayers are to have taken advantage of the 5 per cent. discount offered and paid up to-day last. This means to $29,321.15 and into the Sterling Bank books closed Friday night.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

—At the meeting of St. Mark's A.Y.P.A. on Monday night, Rev. G. W. Tebbs and Mrs. Tebbs gave a bright account of their visit to Ceylon. Mr. Tebbs therefore able to give information from first hand and the picture was illustrated by a number of excellent views.

Personal Mention

Mr. and Mrs. James Curtis, of Camilla, are leaving for Dallas, Texas, on Monday next.

Mr. and Mrs. J. J. Hulse, of Toronto, were guests of Mr. and Mrs. J. H. Hulse over Sunday.

Miss Wilhelmine Johnstone, of Fenelon Falls, is the guest of her sister, Mrs. A. G. Smith, Mill St.

Miss A. B. McDiarmid, of Vancouver, B.C., is visiting her sister, Mrs. D. McCallum, West Broadway.

Mr. J. S. Robertson, West Broadway, arrived home on Tuesday night after a two weeks' business trip out West.

Miss Maggie Pollard returned to the city last week after a short visit with her cousin, Miss Margaret Flesher.

Mr. A. W. McNaughton, of the Owen Sound Sun staff, was the guest of Mr. James Williams, C.P.R. agent, over Saturday.

Mr. Ivor C. Brooker and Miss Lottie E. Roberts, of Toronto, announce their marriage to take place the 3rd of December.

Mr. and Mrs. Chester Glassford, of Erin, were the guests of Mrs. Glassford's parents, Mr. and Mrs. Jas. Montgomery, over Sunday.

Mrs. R. J. Bennett will receive for the first time at the Grand Central Hotel on Friday afternoon, Nov. 7th, and afterwards on the first Friday of every month.

Mr. and Mrs. John Stringer announce the engagement of their daughter, Sarah J., to Mr. George E. Glover, The Maples. The marriage will take place quietly in December.

Miss Stella Bradley, daughter of Mr. and Mrs. Wm. Bradley, Bythia St., went to Toronto last week to take a situation in the millinery department of the T. Eaton Co's store.

Messrs. Thos. Hostrawser, Irving Walker and Geo. Bidwell, of Amaranth, left for the north on a deer hunting trip last Thursday. They will camp at Rutter in the Sudbury district.

Mr. and Mrs. John Park, Orangeville, announce the engagement of their daughter, Susan Grace, to Mr. M. E. Haley, Buffalo, the marriage to take place in November at Buffalo, N.Y.

Mrs. S. McArten and daughter, Miss Elsie, have gone to Paisley this week to attend the marriage of Miss Myra McArten to Mr. David Forrester, a Paisley barrister. The marriage took place at the home of the bride's sister, Mrs. I. Shoemaker, yesterday.

A Business Change.

Mr. R. G. Harshaw, one of our younger business men, has sold his bakery and confectionery business to Mr. Thos. Frampton. The Banner understands that Mr. Harshaw is planning to move to Toronto.

Story of Mackenzie River

Rev. M. Whittaker, of Fort MacPherson, will deliver his thrilling Illustrated Lecture on the Canadian Lone Northland, in St. Mark's Church on Thursday evening, November 20th. Keep this date free.

Enormous Increase.

Subscribers to The Family Herald and Weekly Star, of Montreal, are renewing earlier than ever this season. The subscription receipts for October were over 80 per cent. ahead of October, 1912. The Family Herald grows in popularity year after year. It is the big dollar's worth beyond doubt, and deserves its immense circulation. Any home that does not receive The Family Herald should give it a trial for 1913.

Thank-Offering Meeting.

The W. F. M. S. of St. Andrew's Church held its annual Thank-Offering meeting in the school room of the church last Thursday night. The meeting was largely attended and the programme provided for the evening was followed with appreciative interest. The numbers were a solo by Miss Bea Harshaw, choruses by the women of the Society, and short addresses by Miss Anderson on "The Work in the West," Miss Strang on "Missions in Honan," Miss Brown on "Missions in Formosa," and Miss McIntyre on "Mission Work in Korea." The addresses were illustrated by a number of lantern views. Mrs. A. Steele, President of the Society, occupied the chair. A Thank-Offering of $30 was received.

HORTICULTURAL SOCIETY.

The Orangeville Horticultural Society will hold its annual meeting in the auditorium of the Public Library on this (Thursday) evening at 8 o'clock. The business of the meeting will include the election of officers and reception of reports for the year. All members are urged to attend.

ILLS OF CHILDHOOD.

Every mother should be able to recognize the symptoms of the little ailments that attack her children. She should also be in a position to treat them promptly. To do this she should keep a supply of Baby's Own Tablets in the house at all times. The Tablets never fail to be of help to little ones. Mothers who are anxious for the welfare of their little ones will receive free for the asking a valuable little book on the care of infants and young children. Concerning the Tablets, Mrs. G. L. Bonham, St. George, Ont., says: "I can recommend Baby's Own Tablets as a safe and sure medicine for little ones. I have raised four babies with their aid and would not be without them." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A MISSIONARY CONFERENCE.

Laymen of Churches Throughout Dufferin and Peel Held Important Gathering in the Methodist Church Yesterday.

350 Men Hear Inspiring Addresses on Mission Problems That Confront the Church.

The Laymen's Missionary Movement Conference for the Counties of Peel and Dufferin, which was held in the Methodist Church here yesterday, brought together a large gathering of ministers and representative laymen of the two counties. The Conference was interdenominational and the Anglican, Baptist, Methodist and Presbyterian churches were all largely represented. Morning, afternoon and evening sessions were held, the night session taking the form of a mass meeting. During the noon hour denominational luncheons were served in the different churches and were followed by short missionary addresses to the men. In St. Andrew's Church the ladies provided dinner for about 150 Presbyterian delegates. Rev. D. C. MacGregor, of Toronto, the after dinner speaker, delivered a strong address on the Home Problem confronting the Church. About 100 delegates were entertained in the Methodist Church, and the ladies of St. Mark's provided luncheon for another 50. Mr. D. M. Rose, Rev. G. W. Tebbs, Rev. Mr. McQuillan, of Grand Valley, and Rev. Mr. Carpenter addressed the delegates in St. Mark's. The after dinner speakers in the Methodist Church were Rev. Dr. Brown and the pastor, Rev. G. W. Robinson. At this church a resolution was passed favoring the Every Member Canvass.

Mayor Island occupied the chair during the morning session and in the course of a brief, introductory address extended the visiting delegates a hearty welcome to Orangeville. The devotional exercises were conducted by Dr. R. N. Kyles and Mr. J. R. Lathwell. The first speaker was Rev. W. M. Morris, pastor of St. Andrew's Church, Orangeville, who delivered a vigorous address on the theme "Missions in the Life of the Church." Mr. Morris held that if the Church was to serve any useful purpose, it must be aggressive in the struggle for the betterment of educational, moral, social and political conditions in the state. The test of its usefulness was its influence in directing the life of the community. The supreme business of the Church was to proclaim the Christian faith to every man, woman and child in the world. How far it had failed in the fulfilment of this mission was shown by the fact that after nineteen centuries there were still 700,000,000 people in heathen darkness. The Bible was a missionary book and the speaker quoted from the words of Christ, passages which showed that the teachings of the Saviour, the parables He spoke and even His prayers were missionary in character. If a man believed in the Church and the teachings of Christianity he could not logically do otherwise than believe in missions. The speaker combatted the prevalent idea that the cost of administering mission funds is disproportionate to the amount which is actually expended. Quoting from official statistics he showed that it cost less than four per cent. to administer the mission funds of the Presbyterian Church. Mr. Morris exhorted ministers to take the larger outlook and to proclaim the world view of the Gospel and its message. The successful church, he held, must be a missionary church.

Rev. C. J. Cameron, of Toronto, Field Secretary of the Baptist Home Mission Board, the other morning speaker, addressed the Conference on what he styled Canada's greatest problem—the immigration problem. This he stated was greater than any transportation problem, in the proportion that people are greater than things. The tide of immigration now flowing into Canada, he ascribed to economic causes. It was largely due to dissatisfaction with existing conditions and the desire of those immigrating to better their lot by coming to Canada. Factors that contributed to this inflow of new citizens were the blight of militarism in Europe, the commercial prosperity of Canada and the better wages, which labor commanded in this country. Canadian wages, the speaker said, had been described as the honey pots that draw the foreign flies. It was supposed by many that the bulk of Canada's immigration was from non-English speaking countries. This, however, was far from the case. Last year 37 per cent. of the immigrants were from Great Britain and 35 per cent. from the United States. Last year's immigrants numbered 402,000 souls, enough people to make four cities the size of the capital city of Ottawa. In this inrush of immigration the speaker saw the solution of one of Canada's most perplexing problems—the French problem. With the increase of English speaking Canadians due to immigration the influence and importance of the French people in affairs of state was bound to decrease. Mr. Cameron spoke interestingly of immigration restrictions, the distribution of the immigrants and the part the Church should play in the assimilation, education and religious teaching of the newcomers.

Mr. C. R. McKeown, M.P.P., presided at the afternoon session of the conference. The devotional exercises were conducted by Messrs. J. E. Smith and H. Nightingale. Mr. David M. Rose, of Toronto, spoke twice during the afternoon. His first address was on "The Missionary Committee, Its Organization, Preparation and Duties." Just before the close of the session he spoke briefly on Methods of Securing the Best Results from the Conference. Rev. E. R. Fitch delivered an address on "Missionary Literature for Men," Rev. J. G. Brown spoke on Missionary Experiences in India and Rev. D. C. MacGregor delivered a suggestive address on "The Every-Member Canvass." During the meeting a union choir, led by Mr. J. E. Jessop, gave an inspiring rendition of the Hallelujah Chorus.

Before the gathering dispersed the following resolution proposed by Messrs. A. D. McKitrick, Orangeville, and T. C. Hamilton, Grand Valley, was adopted by a unanimous vote:

The men gathered in this County Conference, representing a large number of Churches of the Counties of Dufferin and Peel, of all Communions, do hereby agree:—

1. That the Every-Man Canvass, helpful in many ways, offers the very best solution of the financial difficulties of our congregations, both for missions and current expenses.

2. That every member and adherent of our Churches should be a regular contributor to the funds of the Church.

3. That we believe every Church in these Counties would be strengthened and helped by joining in the simultaneous Every-Member Canvass at as early a date as practicable and we pledge our efforts to secure such a canvas in our own Churches, promise our help in the canvass and our co-operation in making such canvass as general throughout the counties of Peel and Dufferin as possible.

Principal Steele, of the Orangeville High School, presided at the evening meeting, which was addressed by Rev. Jas. Endicott, Secretary of the Methodist Foreign Mission Board, and Rev. Dr. Brown. The union choir led in the song service.

Hospital Notes

Thanksgiving week has been set aside by the Hospital Board as an annual week of ingathering.

A very acceptable contribution from the Charity Society, last week, was a box of fish, which was much appreciated.

The regular monthly meeting of the Daughters of the Empire will be held at the home of the first Vice-Regent, Mrs. W. G. Hyland, on Friday, Nov. 14th, at 3 o'clock in the afternoon. A full attendance is requested as preparations must be made for the winter's work.

The Women's Institute at Blount has taken a special interest in the Hospital and is entitled to more than passing mention. Through Mrs. McEwen there has been sent in this week, cabbages, apples, potatoes, eggs and canned fruit—no small contribution to the present needs.

The Daughters of the Empire are also grateful for the following donations, snow apples, crab apples and vegetables from Rev. Mr. Tebbs, a basket of vegetables from Mrs. Preston, a barrel of apples from Mr. John M. Bennett and two bags of potatoes from Mr. Wm. Holmes, of Caledon. While ingathering week is over a continuation of such contributions is always most acceptable.

In addition to the contributions mentioned above was a donation from Miss McLachlan consisting of oatmeal, rolled oats, two cans of tomatoes, two cans of cocoa, fancy biscuits, postum, malted breakfast food, tea, marmalade, syrup, jellies, two cans of soup, tapioca, salmon, sardines, jam and three cabbages. The Daughters of the Empire are indeed grateful to Miss McLachlan for her generous contribution.

Prompt Payment.

The late Henry Flesher, whose death was reported a couple of weeks ago, carried $2000 insurance with the Canadian Order of Chosen Friends. The policy was payable to his two sons, Messrs. Wm. H. and Thos. J. Flesher, of Toronto. On Oct. 31st, just fifteen days after Mr. Flesher's death, officers of the local Council of the Order called upon the young men and handed them two cheques, each for $1000. This is surely paying promptly and the absence of delay must have been highly satisfactory to the beneficiaries.

BORN.

ALLEN—In Amaranth on Oct. 28th, to Mr. and Mrs. Ben Allen, a son.

IRVINE—In East Garafraxa, on Oct. 28th, to Mr. and Mrs. Robt. Irvine, a son.

LAWRENCE — At Corbetton, on Sunday, Oct. 26th, 1913, to Mr. and Mrs. Ashley Lawrence, a daughter.

MARTIN — At Mono Centre on Friday, Nov. 1st, to Mr. and Mrs. Wm. Martin, a daughter.

LOOBY — In Amaranth, on Oct. 20th, 1913, to Mr. and Mrs. Albert Looby, a daughter.

McDONALD—On Nov. 2nd, 1913, to Mr. and Mrs. James A. McDonald, No. 151 Western Avenue, Toronto, a son (Donald Judge).

CLOWES — In East Garafraxa on Tuesday, Nov. 4th, 1913, to Mr. and Mrs. Wm. Clowes, a daughter.

MARRIED

TRIMBLE—FARLEY—At the Manse, 110 College St., Toronto, on Thursday, Oct. 23rd, 1913, by the Rev. John McNeill, Mr. John R. Trimble, of Erin, to Miss Roxie Farley, of Bristol, N.B.

CHILDS — CLARK — At the residence of Mr. Geo. Williams, Connor, on Wednesday, Oct. 29th, by Rev. J. A. Black, of Mono Mills, Mr. Ernest S. Childs and Miss H. L. Clark, both recently of England.

DIED.

FERGUSON — In Erin on Monday, November 3rd, 1913, Miss Janet Ferguson.

Funeral was held from her late residence to the 9th line cemetery, Erin, on Wednesday, Nov. 5th.

—Hunters state that rabbits and partridge are more plentiful than usual this year.

PAT KNEW.

A young Irishman, who answered to the name of Pat, applied at the home of a well-known judge for help or food. The judge being a kindly person, and also late of Ireland, invited the lad in, and put him to work in the garden. When dinner was ready the visitor was asked to partake of the good stuffs.

During the course of the meal says the judge to Pat:—

"Well me boy, you would be in Ireland a long time before you would sit at the same table with a judge."

After a moment's hesitation says Pat to the judge:—"And, sure, you'd be in Ireland a long time before they would make ye a judge."

A SAD DEATH.

Mrs. Leonard Sanderson, of Shelburne, died on Saturday evening last, at the age of 38 years. Her case is rather a sad one. She had been in poor health for some time and her medical advisers explained that nothing but an operation could save her life and even then there was an uncertainty as to the final result. An operation was performed on Tuesday afternoon of last week by Drs. Shuttleworth, of Toronto, and S. T. White and H. D. Thompson, of Shelburne. We understand that 48 gall stones were removed but there were other internal complications that were difficult to overcome. The operations were said to be successful and they were hopeful that she would have strength to pull through. But about Thursday she began to get weaker and continued so until the end came on Saturday night. Deceased was a daughter of John Outhwaite, formerly of Melancthon, but now residing at Arizona, Man., who was present when she died. Mrs. Sanderson was of a kindly disposition and was highly esteemed by all who knew her. She is survived by her husband and one daughter, Florence Sanderson, about 12 years of age. The funeral took place on Tuesday afternoon to the Shelburne cemetery. Services were held in the Methodist church, the Rev. Dr. Caldwell and the Rev. Dr. McKenzie taking part.—Free Press.

THE BUTCHER BILLS.

The butcher bill from the Balkan war is now coming in with the clearance of the smoke of strife. It is possible to make an estimate of not a correct statement of the dollars and cents of the devastation.

Boundaries have changed. Each of the contestants finds itself in possession of a few more square miles of territory and still Turkey holds Adrianople. The latest reports from the armies show the appaling loss of life of over fifty thousand private soldiers, with the wounded running up to over a hundred thousand. It is safe to say that there will be at least ten thousand crippled for life, whose efficiency in the productive world is thus greatly curtailed if not completely cut off. Many of these belligerents will suffer grinding poverty for a quarter of a century. Race and religious hatred, domestic and national, will be bitterer than ever.

It is not only in material things that these nations have suffered. Their moral attainments, never very good at best, are now indefinitely worse for the cruelty, massacres and devastations practiced by one side on the other. The spectacle of Turkey reoccupying Adrianople before the ink of the treaty was dry by which she relinquished it, tends to a demoralization of international ethics and individual decency.

All sane people will thank Providence that the Great Powers of Europe were able to keep the area of war within the confines it had. Yet the influence reacting upon each of the onlookers has also been disastrous. Russia, Austria, Germany, Italy, and even Great Britain, in mobilizing soldiers and expanding military budgets marks the trembling of the national nerves. Thus expenditures have to be withheld from improved methods of transportation, from improvements of slum and sanitary conditions in the cities, and from good government in general. Even in Canada the ripple of its disturbance is being felt. Our cities no longer borrow the money necessary for their development. Many a mortgage is being foreclosed in Western Canada with tight money as the answer. The poor farmer must often forego his farm because of the mortgage he cannot pay. Possibly he does not look to the far-off Danubian provinces as the source of his trouble. Yet there is the spot where it began. Truly the nations of the world and especially of the commercial world are beginning to realize that Sherman's dictum was none too strong a term to apply to war.

If such a little sore of the international tissue will cause such a smart, people can guage somewhat the suffering that a great one would entail. Farmers, and mercantile men, as well as statesmen must set their faces resolutely against war and the increase of armaments and as it were, to pluck from its burning, the brand of future blessing.

Shiloh 25¢
The family remedy for Coughs and Colds. Small dose. Small bottle. Best since 1870.

THE USEFUL LEMON.

Lemon juice will:—
Prevent diphtheria.
Cure a sore throat or cough.
Cure a felon.
Drive away sick headaches.
Cure malaria.
Beautify the complexion.
Make the hair fluffy.

For a sore throat, gargle with pure, undiluted, unsweetened lemon juice.

For a cough or cold mix equal parts of lemon juice and strained honey, and take a tablespoonful every hour.

For a sick headache mix one part lemon juice and two parts boiling water and sip a teacupful as hot as possible every two hours.

For malaria mix the juice of half a lemon with two tablespoonsfuls of water and a little sugar and drink three times a day.

For a felon cut off the end of a lemon, stick the finger into the hole and bind it on. Let it stay a day or two, when it will be ready to lance.

For the complexion mix equal parts of rose water and glycerine and dip a cut lemon into this and rub the face with it. After it dries rub with cold cream.

For the hair add the juice of a lemon to the last rinsing water of a shampoo.

THE HERBAL HEALER

THE FLOWER WOMEN OF COVENT GARDEN, LONDON.

Healthy Occupation of a Remarkable Class of Women.

Small wonder that many women have little respect for poets and authors, says a writer in the Daily Telegraph, London, Eng. For have they not been maligned and misrepresented by both, during centuries of time? Colley Cibber had the temerity to state that "doubtless the greatest value of a woman is her beauty;" but it required two mean and manly spirits to concoct the maxim that "women should talk an hour after supper. 'Tis their exercise." Others, again, would have us believe that weeping is the exclusive occupation of women with toiling husbands.

Let anyone who professes to be interested in womankind and their doings pay an early morning visit to Covent Garden Market, and spend an hour or two in that portion of it set aside for the sale of flowers and plants. Apart from the floral beauty of the scene, there is much that is worth seeing. The "English girl of eleven stone two (one hundred and fifty-six pounds), and five foot ten in her dancing shoe" (if she has one) is by no means rare in that part of the world. Muscular, athletic womanhood inhabits the great flower market bounded by Tavistock Street on the one side and Wellington Street on the other. The flowers, when sold, must be delivered to the purchasers' vans in the surrounding streets, and the work of carrying is done almost entirely by women. People often speak of the Covent Garden porter—in fact, he is one of London's character studies—but the portress is seldom noticed.

Truly, the women who carry loads of flowers on their heads are much to be admired. They are hard-working, conscientious, and thoroughly reliable in regard to their work. As a rule their hours are from five to nine in the morning—not long, one may comment, but during that time the women have probably done as much as many a man would be proud of in eight hours. It is not uncommon for a portress to carry two dozen large pots of plants weighing a hundredweight or more over a distance of several hundred yards. Light and heavy loads may or may not come alternately, but all are accepted with equal cheerfulness. The services are as a rule adequately, but not too generously, remunerative, the price of a "turn" being variable, and at times depending upon the generosity of the temporary employer. Some of the large firms and stores arrange with the women for exclusive attention throughout the morning for a fixed sum, about $1.25 being the average amount paid.

There is a speculative element about those contracts, as the women may have to carry just a few loads and then be free to serve others. On the other hand, they have been known to bear the heat and burden of the day for several hours without as much as a pause for a little rest. The powers of endurance these women possess are quite remarkable, and the work evidently agrees with them, for they are vigorous and healthy. One woman recently pointed to her daughter, a fine strong lassie of about 20 years, with the glow of health on her cheeks and with muscles that would do credit to any system of physical culture. The girl had been a weakling, and showed no promise of healthy development, but after a few weeks' work in the flower market a decided improvement was noticeable, and as time progressed the favorable symptoms increased. Now that the Covent Garden cure is complete the mother is quite enthusiastic about the beneficial effects of hard work. Perhaps some day it may become a fashionable craze to join the ranks of portresses.

An old print of Covent Garden in 1827 shows the flower market and the women carriers, so the occupation is by no means new. There are still some salesmen in Covent Garden who remember the days when women used to bring loads of strawberries on their heads from the market gardens of Middlesex into London. Motor vans have now superseded that mode of transit. There is quite a sprinkling of Irishwomen among the present day portresses, but the musical brogue has given way to a great extent to the familiar macpbonous jargon of the market. Many of the women are Irish in sentiment, but Cockney of tongue, as also are the popular flower girls who offer buttonholes at temptingly low prices. Once a year each portress in the flower market receives a shawl and two aprons, given by the Duchess of Bedford.

Another occupation followed by women in the neighborhood of Covent Garden is one which requires little exertion but much vigilance. Retailers come to market, and have their vans in one of the surrounding thoroughfares. In the early morning Long Acre, Garrick Street, Bow Street, King Street, and many other places close by are crowded with fruiterers' vans. A sharp eye must be kept on the vehicles and their gradually increasing contents, as they are loaded. Many of the shopkeepers act as their own drivers, and cannot afford to employ anyone to guard the vans. Hence the need of women.

Upon arrival at Covent Garden the greengrocer hands his whip to one of the female custodians, who in return for a small consideration, keeps a sharp eye on the fruit, vegetables, and flowers in the van. The work of purchasing completed, the tradesman returns to the watcher, demands his whip, and pays the agreed sum, always described as the halfpence." The return of the whip is the formal receipt for the payment of the amateur police, who, by the way, are not entirely composed of women, several men being content to jog along with the money thus earned.

These people are indispensable, for were it not for their good offices much pilfering would take place. On occasions traders with a false idea of economy have left things to chance, with unpleasant results. The contents of the vans have been stolen, whips have vanished, and even the reins have been removed by predatory trespassers.

Other occupations in which women may frequently be seen engaged are those of shelling peas, trimming vegetables and shelling walnuts. The wives of costermongers who frequent suburbs are hardworking women. As a rule the man drives slowly from point to point, while the woman, laden with a full basket, walks many miles, calling at each house on the itinerary. It is the appeal of the woman that is usually successful, and so the wife is compelled to undertake the more arduous task on foot. As one of them explained the other day, "I walks and carries and talks, 'e sits down, drives, and smokes, and 'as a row wiv me when things is bad."

Whooping Cough
SPASMODIC CROUP ASTHMA COUGHS
BRONCHITIS CATARRH COLDS
Vapo-Cresolene
ESTABLISHED 1879
A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vaporized Cresolene stops the paroxysms of Whooping Cough and relieves Spasmodic Croup at once. It is a BOON to sufferers from Asthma. The air carrying the antiseptic vapor, inspired with every breath, makes breathing easy; soothes the sore throat and stops the cough, assuring restful nights. It is invaluable to mothers with young children. Send postal for descriptive booklet.

TOOK POISON AND LIVES.

In a fit of despondency over business affairs, Michael Waters, a prominent farmer near Melancthon Station, took a dose of strychnine on Sunday. The bottle of strychnine had been in the house for a couple of years and it is supposed to have deteriorated in strength, otherwise the result would have been fatal. He was discovered in a helpless condition on the Gravel Road, near Whitten's, a neighbor, and was taken to the house. Drs. Smith and White, of Shelburne, were summoned and he told them what he had done, intimating that the poison would be found at the fence on the roadway. Search proved the statement correct. At last report the effect of the poison was lessening and the patient was on a fair way toward recovery.

Apparently he had been worrying considerably of late and the rash act is the result. It is said that his worries are unnecessary and uncalled for. He has the sympathy of all the neighbors in his affliction.—Dundalk Herald.

It costs ten cents a day to feed Lincoln county jail prisoners.

The congregation of the Orillia Presbyterian Church is the banner congregation of Ontario for providing speakers and subscribing to the funds of the Dominion Alliance. On Sunday, the 12th ult., they subscribed the handsome sum of $260.

Cured Diseases of the Kidneys

And is Depended On to Right Stomach and Liver Disorders.

Once Dr. Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday ills arising from liver and bowel disorders they bring relief promptly, and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 53 McGee street, Toronto, Ont., states: "We have used Dr. Chase's Kidney-Liver Pills for ten years, and would not be without them. My husband suffered from kidney trouble, and after taking treatment from several doctors, without receiving any benefit, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders."

One pill a dose, 25 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

ONCE HAD A CROWN.

A traveller in London was set upon by an importune Irish beggar, a shiftless looking fellow, but with the blarney-wagging tongue of one gifted. The beggar followed the traveller mouthing sweet nothings and lies.

"An sure, yure riverence, it wasn't that I was ever like this," he said, "it's often I've heard me mother say that we was noble by rights, and that one of the family once wore the crown of Ireland, sir."

"Well, what do you want?" asked the traveller. "Would you have the crown back? I can't give it to you."

The Irishman sidled a bit closer. "An, sure, a half crown would do, sir."

He got it.

JOSEPH GREY.

The death of Mr. Joseph Grey at Wellesley Hospital on Saturday last was a great shock and grief to very many friends in Peel County. Mr. Gray underwent an operation in that institution some time before and was progressing favorably until a sudden change for the worse set in. He passed away on Saturday afternoon, deeply mourned by his family and relatives. Joseph Gray was born on the farm where he died, 65 years ago, and lived there continuously. He was a man of sterling character and enjoyed the esteem of a very large circle of people who at all times recognized his upright character and sterling worth. He leaves a widow, six sons, Rev. Godfrey Grey, of Rosemont, Joseph, Wilfred, Aubrey, Howard and George and two daughters, Misses Ethel and Jennie. The funeral took place to Brampton cemetery on Tuesday afternoon, the services being conducted by Rev. L. A. Trotter, of Tullamore, assisted by Principal O'Meara, of Wycliffe College, Rev. J. Gordon Cheyne, of Claude, and Canon Walsh, of Brampton. To the sorrowing family is given very sincere sympathy in the death of the husband and father, who will be greatly missed in the neighborhood where he lived and had spent his useful life.—Conservator.

A NOTABLE RECORD

A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	358	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	427
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	27,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725

Increase 270 per cent. —Financial Post.

THE BANNER

THE BANNER, NOV. 13th, 1913.

This remarkable statement made in a recent issue of the Highgate Monitor may not have any general application, but it is worthy of the careful consideration of everyone interested in continuing the usefulness of our Fall Fairs:—"Personally, we don't care a rap about it, but it does seem a shame that people are allowed to collect all the fine vegetables, fruit etc. from all over creation and then show them at the fall fairs as their own property and grown by themselves. Similarly we are given to understand that there are pieces of ladies work shown at the annual fall fairs that have been on exhibition for the last twenty years."

TO EDUCATE CHILDREN

Education Department Provides for Tuberculosis Day in Schools.

With a view to bringing the anti-tuberculosis movement home most forcibly to the children in whose hands the ultimate success of the movement lies, the Ontario Department of Education has authorized the setting apart of Friday, November 28th, for a special campaign in the schools of Ontario. The exercises which immediately precede the Tuberculosis Sunday Sermons in the churches of Ontario will be conducted by Principals, Teachers, members of School Boards, prominent educationists, medical men and those in public and private life who are urged to assume their share of the work which lies chiefly in the care they take to avoid contracting or carrying consumption; simple rules of health will be impressed upon them, and some idea given of the terrible havoc which the scourge plays in our national life. An outline of lectures on tuberculosis is being supplied to teachers on application to the offices of the National Sanitarium Association, 347 King Street, West, Toronto.

Vote in Grand Valley.

At the last meeting of Grand Valley Council a petition, signed by William McKinley and 101 other ratepayers was presented, asking the Council to submit a local option by-law to the electors on January 5th, 1914. Council agreed to the wish of the petitioners and a motion was passed introducing the by-law and giving it the first and second readings.

Plaintiff Got Judgment.

Judgment has been given in the case of Horan vs. Township of Albion. This was an action by Joseph Horan, an Albion farmer, for damages sustained while travelling on the highway last spring. Mr. Horan was travelling on horseback. His horse stepped into a hole in the road and the rider was thrown and severely injured, one arm in particular being badly hurt. He was unable to work for several months. As the locality is very rough and hilly the defendants claimed that it was impossible to keep the road in better repair. Judge McGibbon gave judgment in favor of the plaintiff for $400 and costs.

The Gunpowder Plot.

The members of Prince of Wales L.O.L. No. 320 celebrated the anniversary of the Discovery of the Gunpowder Plot by holding a Fowl Supper in their hall on Wednesday evening, Nov. 5th. After a successful attack upon the geese, turkeys and other good things provided by the ladies, a short programme of addresses and violin music furnished entertainment for everybody. W. Bro. R. L. Island, Master of the Lodge, presided and speeches were made by Bros. Robt. Reid, W. A. Henry, T. J. Parks, A. N. McQuilkin, Geo. Reid, J. H. Anderson and J. A. Marshall. The remainder of the evening was spent in dancing. There were about seventy-five present.

THE FALL ASSIZES.

Only Two Cases on Civil Docket and One of These Was Settled Out of Court.

Judgment Reserved in Case of Menary vs. White.

The Fall Assizes for the County of Dufferin opened in the Court House here on Tuesday afternoon before His Lordship, Mr. Justice Britton. As there was no criminal business Sheriff Endacott, who was making his first appearance in the High Court in his official capacity, had the pleasant duty of presenting His Lordship with the traditional white gloves. The civil docket comprised only two cases, and of these the jury case of Hawkins vs. C.P.R. was settled out of Court. This left the non-jury suit of Menary vs. White as the only case to go to trial.

Hawkins vs. C.P.R. was a suit brought by William Hawkins, an Artemesia township farmer, against the C.P.R. for damages for injuries, which the plaintiff alleges he sustained at the railway crossing in the village of Ceylon on January 21st, 1913. He was delivering lumber at Ceylon and had started for home with a man named Peddler after unloading. Peddler was riding on the front and plaintiff on the back bob of the former's sleigh, Hawkins having his sleighs tied behind Pedlar's. They found the railway crossing blocked by a shunting freight and when they started to drive over after the train had passed found themselves in danger of being run down by a couple of box cars that had been detached from the freight and were running loose. These they were unable to see until they reached the crossing, because the view was obstructed by a flat car loaded with lumber that was standing on another track. The team took fright and jumped throwing Hawkins off the sleigh and causing his sleigh to break away from Peddler's and remain on the crossing. Plaintiff attempted to pull the sleigh off the crossing and while thus engaged it was struck by the box cars throwing him toward the cars and almost in front of them. The sleighs were carried down to a switch a distance of 100 yards and were badly broken. Plaintiff had his back injured, was badly bruised and received a severe shock. He was under the doctor's care for some time and in his statement of claim averred that he "had not been able to do any work of any account since the accident." By the terms of the settlement Hawkins was allowed $700. Mr. W. D. Henry, of Lucas, Raney & Henry, Markdale, acted for the plaintiff.

The principals in the case of Menary vs. White are Lewis Menary, reeve of Grand Valley, and Dr. G. I. Campbell, a prominent Grand Valley physician, plaintiffs, and J. J. White, of Orangeville, defendant. Plaintiffs allege that on June 10th, 1909 they entered into an agreement with White, who was acting as selling agent for the Stewart & Matthews Co., of St. Paul, for the purchase of a section of Alberta land, described as section 13, township 11, Range 17, west of the 4th meridian, at $9 an acre. They state that a memo of the agreement of sale was signed by them on June 10th, 1909. White, they claim, represented the land as free from stone, rocks, ravines, level and in a general way as being No. 1 land. On June 30th Mr. Menary visited the land in company with White and E. B. Tainter, of Taber, Alta., and after an inspection of the section said he was satisfied with it. After his return east the plaintiffs completed their contract for the purchase of the section. Menary claims to have discovered at a later date that instead of showing 15m. section 13, White and Tainter had shown him part of 14, the adjoining section, and only a portion of the section that he actually bought. The greater part of 13, plaintiffs set forth, is stony and rocky and cut up with banks and ravines. They charge the defendant with making false representations in order to effect the sale and say that they were induced to sign the agreement by reason of these representations. The defence is a general denial of the allegations of misrepresentation.

The trial commenced shortly after the Court opened on Tuesday afternoon. The greater part of the afternoon was spent taking the evidence of Mr. Menary and Dr. Campbell, the two plaintiffs. Other witnesses for the plaintiffs were David East, William Bates and Alfred Menary. Mr. Grayson Smith, counsel for plaintiffs, also read the evidence taken on a commission which sat at Lethbridge. The examination of Mr. J. J. White, the defendant, had just been completed when the Court adjourned at 6.45 Tuesday evening. The defence witnesses placed in the box yesterday forenoon were E. B. Tainter, of Taber, Hugh Taylor, a Western land dealer and formerly Massey-Harris agent in Shelburne, F. W. Ritchie and J. S. Robertson, of Orangeville. J. E. Thompson, of Orangeville, the only other witness, was examined yesterday afternoon. Argument by Counsel occupied considerable time and it was late in the afternoon when the Court rose. Mr. Grayson Smith, of the Toronto firm of Watson, Smoke, Smith & Sinclair, and Mr. A. A. Huchson, Orangeville, conducted the case for the plaintiffs. The defendant was represented by Mr. C. R. McKeown, K.C., and Mr. Geo. Robb.

We learn just before going to press that His Lordship has reserved judgment. Those, who have followed the evidence throughout, are mostly of the opinion that the defendant will win, as the evidence of plaintiffs' witnesses was not very conclusive regarding the misrepresentation that is alleged.

CEMENT COMPANY IN LIQUIDATION

Order Granted for Winding Up of Superior Cement Company.

An order for the winding-up of the Superior Portland Cement Company has been granted by Mr. Justice Latchford, with the Union Trust Co. as provisional liquidator, and Geo. Kappelle, K.C., as referee.

The petitioner, John L. McIntyre, of Guelph, is a creditor for $29,360. The statement of assets and liabilities give parallel totals of $607,626.

The company was incorporated on September 17th, 1902. The capital stock is $500,000, divided into 50,000 shares of $10 each, 40,000 shares of which are said to be subscribed and paid up.

The directors are William D. Wilson, Dr. J. H. Matheson, T. A. McClure, C. B. Dunke and George McIntyre.

The petitioner says that the managing-director has admitted the company's inability to pay its liabilities, and that the company has assigned, and he wants the affairs investigated to find out how the insolvency has been brought about, and as to the claims of the creditors. The petitioner is a brother of Mr. Geo. McIntyre, the managing-director.

Drug Store Changes Hands

Mr. F. S. Pickering, late of Mount Forest, has bought out the business and stock of drugs, stationery etc., belonging to the late T. Stevenson. The deal was closed on Saturday and Mr. Pickering took over the business on Monday morning. The new proprietor is a graduate of the College of Pharmacy and since graduating has had considerable practical experience in the drug business. He has the personal qualities that make for success and will undoubtedly make good in his present venture.

FOR SALE.

Some good Rose Comb Rhode Island Red Cockerels of a good laying strain. Cheap considering value.
C. R. CUTHBERT,
Alton, Ont.

FARM TO RENT

Mr. and Mrs. [illegible] and Miss Phoebe Algie [illegible] on a trip to Albany, Nassau [illegible] points in New York state [illegible] Mrs. Algie is delivering addr[illegible] Albany and New York.

Mr. Cromle[illegible] of Weyburn, Sask. [illegible] his sister, Mrs. B. Forster. We understand Mr. Baughman will stay east for the winter.

Thompson Dick, of Bolton, visited his uncle, Mr. Alex. Dick, over Sunday.

Misses Alma Patterson and Margaret Hill will represent the Alton League at the Epworth League Convention in Laurel on Thursday. Rev. F. N. Bowes will also attend and will address the Convention on "The Value of the League to the Church."

There will be a debate in the Methodist Church next Monday night under the auspices of the Literary Department of the Epworth League.

Some of our merchants are intending to embark in the cash business in the near future.

CALEDON EAST.

The appearance of our village has been very much improved this summer by the construction of a new cement walk on each side of Main St. The walks were laid by White & Proctor, local contractors and builders. On the west side of the street the walk runs from R. W. Burrell & Son's store south to the Misses Shore's millinery store, and on the east side from Alex. McElwain's place of business north to the front of Mr. A. Hutchinson's residence. About 500 feet of walk was put down on each side of the street.

Mrs. Adams, who has been conducting a hardware business here for the last two years, has disposed of her entire stock by private sale and public auction. Mrs. Adams left on Saturday for Toronto, where she intends to reside in future. Mrs. McHugh, of Brampton, has purchased the residence here, paying $1500.

Mr. Alex. Hutchinson returned home from a trip to New Ontario a week ago Saturday. While in the north he was the guest of Mr. Robt. J. Mercer, who has a farm about two miles from Earlton. Mr. Hutchinson visited in New Liskeard, Haileybury and other points. He also had the pleasure of spending a few hours with an oldtime friend in the person of Mr. Jackson Brett. Mr. Hutchinson reports a fine time bear hunting in the northern forests.

Mr. Jno. T. Scott, organizer for the Independent Order of Foresters, was in our village for a couple of days last week. He was on a combined business and pleasure trip.

W. J. Matthews has purchased James Walker's roughcast dwelling-house on the west side of Main St. $500 was the price paid for the property.

James Walker has purchased Mrs. York's frame dwelling house on the east side of Main St. Price $1500.

The quarterly meeting of this district was held in the Methodist Church here on Sunday morning.

Mr. Wm. Rutherford has gone north to spend a few days with his daughter, Mrs. Topps, of Orillia, after which he is going to Powassan, where he expects to do some deer hunting.

This locality has lost two of its oldest residents in the persons of Mr. John Quinn, of Albion, who passed away at the venerable age of 94 years, and Mr. Robert Jackson, 6th line, Caledon, who was in his 77th year.

MONO ROAD.

Dr. Graham, the Captain, and Lieut. D. McCaughrin, of the Mono Road Company of the 36th Regiment, have returned home from Toronto, where they spent two weeks taking a training course at Stanley Barracks with the object of qualifying themselves for further promotion in the service.

Mr. John Martin, eldest son of Mr. and Mrs. James Martin, 2nd line, Albion, and Miss Jessie Wilson, daughter of Mr. and Mrs. Irwin Wilson, 5th line, Caledon, were united in the bonds of holy wedlock on Tuesday afternoon, Nov. 4th. The ceremony was performed by Rev. W. G. Wallace, of Caledon East, at the home of the bride's parents. The happy couple left by C.P.R. train on a short honeymoon trip to Toronto and other points, before taking up their residence in Albion. This makes eight weddings in this neighborhood in as many weeks.

Mr. Geo. Westlake, lot 2, 6th line, east, Caledon, is building a handsome residence. The walls will be cement veneer.

Melville McCartney, son of Mr. Thos. McCartney, of Albion, has purchased Mr. Isaac Bowles farm, lot 31, 5th line, Chinguacousy.

Mr. Harvey Nixon, of Kilmanagh, has rented Mr. James Elliot's 200 acre farm in Albion, a short distance south of Mono Road.

Mr. John Little, the well-known horseman, has rented Mr. Henry Mitchell's farm in Chinguacousy just south of Mono Road. Mr. Mitchell is retiring on account of ill-health.

Mr. Sam Egan, a popular ex-reeve of Albion, is seriously ill at his home in Bolton from pernicious anaemia. His physician is not very sanguine of his recovery, but his many friends hope that he will pull through alright.

Mr. W. J. Horan, of Lockton, has obtained a verdict for $400 and costs in his lawsuit against the township of Albion.

A week ago Monday while helping to draw in turnips, a son of Mr. W. J. Ward, lot 33, 4th line, Chinguacousy, fell off the wagon and broke his right arm. Dr. Graham set the broken limb.

Rev. G. Purchase, Methodist pastor here, has been called on quite frequently of late by the young people. His services have been requisitioned for a number of weddings that have taken place recently. Mr. Purchase is a good preacher and is very popular in the community.

Mr. and Mrs. James Shaw have returned from the West whither they went shortly after their marriage. They say that old Ontario is good enough for them.

AMARANTH COUNCIL.

Township Hall, Laurel, Nov. 1st, 1913.

The Council met pursuant to adjournment. Members all present and the Reeve in the chair. The minutes of last meeting read and confirmed.

The Council formed themselves into a Court of Revision on By-law No. 428 re drains 19 and 20, by taking oath prescribed by law and took up the appeals.

Williams—West—That the appeal of R. F. West, as to the error in assessment on lot 32, con. 6, be allowed.—Carried.

West—Ewing—That the appeal of J. H. Hicks against the whole assessment on drains Nos. 19 and 22, re By-law No. 428, be allowed.—Carried.

Patterson—West—That the Court of Revision on By-law No. 428 be adjourned until the next meeting of the Council, Nov. 28th, 1913.—Carried.

West—Patterson—That the report, plans and list of assessments on the improvement of outlet for drains Nos. 7, 8 and 20 be referred back to R. F. West for further consideration.—Carried.

West—Patterson—That the following accounts be paid :—Joshua Reid, team on grader one day, $3.00 ; John Walker, shovelling out fire on con. 9 and 25 sideroad, 13½ days, $25.00; John Walker, digging on con. 9, opposite lots 24 and 25, 143 rods at 75c, $107.25 ; A. E. Williams, digging out fire, one day, $2 ; Thos. New, digging out fire, $1.60 ; Ernest Myers, digging out fire, $1.00 ; William Ewing, digging out fire, 4½ days, $9.00 ; George Patten, working on roads, con. 9, $6.85 ; Adam Shepherd, one day, on con. 9, $2.00; Thomas Davis, digging out fire, con. 9, $4.00 ; A. Myers, working on fire, 10 hours, $2.00 ; E. Hamilton, preparing By-law, getting same printed, and serving said By-law on parties interested, $20.00 ; John Webb, for 471 yards gravel, $32.97 ; A. E. Williams, part supplement to County grant, west of Shelburne, $35.00 ; A. E. Williams, part pay, men and teams, constructing bridge opposite lots 22 and 24, con. 7, $150.00 ; L. C. Groskurth, commutation of statute labor, $5.00 ; W. J. Smith, digging out fire on con. 6, lots 31 and 32, $35.00 ; Samuel Burns, digging out fire on 15 sideroad, cons. 8 and 9, $7.25 ; John Bryan, extra commission, $50.00 ; R. J. Smith, digging out fire and fixing road, con. 9, $10.40.—Carried.

Williams—Ewing—That Council do now adjourn to meet again on Friday the 28th November, 1913, at 10 o'clock, as adjourned Court of Revision on drains 19 and 22, and for transaction of other business.—Carried.

JOHN BRYAN, Reeve. E. HAMILTON, Clerk.

WALDEMAR.

Mrs. Joseph Thompson is on a monthly visit with Luther and North Amaranth friends and is at present the guest of Mr. and Mrs. S. Sproat.

Some evilly disposed creature poisoned a valuable dog belonging to Mr. James Butler one day last week.

Mr. Gordon Edgar is giving up farming and is holding an auction sale on the 19th of this month. Mr. Edgar has been in declining health for the past year and is giving up farming on this account.

The farmers in this section have all their root crop nicely housed and their fall plowing is well advanced. They are looking forward to a long, severe winter, such as has been predicted by some of the famous weather prophets. But then the prophets are sometimes wrong in their forecasts.

T. H. McDowell is the busiest man in town these days. Orders for new boots and footwear of all kinds are coming in from all quarters. Mr. McDowell deserves the highest praise for the excellent work he turns out from year to year. He has put in a very large stock of leather, which he purchased from one of the leading wholesale houses of Toronto.

We are wondering what report those members of the feminine sex, who dressed in men's apparel, made of their inspection of gates, fences and buildings on Hallowe'en night. They resembled a band of militant suffragettes and for their first appearance made a good job of their task. There were lots of plain clothes men on duty as well as the Chief who carried a dark lantern to see that the foolish creatures did not go on a stampede into the pond. It was they who saw ghosts or evil spirits around stone piles and grave yards during their midnight tour. Wonder if they have any more sense now than they had on that night. It is to to hoped they have.

Six footer would like to get a beau with lots of conceit.

The north end scribe seems to be subject to cold chills these days. We wonder if they will develop into la grippe or some other dread disease.

James Butler has just completed a two months' threshing contract with Robt. Mann, of Maraville.

Have E. and H. any more Sunday evening calls to make in the village after church service by rapping on house doors and leaving gates open.

Higgins-Cameron

A very pretty wedding was solemnized at the home of the bride's mother, 29 Ann St., Toronto, on Wednesday, November 5th, when Minnie, second daughter of Mrs. J. H. Cameron, formerly of Dundalk, was united in marriage to Mr. Robert Higgins, also a former resident of Dundalk. The bride, who was given away by her uncle, Mr. Thomas, H. Keys, of Amaranth, was beautifully attired in white brocaded satin trimmed with rhinestones and Irish lace, her wedding veil being held in place with orange blossoms and white heather. She wore white kid shoes to match and carried a lovely shower bouquet of white roses, lily of the valley and white heather, the last a gift from Scotland. Miss M. Butler, of Toronto, was bridesmaid. She was gowned in pink silk colienne with pearl trimmings and ostrich mounts and carried a bouquet of maidenhair fern. The best man was Mr. C. R. Mills, of Cumberland, B.C. After the ceremony a reception was held at the home of the bride's mother, which was beautifully decorated with ferns and flowers. The groom's gift to the bride was a Persian lamb coat, to the bridesmaid a pearl and cameo pendant, to the groomsman cuff links and to Mr. J. Galbraith, who played the wedding march, a pearl tie pin. Mr. and Mrs. Higgins afterwards left for Winnipeg where they will reside. They were the recipients of many handsome and costly presents, one of which was a silver tea service from the bride's girl friends.

Among the guests who were present were Mr. and Mrs. T. H. Keys, Mr. and Mrs. Wm. Grosskurth and Mr. and Mrs. J. Bryan, Amaranth, Mr. and Mrs. S. Ritchie and daughter, and Mrs. John Hostrawser, Black's Corners, Miss Olive Landsborough, Shelburne, Mr. and Mrs. Syvel and Mr. and Mrs. Bruce, Owen Sound.

DIED.

CLARK — At Waldron, Sask., on Oct. 27th, 1913, Lida Evelyn, wife of Henry Clark, of Waldron.

Mrs. Clark was formerly Miss Lida Andrews and some three years ago practiced her profession of nurse in Orangeville.

McGUIRE — At the residence of his son, 397 Crawford St., Toronto, on Wednesday, Nov. 5th, 1913, John, beloved husband of Eliza McGuire, in his 67th year.

Interment at the Forest Lawn Cemetery, Orangeville, on Friday forenoon.

The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associate organs or glands.

Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at the Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

W. D. ROGERS

"The Store of Satisfaction"

ALTON, ONT.

ALTON

Rev. Dr. [illegible] will preach at Ballinafad next Sunday and Rev. Mr. Waddell, of [illegible], will conduct services in the Presbyterian Church here.

Rev. Dr. [illegible] Mrs. Armstrong and Mr. [illegible] attended the meetings of the Presbytery and the Presbyterial W. M. S. in Laurel on T[illegible].

The Barber Co. is busy making preparations to commence work for next season. Prospects are bright for a good business and the management intend that the output for 1914 outpoint all former records.

A Bros. & Co. are making preparations to start the knitting factory in connection with their laundry and are installing machinery and a winder to start. One of the machines are ready for operation and the firm intends to manufacture of sleighs for the coming winter. There is a big opportunity for expansion in the knitting business.

Mr. and Mrs. Algie and Miss Pheobe Algie left on a trip to Albany, Nassau and points in New York state. Mr. Algie is delivering [illegible] in Albany and New York.

Mr. Crozier, [illegible]sman, of Weyburn, Sask., is visiting his sister, Mrs. B[illegible]. We understand Mr. Bauchman will stay east for the winter.

Thompson Dick, of Bolton, visited his uncle, Mr. Alex. Dick, over Sunday.

Misses Alma Patterson and Margaret Hill will represent the Alton League at the Epworth League Convention in Laurel on Thursday. Rev. F. N. Bowes will also attend and will address the Convention on "The Value of the League to the Church."

There will be a debate in the Methodist Church next Monday night under the auspices of the Literary Department of the Epworth League.

Some of our merchants are intending to embark in the cash business in the near future.

CALEDON EAST.

The appearance of our village has been very much improved this summer by the construction of a new cement walk on each side of Main St. The walks were laid by White & Proctor, local contractors and builders. On the west side of the street the walk runs from R. W. Burrell & Son's store south to the Misses Shore's millinery store, and on the east side from Alex. McElwain's place of business north to the front of Mr. A. Hutchinson's residence. About 500 feet of walk was put down on each side of the street.

Mrs. Adams, who has been conducting a hardware business here for the last two years, has disposed of her entire stock by private sale and public auction. Mrs. Adams left on Saturday for Toronto, where she intends to reside in future. Mrs. McHugh, of Brampton, has purchased the residence here, paying $1500.

Mr. Alex. Hutchinson returned home from a trip to New Ontario a week ago Saturday. While in the north he was the guest of Mr. Robt. J. Mercer, who has a farm about two miles from Earlton. Mr. Hutchinson visited in New Liskeard, Haileybury and other points. He also had the pleasure of spending a few hours with an oldtime friend in the person of Mr. Jackson Brett. Mr. Hutchinson reports a fine time bear hunting in the northern forests.

Mr. Jno. T. Scott, organizer for the Independent Order of Foresters, was in our village for a couple of days last week. He was on a combined business and pleasure trip.

W. J. Matthews has purchased James Walker's roughcast dwelling-house on the west side of Main St. $500 was the price paid for the property.

James Walker has purchased Mrs. York's frame dwelling house on the east side of Main St. Price $1500.

The quarterly meeting of this district was held in the Methodist Church here on Sunday morning.

Mr. Wm. Rutherford has gone north to spend a few days with his daughter, Mrs. Topps, of Orillia, after which he is going to Powassan, where he expects to do some deer hunting.

This locality has lost two of its oldest residents in the persons of Mr. John Quinn, of Albion, who passed away at the venerable age of 94 years, and Mr. Robert Jackson, 6th line, Caledon, who was in his 77th year.

MONO ROAD.

Dr. Graham, the Captain, and Lieut. D. McCaughrin, of the Mono Road Company of the 36th Regiment, have returned home from Toronto, where they spent two weeks taking a training course at Stanley Barracks with the object of qualifying themselves for further promotion in the service.

Mr. John Martin, eldest son of Mr. and Mrs. James Martin, 2nd line, Albion, and Miss Jessie Wilson, daughter of Mr. and Mrs. Irwin Wilson, 5th line, Caledon, were united in the bonds of holy wedlock on Tuesday afternoon, Nov. 4th. The ceremony was performed by Rev. W. G. Wallace, of Caledon East, at the home of the bride's parents. The happy couple left by C.P.R. train on a short honeymoon trip to Toronto and other points, before taking up their residence in Albion. This makes eight weddings in this neighborhood in as many weeks.

Mr. Geo. Westlake, lot 2, 6th line, east, Caledon, is building a handsome residence. The walls will be cement veneer.

Melville McCartney, son of Mr. Thos. McCartney, of Albion, has purchased Mr. Isaac Bowles farm, lot 31, 5th line, Chinguacousy.

Mr. Harvey Nixon, of Kilmanagh, has rented Mr. James Elliot's 200 acre farm in Albion, a short distance south of Mono Road.

Mr. John Little, the well-known horseman, has rented Mr. Henry Mitchell's farm in Chinguacousy just south of Mono Road. Mr. Mitchell is retiring on account of ill-health.

Mr. Sam Egan, a popular ex-reeve of Albion, is seriously ill at his home in Bolton from pernicious anaemia. His physician is not very sanguine of his recovery, but his many friends hope that he will pull through alright.

Mr. W. J. Horan, of Lockton, has obtained a verdict for $400 and costs in his lawsuit against the township of Albion.

A week ago Monday while helping to draw in turnips, a son of Mr. W. J. Ward, lot 33, 4th line, Chinguacousy, fell off the wagon and broke his right arm. Dr. Graham set the broken limb.

Rev. G. Purchase, Methodist pastor here, has been called on quite frequently of late by the young people His services have been requisitioned for a number of weddings that have taken place recently. Mr. Purchase is a good preacher and is very popular in the community.

Mr. and Mrs. James Shaw have returned from the West whither they went shortly after their marriage. They say that old Ontario is good enough for them.

AMARANTH COUNCIL.

Township Hall, Laurel, Nov. 1st, 1913.

The Council met pursuant to adjournment. Members all present and the Reeve in the chair. The minutes of last meeting read and confirmed.

The Council formed themselves into a Court of Revision on By-law No. 428 re drains 19 and 20, by taking oath prescribed by law and took up the appeals.

Williams—West—That the appeal of R. F. West, as to the error in assessment on lot 32, con. 6, be allowed.—Carried.

West—Ewing—That the appeal of J. H. Hicks against the whole assessment on drains Nos. 19 and 22, re By-law No. 428, be allowed.—Carried.

Patterson—West—That the Court of Revision on By-law No. 428 be adjourned until the next meeting of the Council, Nov. 28th, 1913.—Carried.

West—Patterson—That the report, plans and list of assessments on the improvement of outlet for drains Nos. 7, 8 and 20 be referred back to R. F. West for further consideration.—Carried.

West—Patterson—That the following accounts be paid :—Joshua Reid, team on grader one day, $3.00 ; John Walker, shovelling out fire on con. 9 and 25 sideroad, 13½ days, $25.00; John Walker, digging on con. 9, opposite lots 24 and 25, 143 rods at 75c, $107.25 ; A. E. Williams, digging out fire, one day, $2 ; Thos. New, digging out fire, $1.60 ; Ernest Myers, digging out fire, $1.00 ; William Ewing, digging out fire, 4½ days, $9.00 ; George Patten, working on roads, con. 9, $6.85 ; Adam Shepherd, one day, on con. 9, $2.00; Thomas Davis, digging out fire, con. 9, $4.00 ; A. Myers, working on fire, 10 hours, $2.00 ; E. Hamilton, preparing By-law, getting same printed, and serving said By-law on parties interested, $20.00 ; John Webb, for 471 yards gravel, $32.97 ; A. E. Williams, part supplement to County grant, west of Shelburne, $35.00 ; A. E. Williams, part pay, men and teams, constructing bridge opposite lots 22 and 24, con. 7, $150.00 ; L. C. Groskurth, commutation of statute labor, $5.00; W. J. Smith, digging out fire on con. 6. lots 31 and 32, $35.00 ; Samuel Burns, digging out fire on 15 sideroad, cons. 8 and 9, $7.25 ; John Bryan, extra commission, $50.00 ; R. J. Smith, digging out fire and fixing road, con. 9, $10.40.—Carried.

Williams—Ewing—That Council do now adjourn to meet again on Friday the 28th November, 1913, at 10 o'clock, as adjourned Court of Revision on drains 19 and 22, and for transaction of other business.—Carried.

JOHN BRYAN, Reeve. E. HAMILTON, Clerk.

WALDEMAR.

Mrs. Joseph Thompson is on a monthly visit with Luther and North Amaranth friends and is at present the guest of Mr. and Mrs. S. Sprout.

Some evilly disposed creature poisoned a valuable dog belonging to Mr. James Butler one day last week.

Mr. Gordon Edgar is giving up farming and is holding an auction sale on the 19th of this month. Mr. Edgar has been in declining health for the past year and is giving up farming on this account.

The farmers in this section have all their root crop nicely housed and their fall plowing is well advanced. They are looking forward to a long, severe winter, such as has been predicted by some of the famous weather prophets. But then the prophets are sometimes wrong in their forecasts.

T. H. McDowell is the busiest man in town these days. Orders for new boots and footwear of all kinds are coming in from all quarters. Mr. McDowell deserves the highest praise for the excellent work he turns out from year to year. He has put in a very large stock of leather, which he purchased from one of the leading wholesale houses of Toronto.

We are wondering what report those members of the feminine sex, who dressed in men's apparel, made of their inspection of gates, fences and buildings on Hallowe'en night. They resembled a band of militant suffragettes and for their first appearance made a good job of their task. There were lots of plain clothes men on duty as well as the Chief who carried a dark lantern to see that the foolish creatures did not go on a stampede into the pond. It was they who saw ghosts or evil spirits around stone piles and grave yards during their midnight tour. Wonder if they have any more scare now than they had on that night. It is to to hoped they have.

Six footer would like to get a beau with lots of conceit.

The north end scribe seems to be subject to cold chills these days. We wonder if they will develop into la grippe or some other dread disease.

James Butler has just completed a two months' threshing contract with Robt. Mann, of Marsville.

Have E. and H. any more Sunday evening calls to make in the village after church service by rapping on house doors and leaving gates open.

Higgins-Cameron

A very pretty wedding was solemnized at the home of the bride's mother, 29 Ann St., Toronto, on Wednesday, November 5th, when Minnie, second daughter of Mrs. J. H. Cameron, formerly of Dundalk, was united in marriage to Mr. Robert Higgins, also a former resident of Dundalk. The bride, who was given away by her uncle, Mr. Thomas. H. Keys, of Amaranth, was beautifully attired in white brocaded satin trimmed with rhinestones and Irish lace, her wedding veil being held in place with orange blossoms and white heather. She wore white kid shoes to match and carried a lovely shower bouquet of white roses, lily of the valley and white heather, the last a gift from Scotland. Miss M. Butler, of Toronto, was bridesmaid. She was gowned in pink silk colienne with pearl trimmings and ostrich mounts and carried a bouquet of maidenhair fern. The best man was Mr. C. R. Mills, of Cumberland, B.C. After the ceremony a reception was held at the home of the bride's mother, which was beautifully decorated with ferns and flowers. The groom's gift to the bride was a Persian lamb coat, to the bridesmaid a pearl and cameo pendant, to the groomsman cuff links and to Mr. J. Galbraith, who played the wedding march, a pearl tie pin. Mr. and Mrs. Higgins afterwards left for Winnipeg where they will reside. They were the recipients of many handsome and costly presents, one of which was a silver tea service from the bride's girl friends.

Among the guests who were present were Mr. and Mrs. T. H. Keys, Mr. and Mrs. Wm. Grosskurth and Mr. and Mrs. J. Bryan, Amaranth, Mr. and Mrs. S. Ritchie and daughter, and Mrs. John Hostrawser, Black's Corners, Miss Olive Landsborough, Shelburne, Mr. and Mrs. Syvel and Mr. and Mrs. Bruce, Owen Sound.

DR. J. W. S. McCULLOUGH.

Sketch of the Secretary of the Ontario Board of Health.

(By Chesterfield, in Montreal Star.)

Doctor John William Scott McCullough, secretary of the Ontario Provincial Board of Health, who a couple of weeks ago returned to Canada after a nine weeks' tour of Great Britain and the continent of Europe in company with Dr. C. A. Hodzetts, Medical Adviser to the Dominion Government, under a special commission from the Ontario provincial government to study the question of sewage disposal and the public sanitation, and who has expressed himself as saying that Ontario cities, although equal in engineering efficiency and capacity, have much to learn from European cities in the matter of sanitary engineering, is one of the highest authorities on municipal hygiene and sanitation in Canada. He has been a member of the Ontario Board of Health six years, and since July, 1910, secretary or chief executive officer of that body. Since his appointment to the Board he has made a special study of public health matters, attending conventions and lectures on the subject, and systematically reading all current literature bearing in any way upon it. As questions affecting public health in various centres of the provinces of Ontario have come up he has not contented himself with the reports of the local authorities or of his own subordinates sent to investigate; but has made a point of going himself to personally examine into the matters on the spot. When the typhoid epidemic in Ottawa broke out some two years ago, there were reports prepared on the water supply, the sewage disposal and other conditions, not only by the local officers of the Provincial Board of Health, but by the health officials of the city and by skilled experts of several branches of the Dominion Government. Dr. McCullough was not content to depend upon these and he carefully and systematically went over the whole ground himself, crawling through the sewer pipes, acquainting himself with every detail of the city's water and milk supply and inspecting the banks of the Ottawa river for several miles above the source of the water supply.

It was practically due to his personal examinations and his persistence in pressing his views as to ameliorations upon the municipal authorities and the public, that the causes of the epidemic were disclosed that the sewage systems of the western suburbs of the capital were revolutionized, the whole municipal Board of Health reorganized and remanned, grave defects in the water system disclosed, public interest fully aroused and steps taken to provide the city with an entirely new water system. In some of the smaller centres of population in Ontario, Dr. McCullough has aroused some opposition by insisting upon a close observance of laws and regulations necessary for the preservation of public health; but he has adhered to the principle that the laws are made to be obeyed and has generally succeeded in convincing the local authorities that the strict enforcement of health regulations is for the good of their communities. Dr. McCullough is a native of Peterborough; he was educated there and at Trinity University, Toronto, graduating at the medical faculty of that institution of learning in 1890, and taking up the practice of his profession at Alliston, Ont. There, as chairman of the public school board and later as mayor, he became first directly interested in the subject of public health..

WHY THE LEAVES CHANGE COLOR.

Despite the commonness of autumn coloring, we do not yet know the full meaning of autumn colors of leaves. We do know that late in the summer the tree is preparing for the leaf fall by drawing the valuable substances of the leaf into the stem. It also ceases to make chlorophyl (the green substance of the leaf which aids in the making of the plant's food), and this gradually fades away in the bright light. By fading, it exposes to view any other colors in the leaf; and all leaves contain yellow coloring matters called xanthophyl, whose function is not known, and it is these which give the yellow color to autumn leaves.

The red is formed differently in bright light and cool temperature a new substance, called erythrophyl, is made from sugar and tannin in the leaf cells, and that has a red color. A brown substance is also sometimes formed, and, besides, the skeleton of the leaf itself turns brown as the leaf dies. It is the various combinations of these substances that give the many shades of autumn colors. Some students think these colors are a useful protection to the living protoplasm (life material) of the leaf, after the green disappears, protecting it against the full blaze of light, which is injurious; but others think the colors have no use at all, but are simply the incidental chemical result of the processes in the ripening and dying leaf.

As yet the weight of evidence seems to favor the latter view, but the matter is still unsettled. It is generally thought that frost has something to do with it; but it has not, except to hasten it. Anything which affects the vitality of the leaf tends to hasten it, for which reason an injured branch of a maple will often show red autumn color even in summer.

The colors are brightest where the leaves receive the most brilliant sunlight.—St. Nicholas.

Wesley Clark, late baggage master at the C.P.R. station, Shelburne, had his thumb badly crushed while coupling cars at Brampton a few days ago.

STRONGLY ADVISES "FRUIT-A-TIVES"

Because They Cured Him, And They Will Cure You

MR. ALEX. McCARTER

WALKERTON ONT., May 9th, 1911.

"I have been in Walkerton in business for a good many years and many of my townsmen know that my health, for long periods was precarious. My trouble was extreme Nervousness, brought on by Indigestion and Dyspepsia, from which I suffered in the most severe form. It was so bad that I could not sleep before about four in the morning. I noticed one of your published testimonials of how someone had used "Fruit-a-tives" for similar trouble and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction and sleep without an effort. I strongly advise anyone suffering from like complaints, to commence using "Fruit-a-tives". ALEX. McCARTER.

50c. a box, 6 for $2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

THE PSYCHOLOGY OF REST.

Under this title, Joseph Stewart gives some valuable advice and instruction in "Realization." He says:

"Of course there should be seasons of complete rest other than that of sleep. The observance of Sundays, holidays and vacations has unquestionable psychological warrant. It is, however, the need for this rest above spoken of to which especial attention is called.

"There is no vocation which can rightfully usurp the noon hour or half-hour. Most of this should be given up to relaxation. There may be a park near you unappreciated, it may be no more than a scant plot of green in the midst of the city; you may be fortunate in living near the woodland. If so, get out into it and wholly relax. Dismiss, for the time, the duties of the hour, and blend yourself with this process of renewal. If you can find a bench, be seated and take a few psychic breaths and hold the thought of the inflow of life. But make no exertion of it; simply invite. If such an opportunity is not available, utilize that which you may have, and rest wherever you may be. You may think this is impossible for you: you can't spare the time, or some other fancied obstacle is raised in thought. Perhaps few spend a busier life than the writer, yet he seldom omits this noon relaxation.

"The fever of effort, of hurry, of work, of modern life, especially in the United States, keeps the mind absorbed in its material objects and impoverishes it as well as depletes the vital force. Brain-fag becomes a common condition as a result, and sooner or later premature old age and collapse follow. I recently read of a business man who had become a victim of this condition, who was advised by his physician to sit quiescent for a few moments daily, and to hold a bell in his hand and sleep just long enough to let it fall to the floor and wake him. He did this, becoming fascinated with the dreams he had during those brief periods. The short relaxation and rest completely cured him.

"The point I wish to illustrate by this is that even the briefest period of complete relaxation in the midst of work is of vast benefit. It furnishes the essential time for subliminal recuperation; it synchronizes with the rhythm of psychic manifestation and encourages the powers that follow the law of spontaneity. You will find not only recuperation, but increased power to work and higher quality of thought.

"There are many opportunities during the day when these moments can be thus utilized. By observing the details of one day you will discover many moments when useless exertion in both thought and action is continued. These should be redeemed to this purpose.

"This aspect of rest so blends with poise that it is difficult to draw a dividing line. There is a way of doing a thing which employs just the requisite energy and no more and the sufficient time, and is not hurried into less. This is poise in action, as I have heretofore explained. In the sense in which I am now writing, it is also rest in work. Employed in this manner, effort seldom tires one who is not otherwise depleted, many striking examples of the truth of which I could give.

"It has been my purpose merely to point out the psychologic law underlying rest and to suggest these commonly disregarded ways in which we may synchronize with it to our great advantage. Try it."

MOOSE WHIPPED TWO BUCKS.

Held Cobalt Special Back.

Terrific Battle Between Forest Monsters Impeded Train's Progress.

Two buck deer and a bull moose fought a terrific battle in the north last night. The crew and several passengers of the "Cobalt Special" coming south from the mining country had the opportunity of witnessing the last few minutes of the fight, in which three handsome animals were almost destroyed.

It was at Net Lake, two miles north of Temagami, at about eight o'clock, an hour after the Special had left Cobalt. The engineer had turned a curve in the forest and about two hundred yards ahead he saw the combatants engaged in strife. He gave several blasts on the whistle and at the same time began to slow down. The engine came up within forty feet of the struggling forest inhabitants without their moving from the tracks, and stopped.

The whistle and bell were both used in an endeavor to frighten the animals from the engine's path, but they seemed so bent upon tearing each other, that they paid no attention to the glare of the headlight full upon them.

Noticing the unusual halt, many of the passengers alighted and ran to the front of the engine. The members of the crew threw stones at the combatants but still no heed was given. For about five minutes the group of watchers stood by and witnessed the most magnificent struggle they had ever seen. In some way the antlers of the two bucks had become entangled. It could not be seen whether the moose had his horns caught or not, as he kept his head down and fought with his feet. Snorts of anger came from his nostrils but the weaker animals were much exhausted and seemed to be staving off the impending defeat as long as possible. The sides of all three animals were rent with wounds and the blood streamed out on the tracks.

Fearing that the train would be held up until valuable time would begin to count, the conductor instructed one of the passengers, who had been upon a hunting trip, to get his rifle and dispatch the fighting beasts. Before he could do this, the moose drew back some five yards and with a plunge bowled both of his opponents into a hollow at the side of the track. Then, for the first time, his attention seemed to be drawn to the humans near him and he bounded off into the woods.

The passengers and trainmen climbed back into the train and started on their way, leaving the two beaten animals lying weak and exhausted beside the track, with their horns still locked.

Combats between two moose or two deer have often been seen in the woods but engagements in which one moose was pitted against two deer are rarely, if ever, seen by men.

The story was told graphically by the members of the train crew when they reached the Toronto Union Station this morning.

"I was so excited that I felt weak after watching it," said one of the Pullman porters.—Evening Telegram.

BY PATHS UNKNOWN.

Peace, that coveted possession of absence of turmoil and strife. It is the normal person, is more than the a positive quality that may exist in the midst of upheaval and disturbance. Blessing is not always some pleasant thing, some much desired condition. Peace may be pressed by through duties and the best blessing may have a thorny covering, be accompanied by darkness and come by a path we never knew.

It is wise to remember these truths, lest we miss the meaning and the help of events that seem only able to work us harm. The river that yielded such a crop in the summer now gone, underwent a severe experience before its fertility was assured. When the spring sun had loosed the river waters and melted the snows upon the hills, the burdened river overflowed its banks and flooded the meadow. After the waters had subsided, the meadow was covered with slime and mud and rotted leaves that hid every spear of grass. But in a few weeks' time the blades of green shot up vigorously and an abundant hay crop came from what seemed at first a calamity.

Just as the earth is filled with tumult and confusion, when peace and blessing of summer take their first steps toward us, so the advance of God's Kingdom has been and is, oftentimes, through confusion to peace, through bane and blessing, through darkness to light. When you come upon a well-tilled farm in the midst of a forest land, you know that some one has toiled and suffered there. Some back has bowed to fell the tree and break the soil. So has it been in our life. Others have gone before us, enduring peril, toil and pain. The Master has gone before us. He has faced the enemies of man and fought them. He has served and suffered, that we might be secure. Every virtue we possess, and every conquest won, and every moment of security, is an echo of the results of this work.

It is our's to-day to dwell in quietness and plenty. Our homes are castles and storehouses. We are safe and have substance. Do we ever think how this has come about? How are we what we are? Is not the explanation found in the agony of Christ? As a nation and as individuals, we are the recipients of the priceless results of Jesus' blood and sacrifice. Carlyle and Emerson were talking one day in Scotland, when Carlyle said, "Jesus Christ died on Calvary: that built Dunscore Kirk yonder, and that brought you and me together." Behind all our calm and settled life, behind all the peace and blessing that wrap us today, behind all our friendships, is the great work of the Redeemer. We are heirs of His achievements.

We do well to reflect that by paths unknown to him man has been led, and by means that are still the amusement of the short-sighted worlding the world of humanity has been raised out of the bogs of war and woe, for man is stupid enough to think that his cleverness and his power are the only and indispensable aids to better things.

All our life is not logic nor is it all sensation. Faith and hope and love have a large place and the unknown paths branch off the great highways of knowledge at many points leading those who take them to life's best.—The Presbyterian.

THE INTEREST OF TEARS.

Trouble is not necessarily a blessing. The sun which softens the wax hardens the clay, and the sorrowful experiences which mellow and deepen the character of one, make the disposition of another gloomy and severe.

But trouble may always be a blessing to him who knows the Lord Jesus and in whose heart the Spirit dwells. This is God's intention for His children; and there are those who, having had experience of the Father's dealing in time of sorrow, dare to avow, "We glory in tribulation also."

It is in sorrow that we prove the reality of our faith. This yellow trinket was not worth so much to its owner when he was not sure whether it was gold or not. But when the goldsmith passed it through the acid and through the fire and it came out unscathed, then he valued it more highly, because he knew that it was gold. So is it with our Christian faith. We believed in Christ while days were bright, but our faith was not so strong nor were spiritual things so real and so precious until, in days of sorrow, the promises of the Saviour were fulfilled and, having felt the comfort of His presence and His sustaining grace, we learned to say, "I know in whom I have believed." This is the interest of tears.

But there is more. Paul, who had his share of life's afflictions, found that while the outward man perished the inward man was renewed day by day. The new man, which is being formed in us in the likeness of Jesus Christ grows by the discipline of trouble. As steel is hardened when it is plunged into cold water, so strength is imparted to Christian character by the enduring of sorrow. In those who have bravely suffered, there is a noble temper, a high fortitude, which is not found in others. And the sorrow which gives strength gives sympathy as well. None but he who has suffered, being tempted, is able to succour those who are tempted. This growth in gentleness and strength, the qualities which are most characteristic of our Master, Christ, is great gain. This also is the interest of tears.

And there is more. Our light affliction which for the moment worketh for us more and more exceedingly an eternal weight of glory. As, under life's discipline, we grow in grace and strength, so step by step, there is prepared for us a more honorable and more glorious place in the service of heaven. And only when we stand with those who, out of great tribulation, have come to the land where tears are wiped away, shall we know what a glorious thing the King of Heaven means and what the eternal riches are of those who gain the far-off interest of tears.—The Presbyterian.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the sores, clears the air passages, stops nasty pings in the throat and permanently cures Catarrh and Hay Fever. 25c. a box; blower free. Accept substitutes. All dealers or Edmanson Bates & Co., Limited, Toronto.

GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time.

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss JESSIE MARSH, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A CURIOUS COINCIDENCE.

Dramatic Climax to a Trial in a French Court.

Coincidence—chance—plays a tremendous part in human history. Fate is another name for the same thing; so is luck. All these words are merely our puny euphemisms for X., the unknown quantity.

Not a day passes but the story of a remarkable coincidence is brought to the public notice. A stranger incident never occurred, however, than this one, the account of which is in an old copy of the Chronique de Paris.

A youth of about nineteen was brought to trial for having broken the window of a baker's shop and stolen a two pound loaf.

The Judge—Why did you steal the loaf?

Prisoner—I was driven by hunger.

"Why did you not buy it?"

"Because I had no money."

"But you have a gold ring on your finger. Why didn't you sell it?"

"I am a foundling. When I was taken from the bank of a ditch this ring was suspended from my neck by a silken cord, and I kept it in the hope of thereby discovering at least who were my parents. I cannot dis-

A CURIOUS COINCIDENCE.

Drives Crimes to a Trial in a Living Court.

Coincidence—chance—plays a tremendous part in human history. Fate is another name for the same thing, so is luck. All these words are merely convenient euphemisms for X, the unknown quantity.

Not a few persons but the story of a remarkable coincidence is brought to the public notice. A stranger incident could not be recorded, however, than this one the account of which is in an old issue of the Chronique de Paris.

A youth of about nineteen was brought before the court for having broken the window of a baker's shop and stolen a two pound loaf.

The Judge—Why did you steal the loaf?

Prisoner—I was driven by hunger.

Why did you not buy it?

Because I had no money.

That is a gold ring on your finger. Why didn't you sell it?

I am a foundling. When I was taken from the bank of a ditch this ring was suspended from my neck by a silken cord. I kept it in the hope of some day discovering at least who were my parents. I cannot dispose of it."

The procurer du roi (king's attorney) made a violent speech against the prisoner, who was found guilty and sentenced to imprisonment for five years. Immediately upon this a woman more worn down by poverty than age came forward and made the following declaration:

"Gentlemen of the jury. Twenty years ago a young woman was married to a young man of the same town, who afterward abandoned her. Poor and distressed, she was obliged to leave her child to the care of Providence. The child has since grown older; the child in poverty, the woman in misery, and her husband in prosperity. They are all three now in court. The child is the unfortunate prisoner whom you have just pronounced guilty, the mother is myself, and there sits the father," pointing to the king's attorney.

Mr. W. E. Milner, formerly of Brampton, has been re-elected president of the Traders Building Association, of Winnipeg, Manitoba, an office he filled last year with great satisfaction to the board. A very conservative estimate of the property owned by the Association is $1,170,000.

You Get Bilious

Because Your Liver is Lazy

You get a bilious attack when your liver refuses to do its work. The bile does not flow. You become constipated. Poisons instead of digesting. You have that "bitter as gall" taste. The stomach becomes inflamed and inflated—Dizziness—vomiting, and violent headache.—The best remedy and cure for biliousness is Chamberlain's Tablets. They make the liver do its work—strengthen the digestive organs, and restore to perfect health. 25c. a bottle at Dealers and Druggists, or by mail. 1

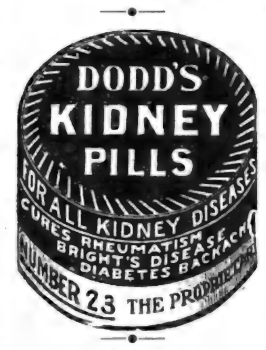
GROWING OLD.

A little more tired at close of day;
A little less anxious to have our way;
A little less ready to scold and blame;
A little more care for a brother's name;
And so we are nearing the journey's end
Where time and eternity meet and blend.



A little less care for bonds and gold;
A little more zest in the days of old;
A broader view and a saner mind,
And a little more love for all mankind;
A little more careful of what we say,
And so we are faring a-down the way.

A little more love for the friends of youth;
A little less zeal for established truth;
A little more charity in our views;
A little less thirst for the daily news;
And so we are folding our tents away
And passing in silence at close of day.

A little more leisure to sit and dream
A little more real the things unseen;
A little bit nearer to those ahead,
With visions of those long-loved and dead;
And so we are going where all must go,
To the place the living may never know.

A little more laughter, a little more tears,
And we shall have told our increasing years;
The book is closed, and the prayers are said,
And we are a part of the countless dead.
Thrice happy, then, if some soul can say
"I live because he has passed my way."

—New York Times.

INDIAN SUMMER.

By the purple haze that lies
On the distant rocky height,
By the deep blue of the skies,
By the smoky amber light
Through the forest arches streaming,
Where Nature on her throne sits dreaming
And the sun is scarcely gleaming,
Through the cloudless snowy white
Winter's lovely herald greets us.
Ere the ice-crowned giant meets us.

A mellow softness fills the air;
No breeze on wanton wings steals by
To break the holy quiet there,
Or make the waters fret and sigh
Or the yellow alders shiver,
That bend to kiss the placid river.
But the little waves are sleeping,
O'er the pebbles slowly creeping,
That last night were flashing, leaping
Driven by the restless breeze,
In lines of foam beneath von trees

Dress'd in robes of gorgeous hue,
Brown and gold with crimson blent
The forest to the waters blue
Its own enchantment thus has lent;
In their dark depths, life-like glowing
We see a second forest growing.
Each pictured leaf and branch be stowing
A fairy grace to that twin wood
Mirror'd within the crystal flood.

'Tis pleasant now in forest shades—
The Indian hunter strings his bow,
To track thro' dark entangling glades
The antler'd deer, the bounding doe,
Or launch at night the birch canoe,
To spear the finny tribes that dwell
On sandy-bank, in weedy cell,
Or pool the fisher knows right well
Of pine-torch at his vessel's bow.

This dreamy Indian summer day
Attunes the soul to tender sadness,
We love—but joy not in the rays
It is not summer's fervid gladness,
But a melancholy glory
Hovering softly 'round decay,
Like swan that sings her own sad story
Ere she floats in death away.

The day declines; what splendid dyes,
In fleckered waver of crimson driven,
Float o'er the saffron sea that lies
Glowing within the western heaven!
Oh, it is a peerless even.
See the broad red sun has set,
But his rays are quivering yet
Through Nature's veil of violet.
Streaming bright o'er lake and hill;
But earth and forest lie so still,
It seedeth to the heart a chill;
We start to check the rising tear—
'Tis beauty sleeping on her bier.

—Mrs. Moodie.

Mr. H. H. Powell, manager of the Brantford Gas Co., has resigned, and is succeeded by H. Stringer.

Councillor James L. Standish, of Esquesing, fell from a load of corn and had three ribs fractured the other day.

Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to

Cure Common Ills

"TAMMANY HALL" OLD BODY.

Dates Back Over Century.

Regarded as the Most Highly Organized Political Organization in the States.

Tammany Hall is a powerful political organization, which, with rare intermissions, has ruled New York City since 1800. It is an out-growth of the Society of St. Tammany, or the Columbian Order, founded on May 12, 1789, by Wm. Mooney, an upholsterer of Irish extraction, who conceived the idea of forming a society which would oppose the designs and encroachments of the old aristocratic families. At first the society was composed of both Republicans and Federals, but it fast drifted into being the principal upholder of the doctrines which Jefferson expounded. In 1798, when it was at low ebb, Aaron Burr secretly became its head, and the society became a purely partisan body. It was about 1805 that the Tammany Hall political organization, as apparently distinct from the Society, was created, owing to complaints that a private society was engaging in politics.

Tammany has grown rich on the spoils of city, state and national government. It has been spoken of as the most highly organized political body in the U.S. It was opposed to the Irish until that nationality began to show strength, and finally submitted to its leaders being of Irish extraction.

Under Ferando Wood, who controlled the Hall from 1850-52, and was for three times Mayor, Tammany Hall became definitely and openly identified with the politics of the city. Wood illustrated the feasibility of the "boss" system and in 1867 William M. Tweed became the director of the Hall, leading a raid on the city treasury which netted him and his associates more than $100,000,000. Of this, the city recovered only $876,000. Tweed went to prison. John Kelly, who succeeded him as "boss," showed sagacity and managed to get some of the Democrats, who had brought about Tweed's downfall, into Tammany Hall, and the organization made the claim that it had purged itself of the vicious element and had become a reform body. Kelly died in 1884 and was succeeded by "Dick" Croker, who resigned to go to Ireland to live.

Charles F. Murphy has been "boss" since 1903, directing the district leaders, election district captains, and various comprehensive committees, reaching into every part of greater New York and indirectly having a great influence on state politics. The tide of public opinion has, however, been constantly rising against Tammany and the revolt of the late Mayor Gaynor, who was elected by Tammany and refused to be its servant, was the beginning of what happened last week.

Murphy has been called the "uncrowned" governor of the States and mayor of the city. His career was thus summarized in a recent issue of the Voters' Weekly, the campaign publication of the Fusionists:

"Charles Francis Murphy, graduate of the Gas House Gang, ex-bartender, former street-car driver and saloon keeper, after twenty-five years in politics, and eleven years as leader of Tammany Hall, is possessed of a private fortune which, his friends freely declare, is more than $2,000,000, as the owner of a palatial country place at Good Ground, L.I., of a handsome city house in the heart of his old district; of seven automobiles—one for each day in the week—of stock in more corporations than he would care to have listed, and is operating under the names of other men a string of saloons that extends from Fourteenth street east of Third avenue, to the northern boundary of what was the district of the Sullivans. Also he it was who made Edward E. McCall Tammany's Mayoralty nominee."

An outbreak of typhoid fever is reported from the village of Union, a few miles from Kingsville, thought to be due to impure water.

The rumor is renewed that Mackenzie and Mann are anxious to get into Brantford, and that they have made some propositions with reference to the Lake Erie and Northern Railway now building.

MONKEYS AMUSED GUESTS,

But Hostess Will Not Have Picture in Print, as it is Copyrighted.

That ancient ballad "Down in Jungle Town," need no longer apply to the fastnesses of the ape and the boa-constrictor. It may quite as appropriately be applied to that distinguished hostelry, the Bellevue Stratford, in Philadelphia, provided at last that the Edward T. Stotesburys are giving an after-dinner supper, such as was spread by that member of the banking firm of J. P. Morgan & Co. and his wife for their 175 guests one night after the opera.

The tropical effects were the marvel of friends who have long been accustomed to a lavishness upon the part of their hosts that even called forth the denunciations of the pulpit, countrywide.

Real oranges grew on real orange trees, and covetous guests were at liberty to pluck and devour them. Great orchid plants grew in profusion in the young forest. And to keep the monkeys, which cavorted in the trees, company, talking parrots were let loose among them, setting up such a shrieking as nearly drowned the music to which colored troupers did the turkey trot and Mr. and Mrs. Castlemore elite steps.

Guests danced between courses, and during the courses a variety of costly cabaretesque numbers were introduced. The revelry lasted until late in the morning, and many of the guests were put to inconvenience on their departure because of the chauffeurs' strike. Mr. Stotesbury had engaged ample transportation facilities, but while the guests were deep in the jungle, some of the chauffeurs deserted their charges and took advantage of the opportunity for extra profit occasioned by the strike.

Just how many pictures will be published, showing Mrs. Stotesbury surrounded by tropical scenery while monkeys scramble through the orange trees and strip to pieces priceless orchids for amusement, will not be known for a little time. For Mr. Stotesbury, piqued at the fancied or real unfairness of certain newspapers, henceforth will copyright every picture taken of his wife. In fact, he has gone so far as to copyright all those she has posed for in the past; and that is a blow to Philadelphia society pages, which have considered her visage a real adornment of their columns.

"LIFE"—A POETICAL CURIOSITY.

The following literary curiosity was compiled by Mrs. H. A. Deming, of San Francisco, and is said to have occupied a year:—

Why all this toil for triumphs of an hour? —Young.
Life's a short summer—man a flower. —Dr. Johnson.
By turns we catch the vital breath and die; —Pope.
The cradle and the tomb, alas! so nigh. —Prior.
To be is better far than not to be. —Sewell.
Though all man's life may seem a tragedy. —Spencer.
But light cares speak when mighty griefs are dumb. —Daniel.
The bottom is but shallow whence they come. —Sir Walter Raleigh
Your fate is but the common fate of all; —Longfellow.
Unmingled joys, here, to no man befall. —Southwell.
Nature to each allots his proper sphere. —Congreve.
Fortune makes folly her peculiar care —Churchill.
Custom does often reason overrule, —Rochester.
And throw a cruel sunshine on a fool —Armstrong.
Live well; how long or short permit to Heaven. —Milton.
They who forgive most shall be most forgiven. —Bailey.
Sin may be clasped so close we can not see its face. —French.
Vile intercourse where virtue has no place. —Somerville.
Then keep each passion down, however dear. —Thomson.
Thou pendulum betwixt a smile and tear. —Byron.
Her sensual snares let faithless pleasure lay, —Smollett.
With craft and skill to ruin and betray; —Crabbe.
Soar not too high to fall, but stoop to raise; —Massinger.
We masters grow of all that we despise. —Crowley.
Oh, then, renounce that impious self-esteem. —Beattie.
Riches have wings and grandeur is a dream. —Cowper.
Think not ambition wise because 'tis brave. —Sir Wm. Davenant.
The paths of glory lead but to the grave; —Gray.
What is ambition? 'Tis a glorious cheat, —Willis.
Only destructive to the brave and great. —Addison.
What's all the gaudy glitter of a crown? —Dryden.
The way to bliss lies not on beds of down. —Francis Quarles
How long we live, not years but actions tell; —Watkins.
That man lives twice who lives the first life well. —Herrick.
Make, then, while yet ye may, your God your friend.—Wm. Mason.
Whom Christians worship, yet not comprehend. —Hill.
The trust that's given, guard, and to yourself be just. —Dana.
For live we how we may, yet die we must. —Shakespeare.

Piles

To many thousands of people the mere mention of "Piles" suggests Dr. Chase's Ointment.

The memory of the keen distress and suffering caused by the itching, stinging, burning sensations is almost blotted out when one recalls the quick relief obtained by the application of this wonderfully soothing, healing ointment.

SUFFERED 14 YEARS

Doctor Decided on Operation, But Dr. Chase's Ointment Cured Him

Mr. Charles Beauvais, a respected citizen of St. John's, Que., writes:—"For 14 years I have suffered from chronic piles or hemorrhoids, and considered my case very serious. I was treated by a well-known physician, who could not help me, and my doctor decided on an operation as the only means of relief. However, I resolved to try Dr. Chase's Ointment first. The first box brought me great relief, and by the time I had used three boxes I was completely cured. This is why it gives me such great pleasure to recommend Dr. Chase's Ointment to everybody suffering from hemorrhoids as a preparation of the greatest value."

Ask your friends about Dr. Chase's Ointment. It is about the only actual cure for every form of piles. 60c. a box.

THE CHEQUE ARTIST AGAIN.

A Nervy Swindler Puts One Over in Brampton.

A Toronto Bank or Man Who Introduced Swindler will likely be Loser.

One of the cheque artists who have been floating about the province biting the banks, put one over at the Dominion Bank in Brampton on Monday, but he did not sting the bank.

On the 9.30 G. T. train from the city a rough, burly looking individual, five feet six or thereabouts, wearing pack shoes, overalls, a dark brown double breasted coat, cap to match and a nine days' growth of whiskers on his face, got off and enquiring for a local horse dealer made his way to that man's place of business. The two talked lumber horses. The stranger was Mike Bindell, working for the Beaver Stone Lumber Co., of Collingwood, and they wanted several teams. Then the stranger said he had a cheque to cash and the local horse dealer piloted him to the Dominion Bank.

They had an interview with the manager and he looked over the stranger's marked cheque for $1,950 on the Sterling Bank at the corner of Simcoe and Adelaide streets, Toronto. The manager is taking no chances on marked cheeks or any other kind presented by strangers and it was only after a telephone chat with the manager of the Sterling, whom the local manager knows personally, that the stranger was handed over the funds. Then the stranger wanted to do further business and the local horse dealer was only too anxious to help him but the local bank manager persuaded him that it would be a piece of folly to guarantee a stranger's draft, or any part of it, on the Beaver Stone Lumber Co., Collingwood. So eventually the $5,000 draft was sent away for collection merely and has returned with an endorsement, "no such company known in Collingwood."

The stranger with the $1,950 in cash, a roll big enough to choke a horse, left the bank with the local horse dealer and they sauntered along to the latter's office talking horse and arranging to go out into the country.

Suddenly the stranger declared he was going back to the city to see his friend Murray, a horse dealer there about something neglected and would return to Brampton next day. Then the stranger went to the C.P.R. and took the forenoon train out of town. He came in on the G. T. at 9.30 and left on the C.P.R. at 10.40.

On Tuesday the Sterling Bank manager in Toronto discovered that Mike Bindell was a fraud and a chum of X. Ray another fraud, who cleaned up $18,000 from Western Ontario banks some weeks ago.

Mike Bindell's financial transactions in putting over the $1,950 cheque began at Owen Sound some weeks ago when a rough lumberman opened a small savings account at the Union Bank. A week or so after making his deposit Mike called and announced that he was leaving the neighborhood and wished to withdraw his funds. They gave him a marked check for $25 drawn on one of the Union Bank branches in Toronto. Mike came to Toronto and made the acquaintance of a horse dealer named Murray, gained that man's confidence and bought a team for $700 for his lumber company. Mike flashed a marked cheque for $2,500. The $25 cheque had grown by two ciphers since Mike had acquired it. Mr. Murray took Mr. Bindell to the Union Bank branch in Toronto and the manager there [illegible] that as he did not know [illegible] to pay very well and nothing of Mike that Mr. Murray have the cheque cashed through Mr. Murray's bank the Sterling. Then Mr. Murray and Mike interviewed the man at the Sterling and Mike got his neatly marked check cashed. He got it in two cheques 91,950. to go to Brampton for horses and $500 in a check for Mr. Murray [illegible] team of horses and $50 in cash for expense.

When the $2,500 [illegible] reached Owen Sound the discovered and the alar arrest Mike Bindell, w name with a small "b" tobacco that would kill

The rascally Mike is be the running mate slick western stockman half-a-dozen banks of s to total $18,000.

The loser in this last action is the Toronto if the Sterling Bank money out of him.—Pee

WAS FOSSIL HUNTER

"Jo" Townsend Had a Remarkable Collection

Interesting Sketch of a Onetime Orangeville Newspaper Man.

A few days ago the Toronto Daily Star published a photo and an interesting sketch of the late Joseph Townsend, who was at one time connected with the Orangeville Advertiser. The sketch read as follows :—

Joseph Townsend died a few weeks ago on his brother's farm near Elora. There was the usual notice in the papers. The funeral was private, and there was few flowers. He had been born near the place where he died. The neighbors came, and followed him to the cemetery. They referred to him as Joseph, though in life he was "Jo." When the funeral was over they went back to the chores, and the preparations for another winter.

Jo Townsend was of them and yet not of them. This was his countryside; he was accustomed to them, and they to him. He had been at like funerals himself. He had heard like sermons, and like messages passed from lip to lip, in whispers. He knew the buggies and the names of the horses that followed him. He had leaned on the hearse many a time to talk to the undertaker. And yet, though he was of them, he was not one of them; he was a fossil hunter.

But none of his scientific friends were there. The men who shared to a greater or less extent in the work he had done in life, a strange work in the eyes of the countryside; a great work in the eyes of the scientists, who scarcely knew Jo Townsend well enough to go to his funeral. As he did not exactly belong to the countryside, neither did he belong to the world of the scientists. He was of them, but not like them. He could not go as far into science as a trained geologist, and neither could he engage in the petty round of comfortable gossip which is life to most of the world. He was a man apart, a man who was neither one thing nor the other. But not a lonely man. Far from it. He held daily conversations with buried ages, finding their messages in the skeletons of bugs or the prints of leaves caught in the layer between strata centuries ago. He dwelt in a world of fossils, and his life work was with hammer and chisel, delicately chipping them out of their graves and carting them lovingly home in a sagging pocket.

Forty years ago Jo Townsend was publishing newspapers. First he was a printer in Elora, and then went into partnership with old Fisher Munroe, a once well-known newspaper man, in the publishing of the Orangeville Weekly Advertiser. The he founded the Dundalk Guide, and next the Durham Review. As an editor he was a good man. As a business man he did not succeed, and even his editing was likely to be interrupted at unfortunate moments—unfortunate from the standpoint of the public which awaited the issue of the paper—by his love for fossil-hunting. In the rocks at Elora he had made an early and accidental acquaintance with the strange things sometimes to be found between the layers of rocks. He had made a hobby of collecting these specimens, and studied them and their meaning, and read what few books he could find dealing with the subject. It is related of him that when he would disappear from his printing office up in Durham, and the compositor needed him, the "devil" would be sent to the quarry to recall the editor to the needs of the moment.

"Look here, son," the foreman would say, "hurry down to the quarry and find Jo. If he won't come bring the mail anyway, he probably's got it in his pocket and forgotten we need it. And son! See if y' can get his hammer and chisel."

The shadow of the boy would fall across the rocks at the quarry. The renegade editor would glance upward, nervous, guiltily.

"Oh!" he might exclaim, uneasily, a faint flush stealing over his kindly face. "Oh, that you! was just coming; just coming. Won't be a minute. There's a fine trilobite in here. I got him half out last night and I'll be along with y'."

So the boy would lead his employer back to the hardships of a desk and a pen and a pair of scissors.

Holidays were his delight, for then there was no tender conscience to interfere with his fossil hunting. He would be up with the dawn, and with a small lunch in his pocket would set off on a fifteen or twenty mile walk to some deserted quarry which he longed to explore. He never rode; that would have been luxury, unless some passing farmer offered him "a lift." Arrived at the quarry he would begin with his hammer and chisel and work—till the darkness covered the face of the rocks. Even then it was not fatigue that led him to give up for the day and set out on the long tramp home again; it was just because he was afraid he might injure a good fossil if he worked in the dark.

After giving up his own newspaper he came to Toronto and was interested here in the printing business. Here it was not so easy to get to the quarries, but every Saturday in summer he made his way to some likely spot for fossils. In winter he classified the summer's loot.

It was not for some years that the Geological Survey at Ottawa learned of Townsend's collection of fossils. They sent down to examine them and thought them—for a price ridiculous beside the cost they must have meant in time and lost work to Townsend. The University of Toronto and McGill have some of his collections. The former sent him to the Rocky Mountains and to the Laurentians, seeking fossils. He was very successful.

PRESENTATION TO JUDGE VANCE.

Citizens of Shelburne Present Simcoe's New Judge with an Address, A Cabinet of Silver and a Cane.

Notwithstanding the unfavorable weather on Monday evening last, a large number of citizens and representative business men of Shelburne and the surrounding country met at the home of Judge Vance for the purpose of showing their appreciation of him as a public-spirited citizen for the past 20 years, and to congratulate him on his promotion to the Judiciary as Senior Judge of Simcoe County. Harry White was called to the chair. After explaining the object of the gathering, Chas. Mason was called on to read the following address. While the address was being read Messrs. David Henderson and J. A. Mills presented His Honor with a cabinet of beautiful sterling silverware and a handsome gold headed cane :—

G. M. Vance, K.C.

We, your fellow citizens of Shelburne, have heard with pride of your elevation to the Bench as Senior Judge of Simcoe County, and wish to express our esteem for you and our appreciation of your interest in the affairs of our town during your residence of 20 years. As Councillor, as Reeve, as School Trustee, and as Town Solicitor, you have devoted the best of your talents to its welfare; the town is richer for your residence here, but we feel that your public spirited interest will be greatly missed. Your marked success as a barrister with your large and varied practice will prove a fitting preparation in dispensing the justice of our land. This address will remind you of a host of friends who will follow with interest your career in your high position. As a token of respect we beg you to accept this cabinet of silver, and cane, with the hope that your memory will frequently bring you back to Shelburne.

Signed on behalf of the citizens.

R. L. MORTIMER,
CHAS. MASON.

Shelburne, Oct. 17th, 1913.

The address was an artistic piece of work, handsomely illuminated in gold and colors, and was the work of the Rev. Dr. McKenzie, pastor of Knox Church, Shelburne. The corners of the scroll surrounding the address were medalion shaped with a quarter inch gold border. In the upper left hand corner there was a neatly painted representation of "Justice" and on the opposite corner to the right a picture of our town hall, and on the bottom corner to the left a painting of the Shelburne High and Public School buildings and opposite, to the right, a cornucopia or horn of plenty. The border connecting the medalion corners was nearly half an inch in width and consisted of Canada's emblem, the maple leaf, painted in all the beautiful and varied tints of autumn. The lettering of the address was also neatly done and was a remarkably clever piece of artistic work.

At the conclusion of the presentation, Judge Vance made a short and appropriate reply, as he was slightly nervous but later on in the evening he warmly expressed his thanks to his friends for their handsome presents and kind appreciation of his services.

Harry White made an efficient chairman and discharged his duties in a very creditable manner. Quite a number of short addresses were given, expressing the high esteem in which Judge Vance is held by the citizens of Shelburne, and wishing him success in his new position.

After the congratulatory addresses were over, lunch was served and a very enjoyable social evening was spent by all present.

Besides those already mentioned there were present at the gathering: Rev. Dr. McKenzie, Rev. R. J. S. Adamson, E. Berwick, R. A. Eley, John Best, M.P., Reeve Falconer, F. H. Silk, Norton Fisher, E. S. Ferguson, Geo. Rutherford, James Chalmers, T. J. O'Flynn, Wm. Cameron, J. W. Hamilton, John Mowat, J. A. Skelding, James Cassie, W. A. Hillhouse, Frank Shepherd, Geo. Leitch, A. W. Watson, R. J. Watson, W. H. Lamon, S. H. Rutledge, of Shelburne; James Brown, T. K. Slack, W. F. Reid, Melancthon; Alex. McDonald, Mono; Robt. Gallaugher and Paul Gallaugher, Mulmur; Kennett Strothers, Hornings Mills—Free Press

NEW CONVENIENT TRAIN TO WINNIPEG.

CANADIAN PACIFIC.

The popularity of Canadian Pacific service, and the excellence of that road's equipment, has been so greatly appreciated by the travelling public that it has been found necessary to put into service an entirely new Through Standard Express Train between Toronto and Winnipeg.

Commencing Sunday, October 27th, the "Gate City Express" will leave Toronto at 2.30 p.m., and will run daily thereafter, arriving Winnipeg at 8.00 a.m. second morning. The train will consist of the highest-class modern equipment: Compartment Library Observation Car, Standard Sleeping Cars, Tourist Sleeping Car, Dining Car, First-class Coach and Colonist Car. This will be found the most convenient and best train between Toronto and Winnipeg on account of the daylight departure from Toronto at an hour when the Union Station is not badly congested, and also on account of the early hour of arrival at Winnipeg.

The present "Vancouver Express" will continue to leave Toronto at 10.20 p.m. daily and will consist of the same equipment as the "Gate City Express." This train is the best to take for points west of Winnipeg, but for Winnipeg and east the "Gate City Express" is the right train to travel by.

Full particulars from any Canadian Pacific Agent, or write M. G. Murphy, District Passenger Agent, Toronto.

Died in Toronto

Andrew Caldwell, a onetime resident of this town, died in Toronto on Saturday morning from Bright's disease. He was 74 years of age and was a widower, his wife, who was a daughter of the late Thos. Linn, of Caledon, having died a number of years ago. While in Orangeville he was a local preacher in the Methodist Church and as such was frequently called upon to do pulpit work in the churches in this district. After going to the city he became identified with the Plymouth Brethren. His remains were brought home for burial, the funeral taking place from the C.P.R. station to the Forest Lawn Cemetery on Monday forenoon.

Miss Janet Ferguson

Announcement was made in last week's Banner of the death of Miss Janet Ferguson, which occurred at the Ferguson homestead, lot 32, con. 10, Erin, on Monday, November 3rd. Miss Ferguson was a daughter of the late John Ferguson and is survived by her sister, Mary, and three brothers, Duncan, Neil and John. She was a member of the old Church of Scotland, before the union of the Presbyterian Churches took place, and always retained her love for the old church in which she had been brought up. In common with the other members of the family she could speak Gaelic quite fluently. The interment took place to McLachlan's cemetery, 9th line, Erin, on Wednesday following her death. A large circle of friends and neighbors will mourn her demise.

John Huston Dead

Mr. John Huston, a onetime resident of Orangeville, died at his residence, 64 Stanley St., Toronto, at 5 o'clock on Monday morning. Deceased was taken ill with pneumonia only on Saturday morning two days preceding his death. He was 67 years of age and was a carpenter by trade. He spent the early part of his life in and around Orangeville, but moved from this town to Toronto about 30 years ago. He is survived by a widow and one daughter, Mrs. Putnam, of Toronto. Mrs. Samuel Montgomery, of Mill St., is a sister. The fugeral took place yesterday afternoon.

The Late J. B. Lindsey.

A typographical error, which might be the cause of some misunderstanding, occurred in last week's report of the death of the late Dr. J. B. Lindsey, V.S., of Hockley. Our article stated that he was brought from Winnipeg on a stretcher, whereas what it was intended to say was in a sleeper. While in the west Dr. Lindsey was under the care of Dr. Mitchell, of Weyburn, who advised him that he was well enough to undertake the journey home. He left Weyburn in charge of Mr. and Mrs. Shaw, the latter being a trained nurse. When he was taken ill at Winnipeg, medical aid was summoned. The doctor diagnosed his trouble as kidney disease, but thought he would be able to complete his journey home alright. On the journey east Mr. and Mrs. Shaw gave their patient every care and attention and at Sudbury procured the services of another physician. When they reached Bolton he was taken to the home of his sister, Mrs. Harper, where Drs. Bateman, of Bolton, and Dunning, of Mono Mills, did everything possible for him. We make this correction, lest some of our readers might think that the deceased was allowed to start for home without proper provision being made for his care during the journey. Dr. Lindsey, we might also state, was born at Tullamore, Peel County, and not in Ireland.

TAX NOTICE.

Taxes for the Townships of Amaranth, Mono, East Garafraxa and Caledon may be paid at the Bank of Hamilton, Orangeville. 4t

Horticultural Society Officers

Orangeville Horticultural Society elected the following officers at its annual meeting last Thursday night: President, Dr. T. H. Henry; 1st Vice-President, Mrs. W. J. Gordon; 2nd Vice-President, Mrs. Walter Fairbairn; Secy-Treasurer, Mr. H. F. Tuck; Directors, Mrs. D. N. Potter, Mono Mills; Miss Jessie Johnston, Laurel; Misses M. M. Howard, F. Shain, M. Hunter, Miss Stephenson, Miss Hughson and Messrs. B. McGuire and Rev. G. W. Tebbs; Auditors, Alex. Firth and Dr. G. H. Campbell.

RESOLUTION OF CONDOLENCE.

At the last meeting of L.O.L. No. 465, Hockley, on Friday evening, Nov. 7th, the following resolution of condolence was passed by a unanimous vote and the Secretary of the Lodge was instructed to forward a copy to the widow of the late Bro. Dr. J. B. Lindsey :—

Whereas the Great and Supreme Ruler of the Universe has in His infinite wisdom removed from among us one of our worthy and esteemed members, Bro. J. B. Lindsey, V.S., and whereas the long and intimate relation held with him in the faithful discharge of his duties in this Society makes it eminently befitting that we record our appreciation of him;

Therefore be it resolved, that with deep sympathy with the bereaved relatives of the deceased, we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well.

Signed in behalf of the Lodge.

R. J. HACKETT,
Recording Secretary.

Hockley, Nov. 7th, 1913.

THE PEEL RETURNS.

Fallis Has a Majority of 396

Only 12 Votes Less Polled than in Last Provincial Election.

Official returns of the recent by-election in Peel County have increased the majority of James R. Fallis, the successful Conservative candidate, to 396. The returns also show that the total vote polled was only twelve less than that recorded at the general Provincial election two years ago. The vote was considerably larger in Brampton, Chinguacousy and Albion townships, and Bolton village, practically the same in Toronto township and Streetsville and somewhat lighter in Caledon and Toronto Gore township. The following are the figures for the two elections :—

	1911.		1913.

Majority for Fallis, 396.

Will be Wedded

Mr. Leonard Tyrrell, of the Dufferin Theatre, is leaving on Friday for Toronto, where he will be married to Miss Winnie Field, now a resident of the Queen City. Mr. Tyrrell and his fair bride crossed the Atlantic together, both coming from the pretty village of Sandon in Hertford, Eng. The Banner joins a wide circle of friends in offering its hearty congratulations.

Crate Fattening Fowl.

Mr. H. A. Dorrance, the District Representative, is giving poultry raisers a practical and suggestive lesson in poultry fattening these days. He is crate fattening 15 chickens at the Department of Agriculture office on Broadway. Mr. Dorrance purchased the fowl from a local produce dealer at the current market price. He intends to crate feed them for 20 days and expects to make a comfortable profit when he resells. His object is to demonstrate how much more money can be made out of poultry by crate fattening. Mr. Dorrance informs the Banner that a number of poultry raisers in this section have adopted and are following the example he has set.

ECZEMA AND SORE EYES.

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Planford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend, I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

SALE REGISTER.

Mr. Daniel McArthur will hold a clearing Auction Sale of Farm Stock, Implements, Harness etc. on lot 12, con. 3, east, Caledon township, on Monday, November 24th, 1913. Everything will be sold as Mr. McArthur has leased his farm. See advt. elsewhere for list and full particulars. Wm. Hull, Auctioneer.

Mr. Wm. Quigley will hold an unreserved auction sale of his farm stock, implements etc., on lot 13, con. 8, east, Mono (close to Hockley village) on Wednesday, Nov. 27th, commencing at one o'clock sharp. There will be positively no reserve as Mr. Quigley has sold his farm. See advt. in this issue or posters for list and all particulars. Jas. A. Patterson, Auctioneer.

Big Night at Purple Valley

The officers and members of L.O.L. No. 84 held a successful fowl supper and entertainment on Wednesday evening, Nov. 5th. The supper was prepared by the Reception Committee consisting of Bros. Robt. Pierson, Hunter White, R. Moffitt and W. Huskinson assisted by the ladies of the community. The older brethren had their wives and families, while the younger brethren brought a lady friend each, making a total of about one hundred guests. When the sumptuous repast was over, a first-class programme was given with Wor. Master Joseph M. Island in the chair. Brief speeches were made by the Chairman, Bros. S. T. Still, T. H. White, John Hewat and John Pierson. Organ recitals and duets were rendered by the Misses Verna and Clyta Island, and recitations by Miss Maggie Bagnell and Miss Florence Price. Mrs. Will Ingles and Miss Grace East also addressed the guests, taking as their subject Social Gatherings. The last number on the programme was the singing of the National Anthem, after which the guests dispersed, well satisfied with the social evening spent together.

On Friday evening following, Nov. 7th, the members held their regular monthly meeting. It might well be called a degree night as there were two initiations into the Lodge, also one member exalted to the Purple, and three to the Blue Degree. During the business part of the meeting the W.M. reminded the brethren of the unhappy condition of the Protestants of Ulster, and moved, seconded by Wor. Bro. David Still sr., that Wor. Bro. T. H. White, Secretary pro tem, draft a suitable resolution and present same to the Lodge before closing. Bro. White presented the following resolution, which was passed unanimously :—

We, the Officers and Members of Purple Valley Lodge, No. 84, County of Dufferin, in meeting assembled, desire to place on record the fact that we are in deepest sympathy with the Orangemen and Protestants of Ulster. We also further promise our moral and financial support to the Ulster Unionist Council, under the leadership of Sir Edward Carson in their fight to resist Home Rule, which if it becomes law, they believe, and we believe, would terminate in the dismemberment of the British Empire.

Jos. M. Island,
Wor. Master.
A. A. Still,
Rec. Secretary.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

BY TELEPHONE.

Everything was ready for mother's party. The pretty round table waited for guests. The air was sweet with carnations. The candles, in their warm red shades, threw soft crimson lights on silver and linen and china. The guests were all in the parlor.

Before announcing supper, mother excused herself to give one last glance at the table. She found Gordon standing disconsolately near the dining-room door.

Then the telephone bell rang. Mother ran to answer it.

"Please, Mrs. Hardy," said a boy's voice, let Gordon come over to supper with me. Mother's at your party, you know."

"Thank you," cried mother, much pleased. "Gordon will be glad to come." She rang off and turned quickly to Gordon.

"Run right over to Charlie's, dear," she said. "He wants you to come and eat supper with him. He's waiting, so be quick."

Mother kissed him. And Gordon hurried down the street to Charlie's house. Meanwhile mother's guests seated themselves at the pretty table.

In the midst of the second course, the telephone bell rang. Mother sprang up.

"Excuse me," she said, "but that's probably Gordon, so I'll answer myself."

"Hello," said mother into the receiver.

"That you, Mrs. Hardy?" said a boy's voice. "Where is Gordon?"

"Why, isn't he there yet?" cried mother. "Well, he surely will be in a minute. I sent him right over. It was so good of you to ask him, Charlie."

"Charlie?" said the voice. "I say, Mrs. Hardy, this isn't Charlie. This is Harold."

"Harold!" gasped Gordon's mother. "Dear me, Harold, I've made such a mistake. I sent Gordon to Charlie's. Please run get him, quick!"

"I hope he'll find him," laughed Harold's mother from the table. "All day he's been saving things for supper."

"There really isn't anything in my house to eat," said Charlie's mother. "But don't worry, Mrs. Hardy, they'll get along.

They were getting along. When Gordon rang the bell at Charlie's house, Charlie came to the door.

"Hello, Gordon," he said, "won't you come in?"

"Trying to be extra polite, Charlie?" said Gordon. "Course I'll come in.—I've come to supper."

Charlie surely did look queer.

"Mother's over to your mother's party," he stammered. "John and I were going to eat bread and milk. There's lots of it, and maybe we can look up something else."

The looking up resulted in half a cherry pie and the remains of a turkey. John got out a frying pan and warmed up some potatoes.

Just as they had finished supper, in rushed Harold.

"I say, Gordon," he said, "you've made a mistake. I'm the one invited you to supper. Your mother didn't understand. We've got a big spread. Do hurry up,—I'm most starved waiting."

"I'm pretty full now," said Gordon. "But it's Thanksgiving, and a fellow ought to be able to eat two suppers. I say, boys, I've had a bully time,—if I wasn't invited."

Late that same evening Gordon ran home. Mother's party was over, the guests gone. She tried to look sorry, but her eyes twinkled.

"Oh, Gordon," she said, "I'm so sorry I sent you to the wrong supper. But it's so funny, I can't help laughing. What did Charlie say?"

"We got supper ourselves," said Gordon. "'Twas no end of fun."

"There's a taste of everything for you, dear," said mother, "on a plate on the table. I don't believe in eating at night, but this is Thanksgiving."—S. S. Times.

An Ancient Astronomer.

About 500 B. C. Anaxagoras of Clazomenæ was born. When he "grew up in wisdom" he was the first to teach the course and cause of both solar and lunar eclipses and to give his followers rules whereby they could distinguish planets from fixed stars. He was punished for declaring that the sun was not a god.

Another Way.

Student—I want some information about the bronzes. I suppose I had better write to the keeper? Attendant—Yes, miss, or you might see him verbally!—London Punch.

The Degrees.

"What are the degrees of a stingy man's married life?"

"I suppose they are matrimony, parsimony, testimony and alimony."—Baltimore American.

A crowd is not company, and faces are but a gallery of pictures and talk but a tinkling cymbal where there is no love.—Bacon.

This Woman Knows How D. D. D. Cures Skin Trouble!

(This letter is just received:)

"Toronto.

"I am the mother of twelve children. I took a bad leg at the birth of my last child. I was laid up five weeks, with a doctor attending me who does nothing but treat this kind of skin disease. Six weeks ago I heard of D. D. D. As I used to tear my leg at night until it was a bleeding mass I applied a bottle of D. D. D. I can't tell you the ease it gave me. I never used to sleep with the pain. Many a time I nearly fell with dizziness from want of sleep. Now my leg is completely healed up, thanks to the blessed D.D.D. I never expected a cure. I only got D.D.D. to take the terrible itch away. But by degrees I saw the big sore getting smaller. I have a thankful heart today.

Mrs. Stitt, 202 N. Weston Rd., West Toronto.

The cures of D. D. D. are past belief. All druggists have this soothing, cooling wash and also the efficient D.D.D. Skin Soap.

Come to us and we will sell you the first full size bottle on the guarantee that it will stop the itch at once or your money refunded.

T. F. & T. J. BROWN, Druggists, Orangeville.

At an auction sale of live stock held on the farm of Charles F. Jackson, Southwold township, the sum of $34,320 was realized.

John A. Campbell grew on 114 acres, near Leamington, onions which brought him $7,200. After paying all expenses he netted $500 an acre.

Jos. McConachie, Amaranth's farming and threshing magnate, turned over to George Gamble a bunch of 12 cattle 3 years old and rising 3 years, that brought him in $1140.

See J. D. Torrie's Special Black and Blue Suit to order at $22.00.

Local News

—Mr. Wm. Quigley has sold his 130 acre farm close to Hockley village to Mr. Mark Varey. Mr. Varey will get possession on March 1st next.

—On account of other gatherings the meeting of Laurel L.O.L. No. 330, which had been arranged for Friday evening, has been postponed indefinitely.

—The annual convention of the Ontario Beekeepers' Association will be held in Victoria Hall, Toronto, Wednesday to Friday, November 19th, 20th and 21st.

Bargains in all lines of Boots and Shoes at McPherson & Johnston's.

—The late Robert Johnston, registrar of the County of Peel, left an estate of $19,000 of which $15,500 was in personalty. It is willed to his wife and children.

—Mr. Geo. Hamilton, of Shelburne, moved into town this week and has taken up his residence on First St. He will take a position in the local McCormick agency.

—Orangeville Presbytery met in Laurel on Tuesday. The business was largely of a routine nature. A proposal to attach Waldemar to the Grand Valley and South Luther field was favorably considered and will probably be carried into effect in the near future.

—The preliminary hearing of the assault case against William Carter was concluded last Friday. The magistrate committed the accused for trial. Carter will be tried by Judge Fisher on Friday at 10 a.m.

—Rev. G. W. Tebbs, rector of St. Mark's, lectured on "Irish Wit and Humor" at a public entertainment in the Town Hall in Arthur on Tuesday night. The entertainment was given under the auspices of Grace Church.

—A farmer drove eight miles to town on Sunday morning to buy some ploughshares and do other business. He was busy commenting on the quietness of the town, when he was informed it was the Sabbath day.

—On and after Saturday, Nov. 1st., McMillan Clothing Co. will sell all styles in the regular 20 cent Arrow Collars at 2 for 25 cents.

—Messrs. H. P. Allin and G. F. Evans, of the High School staff, gave interesting addresses in the Methodist Church on Sunday night. Mr. Allin spoke on "Claims of the Church on Young People" and Mr. Evans on "Claims of the Church on Older People."

—Orangeville Presbyterial W. H. M. S. held its annual meeting in Laurel on Tuesday. The meeting was well attended. An interesting feature of the programme was an address by Miss Rattray, who has charge of the Rescue Work carried on by the Society.

—Mr. Geo. French, who works the McKinnon farm south of the town, had the misfortune to lose a valuable six year old mare from inflamation of the lungs last Thursday night. Mr. French estimates his loss at $200. The loss is a hard blow on a young man, who is just making a start in life.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

—Tuesday afternoon Mrs. David Sawyers brought in a lady's muff, which had been lost and was advertised for by the owner in last week's Banner. The owner, needless to say, was delighted to recover the missing article and presented Mrs. Sawyers with a generous reward. It pays to advertise.

—Rev. Dr. Farquharson, of Durham, has tendered his resignation on account of ill-health. His congregation has asked him to withdraw the resignation, offering to grant him six months' leave of absence and at the same time pay for pulpit supply and continue his regular stipend. Dr. Farquharson was formerly pastor of Claude Presbyterian Church in this Presbytery.

—Orangeville's lighting service has been anything but satisfactory of late. Both companies appear to be having their troubles. On Sunday night the Cataract Company's current was off altogether and the power on the Pine River Light & Power Co's lines was so weak that the resultant illumination was little better than darkness visible. Monday night the street and private service of the latter company was out of commission from 4.30 until nearly 6 o'clock.

If you want bargains in boots and shoes call on McPherson & Johnston this week. They have some lines on sale at prices that will interest you.

Personal Mention

Miss Winnie Vogan, of Caledon, spent Tuesday with Miss Nellie Perdue.

Mrs. Semple, of Toronto, is spending a week with her mother, Mrs. J. Sydie, Zina St.

Mr. Wm. Collister, of Toronto, spent Monday renewing oldtime acquaintanceships in town.

Mr. and Mrs. E. A. McAllister, of Chatsworth, were guests of friends in town over Tuesday night.

Mrs. J. A. V. Reeston is visiting her mother and other relatives at Millbrook for a couple of weeks.

Mr. Ivor C. Brooker and Miss Lottie E. Roberts, of Toronto, announce their marriage to take place the 3rd of December.

Dr. and Mrs. M. B. Perdue and little son, who have been visiting at Dr. Perdue's former home here for the past week, have returned to their home in Toronto.

Mr. J. H. Sutherland, who has been in town for a couple of weeks assisting to settle the business of the late T. Stevenson's estate, returned to the city on Saturday evening.

The Girls' Auxiliary of St. Mark's Church will hold a sale of homemade baking on Saturday, Nov. 15th, in F. Stewart's old stand, opposite the Town Hall, beginning at 2.30 p.m.

Dr. Oscar Canning, a Toronto dentist, favored The Banner with a pleasant visit while in town on Tuesday. Dr. Canning, who is an Orangeville High School graduate, has been spending a few days visiting his father, Mr. R. G. Canning, of Violet Hill.

The Banner had a pleasant visit last Thursday from Mr. Crombie Haughman, of the staff of the Herald, Weyburn, Sask. Mr. Haughman, who is a former Alton boy, learned the printing trade with The Banner and was monoline operator in this office until about eighteen months ago when he succumbed to the lure of the West. He has been with the Herald since leaving here and is now east on a two months' holiday. Mr. Haughman looks well and speaks highly of the West, but acknowledges that he still has a warm spot in his heart for old Ontario.

Mr. F. W. Ritchie, of the well-known firm of Ritchie Bros., arrived home on Tuesday morning after a three weeks' trip through the Canadian West. Mr. Ritchie visited Winnipeg, Regina, Saskatoon, Edmonton, Calgary and other important centres in the three prairie provinces. Business, he states, is comparatively quiet in the western cities, but everybody is hopeful and looking for a decided improvement in the near future. Real estate speculation is at a standstill. Prices are holding firm, but there is nothing at all doing unless in farm lands and good inside city property.

A Musical Evening

St. Andrew's Young People's Society is planning to hold a Musical Evening in the auditorium of the church on Wednesday night, November 19th. A high-class programme will be provided by Miss Henrietta Wallace, A.T.C.M., organist of Victoria Presbyterian Church, West Toronto, St. Andrew's Church Choir, under the leadership of Mr. J. E. Jessop, Miss C. C. Wright and other home talent. The numbers are as follows:—

Part I.

Choir.
Organ ....Miss Wallace, A.T.C.M.
Male Quartette, Messrs. Henderson, White, Jessop and Price.
Piano Duet..... Misses Wright and Wallace.
Organ ....Miss Wallace.
Male Quartette. Messrs. Henderson, White, Jessop and Price.
Vocal Solo ....Miss Harshaw.
Piano Duet. Misses Patterson and King.

Part II

Choir.
Piano Duet. Misses Wright and Wallace.
Vocal Solo .... Mr. Jessop.
Organ ....Miss Wallace.
Cornet and Trombone, Messrs. Harding and Morrow.
Male Quartette, Messrs. Henderson, White, Jessop and Price.
Piano Solo ....Miss Patterson.
Organ .... Miss Wallace.

The programme will commence sharp at 8 o'clock. Popular prices for admission, 25c and 15c.

Guard the Baby Against Colds.

The season for colds is at hand and unless the mother keeps a continual watch over her little ones cold will seize them and often more serious results follow. An occasional dose of Baby's Own Tablets will prevent colds, or if they do come on suddenly the Tablets will clear the stomach and bowels and instantly relieve the baby from cold. The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

A. Y. P. A. Meeting

St. Mark's A.Y.P.A. will hold its first Historical Evening next Monday night. The programme will be furnished by the local Chapter of the Daughters of the Empire. All are welcome.

Rena Bison Sold.

Mr. D. A. Hogg has sold his handsome grey trotting mare, Rena Bison, to Mr. Hastings, of Boston, Mass., for the handsome figure of $1500. Mr. Hastings saw the mare race in New York state last summer and was so impressed with her style and speed that he sent a man here to buy her. Rena Bison is a sister of Lady Bison, who was sold as a 9 year old, for $500. A brother, Jeff. Bison, was sold for $300 at the age of 4 years. These horses were also formerly owned by Mr. Hogg.

Religion for Men.

At the meeting of the Methodist Church Epworth League next Monday night School Inspector W. R. Liddy will deliver an address on the subject, "Religion for Men." A good musical programme will be furnished by the young men of the League, the numbers consisting of solos, duets and quartettes.

Change of Firm Name

The firm name of Woods-Norris, Limited, the widely known Toronto Advertising Agency, has been changed to Norris-Patterson, Limited. While there is a change in the name, there has not been any change in the personnel of the directorate, which remains as heretofore. The firm will still carry on its business in The Mail Building.

W. C. T. U. Work

The local branch of the W.C.T.U. had charge of the Epworth League meeting in the Methodist Church on Monday night. An interesting and profitable programme was rendered, setting forth the importance of the work that is being carried on among the lumbermen of New Ontario by the missionaries that are being employed and supported by the different Unions of the Province.

Epworth League Convention

The annual convention of the Epworth League of Christian Endeavor of Orangeville Methodist District will be held in the Methodist Church, Laurel, on Thursday, Nov. 13th, with morning, afternoon and evening sessions. Conveyances will be provided from Laurel station to church and return. Music will be furnished by Shelburne, Orangeville and Laurel young people. Among the addresses to be given are: "The Quiet Hour," Rev. A. J. Toye, Horning's Mills; "How to Keep Young," W. T. Wilson, Tullamore; "The Social Evening—Why?" Rev. C. C. Otton, Corbetton; "The Citizenship Department—Its Field of Usefulness," Rev. Geo. Coulter, Mansfield; "Missionary Work—Its Effect on the League," Miss Bell, Orangeville; "Who are Responsible for the League's Success—Why or How?" Rev. Geo. Purchase, Mono Road; "The Value of the League to the Church," Rev. F. N. Bowes, Alton; "The Price of Usefulness," Rev. John E. Hunter, Honeywood. Mr. W. H. Lindsey, of Shelburne, is President of the District League, and Miss Inez Laking is Secretary-Treasurer.

Was Struck by Auto.

Newton Wylie, an undergraduate of the University of Toronto, was seriously injured one day last week as the result of being run down by an auto driven by Miss Gage, a daughter of Mr. W. J. Gage. The accident occurred at the corner of College and McCaul Sts. According to eye-witnesses, Wylie, who had been attending lectures at the University, was on his way down town. He was running across the street apparently for the purpose of catching an eastbound College car. It is thought that he did not notice the auto as he ran right in front of it before the driver could stop. The windshield struck the young man on the side of the head and threw him to the pavement. His chest was badly bruised and crushed but the injuries were all external. Two of the vertebrae of the spinal column were fractured and the young man sustained a severe scalp wound. Wylie was taken to the Western Hospital, where he is making a satisfactory recovery. The injured student is a former Orangeville boy, being a son of Mr. J. H. Wylie, who lived on Zina St. some time ago. He is Secretary of the recently organized Ontario Manhood Association.

Story of Mackenzie River

Rev. Mr. Whittaker, of Fort MacPherson, will deliver his thrilling Illustrated Lecture on the Canadian Lone Northland in St. Mark's Church on Thursday evening, November 20th. Keep this date free.

PASTMASTERS' NIGHT.

Orangeville Masons Had Big Gathering on Tuesday Night.

The regular November meeting of Harris Lodge, No. 216, A.F. & A.M., was held in the Masonic Hall on Broadway on Tuesday night. Unusual interest was taken in the meeting owing to the fact that it was Pastmasters' Night. This interest manifested itself in an exceptionally large attendance of the members of the Craft. The seating capacity of the commodious lodge room was taxed to its full capacity, a number of chairs being pressed into service to supplement the regular seating accommodation. The work of the first and third degrees was exemplified by R.W. Bro. Robt. Irvine, P.D.D.G.M., and W. Bro. E. H. Sproul, I.P.M., assisted by a staff of the Past Masters of the Lodge.

At the close of the business meeting an adjournment was made to the banquetting hall where coffee and other refreshments were served under the supervision of the junior officers. After due justice had been done to the pleasant task of regaling the inner man, a number of toasts were proposed and responded to in bright, entertaining speeches. R.W. Bro. R. Irvine proposed "King and Craft," which the company honored by rising in their places and singing a verse of the National Anthem. V. Wor. Bro. R. Mann proposed the toast to "The Grand Lodge of Canada," coupling therewith the name of R. W. Bro. R. Irvine, Past District Deputy Grand Master. W. Bro. Irvine made an appropriate reply, dealing in his address with a number of matters relating to the welfare of Harris Lodge and the Fraternity at large. "The Pastmasters of Harris Lodge" brought brief responses from V. W. Bro. R. Mann and W. Bros. R. H. Robinson, A. D. McKitrick, J. E. Smith, J. H. Hulse and Dr. W. H. Bowles. Bros. Rev. G. W. Robinson, Orangeville, Geo. Lee, Guelph, and E. B. Tainter, Taber, Alta., replied to "The Visiting Brethren," Coupled with the toast to "The Candidates" were the names of Bros. H. B. McGuire, Clarence Harper and Rev. W. M. Morris, each of whom replied briefly. "Harris Lodge" was responded to by W. Bro. E. H. Sproul. Immediate Past Master, W. Bro. J. B. Adamson, the Worshipful Master, Bros. Dr. Carson and A. N. Adams, the Wardens, and Bro. A. E. Annis, Secretary, of Harris Lodge. This was followed by the Junior Warden's toast, after which the festive gathering was brought to a close, the entire company uniting in the familiar strains of "Auld Lang Syne" before dispersing.

Hospital Notes

A very acceptable basket of vegetables from Mrs. Fairbairn, during the past week, went to swell the contributions to the Hospital.

The regular monthly meeting of The Daughters of the Empire will be held at the home of the 1st Vice-Regent, Mrs. W. G. Hyland, on Friday afternoon, Nov. 14th, at 3.30. This is a very important meeting and a large attendance is requested.

Immediately after the January elections another appeal will be made to the Town and County councils for additional financial assistance. In view of the great benefit that the Hospital has been to this whole community an increased grant will be confidently looked for by the Daughters of the Empire.

The stream running through the hospital property should now be tiled and the lot filled up, that it might be kept in appearance to compare with the property to the east of the Prince of Wales Road. This will require a considerable expenditure, but would greatly increase the value of the land.

When acknowledging certain contributions last week, by an oversight, the donation of a box of fish, credited to the Charity Society, should have been credited to Mr. Norman Coulter, of Port Burwell. Mr. and Mrs. Coulter (nee Rossie Allen) were formerly residents of Orangeville and now in their Port Burwell home they have remembered the needs of Orangeville, and shipped to the Hospital a large box of beautiful Lake Erie fish.

Put Yourself in the Best Overcoat You Ever Had. It is Ready for You at McMillan Clothing Co's.

Style, Quality, Fit and Price, combined with our usual guarantee of satisfaction, is embodied in every garment. We invite early inspection and advise an early visit to secure first choice. Here are a few Specials:

FATHER INVOKES COURT'S AID

Asks for Custody of Son.

J. J. Goudy, farmer, aged 33, of Verulam township, Victoria County, has invoked the aid of the courts to recover possession of his three-and-a-half-year son, Melville, who is in the custody of his maternal grandfather, David McFarland, who lives nearby. A writ of habeas corpus calling on the grandfather to produce the child in Court was granted at Osgoode Hall last week by Chief Justice Falconbridge.

The father of the child says that he married his first wife, Sarah McFarland, in 1904, and they afterwards went to live at Newcastle and at Newtonville. His son was born on March 20th, 1910, and the mother died less than two months later.

From that time till November 20th, 1912, the little boy lived with his grandfather, his father paying $7 a month for his maintenance. Mr. Goudy married again in September, 1912, and having a home again, wished to have his son with him. Three weeks after he had brought him home, he says, the grandfather met Mrs. Goudy wheeling the child in a baby carriage, and taking the child out of the carriage in spite of Mrs. Goudy's remonstrances, carried him away to the McFarland home, where he was kept till his father went over and demanded possession of him.

On October 31st last, Mrs. Goudy took the little boy with her to a neighbor's to get some apples, when the grandfather came into the orchard and again took Melville home with him. This time, says Mr. Goudy, he refused to give the child up, and declared that he would lay an information against Goudy for alleged brutal assault of his granddaughter.

Mr. Goudy says that he owns a farm of 100 acres, subject to a mortgage, that all parties in the dispute are Protestants, that he has no bad habits, does not use intoxicating liquors, is steady, careful, industrious, and has always acted to his son as a father ought. He further declares that he has always provided for the material and moral necessities of the boy to the best of his ability.

Shiloh 25c
The family remedy for Coughs and Colds. Small dose. Small bottle. Best since 1870.

IN 1771.

What South Simcoe was Like 142 Years Ago.

In the year 1771 the southern portion of Simcoe county was simply a small portion of that great tract of forested wilderness known as Canada, as the separation of Upper Canada from Lower Canada had not yet been made. The path through the forest connecting lake Ontario with lake Simcoe had been made and adventurous voyageurs were making the long portages between stretches of waterway as they passed from one lake to another. But South Simcoe was so far west of the trail that only an occasional explorer made his way over this far and any settlements that existed then were afterwards abandoned, for no record has been made of any extensive clearing having been apparent when the first permanent settlers penetrated into the highlands and flatlands of Essa a little more than one hundred years ago. The governors of the period were having all accessible regions explored and in some localities —principally along the shore of Lake Ontario—surveying had been done and was still being done and it is just possible some distances were being measured and courses for highways were being sought through this part of the country as the southern portion of the Georgian Bay in the vicinity of Collingwood was pretty well known. An evidence of this early exploration was given to The Herald on Saturday by Mr. W. J. Fletcher. It was a small portion of the trunk of an old weather beaten beech tree which had been cut down last winter in his bush north of the town. In the bark were cut some characters which look like HILL, but other cuttings make it doubtful whether this is a correct reading of the characters. Under these characters is the date 1771 plainly visible in the bark. They are merely a scar on surface, nature having filled the cavity made by the blade and forced the scar to the surface. There were other characters on the trunk, but were not noticed in time to be preserved in their entirety, splitting the log shattered the bark so that the pieces could not be joined properly. Various opinions have been expressed as to the genuineness of the date. Some of these were most skeptical while others were that the old tree was probably standing in 1771. An old bushman counted the visible rings on the end of the piece of wood. They denote the growth year by year of the trunk. Twenty-one were discernible, the last few being very faint. Beyond that the solidifying process in the wood had obliterated the circles. The conclusions of an expert forester might to some extent settle the doubt; but taking into consideration the altitude on which the tree stood and the appearance and apparent age of the other trees in the locality it is quite possible that this old beech was slowly climbing skyward in the year 1771.—Alliston Herald.

Glenwilliams is to have Hydro-Electric connection.

Wm. McCrone has sold his 100 acre farm, lot 1, con. 7, West Luther, to Hugh Murdock, who owns the 200 acre farm adjoining. Mr. McCrone intends moving to St. Catharines.

Jos. McConachie, Amaranth's farming and threshing magnate, turned over to George Gamble a bunch of 12 cattle 3 years old and rising 3 years, that brought him in $1140.

ANXIOUS TIMES FOR PARENTS

Children Often Seem Pining Away and Ordinary Medicine Does Not Help Them.

The health of the children between the ages of twelve and eighteen years, particularly in the case of girls, is a source of serious worry to nearly every mother. The growth and development takes so much of their strength that in many cases they actually seem to be going into a decline. The appetite is fickle, brightness gives way to depression; there are often serious headaches, fits of dizziness, or occasional fainting and a complaint of weariness at the slightest exertion. Ordinary medicines will not bring relief. The blood has become thin and watery, and the child must have something that will bring the blood back to its normal condition. At this stage no other medicine can equal Dr. Williams' Pink Pills. Their whole mission is to make new blood, which reaches every part of the body, bringing back health, strength and energy. Mrs. James Harris, Port Rowan, Ont., says: "At the age of thirteen my daughter began to look very pale, and seemed listless and always tired. She did not take interest in her school work or in three amusements of girlhood. In fact she just seemed to drag herself about, complaining of always being tired; did not eat well, and did not sleep well at night. I took her to our doctor who said she was anaemic, and advised me to give her Dr. Williams' Pink Pills. She took the Pills for nearly two months, when she was as well and lively as any girl could be, gained nicely in weight, and has since enjoyed perfect health. I am quite sure that what the Pills did for my daughter they will do for other pale, weak girls. I have also used Dr. Williams' Pink Pills myself with the best results and can only speak of them in terms of greatest praise."

Sold by all medicine dealers, or by mail, at 50 cents a box or six boxes for $2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

A PAINFUL EXPERIENCE.

While running a sewing machine in her home on Monday evening a Markdale lady had a painful experience. She was sewing a large comforter and accidentally got her finger under the needle. Quick as a flash the needle and thread penetrated her finger nail and went completely through her finger. She was unable to release herself, as turning the wheel pinned her finger tighter to the machine. Being alone in the house she was unable to call for help, but as the machine happened to be in the kitchen, where the telephone is also installed, she, after a great deal of trouble and pain, succeeded in pulling the machine over to the telephone, where she called up her husband, who was in his office. Rushing home he as quickly as possible took off a number of the attachments of the machine and succeeded in releasing his wife's finger. For over half an hour she had been pinned to the machine, with what suffering we will leave to the reader to surmise. Her courage and presence of mind under the trying ordeal is certainly to be admired.—Markdale Standard.

CUT OFF A QUARTER'S WORTH.

"How much do you charge for cutting off a dog's tail?" asked a small boy of a veterinary recently, exhibiting a quarter in one hand, and leading a lean canine with the other.

"The operation customarily costs a dollar, but I will do it for you for fifty cents," replied the vet.

The boy looked at the coin in his hand disappointedly for a moment, but his face quickly brightened. He stuck out the hand which contained the coin, and said: "That's all I've got. Cut off a quarter's worth."

Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

It is antiseptic—prevents cuts and burns taking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

Zam-Buk

SERIOUS AFFAIR AT BERKELEY.

Robert McFadden Shot in the Head by Young Man Who "Didn't Know" Gun Was Loaded.

A serious shooting accident occurred at Berkeley on Friday afternoon last, it being another case of "didn't know it was loaded," and Mr. Robert McFadden is lying in a serious condition as a result. Mr. McFadden was loading lumber on a car in the mill yard of Messrs. Mitchell Bros., with whom he was employed. A young man named Flynn had just returned from the woods and put his gun down on a pile of lumber, and a few minutes later an English boy in the employ of Messrs. Mitchell happened along and picked up the gun and commenced to look it over. The young fellow says that he did not know the gun was loaded and pulled the trigger. Mr. McFadden received almost the full charge on the side of the head. Fifteen shot pierced the scalp, resulting in a very serious scalp wound. Fortunately none of the shot penetrated the skull. One shot pierced the cheek and knocked out several teeth. At first it was thought that the injuries would be of a fatal character, but now it it expected that Mr. McFadden will recover. Dr. Ego, of Markdale, who attended the injuries, informed us on Wednesday morning that the injured man is doing as well as can be expected. Mr. McFadden is a resident of the village of Berkeley and has a wife and four small children. The affair created quite a stir about the village.—Markdale Standard.

Falling Hair

Many People Have a Simple Way of Stopping It—They Use Parisian Sage.

It was Dr. Sangerbond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ, is sold in every town in Canada, the people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that the people who use Parisian Sage will never grow bald.

To every reader of The Banner who wishes to eradicate offensive dandruff, stop falling hair and have an immaculately clean scalp, free from itchiness, T. Stevenson says he will sell Parisian Sage in a large fifty cent bottle with a guarantee to refund the money if not satisfied. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, that will put life and beauty into dull faded hair and cause it to grow lustrous and luxuriant.

SPRING FEED FOR SHEEP.

Growing Crops to take Place of Failures.

In all those districts where there has been a failure or partial failure of the roots, it will be advisable to take immediate steps for the provision of feed for the sheep in early spring. The provision of such feed is not always an easy matter, and the crop produced may not be very large at any time it is required; but to the farmer with a flock of sheep, even a small crop in February or March will be of considerable value. One that is very easily tried is quickly to plough over a piece of the stubble coming in for roots next season, and sow it with rye at the rate of about four bushels per acre fairly early in September. With anything like an open winter this should provide a fairly thick crop of feed about four inches high by the middle of February; while with mild weather it may even be higher. A piece of the land might also be sown with a mixture of rye and tares—say two bushels of each, which would come in a little later. This crop is considerably pushed on if a dressing of farmyard manure can be ploughed in before sowing it. It is quite possible, too, to obtain a fair crop of winter rape for spring use provided the land is fairly well manured. It is too late to expect even a fairly good crop of rape on land that is in poor condition, but if a dressing of farmyard manure can be ploughed in, or 3 cwt. of super and 1 cwt. of sulphate of ammonia were harrowed in when sowing the seed, there would be every prospect of obtaining quite strong plants of the rape before the weather became cold.

Some saving of the roots might even be effected at this end of the winter by sowing a piece of stubble with a mixture of mustard and rape, but it would have to be on good land or be given a dressing of manure if it were to produce any bulk before winter. The dressing of artificials recommended for the rape would be quite suitable, and would very considerably add to the bulk of the crop. The disadvantage of this crop is that it must be consumed before any severe frost sets in, or the mustard will be killed.

If fair-sized plants can be obtained it is, of course, possible to set out kale of various kinds, savoys, and early cabbages on land in good condition, and obtain quite a useful amount of keep in the early spring. The crop would not, of course, be so large as if it had been planted earlier, but even a small crop may be of value. It is even possible that with open weather and a dressing of artificial manures, white turnips sown now would produce a certain amount of top that would stand through the winter and throw up green stuff in the spring.

In all these cases much depends upon the weather, but where a flock of sheep have to be provided for it will be worth while going to some trouble and a little expense at once in the hope that losses may be prevented in the early spring.—Farmer and Stock Breeder.

SNAPS IN HEATERS

BUYERS, who took advantage of our Ten Day Sale of Ranges, are now numbered amongst

Our Best Satisfied Customers

On going through our Stock of Heaters we find that we are overstocked in some lines and in order to reduce these lines before the season is over we have decided to offer the Heaters at prices that will ensure a quick sale. Here are some samples of the Snaps we are offering:

Take Hall's Family Pills for constipation.

Ottawa Separate School will take action in the courts to compel the Ontario Government to pay over the $5,000 grant withheld because of the bilingual school dispute.

Harry Carter, deputy-reeve of Tecumseth, sold last week to R. J. Coleman, of Cookstown, 153 bushels of alsike clover, the product of nineteen acres, and received for the same $1,300.

Mansfield Presbyterians observed their fiftieth anniversary a week ago Sunday and held a big fowl supper on Wednesday evening, Nov. 5th. The proceeds of the latter amounted to $215.

The Ladies Bible Class of St. Paul's Church, Shelburne, presented their teacher, Judge Vance, with a handsome illustrated teacher's bible in recognition of his services for the past two years.

Geo. Beamish, who has had his drill outfit at work at the school grounds for a couple of weeks, struck a good flow of water a week ago Monday at a depth of 180 feet, of which about 90 feet was into the rock.

On November 4th Samuel Perry, of Terra Nova, a bachelor of about 55 years of age, when riding on a lumber wagon near the Tite river on the 5th line fell off the wagon it passing over his body and so injuring him inwardly that he died next day.

John Chase, an Indian, charged at Norwood with trapping muskrats out of season and fined $5, will appeal on the ground that under a treaty made in the time of George III., Indians are entitled to hunt "as long as grass grows and water flows."

The Indian population of Canada, so long considered a burden on the white citizens of this country, has now reached the point where they are supporting themselves, according to a statement made by D. C. Scott, Deputy Minister of Indian Affairs.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes: "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

Mr. Walter M. Berwick, of Shelburne, has been appointed a member of the Executive of the Dog Show department of the National Live Stock Association, the winter show of which starts in Toronto on Nov. 17th, the dog show being from the 19th to the 22nd.

A Guelph policeman found a stranger in Samuel Love's store, who claimed he was an employee, and left with the officer after locking the door. The policeman then communicated with Love, found out that there was no such employee, and hurrying to the station, arrested the stranger and a companion wearing stolen fur coats.

Rev. H. E. Abraham, of St. Andrew's Church, Guelph, was a surprised man when he opened his morning mail the other morning. One ordinary looking envelope, with city post mark, when opened showed the rev. gentleman that he was richer to the extent of five hundred dollars, a check for that amount having been sent him by his congregation as a tangible expression of their appreciation.

Lincoln County is to have the honor of being the first to have its farm houses lighted by electricity and the hydro lamps along its roads. At the quest of Grantham Council the Hydro-Electric Commission has prepared estimates for power for that township. The total cost of installing the system will be $38,745, of which amount the township must raise $13,000, the Hydro-Electric raising the balance of $25,745. Farmers will be charged a fixed rate of $2 monthly for service and 4½ cents per kilowatt hour. The township is eager for hydro power and a by-law will be submitted very soon for the people to vote on.

LIGHTING UP A HORSE.

Experiment by a Humane Gentleman Living in Minneapolis.

A humane man in Minneapolis has strapped an incandescent bulb on the forehead of his valued horse, and by this means hopes to warn away reckless drivers of automobiles who might otherwise run him down at night and do him grievous harm. The battery, a small affair, is attached beneath one of the thills, and the connection is made when the horse is harnessed.

It is understood that the first dark night the new device was tried the horse, unaccustomed to the attachment, shook the lighted head so vigorously that an inebriated automobilist got dazed and went into the ditch.

At the same time the humane expressman should remember the experience of Max Adeler's Erie Canal mules and be quite sure that the insulation is perfect.

Those mules had a current attached to them by a genial idiot of a driver in order to put a little hustle into their lagging footsteps, and when they got the second shock they kicked the driver into the canal, dragged the boat into the bank, tipped over the lock-keeper's house and committed suicide by drowning. —Cleveland Plain Dealer.

PALPITATION OF THE HEART.

It is Usually Caused by Nervous or Digestive Troubles.

Palpitation is rarely if ever due to any disease or weakness of the heart. It is almost invariably the result of nervous or digestive trouble. The beat of the heart arises within itself. There are nerves in the muscles of the heart, and they regulate its beating, although the speed or rate of the beating is not of their choosing. If they were not held in check they would set a rate about double that which is actually maintained.

The heart is supplied from the brain with two pairs of regulating nerves. One pair, the cardio motor nerves, act only to spur up the heart to quicker action. They are usually inactive, waiting the occasion for applying the spur. The other pair, the cardio inhibitory nerves, are always in action. It has been said that the heart runs in a pair of tightly held reins, and the simile is true, for these nerves check the speed.

Fear, worry, disorder of the stomach or nervous system causes these cardio inhibitory nerves to relax; then the heart begins to race. There is nothing the matter with the heart itself, and no one need to be alarmed about that organ just because it beats too rapidly. Its palpitation is due to a psychological or a physical cause, something that has caused the relaxation of the reins and allowed the cardio motor nerves to apply the spur.—New York World.

The Anglican Young People's Association of St. Paul's Church, Shelburne, has elected officers for the ensuing year as follows: Pres., John Galbraith; Vice-Presidents, Misses Bertha Watson and Gertrude Bates; Treasurer, Miss Laura Watson; Secretary, Miss Lottie Thompson; Assistant, Miss Annie M. White; Executive Committee—Misses Annie McKitterick and Louise Berwick and Mr. W. Brett.

A NOTABLE RECORD

A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	356	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	427
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	27,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725
Increase 270 per cent.			—Financial Post.

With such an increase in the crop of the country, real estate must advance rapidly. If you want to share in the profits BUY NOW. I have some well located lots for sale that will increase in value very rapidly.

THE BANNER

THE BANNER, NOV. 20th, 1913.

THE COUNTY COUNCIL

November Meeting is in Progress in Court House This Week.

The County Council is holding its November meeting in the Court House here this week. The opening session was held at 2 o'clock on Tuesday afternoon. Warden Bryan presided and the members were all in their places. The session was a comparatively short one, the Council adjourning until Wednesday shortly after the Clerk had finished presenting the accounts and reading the various communications in his possession.

The most important of the latter was a lengthy report from Mr. H. A. Dorrance, District Representative of the Department of Agriculture. This reviewed the work which the Department has done during the year and touched on matters of such interest to the farming community as underdrainage, Farmers' Institute Meetings, Fall Shows, short courses in stock judging, rural school fairs, the securing of farm laborers, distribution of seeds, mustard spraying, orchard management and demonstration work. The report also stated that, in co-operation with the Forestry Department of the Ontario Agricultural College, the Department had set out 7900 white and Scotch pine seedlings on waste land. About 80 per cent. of the plants had survived and were doing exceptionally well.

The Department of Education submitted a statement showing the distribution of the Government grant to schools among the rural municipalities.

A communication was read from the Dundalk High School Board stating that the school was now open to County of Dufferin pupils on the same terms as to pupils from the County of Grey.

The Dufferin Farmers' Institute made application for a grant of $25.

Before adjourning Council referred the accounts and other documents to their respective committees.

Yesterday morning Warden Bryan presented his address, which read as follows:

Gentlemen of the Council:

It affords me much pleasure to welcome you all to this the closing session of Council for the present year and the 99th session of County Council in Dufferin.

I regret that all the County bridges let since last session of Council have not been yet completed owing to the difficulty of procuring labor.

The abutments of the Tate bridge have been completed and the steel for the bridge is on the ground and I expect will be commenced to be put in place next week. As soon as the steel has been completed it has been arranged with the contractor that a temporary floor will be put on, so that it can be used for traffic during the coming winter.

Nothing has been done toward building the bridge on the Mono-Amaranth townline, but temporary repairs have been made thereto, which will fit it for public travel until next year.

It will be necessary for you to appoint two auditors to audit the Treasurer's accounts for the present year.

I hope that all matters coming before you will be dealt with so that the incoming Council will have a clean sheet to commence with.

In conclusion, gentlemen, allow me to thank you for your valuable assistance during the year, which has made it a pleasure to occupy the position of Warden and preside over your deliberations.

JOHN BRYAN,
Warden.

The address was referred to a special Committee consisting of Messrs. Marshall, Cornett, Hilborn, Reburn and Arnott.

Wm. Gallaugher, of Mansfield, and Jas. J. Reith, of Grand Valley, were appointed auditors.

The Town of Orangeville is asking the Council to guarantee the debentures, which the Corporation issued to provide for the loan to the Dods Knitting Mill Co. and the improvements to the Public School and the Town Hall.

Royal Arch Masons

Rt. Ex. Comp. W. G. Stephenson, of Guelph, Grand Superintendent of Wellington District, paid Ionic Chapter No. 83, Royal Arch Masons, an official visit on Tuesday night. The presence of the distinguished visitor brought together a large gathering of the members of the Chapter. The business of the evening included the election of officers for 1914. Those appointed to the different offices were:

Ex. Comp. R. J. Bennett, P.Z.; Ex. Comp. Elmer Still, Z.; Ex. Comp. Dr. W. H. Bowles, J.; Rt. Ex. Comp. Robt. Irvine, Treas.; Comp. D. McPherson, Scribe E.; Ex. Comp. John Kilpatrick, Scribe N.; Comp. A. E. Annis, Prin. Soj.; Comp. Edmund Field, Janitor; Comps. A. E. Annis and J. E. Smith, auditors; Rt. Ex. Comps. Robt. Irvine and Robt. Mann and Ex. Comp. R. J. Bennett, Installing Board.

A banquet was held at the close of the business meeting and was followed by the customary Masonic toasts, which were appropriately honored in speech and song.

Bargains in all lines of Boots and Shoes at McPherson & Johnston's.

DISPUTE OVER WILL

Heirs at Law of Mrs. Elizabeth Hall Oppose Granting of Probate.

Settlement Reached During Trial in Surrogate Court on Tuesday.

His Honor, Judge Fisher, held a special sitting of the Surrogate Court on Tuesday for the purpose of hearing the evidence in an action to establish the will of the late Elizabeth Hall, of Grand Valley. The testatrix, who is said to have been somewhat eccentric, left a decidedly unusual will. After making some small bequests, including a gift of $100 to the Methodist Church, she bequeathed Lizzie Butler, an adopted daughter, $100 and forgave her some notes amounting to $400. She directed that the balance of her estate should be divided "at the discretion of my executor, who will be guided by my suggestions from time to time." The will also directed that a suitable monument be erected to the memory of the testatrix or that her name be placed on the vault already built in Grand Valley cemetery, and closed with the following quotation:

"He has called for many a lovedone
We have seen them leave our side
With our Saviour we shall meet them.
When we too have crossed the tide."

As Mrs. Hall was in very poor health when she made her will and died a week or so later it is not likely that her executor received many "suggestions" relative to the disposition of the estate. The will was drawn by Dr. G. I. Campbell, a Grand Valley physician, who was also appointed the sole executor. In the application for probate the estate was valued at $2964.23.

When the executor made application for probate exception was taken by Robert Greenwood, a nephew, acting for himself and the other heirs at law. Greenwood filed a caveat against the granting of the probate, in which he alleged that the will was invalid, because obtained through undue influence on the part of the executor and executed when the testatrix was not of sound mind and understanding. Dr. Campbell then instituted the present action to establish the will, Greenwood being named as representative defendant. The action was commenced in the spring of 1912 but did not reach trial until Tuesday. The only witness heard at the morning sitting of the Court was Mrs. James Mellor, of Grand Valley, whose evidence went to show that the will had been regularly executed. During the noon recess the parties arrived at a settlement. The settlement was made possible largely through Mrs. Butler, who offered to forego her claim to the residuary estate and take whatever the heirs at law might see fit to allow her. When the Court met again in the afternoon a consent judgment was entered in the following terms:—

"Judgment by consent of all parties represented, that the legacies under the will be paid as in the will directed, the residuary clause to be treated as not having any effect and the residuary estate to go the same as in the case of an intestacy;

"That Mrs. Butler is entitled to her legacy under the will and also to such further sum as the heirs at law and next of kin shall see fit to provide for her;

"That the costs of all parties be borne by the estate;

"That the costs of the Executor be as between solicitor and client;

"That the Executor furnish security to the amount of $4000 for the performance of his duties as Executor. That probate of the will be granted to the Executor."

Messrs. A. A. Hughson and J. L. Island appeared for the plaintiff and G. L. Smith, Toronto, and J. M. Kearns, Arthur, for the defendant.

The Town Council

A regular meeting of the Town Council was held in the Council Chamber in the Public Library building on Monday night.

Corporation accounts were passed as follows:—John McKim, $10.39; Pine River Light & Power Co., $138.53, passed at $122.18; Canadian Allis Co., 62c; Ontario Motor League, $2.10; McLean Publishing Co., $3; Jas. A. Patterson, $4.50; Contractors Supply Co., $13.75; Jos. J. Kelly, $10; Wm. Marshall, $1.25; Jas. Ewing, Fred Manning, Thos. Peavoy, Jos. Pearson, $1.50 each for services as special constables Hallowe'en night; W. O. Thomas, $17; Wesley South, $34.80; John Hammond, $18.10; Geo. Kipp, $25.80; Ernest Cutting, $4.59; W. Probyn, $1.70; Thos. Campbell, $9.69; Jas. Cooper, $8.50; Jas. Funsten, $2; Lathwell & Son., $24.75; John Davidson, $5.00; T. Stevenson estate, $1.

The referred accounts were: Bell Telephone Co., $1.60; Dufferin Post, $40; Waterous Engine Works Co., $741.03.

A motion was passed confirming the Mayor's action in issuing orders for the following accounts:—Robt. Taylor, $1.45; Geo. King, $22.00; Wm. Collister, $18; J. H. Smith, $8.16; W. O. Thomas, $18.02; Isaac Hughson, $5.

The property committee was authorized to make the necessary arrangements for lighting the town hall.

The Finance Committee was given authority to supply Mrs. Dean with fuel so long as deemed expedient, provided her daughter, Mrs. Russell, takes care of the old lady.

Story of Mackenzie River.

Rev. Mr. Whittaker, of Fort MacPherson, will deliver his thrilling Illustrated Lecture on the Canadian Lone Northland, in St. Mark's Church to-night (Thursday). This is an address that should be well worth hearing.

Carrying Postage Stamps.

While the regulations require the mail carriers on the rural free delivery routes to carry a supply of stamps and post cards for the convenience of those whom they serve, yet parties who have mail boxes can save the carriers a great deal of trouble and loss of time by laying in a stock of stamps and post cards whenever they happen to be in town. It is neither convenient nor pleasant for the carriers in winter time to have to take off their mits to pick out the small change left in the bottom of the mail box to pay for a few stamps or postcards. On the other hand the mail carrier cannot expect the farmer to meet him at the mail box with the money for these inexpensive but very necessary supplies. The only way the difficulty can be satisfactorily met is by buying postage supplies from the regular dealers when in town and keeping them in the home. This will save the mail carriers a whole lot of trouble and at the same time enable them to cover their routes in shorter time. Thus there will be a benefit on both sides, for those having the mail boxes will receive their mail sooner if these delays are cut out.

Registrars of Peel.

Samuel Charters, who was recently appointed registrar of Peel, is the seventh person who has filled that position. Upon the separation of Peel from York, Solomon Beya became the first registrar of the new county. He was succeeded by D. F. Campbell, a brother of the late Sir Alexander Campbell, some years ago Lieutenant-Governor of Ontario. Following the death of Mr. Campbell, Mr. A. F. Dick, father of the present editor of The Banner and Times, was appointed to the position, being followed in turn by Jas. Fleming, who represented Peel in the House of Commons from 1883 to 1887. In 1892 Mr. Fleming resigned the office to make room for K. Chisholm, who for twenty years had been local representative, Mr. Fleming becoming Inspector of Legal Offices. At the death of Mr. Chisholm seven years ago Robert Johnston, who represented Cardwell from 1900 to 1904, was appointed and held the position until the time of his death. Of the seven registrars, two were former members of Parliament and two of the Legislature. It is also somewhat unusual that two newspaper men have filled the position.

MUNICIPAL STATISTICS.

The following statistics relative to the population, assessment etc. of the different municipalities in the Counties of Dufferin and Peel are taken from a municipal bulletin issued by the Provincial Department of Agriculture. The statistics are compiled from schedules filled in by the municipal clerks and treasurers. The population is taken from the assessors' returns for 1913 and the other statistics from the 1912 figures. The statistics are:—

DUFFERIN.

Amaranth — Population, 2089; total assessment, $1,877,953; municipal taxes, $12,559; school taxes, $8,844; debenture debt, $26,814.

East Garafraxa—Population, 1264; assessment, $1,142,593; municipal taxes, $7,243; school taxes, $5,914; no debenture debt.

East Luther—Population, 1204; assessment, $1,180,164; municipal taxes, $8,647; school taxes, $6,139; debenture debt—municipal, $13,579, schools, $1,223.

Melancthon—Population, 2688; assessment, $1,792,781; municipal taxes, $16,500; school taxes, $8,783; no debenture debt.

Mono—Population, 2,005; assessment, $2,258,150; municipal taxes, $9,666; school taxes, $9,791; debenture debt — municipal, $2,491, schools, $153.

Mulmur—Population, 2,508; assessment, $1,485,598; municipal taxes, $9,940; school taxes, $10,456; debenture debt, schools, $2,380.

Grand Valley—Population, 763; assessment, $251,230; municipal taxes, $3,121; schools, $2,261; debenture debt, municipal, $9,474, schools, $4,500.

Shelburne—Population, 967; assessment, $422,095; municipal taxes, $7,705, school taxes, $5,062; debenture debt, municipal, $93,912, schools, $7,506; sinking fund, $16,178.

PEEL.

Albion—Population, 2,131; assessment, $1,552,511; municipal taxes, $14,968; school taxes, $7,984; debenture debt, municipal, $1,425, schools, $750.

Caledon—Population, 3,231; assessment, $1,814,240; municipal taxes, $12,881; school taxes, $11,235; no debenture debt.

Chinguacousy — Population, 3,368; assessment, $3,991,239; municipal taxes, $30,358; school taxes, $12,157; debenture debt, municipal, $36,867, school, $3,603.

Toronto Township — Population, 5,448; assessment, $3,616,248; municipal taxes, $35,635; school taxes, $13,850; debenture debt, municipal, $13,387.

Toronto Gore—Population, 746: assessment, $803,275; municipal taxes, $6,377; school taxes, $2,885; no debenture debt.

Bolton—Population, 679; assessment, $278,265; municipal taxes, $3,281; school taxes, $1,490; municipal debenture debt, $5,318.

Streetsville — Population, 585; assessment, $205,894; municipal taxes, $3,487; school taxes, $2,313; debenture debt, municipal, $30,665, schools, $655.

Brampton—Population, 3,214; assessment, $1,732,367; municipal taxes, $35,378; school taxes, $11,100; municipal debenture debt, $300,415.

Sale Register

Mr. Rich. J. Stevens will hold a clearing auction sale of his farm stock, implements etc. on lot 10, 3rd line, Amaranth, on Thursday, Nov. 27th. Sale will commence at one o'clock sharp and will be on the usual terms. See advt. or posters for list and all particulars. Geo. McAllister, Auctioneer.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

TO OUR PATRONS

We herewith beg to announce that on and after Jan. 1st, 1914, this business will be conducted on a

Strictly Cash Business

Owing to the existing and unprecedentedly high prices in the beef market and as the future promises no downward tendency, we believe and feel that by adopting the above mentioned system both buyer and seller will be benefitted. The purchasing power of a cash dollar is always greater than that of a credit one.

It is also our wish to hereby express our longfelt appreciation and thankfulness to our many friends in Orangeville and surrounding country for their valued patronage during the 38 years of our business career.

Believing that this readjustment of business methods will prove of great benefit to all concerned, we beg to remain,

Yours Truly
Thos. Wright & Son.

MALE HELP

Large Cut-Rate Mail Order House will pay one man in each locality $15 weekly for a few hours' work showing samples. Outfit free.

ASSIGNEE'S
Notice to Creditors

IN THE MATTER OF 10th Edward VII., Chapter 64, entitled "The Assignments and Preferences Act" and in the matter of Thomas Alexander White, of the Township of Caledon, in the County of Peel, Farmer, Insolvent.

NOTICE IS HEREBY GIVEN that the above named Thomas Alexander White has made an assignment to me, A. E. Annis, of the Town of Orangeville, in the County of Dufferin, Agent, under 10 Edward VII., Chapter 64, and amended acts, of all his estate, credits and effects, for the benefit of his creditors.

A meeting of the creditors of the above estate will be held in my office, at the Town of Orangeville, in the County of Dufferin, on the twenty-eighth day of November, A.D., 1913, at two o'clock in the afternoon, for the purpose of receiving a statement of his affairs, to appoint inspectors and for the ordering of the affairs of the estate generally.

All persons or creditors claiming to rank upon the said estate are required to file their claims with me with the particulars and proofs thereof required by the said Act, on or before the time of such meeting.

And notice is further given that after the 30th day of December, A.D., 1913, I shall proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to those claims of which I shall then have had notice and shall not be liable for the assets of the said estate or any part thereof to any person of whose claim I shall not then have received notice.

Special Men's Rubber Coats —Tweed finish — regular $6.00—on sale at $4.00.

Marshall Green & Co.

CONNOR.

A very pleasing event took place at the home of Mr. Wm. Lee, Connor, on Monday evening, Nov. 10th, when a number of the members of St. John's Church, Mono, met and presented Miss Ena Lee, late organist of the church, with a well-filled purse as a token of their appreciation of her faithful services. A dainty lunch was served and a very enjoyable time was spent by all. The address was read by the rector, Rev. R. J. W. Perry, and the presentation was made by Mr. John Ward. The address was worded as follows:

St. John's Church, Mono.

To Miss Ena Lee:

Dear Miss Lee.—The Rector, officers and members of St. John's Church, gathered at your home this evening, have learned with regret of your proposed temporary absence from among us. We therefore desire to take this opportunity of voicing our appreciation of your services as organist. The position is an honorable one, calling for consecration, energy and ability, all of which you possess. It is a grand thing to have the opportunity to lead the people in the ministry of song, to lead them to the gates of heaven along the way of the grand old hymns and chants that were used by our fathers and our fathers' fathers back through many generations. That ministry has its own reward and we trust you have realized the deep blessing which comes from such service.

But in addition there is the reward which is due you from the congregation which have the privilege of engaging in this ministry. The reward of words of appreciation, when services have been helpful, and the reward of willing co-operation in making more helpful this means of approach to the throne of God. It is to be hoped that you have frequently realized the first reward from members of the congregation. That the second has been experienced is evident from the fact that the number is increasing who take their places in the choir Sunday by Sunday.

This evening we would like to give you more evidence of our appreciation and would, therefore, ask you to receive this sum of money as a tangible recognition of our good will and our good wishes.

We are looking for you to return at no distant time to take up your customary place and duties in the home, community and church. Meanwhile, we confidently hope, which will often take the form of a prayer, that your future occupation may be one in which you will grow in the knowledge of all that is good and be ignorant of all that is harmful, and that your faith may lead you to take firm hold of Him whose you are and whom you will ever seek to serve, and may the faith of our Lord Jesus Christ and the love of God and the fellowship of the Holy Ghost be with you now and forever.

Signed on behalf of the congregation.

R. J. W. Perry, Rector
John Ward
John Atkinson.

CALEDON.

On Thursday night, Nov. 13th, the congregation of Knox Church, Caledon, held a very successful Banquet, at which the finances of the church were discussed seriously and with results that promise a very successful solution of the church's problems. The ladies of the congregation so amply sustained their oldtime reputation for liberality in making provision for the wants of the inner man that the tables were fairly groaning under their load of good things and were so burdened that it was necessary to call upon some of the laymen to readjust the horses on which they were supported. After ample justice had been done to the feast of good things, the pastor, Rev. Jenkins Burkholder, with the aid of chalk and blackboard, proved himself to be a close second to, if not the equal of J. W. Bengough. However the cartoons which the pastor drew were not those of men or animals, but presented plain facts and figures which showed beyond a doubt the financial standing of the congregation of Knox Church. He went even further and so changed the figures that they showed what it was necessary for each member to do to put the finances of the church on a commonsense basis.

Among the speakers of the evening were J. P. McKim, Chairman of the Board of Managers, T. C. Bell, Treasurer, W. J. Warnock, Superintendent of the Sunday School, W. E. Glassford, Wm. Rutledge and E. E. Wilson. All of these in a very earnest manner pointed out the need for supporting the church and expressed their willingness to increase their givings. A year ago the congregation adopted the duplex system of giving with great success. Slips were passed around to those present at the Banquet with the request that wherever possible they should sign them and fill in the amounts they would be willing to contribute for the year 1914. When the slips had been gathered up the pastor again brought his chalk and blackboard into use. The figures this time showed very clearly that the majority of those present had increased their subscriptions from 20 to 100 per cent. So great was the success of the banquet that those present did not leave until they had passed a resolution that a canvass of the whole congregation be made, not only to get sufficient subscriptions to cover the current expenses for 1914, but also to raise sufficient to immediately pay off a floating debt of about $575.

The farmers have been making the best of the fine weather and nearly all of them have finished plowing.

Mr. H. Stuckey, our genial general merchant and postmaster, is now able to be out again after a somewhat serious illness lasting for nearly a month. We wish him a complete recovery in the very near future.

Mrs. Arch'd Morrison, who was stricken with a paralytic stroke on Thursday last, passed away at her home on Monday night. The funeral will take place on Thursday to Charleston cemetery.

Mrs. Samuel Patterson, who has been ill with typhoid fever for the past two months and under the skilful care of Dr. Thomas and a trained nurse, is now doing as well as can be expected and has so far recovered as to be able to sit up a while every day. We hope her recovery may be a speedy one.

Mrs. Dr. Ross, of Deloraine, Ohio, who has been visiting at the home of Mr. and Miss Quinn for the last month, left for her home on Monday last after a very pleasant sojourn with her Canadian cousins.

Mr. W. J. Brown has erected one of his Baker windmills for Dr. Stubbs, who is having his stable, office and garage fitted with all the latest appliances. The mill is used to force the water up to a tank on the second floor and should prove a great convenience in a building of this kind.

Rev. W. M. Morris, of Orangeville, occupied the pulpit of Knox Church here on Sunday evening last, and preached a very practical and interesting sermon on the subject "What is the Value of the Christian Church to the Community."

Mrs. W. J. Limebeer and Mrs. Wm. McCartney are representing the Caledon branch of the Women's Institute at the Convention held in the Queen City this week.

Miss Winnie Vogan and Mr. Wm. J. Atkinson are attending a meeting of the Library Association held at Durham this week.

Mr. John Warnock and Mr. Daniel Sweeney are in Brampton to answer their summonses as jurors at the Peel quarter sessions.

Rev. Jenkins Burkholder preached anniversary sermons at Grand Valley last Sabbath.

Reeve Limebeer is attending the County Council meeting at Peel's capital this week.

Tansley-Williams.

The home of Mr. and Mrs. Jno. Jackson, of Shelburne, was the scene of a very pretty wedding on Wednesday evening, Nov. 12th, when their only daughter, Lillian May Wilkins, was united in marriage to Mr. Lorne E. Tansley, of Amaranth. The nuptial knot was tied by Rev. Dr. Caldwell, of Shelburne, in the presence of about thirty invited guests. Promptly at five o'clock Miss Margaret Fleming took her seat at the piano and the bride entered the parlor on the arm of her stepfather to the strains of the Lohengrin wedding march. The bridal couple took their places under an arch decorated with lace and smilax. The bride carried a bouquet of bridal roses and carnations and wore a bridal veil. She was costumed in a dainty gown of ivory duchesse satin trimmed with pearls. After the ceremony and the usual congratulations from the assembled guests, the newly wedded couple led the way to the dining room, where a sumptuous wedding repast was served. The bride was the recipient of many beautiful and costly presents. The groom's gift to the bride was a Roman carved locket and to the pianiste a brooch set with pearls. A very pleasant evening was afterwards spent in music and games. Mr. and Mrs. Tansley have our very best wishes for a happy and prosperous journey through life.

Amaranth Beef Ring.

The seventh annual meeting of the Amaranth Beef Ring was held at The Knolls Farm, the home of Mr. and Mrs. Chas. Gray on Monday evening, Nov. 17th. There was a large attendance of the members and their wives and families. The auditors' report showed that the average weight of the 16 animals slaughtered was 433½ lbs. The proceedings throughout showed that the members were well satisfied with the business for the year, and it was unanimously agreed to continue the Ring for 1914.

Officers were elected as follows:—
President—Robt. Fife
Vice-President—G. A. Grosskurth
Secy-Treas.—Rich. Dynes
Butcher—Wm. Grosskurth
Judges—G. A. Grosskurth and Chas. Bryan
Auditors—R. H. Wansbrough and John Bryan.

The members decided to accept the invitation of Mr. and Mrs. Robt. Fife to hold the next annual meeting at their home and to have an oyster supper in connection with the meeting. After the business of the evening had been concluded the ladies served supper. The remainder of the evening was then spent in games and other amusements.

See J. D. Torrie's Special Black and Blue Suit to order at $22.00.

William Dale Dead

Mr. William Dale, a prominent and highly respected resident of Amaranth township, died very unexpectedly at his home, lot 13, 1st line, about 5 o'clock on Sunday morning. He had been poorly for some months with heart trouble, which was the cause of his death. He was 72 years of age and leaves a widow and one son, William. He was married twice. His first wife, who was a sister of Mr. R. A. Irwin, West Broadway, died on Nov. 16th, 1900, exactly thirteen years before her husband. His widow is a daughter of the late Nathaniel Sproul. He was a Presbyterian, an Orangeman and a Conservative. There was an unusually large funeral on Tuesday afternoon. The remains were interred in Greenwood cemetery. Rev. A. J. Fowlie, of Camilla, conducted the services.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

J. D. TORRIE

The Men's Outfitter

The materials in our clothing are all wool, when we say they are. There is no cotton in them. These materials come from the best mills in this country and abroad. Though many lambs have been shorn for the benefit of our customers you will not be "fleeced" when you buy from us. The cloth will be right, the fit will be right, the style will be right and the price will be right.

We have the best range of odd trousers from $1.00 up that can be shown anywhere.

Stanfield's Underwear and Coat Sweaters in all sizes and weights.

Be sure and see our Large Range of Suits and Overcoats before buying.

Clothier and Men's Outfitter
Broadway :-: :-: Orangeville

ALTON.

Mrs. Strong, of Toronto, is visiting her daughter, Mrs. Geo. Ward.

Mr. E. D. Barber took a business trip to Toronto this week.

Miss Edith Dods spent a few days in Toronto last week.

Mr. Alex. Walker, who is confined to his bed with pneumonia, is improving.

Miss Margaret Hill and Mrs. L. H. Lemon are delegates from the Alton Branch Women's Institute to the Convention in Toronto this week.

Rev. F. N. Bowes preached in Laurel on Sunday, the Alton pulpit being filled by Mr. Ellison, of Laurel.

Miss Alma Patterson was appointed 1st Vice-President of the Orangeville District Epworth League at the annual convention held at Laurel last Thursday.

Anniversary services will be held in North Erin Presbyterian Church on Sunday evening at 7 o'clock. Rev. R. S. Scott of Hillsburg, will occupy the pulpit. On Monday evening the congregation will hold an entertainment at which a good programme will be provided. Admission 15c; children 10c.

A concert will be given in Alton Presbyterian Church on December 10th under the auspices of the Ladies Aid Society. Miss Birdie Smith, concert soloist, and Miss Mildred E. Day, diamond medallist and elocutionist both of Toronto, will contribute to the programme. Admission, 25c.

SHELBURNE.

We must congratulate our townsman, Mr. Walter Berwick, upon his appointment recently as a member of the executive of the Dog Show department of the National Live Stock Association.

Miss Nichol, of Owen Sound, visited at the residence of Rev. Dr. Caldwell, Main Street, last week.

Messrs. T. J. and Will Harrison have returned from their hunting trip up in the Parry Sound District and brought home a fine deer with them.

Judge Vance spent a few days in Toronto the latter part of last week.

MELANCTHON.

A few days ago we had a good fall of snow and enjoyed a nice little sleighing spell, but the snow soon disappeared and at present writing we have neither sleighing nor good wheeling.

The swamp fires did a good work in this locality this fall, as in many instances the muck has been completely burned away and only the solid clay remains. Hence the land can now be ploughed and cultivated just the same as the best of hardwood land.

It is surprising to see how many of the swamps in the New Survey of Melanchton have been cleared up and improved during the past twenty years. At one time these lands would not bring more than $2 an acre, but to-day many such farms of 100 acres are selling for $5000 each. Such are the changes in a few years.

We regret to report that our old and respected neighbor, Mr. Michael Callaghan, who has been ill so long, is not improveing very much.

Our worthy mail carrier, Mr. W. J. Campbell, says that if the season was not so far advanced he would invest in an automobile to carry the mail up the Northlands.

MARSVILLE.

The Entertainment, which was given in the school on Thursday evening of last week, under the auspices of the Marsville Branch of the Women's Institute, proved a successful affair. The evening was favorable and the building was filled to its utmost capacity. The program was rendered by twenty-six young ladies of Bellwood, who gave the drama, "The Spinsters' Convention." The parts were well taken and the audience was well pleased with the performance. The proceeds were $34.

The sand hill on the Erin and Garafraxa townline, east of Orton, has always proved a difficult road for traffic and the farmers in the surrounding community have determined to lessen the difficulty and are giving gratis work for that purpose. Work commenced on Tuesday of last week, and is still in progress. The interested councils are giving a little assistance in the work.

Mr. and Mrs. Wm. Johnston returned last week from the West, where they spent four months.

Mrs. Johnston, an early resident of the 9th line of the township, passed away on Thursday, Oct. 30th, at the home of her son, David, in Bellwood. She was 87 years of age and leaves behind one daughter, Mrs. Hugh Simpson, of the 10th line, East Garafraxa, and four sons, David, of Bellwood, Andrew and Joseph, of Guelph, and Adam, of Winnipeg. The funeral took place on Saturday following, to McKee's cemetery.

LOSSES ON GREAT LAKES

Recent Disasters Added 42 is Per Cent. to Total Death List.

Not One of the 250 Men Who Manned 13 Vessels Escaped

The disappearance of thirteen vessels, with a total of over 250 men on board, in the recent storm increases by nearly 50 per cent. the losses on the Great Lakes from "unexplained causes" within the last thirty years, and is besides the largest loss that has ever occurred in the same time.

There have, from time to time, been many cases where vessels have been lost, and nothing has gone to show their fate, except wreckage and dead bodies, but this is the first instance where so many and such large vessels have been put in the missing list at once.

The number of disappearances was thirteen and to equal this record all boats lost from unexplained causes since 1902 must be included. The death list from this kind of disasters now stands at 893, having taken a jump of 42 per cent. in one day.

There now seems little hope that the mystery of the loss of the splendid fleet that was wiped out Sunday, November 9th, will ever be solved. So far as can be learned, not a soul from these thirteen vessels escaped. There will be many theories to account for the loss of the boats—it will always be known that the storm was primarily responsible, but whether there was collision, cyclone, great wave or some other form of disaster that overtook the ships will probably never be known.

The list of vessels lost in what will probably remain for years the most destructive storm the lakes have ever known, together with the number believed to have been on board, is as follows:

	Persons lost
James Carruthers, 28 men; Charles S. Price, 28; Isaac M. Scott, 28; John A. McGean, 28; Henry B. Smith, 30; Argus, 23; Hydrus, 23; Regina, 20; Wexford, 20; Leafield, 15; Lafayette, 12; Plymouth, 7, and Lightship No. 82, 6.	
Following are other vessels which have disappeared on the lakes since 1879:	
1879—Wambuna	30
1880—Oct. 16.—Alepana	76
1882—Asia (Canadian)	100
1883—Nov. 16.—Manistee	30
1887—Oct. 28.—Vernon	41
1892—Oct. 29.—Nashua	14
1892—Oct. 28.—W. H. Gilcher ...	25
1895—Jan. 21.—Chicora	26
1898—Oct. 26.—L. R. Doty	20
1901—Sept. 16.—Hudson	24
1902—Nov. 21.—Bannockburn (British)	20
1902—Nov. 3.—Sylvanus J. Macey	14
1905—Sept. 3.—Iosco	19
1905—Oct. 19.—Kaliyuga	17
1905—Nov. 28.—Ira H. Owen	19
1906, Nov. 26.—J. H. Jones (Canadian)	26
1907—April 23.—Arcadia	14
1908—December—D. M. Clemson..	24
1909—April 7.—Plass (fishing steamer)	9
1909—May 9.—Adella Shores ...	13
1909—Dec. 9.—Marquette and Bessemer, No. 2	27
1910—Pere Marquette No. 17 ...	29
1911—Silver Spray (fishing tug)	8
Total lives lost in disappearances	631

The steamer "Pere Marquette 17" is included in the list of total disappearances, for the reason that not one of the 32 survivors could tell what happened to cause the loss of their ship. Every officer of the vessel perished and the secret died with them. The steamer Vernon is placed in the list for the same reason. Alfred Stone, one of her fishermen, was the only survivor.

In addition to the steamer list of disappearances the following lake schooners disappeared with all hands during the eleven years, 1886 to 1896, inclusive. Since then there have been few losses of sailing vessels.

1886—Lucerne, Belle Mitchell, P.C. Sherman and Orphan Boy.
1887—Venus.
1891—Thomas Hume and George C. Finney.
1892—Corsica.
1892—C. B. Benson, Riverside and Newell A. Eddy.
1895—Tug Pearl B. Campbell and schooner Kate Kelly.
1896—Mary D. Ayres.

These figures show that the loss of vessels is on the increase. During the 16 years, 1880 to 1896, inclusive, seven steamers with all of their crews and passengers disappeared on the lakes and during the next 15 years 13 similar losses occurred, an increase of nearly two and one-half fold on these same waters.

Other memorable losses are the steamer Westmoreland, on Dec. 7th, 1854. She foundered off South Manitou Island, Lake Superior. The ice which formed on her decks made her so heavy that she sank beneath the waves. Five passengers and 12 of the crew were drowned after getting into the lifeboats. The loss of this boat is especially memorable when it is remembered that some vesselmen advance the theory that heavy ice took some of the boats on Lake Huron so recently to the bottom.

In a storm just 16 years ago this month the steamer Idaho foundered off Long Point, Lake Erie. Nineteen of the crew perished, the remaining two clung to the topmast until rescued by the steamer Mariposa. That catastrophe occurred Nov. 6, 1897.

A GRAND FINAL

We expect to open our new store about December 1st. In order to make a final clean-up of the old stock

WE ARE OFFERING SOME RARE BARGAINS

HONORABLY ACQUITTED.

Mrs. Margaret Quin Freed on Charge of Arson.

His Honor Judge McGibbon held County Court yesterday. The only case which was heard was a very serious one, that of a charge of arson preferred against Margaret Quin, of Albion Township. Miss Quin is a daughter of the late John Quin, who died in Albion Township last week at the age of 98 years. Mrs. Margaret Hanna, a niece of Mr. Quin, held life interest in the house on his farm, on condition that she take care of the old gentleman while he lived. Miss Quin resides at Centreville, where she follows the occupation of dress making. On September 5th she visited the father's home and while there fire broke out in the roof of the back kitchen. Mrs. Saxby, of Toronto, daughter of Mrs. Hanna, who was visiting her at the time, extinguished the fire with a pail of water and said nothing to Miss Quin about it in any way. On the Sunday following Miss Quinn again went to the house and endeavored to persuade her father to go home to Centreville with her. He refused to go until advised by his grandson, and Miss Quin left the house. She had walked a considerable distance when she returned on hearing shouting and found the house on fire in the upper portion and blazing furiously. When she came back on the premises Mrs. Saxby accused her of having set the building on fire. The two women quarelled fiercely in the hearing of several af the neighbors who had assembled at the fire, and at length when Mrs. Saxby assured Mr. Quin, who was lamenting the destruction of his home, that a shack would soon be run up for them, Miss Quin is alleged to have said if it were built she would burn it again. The accused, when examined, swore positively that she had stated "Aren't you afraid I will burn that too." The house was Miss Quin's own property and she had no insurance whatever. The only possible motive for so rash an act was the dispossession of Mrs. Hanna by this means. Although several witnesses testified that they had heard Miss Quin say she would burn the shacv, no two of them quoted the same words, and the doubt of her guilt was sufficient to acquit her of so serious a charge and she was accordingly discharged. —Brampton Conservator.

Quigley will hold an unreserved auction sale of his farm stock, implements etc., on lot 13, con. 8, east, Mono (close to Hockley village) on Wednesday, Nov. 27th, commencing at one o'clock sharp. There will be positively no reserve as Mr. Quigley has sold his farm. See advt. in this issue or posters for list and all particulars. Jas. A. Patterson, Auctioneer.

—All kinds of Public School supplies sold at The Banner Bookstore.

KINDNESS.

Nine people out of ten, when they speak of discipline, mean something disagreeable. The word discipline always has an attractive and winning sound, and discipline is simply the whole circle of influences that make a disciple. Yet we persistently use the word discipline only in its narrower and more forbidding sense. But it includes not only or principally the pepalties and hardships of experience, but covers also all the attractions, the enthusiasms, and the joys of education. Much might be said for the proposition that more than half of our training is accomplished by things that are grateful and acceptable to us. We ought at any rate to recover our minds from this vicious slant which custom and carelessness have given to it, by reason of which we habitually speak of discipline and think of it as something painful ; for no one is really happy except a disciplined person.

For the most part we are not conscious that we are being disciplined at all. Nobody ever thinks especially of morning and evening, of noon and twilight, or sleeping and waking, of seedtime and harvest, or of our daily routine as having any particularly formative power over us; and yet all these fashion every life. We are all the well-disciplined soldiers of this regiment, and scarcely ever gave a thought to what was going on. It is possible to represent work as something that grates and grinds upon men, but a casual look at the world's workers as they go to their morning's task reveals anything but a forlorn and hopeless company. Things go wrong many times in the course of the day, and these things try us, but they go right ten times to once they go wrong, and with a good workman there is not a day when he has not a good many times been subjected to the gratifying discipline of seeing things go right. We learn by failures, but quite as much by success. The painful contacts and collisions which are sure to come every day teach us something, but we learn as a rule even faster by having done just the right thing. There are jars and conflicts, but even more there are agreements and co-operations, or the world would not go on. Those who thwart and oppose us, our enemies or our rivals, will all doubtless show us something which we should not otherwise have seen ; but the lifelong influence of friendship, of home, of loved ones is far and away the greater influence.

When, then, we are thinking of disciplining anybody, let us be sure that what will best do the work with them will be what did it with us. In the first place, we hardly know what it was, but we are quite sure it was not something wholly and unmitigatedly disagreeable that did it. Whoever had the most influence over us hardly seemed to try. One fails to be a good disciplinarian far more often through lack of gentleness and kindness than from want of severity and force. There are plenty who can sail into a situation with a determined look and point-blank words and ultimatums about what they will have and what they will not have, and accomplish nothing. They are very poor disciplinarians. Their regiments never move like one man—and in their pride and folly they think they have exposed the incompetence of their pupils when they have only revealed their own. A good disciplinarian will always make people under him more or less happy, for without discipline we are really miserable. We like a strong hand over us, but we like its strength disguised. Severity alone is no discipline at all. And if we have a child in hand, or any company of people whom we must order into effectiveness, we must think very seriously about how many good things we need to give them and what supplies of happiness.

It changes our prevailing tone, when that has gotten to be a tone of whimpering at life's hardships, just to remember that more than half of the influences that have shaped our life have been good ones and gracious ones. We work better after that. A truer tone rings in our speech. For there is too much whimpering, too much careless talk about life's trials, by people who never had any, but have simply had their wishes crossed. Do not fall into the habit of designating by this high name simply the disagreeable things of life. They may and do have their full place, but they do not fill the whole field.

But let us be careful not to apply this rashly. Just because our own training has been accomplished largely by finer influences, it would be reckless to deny that all around us in great multitudes are people whose lives are being formed by circumstances which are unceasingly hard. The time has gone by when the Christian can say of disease and poverty and wretchedness and crowdedness that they are strange, inscrutable divine ways by which God chooses to work out His purposes. They are more likely to be ways in which we willingly and selfishly allow God's purpose to be thwarted. There is handshin so bitter and prolonged that it does not make disciples and does not teach. It distorts and obscures and misrepresents God's will toward His children, and they cannot catch any drift of His love toward them. Until something kindlier enters their lot they will not be really disciplined. And the one who has come to realize as a Christian that "with mercy and with judgment my web of time He wove," and who has come to see that privilege has been perhaps the bulk of his own experience, will not softly conclude that it is so with everybody. He will suspect that where there is least complaint there has been the least of privilege, and will play the man and try to even things up.—S. S. Times.

A CROSSING ACCIDENT.

Mr. John Reynolds Badly Injured in Alliston.

The gate city express, due here at 4.16, ran into a farm wagon and team of horses belonging to Mr. John Reynolds jr., who lives on lot 14, in the 11th con. of Tecumseth. Mr. Reynolds was driving and was so badly injured that no hope is held out for his recovery. He had been in town with a load of barley, which he unloaded at the C.P.R. elevator and was returning home, crossing the C.P.R. tracks at Albert street. A freight train was standing on the siding immediately west of the main line, the engine being well up to the crossing. This obscured a view of the tracks to the south and the noise of escaping steam from the freight engine made it impossible to hear anything else. Mr. Reynolds probably never thought of a train coming from the south and drove in front of the freight engine which would bring him directly in front of the incoming express. The train runs pretty fast even at this crossing which is only a block and a half below the station platform. Driver and engineer evidently realized the danger at the same time as the sharp grating sound from heavily applied brakes could be heard some distance. It was too late, the engine striking the horses. Mr. Reynolds was thrown northwest and alighted on the rail af the first siding. Both horses were killed, one being badly mutilated, and the wagon was wrecked. The injured man was picked up in an unconscious condition and carried to the depot where he was laid on a table and made as comfortable as possible. Dr. Harper was summoned and arrived in a few minutes, directing the removal of the injured man, who was taken to the home of his cousin, Mr. John Dunn. Practically the only serious injury received is a fractured skull from the left temple back some distance. This will probably prove fatal. Dr. Herbert Bruce was summoned from Toronto and came up during the night, but pronounced the case hopeless. At ten o'clock this morning Mr. Reynolds was still breathing, but it was thought he could not live much longer. He has shown no signs of consciousness at any time.—Alliston Herald.

No More Headaches For Me

This can be your experience if you use Chamberlain's Tablets—they cure headaches by removing the cause—not by smothering the symptoms—woman's surest cure for woman's most common ailments. Try them. 25c. a bottle. Druggists and Dealers, or by mail. Chamberlain Medicine Co. Toronto 2

CHAMBERLAIN'S TABLETS YOUR BEST FRIEND

MEMORY.

All people have not only a memory, but a tenacious memory for some things. If for nothing useful, if not for things observed, for things learnt for thought, for events, for persons, for the outsides of things, for words, for names, for dates—yet for follies, vanities, trifles, grudges connected with self ; and especially for losses, wrongs, slights, snubs, disparagements, injuries, real or fancied, inflicted in the course of a lifetime on that dear self. If memory is not put to its legitimate uses, subjected to rule, given work to do, it degenerates into a mere deposit, a residuum of worthless refuse, degrading the nature it should elevate, supplying the mind with unwholesome food, on which it largely broods and ruminates. Of the same class is the memory roused out of the lethargy by the presence of others—as, for example, on the revival of former acquaintance—into a sort of malignant activity ; a memory dissociated from sympathy, recalling precisely the things which ought to be forgotten—misfortunes, humiliation and the like—and forcing on reluctant ears with unflinching accuracy of detail facts long erased from busier, fuller, better trained memories, as though inspired by a sort of necessity to let loose the unmannerly crowd of revived images where it gives most annoyance. How often we wish for others the reverse of what we desire for ourselves ! If they could only forget !—Blackwood's Magazine.

RURAL BRITAIN DEPOPULATED.

Farm Land Starved.

Millions of Acres Devoted to Preserving of Game—People Engaged in Farm Labor Greatly Lessened.

There can only be the maximum production of wealth when the whole of the labor force of the community is applied to all its natural opportunities, and in the most productive manner, says R. L. Outhwaite, M.P., in Reynolds' Newspaper. This is far from being the case now.

The farming land of the United Kingdom is for the most part labor starved. There are millions of acres devoted in the main to the preserving of game, and tens of millions the potentialities of which are only partially exploited. So far from the land supporting an ever-increasing population, owing to science rendering increasingly productive the labor of the land-user, we find the reverse to be the case, and that the countryside is undergoing a steady process of depopulation.

Some startling figures were given in a return by Mr. Runciman, the President of the Board of Agriculture, in the House of Commons, in reply to a question of mine. He gave figures showing that the number of persons (male and female) engaged in agriculture in Great Britain steadily decreased by 315,463 from 1,711,813 in 1871 to 1,396,350 in 1901, while the number of male shepherds and farm laborers decreased by 348,899 from 1,041,445 in 1871 to 692,546 in 1901. He also gave figures showing that the acreage of arable land and land under wheat had steadily declined, while the acreage under permanent grass had steadily increased. From 1861 to 1911 arable land in Great Britain decreased by 3,755,337 acres from 18,403,125 acres to 14,647,788 acres. Land under wheat in the same period decreased by 1,945,856 acres from 3,571,944 acres to 1,906,038 acres, while permanent grass land increased by 5,011,428 acres from 12,435,442 to 17,446,870 acres. And during the period between 1871 and 1911 the population of Great Britain increased by over 14½ millions.

It is not for a moment to be supposed that this depopulation is due to the land offering no opportunities for the further application of labor. Where every acre should be under cultivation, we find the staghounds hunting carted deer across a derelict waste. All over the country will be found estates held for sport. The general condition of the countryside is that those in occupation of the land are not exhausting its potentialities, and that a multitude of men desirous of applying their labor to it are prohibited from doing so. The reason why those on the land do not make the best use of the soil is not far to seek. The land is mostly held under a yearly tenure, and the land-user therefore dare not employ the maximum of labor upon it so as to render it fully productive, as to do so would result in the landowner raising the rent. Hence the farmer aims at getting as large an area as possible, so that he can obtain a livelihood in the manner calling for the least expenditure of his part of labor or capital. Therefore we get the 1,000 acre pasture farm, where every acre should be tilled as a garden.

The immediate practical thing to be done is to set up economic forces which will make the land-holder as anxious to have the land-user as the land-user is to get land. This the taxation of land values will achieve, for it will penalize the land-holder, who keeps lands out of use, and by making land available will give users a better opportunity to get fair terms when bargaining for any particular area. In the "Dukeries" a great tract of country largely held for the preserving of game, and alongside, in Derbyshire, ducal estates so link up that we find four dukes, near neighbors, who own in Great Britain about 400,000 acres. These monopolists would all be feeling the pressure of the tax, and all would be in search of landusers ; so land-users all over the kingdom would have a call upon them and be in a position to make better terms than at present. Stress is laid upon this economic effect of the tax, because it will be seen that under such circumstances as these it would be impossible far landlords to shift the tax on their tenants. In stead of being able to increase rents, they would probably have to reduce them.

On the one hand we see hugh areas of untilled acres actually lacking in great industrial centres, and even the first city of the world itself, and on the other, we find food products being poured into these centres from the uttermost parts of the earth. This process has been greatly accelerated during the last twenty-five years owing to the increase of population. And during the period which demand has so stupendously increased, and has come to be satisfied in part from land the world over little blessed by nature, from drought stricken areas and snow-bound regions, 4,000,000 acres of the fertile arable lands of Great Britain have gone out of cultivation—that is to say, between 1871 and 1911. It is not suggested that the importations could be obviated were the land of the United Kingdom put to its fullest possible use, but when users, even so far afield as Australia, can at a profit sell their products in England, while there are idle acres in England itself, it is clearly due to the existing monopoly system. Rather than suggest that the object to be aimed at is to obviate imports, we would hold that there are millions insufficiently fed, and that British land should feed them.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rexall Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rexall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

T. F. & T. J. BROWN.
Orangeville Ontario

The Rexall Store

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

A WOMAN'S HELPLESSNESS.

Cured Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make

Thousands of women suffer from headaches, backaches, dizziness, languor and nervousness. Few realize that their misery all comes from the bad state of their blood. They take one thing for their head, another for their stomach and a third for their nerves. And yet all the while it is simply their blood that is the cause of all the trouble. Dr. Williams' Pink Pills will cure because they actually make new, rich, red blood, which reaches every organ and every nerve in the body, carrying with it a new health and new strength. Mrs. Wm. Acorn, Charlottetown, P.E.I., says: "Before I began the use of Dr. Williams' Pink Pills I was one of the most miserable women living. For more than three years I lived a life of constant dread. I was taking weak spells so that I could not be left alone. If I walked from one room to another my heart would palpitate so violently that I feared I would die. I was continually suffering for the doctor, who told me I had no blood and that my nerves were shattered. Notwithstanding his treatment I did not get any better. I could not keep anything on my stomach, and the least thing would make me sick. Then my trouble was complicated with rheumatism, which became so bad that I had to be lifted like a child, and the pain was almost unbearable. I was in this deplorable condition when my husband read of Dr. Williams' Pink Pills, and got me a supply. When I had taken half a dozen boxes I felt much better, and could go about the house. I kept on taking the Pills until I had used twelve boxes, and I can truly say they made me a well woman. Indeed I do not think I would be living now but for Dr. Williams' Pink Pills. I wish I could persuade every woman who is sick to follow my example, for I have proved they will cure the most desperate cases, and I consider myself a living witness of this fact."

You can get these Pills through any medicine dealer, or by mail post paid, at 50 cents a box, or six boxes for $2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

CLEARING

AUCTION SALE

The undersigned has received instructions from Daniel McArthur, to sell by Auction on the premises, Lot 12, Con. 3, Township of Caledon, east, on

MONDAY, NOV. 24th, 1913

COURT OF REVISION.

Considerable Interest in Grand Valley Voters' List Court This Year

A Judge's Court of Revision on the Voters' List for Grand Valley for 1913 occupied the attention of His Honor Judge Fisher on Friday afternoon. With a local option election in sight there was more than ordinary interest in the proceedings. The following changes were made:—Appeals by E. H. Lindsey—James Desmore. Peter Hemminger and W. H. Britton added to Part I.; James Dillon, Joseph Dillon, Robert Russell, Louis Gordan and Jas. Garvin off; Frank McDuffee, W. J. Stuckey transferred to Part II. Mr. George H. Nodwell, George Lovell, George Haigh and A. L. Moore added to Part I.; F. W. Wood, K. C., Wood, David Smith, Lucy McGregor, A. J. Simpson and T. J. Simpson, off; Birrett Dickson, Charles Morrison, Hugh Watt, Benj. Nelson and Chesley Hill to Part II. John Platt left on Part I.

The only contestation arose over John Platt's case and over George Hatch's case. In the first place it was clearly established Mr. Platt had been a resident long enough to permit his name being retained on Part I. Haigh's case developed some amusement and although His Honor admitted there might be something of suspicion about the bona fides, he felt loath to deprive a man of the franchise on suspicion alone. George is a porter at the Commercial Hotel and seems to have rented a garden lot on River street, the product of which he sold to the hotel and to others. Although nominally a porter in this hostlery he seemed to have rather wide latitude, working the garden in his employer's time and hiring Robt. Arnott, another employee of the place to assist in the work. But George had a receipt of the rent of the property and this overcame a multitude of objections. —Star & Vidette.

SHILOH

quickly stops coughs, cures colds, and heals the throat and lungs. 20 cents.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

Western

Cattle Market

Ship your cattle to the Western Market—entirely conducted by the Corporation of Toronto. Stock will be fed with best fodder at minimum cost. At an early date we will be able to give you accommodation in the way of a well equipped up-to-date Public Abattoir.

REMOVAL

HEROIC WOMEN.

West is Full of Stories of Brave Deeds.

A bright young woman in the newer part of British Columbia is the heroine of a bear story that is quite true. She is a farmer's daughter, and one of her daily duties is to milk the cows. One evening not long ago she was so engaged when a bear suddenly came out of the bush a few feet away from her. The bucket was partly filled with rich Jersey milk, but the girl left it on the ground and beat a hasty retreat, which was precisely what Bruin wanted. With much relish he emptied the bucket, and then ambled away.

The next evening the milkmaid was better prepared, and when she went to the pasture she carried the bucket in one hand and in the other a shotgun, which she leaned against a tree, this because she looked for a return visit of the milk-loving bear. She was not disappointed. The pail was nearly filled this time when Bruin appeared, coming toward her in a very evident hurry. The girl repeated her flight of the evening before, and the bear again made up to the bucket. When his head was comfortably into the milk, the gun, loaded with number six shot, was precisely aimed, and a second or two later Bruin lay low.

The point of this story is that the women who live in the frontier country have need to keep their wits about them. And, as a matter of fact, most of them do. Many tales are told of the bravery, fortitude, and remarkable endurance of women settlers in the remote places of the West and North, some of whom have also proved themselves the possessors of exceptional ability and business keenness.

Thus there is an honor roll of at least a half-dozen women in Alaska who played the part of mining prospector so well that they made good stakes and won fame and fortune. They were, in the theory and practice of placer mining, as good as any man in the North, and proved it by results. It is told of one of these venturesome six that once, to save her husband's bank at Nome from failure, she travelled three hundred miles in midwinter, alone and by dog team, carrying a substantial clean-up of gold nuggets from her own holdings. By day and night, through snow and blizzard, she kept to the trail, and reached Nome, with her golden relief, just in time to avert the threatened disaster.

Another woman, not a gold-hunter, mushed 1,450 miles from Rampart to Whitehorse, in the Yukon. She did it alone, too, and in the dead of a deadly winter. With her train of dogs she made an average of twenty-five miles a day, and on one or two days covered thirty-five miles. That is good travelling on the winter trail, even for a man, and especially good for a woman when for the greater part of the way she ran, not rode, holding only by her hands to the bars of the dog sleigh. For on some days it was too cold to ride; fifty and sixty and seventy below zero, which means that one must keep moving.

Just like a man, this woman musher rode and tramped, sometimes breaking a way ahead for the dogs when the zero fog was too dense for them to see. Just like a man, too, when out of reach of the road houses, she made camp at nighttime beside the trail, and slept the deep warm sleep of the outdoor North. A hole in the snow for a bed, a few fir branches for a mattress, and her Arctic dog-robes for bedspreads, she lay herself down to sleep, alone; and at grey dawn she was up and off again. Not many women could have done it, but this woman did it, and suffered nothing more serious than the loss of a few pounds weight in her two months on the winter trail.

Strange honeymoon trip sometimes fall to the lot of northern brides. A newly wedded couple at Whitehorse wished to go to Dawson, their home-to-be. But they were too late in the season to catch the last steamer up the Yukon, and for a month they waited in Whitehorse. When the first snow came they set out for home by the overland route. A strange bridal outfit it was; dogs, and grub-box, and a sled big enough for two; and an arduous bridal tour ahead of them, via the winter Yukon trail. But they had a good time. The weather was not too sharp, the going was good, and the numerous road houses along the Dawson trail made convenient stopping places. When they reached Dawson they declared that they had not had a dull moment or an uncomfortable experience, and that dog-sled wedding trips in the North were good.

WASTING TIME.

Enraptured, they gazed, hand-in-hand, upon the beautiful scene stretched before them in the setting sun. 'Twas the Lake District, and they were but three days upon their honeymoon.

"Dearest," he sighed, gazing at her fondly, "isn't this heavenly?"

"Yes, Reginald," she softly murmured.

"Do you know," he whispered ardently, "to me life does not seem long enough for our happiness. Just think, even if we are fortunate, our married life can hardly last longer than fifty years."

"Is that all?" she queried wonderingly, edging nearer.

"Yes, that's so," a touch of sadness in his voice. "Only fifty years in which to love each other."

"Then kiss me quick, Reginald," she exclaimed, "we're wasting time!" (Curtain.)

Mrs. John Mitchell, who had been a resident of Guelph nearly 90 years, and had lived 82 years in the house which she entered as a bride, died a week ago Friday in her 100th year.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not glazed and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your mere word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness — when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed — and we will hand back what you paid us. Two sizes, 50c and $1.00 a bottle.

You can buy Rexall "93" Hair Tonic in this community only at our store:

T. F. & T. J. BROWN.
Orangeville Ontario

The Rexall Store

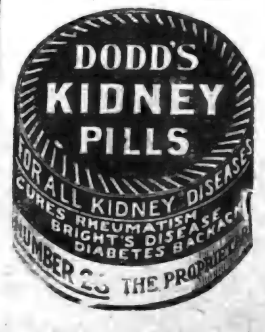
There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill — each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

AN OLD FEUD.

Charivari Party Near Cheltenham Ends in General Fight.

The Bride and Groom Had Slipped Away.



A correspondent at Cheltenham sends us the following story of an occurrence in that neighborhood. Of course, he tells only the southern version of what happened.

"A very disgraceful piece of rowdyism took place in this community one night last week. One of our prominent young men brought home a happy bride, when a number of 'sports' from Caledon headed by a young man said to be a preacher, obtained the consent of the groom to permit them to invite a number of our young men to join them in a friendly "Chivaree." The invitation was sent and six of our young men, mostly farmers' sons, responded to the call. The invitation said "bring your guns and anything to make a noise." So the boys went in a milk rig, each one carrying a gun.

"When they arrived at the scene of action they found that the bride and groom by special arrangement had left for parts unknown, but two of the Caledon bunch were there to welcome the boys, who at first never expected treachery, but when they were invited to leave their guns in the rig and not to fire into the bush they smelt a rat. They became suspicious, and on going back to their horse they found their harness, blanket and one gun gone.

"Then the fun started. They accused the two from Caledon of having a gang hidden in the bush, which was stoutly denied. They accused their Caledon friends of treachery, and hot words ensued. Not wishing to be outdone, they pretended to go home, one on horseback, the rest on foot. But two of the boys returned and hid near the rig. Soon the "sports" headed by the preacher appeared on the scene, and started to take the rig away, when the boys, who were hiding, fired off their guns. Then the Caledonians, six in number, all big men, started to run and were chased by the two boys. After running a short distance they turned on the two boys when a free fight ensued. When the fellow on horseback rode back in hot haste to the scene of action he found three of the Caledonians fighting one of the boys, the preacher on top. The other one of the two boys had another of the gang laid low and was giving him his deserts. The horseback rider took in the situation at once and caught the preacher by the neck and applied the toe of his boot to the seat of his pants, when two of the gang turned on him. Soon the blood was pouring from his nose, and he was choked unmercifully, but notwithstanding the fact that the odds were against them, the fight lasted for an hour and a quarter. Cut faces, bloody noses, and torn clothes being the result. When all hands were tuckered out the Caledonians took to their heels and made for home.

"The three boys took a set of harness and enjoyed a ride home. But they are still out a set of harness, a blanket and two guns. No doubt the preacher, who has a charge, can find use for the harness and blanket, but what he wants two guns for we don't just see. Perhaps he intends to use his rowdy house methods in keeping his congregation in check."—Peel Banner.

CANADA TEMPERANCE ACT.

Voting Will Take Place in Peel County on January 29th.

Measure Was Submitted in 1884 and Defeated by 194 Majority.

(From the Conservator.)

People of Peel were almost in battle array for the temperance struggle. Some weeks ago it was understood that November 17th would be the day of voting. On Friday last an Ottawa despatch said that an Order in Council had been passed fixing November 24th as the date. The date in the Gazette is January 29th and January 29th it will be. The temperance people were anxious to have the matter settled in November because of a provision of the act which requires a certain to elapse between the date of voting and the cancellation of licenses. Almost everyone who is not connected with the rival associations seems to take it for granted that there will be a big temperance majority in Peel. If this belief is well founded no one in Brampton need trouble about licenses in the future. But while that belief is quite prevalent the Social and Moral Reform Association, of which S. Deeves is the President, and Sheriff Henderson, Secretary, are not going to take anything for granted. They gave called a meeting of the County Executive for next Tuesday to consider the plan of campaign for the next two months and a half. The "Business Men's Association," of which S. H. Mitchell is President, and Robert Herbert, Secretary, are carrying on a campaign by the publication of letters in the county papers. The business of this association is to show that license is better from a temperance standpoint than the Canada Temperance Act which would prohibit the retail sale in the county, or better than a Local Option by-law which prohibits it in a separate municipality. The one organization would close the bars now licensed. The other would continue licenses where they now exist, grant licenses in Brampton, Bolton, Chinguacousy, Albion and Caledon. The association of which Mr. Mitchell and Mr. Herbert are the leading officers expresses a desire to promote temperance in Peel by licensing houses in Brampton and in the other parts of the county where houses of accommodation are required. The association of which Mr. S. Deeves and Sheriff Henderson are the leading officers expresses a desire to promote temperance in Peel by cancelling the licenses now existing and refusing licenses in Brampton and other parts of the county where the people have voted them out. Both associations, on their own statements are for temperance. Every good citizen should, as far as possible, "prove all things, hold fast to that which is good." The man on the street will watch with a great deal of interest the procession of temperance reformers who march under the banner of Messrs. Mitchell and Herbert and with equal interest the procession of temperance reformers who follow in the train of Mr. Deeves and Sheriff Henderson.

The Canada Temperance Act was voted on in Peel in 1884 and defeated by a majority of 194. At that time there were 59 licenses in the county, 54 hotels and 5 shops. Now there are eight licenses. The following is the vote in the different polling subdivisions of the county at that time:

Mrs. John Houston, of Creemore, received word recently that what were supposed to be the remains of her father, John Hunter, were found by two deer hunters within a mile of where he formerly lived, near Cooper's Falls, Muskoka. The old gentleman went out to pick some huckleberries in August, 1912, and was never afterwards heard of, although search was made for him for several days. The remains were identified by the pail, his watch and boots, all else was obliterated excepting the bones.

KEEPS BABY'S SKIN HEALTHY

Baby Eczema

Mrs. Lois McKay, Tiverton, Digby County, N.S., writes:—"My children were taken with an itching, burning skin disease and tore their flesh until it was sore and their skirts would sometimes be wet with blood. The doctor did not seem to know what ailed them, and could give no relief, so I began using Dr. Chase's Ointment.

"Wherever it was applied it did its work well, and has entirely cured them of this horrible disease. They suffered so they could not sleep at nights, and I think if it had lasted much longer I would have gone crazy from the anxiety and loss of sleep. I cannot find words to praise Dr. Chase's Ointment enough for the good it has done my children, and hope other sufferers will try it."

Dr. Chase's Ointment is a necessity in any home where there are children. By curing irritation and chafing it prevents torturing skin disease. 60 cents a box, all dealers. Sample box mailed free, if you mention this paper. Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment

J. S. CARTWRIGHT DEAD.

Had Been Master-in-Chambers for the Last Ten Years.

In the death of James Strachan Cartwright, K.C., Master in Chambers at Osgoode Hall, at his residence, 84 Woodlawn avenue, last week, Ontario loses a painstaking and widely respected member of the judiciary. The legal profession loses a kindly arbiter in the early stages of litigation, one who was possessed of great ability for pouring oil on the troubled waters in a tribunal where disputes often wax stormy.

He has held the post of Master-in-Chambers for ten years, succeeding Judge Winchester in that post. His decisions have always commanded the respect of the bench and the appellant from one of his judgments generally had an uphill road.

Mr. Cartwright was a brother of the Deputy Attorney General, John R. Cartwright, K.C., and was a cousin of the late Sir Richard Cartwright. Though holding aloof from political discussion, he was deeply interested in public affairs.

He was born at Kingston, and was educated at Rugby, England. He married on June 1st, 1866, a daughter of the late Hon. William Cayley, who died in 1889, and was married secondly to a daughter of Geo. A. Young. He was called to the bar in 1868, and became a K.C. in 1902. He was appointed registrar of the Queen's Bench Division of the High Court Division in 1883, from which post he was promoted to his late position. He was an Anglican, and a member of St. Thomas' church.

Mr. Cartwright leaves a widow, two sons and three daughters. One of his sons is in South Africa, while the other is studying law in Toronto.

A REMARKABLE ESCAPE.

Hanging by the neck from the limb of a tree with no way of extricating one's self and suffering with intense pain from three broken ribs is not the most pleasant sensation in the world, yet it is what Mr. Henry Hilts, of Kilsyth, experienced a few days ago, when picking apples in his orchard. Had it not been for the timely and fortunate arrival of his wife, Mr. Hilts would not now be alive to tell the tale of his narrow escape from death by strangulation and he counts himself lucky in getting off as well as he did.

For picking apples, Mr. Hilts uses a bag with a leather strap which he puts around his neck and in this way he has both hands free. On the day of the accident he was picking apples from a long ladder and having nearly filled the bag, was about to descend to empty it. In reaching over to get a few more apples to fill the bag, the ladder broke and Mr. Hilts fell, striking his left side heavily on one of the limbs of the tree, breaking three of his ribs, two above and one below the heart. The heavy bagful of apples swung over the opposite side of the limb and the unfortunate man was left hanging by the neck in the tree, his feet a short distance from the ground and with no way of freeing himself. He was not able to even call for help.

Just at that moment, Mrs. Hilts happened to come out to the door to get a pail and she heard the crash of the ladder as it broke. Looking up, she noticed Mr. Hilt's plight and at once ran to help him. She could do very little to assist him, however, but she raised him high enough to take the weight of his neck and keep him from strangling, while she called for help. Her daughter, hearing her cries, ran out and between the two, they were able to rescue Mr. Hilts from his unenviable predicament. Medical aid was them summoned and although his injuries are still painful, Mr. Hilts is now in a fair way towards recovery.—Flesherton Advance.

Scoutcraft

Forty-one boys were out on Friday last at the initial Scout meeting.

First shipment of the "Canadian Boy Scout" all sold out; another lot on the way.

At the meeting on Friday next at eight o'clock, semaphore signalling will be commenced, and rules in woodcraft will be given. Bring notebook and pencil.

The kind of boys wanted that will make the best scouts:—Fit in wind, limb, sight and hearing. No place for the greedy boy who only thinks of jam tarts. Able to rough it without grumbling. The smiling face boy. Self-reliant, loyal and trustworthy; for the safety of his Patrol and the success of our schemes will depend on the loyal and intelligent carrying out of orders.

DISTRICT CONVENTION.

Epworth Leaguers Hold Annual Gathering at Laurel

Delegates Listen to Inspiring Addresses on League Work and Its Relation to Church Activity.

The annual Convention of the Epworth League of Orangeville District of the Methodist Church was held in the Methodist Church at Laurel last Thursday. There was a representative attendance of Leaguers from all parts of the District. Owing to the unavoidable absence of some of the speakers it was found necessary to make a number of changes in the programme.

In the absence of the District President, Mr. Lindsey, of Shelburne, Rev. G. W. Robinson, of Orangeville, occupied the chair at the morning session. Rev. A. J. Toye, B.A., B.D., of Hornings Mills, led in "The Quiet Hour." The Nominating and Resolutions Committees were then appointed.

The afternoon session opened at 2 o'clock with devotional service by Rev. J. S. Stevenson, of Laurel, who acted as chairman. Mr. W. T. Wilson, of Tullamore, followed with a rousing address on "How to Keep Young." He stated that when he was a boy people would say to him "This is the best time of your life," but as he grew older life unfolded new and more lasting joys. Older people should not discourage those who were younger. A person would never be fully satisfied with the world until he found out what the heart of God was. If a child was allowed to have everything its own way it would spoil its after life. It was very important that the child should have a good training and it should be given early training in attendance at church, Epworth League and other forms of worship, so that it might be surrounded with every possible good influence. To the person who is consecrated to God's service, the further along in life he gets the better life seems. As in other spheres, it is true of the Christian life that the raw material is never as good as the finished article. The older the Christian grows the better he becomes. Sometimes when a person is young, said Mr. Wilson, he gets the idea that to enter into the Church means that he will have a slow time and will be obliged to forego all the pleasures and pastimes that appeal so strongly to the young. There is nothing like the church and church responsibilities to mould character. It is wise to have an ideal in life—not simply to live to acquire riches and store up worldly goods, but to develop character and thereby lay up possessions that are worth while.

After Mr. Wilson's address a selection was given by a junior choir of boys and girls ably conducted by Miss Bertha Hamilton. Then followed the roll call by Miss Laking, district secretary-treasurer, and a well-rendered solo by Mr. Albert Lindsay, of Caledon East.

Miss Lottie Bell, of Orangeville, spoke on the subject, "Missionary Work—Its Effect on the League." Missionary work, she said, was the most important department of Church activity. He is not a competent judge who concludes that missions are unimportant. Missions help us to remember that people of all nations are brothers and sisters and of one blood. A study of Missions will help to overcome the narrow spirit of selfishness and teach the need of proclaiming God's Word to others. We are often told that we should not support foreign missions, but do we realize what it means to people never to have the opportunity of hearing Jesus Christ.

After a short discussion on business matters and social evenings, Rev. A. J. Toye spoke on the subject, "Who are Responsible for the League's Success—Why and How?" Responsibility, he declared, rested in the first place upon the officers of the League. No person should accept office unless prepared to properly discharge his or her duties. They should live up to their responsibilities and be leaders among the people. The officers should plan carefully the work of the Society and the Executive should meet frequently. Too many of the Leagues paid too much attention to social and literary meetings and neglected the devotional meetings.

Mr. W. E. Braden presented the report of the Nominating Committee and after a vote the following officers were elected for the coming year:

President—W. E. Braden, Orangeville.
1st Vice-President—Miss A. Patterson, Alton
2nd Vice-President—Miss T. Browne, Hornings Mills
3rd Vice-President—Miss Kirkpatrick, Mansfield
4th Vice—President — Miss A. White, Caledon East
5th Vice-President—Miss Jessie Johnston, Laurel
Sec.-Treasurer—Miss Lottie Bell, Orangeville
District Representative to Toronto Conference—Miss Madill, Shelburne.

The new President thanked the delegates for the honor they had conferred on him and expressed the hope that the coming year would be the most prosperous in the history of the District League.

Rev. J. S. Stevenson opened the evening meeting with devotional exercises and then introduced the new President, Mr. Braden, who took the chair for the evening and also gave an address on "The Value of the League to the Church." The League, he stated, was the place where the young people were taught to pray and to study the Bible. He emphasized the need for greater attention to the spiritual side of the League's work. If the Leagues were not as successful as they might be it was due to the lack of spiritual force and direction. The League should take one or two services in the church during the year. Such services were appreciated by the members of the church. The way to get good out of any institution was to put good into it. In order for the Church to get good out of the League, the members must first put good into the League. League attendance was perhaps becoming too much a matter of form. There should be more prayer and Bible study. The great Milton said, "A person is practically useless in this world unless he lightens the burden of someone else." Were Leaguers lightening the burden of the Church. In closing Mr. Braden placed emphasis on the importance of personal effort in seeking for new members.

Rev. G. W. Robinson, of Orangeville, gave an inspiring address on "The Price of Usefulness." God, he stated, had called everyone for some purpose in life. Life should mean something more than a mere existence for pleasure, for business or for money making. Every life should have some high purpose. How many persons there are who do not employ the talents with which they have been endowed in usefulness and activity in the service of Jesus Christ. We have evidence in the Word of God that He wants young boys and girls to engage in this field of usefulness and service. We admire such men as Livingstone, Columbus and Edison, who have lived lives of usefulness and service. It cost something for a man to live a life of service for the Master, but it was worth while and was the kind of life that paid in the end. Our field of usefulness lies right at hand, and offers each one a great opportunity to do good. The speaker concluded with the hope that God might help the young people within his hearing to achieve something worth while in life, no matter in what sphere of duty they might be placed. As Leaguers they should stand ready to take up any kind of Christian service. When God sent them to do work they should do it themselves instead of shouldering the responsibility on others. With God's help and the dedication of one's life and energies to his work it was possible to accomplish wonderful things.

The Convention was brought to a close with a consecration service conducted by Rev. Mr. Robinson. A solo by Mr. Albert Lindsay, Caledon East, duets by Miss Jenkins and Miss Lathwell, of Orangeville, and selections by a ladies quartette composed of Mrs. R. H. Robinson, Mrs. W. M. Green, Mrs. (Dr.) Bowles and Miss Lottie Bell added charm and variety to the evening programme.

Next years Convention will be held in Horning's Mills.

Some of the delegates present at the Convention were:—Miss Best, Miss Kirkpatrick, Mr. Davidson and Mr. E. E. Hill, Whitfield; Misses Madill, Johnston, Laking and Hall, Shelburne; Miss Foster and Mr. Tupling, Honeywood, Misses Patterson and Hill, Mr. McConnell, Mr. Thomas and Mr.—Patterson, Alton; Mr. Albert Lindsey, Caledon East; Miss Brown and Miss Fox, Horning's Mills; Miss Lathwell, Miss Bell and Mr. W. E. Braden, Orangeville.

TAX NOTICE.

Taxes for the Townships of Amaranth, Mono, East Garafraxa and Caledon may be paid at the Bank of Hamilton, Orangeville. 4t

Gone to Winnipeg.

Principal S. Carson Lee left today for Winnipeg and his departure is much regretted by the people of Portage. He came to the city eleven years ago as Science Master in the Collegiate and six years later became Principal. Mr. Lee graduated gold medalist in science from Trinity University, Toronto, and M.A. from Toronto University. He had had a wide teaching experience which began in the Orangeville High School. He then taught in Morin College, Quebec City, where he spent a few years before going to take charge of the science department in the High School in Mexico City, Mexico. From here he returned to Canada and became science master in the Portage Collegiate. His many friends wish Mr. Lee every success as Professor of Physics in the Agricultural College, Winnipeg.—Portage la Prairie, Man., Daily Graphic.

Prof. Lee, who is a son of Mr. Chas. Lee, York St., is a graduate of Orangeville High School. The Graphic also states that the staff and pupils of the Collegiate Institute presented Prof. Lee with an address and a handsome gold watch prior to his departure for his new sphere of duty.

CAMPANIA OFFICERS.

Campania L.O.L. No. 433 held its annual election of officers on Friday evening, Nov. 7th. County Master W. A. Wansbrough presided and was assisted by the District Master, W. J. Hamilton, of Whittington. Officers were elected for 1914 as follows:—W.M., John Lang; D.M., Fred Hammond; Chaplain, Ernest Smith; rec.-sec., George Patten; fin.-sec., Thos. Simpson; treas., John Burnside; D. of C., John Bennington sr.; lecturer, Stanley Lomas; first committee man, Alfred Myers. After the business meeting the members and their wives, sisters and other friends repaired to the basement of the Methodist Church, where a sumptuous repast of fowl and other delicacies was served.

ECZEMA AND SORE EYES.

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Planford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend, I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-tives"

HAGERSVILLE, ONT., Aug. 26th, 1913.

"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen "Fruit-a-tives" advertised, I decided to try them.

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.

My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish"

B. A. KELLY.

In hundreds of letters received by the Fruit-a-tives Company, the same expression is used "Fruit-a-tives is the best kidney remedy in the world". At any rate, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

COMPENSATION FOR WORKMEN.

After Three Years Work and Study Sir William Meredith Presents Important Report.

Proposed to Allow Employees 55 per cent. of Their Wages While Off Duty Through Disability.

Government Board will administer the law.

So long as disability lasts, compensation goes on.

Railway companies do not contribute to the accident fund.

Contributory negligence no bar to compensation.

Ontario Government will make contribution to compensation fund.

Compensation for managers, no matter how highly paid, is limited to $2,000 a year.

Board will have final decision as to disposition of reserve fund.

New act is founded on the German law, and is said to be the best in the world.

Under the new act workmen are defended against unscrupulous employers.

An injured man may be granted compensation without litigation.

Board's decision is final, but Crown may state a case for opinion from Appellate Court.

Accidents and industrial diseases are on the same footing.

Employers must share expense of administration.

Crown is not included in act, but will call on board in case of accidents to Government employees.

In the case of "wilful or serious misconduct" no compensation will be paid unless death or serious disability results.

Common law, in so far as it allows an employee to take upon himself risks in connection with his employment, is declared unfair and is abrogated.

Navigation and telephone companies must commute weekly or periodical payments to their employees, and keep their workmen insured against accidents.

The act does not, at present, include in its scope wholesale and retail establishments, domestic servants or farms, but the board is empowered to bring them in when it sees fit.

Under new law workman suffers loss of wages for 7 days, if disability does not last longer; outlay for medical treatment; loss of 45 per cent. of wages while disability lasts; employer is called on to pay 55 per cent. of injured party's wages while off duty.

After three years study of the question of workmen's com which matter was placed in the hands by the Provincial Government on June 30, 1910, Sir William Meredith has presented to the Lieut. Gov.-in-Council as exhaustive report in which he makes recommendations which are included in the synopsis above, and furnishes reasons for them and arguments for their adoption by the Legislature.

Sir William is candid in stating the main principal of the new bill, which is that the industries should bear the cost of compensation, the employees not being called on to contribute, as the Canadian Manufacturers' Association contended they should. The labor interests, while admitting that the new bill is the equal, if not the superior of any compensation act yet drafted, think the scale of compensation, 55 per cent., is not large enough.

It will thus be seen that there is food for much discussion when the matter finally reaches the Legislature next session.

During his study of the question, Sir William has been in communication with such authorities as Messrs. Miles M. Dawson, S. H. Wolfe and P. Tecumseh Sherman, who were instrumental in the drafting of the Ohio Compensation Bill, and F. W. Hinsdale, chief auditor of the Washington Industrial Insurance Board.

The effect of the new bill, in brief, is this: Each group of industries involved is compelled to contribute a certain proportion of their pay list to a fund, the contributions to which may vary as occasion demands, the said fund to be administered by a Government-appointed board for the payment of compensation to workmen injured while in the employment of any manufacturer whose industry comes under the provisions of the act.

The new bill contains two schedules: Schedule 1 includes all industries which it is proposed to bring within the scope of the act, and are individually liable. Schedule 2 includes those that are collectively liable.

That there should be no appeal from the decision of the board is the firm conviction of Sir William, and the furthest he will go in the way of concession is to provide for a stated case by the Lieut.-Governor-in-Council to the Divisional Court.

The proposition to limit the compensation to $1,500 for permanent disability is also frowned on by Sir William, who sees in the payment of lump sums a contravention of the principle upon which compensation acts should be based. It would, he says, defeat one of the main purposes of the law, namely, the prevention of an injured workman from becoming a burden upon his relatives, friends or the community.

A BEAR STORY.

An Amaranth Tale of Fifty Years Ago.

An Early Settler Tells of Shooting Bear and Deer Near His Own Home.

The following bear story is from the pen of Mr. Robt. Wansbrough, one of the pioneer settlers of Amaranth township and now living retired in this town:—

"When I moved to the township of Amaranth I bought the first farm in the 7th concession, lot 15. At this time there were not any roads opened up in this section. None of the roads west of the Second Line was open for more than a mile or so. We went in on blazed trails through the bush, sometimes on the concession lines and sometimes on cross roads. This was in the year 1860. I found about 15 acres cleared on my farm and a house partly finished. I bought the farm in the winter and went up in the spring of 1861 to see it. I got as far as my nearest neighbor, Mr. G. Bennett, on lot 13, and to my amazement found all the land to the north of his place covered with water. The branch of the Grand River that crosses the 7th line on lot 14 had swollen and overflowed its banks during the spring thaw. Mr. Bennett told me that the water would go away in a short time and all would be well. However, I rented the farm to him for $40 that year.

I came up several times during the summer and sure enough the lake had disappeared. I had some money left after paying for my farm and buying a good yoke of oxen and a plow and harrow. I got the municipal council to help me put a bridge over the river and I fixed up my house and cleared some more land during the summer of 1862. I was working a farm in the township of Erin, but I spent all the time I could spare on my farm in Amaranth. In the spring of 1863 I moved in with my oxen and a good supply of flour and pork. That year I got married and settled down, happy for life, but, oh! how many changes there are in a person's lifetime.

I bought two pigs weighing about 120 lbs. apiece and fixed up a pen for them. In those days all cattle and pigs were pastured outside the farm fences, where there was better pasture than there is inside the fences now. However, one morning when we went out to milk the cows, we found all the cows and the oxen in a rebellious state. Old Cherry's eyes looked like a tiger's and she would not come near the pig pen. I could not make out what was wrong until I saw that there was only one pig. Fifty men could not have got him to go near the pig pen. I went to the pen and was surprised to notice some blood on a log. I knew at once that one of my pigs had fallen a victim to a bear. I began to think what was best to do, as I knew that when Mr. Bruin had eaten one pig, he would come back again and take the other. Then when there were no more pigs he might take me in mistake for one. I got to work at once. I had a double-barrelled shotgun — one of the cheap kind and very large in calibre. I pounded out two round slugs to fit the gun. I put a handful of powder in each barrel and rammed down the slugs on top and primed the gun. Then I went after the bear. I could track him quite easily by the spots of blood. There was a fallow of about six acres across the road. Bruin carried my porker in his arms, or on his back, or in some other remarkable manner, and walked on logs six or seven feet high. When he reached the middle of the fallow he ate the head off the pig and left the body in the woods on the other side of the fallow. I carried the remains back home and buried them in a field near the house, so that if the bear came back we would have a fair fight for the carcass. There was a log heap on the side of the road near the fallow and close to the pig pen. In the evening I laid down behind the log heap. I could see between the logs splendidly and could also shoot between them. It was a beautiful day in June and about half an hour before sundown, as I waited anxiously, I saw bruin coming up through the fallow, sniffing along the track over which he had carried the pig the night before. When he came to within seventy yards of where I was he got upon a log and was looking around, when I let him have the contents of both barrels. The discharge made a report that might have been heard for ten miles. Lo and behold, when the smoke cleared away, I saw his bearship trotting away through the fallow, although I had knocked big bunches of hair off him. I felt as if a horse had kicked me.

I was somewhat angry over my failure to land the marauder and I determined to procure the best rifle that I could buy. I started for Orangeville and on my way called at Springbrook. John Wallace, who was then the landlord, was an old sport and had a double-barrelled rifle for sale. It was a weapon of great renown and was owned by William Stubbs, afterwards M.P. for Cardwell. It was the fashion in those times to have a few glasses of kola wine, when you were making a bargain, so I treated Mr. Wallace a few times and he sold me the gun for $40. I went home vowing vengeance on all bears and other voracious animals. The next day I shot two deer in the fallow through which the bear had carried my pig. That was a dandy gun! All one had to do was to hold it straight and pull the trigger and it would do the rest. At that time I could get all the venison I wanted, but it was bears that I was after, for I had not yet got even with them for the loss of my pig.

It was now the 1st of October and I decided to go and value some land for a man. I always carried the rifle with me when I was travelling in the woods. There had been a heavy frost and the leaves had fallen off the trees and were lying on the ground quite deep, so that when walking you would make a great deal of noise. I sat down on a log and while in this position heard a strange noise. I at once started for the part of the bush from which the sound seemed to come. There I discovered a bear and three cubs in a tree. The old bear was sitting in the crotch of the tree and the three cubs were in the branches, disporting themselves and talking to the old bear in their own language. They were so busy that they did not see me until I was within about eighty yards of the tree. My first thought was to get to the tree and keep them from coming down until I could shoot them all, but when the old she-bear saw me, she emitted a most unearthly sound and started to come down the tree

(continued next week.)

Dr. Hare's Goitre and Thick Neck Preparation has Cured and Relieved Hundreds of Other People---"Why Not You?"

We have been recommending and selling this Medicine to a considerable extent, and are receiving the best kind of evidence that is doing exactly as we said it would. That's why we can recommend you to try it at once if you are troubled with Goitre, Thick Neck, or any unnatural enlargements of the neck. Do not delay a day—the longer this disease is neglected the more difficult to effect a cure. Dr. Hare's Goitre Cure sold only in this community at

The Rexall Store

T. F. & T. J. BROWN
ORANGEVILLE AND SHELBURNE.

COMING!

Beautiful hair makes every woman beautiful and all who desire to make the best of their appearance should pay a visit to Prof. Pember, who will be in Orangeville, at

THE QUEEN'S HOTEL
ORANGEVILLE

with a very large stock of the latest styles in Hair Goods, styles to suit every individual. Ladies should see our Transformations, Bangs, Pompadours, Switches, Fronts; etc. A free demonstration to all.

Gentlemen, if you are bald, call and see the Pember Lightweight Ventilated Toupee, which is the most natural substitute for one's hair ever produced. Prof. Pember will also diagnose free of charge all cases of scalp trouble. Do not fail to call and get any information pertaining to the hair. Ladies who cannot call, phone or write and Prof. Pember will call at your home.

REMEMBER THE DATE.
Friday, December 5th., Queen's Hotel.

Change of Property

Mr. James Torrance, of this town, has purchased from Mr. T. G. Legate, one of our real estate agents, the east half lot 17, con. 1, west, township of Caledon. The farm, which is known as the old Bell property, is owned by Thos. McKay, of Owen Sound, and is at present occupied by Mr. Wm. Trathen. The purchase price, we understand, is in the neighborhood of $5,000. Mr. Legate takes as part payment Mr. Torrance's property on Prince of Wales St., known as the Laverty property. Mr. Torrance will get possession of his new property about April 1st, 1914.

Anniversary at Hockley

The annual Anniversary Services of Hockley Methodist Church will be held next Sunday, Nov. 23rd. There will be two services—an afternoon at 3 o'clock and an evening at 7 o'clock. Rev. Geo. E. Coulter, of Mulmur, will preach. Special music will be provided by the choir.

MRS. MARY BELL

An Early Resident of Mono Passes Away in Toronto.

Toronto lost one of her most highly esteemed pioneers on Saturday when the call of death came to Mrs. Mary Bell at the advanced age of eighty-six years. The deceased lady had resided in Toronto since 1893. She was the daughter of George and Ann Dodds, of Mono, United Empire Loyalists, and she assisted in making the early home in the forest. Her first visit to Toronto was made when she was ten years old, in an ox-cart.

Mrs. Bell's stories of old times were most interesting and instructive. She was a great patriot and took a keen interest in public affairs. She was an ardent follower of Hon. George Brown in his crusades, took the first copy of The Globe into Mono, and was influential in getting her father and brothers to vote Reform.

She was a staunch Presbyterian and latterly attended Westminster Church. Neither was she slothful in business and for twenty-one years was engaged in mercantile pursuits on Yonge street.

Mrs. Bell came of a long-lived family, being survived by three brothers and three sisters, all over seventy years of age. She had six children, and is survived by one son, Mr. George F. W. Bell, and three daughters, Mrs. E. B. Dodge, Providence, R.I.; Mrs. A. A. Cocksure and Miss M. A. Bell, of Toronto. The deceased lady also leaves ten grandchildren and one great-grandchild.—Monday's Globe.

The surviving brothers and sisters are:—Mrs. S. Ramey, Tottenham; Mrs. Jas. Hamilton, Athlone; Mrs. Jas. Hollinger, Toronto; James Dodds, Orangeville, George Dodds, Primrose, and W. J. Dodds on the homestead near Blount.

A GOOD MEDICINE FOR THE BABY

Baby's Own Tablets are the very best medicine a mother can give her little ones. They sweeten the stomach, regulate the bowels, break up colds, promote healthful sleep — in fact they are a cure for all minor ills of little ones. The mother may feel absolutely safe in giving them to her children for they are guaranteed by a government analyst to be strictly free from all injurious drugs. The Tablets are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

Will Address League

Mr. W. E. Scenour, of Oakville, Secretary of the Baptist Laymen's Missionary Movement, will give an address to the Epworth League on Missionary Work next Monday night. Mr. Scenour is one of the strongest speakers in the Baptist Church and comes very highly recommended by Dr. Brown, who was here at the Laymen's Conference.

If you want bargains in boots and shoes call on McPherson & Johnston this week. They have some lines on sale at prices that will interest you.

A. Y. P. A. Meeting.

Lord Dufferin Chapter of the Daughters of the Empire provided an excellent programme at the regular weekly meeting of the Anglican Young People's Association on Monday night. The musical numbers were a solo by Mr. A. G. MacGregor, a quartette by Messrs. Jessop, Price, Henderson and White and a solo by Mrs. Boswell. Mrs. W. G. Hyland gave an interesting Talk on the work of the Daughters of the Empire and Mr. C. R. McKeown, M.P.P., delivered an eloquent address on "The Flag." Rev. G. W. Tebbs, rector of St. Mark's, also gave an interesting address in appreciation of the important work that the local Chapter of the Daughters of the Empire is doing. At the conclusion of the programme Col. Preston moved a vote of thanks to the Daughters for the excellent entertainment they had furnished. Mr. E. H. Smith seconded the motion, which was carried unanimously to the accompaniment of hearty applause. The singing of the National Anthem concluded a very enjoyable evening. Rev. G. W. Tebbs presided. The audience was both large and appreciative.

Personal Mention

Dr. Carson was in the city Monday and Tuesday.

Rev. G. W. Robinson is in the city for a few days this week.

Mrs. Moore, of Arthur, is visiting her daughter, Mrs. T. J. Brown.

Mr. and Mrs. John Mills, of Farmington, left on Saturday to visit friends in Port Elgin.

Mr. Robt. Hewitt, of Toronto, a former resident of Orangeville, was in town over Tuesday night.

Mrs. Nicholson, of Mt. Forest, was the guest of her son, Mr. C. S. Nicholson, 2nd St., last week.

Miss Armstrong, of Flesherton, visited Miss Birdie McKinnon over Sunday.

Miss Olive McCartney, of Caledon, was the guest of Mrs. Will Gillespie over Sunday.

Mr. J. A. Langford, of Hill & Co's staff, made a business trip to Toronto last week.

Dr. L. G. Campbell, of Markdale, spent Sunday with his parents, Mr. and Mrs. G. A. Campbell.

Mrs. W. J. Cruickshank, Prince of Wales Road, Mono, is spending the week with Toronto friends.

Mr. and Mrs. T. W. Wallace, of Laurel, spent Sunday with the former's mother, Mrs. Wallace, Parsons St.

Miss Myrtle Marshall, of Camilla, returned home on Monday morning after spending a few days with city friends.

Mr. Byrne Ruddy, of Toronto, is spending a couple of days with Mr. and Mrs. W. C. McMillan, West Broadway.

Mrs. Thos. Whaley and Miss Ella Whaley attended the funeral of the late Mr. N. H. Bemallick, of Guelph, last Saturday.

Dr. John Neil, pastor of Westminster Presbyterian Church, Toronto, was the guest of his nephew, Dr. R. N. Kyles, on Monday.

Rev. Dr. Ramsay, a former pastor of Knox Church, Ottawa, preached an excellent sermon in St. Andrew's Church on Sunday night.

Mrs. Wm. Menary and children, of Grand Valley, returned home yesterday morning after spending a week with Mrs. Menary's parents, Mr. and Mrs. John Park.

Mr. and Mrs. James Dodds, Orangeville, and Mr. W. J. Dodds, Blount, were in the city on Tuesday attending the funeral of their sister, the late Mrs. Bell.

Mr. Jno. T. Anderson, the well-known piano tuner, is in town this week and may be consulted at Harshaw's hotel. Orders left at the hotel will receive prompt attention.

Mr. G. C. Knickerbocker, who has been chemist in the cement plant for the past year, accompanied by his wife and child, will leave next week for a two months' visit to Washington, D.C.

Principal Firth, of the Public School, represented Orangeville Library Board at the District Library Institute meeting in Durham on Monday and Tuesday. Mr. D. McPherson, District Secretary, also attended the meeting.

DR. ROSS KILLED

Pastor of St. Andrew's Church, London, Loses Life in New York.

The Rev. Dr. James Ross, pastor of St. Andrew's Presbyterian Church, London, died in Bellevue Hospital, New York, Tuesday night from injuries sustained an hour earlier when he was struck by an automobile driven by Leon T. Stowe, an undertaker. At the time of the accident Dr. Ross was crossing from the east to the west side of the street. It was at the rush hour and at a time when the traffic at Twenty-third street and Fourth avenue is particularly heavy. Stowe was operating his auto north on Twenty-third St. He said that Dr. Ross stepped from the shadow of a southbound vehicle directly in the path of his machine, and that it was impossible to avoid hitting him. Dr. Ross was hurled several feet in the air and landed on his head on the asphalt, fracturing his skull. The police after hearing an account of the accident from witnesses declared that the undertaker was not to blame.

Dr. Ross was carried unconscious into a neighboring store, and traffic Policeman Reilly summoned a New York Hospital ambulance, which took the injured man to Bellevue, where he died without regaining consciousness.

Dr. Ross and Dr. and Mrs. A. O. Jeffrey, of London, were in New York in connection with a proposal to establish a Carnegie Library in London.

Rev. Dr. Ross came to Canada with his family in 1853. He was born at Petereulter, Scotland, in August, 1851. He was educated for the ministry at Queen's University, Kingston, of which he was a graduate, distinguished both in arts and in theology. In October, 1883, he married Agnes, a daughter of Daniel McNaughton, of Camilla, Ont. He was pastor of Knox Church, Perth, Ont., from 1881 to 1890; lecturer in Church history at Queen's from 1890 to 1892, and Professor of Practical Theology at the Presbyterian College, Montreal, from 1892 to 1904. From that date till his death Dr. Ross was pastor of St. Andrew's Church in London, Ont. He was a director of the Canada Bible Society and President of the Western Ontario Bible Society, and active in all movements for the good of the city and country.

Dr. Ross is survived by Mrs. Ross, three sons and one daughter. The sons are David Ross, an electrical engineer, of Montreal; Dr. Allan Ross, of Fernie, B.C., and Gordon Ross, a graduate in arts at Queen's and now a student in medicine at the Western University. Miss Marjorie Ross is attending the University of Toronto.

Dr. Ross was well known in Orangeville and Mono township. He has occupied the pulpit in St. Andrew's Church here on several occasions and has also officiated in the same capacity in St. Andrew's Church, Camilla, and Burns' Church, Mono Centre. Mrs. John Bradley, Zina St., is a sister of Mrs. Ross.

—THE— CASH SYSTEM

COMMENCING on January 1st next, Orangeville butchers will adopt a strictly Cash System, selling only for SPOT CASH. One of the chief reasons for the decision to adopt this system arises out of the scarcity of cattle suitable for butchering and the high prices the butchers find themselves obliged to pay for whatever stock they are able to pick up. This had made it almost imperative to advance the retail prices, but by adopting the cash system and thereby cutting out the expense of bookkeeping and losses from bad accounts the local butchers expect to be able to hold their prices down to the present level.

Got Three Months

Wm. Carter was tried by Judge Fisher last Friday and found guilty on a charge of assaulting and doing serious bodily injury to Thos. White. On Tuesday the Judge sentenced him to three months imprisonment in the County gaol. Carter has already been in "Castle Bowles" for three or four weeks and this will count on his term.

Tyrrell—Field

Mr. Leonard Tyrrell, of The Dufferin Theatre, and Miss Winnie Field, late of Sandon, Herts., Eng., were married by Rev. Dr. John Neil, pastor of Westminster Presbyterian Church, Toronto, last Friday. The happy event took place at the Manse, 38 Charles St. On their return to Orangeville on Saturday evening the happy couple were met at the C.P.R. depot by a number of the groom's friends, who showered them with confetti and gave them a hearty welcome home. Mr. and Mrs. Tyrrell will live in the rooms over the Theatre. The Banner wishes the happy couple much joy.

Haley-Park

Mr. M. E. Haley, of Buffalo, and Miss Susie Park, daughter of ex-Postmaster and Mrs. John Park, Orangeville, were quietly married at the home of the bride's sister, Mrs. Z. F. Thrall, Buffalo, on Wednesday, Nov. 5th. The happy couple spent a portion of their honeymoon at the bride's home here and with relatives in Grand Valley, returning to their home on Wednesday of last week. They will be at home to their friends at their residence, 21 West Ave., Buffalo. The Banner joins their friends in extending its best wishes.

Women's Institute

The regular monthly meeting of the Orangeville Branch of the Women's Institute will be held at the home of Mrs. W. J. Gordon, Margaret St., on Tuesday afternoon, the 25th inst. Demonstrations will be given on Dressmaking, Needlework, Knitting, Crochet Work in Wool and Cotton, Beadwork etc., all present taking part. Delegates report. All who are interested are cordially invited to attend. Kindly bring along your Needlework and all Christmas ideas. The members appreciate your ideas. Music voluntary.

GOING TO BUFFALO.

But Authorities Stopped Them at Orangeville.

Owen Sound Girl Has a Lucky Escape.

Chief Marshall received a message from Owen Sound on Saturday asking him to arrest a man named Thomas Lonsway, who had left that town on the C.P.R. train in company with a young girl. Lonsway, who is a sailor, is a married man, but had represented himself as being unmarried and succeeded in inducing the girl to accompany him on the understanding that they were to be married when they arrived in Buffalo. Marshall got a fairly good description of the pair and had little difficulty picking them out when the train arrived here. After their arrest the girl pressed Lonsway to get married here, stating that she knew Rev. Mr. Tebbs, the rector of St. Mark's Church. When pressed on the point the man admitted that he was already married and acknowledged that he was only taking the girl to Buffalo for the purpose of having a good time. He was taken before P. M. Pattullo on an information charging him with abduction. The magistrate committed him to the county gaol until Monday morning. The girl was provided with lodging at the Queen's hotel. Deputy Chief Thompson, of Owen Sound, arrived on the down train on Monday morning and took Lonsway back on the next train. The girl was taken along as a material witness.

The prisoner, who is a man of about 35 years, is a sailor and spent most of last summer on the Dolphin, a Government survey ship. He became acquainted with the girl last spring and at that time proposed marriage. The acquaintanceship was renewed when he arrived in port a week or so ago and culminated in the agreement to go to Buffalo. The girl is about 18 years of age, rather good looking and was neatly dressed. She appeared to feel her position keenly and was bitter against Lonsway, when she found he had been deceiving her. Her mother is dead and we understand that her father, who has married again, is living in Toronto. The girl herself has been working in a factory.

BORN.

FOSTER—In Mono on Oct. 24th, to Mr. and Mrs. Samuel Foster, a son (stillborn).
NIGHTINGALE — In Orangeville on November 2nd, 1913, to Mr. and Mrs. H. E. Nightingale, a daughter.
McCAUSLAND—At Paris, Ont., November 16th, 1913, to Mr. and Mrs. Chas. McCausland, a daughter.
HARRISON—In Walkerton on Sunday, Nov. 16th, to Mr. and Mrs. Robt. H. Harrison, a son.
WHITE—In Caledon, on Friday, Nov. 7th, 1913, to Mr. and Mrs. Thos. A. White, a son.
PATTERSON—In Caledon on Wednesday, Nov. 12th, 1913, to Mr. and Mrs. W. J. Patterson, a son.
COULTER — At Emeria Villa, Cataract, on October 24th, 1913, to Mr. and Mrs. R. B. Coulter, a daughter.
DELANEY — At their residence, 7th line, Erin, on Sunday, Nov. 7th, 1913, to Mr. and Mrs. James Delaney, a daughter.
ANTHONY — At Marsville on Monday, Nov. 10th, 1913, to Mr. and Mrs. F. Anthony, a son.

MARRIED.

GROSKURTH — DENSMORE — In Toronto on Wednesday, Nov. 5th, 1913, by Rev. J. D. Morrow, Karl Groskurth, of London, to Miss Annie, only daughter of Mrs. David Densmore, of Amaranth.

DIED.

HARRISON — In Walkerton on Sunday, Nov. 16th, the infant son of Mr. and Mrs. Robt. H. Harrison.
McEachren — In Erin township on Monday, Nov. 10th, 1913, Mary McEachren, relict of the late Neil McEachren, in her 81st year.
WILLERTON—At her late residence, lot 13, con. 6, east, Mono, on Monday, Nov. 17th, 1913, Mrs. Ann J. Willerton, aged 72 years, 7 months and 23 days.
The funeral was held to St. John's cemetery, 7th line, yesterday afternoon.

DISCOVERED THE CURE FOR RABIES.

France Honors a Great Chemist.

Last week there was a celebration in France, shared by eminent scientists and the general public, of the twenty-fifth anniversary of the founding of the Pasteur Institute. Standing before that imposing array of buildings, which covers 35 acres of space, is a statue of a young shepherd grappling with a mad dog, and looking each morning upon the statue is the original. He is J. P. Jupille, janitor of the institute, and more than a quarter of a century ago he contributed to make the name of of Pasteur world famous. Jupille was standing a flock of sheep in the Jura Mountains when he saw a large and ferocious dog rushing upon a group of school children. Believing the dog to be mad, Jupille sprang to the rescue, and hurled himself between the children and the dog. He seized the animal, and a furious struggle took place. Finally, though bitten again and again, Jupille managed to throw the dog down and to tie his frothing jaws together with the lash of a whip that he had in his hand. Then taking off one of his wooden clogs he beat the brute to insensibility, and finally despatched it.

In those days there was no cure for rabies, and the victim of the bite of a mad dog was given up for dead. However, even to the Jura Mountain news had come of the experiments of a Parisian chemist named Pasteur. It was said that he had cured a little Alsatian lad named Meister, and in the hope that he might be able to do something for Jupille the boy was sent to Paris. The heroic character of his struggle with the dog had aroused the keenest interest in all parts of France, and when after a few weeks he left the hospital cured the enthusiasm of the people for the scientist who had wrought the wonder knew no bounds. He was hailed as a genius, and from that day to this it might truthfully be said that no name in France has been more honored than that of Pasteur.

It is through his discovery of a cure for rabies that he is best known but science will place other discoveries before it. Medicine recognizes Pasteur as the head of the greatest chemical researches of the age. His first triumph was achieved when he was a student in a normal school, having been sent thither by his father, who was a tanner. He heard a lecture on chemistry, which impressed him rather with the limitations of the science than with its conquests, and he became fired with the ambition of explaining some of the riddles. The specific problem he set himself to solve was why certain compounds of absolutely similar composition produced such dissimilar results. Two tartaric acids deposited by wine lees behaved in an absolutely different manner when subjected to polarized light, one acid turning the ray to the right when passed through the liquid, and the other having no action whatever.

In studying this problem Pasteur became a specialist on the subject of fermentation, and it is to him we owe the fact that wine, beer, and even milk can be kept unchanged for years. Pasteur found out that atmospheric germs cause sourness. If a crushed grape is kept free from these germs its juice will remain sweet indefinitely. Before Pasteur's time the theory of spontaneous generation had seemed a sufficient explanation of the wonders of fermentation. The researches which led to these discoveries had made Pasteur noted among a small group of chemists, but as yet the outside world knew nothing of him. It was not very long, however, before at the request of a friend, he investigated a disease that threatened the destruction of the silk industry of France. Though Pasteur had never seen a silkworm up to this time, he undertook a series of investigations and discoveries that resulted in his discovery of a cure for the disease, and re-established a great industry.

Not long afterward he investigated chicken cholera, an epidemic of which had decimated the flocks of France. He discovered a cure that reduced the death rate to below one per cent. He followed his triumph with the discovery of a cure for anthrax, which also reduced the death rate from 10 per cent. to less than 1 per cent. Speaking of these investigations Prof. Huxley once said that their money value might be estimated at one thousand million dollars. After Pasteur's cure for rabies had been so dramatically introduced to the public in the case of Jupille, great sums of money were contributed to assist the scientist in further discoveries, and one of the results was the establishment of the Pasteur Institute on November 14th, 1888. Ever since the institute has been as a pillar of light in the world of medicine.

HAIR HINTS

Worthy the Attention of People Who Wish to Preserve The Hair.

Always have your own brush and comb at home or at hair dresser's.

Never use a brush or comb found in public places, they are usually covered with dandruff germs.

Wash your hair brush weekly with soap and warm water to which may be added an antiseptic.

Shampoo the hair every week or so with pure soap and water.

Use Parisian Sage every day, rubbing thoroughly into the scalp.

Parisian Sage, which comes in a large bottle, is guaranteed by T. Stevenson to destroy dandruff germs and abolish dandruff—to stop hair from falling and scalp from itching, or money refunded.

To put life and beauty in dull—dry or faded hair and make it soft and fluffy surely use Parisian Sage—it is one of the toilet accessories hair tonics given.

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion." — Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont. — "I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.

"My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.

"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial." — Mrs. STEPHEN J. MARTIN, Chesterville, Ontario, Canada.

HEATHERINGTON — HILLIARD.

A quiet, but pretty wedding, was celebrated recently at the home of Mr. and Mrs. John Hilliard, of Schoumberg, when their daughter, Irene, was united in marriage to J. S. Heatherington, of Sheldon. The bride, who was given away by her brother, was gowned in a beautiful silk dress and wore the usual bridal veil. Miss Bertha Hilliard, sister of the bride, acted as bridesmaid wearing a pale blue silk dress. The groom was supported by Mr. G. Parker, of Sheldon. The groom's gift to the bride was a diamond ring and to the bridesmaid gold beauty pins, while the groomsman received a pearl tie pin. Mr. and Mrs. Heatherington left for their new home the bride travelling in a grey suit with hat to match and wore Persian lamb furs.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Worth It.

"My wife always kisses me when she wants money."

"Well, she certainly earns all she gets."—Spokane Spokesman-Review.

A Little Child's Heart.

A little child's heart
Is a place where the sun
Puts on its green kirtle
To laugh and to run.
It is full of sweet mornings
That sing as they rise
To peep through the violet
Blue rims of her eyes.
—Baltimore Sun.

Apply Zam-Buk to all wounds and sores and you will be surprised how quickly it stops the smarting and brings ease. It covers the wound with a layer of protective balm, kills all poison germs already in the wound, and prevents others entering. Its rich healing herbal essence then builds up from the bottom, fresh tissue and in a wonderfully short time the wound is healed!

Zam-Buk's popularity is based on merit. Imitations never work cures. Be sure and get the real thing. "Zam-Buk" is printed on every package of the genuine. Refuse all others. 50c all druggists and stores or Zam-Buk Co., Toronto.

ZAM-BUK

A STORY OF FORREST.

The Actor's Encounter With an Impertinent Critic.

Many years ago Edwin Forrest, the celebrated actor, when in New York was in the habit of dining at Wintoun's, a noted restaurant on Park row that was a favorite resort of actors and literary men. It usually happened that Forrest would be joined by friends and that the little group would sit together at one table. On one occasion it chanced that an Englishman with a reputation for conceit and impertinence, who had scraped acquaintance with the tragedian, was one of the group.

Early in the course of the dinner the Englishman began to make criticisms which he considered pleasantries about Forrest's conception of certain roles. Encouraged by his own appreciation he gave full play to his humor and concluded each of his impertinences with "Pardon my freedom, sir—it's my way."

To the astonishment of all who knew Forrest's irascible disposition he bore the Briton's offensive remarks patiently and seemingly ignored them as far as possible. When, however, the nuts were brought in by the waiter he took several cracked walnuts in his hand and, walking over to the Briton's place, jocularly snapped them successively in the face of that individual lightly saying after each shot, "Pardon my freedom, sir—it's my way," and snapped him out of the restaurant.

SPEED OF WAVES.

Over Seventy-eight Miles an Hour Has Been Recorded.

Interesting facts about waves were given by Dr. Vaughan Cornish in one of his lectures. In the north Atlantic, he said, waves had been measured, the largest of which was somewhat more than forty feet high, with a length from crest to crest of 500 feet. It was in the southern Indian ocean that waves attained their fullest development, and they had been measured there with a length of 780 feet.

In the Atlantic it had been found that waves attained a speed of thirty-eight miles an hour in a wind of about forty-four miles an hour. Speaking of the swells in the waves that run freely on the surface of the sea after the wind has ceased, Dr. Cornish said that during a storm in December, 1898, he recorded breakers near Bournemouth which moved at sixty-seven miles an hour and had a length from crest to crest of 1,000 feet. In February, 1899, he observed breakers on the same shore which had a speed in deep water of not less than seventy-eight and a half miles an hour.—London Family Herald.

When Kissing Was Costly.

The case of the people against Murline, heard by the governor of New Haven colony in council on May day, 1600, indicates the attitude toward unlicensed kissing in those times. It appeared that Jacob Murline and Sarah Tuttle had been caught kissing each other. Jacob tried to throw the blame on Sarah, saying he thought she had "with intent let fall her gloves." Sarah denied the intent. Jacob then admitted that he "tooke her by the hand and they both sat down upon a chest, but whether he kyssed her or she kyssed him he knows not, for he never thought of it since until Mr. Raymond told him that he had not layde to heart as he ought." The stern governor, after duly lecturing the guilty parties on the enormity of their offense, decreed that "the sentence therefore concerning them is that they shall pay either of them a fine of 20 shillings to the colony."

Khartum.

Khartum owes its existence to an oriental form of treachery. When Khedive Mohammed Ali invaded the Sudan in 1820 he marched triumphantly to Shendi, where his troops were entertained at a banquet by the subjugated natives. But while the khedive's high officials were seated at the feast they shared the fate of the viands and were themselves reduced to funeral baked meats. Full of fury, the army fell on Shendi and demolished it. Marching south, the invaders reached the junction of the Blue Nile and White Nile. With the conqueror's instinct they recognized that the strip of land, with its few fishermen's huts of straw, formed ideal strategical headquarters, so Khartum finally grew into the most sensitive part of the Sudan organism.

Doubling Up.

A boy of eight years was asked by his teacher where the zenith was. He replied, "That spot in the heavens directly over one's head."

To test his knowledge further the teacher asked:

"Can two persons have the same zenith at the same time?"

"They can."

"How?"

"If one stand on the other's head."

Taxing the Language.

Daughter—Mamma, can't I have a little money for shopping this morning? Mrs. Malaprop—No, dear; there's the taxes to pay, and I expect the taxidermist around any moment.—Boston Transcript.

The Value of Art.

De Friend—What is that picture intended to represent? De Artist—Board and lodging for six weeks.—Milwaukee Wisconsin.

Learning is over in the freshness of its youth, even for the old.—Aeschylus.

SNAPS IN HEATERS

BUYERS, who took advantage of our Ten Day Sale of Ranges, are now numbered amongst

Our Best Satisfied Customers

On going through our Stock of Heaters we find that we are overstocked in some lines and in order to reduce these lines before the season is over we have decided to offer the Heaters at prices that will ensure a quick sale. Here are some samples of the Snaps we are offering:

Mrs. James Calvert, of Primrose, died at the residence of her brother, Jonathan Sleightholm, of Shelburne, a week ago Sunday, after an illness of nearly five weeks from typhoid fever.

Rev. Dr. Marsh, who for several years has been pastor of the Springville Presbyterian Church, has accepted a call to the charge of Holstein and Fairbairn churches in Egremont.

An attempt was made to bring on a local option vote in Adjala at the next municipal election, but the temperance people failed to get the necessary 25 per cent. of the voters' names to present to the council.

Friends of Miss Amy Cowen, organist in Grand Valley Methodist Church, presented her with a diamond ring prior to her departure for Detroit where she intends to enter Grace Hospital School for Nurses.

Newmarket's hope for 50,000 gallons of water a day from its new artesian well has been sadly dashed, as the new "gusher" only yields 12,000 gallons. The town's total supply is only about half of what is required.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes: "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

Samuel H. Morehouse, of Bracebridge, Ont., 22 years old, was taken to the Lyell avenue police station in Rochester, N.Y., from Trinity Parish House, where he had expected to talk over his ideas of perpetual motion with prospective backers. The parents will be notified.

Fire broke out in Appleby school stable recently, destroying the building, including a fine gymnasium overhead, a fine grey team owned by the school, and several horses and ponies belonging to students, together with a number of bicycles. The loss amounts to nearly $6,000.

Mr. James Robertson, of Normanby, owns a goose that is worth having. During the past summer this goose laid at three different times and would have set and hatched the same number of times if allowed to do so. The first time she laid 13 eggs and hatched out 11 goslings; the second time 6 eggs and hatched out 4; again the third time she laid 6 eggs but was prevented by her owner from sitting on the eggs as he was satisfied she had done enough for one season.

W. A. Armstrong, township treas., bought the Eugenia power dam property at a tax sale, the arrears being $1100. It is thought this sale will tangle the proceedings of a proposed sale to the Hydro-Commission.

There is said to be an epidemic of measles in Muskoka.

Mr. James A. McClure, of Hamilton, has purchased the beautiful 100 acre farm at Lisgar station belonging to the estate of the late Wellington Justin. The house on this farm took second prize in the Farmers' Advocate contest for the best equipped farm house in the Province.

Russell, the eight year old son of Harry Jelly, had the misfortune to fall, dislocating his elbow.

Mr. Orland C. Rutledge, son of Mr. and Mrs. J. W. Rutledge, of Markdale, has purchased the drug business of Messrs. Brown and Dawson in Vancouver.

Dr. Edwards has been appointed physician to the Peel-Halton House of Refuge as successor to the late Dr. Moore. The position carries a salary of $300.

London is to have natural gas from the Tilbury field, the agreement between the Southern Gas Co. and the City Gas Co. for distribution having been confirmed.

The City Brotherhood Association decided to organize a stock company for the purchase of a local hotel in the event of local option carrying in Brantford in 1915.

Gravenhurst Council assented to the submission to the voters of a by-law for the repeal of local option on January 5th. The by-law has been in force three years.

A fatal accident occurred at Fleming's quarries, near Georgetown, whereby one of the workmen, a Polander by the name of John S. Yram was instantly killed. Deceased was working with the derrick when the cable broke and the mast fell, striking him on the head. Yram was about 45 years of age and leaves a wife and five children in Poland.

Mr. Justice Lennox has given judgment for damages in favor of Alfred Rogers, against the Nat. Portland Cement Co., of Durham. Rogers' claim is for $54,000 for breach of contract three years before its expiration. He cleared $18,000 a year, and on that he bases his claim. A reference is to be made to the Master-in-Ordinary to assess the damages.

Henry Wise, lumberman, of Craighurst, was unsuccessful in his effort to have the Court of Appeal reverse judgment in the case of his action for damages against Councillors John Richardson and Alfred Archer, of Flos, who started a fire to clear up the highway, which he claimed was responsible for destroying his timber. At the trial court Judge Wisner dismissed the case, and his judgment has now been upheld at Osgoode Hall.

Shiloh 25¢

Pork & Beans

W. Clark Mfg. Montreal

Capital Paid Up $3,000,000. Reserve $3,750,000. Total Assets Over $48,000,000.

BANK OF HAMILTON

SAVE YOUR MONEY

WHAT a man earns is not as important as what he saves. An office boy making $6 a week, of which amount he saves $1, is actually earning more than the $25 a week man who saves nothing. The boy's business is paying a dividend. The man's is a failure.

No matter how small your salary may be, you make a serious mistake when you fail to save a part of it. When you get your next week's salary, make up your mind to deposit a certain percentage of it in this bank where it will draw interest at the highest current rate.

W. G. HYLAND, MANAGER. Orangeville Branch

THE STERLING BANK OF CANADA

SAVE, because— No. 61

It is better to live without any luxuries than face an uncertain old age without a savings account.

Head Office—Corner King and Bay Streets, Toronto

Orangeville Branch - D. McCallum, Manager

A NOTABLE RECORD

A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	356	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	427
Bushels	681,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	27,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725

Increase 270 per cent. —Financial Post.

With such an increase in the crop of the country, real estate must advance rapidly. If you want to share in the profits BUY NOW. I have some well located lots for sale that will increase in value very rapidly.

THE BANNER

THE BANNER, NOV. 27th, 1913.

THE CREDIT SYSTEM

The decision of a number of local business men to adopt the cash method of doing business is only a sign of the tendency of the times. The credit system served a useful purpose in the earlier development of the country. Money was oftentimes scarce and hard to get. The farmer engaged almost exclusively in grain growing and consequently there was a dearth of money except in the autumn when the grain crop was marketted. Under such conditions the credit system had a very important place in the economy of the community. The merchant sold the necessaries of life, such as food, clothing and seed, on time and the farmer paid for what he bought after he had threshed and disposed of his year's crop. Nowadays, however, most people have more or less money coming in at intervals the year round and are generally in a position to pay cash for what they require, provided there is any inducement to do'so. This inducement the cash system offers in closer prices and a narrower margin of profit. There is no longer any general need for long time credit, and besides the credit system is grossly abused, generally at the expense of the small retailer. We have been told of numerous instances where customers, with comfortable deposits standing at their credit in the banks, have run up big store bills and have not been at all prompt about paying them even when the accounts were presented. This is where the retailer gets the short end of the deal. He has to carry these accounts, bear the expense of bookkeeping, collections etc., stand the losses from bad accounts and is expected at the same time to compete with the T. Eaton Company, the R. Simpson Company and the other big city houses that sell entirely on the cash system. There are numerous cases where the buyer sends good cash to these city houses, while he has overdue bills running with merchants right at home. The big departmental store, that does not contribute one cent to the support of local institutions, gets the cash, while the home dealer, who helps pay the taxes for roads, schools and other institutions that are necessary to the very life of the community, is asked to wait for his money, very often for many months and sometimes for a year or more. It is surely high time the small retailers were getting a fairer deal in this respect. They should be given an even chance in their efforts to meet the strenuous competition of the city mail order and departmental houses.

Mail Order Houses Buy Newspapers.

The big departmental stores continue to extend their interests in or control of the daily newspapers in Toronto, Montreal, and Winnipeg. A large interest in, if not the control of, another Toronto daily has just been acquired. This makes three dailies in Toronto in which these mail order houses are financially interested. In Montreal it came out in legal proceedings recently that one of the oldest daily papers there passed some months ago into the hands of the chief owner of a rising mail order house which aims to monopolize the trade in Eastern Canada. There are now nine dailies in Toronto, Montreal and Winnipeg, which are known to be owned, or controlled by, the big store and financial interests, and while posing as the mediums of public opinion are the organs of these interests. The trade of these houses has grown enormously in these cities where these dailies circulate, but in the other cities and smaller places where there are good local newspapers, they have not made the same gains, because the local newspapers are well edited and are loyal to their local merchants and refuse to carry the advertising of the big city store. The only way in which the big dailies can made headway is by cutting their prices. They get $3 to $5 a year in Montreal, Toronto and Winnipeg, but sell in other cities at 50c to $1 a year. This does not pay for the white paper on which these newspapers are printed, but the heavy deficits are made up by subsidies through big advertising contracts and in other ways, and by the low postal rates. The merchants and newspapers outside of these three big centres should get together and insist that no newspaper should have the privilege of the mails which has a lower subscription price outside than in the centre in which it is published or which sells at less than the cost of the paper used.—The Dry Goods Review.

Wars in Two Lands

That war within a year is inevitable along the Rio Grande, the Boyne and the Liffey was the positive statement of Prof. Skelton, Professor of Political Economy in Queen's University and one of the best known authorities on political economy in Canada, in the course of a lecture given in Kingston on Monday night. Prof. Skelton, who is a graduate of Orangeville High School, spoke on the subject, "Can War be Ended?" "There never was a time in history," he stated, "when nations spent so much for armaments as now and only war can right the radically wrong. Canada must at the present moment," he continued, "make every preparation for defence. We cannot honorably decline to do so, but Canada should exert herself to prevent seizure of private property at sea."

THE COUNTY COUNCIL.

Still at a Deadlock on the House of Refuge Question.

Motion to Rescind Resolution in Favor of Purchase of a Farm Defeated on a Tie Vote.

The County Council fought shy of the vexed House of Refuge question until the closing hours of last weeks' meeting. There was no reference to the matter, either direct or indirect, until Friday morning, when Reeves Fairbairn, of Orangeville, and Hilborn, of East Luther, submitted a motion to rescind the resolution of April 18th last, whereby the Council committed itself to the purchase of 45 acres of land and the erection of a House of Refuge upon the property so acquired. After a brief debate the motion was defeated on a tie vote. The division was :—

Yeas—Arnott, Fairbairn, Ferns, Hilborn, Marshall, Moffatt and the Warden—7.

Nays—Cornett, Dryden, Falconer, Kidd, Menary, Reburn and Williams —7.

The vote indicates that the members of the Council stand exactly where they were in April on the question. It is also evident from the division that there will not be any definite action until there is some change in the personel and opinions of the members of the Council.

The Finance Committee reported to the Council on Wednesday afternoon. They recommended a grant of $25 to the Dufferin Farmers' Institute and the payment of a number of small accounts.

Reeve Menary presented the Education Committee's report at Thursday morning's session. This recommended the payment of accounts amounting to $44.65 and expressed appreciation of the work which Mr. H. A. Dorrance, District Representative of the Department of Agriculture, is doing in the County. The report referred in commendatory terms to the School Fairs held at Laurel and Hornings Mills.

By-laws were put through for the purpose of guaranteeing municipal debentures issued by the town of Orangeville and the township of East Garafraxa.

The County Property Committee recommend the Council to accept the following tenders for gaol supplies :—Milk, John Curry, 6½c per qt.; bread, Wise Bros., 13c for 4 lb. loaf; meat, T. Wright & Son, flank cuts, 13c, shanks 5c; J. Kearns & Sons as follows :—pepper, per lb. 25c; Japan tea, 28c, to be delivered in 10 or 20 lb. caddies; Redpath's granulated sugar, 5¼ c; rolled oats (90 lb. sack) $2.75; butter, 23c per lb.; beans, 4c per lb.; pot barley, 4c per lb.; Sunlight soap per bar, 4½c; N. P. soap per bar, 13c; amber tobacco, per lb., 60c; Empire tobacco, per lb., 40c; turnips, per bush., 10c; potatoes, per bush., 70c; carrots, per bush, 15c; No. 1 Canadian coal oil, per gal., 15c; No. 1 American coal oil, per gal., 18c; eggs, per doz., 24c; molasses, per gal., 40c; brooms, 3 cord, each 35c; brooms, 4 cord, each 50c.

The Chairman of the Committee and Governor Bowles were authorized to purchase the necessary clothing and some books for the inmates of the jail. The Chairman was also authorized to have the desk removed from the Sheriff's office and to have the floor of the office covered with linoleum.

In its report, which was laid before the Council on Friday morning, the Legislation Committee expressed its approval of the action which other counties are taking to bring about a more equitable system of taxing railways and recommended the payment of a fee of $5 toward defraying the expenses of bringing this matter properly before the Legislature and paying for the preparation of reports etc. The report recommended as well the appointment of a delegate to attend any meeting that may be called in this connection before next meeting of the Council.

The Committee on Roads & Bridges presented a lengthy report at Friday morning's sitting. The report recommended the following payments: —Jno. Black and Wm. Tate, jacking up Tate bridge, $2.50; Robt. Dixon, repairs to bridges, $19.19; Jas. J. Reith, nails, $1.23; Alex. McFarlane, repairs to Kelsey bridge, No. 13, $2.85; Dufferin's share bridge between Melancthon and Proton, $270,-50; Dufferin's share Luxton bridge, between East Luther and Proton, $331.60; Chas. Reburn, repairs to Boyne bridge between Melancthon and Mulmur, $17; Thos. Stinson, contracts for concrete work, when finally passed by engineer, less previous advances, $899; bridges Nos. 1 and 2, Wood, Vallance & Co., reinforcing, $104.42; C. R. Wheelock, inspecting concrete, $67.50;-W. Fairbairn, filling approaches, $128.70; bridge No. 9, Wood, Vallance & Co., steel reinforcing, $16.51; Jno. Bryan, freight on steel, $1.36; Enoch Price, inspecting concrete work, $105.15; C. R. Wheelock, part payment engineer's fees, $150; bridge No. 24—Ward, Vallance & Co., $88.95; C. R. Wheelock, $8; Jas. Scott, repairs to floor of bridge, No. 26, $1.50.

The Committee also recommended payment of the following commissions :—A. E. Williams, $47.40; H. Hilborn, $30.10; R. J. Cornett, $10.70; John Reburn, $37.20; Thos. Moffatt, $9.30; W. Fairbairn, $36; H. Falconer, $5.80; J. Bryan, $63.-70; T. C. Dryden, $51.80; M. Ferns, $25.65; E. Kidd, $3; C. R. Wheelock, $10; J. A. Marshall, $6.40.

On the recommendation of the Committee, the Council decided to assume the proposed bridge opposite lot 18, Mulmur and Melancthon townline, as a County bridge. The Committee further recommended the construction of a new county bridge opposite lots 18 and 19, East and West Luther townline, as soon as possible. The engineer was instructed to examine the bridge at lot 9, Amaranth and Mono townline and the bridge at lot 7, Amaranth and East Luther townline, with the object of ascertaining if they should be classified as county bridges.

Warden Bryan was voted the usual honorarium of $100 as a recognition of his services during the year.

Mr. Marshall, reeve of Mono, was appointed a delegate to represent the Council at any meeting that may be held in connection with the question of railway taxation prior to the January sitting of the Council.

Before the Council adjourned, the Warden was asked to vacate the chair and Reeve Dryden was appointed to preside in his stead.

Mr. Falconer, seconded by Mr. Menary, then moved :

"That this Council desires to thank the Warden, Mr. John Bryan, and to convey to him the hearty approval and appreciation of the members for the very able, impartial and courteous manner in which he has presided over our deliberations during the present year."

After each member had spoken the motion was put by the Chairman and carried unanimously amid hearty applause. The Warden responded in his usual happy style, thanking the members of the Council for their kind words and appreciation of his services.

After singing the National Anthem the Council adjourned sine die.

Automobile Tires.

A new company has been formed in Toronto, with Mr. W. J. Curry, the well-known King St. mining and stock broker, at its head, to manufacture a new and up-to-date auto tube for automobile tires. The patents were secured by Mr. Curry from an American firm and the tire is claimed to be in every respect superior to anything that has ever been offered to the Trade. The company has already commenced manufacturing and it is understood has arranged for the placing of most of its output. No doubt the new enterprise will be a success, as Mr. Curry is not in the habit of taking hold of anything to make a failure.

Hawkins vs. C. P. R.

The following letter from McMurchy & Spence, solicitors for the C. P.R., re the Hawkins vs. C.P.R. lawsuit, is self-explanatory and comment is therefore unnecessary :—

Toronto, Nov. 24th, 1913.

Editor The Banner

Orangeville, Ont.

Dear Sir :

Our attention has been called to the report in your issue of the 13th inst—Hawkins vs. C.P.R.—that this action was settled by the Company by paying $700 damages. This report is both misleading and incorrect and can hardly have been the result of a mistake as similar reports have appeared in the other Orangeville papers.

The fact is that the case was settled by payment of a nominal amount, $200, as a compassionate allowance to cover medical and other expenses without any admission of liability.

Yours Truly

MacMurchy & Spence.

WAS HERE TOO

A Man by Name of "Sticks" Goes on "Sticks" and "Sticks" Up a Few in St. Thomas

Some of our citizens who had a not altogether pleasant experience with the same individual a few weeks ago, will take more than a passing interest in the following clipping from last issue of The Canadian Sportsman :

St. Thomas, Nov. 21, 1913.

The Canadian Sportsman,

Grimsby, Ont.

Dear Sir.—A short time ago, I advertised for sale in your paper the race mare, Victoria Poem, and received about twenty letters from good horsemen and did not answer any of them. The reason that I did not answer was that a man who is known by the name of "Sticks" came at once, saying that he could sell for me and I gave him all of the letters, he promising to return them the same day. This man disappeared at once from St. Thomas, receiving money from the proprietor of the Empire Hotel by giving a worthless cheque and is wanted by the police here.

Any horseman giving information leading to his arrest will be rewarded. He is a stout man about middle age and goes with two crutches.

Thos. L. Gray, M.D.

TOWN HALL IMPROVEMENTS

Some fault is being found with the Town Council because the $3000 which was voted for the purpose of improving the Town Hall, has been found insufficient to provide for the reseating of the auditorium after defraying the cost of the other improvements. The Council is scarcely open to criticism on this point, for it is generally admitted that the money voted has been spent judiciously and to good advantage. The trouble is that the sum asked for was too small. Another $1000 at least should have been provided for the improvements and then there would have been enough over to cover the cost of the seating. The matter was carefully considered by the Council at the special meeting held on Monday and we are pleased to learn that a decision was reached to go ahead with the reseating. The seats will cost probably $900, and a portion of this will probably be met by the Charity Society and private subscriptions. Citizens generally will approve of the Council's decision. Now that the Hall has been made presentable it would be too bad to have the effect marred for the want of proper seating. The criticism respecting the shallowness of the stage seems to have been uncalled for. We are assured by members of the Property Committee that the new stage will be somewhat wider than the old one.

A BEAR KILLING.

How the Hunter Shot Mother Bruin and Treed Her Cub.

Mr. Robt. Wansbrough Concludes His Narrative of Pioneer Adventure in Amaranth.

Your readers may think that I was like the lame captain, who was in a hot engagement and gave his men orders to shoot two rounds more and then run, adding that as he was lame he would run now. But I did not run, for I am the son of an old soldier and know the army discipline, marching forward, presenting arms, turning right about face etc. But I cast all discipline aside and fired point blank. Moreover I had no need to march forward as the old bear was coming at me as fast as her legs could carry her.

I saw she was full of fight and I thought she would get the best of the battle if I did not make short work of her. I waited until she came within about twenty feet from me and then gave her the contents of one of the barrels of my rifle. The bullet broke her shoulder and knocked her over, but she was still full of fight, so I fired at her again and shot her dead. At that moment the last of the three cubs jumped from the tree over my head, but my gun was empty and I had no time to reload as all guns were muzzle loaders in those days. So I started after the cub. He was about the size of a large dog and would weigh perhaps eighty pounds. At that time I could run as fast as an Indian and I had on a blue derry smock and an old felt hat. This did not impede me much in running, so it was nip and tuck between us, with the cub keeping a little in front. We were going at a 2.40 clip, when to my great joy the cub took to a tree. He was getting tired and so was I, but neither of us said a word about it. He was panting and blowing up in the tree and I was doing the same on the ground. After I had looked up at him and he had looked down at me for a time, I decided that I had the better of the game and would be able to bring him down in a short time. I loaded up both barrels and had no difficulty bringing him down. I was not out of trouble yet, for I did not know what direction I had run after shooting the old bear. I had also lost my hat in the chase, so I got the carcass on my back and the gun on my arm and started to retrace my footsteps. After I had gone a considerable distance I found my hat, so I knew that I was going in the right direction to find the old bear. When I did find her I was of course unable to carry the two bodies home. I had a good knife with me, so I soon took off the mother bear's pelt with all the fat I could leave on the hide. I then got some leather wood bark; tied up the hide and put it on my back along with the cub. I had a heavy load to carry, but I got home tired and hungry about sundown. I sold the two pelts to the late John Gilchrist, who gave me eight dollars for the hides. I also got ten dollars bounty. Besides this all the boys and girls, men and women in the neighborhood had lots of bear oil while it lasted.

To the Public of Orangeville and Surrounding Country.

We, the undersigned, desire to tender our thanks to all our customers and friends for their patronage and assistance during the past year. Our business relations have been of a most pleasant and courteous nature. We find, however, that a credit business is very unsatisfactory in many ways to both parties and is steadily falling into disuse in all progressive places. We find that the most successful business houses are adopting cash methods and, as we are compelled to pay spot cash for all our purchases, we have decided to adopt a strictly cash system, starting from Jan. 1st, 1914. We wish to ask your support and co-operation and we assure you of the very best possible value for your money, consistent with legitimate and fair dealing. We have the honor to be

TO OUR PATRONS

We herewith beg to announce that on and after Jan. 1st, 1914, this business will be conducted on a

Strictly Cash Business

Owing to the existing and unprecedentedly high prices in the beef market and as the future promises no downward tendency, we believe and feel that by adopting the above mentioned system both buyer and seller will be benefitted. The purchasing power of a cash dollar is always greater than that of a credit one.

It is also our wish to hereby express our longfelt appreciation and thankfulness to our many friends in Orangeville and surrounding country for their valued patronage during the 38 years of our business career.

Believing that this readjustment of business methods will prove of great benefit to all concerned, we beg to remain,

Yours Truly

Thos. Wright & Son.

ASSIGNEE'S Notice to Creditors

IN THE MATTER OF 10 Edward VII., Chapter 64, entitled "The Assignments and Preferences Act" and in the matter of Thomas Alexander White, of the Township of Caledon, in the County of Peel, Farmer, Insolvent.

NOTICE IS HEREBY GIVEN that the above named Thomas Alexander White has made an assignment to me, A. E. Annis, of the Town of Orangeville, in the County of Dufferin, Agent, under 10 Edward VII., Chapter 64, and amended acts of all his estate, credits and effects, for the benefit of his creditors.

A meeting of the creditors of the above estate will be held in my office, at the Town of Orangeville, in the County of Dufferin, on the twenty-eighth day of November, A.D., 1913, at two o'clock in the afternoon, for the purpose of receiving a statement of his affairs, to appoint inspectors and for the ordering of the affairs of the estate generally.

All persons or creditors claiming to rank upon the said estate are required to file their claims with me with the particulars and proofs thereof required by the said Act, on or before the time of such meeting.

And notice is further given that after the 30th day of December, A.D., 1913, I shall proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to those claims of which I shall then have had notice and shall not be liable for the assets of the said estate or any part thereof to any person of whose claim I shall not then have received notice.

A. E. ANNIS, Assignee, Orangeville P. O.

GEO. ROBB, Solicitor for Assignee, Orangeville P. O.

CHANGE OF OFFICE.

Dr. Carson has removed his office from his residence to T. J. Brown's drug store, where he will now be found during office hours. Night calls should, however, still be sent to his residence. 14-tf.

Also 25 acres, being south part of lot 3, con. 8, Adjala, all under red clover. Fall plowing will be done. Convenient to church, public school, high school and within 3 miles of Tottenham and Palgrave. Apply on the premises, or to

THOMAS WEBB, Box 621, Tottenham, Ont.

9-3mos.

FOR SALE CHEAP

LOT 9, BLOCK 2, PLAN 195, in South Ward of the Town of Orangeville. On the property there is a good brick house, 1½ stories high, 7 rooms, and frame woodshed, a frame stable and a lot of small fruit. The town water is in the kitchen and there is a good cistern at the door. For particulars apply to T. G. Legate, Orangeville, or to J. T. or Robt. Barbour, R. R. No. 4, Erin, Ont.

LAUREL.

Not for many years have the farmers of this vicinity been better up with their work than they are this year. The fall plowing is practically all completed and many have started to plow the ground a second time. Others are busy completing the numerous little repairs that are necessary for the winter.

We are pleased to note that the public shed in our burg is just about completed and ready for the accommodation of the public. We have long desired to have this accommodation in Laurel. It is a fine building, 50 by 100 feet, and has been erected at a cost of $1000. We trust that those who have subscribed to the building fund will add a few more dollars to their subscriptions and that those who have not yet subscribed, but who use the shed, will subscribe and pay the same, so that the trustees will be able to pay the $300 of indebtedness yet on the building. The trustees of the building fund deserve great credit for the trouble they have gone to and should be strongly backed by the public.

We understand that the trustees of S. S. No. 3, Amaranth, have installed one of the Waterbury furnaces in their school. The installation has not proved satisfactory and the trustees have notified the company to either take out the furnace or else adjust the plant to meet the requirements of the school. We have just learned that the trustees have received word from the company that they will send along an expert at the

THE CEMENT COMPANY'S AFFAIRS

Shareholders' Committee Held Important Meeting in Toronto on Tuesday.

Accountant Tod Submitted His Report and Committee Appointed Solicitor to Look After Shareholders Interests in Winding Up Proceedings.

The special committee, which the shareholders of the Superior Portland Cement Company, Limited, appointed on October 16th last to look into and make a report on the affairs of the Company, submitted its report at a meeting held in Victoria Hall in Toronto on Tuesday forenoon. There was quite a large attendance of the interested shareholders. The committee submitted a printed report over the signatures of J. J. White, the Chairman, and E. Y. Barrackough, the Secretary. It stated that Mr. Frederick Tod, a chartered accountant, had been engaged to examine the books of the company and had spent a week in Orangeville for that purpose. As a result of his investigation he had placed in the hands of the committee information, which should prove of material benefit to the shareholders.

Mr. Tod reported that cash discounts had been written off certain shares, that bonus shares had been issued by the Company, that Directors' fees had apparently been paid without the authority of the shareholders and that the Secretary-Treasurer had received Director's fees over and above his salary. Mr. Tod also reported that the "Mann Estate" property was held in the name of George McIntyre, with a declaration stating that it was in trust for the Company. On August 26th, 1913, the directors authorized the sale of this property for $1500 or upwards. The property was entered in the Company's books on January 1st, 1913, at $3250, on Sept. 13th, 1913, there is a credit entry of $1700 in the cash book, as proceeds of the sale of the property and a transfer of $1543.20 to profit and loss account by journal entry "Mann property amount written off after sale." The property now stands in the name of Kate McIntyre.

Regarding the coal that has been standing in the C.P.R. yards the greater part of the past summer, Mr. Tod's report states :—

"A Balance Sheet as at Oct. 1st, 1913, was handed by the Company to the Committee on their visit there, and at the foot of the List of Creditors, October 1st, 1913, $29,657.43, there is a note, 'In addition to the above there is an item of freight outstanding in favor of the C.P.R. since July 31st, amounting to $2559.88, also freight charges on 45 cars coal now in their yards, consigned to us, amounting to $4740.46."

On the subject of commissions the accountant reported that in at least one case a commission had been allowed to both buyer and selling agent in respect of the same shares and that a large number of shares were issued in terms of resolutions which provided for commission at the rate of 100 per cent. Mr. Tod also found that the Company had bought back shares to the extent of $2000 at least and had paid interest thereon to the original purchaser. $80,000 worth of stock was issued to three of the Directors of the Company in view of these gentlemen becoming guarantors to the Bank for advances to the Company. It should be added that this issue was subsequently approved of by the shareholders at a special general meeting. $30,000 of the stock went to the President, Mr. W. D. Wilson, $30,000 to Mr. McIntyre and $20,000 to Mr. Holborn.

The books of the Company show $28,152.18 due to Mr. McIntyre on bills payable and $7083.00 on open accounts, making a total debt of $35,235.18. This is after deducting the following amounts drawn from the Company's funds :—Sept. 23, 1913, $1500 ; Oct. 14, 1913, $500 ; Oct. 15, 1913, $1000. The indebtedness represents advances which Mr. McIntyre made to the Company when it was short of funds, sums voted to him as commission for selling stock, interest at 6 per cent. compounded annually, Director's fees and expenses over and above these fees at the rate of $10 a day for attending meetings etc.

The committee's report stated that before any action could be taken on Mr. Tod's report the Company had assigned to the Union Trust Co. and a winding up order had since been applied for and granted. The committee stated that it had been advised that from a legal standpoint many of the transactions referred to in Mr. Tod's report were illegal and recommended that steps be taken by the shareholders to have in the winding up proceedings a thorough and searching investigation of all the Company's transactions and dealings. To that end it was suggested that authority be given to employ a legal adviser on behalf of the shareholders for the purpose of representing their claims and if practicable to have an Inspector appointed by the Court in connection with the liquidation proceedings.

After some discussion the shareholders present adopted the report and subsequently decided to engage Mr. S. H. Bradford, K.C., of the legal firm of Mercer & Bradford, as solicitor to look after their interests in connection with the winding up of the Company.

In the afternoon a number of the shareholders attended a meeting of the creditors of the company in the Home Life Building. At this meeting the Union Trust Company was confirmed in its appointment as liquidator and thereby becomes the permanent liquidator.

WITH THE ESKIMO OF THE MACKENZIE

Rev. C. E. Whittaker Tells Thrilling Story of Canada's Most Northern Mission.

At St. Mark's Church on Thursday night of last week Rev. C. E. Whittaker, late missionary at Fort McPherson and Herschel Island on the coast of the Arctic Ocean, gave a most interesting illustrated lecture on the life and habits of the northern Canadian native—the Eskimo. Fort McPherson, which is in Lat. 68 N., and Long. 135 W., is reached by leaving Edmonton and going overland to Athabasca Landing, and taking a river boat down the Athabasca River to Great Slave Lake, then entering the great Mackenzie River and following its course down to the Arctic Sea. Several portages have to be made on the trip. The work of evangelizing the Eskimo, said Mr. Whittaker, had been a tremendous task, on account of evil influences exercised upon the natives by the visiting whalers, who for years had almost absolute control over the Eskimo in this particular district. When first visited by an Anglican missionary in 1870 they were found to be in a terribly degraded state, and were given to stealing, stabbing and even murder. Other observers, said Mr. Whittaker, had been less reticent regarding prevailing customs, showing that a shocking state of immorality, infanticide, polygamy, promiscuous marital relations, disregard of life and property rights characterized them. They were a very superstitious people and very treacherous. After many years a great change came over the Eskimo. The grossest practices died out with the passing of the older generation and the Gospel started to get a good foothold.

One of the greatest obstacles in the missionary work was the difficulty of learning the language, as interpreters were very hard to get. Among the old customs now going out of date may be mentioned tattooing, ornaments, tonsure and coiffure. A man who had killed another was privileged to wear tattoo lines from ears to mouth. All males had their lips cut in youth and plugs inserted, one under each corner of the mouth.

Coming to more recent times Bishop Stringer, a graduate of Toronto University, went actively into the work in 1892, and with such help as he could get from an interpreter he devoted his whole attention and effort to bringing the Gospel to these degraded but interesting people. Later, Mr. Whittaker, then a layman, joined the Mission in 1895, was ordained and married in 1898, and worked with Mr. Stringer until the latter's return home in 1901. He then succeeded to his work, and residence at Herschel Island, an island 250 miles north of Fort McPherson. Herschel Island, said Mr. Whittaker, is a bleak, wind-swept and barren island, and in winter is ice-bound. During his stay there, one interpreter died ; another, who could give a little help, suicided. But the worst of all was the presence and influence of the American whaling ships wintering there. About from ten to fifteen ships spent the winter at Herschel Island, and each ship carried, on an average, a crew of about 40 men. As Eskimo concubines were usually maintained by Captains and officers, the crews had no restraints placed on their immoral desires. The more unscrupulous among them dispensed liquor freely in trade or to debauch the women, and so successful were they that for years there was scarcely a woman, or girl of age, who had not fallen a prey. Within an hour of the arrival of a ship the population would be turned into a bedlam of drunken men, women and children. The officers and men not only by example opposed the work of the Mission, but belittled and ridiculed the teaching given there. As there were scores or hundreds of these men to one missionary, and as they were generally better provided with material goods, it is not strange that the Eskimo listened to them.

Eventually Christianity began to tell, but the change was slow. The persistent proclamation of the Good News made an impression on their stony hearts. In 1906, when Mr. Whittaker and family were obliged to leave Herschel Island, the Headman consented to keep the service books and hold services in his house on Sundays.

For nine years Herschel Island was continuously occupied, first by Rev. I. O. and Mrs. Stringer, and later by Mr. and Mrs. Whittaker. Two children were born to the latter, but died. Their little bodies were carried 250 miles by sled to Fort McPherson for burial. The isolation of the station may be judged from the fact that in five years Mrs. Whittaker saw only two white women, captains' wives, from the whaling ships, and not a green tree during all that time.

Time has wrought a marvellous change in the Eskimo in this particular territory, and since Mr. Whittaker's return to civilization Christianity has been spreading with a strong arm among the natives. The majority of natives of this mission have learned to read and write and are contributing large sums of money for the carrying on of the Gospel among their own people. They are also sending men of their own race to do missionary work among their distant brethren.

A fund is being raised to carry on this great work, and an endeavor will be made to reach the tribe of blonde Eskimo known to exist in the vicinity of Coronation Gulf to the eastward of Herschel Island. For this purpose a new boat is being built at Collingwood, and will have a carrying capacity of about eight or ten tons.

During the course of the lecture a great number of interesting pictures were reflected on the screen.

Knox Presbyterian church, Guelph, and Elmira Presbyterian church have become separate charges.

The trustees of the building fund deserve great credit for the trouble they have gone to and should be strongly backed by the public.

We understand that the trustees of S. S. No 3, Amaranth, have installed one of the Waterbury furnaces in their school. The installation has not proved satisfactory and the trustees have notified the company to either take out the furnace or else adjust the plant to meet the requirements of the school. We have also learned that the trustees have received word from the company that they will send along an expert at the earliest possible moment.

Business is quite brisk in our little burg. Groskurth Bros., our general merchants, are doing a rushing business this fall. They find it necessary to have three hands in the store to attend to the wants of their customers. We wish them a continuance of their present success.

Mr. Lewis Johnston has just completed his underdrainage system as laid out by Messrs. Dorrance and Nicholson, the County representatives of the Department of Agriculture. The work was done by Mr. John A. Ellis, with his large ditching machine. We understand that Mr. Johnston put in 200 rods of tile in a field which had been looked on as practically useless. In fact two years ago when Mr. Ellis attempted to drain the field he got his machine stalled, and was obliged to lay a track of rails in order to get the outfit back to solid ground. Now the job is completed and many are watching for the results. The drains average from 2½ to 4½ feet in depth. The work reflects great credit upon Mr. Ellis and his outfit. Mr. Ellis has now stored the outfit away for the winter, as the season is so far advanced that it would be risky to attempt further work. He expects to make an early start next spring and is already taking orders for next year. Every person who intends to use the machine would do well to put in his order early and start at once to prepare by getting the tile this winter.

We are sorry to report that the trustees of our school found it necessary to suspend some of the pupils for misdemeanor and the using of foul language. In order to have true manhood and womanhood we must have a pure atmosphere in our homes and schools.

The Rev. J. S. Stevenson, B.D., had the pleasure of receiving fourteen new members into the Methodist Church during the last quarter.

The missionary meetings in the Laurel Methodist Church the last two Sundays were very successful both from the standpoint of large congregations and offerings.

Mr. Frank Grey has gone to London to see a nephew, who is seriously ill.

The ladies are returning from the Convention well pleased with the meetings.

We are sorry to learn that Mr. John Woulfe has typhoid fever. Dr. Campbell is in attendance.

The Epworth League are having an old-fashioned prayer meeting on Dec. 2. The older members of the church have charge of the meeting.

Mrs. Joe Langtree leaves to-day for Toronto to visit her brother John Greason.

Our general merchant is getting his Christmas stock in place. Come early and do your shopping.

The Sunday schools are planning for the Xmas entertainments. So be ready for a good time.

(Intended for last issue.)

The following Laurelites are attending the Horticultural Show and Women's Institute Convention in Toronto this week :—Messrs. E. Richardson, L. Johnston, W. Trimble, R. Hamilton, T. Bryan, R. Fyfe and Misses G. Hamilton, B. Hamilton, J. Johnston and H. Greason.

Rev. Mr. Robinson, of Orangeville, occupied the Methodist Church pulpit in the morning last Sabbath, and Rev. Mr. Bowes, B.A.,B.D., of Alton, in the evening. Rev. Mr. Fowlie, of Camilla, preached in the Presbyterian Church in the afternoon. Rev. Dr. Caldwell, of Shelburne, will preach in the Methodist Church next Sunday evening.

Mr. Wilson, of Shelburne, visited at Robert Stevenson's on Sunday.

We are pleased to know that Mr. Oliver Hamilton is improving.

A reception for Karl Grosskurth and his bride was given by Cecil Grosskurth, in the form of a Dutch Supper, last Friday evening.

At last the patrons of the Edgar phone can send messages to Orangeville.

BORN.

PORTEOUS — At The Victoria Memorial Hospital, Toronto, on November 10th, 1913, to Mr. and Mrs. W. A. Porteous, a daughter.

COCKERILL — In Alton on Saturday, November 8th, to the late Benj. and Mrs. Cockerill, a son.

MARRIED.

KING—VANCE—At the Manse in Mono Mills on Wednesday, Nov. 12th, 1913, by Rev. J. A. Black, Mr. John King and Miss Florence Vance, daughter of Mr. John Vance, all of Caledon.

You Want $$ So Do We

Small profits and quick returns leave you Dollars.

Our large turnover gives us Dollars as well as saving them for you.

A few Wrapperettes at 10 cents still to choose from.

A few pairs of those Bargain Boots and Rubbers left.

Staple Lines of Dry Goods. Boots and Shoes a Specialty. Groceries always choice and fresh.

ROGERS' STORE

ALTON, ONT.

CALEDON.

Mr. Daniel McArthur held a very successful sale of his Farm stock and implements on Monday last. Cows brought as high as $80 and sheep $13 per head. Auctioneer Hull, of Erin, wielded the hammer in his usual capable and efficient style. Mr. McArthur will take up his residence in our village in the near future.

Miss Jean Brown, of Collingwood, is visiting her sister this week.

Miss Groat spent the week end in the Queen City.

Miss Lina Rutledge returned home on Saturday after spending a pleasant week visiting Rev. and Mrs. S. R. Robinson at Maple.

Miss Angus, of Weyburn, Sask., who has been spending the summer visiting friends in Scotland, stopped off on her way home to visit her friend, Miss Ottie Keeler. She continued her journey west on Wednesday last. We wish her a safe completion of her long journey.

Caledon Council have decided to sell by public auction on Friday, Dec. 5th, a quantity of standing timber on 15 sideroad between the 5th and 6th lines. Don't miss this chance of securing some good firewood.

Mr. and Mrs. Robt. Patterson, of Ospringe, spent a few days renewing old acquaintances in Caledon.

Mrs. J. J. Nesbitt and Mrs. Jas. Warnock are visiting friends in Toronto this week.

Sad and very unexpected news reached here on Friday last that Elizabeth Danby, beloved wife of Mr. Robert Phillips, had passed away at her home at Pine Creek, Alta., on the 9th inst. after a brief but painful illness of three weeks' duration. Deceased was born in Toronto township 58 years ago and came to Caledon with her parents when a little girl, afterward marrying Mr. Robert Phillips and moving to Powassan where they resided till three years ago when they settled with their family in Alberta. She leaves to mourn her loss a husband, seven boys and two girls and two sisters, Mrs. William Moffatt, of Caledon, and Mrs. J. J. Dodds, of Orangeville. Deceased was a life-long Methodist and when they went to the West there was no church where they settled so she gladly opened her home for Sunday school and public worship. She was highly esteemed in this community, where she spent her girlhood days and to the sorrowing husband and family we extend the sympathy of a large circle of friends here.

CAMILLA

The Camilla Baseball Club held its annual Assembly in the King Edward Hall on Friday night. The affair was a great success in every respect. About 100 young people were present and speeded the flying hours tripping the light fantastic toe to the entrancing strains of the newest dance music as discoursed by a good orchestra. A dainty lunch was served shortly after midnight. The function added something like $35 to the exchequer of the Club.

Mr. John Cannawin, of Orangeville, will give another Ball in the King Edward on Friday night.

SPARKLING EYES AND RUBY LIPS

The Birthright of Every Girl With Rich, Red Blood.

The sad eye that goes with bloodlessness is a sure sign of misery and weakness. Anaemic—that is bloodless—girls and women have dull heavy eyes with dark lines underneath. The eyelid is pulled down, looks pale and bloodshot inside. This is not all. Anaemia works havoc all through the system; girls grow painfully weak and irritable; they are breathless and incapable of much exertion, while older women who are anaemic complain of being "never really well."

There is only one way to brighter, better health for pale, pining girls and women. That way is to invigorate the body with new blood—the rich, healthy blood that imparts strength, cleanses the system of all impurities, and restores the bright eyes and red lips of perfect health. Thousands of girls and women know that Dr. Williams' Pink Pills for Pale People make this new, rich, red blood, and so restore health and strength more surely than any other medicine known. There would not be an anaemic woman or girl in the land if those suffering from this condition would give Dr. Williams' Pink Pills a fair trial. That is why so many recommend these pills to their suffering sisters. Mrs. R. B. Keith, Steeves Settlement, N. B., says:—"At the age of thirteen my daughter, Sadie, began to complain of constant headaches, and did not have her usual good appetite. I went to a doctor and got some medicine, but it did not help her, and finally she had to discontinue going to school. She seemed to be growing weaker every day and wanted to lie down all the time, and would continually complain of being tired. The doctor gave her another bottle of medicine, but with no better results. There was not a bit of color in her face or lips, and I was afraid she was going into a decline. A friend, who was in to see her said, "if she was my child I would try Dr. Williams' Pink Pills," and I decided I would take the advice. In a couple of weeks we could see a difference, as her eyes looked brighter, and she would try to eat a little. When she began the pills she could not dress herself alone, but little by little her strength came back until she could go for a walk. She continued the use of the Pills several months with the result that she was again strong and active. This was over two years ago, and she has been a strong, healthy girl ever since. We have since used the pills for other purposes and find them a good family medicine."

Dr. Williams' Pink Pills are sold by all medicine dealers, or will be sent by mail at 50 cents a box, or six boxes for $2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

HYDRO-ELECTRIC POWER.

Public Meetings Held in Dundalk, Hopeville and Feversham Last Week.

Messrs. J. W. Lyon and G. B. Ryan, of Guelph, Were Chief Speakers.

Public meetings were arranged for Tuesday at Hopeville, Feversham and Dundalk to hear explanations of the proposed Hydro-Electric Railway and power extensions from Guelph to the Georgian Bay. Mayor Carter, Messrs. Lyon, Ryan and Thorpe, of Guelph, arrived by the 11 a.m. train and afternoon meetings were held at the outside points. Messrs. Carter and Thorpe went to Feversham—the other two gentlemen to Hopeville. Large meetings were held at both places and after hearing the Hydro plans explained the scheme was unanimously endorsed by a standing vote at each place and delegates were appointed to attend a conference of the various municipalities interested to be held at Guelph at the time of the Fat Stock Show.

In the evening the town hall, Dundalk, was the point of meeting. Reeve Bell occupied the chair. The large crowd present received a great deal of information relative to the working out of the Hydro-Electric plans under the supervision of the Commission with the Hon. Adam Beck as its head.

Mayor Carter, who has had a wide experience in public owned utilities and is an enthusiast on hydro power, told of Guelph's dealings with Hon. Adam Beck and the Commission in installing power three years ago and the highly satisfactory results. Whereas as they started out with a rate of $25 per horse power per annum the mills are now paying $22 with an equally low rate for light. When they first took up the scheme it was somewhat experimental. It is now beyond that stage—a clear-cut business proposition operating for the benefit of the people and supplying power and light at cost.

Mr. Lyon, President of the Street Railway, and, also, President of the Guelph Junction Railway, which is owned by the city and operated by the C.P.R., was the next speaker. Mr. Lyon, from his close connection with the Hydro-Electric from its inception, was in a position to impart much valuable information. He paid a high tribute to the Hon. Adam Beck as a great public benefactor. Although Mr. Beck has been offered a Cabinet position, he prefers to remain with his pet hobby—in the distribution of electrical energy throughout Ontario for the advantage of the People. There are farming districts in the States where the land has doubled in price by the building of an electric railway. The experience of the Hydro-Electric is that the more power used the lower the rates go. There have been no company railroads built in Canada that have not made their millionaires out of the pockets of the people. On request from the councils of the various municipalities interested the Commission sends its engineers over the routes and submits estimates without any expense. The Commission fixes the assessments as to the proportionate guarantee of bonds from each Municipality benefitted. If the vote of the people interested is favorable to the project the Commission build and operate the line. As to the power the consumer pays for what he uses.

Mr. Lyon stated that Mr. Beck wishes to build the road and power line and it remains with the municipal councils to send in the necessary applications. All will be considered and given a fair and square deal. Bonuses are not asked, but the Commission will use their own discretion, from the data obtained, as to the route.

Mr. G. B. Ryan stated that experience has shown that Hon. Adam Beck's promises have been more than fulfilled; he has not made any estimates to the people that have not passed out better than anticipated. It is expected that when the line gets properly established its revenue will pay its way and no man's taxes will be affected by the guarantee. The difference between a government-built and company-built road was shown instancing the case of the C. N.R. and their methods. The prophecy was made that Hydro roads would in the next ten years be projected and built all over the country—the poor man's automobile.

Mr. Thorp disclaimed all idea of personal interest in the scheme proposed. He and his companions were not promoters but giving their time without remuneration for the general good. With the district traversed by the proposed line Guelph would receive its natural share of the benefits, nothing more. He endorsed what had been said by the previous speakers and all were in a position to know what the Hydro-Electric has already done and what they wish to carry out.

On invitation a delegation was appointed to a conference in Guelph on December 9th as follows: S. Bell, Jas. Russell, J. Sinclair, T. D. MacIntyre, Geo. Metherel, J. E. Richards, A. E. Colgan, Bethune McWilliam, C. McLean and J. D. McDowell.

The Chairman asked a number of the leading citizens present for their views on the proposition. All favored the plans outlined. The route is entirely with the Commission and the engineers and experts are expected to start the work of survey and estimates very shortly, or, as soon as the applications are in.

At the conclusion a hearty vote of thanks of the meeting was tendered to the speakers from Guelph.

After the engineers' reports are in Hon. Mr. Beck will call delegates to meet him at a central point and then a deputation will wait on the Government at Ottawa asking for a subsidy to the line.—Dundalk Herald.

COMING!

Beautiful hair makes every woman beautiful and all who desire to make the best of their appearance should pay a visit to Prof. Pember, who will be in Orangeville, at

CHAMBERLAIN'S TABLETS — YOUR BEST FRIEND

Caledon Council.

Council Chamber, Nov. 11, 1913.

Council met; Reeve presiding; members all present. Minutes of previous meeting read and adopted.

Mr. Robt. Young presented an account of $44 for attendance on the late John Storey.

Dr. Gear presented an account of $113 for medical attendance on Mrs. Ayles.

Moved by Mr. Hillyard, seconded by Mr. Wrigglesworth, that the Reeve and Deputy-Reeve be a committee to investigate claim of Mr. Robert Young. Carried.

Moved by Mr. Kannawin, seconded by Mr. Armstrong, that Mr. Wrigglesworth be appointed to settle the claim of Dr. Gear for attendance on Mrs. Ayles.—Carried.

Moved by Mr. Hillyard, seconded by Mr. Kannawin, that the Clerk be instructed to notify Miss F. E. McKinnon, owner of lot 13, 4th line, east, to have all obstructions removed that would interfere with the flow of water coming through the new bridge built opposite her property this year.—Carried.

Moved by Mr. Kannawin, seconded by Mr. Hillyard, that Mr. Armstrong have the necessary repairs made to the roadway on 3rd line, east, complained of by Mr. Cook.—Carried.

Messrs. Limebeer and Hillyard reported having investigated condition of Robt. Wilson, Inglewood, and found that his condition would not permit him to be admitted to the House of Refuge; also that the doctor in attendance had ordered a steel jacket to be procured for some spinal trouble and the people of Inglewood intend paying for said jacket. The committee therefore recommended that the monthly allowance of $15.00 be continued. Report adopted.

The following wire fence petitions were received viz.—R. M. Speers, 140 rods; W. Forbes, 9 rods; J. W. Lemon, 40 rods; Wm. Lewis, 14 rods; Jas. Armstrong, 13 rods; J. Watson, 33½ rods; Jno. Wilkinson, 120 rods.

The following accounts were examined and passed and the Reeve's order issued for their payment:—

R. M. Speers, bonus on 140 rods wire fence, $35.00; R. M. Speers, lumber supplied, and work, lot 21, 3rd line, east, $5.00; A. D. Speers, land purchased, lot 23, con. 4, e., $25.00; A. D. Speers, drawing tile and placing culverts, $15,00; Jno. Martin, 3 weeks maintenance of Olive Mellonie, indigent, $7.50; J. Arkell, balance for work on bridge, $1.00; G. H. Hall, gravel supplied, $18.50; Jas. Irwin, ditching on north townline, $77.30; J. Frank, gravel supplied 4th line west, $2.00; Canada Ingot Iron Culvert Co., culvert supplied, $22.08; W. Forbes, bonus on 9 rods wire fence, $2.25; J. W. Lemon, bonus on 40 rods wire fence, $10; Wm. Lewis, bonus on 14 rods wire fence, $3.50; Jno. Wilkinson, bonus on 120 rods wire fence, $30; Jas. Armstrong, bonus on 13 rods wire fence, $3.75; A. Smith, work on 4th line, west, $21.75; J. Watson, bonus on 33½ rods wire fence, $8.35; J. Hillock, work on Centre Road, lot 25, $4.50; J. B. Akitt, P.W. for R. Wilson, indigent, $20.

Moved by Mr. Kannawin, seconded by Mr. Hillyard, that when this Council adjourns to-day it stands adjourned until Monday, Dec. 15th, next.—Carried.

Notice.—Mr. Hillyard gave notice that he will at next meeting of Council ask leave to introduce a bill appointing the time and place for holding the annual meeting for the nomination of candidates for the offices of Reeve, Deputy-Reeve and Councillors for the year 1914, and for naming Deputy-Returning Officers and Poll Clerks for holding the elections.

On motion Council adjourned.

L. H. WILLIS, Clerk. W. J. LIMEBEER, Reeve.

PEEL ASSIZE COURT.

Jury Finds Ex-Alderman Heatley Not Guilty of Crime of Rape.

Widow of Young Englishmen Killed at Halton Brick Yard, Terra-cotta, Awarded Substantial Damages.

The Fall Assize Court opened before Judge Kelly on Tuesday.

Mayor Duggan was chairman of the Grand Jury, which brought in true bills against James Heatley, Brampton, for rape, and David Rogers, Streetsville, for attempted rape.

The first case tried came from Halton Assize Court. Susie McNally, widow of Louis McNally, sued the Halton Brick Co., of Terra Cotta, for $5,000 damages for the death of her husband. The young man was killed on June 27th last by the falling of a pile of green bricks in a kiln of the company at Terra Cotta. McNally was a laborer and was wheeling the bricks in a barrow to Bradshaw a setter. Another laborer engaged in the same way was badly hurt but recovered. The widow is a very young woman with a baby. The plaintiff contended that the fatal accident occurred because of the bad condition of the floor of the kiln, which made it unsafe to pile unbaked bricks on it. The responsibility for the state of affairs that led to the accident was placed on the setter, foreman and superintendent. The superintendent for knowingly allowing such a dangerous floor to exist in the kiln, the foreman for allowing the setter do the work and the setter for not knowing better than to do the work. The laborers were not shown to be negligent. It was their duty to wheel in the bricks. The jury brought in a verdict of $3,000 for the widow under the common law or $1,500 under the Workmen's Compensation Act. The Judge is to decide which law applies to this case.

Hugh Guthrie, K.C., (Guelph), and W. I. Dick, (Milton), for plaintiff; E. A. DuVernet, K.C., and B. H. Ardagh (Toronto), for defendants.

Campbell vs. C.P.R.: This was an action brought by Duncan Campbell, of Cheltenham, against the C.P.R. for damages for the death of his son John Campbell, who was killed in a head-on collision on the defendants' railway near Chapleau in March, 1912. The deceased was travelling in charge of live stock under a special contract with the railway, at reduced fare, in which a clause was inserted that the Company were to be freed from liability in the event of the death or injury of the person travelling under the contract. In a recent case against the Grand Trunk the railway was held liable, but the Court of Appeal of Ontario reversed this decision and gave judgment for the Railway but on appeal to the Supreme Court of Canada the decision was again reversed in favor of the plaintiff and against the railway. The Grand Trunk are now appealing to the Privy Council. The same question arose in Mr. Campbell's case, and taking advantage of the uncertain state of the law the parties arrived at a settlement, the company paying Mr. Campbell a substantial sum and part of his costs. The question of liability under these contracts is one that the Privy Council is now asked to decide. The Canadian Courts hold the railway liable. Mr. Campbell's action was entered on the list for the present Assizes, but by consent of the parties was withdrawn. W. S. Morphy for plaintiff; W. H. McFadden, K.C., for C.P.R.

Yesterday afternoon the criminal charge against James Heatley, of having committed rape on Mrs. Albert Gambell was begun. The Court, on the Judge's order, was cleared of spectators. Boys, baldheaded and bewhiskered old fellows, preachers, and all sorts of males were chased out by the Sheriff and his officers. The case ran all afternoon and was continued in the evening. The jury brought in their verdict about one o'clock this morning after being out half-an-hour. The defendant went into the box and totally denied the woman's story. The crime was said to have been committed in Gambell's cellar about the noon hour one day when Heatley went into it for a horn of beer from a keg he had there in common with Gambell. Mrs. Gambell came down into the cellar for apples to finish a pie when the alleged villian seized her in his arms and committed the most devilish of crimes. However, the jury did not believe the woman's story and the ex-alderman was freed. Rev. Canon Walsh and Mayor Duggan were introduced to give Heatley a good character. The accused is over sixty years of age and has not been in trouble before. He has a fine family and for their sake if nothing else people are glad the jury found as they did. Mr. Davidson, K.C., was Crown prosecutor and Mr. T. J. Blain ably defended the prisoner.

This morning the trial of David Rogers, a 65 year old Streetsville storekeeper began. He is accused of attempting rape on a fourteen year old girl named Mills, a customer. The trial is likely to last all day to-morrow.

About 4 o'clock this afternoon the Court adjourned to permit of Judge Kelly going to Toronto. Hugh Guthrie, K.C., and W. S. Morphy, are appearing for the prisoner.—Peel Banner.

Rev. Dr. Robinson, a retired Methodist minister, died at his daughter's, Mrs. E. W. Brocklebank's, Arthur. The remains were taken to Oakville for burial.

You Know Us

We are in business right here where you live. You are an acquaintance, neighbor or a friend of ours. This money-back-if-not-satisfied offer should prove the sincerity of our claims.

When we say we believe we have the best laxative and back up our statement with our unqualified promise to return without question or formality the money paid us for it, if it does not prove entirely satisfactory to you, we believe we are entitled to your confidence.

Our business success and prestige depend upon your confidence in us. We know we must secure and hold your confidence in order to get and keep your patronage. Therefore, we would not dare make this offer if we were not positively certain that we can prove our claims for

Rexall Orderlies

Our experience with them and the many reports we have received from those who have used them prove that they are really the most pleasing and satisfactory bowel remedy we know of.

Rexall Orderlies taste like candy. They are soothing and easy in action. They don't cause griping, nausea, purging or excessive looseness, as do the usual physic or laxative. Rexall Orderlies seem to act as a tonic-strengthener upon the nerves and muscles of the bowels. They promptly relieve constipation. They set to overcome the cause of constipation. They tend to eliminate the cause of sick headache, biliousness, bad breath, nervousness and other ills attendant upon inactive bowels.

Make Us Prove This

We want you to come to our store and get a package of Rexall Orderlies. Use a few or use up the entire box. Then, if you are not entirely satisfied, come back and tell us and we will promptly return the money you paid us for them.

You promise nothing—you risk nothing—you obligate yourself to us in no way whatever. We accept your mere word.

Don't you now believe that Rexall Orderlies are worthy, of a trial? Could any offer be more fair?

Try Them at Our Risk

We particularly recommend Rexall Orderlies for children, aged persons and for delicate people.

Rexall Orderlies come in vest-pocket tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c. Usual dose one tablet.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at the Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

Alfred Rogers Successful in Suit for Breach of Contract.

Reference to Master-in-Ordinary to Determine the Amount Due.

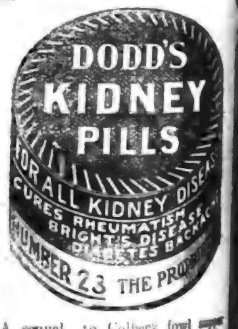
Judgment for breach of contract under which he was to be sole agent for five years from January 15th, 1910, has been awarded Alfred Rogers against the National Portland Cement Co., of Durham, by Mr. Justice Lennox. Mr. Rogers claims that he so organized and advertised the business that his annual net profits were $18,000. He sued for $54,000 for the three years the contract had yet to run. A reference is directed to the Master-in-Ordinary to determine how much of the $54,000 claimed Mr. Rogers should receive.

Mr. Justice Lennox finds that the company broke its contract in order to reduce its selling expenses. He criticizes some of the evidence for the defence.

His Lordship remarks:

"There was a great deal of evidence given for the defence which I cannot accept. In particular, I was very unfavorably impressed by the evidence of Mr. Calder and Mr. Doolittle.

"Weighing the manner in which much of the evidence was given, the striking contradictions in some cases, and the notable identity of expression in others, and taking the probabilities and the action of the defendants in continuing to deal with the plaintiff just as they has done all along, into account, I cannot believe that the plaintiff made use of any expression to the effect that he had terminated or would terminate the contract, or that it was at an end, but, on the contrary, I find that, as stated by Mr. McCabe in words, and in effect by many others, the plaintiff made it quite plain that "he would go on and sell the same as before, but he would not consent to a reduction of his commission for selling the cement.



"I accept the statement of the plaintiff as to what occurred at his meeting with Mr. Calder and Mr. Doolittle on the 12th of March, 1912. He had taken advice at that time, and, aside from the painful want of frankness which characterized these two witnesses for the defence, their evidence is not only inconsistent with the company's record of this transaction, but pointedly at variance with the record of matters of earlier date, and with the accepted evidence of almost all that occurred at the board meeting of January, 1910.

"I find that the contract in question was broken by the defendant company and it was not because of any contention as to meeting or not the market price, but because defendant company being compelled, as they knew, to meet this price, decided to offset the loss, in part at least by reduced expenses of sale."—Evening Telegram.

ECZEMA AND SORE EYES.

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Planford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend, I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

Chancellor Boyd delivered judgment awarding $2,000 damages to Bernard J. Glynn and his father, of Niagara Falls, for personal injuries sustained by the lad through his receiving an electric shock while leaning against an electric arc light post belonging to the city. The damages are divided $1,500 to the boy on attaining his majority, and $500 to the father to cover medical aid and other expenses.

A sequel to Colbeck fowl supper was ventilated before Police Magistrate T. G. Hamilton, of Grand Valley, a week ago Saturday. Some youths were throwing candles around and John Dickson getting struck by a few chastised Mark Kirkland, whom he suspected. Mark had his turn in the Court when it cost John about $5.00 for the privilege exercised.

Every Home Needs Zam-Buk

Use it for eczema, ulcers, cold sores, chapped hands, poisoned wounds, piles, scalp sores, and all skin injuries and diseases. Best balm for baby. Purely herbal. All druggists and stores 50c box.

ARCHIVES OF ONTARIO TORONTO

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief—and may mean the end of your agony. The product is a simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Toronto and is called the D.D.D. Prescription for Eczema. This is a doctor's special prescription — one that has effected many wonderful cures.

The effect of D.D.D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D.D.D. that we have taken advantage of the manufacturer's guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D.D.D. Soap is made of the same healing ingredients. Ask us about it.

T. F. & T. J. BROWN, Druggists, Orangeville.

Western

Cattle Market

Ship your cattle to the Western Market—entirely conducted by the Corporation of Toronto. Stock will be fed with best fodder at minimum cost. At an early date we will be able to give you accommodation in the way of a well equipped up-to-date Public Abattoir.

FORBIDDEN TO ENTER SCHOOL.

Vankleek Hill Priest Takes High-Handed Action.

The pupils of the Vankleek Hill bi-lingual school were forbidden to enter the school this morning by one of their priests, who was stationed in front of the school before the hour of opening. Rev. Father Routhier, the assistant priest here, simply told the pupils to go home because there was no school.

Inspector Ingall, of the Ontario Education Department, visited the school yesterday, and was also there to-day. He had to-day about a score of English-speaking pupils only. All the pupils were present yesterday.

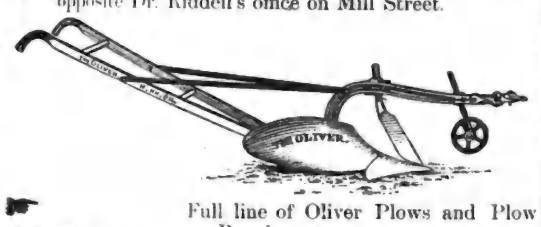
The children do not know why they were ordered home. One child said he asked Father Routhier and the priest said he would tell him later.

Several parents ordered their children back to school, and they were refused admittance the second time by the guards placed near the school. Those who did enter did so by stealth or in open defiance of the priest's order.

The Vankleek Hill school was reported by Inspector Marchant as one of the best conducted bilingual schools in the province. It is in connection with this school that the Ontario Government conducts one of its English-French model schools. This year there is only a training class of the pupils in the model school.

This is the first time any disturbance of this kind has taken place in Vankleek Hill. The senior priest here Rev. Father Beausoleils, is one of the leaders in the French Educational Congress of Ontario, and has been in Vankleek Hill only two years.

People here of all classes are much worked up over this latest development in the bi-lingual trouble in this community. Several English-speaking Catholic families threaten to withdraw from the Seperate School, as they are utterly opposed to this action on the part of their clergy.



This is Inspector Ingall's first official visit to any school in the section this term.—Evening Telegram.

WHAT DEPARTMENT IS DOING.

District Representative Submits Report of Activities for the Year.

Farmers Have Received Assistance Along Many Lines of Work.

Our readers, and especially those who are engaged in farming, will be interested in the following report, which Mr. H. A. Dorrance, the District Representative of the Department of Agriculture, submitted to the County Council during its meeting last week. The report gives a comprehensive outline of the work the Department is doing and will serve to give our readers a more adequate idea of the scope and variety of its activities.

Orangeville, Ont., Nov. 7, 1913

To the Warden and Members of the County Council of Dufferin.

Gentlemen:

I herewith present for your consideration, a report of my work as District Representative of the Ontario Department of Agriculture for the County of Dufferin, for the year ending Oct. 31st, 1913.

During the year the work carried on by the office has been, very largely, a continuance of the work as reported last year with the very noticeable feature that there has been a very marked increase in the number of inquiries received at the office by letter, telephone and personal visit. The nature and number of these inquiries depend, very largely, upon the season of the year and the weather conditions at that particular season.

The problem of underdrainage, which proved so important and pressing during the summer of 1912, was conducted last autumn until the winter put a stop to the operations. The number of surveys made during this year has, owing to an exceptionally dry season, been very small in comparison with that of the previous year. In addition to making surveys we have superintended the putting in of drains on a number of propositions that were surveyed by us during 1912. We find in this district, where comparatively little work in underdrainage has been done, that there are many things in the work in which farmers are very careless, and, in order to have the work done satisfactorily, it is necessary for us to give a good deal of individual instruction in the putting in of drains. While the past summer has not been of the best for showing marked results from underdrainage, yet, two problems in particular, surveyed by us and put in under our direction in 1912, have proved very valuable demonstrations of the benefits of underdrainage.

During the year there has been a steady call upon the office to furnish speakers at meetings and functions of various kinds. In every instance, where possible, we have complied with these requests and thus have been enabled to come in touch with people in all parts of the County. Meetings have been attended and addressed by a representative from the office during the year as follows:

Farmers' Institute Meetings at:—Jessopville, Keldon, Riverview, Corbetton, Horning's Mills, Whitfield, Violet Hill, Granger, Mono Centre, Camilla, Whittington, Laurel and Rosemont.

Women's Institute Meetings at:—Camilla and Laurel.

Apiary Demonstrations:—Orangeville and Shelburne, and in co-operation with and under the direction of the Farmers' Institute Branch a series of special meetings were held at Orangeville, Shelburne, Honeywood and Perm.

Short Courses in Stock and Seed Judging were held at Orangeville and Grand Valley with a Special Course in Seed Judging at Honeywood, Special Poultry Meetings at Shelburne and Laurel, and also a Pruning Darrenstration was conducted under the auspices of the Mono Mills Farmers' Club.

In addition to the above meetings we have attended and addressed a number of meetings of various kinds in various parts of the County and, owing to conflicting dates, we have been unable to handle all requests for addresses and assistance of other kinds.

During the Fall Fair season, we attended the Fall Fairs at Orangeville, Shelburne and Grand Valley, and conducted a Stock Judging Competition in connection with each of these Fairs. Assistance was given to all Fairs in judging, and also to the Corbetton Women's Institute Fair.

Special attention, also, was given to the Orangeville Horticultural Society, and, under our direction, the First Annual Horticultural Exhibition was held, which proved a decided success.

The School Fair Movement occupied a very considerable portion of our time during the summer months. Two Fairs were arranged for and held this year, one at Laurel, taking in ten surrounding schools, and the other at Horning's Mills, this being the centre of eight schools in Mulmur and Melancthon. A distribution of Banner Oats, O.A.C., No. 21 Barley, Deleware Potatoes, Davies' Warrior Potatoes, Golden Bantam Sweet Corn, Yellow Leviathan Mangolds, and "Bred to Lay" Barred Plymouth Rock eggs was made to some two hundred and sixty pupils in the two districts. During the summer all of these plots were visited once and a number of them were inspected twice. The Fair held at Horning's Mills being the first Fair there and held under very bad weather conditions, had an entry list of two hundred and fifty and an attendance of about two hundred and seventy-five. The Fair at Laurel was exceptionally well attended and considerable interest shown. This Fair had an entry list of four hundred and fifty with an attendance of some six hundred. These Fairs have proved very interesting and this movement is, probably, the most valuable that the office has undertaken as yet. It is the intention to extend this work just as rapidly as the matter can be arranged until every school in the County is taken in at some centre or another.

Special attention has been paid all year to an examination of samples of grain, grass and clover seeds, and during the seeding season this formed a very great part of the work. At the seeding season we issued a circular letter dealing with the seed situation and the Seed Control Act, and inquiries from the dealers point out that the demand this year has been larger for the better grades of seed than ever. Also, we are able to report that though energetic co-operation with the Seed Branch at Ottawa, a decided improvement has been made in the character of the seed handled locally. Many of the farmers have applied to us for assistance in securing seed of almost every kind, more especially with seed corn, and reports indicate that we have been fortunate in putting our inquirers in touch with sources of first-class seed. Seed corn has been very much in demand and a larger acreage of corn was planted this year than ever before. In this connection we had one variety of corn on test in comparison with the varieties usually grown and this variety, Wisconsin No. 12, has given excellent results. Results such that show us that the variety is worthy of further trial here. A large number of silos have been erected during the year and our advice has been much in demand as to kinds of silos, varieties of corn and many other points in connection with the growing of corn. Through the courtesy of the Seed Branch at Ottawa, the office was supplied with a set of screens of various sizes which have proved very valuable in showing the possibilities of and the importance of screens in cleaning the smaller seeds.

During the winter of 1912, we conducted a Two Weeks' Course in Agriculture at Shelburne, which proved very popular and had a varied attendance, depending on the subjects under discussion, from seven to thirty-five. At the Orangeville High School we gave a Four Weeks' Course in Agriculture. This was attended by a class of eight. At these courses a series of lectures and practical work along the more important lines of live stock, grain-growing and horticulture were given.

A line of work that has been very much in demand has been that of assistance in orchard work. During the spring we had considerable demand for information and assistance along this line. Our plan in this work has been to go to farmers' orchards and spend some time with the farmer, showing him the principles and ideas in the work of pruning. We find that many farmers are pruning and trying to improve their methods, and dealers tell us that during the past spring, they sold more pruning tools than ever before. In all we visited thirteen different orchards, giving instructions in pruning and spraying, where this was attempted for the first time, and also assisting the farmers in getting supplies. The results in this work have been so satisfactory that already we have a number of inquiries for assistance along these lines for next year.

Another line of work to which we have given considerable attention has been that of assisting farmers in securing farm laborers. Early in February we began negotiations with the Immigration Department of the Cunard Steamship Company and placed an application with them and we were successful in placing with various farmers, thirty-one people, including the wives of some of the married laborers. The majority of these have given exceptionally good satisfaction, finishing out the periods for which they were engaged, and, with the exception of eight, so far as we can learn all are still in the locality and of these, all but two are on farms. In addition we have placed a number of farmers in touch with the Ontario Bureau of Colonization and other organizations, thus enabling them to secure help. This has proven one of the most popular and helpful lines of work we have attempted, and we our on continuing this next year.

In co-operation with the various fertilizer firms we have had a number of experiments on commercial fertilizers. The actual figures from these we have not as yet received. In all we had eight of these plots.

During the year there has been a Circuit under the Agricultural Societies Branch and our office, three lots of oats, (two Uniowin, one Banner, one lot O.A.C. No. 21 Barley and eight lots potatoes. The potatoes sent out were the Empire State and the Davies' Warrior. These were distributed in half peck lots to the farmers, and in every case reported the Empire State has given the best results. Farmers are not much taken up with the Davies' Warrior. We kept a supply of nitro culture for alfalfa on hand during the sowing season and disposed of twenty-two boxes of the culture.

In the Acre Profit Competition, conducted among the boys who have attended the Short Courses in Agriculture, the crop chosen this year by the boys in various classes was potatoes. In this competition we have eight competitors, some of whom have given the matter very careful attention, and in all cases, except one, a representative from the office visited the plots. No return from these plots has been made yet, so that no results can be given.

In co-operation with the Seed Branch, Ottawa, at their request, I acted as Inspector of the various "Hand Selected Seed Plots" in the County. There are but four men taking up the work of the Canadian Seed Growers' Association, but we have secured the names of a number of others who have agreed to take up the work in the coming year.

In co-operation with the Forestry Department of the Ontario Agricultural College we secured planting material for four problems of waste land in the County and planted out 7900 White and Scotch Pine. These trees had a very hard summer, but about 70 to 80 per cent. of them have survived and are doing exceptionally well. This work created quite a sensation at the time and a number have come to us asking particulars with reference to the work.

One problem in mustard spraying was undertaken in co-operation with a farmer whose farm was badly infested with mustard. Four acres of oats and mustard were sprayed at a cost of about $1.00 per acre and the results were quite satisfactory in the eradication of the weed, and, while the farmer did not weigh the grain to determine the yield between the sprayed and unsprayed, yet he considered it so satisfactory that he intends doing a larger area next year, and from his results other farmers are asking for assistance in the matter.

In addition to the definite lines of work mentioned above I have been called on to give assistance outside the County for various branches of the Department on various lines of work, more particularly in connection with Seed Fairs and with the Rural School Fairs. There has also been considerable time spent in visiting various farmers in different parts of the County in connection with various problems on which they have asked help and the giving of assistance to various individuals and organizations not directly connected with agricultural work, yet along lines in which they have considered our office of value.

Demonstration plots in connection with the High School were planted and looked after, but there seems little to be gained from working these plots. The work is very largely duplicating the work conducted by the Experimental Department at Guelph. It would appear that much better and more valuable results could be obtained by carrying on experimental plots on different farms in various parts of the County, and devote the time, now devoted to the plots, to this work.

As we have mentioned before, the success of the work carried on will, to a very large extent, depend upon the amount of use made by the people of the County of the opportunities which are theirs. There are many who even yet are but faintly acquainted with the work that is being carried on, and as the members of the County Council are in a position to know of the work being done and to meet many who would be benefitted by assistance from this office the bringing of our work to the attention of these people would be doing much to assist the progress of agriculture in the County, because it is upon the value of the agricultural industry of the County that its wealth depends.

All of which is respectfully submitted.

District Representative.

Kidneys Wrong?—

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try

AILING WOMEN OF MIDDLE AGE

Mrs. Doucette Tells of her Distressing Symptoms During Change of Life and How She Found Relief.

Belleville, Nova Scotia, Can.—"Three years ago I was suffering badly with what the doctors called Change of Life. I was so bad that I had to stay in bed. Some friends told me to take Lydia E. Pinkham's Vegetable Compound and it helped me from the first. It is the only medicine I took that did help me and I recommend it. You don't know how thankful and grateful I am. I give you permission to publish what your good medicine has done for me."—Mrs. SIMON DOUCETTE, Belleville, Yarmouth Co., Nova Scotia, Canada.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ASHAMED OF THE PIMPLES

Pimples and disfiguring skin diseases are particularly distressing to young ladies and gentlemen. The embarrassment is so great that you feel ashamed to appear among your young friends in society.

Fortunately, there is a cure for such annoying skin diseases by the use of Dr. Chase's Ointment. So much is heard of this great, soothing, healing ointment as a cure for eczema and the more serious diseases of the skin that many overlook it when bothered by pimples, blackheads, roughness of the skin and skin irritations.

It is surprising what Dr. Chase's Ointment will accomplish in a few days when applied frequently. Instead of merely covering up the disfigurement, and further aggravating the inflammation, it soothes and heals the skin, and leaves it soft, smooth and velvety.

PIMPLES AND BLACKHEADS

Miss Carrie Altwater, Bittern Lake, Alta., writes:—"I was entirely cured of pimples and blackheads some months ago by using Dr. Chase's Ointment. As I have also found this ointment a splendid treatment for sunburn and chapped hands, I would not be without it in the house. It is the best I ever used."

Dr. Chase's Ointment, 60 cents a box, all dealers. Sample box mailed free, if you mention this paper. Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment

ONE OF WORLD'S LARGEST.

Is the 3,500 Mile Irrigation Scheme Dam Opened in Alberta.

With so little stir was the Horseshoe Bend Dam at Bassano, Alberta, opened (or perhaps "closed" is the better word), on Thanksgiving Day, that few people in the town itself, distant only three miles, knew what was going on. No crowds, no preliminary announcements, no military bands, no special correspondents—just a few officials and engineers; yet the event was a notable one, the culmination of several years' patient work, and the conclusion of a mighty engineering feat. So little indeed has this dam been advertised during its construction that few Canadians are aware that it is one of the very largest of its kind in the world.

The Horseshoe Bend Dam will provide the intake of the eastern section of the Canadian Pacific Railway's irrigation block in Alberta. Within this block, the C.P.R. is developing about three million acres, extending from the Bow River north to the Red River, and about 150 miles east of the City of Calgary. This system, which is the largest on the American continent, is divided into three sections, western, central and eastern. Only the western section is as yet developed, or to any appreciable degree under settlement. To provide a regular water supply for the needs of the eastern section, this dam has been constructed, with the dual purpose of raising the level of the river at the intake, thereby enabling the system to serve a much larger area than it otherwise might, and of reducing the amount of excavation in the construction of the main canal which will carry the water to the ditches.

Just above the site of the dam, the Bow River makes a long bend in the shape of a horseshoe, with the dam at its right toe, where the river is some 600 feet wide. But inside the left toe, the land begins to slope down towards the river in all directions, so that while the banks round the outer edges of the curve are high and massive, the land between the two toes is very little higher than the river. Because, therefore, of the low-lying nature of the land within this tongue, a dam across the river only would not be sufficient, for the resulting overflow would flood into a diverted channel along the line of least resistance. To meet the situation a long earthen embankment was projected as an accessory, to extend across the foot of the horseshoe until it reached the high ground.

Across the river is the concrete structure, 720 feet in length, and continuing from it and curving until it merges with the higher land is an earthen embankment about 7,000 feet in length—that is, a total length of nearly 1½ miles. The canal headgates are situated on the north bank (outer curve) of the river, adjacent and at right angles to the concrete spillway. The walls of these headgates are nearly 50 feet above the water level of the stream and the dam has been designed to raise the water level 11 feet above them—or altogether about feet. This operation will eventually form a huge pool extending many miles, and considerably broaden the river, according to the height of its banks, including the present bed of the river near the site, an area of approximately 4½ miles will be submerged.

The spillway across the river is a reinforced concrete structure of the Ambursen type, consisting of a heavy floor built upon the bed of the river, with 47 buttresses rising therefrom at regular intervals, being tied and supported by those structures on the upstream side, and one thousand slabs forming a continuous deck at an angle of about 50 degrees to the stream, terminating at the crest and passing down the downstream side in the form of an apron to carry off the overflow water. In addition, every alternative buttress carries a pier above it, along the top of which runs a road bridge. The piers are faced with armoured plate on the upstream side, and between them are the 24 sluice gates which will retain the water. The structure contains about 40,000 cubic yards of concrete, and two and a half million pounds of reinforcing steel; and its cost is considerably over three million dollars.

The canal headgates control the main canal, 90 feet wide and carrying eleven feet of water, and are designed to discharge 3,500 cubic feet per second. The material excavated from the first 13,000 feet of the canal, amounting to about 1,250,000 yards, was transported across the river for use in the earth embankment. At a point about five miles from the intake, another dam, of earth, 1,280 feet in length, 35 feet in height, and containing about 80,000 cubic yards, is built across the valley, to form a tail pool that will receive the waters of the main canal, and feed the two branch canals. One branch will lead north, the other east. Each branch will have smaller branches, and after that distributing ditches to reach the individual consumer, who will be able to run the water into his own ditches and thence irrigate his growing crops. Altogether, in the eastern section of the irrigation block, there will be about 3,500 miles of canals and ditches. The work has been carried out under the supervision of A. A. Dawson, chief engineer of the C.P.R. department of natural resources.

BILLY MURDOCK DEAD.

A Former Orangeville Boy Fatally Injured in British Columbia.

William Murdock, a former Orangeville boy, died at the General Hospital in Vancouver, B.C., on Saturday, November 8th. His death resulted from an accident that occurred about eight days before. Murdock, who was a locomotive engineer, laid off work for a rest and went to John A. McMaster's lodging house at Newport, 45 miles from Vancouver, to spend a part of his holiday. On October 31st he went into the cellar to light the water heater and forgot to turn on the water until the tank was red hot. When he opened the valve the apparatus exploded and a large piece of iron was driven into one of the unfortunate man's legs inflicting an ugly wound. As the railway is only under construction between Newport and Vancouver, the injured man had to be taken to the hospital by boat and considerable valuable time was lost before he received proper surgical attention. His brother, James, was summoned from Phoenix, but when he arrived Billy was unconscious and failed to recognize him. The remains were interred at Vancouver. The deceased was a son of the late John Murdock and will be remembered by our older residents.

CAMILLA.

(Intended for last week.)

Miss Myrtle Marshall is visiting friends in Toronto this week.

Mr. Oscar Canning, of Toronto, visited at the home of his sister, Mrs. James Kyles, this week.

Mr. and Mrs. James Curtis left last week for Texas, where they purpose spending three months with their son and other relatives.

Mr. and Mrs. Will Bowers, of Rosseay, visited friends here on Sunday.

Misses Mary Aldcorn and Nina Bremner attended the McGill-Varsity rugby game in Toronto on Saturday.

The baseball boys anticipate holding a ball in the King Edward Hall on Friday night.

AN EJECTMENT SUIT

Landlord Endeavoring to Force J. E. Booth Out of Queen's Hotel

On April 12th, 1912, Nathan Gottesman leased The Queen's hotel to J. E. Booth for a term of one year. On November 12th of the same year Gottesman sold the property to S. Rabinovitch, of Toronto. Booth continued to pay his rent to Rabinovitch up to the expiration of his lease in April 1913 and has continued to do so up to the present. The lease, however, contained a provision that either party to the agreement could terminate the tenancy upon giving one month's notice to the other. About two months ago Rabinovitch leased the house to R. J. Bennett, landlord of the Grand Central, at an advanced rent. Upon the execution of this lease he served Booth with a notice to leave the house at the expiration of one month. This Booth refused to do taking the ground that for various reasons he was not bound by the provisions of his lease. Proceedings were thereupon instituted under the Overholding Tenants Act for the purpose of having him ejected. The action was tried by His Honor, Judge Fisher, on Tuesday and occupied the attention of the Court for the greater part of the afternoon. Several witnesses were examined and there was a lengthy argument by Counsel. Among other things the defence contended that the notice was improper, that the provision for one month's notice was repugnant to the nature of a yearly lease and that in any event the clause was not applicable because the lease did not now apply to Booth. Judgment was reserved. A. A. Hughson conducted the case for Rabinovitch and W. J. L. McKay acted for Booth. The action has created considerable feeling in certain quarters and the outcome will be awaited with a good deal of interest.

See J. D. Torrie's Special Black and Blue Suit to order at $22.00.

Call From Toronto.

Rev. Dr. McKenzie, pastor of Knox Church, Shelburne, will be asked to succeed Rev. J. A. Miller as pastor of the Riverdale Presbyterian Church, Pape Ave., Toronto. At a congregational meeting last week it was unanimously agreed to extend a call to Dr. McKenzie. The call will be laid before the Toronto Presbytery at its meeting in December.

A Musical Evening

A delightful musical programme was given in St. Andrew's Church on Wednesday night, Nov. 19th, under the auspices of the Young People's Society. A most acceptable part of the programme was furnished by Miss Henrietta Wallace, A.T.C.M., organist of Victoria Presbyterian Church, W. Toronto, and formerly organist of St. Andrew's Church, Orangeville. Miss Wallace contributed four organ numbers in her usual graceful and finished style and was warmly encored after each selection. She also took part in a couple of keenly appreciated piano duets in company with Miss Wright, another of Orangeville's gifted musicians, and acted as accompanist for several of the other artists. Solos by Mr. J. E. Jessop, leader of St. Andrew's Choir, and Miss Bea Harshaw, quartettes by Messrs. Henderson, White, Jessop and Dr. Price, a piano duet by Misses Patterson and King, a piano solo by Miss Patterson, cornet and trombone duet by Messrs. P. Harding and Russell Morrow and anthems by St. Andrew's choir completed a programme of unusual merit. The audience, while scarcely as large as expected owing to the stormy, disagreeable night, was keenly appreciative and had nothing but words of the warmest praise for the programme. The proceeds, which amounted to $53, will be devoted to Missions. Rev. W. M. Morris, pastor of the church, made a witty and entertaining chairman.

Rev. David Lane, of Cookstown, has accepted the call to the pastorate of Grand Valley and South Luther Presbyterian churches.

LIBRARY INSTITUTE.

Annual Meeting of the Orangeville District Association

Twenty-Three of the Thirty-Eight Libraries in District Were Represented by Delegates.

The Durham Chronicle gives the following report of the District Public Library Institute meeting held in that town last week:—

The Public Library Institute of Orangeville District held its fifth annual meeting in the Library building here on Monday and Tuesday. The district comprises 38 libraries and 23 of these were represented by delegates.

The Association opened at 2.45, when the delegates signed the register, after which a short address of welcome was given by Secretary Ramage, who expressed pleasure at seeing so many present. He referred to the new building, not yet fully equipped, being handicapped for want of funds. He hoped, however, to meet with liberality from the council and a growth of progress. The first library was organized as a sort of joint stock concern in 1873, when each member paid a dollar. Not one of the first members is now living. Of the twelve presidents who held office, Principal Allan, J. A. Graham and Dr. Farquharson are the only survivors.

A nominating committee was appointed, consisting of Mr. Alex. Firth, of Orangeville, Rev. Mr. Black, of Mono Mills, and Mrs. Wisler, of Hanover.

At the close of the afternoon meeting, the following new officers were recommended by the nominating committee, and the report ratified by the association:—President, John Taylor, Hanover; 1st Vice Pres., Rev. R. M. Phalen, Markdale; 2nd Vice Pres., Jas. McKinley, Grand Valley; Secretary-Treasurer, D. McPherson, Orangeville. Executive — Mrs. D. P. Coleridge, Holstein; Jas. Cameron, Shelburne; Rev. J. A. Black, Mono Mills; Mrs. Wisler, Hanover; Jas. Gardner, Kemble; Miss Hart, Brampton; J. A. McFadden, Mono Centre; C. Elvidge, Durham; Miss Scott, Owen Sound.

Dr. Farquharson in his annual President's address expressed pleasure at seeing so many present but regretted the death of his predecessor, Dr. Moore, of Brampton. The public library he regarded as a great educator, closely allied with the church and the school, but fills vacancies that cannot be filled by either of the other institutions. It supplies a want of the workman, the woman of the house, gives a sweep over the history of the past and everything has a history. Reference was made also to the poetic, scientific and other influences of such an institution.

The instruction hour, conducted by Miss Spereman, cataloguer, Department of Education, Toronto, in which she very lucidly explained both classification and cataloguing in public libraries, was a real treat to all present and was a great departure from the methods hitherto in operation. By the improved methods so ably exemplified, the librarians were always in possession of a direct guide to every book in the library and could pick it out with little trouble. All present regarded the system with favor and the library here will soon introduce it. Miss Spereman has had a great deal of experience and is thoroughly familiar with the work. For some time she has been engaged in classifying and cataloguing public libraries at the expense of the Government. Durham is on the "waiting list" to secure the services of Miss Spereman, but the time of her probable arrival is not yet known.

All the delegates present reported on their respective libraries. Many of them are said to be in a prosperous condition, while some of the weaker ones are struggling for an existence. The introduction of the rural mail service has caused a greater interest in newspaper reading, with a corresponding decrease of interest in the weaker libraries. Brampton, Orangeville, Hanover, Owen Sound and Shelburne are apparently the most active libraries in the district.

At the evening meeting, short addresses of welcome were given by Mayor Black and Dr. Jamieson.

Mr. W. R. Nursey, Inspector of Public Libraries, Toronto, read an address on Libraries on Children's Work. He strongly advocated that more attention should be given to the children. He recommended large, airy rooms with special departments for children and the furnishing of special and suitable books and literature. Attractive pictures are a desirable feature of public libraries, but care should be taken that only good pictures are selected. Pictures are as much to the child as the text is to older people. He thought the clergy did not take as much interest in the work as they should. A proper interest in library work would reduce crime, and he quoted Victor Hugo as saying "Every school opened means a prison closed." A good motto in the children's department is "Clean hands, clean hearts and clean books." Books of quality only should be given to the young. To know one book well is better than to skim superficially over a hundred.

The meeting closed with brief addresses by Rev. Mr. Prudham, Rev. Mr. Yager and Rev. Mr. Black.

On Tuesday morning Miss Spereman concluded her excellent address on cataloguing, which was most highly appreciated.

Inspector Campbell was down for an address on "The Library and the School," and during the whole time at his disposal he held the rapt attention of the audience to one of the most impressive and most practical addresses of the convention. We feel confident the visitors were pleased with his remarks, and feel that his timely words of wisdom have given an inspiration that will lead to a broader and higher interest.

Books must be selected with a distinct aim. Library boards must do things they are not doing now. They must reach out more to the social and moral aspect to accomplish the higher purposes. Librarians in many cases must be different from what they are. They should know the value and influence of the books, and know best where to place them for the upbuilding of the community. After saying "Librarians are not paid enough for the work they have to do," he suggested "The Ideal Librarian" as a subject for next year's meeting.

The rural schools are too isolated but an uplifting influence on the rural community has been caused by the introduction of the rural mails and telephones.

In urban centres there is a general reaching out after industrial development, and departments of work have become so narrowed and specialized that the workman is reduced to a mere machine. The constant monotony of its everyday life has a narrowing influence and the school and library must come as an adjunct to give new thought, and brighten and broaden his ideals of life.

Beauty in the article produced must go hand in hand in its utility to give it proper value and to secure a market. Ugly goods, though equal in other respects to the highly finished article, are almost sure to be passed over on the marts of trade.

Mr. Campbell closed his excellent address by giving a list of the classes of books to select and expressing his opinion that public libraries can never fulfil the proper functions of a library to our schools.

Mr. Nursey concluded the convention with an instructive address on Departmental Matters. He referred particularly to the "Travelling Libraries," of which there are 270 in the province. One point of his address was of especial interest, inasmuch as he explained the action and willingness of the Department to supply free of charge to industrial or manufacturing centres, to Women's Institutes or to individuals, a large selection of literature suited to their various requirements, and along the line of work in which they were interested.

The following is a list of delegates in attendance, and the address of each:

W. R. Nursey, Inspector of Public Libraries, Toronto.
Miss P. Spereman, Cataloguer, Department of Education, Toronto.
Joseph Davidson, Lake Charles.
W. H. Crosby, Badjeros.
Mrs. E. M. Wisler, Hanover.
Joseph Gardner, Kemble.
James Cameron, Shelburne.
J. A. McFadden, Mono Centre.
James McKinley, Grand Valley.
Mrs. East, Honeywood.
D. McPherson, Secretary of the Institute, Orangeville.
Rev. J. A. Black, Mono Mills.
J. H. Marshall, Claude.
Miss Clifton, Bolton.
Miss Hart, Brampton.
J. F. McDonald, Belfountain.
Miss Vogan, Caledon.
W. J. Atkinson, Caledon.
Alex. Firth, Orangeville.
C. Elvidge, Durham.
Mrs. D. P. Coleridge, Holstein.
Miss Scott, Owen Sound.
Rev. Dr. Farquharson, Durham.
Rev. W. J. Yager, Hanover.

MELANCTHON.

Mr. John Breen took in the Live Stock Show in Toronto last week. Mr. Breen seldom misses an opportunity of viewing and selecting the best stock for his herds.

There are considerable objections to the high taxes among the ratepayers this year, but we don't think the taxes are any higher than might be expected when the ratepayers, by their votes, authorized the council to build the expensive bridges over the various streams in the township. Our Reeve and councillors do not pretend to be more than human and if the ratepayers want the improvements they can only expect to pay for the same.

We have been experiencing some fine weather up in this northern part of the county, but at present writing it looks as if we are going to have a general freeze-up.

Your correspondent has noticed quite a number of red squirrels running about the woods this fall, which some say is an indication of a mild winter.

If you want bargains in boots and shoes call on McPherson & Johnston this week. They have some lines on sale at prices that will interest you.

CAMILLA.

Mr. D. McLeod, of Caledon, was the guest of Miss Victoria Parks, Sunday.

Miss Elsie McArton, of Orangeville, spent the week end with Miss Myrtle Kyles.

Rev. A. J. Fowlie attended the funeral of Rev. Dr. Ross in London on Friday.

Mrs. A. Bremner is spending a few weeks with friends in New York and the southern States.

Miss Mabel Neil is visiting Guelph friends.

Miss Margaret McMillan, of Orangeville, was the guest of Miss Robena Thompson last week.

Mrs. William Little is spending a few days with her son, Jim.

Mr. Fred Turner, of Toronto, visited his parents, Mr. and Mrs. John Turner last week.

Local News

—The Town Council held a special meeting on Monday evening.

—Rev. G. W Tebbs will address the Bradford Men's Club on Thursday evening.

—Bibles, Hymnals and English Church Prayer Books on sale at The Banner Bookstore.

—Judge Fisher held Voters' List Court on Tuesday. Something like 115 names were added to the list.

Bargains in all lines of Boots and Shoes at McPherson & Johnston's.

—Mrs. Albert Curtis, of Camilla, has just received word of the death of her father, Mr. Thos. Bryce, at his home in Lancashire, Eng.

—Lillian Duke, daughter of Mr. H. A. Duke, West Broadway, won a handsome camera in Mr. T. J. Brown's bear guessing contest.

—Mr. R. Scott, of Melville Cross, had his right arm badly gashed by a circular saw a week ago Monday. Thirteen stitches were required to close the wound.

—Mr. and Mrs. S. Thompson, West Broadway, Mrs. Jos. Cotton, and Mrs. Wm. Cotton, of Shelburne, spent Sunday with Mr. and Mrs. Hilliard Cotton of Mono.

—Miss Henrietta Wallace will act as accompanist to-night (Thursday) at the sacred concert in Victoria Presbyterian Church in Toronto. Harold Jarvis is the soloist.

—Mac Laird, son of Mr and Mrs. Alf. Laird, of Norval, who was badly injured some weeks ago by a fall from a mow, is improving rapidly and will soon be as well as ever again.

—The six year old son of Mr. J. J. Lefebvre, Centre Road, Mono, had his collar bone broken the other day by falling from the handle bars of a bicycle, which a larger boy was propelling down a hill.

—The Mono Centre Branch of the Women's Institute will hold their meeting at the home of Mrs. W. Barber on Thursday, Dec 4th, at 2 o'clock. Exhibition of homemade Christmas presents.

—At a meeting of the Public School Board on Friday night, Mr. A. E. Annis was given the appointment of Secretary. Mr. Annis succeeds Mr. H Endacott, who resigned upon his appointment as Sheriff.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

—License Inspector Robinson has lodged four informations against local hotelmen for liquor selling. One of the informations is against J. E. Booth, one against Bert Booth and two against James Irwin, of the Station Hotel.

—Mr. E. G. Bingham, Zina St., was among the successful exhibitors at the Toronto Dog Show last week. Mr. Bingham's Airedales captured two specials offered by the Airedale Kennel Club and also won second prize in the Puppy and first prize in the Novice Class.

CALEDON TAXES

Taxes for the Township of Caledon may be paid at the Sterling Bank in Alton.

—Rev. G. W. Tebbs, rector of St. Mark's, was elected 1st Vice-President of the Ontario Horticultural Society at the annual Convention in Toronto last week. Rev. Mr. Tebbs takes a great interest in floriculture and is a recognized authority on the subject.

—Mr. Judge Cameron arrived home from the West last Monday after a two months' visit. Mr. Cameron spent some time with his son, George at Indian Head, Sask., and also visited a number of important centres including Edmonton, Saskatoon, Duluth and Chicago.

—The Board of Trade held a well-attended meeting on Friday night. The auditor's report, covering the year ending [illegible] Secretary-Treasurer H. Endacott handed his books over to [illegible] Mr. Jos. Kelly, was appointed and adopted. Mr. O. Wilder [illegible] of the Publicity Committee occupied the chair.

—Mrs. W. McHugh, of Milton, a niece of Mrs. H. Savage, Second Ave., died in Toronto General Hospital [illegible] morning following an operation. Mrs. Minnie Savage left yesterday morning to attend the funeral, which will take place at Hornby this afternoon. Mrs. McHugh was a widow and leaves no family.

WHEN BABY CRIES.

There is no excuse for lack of patience or scolding or shaking your baby for crying. He does not do that to be ugly—that is not a baby's nature—he wants to laugh and be happy, but when he cries that is the way he takes of telling you he is in pain; that is his little stomach is out of order or that his new teeth hurt him. Instead of being cross give him a dose of Baby's Own Tablets and you will soon see him laughing and happy again. The Tablets sweeten the stomach; make teething painless; break up colds; cure constipation and expel worms. Sold by medicine dealers or by mail, at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Personal Mention

Mrs. T. J. Brown is visiting her mother in Arthur.

Mr. and Mrs. J. J. White were in Toronto on Tuesday.

Mrs. W. J. Little, of Shelburne, was in town on Tuesday.

Miss Hilliard, of Cataract, visited Mrs. J. M. Deagle over Sunday.

Mr. Robert Mann, Zina St., spent the week end with friends in Toronto.

Miss Gladys Cotton spent the former part of the week with Toronto friends.

Mr. John Cameron arrived home from the West this week. He reports a very pleasant trip.

Miss Lillian Mellor, of Grand Valley, spent the week-end with Mrs. Youmans, 1st Avenue.

Mr. John McIntyre, of Guelph, was the guest of his brother, Mr. Geo. McIntyre, over Sunday.

Miss Gertie Ritchie, of Dundalk, was the guest of her mother, Mrs. R. W. Ritchie, over Sunday.

Mrs. W. H. Jessop, Centre Road, Mono, is spending a few days in Guelph visiting her mother and sister.

Mr. and Mrs. John Clark, of Alton, left to-day for Kingston, Mich., where they intend to spend the winter.

Mr. Ivor C. Brooker and Miss Lottie E. Roberts, of Toronto, announce their marriage to take place the 3rd of December.

Mrs. Jas. McMaster and Mrs. T. J. Harshaw, Prince of Wales Road, spent last week with friends in Toronto and Norval.

Miss May Harmon, who has been living in Calgary since early last spring, arrived home this week and will spend the winter here.

Mrs. Benj. Booth, of Buffalo, who has been visiting her sister, Mrs. Albert Curtis, of Camilla, left last week to visit her brother in Galt.

Mr. "Tod" Lewis, of Calgary, is visiting his mother, Mrs. F. W. Lewis, 3rd Ave., and other friends hereabouts. Mr. Lewis will probably spend the winter in the East.

Mrs. C. A. Wray, of Rodney, who was a delegate to the Women's Institute Convention held in Toronto last week, spent Sunday with her aunt, Miss Cobean, Church St.

The approaching marriage of Mr. William G. Kidnie, of Mono Centre, and Miss Grace M. East, of this town, is announced. The interesting event will take place early in December.

Mr. and Mrs. A. McDonald, and Miss Alice McDonald, of Shelburne, accompanied by Mrs. McDonald and little son from the West, were guests of Mr. and Mrs. W. J. McKitrick over Sunday.

Mr. H. B. McGuire, who has been relieving C.P.R. operator at the Orangeville station for two weeks, went to Wingham last Thursday morning. He will relieve the regular operator there for a couple of weeks.

Dr. and Mrs. W. H. Bowles were at Caledon East yesterday attending the marriage of their nephew, Mr. Mel McCartney, son of Mr. and Mrs. Thos. McCartney, to Miss Whaley. Mrs. Bowles played the wedding march.

Mr. and Mrs. Alex. Porterfield, Prince of Wales Road, Mono, drove to Barrie last Saturday and spent a few days visiting Mrs. Porterfield's uncle, Capt. Robt. Reynolds. They returned on Tuesday and report good roads, a delightful trip and an enjoyable visit.

Dr. and Mrs. C. M. Smith, late of Summerland, B.C., are spending a few days with Mr. and Mrs. C. R. McKeown. They were formerly residents of Orangeville, but have lived in Summerland for the last decade. Dr. and Mrs. Smith are now moving to Sault Ste. Marie.

Mr. and Mrs. George King, John St., left town yesterday on a three months' visit to their former home in England. They will sail on the Empress of Britain on Friday. While in the Old Country they expect to spend most of their time in Lincoln and Leicester counties.

Mrs. M. L. Fremlin, one of our old residents, is leaving town this evening for Toronto, where she will make her residence in future. Mrs. Fremlin will be greatly missed in town, her services having come to be regarded as well-nigh indispensable at many social functions. The good wishes of a host of friends accompany her to her new home.

—Books on Scoutcraft are now on sale at the Banner Office.

Choral Union

Members of the various church choirs met in the basement of the Methodist Church on Tuesday night and organized a Choral Union. The officers are:—

President—Dr. Price
Secretary—Clifford Henderson
Treasurer—Don McPherson
Conductor—Mr. J. E. Jessop
Accompanist—Miss C. C. Wright
Executive—The Officers and Mrs. J. B. Adamson and Mrs. R. H. Robinson.

For the present meetings will be held every Tuesday night. The Union will probably put on a big concert early next year.

Young People's Meeting

The Literary and Social Committee furnished an interesting programme at the weekly meeting of St. Andrew's Young People's Society on Monday night. The leading feature was a series of lantern views some eighty in number, illustrating Henry Vandyke's well-known book "The Other Wise Man." The views were explained by Miss Strang, of the High School, whose clear and succinct narrative of the story was keenly relished. The other numbers were a piano solo by Miss Alberta Kearns, a solo by Mr. A. G. MacGregor and readings by Miss Fraser Dodds and Mr. Don McPherson.

Wm. Winfield, of Woolwich, has bought the old Clegborn farm in Pilkington for $4500.

At White House Wedding

A despatch in the Daily Star stated that among the guests at the White House wedding in Washington on Tuesday were Hon. Robt. G. Bremner, Congress representative for New Jersey, and Miss Helen Bremner, who has been visiting in Washington for the past few months.

Lecture on Missions.

Mr. W. C. Senior, secretary of the Baptist Church Foreign Missions Committee, addressed the Epworth League of the Methodist Church on Missions on Monday night. The Ladies Quartette, consisting of Mrs. R. Robinson, Mrs. Bowles, Mrs. W. M. Green and Miss Bell, contributed to the programme.

Scoutcraft.

The trek wagon has arrived.

Next week Capt. Hammond with his lantern slides.

The Boy Scouts will assist in the distribution of literature on Tuberculosis Sunday, Nov. 29th.

Signal practice and song practice on Friday.

Address on Formosa

Miss H. Connell, a missionary lately returned from Formosa, will speak in St. Andrew's Church to-night (Thursday) on the Present Day Situation in Formosa. Miss Connell is a native of the neighboring town of Alliston and is said to be an excellent speaker.

The Bible Society

The Orangeville Branch of the Bible Society held its annual election of officers a week ago Monday night. The officers for the ensuing year are:—President, Rev. G. W. Robinson; Secretary, Mrs. W. J. Gordon; Treasurer, Mr. W. C. McMillan; Executive, the resident ministers and Messrs. Jas. Dodds, M. H. Shaw, W. J. Gordon, and Wm. Harding. Collectors were also appointed for the various Wards.

Cash for Coal

Lathwell & Son, coal and wood dealers, have decided to adopt the cash system, commencing on January 1st, 1914. On and after that date credit will not be given and all orders will be filled on the understanding that they are to be paid for as soon as the coal or wood is delivered. Customers who owe accounts are reminded that the firm will expect to have these settled on or before the New Year.

The Salvation Army

Special meetings will be held in the Salvation Army Hall on Mill St., on Sunday, Nov. 30th, and will be conducted by Capt. Chapman and Lieut. Luxton. In the morning at 11 o'clock there will be a Holiness Meeting. Subject, Prayer. A special musical programme will be given Sunday afternoon at 3 o'clock. A great Salvation Army meeting at night. Subject, "Two Fools, What Became of Them," by Captain Chapman. All heartily welcomed.

Mission Band

A Mission Band has been organized in the Methodist Church under the name of "The Kathleen Robinson Mission Band." Several ladies of the congregation, led by Mrs. Geo. Wilcox, District organizer of the W. M. S., are taking a deep interest in the work. The following officers have been elected:—

Pres.—Willie Porter.
Vice-Pres.—Ross McCartney.
Rec.-Sec.—Miss Maggie Rowan.
Treas.—Clarence McConnell.

MONO TAXES

Mr. R. W. Langford, tax collector for the west half of Mono township, will be at Dean's hotel, Primrose, on Tuesday, Dec. 9th, for the purpose of receiving taxes.

—The new cement bridge at McMaster's on the Prince of Wales Road was opened for traffic on Saturday. It is a substantial structure and should last for many years.

A. Y. P. A. Meeting.

Next Monday evening St. Mark's A.Y.P.A. will hold a social, a spelling bee and an exhibition of gold and silver medal prize lantern slides won at photographic competitions in the United Kingdom. These consist of landscapes, seascapes, child studies and genre studies. There will be a silver collection.

Wonderful Value.

The best dollar's worth offered today is a year's subscription to The Family Herald and Weekly Star of Montreal. Any home not now receiving that paper is missing a treat for every member of the family—from grandfather or father down to the youngest tot. Try it for a year and you will be convinced. The Publishers will refund your money if you are not satisfied. It is certainly worth your while to try it for one year.

The Rev. Irl. Hicks 1914 Almanac.

The Rev. Irl R. Hicks 1914 Almanac is now ready and will be mailed prepaid for only 35c. Professor Hicks' fine Magazine, Word and Works, for one year, and a copy of this Almanac for only one dollar. The plain lessons on astronomy, and the correct forecasts of storms, droughts, blizzards and tornadoes, make these publications a necessity in every home in America. Send to Word and Works Publishing Company, 3401 Franklin Avenue, St. Louis, Mo.

Prizes at Stock Show.

Mrs. W. H. Hunter & Sons, The Maples, showed a number of their famous Herefords at the Toronto Stock Show last week and were successful in carrying off the following prizes:—Yearling bull, 1st with Bonnie Brae; yearling heifer, 3rd with Brenda; senior heifer calves, 4th with Nancy Carrol; junior heifer calves, 2nd with Sweetheart; senior bull calves, 2nd with Roxie's Laddie; junior bull calves, 2nd with Commander. They also carried off the junior championship with Bonnie Brae, defeating the $1000 calf, Lord Fairfax.

Adopting Cash System.

Mr. James A. Arnott, dealer in boots and shoes, has decided to inaugurate a strictly cash system commencing on January 1st next. Mr. Arnott is making the change because it will put him in a position to buy and sell cheaper. The dealer can buy cheaper when he has the spot cash to pay for his goods and it naturally follows that he is then in a position to sell cheaper. The cash system also does away with bad accounts, so that the person who is honest and pays for his goods will not have to help make up the losses due to the failure of the dishonest customer to pay anything at all. Mr. Arnott, who has been in business in Orangeville for ten years, wishes to express his hearty thanks to the general public for the liberal patronage he has enjoyed and to solicit a continuance of their custom under the new system.

Fed on Eaton's Catalogue

Rev. Dr. John Neil, pastor of the Westminster Presbyterian Church, Toronto, preached two very interesting sermons in Knox Church, Shelburne, on Sunday last. Dr. Neil was a native of Mono Centre until he was twenty years of age. In the course of his sermon on Missions at the morning service, he related an incident about a town he knew which paid $100 a month to a baseball pitcher, but were generally short on their appropriation for missions. He said he did not wish his hearers to think that he was opposed to baseball as he used to play the game himself and he had a distinct recollection of playing a game with Shelburne nearly forty years ago, when the Mono Centre Club got a severe drubbing. At the evening service Dr. Neil got off the following in which there is more truth than poetry. He said that the past generation had been brought up on oatmeal and the shorter catechism, while the present generation is being fed on toasted cornflakes and Eaton's catalogue.—Free Press.

McMILLAN CLOTHING CO'S. OVERCOATS

Let us save you the trouble of shopping around for an Overcoat or Ulster. If you want one for $10 or $12, we can show you a larger range than you are likely to meet within a day's search elsewhere. If you want to pay $15 or $18 we would like to have your honest opinion about the smart and comfortable coats we offer at these prices. Men, you save time and you save money and you give yourself a mighty good looking and long-wearing coat into the bargain if you begin and end your Overcoat buying right here--NOW.

$10 to $18

We guarantee every garment we sell to be just as represented or money refunded.

ELEMENTARY EDUCATION.

Provision Made for Instruction in Rural and Village Schools.

That the needs of country life may be more adequately met in the education provided for country children, the department of education for the Province of Ontario, co-operating with the Department of Agriculture, has made provision for instruction in elementary agriculture and horticulture in rural and village schools. The introduction of the subject is not obligatory, but is left to the option of the board of trustees. Besides the instruction in the class-room the work will be carried into effect through the encouragement of home gardening schemes, children's progress clubs, experimental and observation plots, as well as flower beds and borders on the school grounds, and other practical measures. The practical part of the work may be carried out in either one of two ways: (1) A Home Gardening Plan, (2) A School Gardening Plan. The work will be under the general supervision of the director of Elementary Agricultural Education. He will assist in carrying out the work by arranging for experiments and demonstrations, supplying charts, instruction sheets, bulletins, leaflets for pupils, material for sowing, etc. The work of inspection and supervision by inspectors and field agents will be under his charge. The work in the schools will be taken up in a practical way (1) under teachers competent but not specially certificated, and (2) under teachers holding special certificates in elementary agriculture and horticulture. Teachers will receive certificates in elementary agriculture and horticulture upon the satisfactory completion of (1) a ten weeks' spring course at the Ontario Agricultural College, (2) two summer sessions at the college and a directed winter's reading course, or (3) a course in agriculture at a high school, followed by a further course at the normal school and one summer session at the Ontario Agricultural College. A rural school board or a school board of a village that provides and maintains satisfactory to the minister throughout the year a course in elementary agriculture and horticulture will be entitled to special grants. To the teacher also who carries out this work satisfactorily on the reports of the inspector and of the director, the minister will pay, in addition to the salary paid by the school board, an additional grant. Schools intending to undertake for the first time, or to continue this work, and thus qualify for the entire annual grants, must notify the director of elementary agricultural education at as early a date as possible before December 31st on the form provided in the school register. This notice shall be signed by the secretary as well as the teacher.

WEALTH OF HAIR

PARISIAN SAGE IS THE PREPARATION THAT GROWS HAIR, STOPS DANDRUFF AND MAKES HAIR GLORIOUSLY RADIANT.

Money back says F. S. Pickering if Parisian Sage does not eradicate all dandruff, stop splitting hair, falling hair and scalp itch, and put life and lustre into the dull faded hair of any man, woman or child.

Parisian Sage is pleasant and refreshing. No cheap perfumery odor, no disagreeable concoction, but a daintily perfumed tonic—one that is not sticky or greasy—that proves its goodness the first time you use it.

Baldness and faded hair are both caused by dandruff germs. Parisian Sage kills the germs and causes the hair to grow abundantly.

Large bottle at T. Stevenson's and druggists everywhere. Regular price 50c.

BOTH RAMS DEAD.

Martin and Tucker Phillips, of the Collingwood Gravel, each had a borrowed ram last week. Tucker's ram saw the other fellow across the fence and decided that he would go over and make lamb chowder "outen" him. He jumped the fence and with head lowered went after Martin's ram like a torpedo from a battleship. There was a crash that could be heard across a ten-acre field, and the invading force crumpled up dead as a door-nail, and was carted home on a stoneboat. Martin's ram at time of writing was still living but paralyzed from stem to stern, and in ordinary phraseology, slight hopes are entertained for his recovery. Later—He is dead.—Flesherton Advance.

LOW RATES TO CHICAGO, ILL., ACCOUNT INTERNATIONAL LIVE STOCK EXPOSITION

The Grand Trunk Railway System will issue round trip tickets at reduced rates to Chicago, Ill., account International Live Stock Exposition, to be held at Chicago, November 29 to December 6, 1913.

Ed. Batters, a Grand Valley live stock dealer, ran foul of an inspector at the Union Stock Yards, Toronto, for overloading a car of lambs, and was fined $25 and costs.

Sportsman (who has missed everything he has fired at) "Did I hit him?"

Keeper (anxious to please): "Not 'xactly 'it 'im, sir; I can't say that. But, my word! I never see'd a rabbit wuss scared."

"MY ONLY MEDICINE"

Says Mrs. Corbett, Are "Fruit-a-tives" "They Keep Me in Perfect Health"

MRS. ANNIE A. CORBETT

AVON, ONT., May 14th, 1913

"I have used "Fruit-a-tives" for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. I am highly pleased with "Fruit-a-tives" and am not ashamed to have the facts published to the world. When I first started, about six years ago, to use them, I took four for a dose, but I cured myself of the above troubles and gradually reduced the dose to one tablet at night.

Before taking "Fruit-a-tives" I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the disease as from these treatments.

Finally, I saw "Fruit-a-tives" advertised with a letter in which someone recommended them very highly, so I tried them. The results were more than satisfactory and I have no hesitation in recommending them to any other person. They have done me a world of good. I get satisfaction from them, and that is quite a lot". ANNIE A. CORBETT.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

MUNICIPAL STATISTICS FOR SIMCOE COUNTY.

Collingwood Leads the Towns in Population.

Municipal Bulletin No. 7, which has just come to hand, gives the assessed population of all Ontario municipalities for 1912; also, the assessed values, taxation, debenture debts and sinking funds for 1912. Following are some of the statistics for the County of Simcoe as given in the bulletin:

Townships	Population.
Adjala	1,820
Essa	2,934
Gwillimbury, West	2,021

The townships of Essa, West Gwillimbury and Tiny and the village of Victoria Harbor appear to have no debenture debt.

HARD TO BEAT THE CHOIR.

It looked like a duel between the parson and the choir, and at the end of the ninth innings the score seemed in favor of the singers. It was at the morning service and the minister, sitting in the pulpit with a dignified expression, listened to the singing of the usual anthem. Then he arose and announced in a loud, clear voice: "My text will be: 'After the uproar has ceased.'" For a moment the members of the choir looked as if they had been fed on persimmons instead of peaches, and then they got together and in the softest kind of whispers began to talk it over. As a result of the subdued conference a slight change was made in the musical program; and when the sermon had ended and the organ pealed forth, the choir sang: "Now it is high time to awake after sleep."

THE RURAL WOMEN MEET.

Seven Hundred Strong.

Annual Convention of Ontario Women's Institute Reviews Work of Year.

If any one wants to see what an all-round advance has been made by the rural women of this province let them visit Foresters' Hall to-day or to-morrow. There seven hundred feminine representatives from Ontario villages and farms are holding their annual Women's Institute Convention. Begun as a place to swap recipes and general housewife lore, the Women's Institutes are now branching out in many directions in order to fully live up to their motto, "For home and country." To sum up all their splendid endeavors it could be said that they are now doing in the country districts what the local council of women strive to carry out in the cities.

At this morning's opening session, Mrs. William Bacon, of Orillia, presided, and Rev. James W. Pedley officiated at the devotional exercises. Seven hundred and eighty institutes were represented and the prosperous appearance of Ontario's feminine folk did not look much like hard times.

First came reports from branch institutes and much good work for the general good of the various communities, especially in relation to child welfare, was told. At eleven o'clock "Medical Inspection of Rural Schools" was the subject. Mrs. Wilson, of Parkhill, told of how her district was roused to the importance of medical inspection by a speech there by Dr. Helen MacMurchy two years ago. As a result, the community was so roused that a medical inspection was taken, and fifty per cent. of the children found defective. Medical attention had been given to sixty per cent. as a result. In closing, Mrs. Wilson moved that "the Ontario Women's Institutes should agitate for medical inspection in all the rural schools."

Dr. W. E. Struthers followed Mrs. Wilson with an eloquent plea for such a system. He told of the good done by such work in the city schools in giving every child a chance. To make the schools a centre for an all-round development of future citizens should be the aim, declared Dr. Struthers. The illustrated views of the medical inspections of the schools heightened the strong impression made by his address.

At the afternoon session Mrs. C. E. Horning, of Hamilton, presided. Mr. Geo. A. Putnam, Superintendent of Women's Institutes, in his annual report, gave a most comprehensive review of what the women's institutes meant. He considered it an honor to be connected with work of agricultural betterment and instruction. The public, too, he noted, were being taught by present high prices to take a keener interest in such problems. He spoke of the modest beginning of the Women's Institutes and their ever expanding interests which were doing so much for individual efficiency and ambition, family life, community pride and attainment and for the entire country. Five or six years ago Ontario led in the formation of Women's Institutes, now British Columbia, Alberta, Saskatchewan, Manitoba and New Brunswick were doing good work, Prince Edward and Nova Scotia had made a beginning and Quebec, though not receiving Government aid, was making a start through private individuals.

No rural district, said Mr. Putnam, could afford to be without its help to bring about a better social life, a finer neighborly spirit. The best women of the community, banded together, must mean an untold power for good. Much of the time now devoted to social functions in our large cities might well be spent in activities such as those of the Women's Institutes. Some of these were: The securing of land and beautifying it for parks, the establishment of halls for meetings and the social life of the institute, devoting funds to the care of the helpless, true neighborliness extended to the needy and widows, medical inspection in schools, the establishment of a closer bond of fellowship between neighbors, the making of a friend to whom you feel that you can confide everything and who will stand by you in the day of trouble or need, the consideration of the everyday activities, and responsibilities of the household.

To make the last and best word of recognized authorities the common property of the common people should be the big aim of the Institutes.

A central bureau for the collection and dissemination of this knowledge, supplemented by instructors to go among the people to teach, advise and direct is the chief need in Institute work.

Mr. Putnam above all urged his hearers to take a keen interest in the schools. He would like to see women on the boards. Not only a keener interest in the studies but in the recreation was needed.

The value of the demonstration work was also dwelt on. Among the unique features of various institutes this year Mr. Putnam said in Essex county there is a "watch-out committee" to report grocers who do not keep their goods properly covered and protected. In another locality the institute has introduced the method of using cement for the preservation of trees. In another district, the members of an Institute give their orders to the merchants so they may be filled and delivered before 6 p.m.—Evening Telegram.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops dropping in the throat and permanently cures Catarrh and Hay Fever, 25c. a box; blower free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Limited, Toronto.

SNAPS IN HEATERS

BUYERS, who took advantage of our Ten Day Sale of Ranges, are now numbered amongst

Our Best Satisfied Customers

On going through our Stock of Heaters we find that we are overstocked in some lines and in order to reduce these lines before the season is over we have decided to offer the Heaters at prices that will ensure a quick sale. Here are some samples of the Snaps we are offering:

Principal L. J. Williams, of the Oakville High School, has resigned to take a position in the new school at Medicine Hat, Alta.

A convention of the North Wellington Sunday School Association will be held in the Presbyterian Church at Mt. Forest, on Dec. 11th.

Firth Jaffray, of Bolton, noticed a broken rail a week ago Sunday and gave warning to the trackmen just in time to avert an accident.

The body of Rev. Frank Butler, of Thessalon, was found in the lake, with the throat cut. A coroner's jury rendered a verdict of murder.

Mrs. Whalley, mother of Town Clerk, Thos. Whalley, of Shelburne, died at her home in Toronto from heart failure a week ago Sunday.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Mrs. William Abbott, aged 100 years, the oldest resident of McGillivray Township, is dead. She has been an invalid for more than ten years.

Jenison Young, city editor of the St. Thomas Journal, was banqueted and given a club bag prior to his departure to join the London Advertiser staff.

The 50th anniversary of the establishment of St. Andrew's Presbyterian Church in Creemore will be celebrated by special services on Sunday, Dec. 7th.

W. J. Fleming has sold his residence and chopping mill in Shelburne to Ed. Maudley, lately of Corbettes. Mr. Fleming will operate a sawmill in Elba.

Knox Church Branch having recently been made a separate Presbyterian congregation, at Guelph, have chosen hereafter to be known as St. Paul's Presbyterian Church.

Rev. G. F. Assister, pastor of the Disciples Church in Grand Valley, has signified his intention of resigning at the end of three months and moving to London.

Ross Allan, of Whitby, has entered a Baltimore hospital to have a new nose and lips built up from flesh taken from his arm. He was injured in a sawmill five years ago.

A sixteen-year-old Owen Sound boy lost the sight of his right eye by the cap of a cartridge in a defective rifle, which he was using, flying backward and striking him in the eye.

The directors of the London and Lake Erie Radial Railway Co. have been petitioned to construct an extension through Elgin from Union to Sparta, and further, if possible, to Port Bruce.

William Babcock, of Ridgetown, has been sent for trial on a charge of causing the death of Henry Albright, a neighbor, whom he struck in a quarrel over a drain. He is out on $10,000 bail.

Mr. and Mrs. W. E. Clayton, East Garafraxa, announce the engagement of their daughter, Mary Evelyn, to Mr. Cornelius McGuire, of Brantford. The marriage will take place on December 10th.

S. Hastings, of Tuam, has an $800 pair of roadsters that have won 11 first prizes shown together and 11 firsts in the single class at fall fairs this year. Their aggregate winnings amount to $175.

There is a probability that the County House of Refuge and the large farm in connection therewith will shortly be removed from Berlin, where it has been established for about half a century.

The engagement is announced of Miss Eva Jane, daughter of Mr. and Mrs. David Taylor, East Garafraxa, to Mr. Harold Scarrow, of West Luther. The wedding will be celebrated on the 17th December.

Jacob Knoblauch, of Hessan, Ont., has been charged with stabbing and wounding his wife in fourteen places on the face and arms in a quarrel as to whether their child should be sent to the Public or Separate school.

Acton Board of Education has declined to accept the resignation of Mr. H. P. Moore, who has filled the position of Secretary-Treasurer for the last 35 years. Instead the Board decided to increase his salary to $125 a year.

TIRED-OUT KIDNEYS.

Kidney troubles are so frightfully common because the kidneys are so easily upset by overwork or excesses of eating and drinking. Curing is effected not by whipping them on to renewed effort, but by awakening the action of liver and bowels by the use of Dr. Chase's Kidney-Liver Pills. This rests the kidneys and makes them well. Backache and urinary disorders then disappear.

For attempting to steal an overcoat in the American hotel, Guelph, a hobo giving the name of Oliver McCasey, Mt. Forest, was sentenced to 30 days in Guelph jail. No one of that name ever lived around Mount Forest.

O. M. Seim, one-time editor of the Holstein Leader, and now proprietor of the Hepworth Progress, has two boys with royal birthdays and names in keeping. Gordon Victor was born May 24, 1910, and Kenneth on Nov. 9, 1912.

At the Durham cement works a human skull in a good state of preservation was found in a load of marl just delivered from the marl beds at Hanover. The residents of Hanover are now endeavoring to recall any mysterious disappearance in recent years.

Harry McGie, of Plattsville, must pay Benjamin Whitmore, of Goderich, $100, and Mrs. Whitmore $200, for sending them postcards insinuating that Whitmore had stolen two musical instruments, which he had simply taken because his salary as leader of Plattsville band had not been paid.

James McLean, a Durham young man, has been sentenced to 18 months imprisonment for the part he took in holding up and robbing Arthur Lewis, a young Englishman, last August. Brooks, his companion in the crime, has already been sentenced to seven months imprisonment.

John Brock, son of Mr. William Brock, mail carrier at Monck, was killed by a fall from the ninth story of the big Dominion Bank building now in course of erection in Toronto, on Monday afternoon of last week. The deceased, who is a terra cotta worker was employed on the ninth floor and while looking down the elevator shaft was struck by a descending elevator and hurled to his death below.

ATTEMPT TO WRECK MILL DAM AT ALLISTON.

An attempt was made on Wednesday night, Nov. 19th, to destroy the mill dam of Parker Bros., Alliston. A hole about 3 inches in diameter was bored through the clay embankment of the headrace below the water level at a point where the embankment is about 20 feet thick. The damage was discovered early on Thursday morning, and the water was gushing through in a good-sized stream, but had not done much damage because of the clay soil of the embankment not washing away readily.

After the damage was repaired it was discovered that three other holes had been started, one of which was in a depth of 8 feet, but obstructions had been met with in each instance. Tracks were plentiful in the soft soil, but could not be traced for any distance. Provincial Detective Greer was summoned and is at present working on the case.

Cash for Coal!

Lathwell & Son, coal and wood dealers, have decided to adopt the cash system, commencing on January 1st, 1914. On and after that date credit will not be given and all orders will be filled on the understanding that they are to be paid for as soon as the coal or wood is delivered. Customers who owe accounts are reminded that the firm will expect to have these settled on or before the New Year.

Miss Crozier, daughter of the late John Crozier, of Meadowvale, died on Friday, November 21st at the residence of her brother at the old homestead, near Meadowvale.

—All kinds of Public School supplies sold at The Banner Bookstore.

In the rush to send as much grain east as possible before the increased insurance comes into force from Fort William, vessels are carrying away the western crop at the rate of 3,000,000 bushels a day.

The bodies of nine sailors drowned in the recent lakes storm were buried at Kincardine, Goderich and Sarnia. Two more bodies from the Hydrus have been identified as those of Kernol and Leslie Christie, by their father, from Marine City, Mich.

A NOTABLE RECORD

A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	356	
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		
Bushels	36,000		36,000

BANK OF HAMILTON

WORKING FOR OTHERS

THE man who looks into the future and pictures himself the owner of a business, will live to learn that his visions will always be dreams unless his foresight has shown him the need of saving.

Saving is not a habit that should be started "some-time," but one that requires immediate action. As many days as you postpone opening a bank account, just that many more days will you be working for others.

One dollar will open a savings account with this bank, and the highest rate of current interest will be credited every six months.

ARCHIVES OF ONTARIO TORONTO

THE BANNER

THE BANNER, DEC. 4th, 1913.

Ontario school teachers frequently go West, where their services, command larger salaries and they have a better opportunity to rise in their profession. There is not much danger that any of them will go east, especially into the province of Quebec. In the Legislature the other day Secretary Decarie stated that the salaries now paid female teachers averaged $163 a year. In the cities female Catholic teachers average $264 a year and in the country only $155. Who would not be a teacher, where the remuneration is on such a generous scale? It is surely little wonder that Quebec lags behind in the march of progress.

An Ottawa dispatch states that the new redistribution bill will give Toronto three and possibly four additional members. Ontario is due to lose about four seats, reducing the total representation from 86 to 82. The result, allowing for two or three additional seats in New Ontario, will be a reduction of nine or ten in the representation from the rural constituencies of old Ontario. In other words the influence of the cities in the House of Commons will be increased, while that of the rural ridings will suffer a serious diminution We must not lose sight of the fact that the influence which large cities like Toronto is able to exert cannot be guaged by the number of city members. In the case of Toronto, such constituencies as the Yorks are largely under city influence and are quite frequently represented by Toronto men.

Rev. Dr. Cody states that the problem of the child lies at the base of all social well-being and progress. Granted that this statement is not overdrawn, and we venture to assert that there are few who will dispute its correctness, it follows that the teaching and training of the young is the most important task that confronts the home, the church and the State. It is a task, in which all three institutions should co-operate and work with the utmost possible harmony. It is not a work which the parents can delegate to the Church and the State. Neither is it a work which the Church and State can afford to allow the parents to perform in the manner that they may deem best. Each must do its part in this all-important labor and to do it most effectually it is imperative that there should be good will, co-operation and a thorough understanding.

MUNICIPAL NOTES

Municipal matters are unusually quiet considering the nearness of the nominations. This is partly accounted for by the fine, open fall, which has kept the farmers busy with their fall work much later than is usually the case.

Reeve Menary, of Grand Valley, is likely to retire. Jas. McClelland is spoken of as his probable successor.

If Cornett decides to stand for reeve in Melancthon, Councillors Reid and Prentice are almost sure to fight it out for deputy-reeve.

Reeve Hilborn, of East Luther, and Reeve Ferns, of East Garafraxa, will both stand for re-election. It is doubtful if either man will have any opposition.

Everything is quiet in Caledon, although it is said with some show of authority that Dave Armstrong, the present deputy-reeve intends to enter the lists as a candidate for reeve.

All is serene in Mulmur, but there will likely be a lively time at the nomination meeting. It is likely, however, that Reeve Reburn and Deputy-reeve Kidd will get another year in their present offices.

The only ripple on the surface in Orangeville is caused by a persistent rumor that Councillor J. J. White will oppose Reeve Fairbairn for the reeveship. So far as The Banner can learn neither gentleman has made any declaration.

There is much murmuring and not a little grumbling in Mono over the high tax rate. Reeve Marshall will seek the customary second term and is not likely to have opposition, although there are some people who would like to see Deputy-reeve Tom Moffatt step up.

Ominous rumours of a disquieting nature are heard on every side in Amaranth. Deputy-reeve Williams' stand on the House of Refuge question has lost him a lot of his former support and it is said he will have opposition, whether he stands for reeve or deputy-reeve. Williams is a capable representative, but has had the misfortune to get in wrong on this question.

Reeve Dryden is working hard for an acclamation in Melancthon, but it is doubtful if he will get his wish. Taxes are very high and this has caused a great deal of discontent. Then Deputy-reeve Cornett's friends are urging him to stand for reeve. Cornett is a strong man and it will be a great fight if he decides to oppose Dryden. "Bob" Fawcet, an ex-deputy reeve, is busy sizing up the situation and it would not require much coaxing to induce him to stand for reeve. If he does it is almost a certainty that ex-Reeve Wm. McGhee, another strong Old Survey man, will enter the lists. With these four men in the field for reeve, the outcome would be mighty problematical.

Concert at Alton.

A grand concert will be given in Alton Presbyterian Church on Wednesday evening, Dec. 10th, under the auspices of The Ladies Aid Society. The programme will be supplied by two gifted and popular Toronto artists—Miss Birdie Smith, concert soloist, and Miss Mildred E. Day, diamond medallist and elocutionist. Concert will begin at 8 o'clock. Admission 25c; children 15c.

THE TOWN COUNCIL.

Business Transacted on Monday Night Largely of Routine Variety.

At its meeting on Monday night the Town Council authorized the Clerk to issue orders on the Treasurer for the following accounts:—

Pine River Light & Power Co., $131.23; S. White, $3.00; W. O. Thomas, $12.24; John McConnell, $5.69; Wesley South, $1.65; John Hammond, $3; Sarah King, $15; Isaac Hughson, $5; T. J. Henderson, $4.55; Fred Manning, $3; Adamson Hardware Co., $6.05; James Hunter, $41.50; C. R. Wheelock, $4; James Ewing, $6; James Creary, $5; McPherson & Johnston, $12.75.

An account for $40.25 presented by Chas. R. Reid was laid over until next meeting of Council. P. M. Pattullo presented a bill for $13 costs re enforcement of local option. The account was referred to the Finance Committee to adjust and pay. Accounts from J. Pattullo for $6 and J. M. Bennett for the same amount were referred to the Finance Committee with instructions to report at next Council meeting.

F. A. Gaby, Secretary of the Hydro-Electric Commission, wrote the Council stating that the Commission's engineer would visit the town and report, without cost to the municipality.

Applications from the Jos. Wallace estate and T. Marshall for rebate of taxes were handed over to the Court of Revision.

The Clerk was instructed to write P. M. Pattullo, asking him to furnish a statement of all unpaid fines imposed during 1913.

The matter of the unsanitary condition of the creek running through the old Casket Factory property was referred to the Streets Committee to deal with.

The Clerk was instructed to communicate to Mr. Frank W. Robinson the contents of the report which the Industrial Committee brought in re his proposition to start a knitting factory in Orangeville.

$200 AND COSTS.

Landlord Booth, of The Queen's, will Have to Pay Heavy Fine.

The liquor charges referred to in last week's Banner were tried by Police Magistrate Rutherford, of Shelburne, in the Court House here on Monday. Altogether there were four charges—two against James Irwin, of the Station Hotel, one against J. E. Booth, of The Queen's, and one against Bert Booth. Irwin was charged with selling liquor on Oct. 7th and 9th and the Boothe with similar offences on Oct. 31st. The evidence for the prosecution was furnished by a couple of Toronto spotters and appeared to be fairly conclusive. Irwin was tried on the charge of selling on the 9th. The two strangers swore that they visited his place in the evening, that they both bought whiskey, after which Irwin stood treat and then sold them a bottle of whiskey for $1.25, which they carried away with them. The case was adjourned to give defendant a chance to procure further evidence in his behalf. The other charge remains to be tried. J. E. Booth pleaded guilty and was fined $200 and costs. The charge against Bert Booth was partly tried and then adjourned until Friday, Dec. 12th. Provincial Inspector Ayearst and Mr. B. F. Justin, of Brampton, conducted the prosecution. A. A. Hughson defended Irwin and C. R. McKeown acted for the other defendants.

Division Court.

His Honor, Judge Fisher, held Division Court in the Court House here on Tuesday. The following cases were disposed of:—Kelly vs. Rutledge—Jos. J. Kelly sued and obtained judgment against Thos. Rutledge on an account of $14.05. The case was adjourned as to the garnishee until February Division Court.

Smith vs. Ferguson—E. H. Smith sued Duncan Ferguson, of Caledon, on an account of $31.45. Judgment for plaintiff for full amount and costs.

Boyd vs. Superior Portland Cement Co.—The plaintiff, James Boyd, a carpenter, asked the Court to award him $53.05 damages on account of injuries, which he sustained while at work in the cement plant on May 11th last. By reason of the negligence of the defendants in leaving their machinery unprotected, his leg was caught in an open gear and injured so that he was obliged to lay off work and also procure medical attendance. The Company did not put in any defence. Judgment for plaintiff for $53.05.

Dr. McKenzie's Call.

The call, which the congregation of Riverdale Presbyterian Church, Toronto, is extending to Rev. Dr. McKenzie, pastor of Knox Church, Shelburne, was considered by Toronto Presbytery at its meeting on Tuesday. It was decided to forward the call to the Orangeville Presbytery for consideration by that body at its meeting in Grand Valley to-day. Provisional arrangements were also made for Dr. McKenzie's induction on Dec. 22nd, should he accept. Rev. J. A. Miller, the late pastor of the Riverdale Church, was appointed to prosecute the call before Orangeville Presbytery. The Banner understands that Dr. McKenzie has intimated that he intends to accept the call. Should this prove the case Presbytery will doubtless sanction the transfer and make arrangements for the vacating of his pulpit. In this event he will probably preach his farewell sermon on Sunday, Dec. 21st, and the pulpit of Knox Church will be declared vacant on Dec. 28th. Dr. McKenzie's removal will be keenly felt, not alone by his own congregation, but by the Presbytery at large. He has done excellent service in Shelburne and [illegible] a splendid influence [illegible] community.

B. Class—Violet Salter.

C. Class—Myrtle McKinney and Grant Hyland equal, Gordon Sanderson, Crozier Price, Mary Hyland, Robert Duke.

FAR-OFF FORMOSA.

Returned Missionary Tells of Progress Christianity is Making.

Miss H. Connell, a returned missionary from Formosa, gave a very helpful address on Mission Work in that far-off field, in St. Andrew's Church on Thursday night, Nov. 27th. Miss Connell, who was formerly a resident of Alliston, has a charming manner and is a pleasing and convincing speaker. Her address was listened to with keen interest and furnished a fund of information respecting conditions in Formosa.

After briefly reviewing the period of forty-one years in which missionary work has been carried on by the Presbyterian Church in Formosa, the speaker proceeded to deal with the educational branch of the mission work amongst the million Chinese allocated to the Presbyterian Church in Canada. Miss Connell devotes all her time to school work among the Hoklos and Kakkas. The pupils range from girls of 12 years to old women of 60. They frequently have been coming to the school with babies strapped on their backs. These are certainly strange circumstances under which to receive an elementary education. The speaker exhibited a photo of two girls, from the aborigines or head hunting tribes of the interior. Some of these girls have made remarkable progress in the mission school. The Chinese girls have a great fondness for music, most of them studying it and nearly all of the older girls soon learn to play well on the organ. They use the romanized alphabet in studying the Bible. Religious instruction is obligatory in the schools. No matter where the missionaries come in contact with the heathen nor what benefits they are conferring the religious motive is foremost.

In her modest, unassuming way Miss Connell imparted a great deal of information and made those who heard her feel that whatever other missionaries might be doing, here was a life that was being spent doing something worth while. The audience gave her a hearty vote of thanks on motion of Messrs Steele and Smith.

Remember the big December Fair on the 11th, and don't forget McMillan Clothing Co's. special sale that day of 50 Men's Suits and Overcoats at 15 to 20% off.

Women's Institute Meeting

One of the most successful meetings ever held by the Women's Institute took place at the home of Mrs. W. J. Gordon, last Tuesday afternoon. There were fifty ladies present and a most sociable and enjoyable time was spent. Miss Stephenson's demonstration of fancy work proved most interesting and entertaining. A delightful musical programme was furnished, the numbers including selections by eight of the prominent musicians of the town. Instrumental solos interspersed the literary part of the programme. The vocal music was given by Mrs. Meek, a singer of oldtime renown. A report of the Institute Convention recently held in the Foresters' Hall in Toronto, at which over seven hundred delegates were present, was given by Mrs. W. J. Gordon, delegate from the Orangeville Branch. Luncheon was served.

ORANGE OFFICERS.

Mono Mills L.O.L. No. 192 held its annual election of officers at a well attended meeting on Monday night. The officers for the incoming year are:—W. M., Geo. Atkinson; D. M., A. G. Patterson; Chap., Thos. McCandless; rec.-sec., James Henry; fin.-sec., Fred. Smith; treas., Wilson G. Duke; D. of C., Wm. Duke; lecturer, Robt. Speers; inside tyler, A. Moffatt; outside tyler, James Taylor. 1st committee-man, Harry Wilkinson [illegible] receiving taxes.

December Fair.

If the roads and weather are favorable, December monthly fair next Thursday should be a hummer. A large number of horsebuyers have stated that they intend to be here. There will also be buyers on hand prepared to pay the highest cash prices for fowl, butter, eggs and other small produce. Farmers are invited to bring in their horses and produce.

JUDICIAL NOTICE!

TO THE CREDITORS OF THE Superior Portland Cement Company, Limited.

PURSUANT to the winding-up order made by the Supreme Court of Ontario in the matter of the Winding-up Act and amendments thereto, and in the matter of The Superior Portland Cement Company, Limited, bearing date the 14th day of November, A.D., 1913, the creditors of the above named Company and all others who have claims against the said Company, formerly carrying on business in the Town of Orangeville, are, on or before the 22nd day of December, 1913, to send by post prepaid to the Union Trust Company, Limited, Liquidator of the said Company, at its office, Temple Building, in the City of Toronto, their Christian and surnames, addresses and descriptions, the full particulars of their claims, and the nature and amount of securities (if any) held by them, and the specified value of such securities, verified by oath, and in default thereof they will be peremptorily excluded from the benefits of the said Act and winding-up order.

DATED this 26th day of November, 1913.

GEO. KAPPELLE,
Official Referee.

A. DICK & SON
ALTON, ONT.

TO OUR PATRONS

We herewith beg to announce that on and after Jan. 1st, 1914, our business will be conducted on a

Strictly Cash Business

Owing to the existing and unprecedentedly high prices in the leather market and as the future promises no downward tendency, we believe and feel that by adopting the above-mentioned system both buyer and seller will be benefitted. The purchasing power of a cash dollar is always greater than that of a credit one.

It is also our wish to hereby express our longfelt appreciation and thankfulness to our many friends in Orangeville and surrounding country for their valued patronage during the 38 years of our business career.

Believing that this readjustment of business methods will prove of great benefit to all concerned, we beg to remain,

Yours Truly,
Thos. Wright & Son.

Marshall Green & Co.

ROSEMONT.

Everyone is delighted with the splendid weather we are having.

Our farmers have their fall work in good shape now and some are going over the ground the second time.

Mr. Jno. Murphy is very busy getting his new house ready and last week he moved the old lodge room down behind his new home. He intends fitting up the old building for a summer kitchen and woodshed.

The Orangemen of No. 9 are preparing to hold a Box Social in their hall about the 16th of December.

Mr Otto Irwin who spent the past three months out west, has returned home.

Mr. Edgar Moore spent a few days with his lady friend in Brampton last week.

Mrs. Wilson of Toronto, is visiting her daughter Mrs. A. G. McNabb.

Miss Pearl Ludlow has returned home after spending a few weeks visiting friends in Thompsonville.

Mr. and Mrs. James Boyle and daughter Lena spent Sunday at Mrs. K. Armstrong's.

Miss Landis Shaw, who has been home for the past few months, returned to Toronto last week.

Only a few more weeks until Christmas, already everyone is looking forward to seeing their friends again.

WHITTINGTON.

The Whittington Branch of the Dufferin Women's Institute will meet at the home of Mrs. J. C. Groskurth on Tuesday [illegible] at 2.30 p.m. All are welcome.

MONO MILLS.

The Mono Mills branch of the Women's Institute will meet at the home of Mrs. Wm. Jackson on Wednesday afternoon, Dec. 10th, at 2 o'clock. Mrs. D. N. Potter will give a report of the annual Convention held in Toronto on Nov. 20th and 21st. All members are very cordially invited to be present.

ELBA INSTITUTE.

The Elba Women's Institute will hold a Box Social and Debate in the Orange Hall, Primrose, on Wednesday evening, Dec. 10th. Subject of debate, "Resolved that Women should not have the Franchise." The affirmative speakers will be Reeve J. A. Marshall and Mr. F. J. Theriault and for the negative Councillor Geo. Little and Mr. Lewis Cotton. H. A. Dorrance, B.S.A., has kindly consented to act as chairman.

ERIN ITEMS.

Miss Ina E. Wilson, of Toronto, spent Sunday week at her home in Erin.

Miss Edna Dodds, of Orangeville, has been visiting at the home of her friend, Miss Adeline Wilson, Erin.

Mr. J. Vance has returned to his home in New Hamburg after spending the week-end with Mr. Will Wilson, Erin.

Mr. Hartley Harrison, of Rockside, was the guest of Georgetown friends on Sunday.

Mr. Alex. Walker, of Alton, is improving after a serious illness.

CALEDON.

The wonderful weather is being greatly appreciated by all. Some of our citizens report seeing snakes and other reptiles which points to an open or very mild winter. May it continue.

The young bachelors of Caledon gave their annual assembly on Friday night last. There was a good representation from outside points but the honor of being the belle of the ball was justly bestowed upon one of our own fair maidens.

On Monday night Warnock L.O.L. No. 250 held its annual meeting when the business of the year was wound up and three new members were initiated into the Order. After adjournment all repaired to the Sutton House, where a very sumptuous repast was given to the brethren, their wives and friends, and a very enjoyable time was spent. Ten geese went to satisfy the cravings of the inner man and no person went away feeling a bit hungry.

Mr. John Glassford, who has been an invalid for the past six years and was overtaken by pneumonia a few days ago, passed away at his home on Tuesday. The funeral will be on Thursday afternoon to Charleston cemetery.

Mr. Wm. Sanderson has returned home after spending the summer under western skies. Mr. Sanderson looks the better of his trip and is greatly pleased with that part of our country.

Caledon Methodists have been fortunate enough to secure the services of the famous Rev. Dr. Cleaver, of Toronto, to deliver his celebrated lecture on the Life of Jean Val Jean, in their church here on Christmas night. This is a rare opportunity to hear something really good and interesting. Dr. Cleaver is in great demand as a lecturer and it is very seldom that he appears in the smaller places, but he was persuaded to come here on the above date.

Our Library has decided to establish a reading room in connection with the library, which will be open on Monday, Thursday and Saturday nights. The latest and best magazines and periodicals will be supplied. The scheme should meet with general favor in the community.

Mr. Daniel McKim has sold his fine farm near here to his brother-in-law, Mr. Meek, who, we understand, will take possession at once.

Mr. Patrick Garrity has purchased the farm adjoining his from Mr. Robt. Wanless. Mr. Garrity is one of our most successful farmers and is now also one of our largest, as he is working 400 acres and it is all in one block.

Miss Irene McArthur, who has been visiting her brother and other friends in the West for the past four months, returned home on Saturday last and was welcomed by a large number of her Caledon friends.

The Caledon Branch of the Women's Institute will hold its regular monthly meeting at the home of Miss Rutledge on Saturday afternoon, Dec. 6th, at 2.30 sharp. A report of the Toronto Convention will be given by Mrs. McCartney and Mrs. Lansbear. There will also be a roll call for Xmas recipes. All are cordially invited to be present and bring along their best Xmas recipes.

WHITTINGTON.

A few of our people attended the recent Live Stock Show in Toronto.

Crushing grain and sawing wood is the order of the day.

Mr. John Clark has his new house almost completed.

The Whittington Football Club propose holding a Box Social on December 15th. Admission, 25c for gentlemen; ladies free.

On Monday John Stavely had the misfortune to get a couple of his fingers badly gashed in a circular saw. He was driven to Orangeville, where Dr. Rooney dressed the injured hand.

LAUREL.

Everyone is busy preparing for the Xmas Trees. The Presbyterians are holding theirs on the 24th and the Methodists on the 22nd. Good programmes and a good time are expected.

A large number of our farmers attended Richard Stevens' sale, which was a big success.

The ladies are trying to finish today's work in the forenoon in order to attend the Women's Institute this afternoon to hear the delegates report of the Toronto Convention.

Wedding bells are ringing in our burg and are very much in tune with the Xmas bells.

Miss Crozier, Miss Littlejohn's successor, commenced her duties in Klondyke school this week.

MELANCTHON.

Several changes are taking place in our village. Our general merchant, Mr. W. J. Campbell, has sold out his store business to Mr. Chas. O'Neill, of Toronto, who is moving up, and Mr. Campbell is moving to his farm that he recently purchased from Mr. Isaac Lightheart, adjoining the village at the northern boundary.

Mr. Ligbtheart is also moving to his farm over at Conover in the old survey.

Thus are there changes in the life of a neighborhood.

Mrs. M. McCue is visiting friends at Dundalk.

Mr. Albert Sawden and little son, Elgin, visited at the residence of Mr. and Mrs. James Sawden here last week.

Our mail carriers, Messrs. Campbell and Duke, are kept busy every day delivering the mail east and west respectively and are giving good satisfaction.

When it comes to what is correct in young men's natty Overcoats around $12, $15 to $18 McMillan Clothing Co is without doubt the place to head for.

SCHOOL REPORTS.

The following is the report of S. S. No. 7, Amaranth, for the month of November.

Sr. IV.—Ellen Rintoul, Vern Cudney, George Moore, Johnnie Budd.

III.—Lena Ritchie, Muriel Smith, Vida Banks, Mary Sproule, Jack Wells, Violet Hammond, Jessie Farnell.

Sr. II.—Theresa Davis, Lizzie Ritchie, Hannah Ritchie, Myrtle Hambleton.

Jr. II.—Russell Sproule, Nelson Rintoul, Nellie Davis.

Pt. II.—Charlie Peterson, Lillie Ritchie, Russell Rintoul, Letitia Lang, Gordon Rintoul.

Sr. I.—Clayton Stoddart, Murray Farnell.

Jr. I.—Johnnie Duncan, Joe Ritchie.

Class A.—Clifford Duncan.

Number on roll, 28. Average attendance, 25.

Marjorie H. Clarke, Teacher

The following is the report of S. S. No. 10, Caledon, for the month of November. (a) stands for absent.

Sr. IV.—May Crawford, 59; Clifford McMullen (a) 16; Elva McQuarrie (a).

Jr. IV.—Irene Mills (a) 59; Jackson Potter (a) 55; Vera McQuarrie (a) 51; Mabel McKinnon (a) 40; David Speers (a) 33.

Sr. III.—Marion Dunn, 62; Fred McMullen (a) 55; Esmil Speers (a) 47; Gladys Varey (a) 34; Norman McKinnon (a) 26; Alice Varey (a) 17.

Jr. II.—Ella McQuarrie, 92, Viola Speers, 88; Jean McKinnon, 59.

Sr. I.—Kathleen Potter, Aubrey Dunn, Florence Varey.

Prim. A.—Clarence Heard.

Prim. B.—Mary McQuarrie, Georgie Penfield.

No. on roll, 26; average attendance 17.

Jennie Leitch, Teacher

Report for November, 1913, of S. S. No. 1, Amaranth.

Class IV.—Lee Armstrong, Percy Morrow, Myrtle Trimble, Minnie Washington, Ruby Trimble, Irene Bowen, Ernest Varcoe.

Class III. Sr.—Bernice Brawley, Kathleen McArthur, Elmer Armstrong, Harry Rennick.

Class III. Jr.—Clara Gillespie, Wyvette Patterson, Evelyn Washington, John McArthur, Willie Morrow, Rose Brown.

Clas II. Jr. — Laura Gillespie, Clara Trimble, Albert Miller, John Lunn, David Armstrong, Leonard Bramble.

Class I. Sr.—Lily Trimble, Marjorie McArthur, Melville Walker, Laura Patterson, Willie Trimble, Jessie Walker, Laura Rennick, Hugh Maxwell, Cora Robinson.

Margaret Bell, Teacher.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

Mrs. John Matson.

Mrs. Margaret Jane Moffatt, beloved wife of Mr. John Matson, of Palgrave, passed away at the home of her mother, Mrs. Moffatt, near Caledon East, on Friday, Nov. 21st. Deceased lady had gone to visit her mother some weeks prior to her demise and was unable to return home again owing to illness. She was about 50 years of age and was a sister of Mr. John H. Moffatt, Warden of Peel. She is survived by her husband and a family of three girls and one boy. Mrs. Moffatt was held in genuine respect by all who knew her and the bereaved husband and children have the heartfelt sympathy of the neighborhood in their great loss. The remains were conveyed to her former home on Sunday, the funeral taking place to Laurel Hill Cemetery on the Monday following.

John J. Glassford.

Mr. John J. Glassford, a well-known resident of Charleston neighborhood, passed away at his residence on lot 16, 2nd line, east, Caledon, on Tuesday. Deceased had been a sufferer from paralysis for six years and had been bedfast for the last five years. He bore his cross with patience and remarkable fortitude and his end was peace. He was 65 years of age and is survived by a widow and a family of two sons and five daughters. The latter are Mrs. James Jackson and Mrs. Irwin Carter, Saskatoon, Mrs. Henry Speers and Mrs. Chas. Atkinson, Jackson and Thos. Glassford, of Caledon, and Miss Susie, at home. Thos. and Geo. Glassford, well-known residents of Caledon, are brothers. Mrs. Thos. Russell, of Toronto, is the only surviving sister. The funeral will take place from his late residence to Charleston cemetery at 2 o'clock this (Thursday) afternoon. Rev. J. Burkholder will conduct service at the house at 1.30 o'clock.

James Kendrew Dead.

Mr. James Kendrew, one of the old and highly respected residents of the township, passed away at his home, lot 31, con. 2, west, Mono, on Sunday, Nov. 23rd, after an illness of several weeks duration. He was in his 79th year and was born in England, but came to Canada when a young man and became one of the pioneer settlers of Mono, taking up his residence in the township over 55 years ago. He had many interesting anecdotes to tell of the early days in this part of the country. He was a man of sterling character and the strictest integrity. He first settled on a farm near Rosemont, afterwards moving to lots 28 and 29 on the Centre Road and from there to lot 31, con. 2, west, the farm on which he died. After coming to Mono he was married to Elizabeth Waller, who survives him. Five sons and five daughters also survive, namely, Wm., Robert and Albert, Kinley, Sask.; Joseph, Prince of Wales Road, Mono; Edgar at home; Mrs. Henry Conn, Saskatoon, Sask.; Annie and Ellen J. at home. The funeral, which was largely attended, was held to Shelburne Cemetery on the following Wednesday afternoon. The bereaved relatives have the sympathy of the community in their hour of trouble.

An East Luther Pioneer.

Joseph Carroll, for about forty years a resident of East Luther, died at his home near Mount View on Monday, after a week's illness, in his 82nd year. When a young man in his teens, Mr. Carroll emigrated to Canada from County Armagh, Ireland, and for several years worked out around Marsville, where his brothers had taken up land. He then went to Howick township, where he farmed for some years, coming to East Luther about 40 years ago and settling on the farm now occupied by Thomas Elgie on the 4th concession. Twelve years ago he disposed of this property and bought a farm in West Luther, near Mount View. Mr. Carroll was twice married, his first wife being Susan Rowan, who died about 35 years ago, leaving him with four children, Agnes, in Hamilton; Lizzie, Joseph and David, in East Luther. About three years afterwards he married Susan Taylor, who bore him six children; John at home; William at Pasqua, Sask.; Mrs. William Cantion, of Watrous, Sask.; Margaret, Mary Ethel, and Jane Donaldson, at home. Mr. Carroll was a hard working, persevering man, of thrifty habits and was credited with being in more than comfortable circumstances. He took an active interest in the political policy of the late Sir John A. Macdonald, of whom he was a great admirer. Up to the time of his removal to Mount View he attended the Presbyterian Church, but afterwards he affiliated himself with the Methodist Church, which was conveniently at hand. The funeral took place on Wednesday to the family plot in St. Alban's cemetery, Grand Valley.—Star & Vidette.

The deceased was a brother of the late David Carroll, The Maples, and of the late Thos. Carroll, Orangeville.

FELL IN A FAINT.

Mrs. Edwin Martin, Ayer's Cliff, Que., writes: "Before using Dr. Chase's Nerve Food I was in a terrible condition. Dizzy spells would come over me and I would fall to the floor. I could not sweep without fainting. Dr. Chase's Nerve Food has so built up my system that I can wash and do my housework. Your medicine cured me when doctors had failed."

Girls' Auxiliary.

The Girls' Auxiliary of St. Mark's Church will have a Birthday Party in the basement of the church on Wednesday evening, Dec. 10th. There will be refreshments and a good programme. Everyone is supposed to give a copper for each year of his or her life.

J. D. TORRIE

The Men's Outfitter

The materials in our clothing are all wool, when we say they are. There is no cotton in them. These materials come from the best mills in this country and abroad. Though many lambs have been shorn for the benefit of our customers you will not be "fleeced" when you buy from us. The cloth will be right, the fit will be right, the style will be right and the price will be right.

We have the best range of odd trousers from $1.00 up that can be shown anywhere.

Stanfield's Underwear and Coat Sweaters in all sizes and weights.

Be sure and see our Large Range of Suits and Overcoats before buying.

MATTHEW A. YOUNG DEAD.

Learned Shoemaking Trade at Mono Mills Many Years Ago.

Matthew Alexander Young, an old and highly esteemed resident of Alliston, died at the home of his daughter, Mrs. Wm. Tremble, Detroit, on Saturday, Nov. 22, in his 77th year. Owing to the breaking up of his home through the marriage of his adopted daughter two months ago, he went with his daughter (who had come over to the wedding) to her home in Detroit, intending to spend the winter there. Three weeks ago he had an attack of pleurisy and, though the disease had apparently been overcome, it left him in a weak condition and he finally succumbed to heart failure.

Deceased, who was a native of the county of Armagh, Ireland, came to Canada in his youth after his father's death. They settled at Mono Mills, where he remained till the year 1859, when he married Miss Elizabeth McNabb, of Mulmur, and went to Owen Sound to reside. A few years afterwards he purchased a farm near Shelburne, to which he moved and engaged in farming. In 1870 he sold the farm and moved to Alliston and engaged in shoemaking, a trade he had learned in his youth at Mono Mills. Perhaps the most enjoyable event to him was the celebration of his golden wedding, on Nov. 13, 1909, when all the members of his family were present. On August 10th, 1911, death invaded the home, taking from him his partner, who had shared his joys and sorrows for nearly fifty-two years.

The late Mr. Young was a staunch Methodist. He was converted at revival services held in Silk's schoolhouse, near Shelburne, in 1867, and ever since has been a faithful attendant of the class meeting and other services of the church. He experienced a real joy in Christian service and cheerfully performed whatever he deemed a duty. Before leaving for Detroit the members of his class presented him with a beautiful bible, which he greatly prized.

He is survived by four sons and two daughters, viz.: Thomas, Beeton; Robert, Stayner; William James, Toronto; Matthew Alexander, Detroit; Mrs. Wm. Tremble, Detroit, and Mrs. I. Jackman, Stayner.

The funeral took place on Monday morning at Alliston on the arrival of the C.P.R. train conveying his remains from Detroit. An impressive service was held in the Methodist Church, conducted by Rev. G. N. Grey, assisted by Rev. G. T. Lee, after which interment was made in the Union cemetery, the pallbearers being his four sons and two sons-in-law.—Beeton World.

The Dominion Government has let the contract for a wharf at Vail's Point, Grey County, to W. A. Grier and A. J. Creighton, of Owen Sound, for $6,983. Another contract for a pier and wharf at Meaford was let to Alex. Green and John Woolich, of Owen Sound, for $30,099.

DAILY MEMORY EXERCISE.

How to Keep the Mind Fit by Utilizing Ordinarily Wasted Time.

To learn by heart all the four books of the "Odes of Horace," containing three thousand and sixty-two lines, sounds a somewhat formidable undertaking. Yet, Mr. Archibald Marshall in the London Daily Mail tells us that this is what he has done by utilizing the half-hour while dressing every morning for some years; nor has he used a single minute over it that he could have employed otherwise. He learns from ten to twenty lines while dressing, and the rest of the time is taken up by repetition of lines learned before. His recipes follow:

"I have used, in this way, the half-hour or so devoted to bath, shaving, and dressing every morning for some years. I have learned something or other by heart; and there seems to be some sort of helping influence in the unthinking processes one goes through which acts on the brain and makes it easier to cram it then than at other times. And perhaps the morning freshness has something to do with it too. I have never tried learning anything by heart while undressing at night, and feel it would be too much of an effort. Besides a minute and a quarter is not long enough to learn anything in. But at the beginning of the day, whatever the effort may be, it is a pleasant one, provided one is interested in what one is learning.

"It is of no use to learn something by heart just for the sake of it, although there is some satisfaction in finishing a thing off completely. There are several odes of Horace, for instance, which I do not particularly want to remember, although the great majority of them I do, which was the reason why I learned them. But it was just worth while adding the few to the many for the sake of the satisfaction of having got hold of them all.

"There is nobody who would not be the better off for learning certain things by heart; and there are some things that can only be learned by heart. You can not acquire them in any other way, or, at least, you can not acquire them to such useful purpose. The multiplication table is the best instance of this. It would be possible to reckon out any simple multiple every time you needed to do so; but, unfortunately, the trouble gone through in early youth to get anything up to 'twelve times twelve' tripping off the tongue makes the effort unnecessary. One useful thing that might be done during the daily process of dressing would be to extend one's multiplication table, say, up to twenty times twenty. In practise this would save a large amount of time and trouble to those who are constantly dealing with figures. And I should think it would not be difficult to suggest other matters of calculation which could be simplified in a similar way.

"My own tastes and requirements being of a different nature, I can speak more of the pleasure to be gained from getting, by heart, favorite passages of poetry, or sometimes of prose. It is astonishing what one can do in this way in a comparatively short space of time. I think the 'Rubaiyat of Omar Khayyam' was the first long poem I learned by heart, many years ago. It contains 101 quatrams, which at the rate of three a day would take little more than a month to learn. Wordsworth's beautiful 'Ode on the Intimations of Immortality in Early Childhood' I learned in a week or so while staying in the Lake district, and there is a flavor about it which it would not have if I only read it occasionally. When one repeats poetry that one has got by heart, the scenes in which it was first learned calls me the lovely view of lake calls to me the lovely view of lake and mountains from my open bedroom window in those far-off summer days, and contains something more of the spirit of Wordsworth in consequence.

"Whatever of fine literature one has got by heart is a possession. One need never be dull, even in an enforced wait at a country railway station on a wet day, with nothing visible to entertain one but advertisements and time tables. One carries a little library in one's mind and can dip into it where one pleases.

"There are so many things that can be profitably learned by heart besides poetry. I have sometimes occupied myself with words and phrases of a foreign language; I have learned leads at bridge; I have learned dates. Dates are really extraordinarily useful, in spite of the scorn sometimes thrown upon them."

THRESHING OUTFIT DISPUTE.

A dispute between John Foster, and Wesley Foster, of Cheltenham, over the purchase of a threshing outfit was investigated by His Honor Judge McGibbon on Monday. The younger man purchased the outfit from his father for $1500. The latter claims that the outfit included the engine, separator and tank, but the buyer maintains that he purchased the engine, tank, separator, wagon, neckyoke and whiffletrees, hose, grinder, cutting box and circular saw for the above amount. The $1500 was to be paid in two annual instalments on the first of January, $100 being paid in cash at the time of purchase, and there is now $237 unpaid from January of this year. The plaintiff sued for this amount. On hearing the evidence His Honor decided that the matter be amicably settled by the parties themselves but as they could not agree on this it was arranged that each of the disputants select a neighboring farmer, who, with the sheriff of the county, should act informally as arbitrators to settle the dispute, their decision to be accepted by all parties concerned.—Conservator.

W. R. Hamilton, jeweller, of Grand Valley, has purchased a lot on Main street there upon which he intends to erect a bungalow next year.

To prevent disease- resist disease germs

SMALLPOX is prevented by vaccination — the injection of vaccine.
DIPHTHERIA is prevented by the injection of anti-toxin.
These enable the body to produce substances which prevent the growth of smallpox and diphtheria germs in the blood.
There are many other diseases, nearly, if not quite as dangerous, and far more common — typhoid fever, the grippe, bronchitis, pneumonia, catarrh, rheumatism, and a score of others — that can be prevented less painfully and more easily by making the body strong to resist germ infection.

Rexall TRADE MARK

Olive Oil Emulsion
(With Hypophosphites)

Is designed for the prevention as well as the relief of disease — by enabling the body to overcome the *germs*. It, at the same time, strengthens and tones the nerves, nourishes the blood, puts the entire system into a proper healthy condition to combat and successfully resist disease.

Every person not in perfect health has incipient germs of some distressing ailment in his or her system.
Cold weather, over-work, excesses of any kind, are liable to bring about just the conditions under which those latent disease germs will get the upper hand, and put you on your back "down sick."
You who are run-down, tired-out, *nervous*—
You who, though not sick enough to give up, *still don't feel good*—
You who are apparently well, and *want to stay well*—
Take home a bottle of Rexall Olive Oil Emulsion today, and use it as a means to *get well and keep well.*
Rexall Olive Oil Emulsion is a real nerve-food tonic.
In this it is different from most other so-called "tonics" which either have no food value and do nothing more than temporarily stimulate you, leaving you in a worse condition than before or, having food value, still are so unpleasant to take that many people can't keep them down.
Rexall Olive Oil Emulsion is pleasant to take. The Hypophosphites it contains tone the nerves. The pure Olive Oil nourishes both nerves and blood.
Rexall Olive Oil Emulsion strengthens you, puts snap and ginger and vitality into your system. It makes you feel better and stronger. It improves your digestion and your bowel action.
It contains no alcohol nor any dangerous or habit forming drugs.
It is guaranteed to be just as represented above — to do all that is claimed above — to satisfy you in every way, or your money back without quibble or question.
Enough for full two weeks' treatment, $1.00.
Sold only at The Rexall Stores — the World's greatest Drug Stores — and always with a full guarantee of complete satisfaction, or your money back.

Sold in this community only at

MISS GORDON'S SEAL COAT.

Phenie and Caro were going home from school, arm in arm after their usual fashion.

"Miss Gordon took Bessie Jennings' picture yesterday," Phenie was saying. "They were out on the piazza when I went down to the store. Isn't it queer that she wears such a horrid old seal coat?"

"Horrid!" echoed Caro. "Why, it's perfectly lovely! I never saw such a beautiful one!"

"You can't have seen very many then," laughed Phenie.

"I guess I've seen as many as you have," retorted Caro. "My own aunt wears one that cost two hundred and fifty dollars!"

"I don't care if she does," replied Phenie, and she drew her arm from that of her friend. "I guess I know about seal coats, and Miss Gordon's isn't nice at all! It's big and worn and limpsy, and looks horrid!"

"It isn't any such thing!" pouted Caro. "She walked right ahead of us, coming from church last Sunday, and mama said, 'How pretty Miss Gordon looks in seal!' and I guess my mother knows!"

"I wasn't talking about the color," said Phenie; "but I say her coat isn't fashionable or nice, and it isn't!"

Caro tossed her head, and turned into her yard without so much as a good-by, and Phenie walked on, her heart in a tumult.

That afternoon, at school, the other girls all knew that Caro Brown and Phenie Campbell had quarrelled; but neither would tell what the trouble was. For four days they did not speak to each other, and kept apart as much as possible.

Then Miss Gordon came to take a photograph of the school.

Phenie looked at the lady's fur coat and her face grew disagreeably triumphant—as if anybody could by any possibility call that a beautiful garment!

Phenie and Caro sat near the teacher's desk, and they could hear the conversation between Miss Reynolds and her visitor. A ray of sunshine fell directly across the seal coat, and lighted up its shabbiness. Phenie could not resist a look in Caro's direction; she was staring at Miss Gordon, a puzzled expression on her face.

"I guess she's coming to her senses," thought Phenie; but just then a remark from the visitor drew her attention.

"I should think I'd better discard this old coat," she was saying. "I didn't know it did look quite so bad. I wear it only when I'm out with my camera. Using one as much as I do is pretty hard on the fur, so I thought I would keep my new coat good as long as possible."

"She has two—that's it!" breathed the astonished Phenie, and then she involuntarily looked across at Caro; their eyes met, and both smiled. During the posing for the picture they edged near each other until their hands clasped understandingly. The photograph showed a tender, happy look on each face.—S. S. Times.

HEW OUT NEW HOMES.

French Canadians Found Important Colony in Northern Quebec.

A Cochrane despatch states that the colonization work of the Quebec Provincial Government in the Harricanaw section, 150 miles east of Cochrane, has been a success this season; all road work has been stopped until next spring. At the present time about 400 farmers are wintering in that section and during the season they will take out considerable pulpwood and timber in addition to clearing their own farms.

The scheme was one adopted early this year by the Roman Catholic Church, with the consent of the Quebec Government. Some 400 French-Canadian farmers were taken into that section and allotted farms of 150 acres in extent. They went in during April and from the virgin forest hewed out farms and homes, which were put under crop this year. In one instance along the right of way of the Transcontinental Railway, a 100-acre field, without a stump in it, yielded a heavy crop of oats.

This time last year scarcely a stick of timber had been cut on that lot, but when the farmers got in to the scene of operations they clubbed together, cleared the large field and then sowed oats, which were sold along the railway to the construction camps for a good figure.

Scores of small log cabins now dot the farms in that section and these French-Canadians will have a much larger acreage under crop during 1914. They prove ideal settlers for the Northern country.

At Harricanaw a small town is rapidly growing. The Hudson Bay Company are just completing a large store while other buildings are also in the course of erection. The farmers have their own church, with a parish priest in charge.

Surveyors for the North Railway, a proposed line running from Montreal north to tap the Transcontinental Ry. and incidentally open up hundreds of miles of the Northern Quebec interior, have just completed try lines, and, while it is not definitely known the exact point that this new line will strike the Transcontinental, it is expected to be in the neighborhood of Harricanaw or Bell River. This road will probably be started next spring when the final line is decided upon, and gangs of men will at once start cutting out the right of way.

With the railway a possibility and the excellent conditions met with at Harricanaw, it is altogether likely that the Quebec Government will further advance the work of settling the Great Clay Belt in their northern district by sending in more farmers as pioneer settlers next year.

SEWING WITHOUT THREAD.

"I like to sew when there is no thread in the machine, it runs so easily," said a little girl one day.

A good many people, I think, are pretty fond of running their machine without thread.

When I hear a boy talking largely of the grand things he would do, if only he could, and if only things and circumstances were different, and then neglecting every daily duty, and avoiding work and lessons, I think he is running his machine without any thread.

When I see a girl very sweet and pleasant abroad, ready to do anything for a stranger, and cross and disagreeable in her home, she, too, is running her machine without any thread.

Ah! This sewing without a thread is very easy indeed, and the life machine will make a great buzzing, but labor, time, and force will in the end be far worse than lost.—Friend of Boys and Girls.

A GENUINE SPIDER STORY.

Some days since, while sitting on the porch enjoying the early morning, I noticed two beautiful spider webs among the vines. I have been fond of watching spiders ever since I was a little girl, incited thereto by my father. He took me into the garden and showed me a large, brilliantly colored fellow that had made his web in a currant bush, and desired me not to meddle with it. Ever since I have been interested in them, and bees and ants as well, and have watched them for a great many minutes at a time.

While looking, all at once I saw one of the spiders run from the centre of the web, drawing two threads together as he went. He unfastened the end, and went back rolling up the thread. Then he took the next two threads extending from the centre, once doubling part of the web as I have seen the sails of a ship furled. This continued until the whole web was folded into a tiny packet, when he took it between his forelegs and hid himself under a leaf. Then I turned my attention to the other; and in a short time this performance was repeated, and he, too, went to his repose.

As much as I have watched these insects, I never saw anything of this kind before, nor have I ever read of such a thing. Several times during the morning I saw the spiders each under his chosen leaf, and the next morning there were two webs as before. This time I couldn't watch the folding; but after breakfast I came out to look for them, and they were both gone. The third morning there were two webs; and I saw one folded, and after a time returned and found the other gone. This has been repeated nearly, if not every day since, until to-day, when there were no more webs to be seen. I have not seen them folded every day; but I have seen them spread and returning after a time found no trace of them. There is no one to disturb them and the work has been done by the curious little owner itself.—New York Tribune.

Peel County Council has incorporated Port Credit as a police village.

The official returns of the late by-election in Peel give Mr. J. R. Fallis, the successful Government candidate, a majority of 408.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid applied in by the nurse's hands?

That fluid is the famous D. D. D. Prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

T. F. & T. J. BROWN, Druggists, Orangeville.

D. D. D. Prescription—for 15 years—standard skin remedy

Western

Cattle Market

Ship your cattle to the Western Market—entirely conducted by the Corporation of Toronto. Stock will be fed with best fodder at minimum cost. At an early date we will be able to give you accommodation in the way of a well equipped up-to-date Public Abattoir.

Mr. Lawrence Moss, of Albion, was married last week, his bride being Miss Minnie Rayburn, daughter of Mr. James and Mrs. Rayburn, formerly of Caledon East.

Rev. A. F. Pollock, pastor of the Coldsprings and Cobourg Congregational Churches, has accepted the call to the Congregational Church at Granby, Quebec.

Telephone 53a. Orangeville

HIS MOVE.

Rev. Alexander McGillivray, the well-known Presbyterian minister in Toronto, is credited as being the relator of an amusing story concerning an actual incident in a Canadian kirk.

It seems that in this particular church there were some careless young fellows who got into the bad habit of expectorating on the floor. The nuisance had continued for some time when the pastor's patience finally came to the breaking point.

He attended a meeting of the Church Session, and explained the situation to the pillars of the kirk.

"I am afraid if this expectoration continues we will have to have a couple of cuspidors," said he.

Up rose one of the aforesaid pillars, and gravely asserted that immediate action should be taken on the request of the minister.

"I move," said he, "that we nominate David McPherson and Sandy Campbell as cuspidors."

New Dundee and Roseville will probably be supplied with Hydro power from the Ayr sub-station.

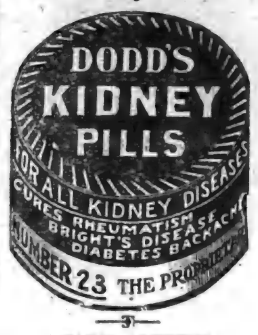
Harry A. Ramsay received a charge of 1,200 volts near Chippewa, but a pulmotor saved his life, and he will likely recover.

A fishery inspector of Frontenac county is charged with stealing and using some fish nets, and then seizing the fish caught.

The Western Counties Electric Co. intends to put up a big fight in Brantford with the advent of the Hydro-Electric power.

Healey Falls, a picturesque stretch of water in Northumberland County, has disappeared as the result of power development work.

A memorial organ was presented to Cambridge Street Methodist Church, Lindsay, by J. D., William, and J. W. Flavelle and Mrs. Miller in memory of their mother.



J. T. Lynn, a Detroit expert, advises St. Thomas to use natural gas.

Renfrew voted to buy the Market Square, now leased, for $10,000.

A few-hours-old infant found alive on the steps of the Children's Aid Society, London, had a mark on its neck, showing that an attempt had been made to strangle it with a cord.

SOAP AND THE SKIN.

It is apt to be assumed by users of soaps that their only difference is one of cleansing quality and that the quickest and most thorough cleanser is the best. Soaps act, however, largely through chemical properties, and both textiles and the human skin often suffer from the chemical action that they induce. The most widely accepted theory is that soap cleanses because it forms an emulsion with dirt and the liberated alkali removes the fat which causes dirt to cling. The effect of soap upon the skin therefore depends on the sensitiveness of the skin to the action of alkali. All soaps from their chemical constitution must be irritant to the normal skin. The effect varies with the individual skin, and is more pronounced in senile and diseased skins. Cottonseed-oil and rancid fats are probably largely responsible for the irritant effects in cheaper soaps. Castor-oil soap is least irritating, but it has the disadvantage of being too freely soluble, and therefore rancid. Cocoanut oil soap is decidedly irritating, while palm-oil soap, though still an irritating variety, is less so, and tallow soap shows a low irritating value. If these deductions are correct, Dr. Gardiner thinks they supply a reason for the bad effects of modern domestic soaps of the cheaper and clothes-washing kinds, as they are made mostly from cheaper fats and cheap oils, cocoanut and cottonseed.

FATAL ACCIDENT.

Albert Morrow, of Avening, Meets Violent Death.

Immediately after dinner on Tuesday Albert Morrow and Cecil Norris left their homes in Avening for Mumford's bush in Mulmur, where the former had some wood to cut. On arriving there they commenced operations and had a tree just about ready to fall when a strong gust of wind gave it a twist, causing it to split near the stump and fall in a different direction from that expected. Though an experienced woodsman, Morrow, by some mistake of judgment, got right in the path of the falling tree and was struck to the ground with it and instantly killed. Young Norris at once got a pry and tried to ease the tree off his prostrate companion but was unable to do so. He then ran for help, nearly a mile away, and the body was released. Dr. Smith was sent for, who, on making an examination found that the man's neck had been broken, and a cut on the back of the head, showing that death had been instantaneous.

Some years ago, William Morrow, a brother, was killed in the same manner, about a mile further away.

The deceased was about 38 years of age, a steady, hard working man of good character, an Orangeman, and a Conservative. His wife and two boys have the sympathy of all in their sore bereavement.—The Creemore Star.

YOUR HAIR MAY BE YOUR FORTUNE

Beautiful hair has made the fortune of many a woman, by adding charm and loveliness to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful; with it you will be at least pretty.

To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking away the dull harshness and stringiness, softening and polishing every hair in your head and making it silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories, Toronto, where the celebrated Harmony Perfumes and Toilet Preparations are made.—T. F. & T. J. Brown, Orangeville, Ont.

SHILOH quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents.

THEY BORED HIM.

And They Came Mighty Near Boring Him Again With Lead.

The dread of boredom is strongly characteristic of the present age, but few hate it with such intensity as the artist who lived in Paris in the days of the commune and of whom C. E. Halle speaks in his "Notes of a Painter's Life."

"A friend of mine," says Mr. Halle, "told me that he was in the studio of an artist when it was visited by a detachment of soldiers. The usual question about the possession of arms was asked and answered in the negative, but one of the soldiers found a gun in the corner of the studio, and on his evidence the owner was told that he must come out and be shot. My friend was very fond of him, so he asked to be allowed to see the gun. It was given to him, and with the help of a pencil he passed his handkerchief a few inches down the barrel and brought it out brown with rust. He pointed out that if the gun had been used the inside of the barrel must have been black with powder and not brown with rust, so the artist was let off.

"My friend asked the artist why he had not himself suggested this simple test, and all the answer he got was: 'Oh, they bored me. I would rather any day be shot than bored.'"

A POET AT WORK.

The Bumming May Have Helped Wordsworth Out a Bit.

To see a poem in the making, the uninitiated are apt to think, should prove an interesting sight. Unfortunately they will probably be disappointed if the description, quoted by the Rev. H. D. Rawnsley in "Literary Associations of the English Lakes," of Wordsworth at work is to be credited. An old retainer of the family furnished this account of Wordsworth walking up and down his terrace composing:

"Mr. Wordsworth went bumming and booing about, and she, Miss Dorothy, kept close behind him and picked up bits as he let fall, and she'd take 'em down and put 'em on paper for him, and you may be very well sure as how she didn't understand or make sense out of 'em, and I doubt that he didn't have much idea about 'em either himself. But, howiver, there's a gey lot of fowk as wad, I dare say.

"He would start a-bumming at one end of the walk, and it was 'Bum, bum, bum!' till he stopped, and then 'Bum, bum, bum!' back again. Then he'd set down and get a bit of paper out and write a bit; then git up and 'Bum, bum, bum!' and go on a-bumming right down the terrace and back again. I suppose the bumming helped him out a bit."

France Has Run the Gamut.

No other modern nation has undergone changes more frequent, more radical, more sudden, bloody and dramatic. In forms of government France has bored the compass—has been feudal, monarchial, imperial, republican and revolutionary. She has sounded the depths of royal absolutism and of communistic anarchy; has made and unmade constitutions in the pathetic effort to get one that would fit; has known a military despotism which bluntly told the women to marry and bear children in order that Napoleon might be continuously supplied with troops; has known an absolute monarchy where a graceful manner was more effective at court than a head well filled with sense and has known a government of the rabble under which there was an insurrection against property and death sentences passed against citizens for the sin of wearing aristocratic names and clean shirts.—From "The Story of France," by Thomas E. Watson.

The Point of View.

The world in which a man lives shapes itself chiefly by the way in which he looks at it, and so it proves different to different men. To one it is barren, dull and superficial; to another, rich, interesting and full of meaning. On hearing of the interesting events which have happened in the course of a man's experience many people will wish that similar things had happened in their lives, too, completely forgetting that they should be envious rather of the mental aptitude which lent these events the significance they possess when he describes them. To a man of genius they were interesting adventures, but to the dull perceptions of an ordinary individual they would have been stale, everyday occurrences. —Schopenhauer.

A Tinge of Suspicion.

"That spunker always starts off," said Farmer Corntossel, "by tellin' what the country needs."

"Naturally and properly."

"I s'pose so. Only I notice that when a man goes out of his way to tell me what I need it's always somethin' in his particular line of goods." —Washington Star.

Hard Work.

"Why did you tell me you were working your way through college?"

"I am."

"But nobody seems to know about it."

"Certainly not; my work consists of getting money from dad."—Buffalo Express.

Her Weekly Allowance.

Freda—So you have a weekly allowance from your father? Hilda—Yes; he allows me to have a gentleman caller two nights a week.—Lippincott's.

ESCAPED OPERATION FOR PILES

It is most disheartening to be told by your physician that nothing short of an operation will cure you of piles. The expense, the suffering, the risk, is too great, and so you endure the misery of this wretched ailment.

But why not be cured by Dr. Chase's Ointment. Relief is prompt, cure certain and lasting, when you use persistently this great soothing, healing ointment.

Mr. Mawer

Mr. J. Mawer, Roden, Man., writes: "Dr. Chase's Ointment is a wonderful preparation. I had itching piles for five or six years and though I tried two doctors' prescriptions and used many other preparations could not obtain much benefit. The doctor told me there was no cure for me, and that I would have to undergo an operation.

"I bought a box of Dr. Chase's Ointment and was completely cured in one week. As this was six months ago and there has been no return of the old trouble, I believe that the cure is a permanent one."

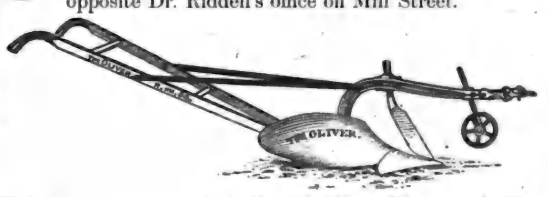
Dr. Chase's Ointment has a truly wonderful record of cures to back it up. Many cases of 10, 20, 30 years' standing have been cured by its use. 60 cents a box; all dealers. Sample box free, if you mention this paper. Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment

Guelph expects the coming winter fair to beat all records.

Wheat from wrecked vessels has been found coming from water taps in Goderich.

John Memmel, of Englehart, has received an order from New York for twenty-five carloads of trees for Christmas decorations. It will take 600 trees to fill a car.



McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

Mystery surrounds the death of Alfred O'Neill, aged 50, who came to Clinton three weeks ago from the Western States. An inquest has been ordered to clear up the case, and the dead man's stomach was sent to Toronto for the Provincial authorities to analyse. His wife survives.

Due to the reduction of the duty by 50 per cent., imports of cement in the fiscal year ending March 31 last were 1,434,413 barrels, an increase during the year of 34 per cent. in the total consumption, but only of 26 per cent. in the total output of the Canadian mills. The Canadian Manufacturers supplied 83.2 per cent. of the consumption.

REMOVAL

THIS is to inform the Public that I have moved my Warerooms from Broadway to my new Warerooms opposite Dr. Riddell's office on Mill Street.

SEE! Full line of Oliver Plows and Plow Repairs.

The new Deering Drill.

The new full line of Cutters, Buggies and Harness.

$35 and Costs.

Judge McGibbon, of Brampton, held Division Court in Alton last Thursday. There was a good deal of interest evinced in an action brought by George Hammond against his neighbor, James Brown, for damages sustained through the latter's cattle getting into his crop. Hammond offered to settle for $14, but Brown declined to entertain the proposition. The case was tried by a jury, which awarded the plaintiff $35 and costs.

Induction at Grand Valley.

Rev. David Lane, of Cookstown, who recently accepted a call to the pastorate of Knox Church, Grand Valley, and Ebenezer Church, South Luther, will be regularly inducted into his new pastorate to-day. Rev. W. M. Morris, pastor of St. Andrew's Church, is to preside, Rev. Mr. Smith, of Hornings Mills, will preach the sermon, Rev. J. Burkholder, of Caledon, will address the minister and Rev. J. R. Bell, of Laurel, will address the congregation.

The Salvation Army.

Staff-Captain Bloss, Chancellor of the Toronto Division, and Captain Weeks, of Earlscourt, will conduct special meetings in the Army Hall on Mill St. on Saturday night and all day Sunday. On Saturday night at 8 p.m. an illustrated lecture will be given, entitled "The Way of the Cross," with 60 beautiful colored slides. Sunday services at 11 a.m., 3 p.m. and at 8 p.m. an illustrated lantern service will be given entitled "Favorite Hymns, Scripture and Pictorial Service." A silver collection will be taken up at the door on Saturday and Sunday evenings. Don't fail to see these two beautiful lantern services. Everybody heartily welcomed.

Hydro Power for Peel.

Mr. Purcell, of the Hydro-Electric Commission, addressed Peel County Council at its meeting in Brampton last week on the question of supplying power to county municipalities. The address followed a report, laid before the Council by a special Committee of which Mr. Leavens, reeve of Bolton, was chairman. Mr. Leavens has been endeavoring to persuade the citizens of Bolton to contract for Hydro-Electric. Mr. Purcell explained that there is no provision in the Act, whereby counties can contract for power. This is a matter that is in the hands of the municipalities alone. There was nothing, however, he stated, to prevent a number of municipalities from uniting and purchasing a block of power to meet the requirements of the farmers and villagers within their territory. The movement may result in a meeting of representatives of the townships of Albion and Caledon and the village of Bolton to discuss the power question.

Wants Restrictions Removed

Protesting that the building restrictions upon the lot at the southwest corner of St. Clair Ave., and Elmwood St., make it an undesirable purchase, Wm. M. Maltby, a Toronto druggist, who is well-known in Orangeville, appeared in the County Court at the City Hall before Judge Denton last week, as defendant in a suit which James Manchester, a Toronto real estate agent, had brought against him. The claim is that Maltby signed an agreement to purchase the lot, paying down some cash. When the papers were sent to his solicitors for completion he objected to the fact that Robins Realty Co. had placed a building restriction on the property and refused to go on with the sale unless this was removed to his satisfaction. Subsequently the plaintiff states that he got a letter from the company releasing the land from this condition. This Maltby would not accept. Manchester asked the Court to order the defendant to vacate his registration of the offer to purchase, which makes it impossible to dispose of the land. The defence set up that the building restrictions had not been effectually removed by means of the letter. The land in dispute is valued at $200 a foot.

A STILL HUNT.

Little Outward Interest Being Taken in Local Option Campaign in Grand Valley.

Very little interest appears on the surface of the local option campaign in Grand Valley this year, but this does not necessarily mean that any serious rupture has occurred in the temperance ranks because some of the supporters of the measure questioned the wisdom of bringing on a vote this season and also the proposed method of campaign. In other campaigns there was a straight open fight, red hot arguments publicly declared from the platform by important speakers, who gave personal testimony of the efficiency of local option in improving the drink question. There was no secrecy about the matter. What was to be said was heralded from the platform by accredited responsible men. In this campaign a different system is to be tried. A still hunt, a whispered appeal, a quiet talk, occasional pulpit references on Sabbath, are understood to be the nature of the procedure this time. Such a method may have the virtue of stirring up less personal ill-feeling, but there are a lot of temperance people who do not approve of the gum shoe methods of some politicians being adopted in a local option contest. As to the ultimate result the temperance people are satisfied from present indications and the antis are equally so. Last time only eight votes prevented the measure from being carried so there is not much margin to work on.—Star & Vidette.

Personal Mention

Mr. Wm. McGhee, ex-reeve of Melancthon, was in town on Friday.

Mr. W. C. Lethwell was in Toronto on business on Monday and Tuesday.

—Mr. W. E. Island, Centre Road, Mono, is recovering after a severe illness.

Dr. A. J. Hunter, of Islington, has been spending a few days in town this week.

Mr. and Mrs. S. Barber, of Rosemont, were guests of Orangeville friends over Sunday.

Mrs. F. A. Forster has returned to her home near Streetsville after visiting for two weeks with her daughter, Mrs. Wilson G. Duke, Mono Mills.

Mrs. J. J. Still, of Toronto, was the guest of friends in town over Sunday. Mr. and Mrs. Still are talking of going to California for the winter.

Mr. and Mrs. Thos. Robertson, of Buffalo, are spending a couple of weeks with the former's brother, Mr. J. D. Robertson, and Mrs. Robertson, Wellington St.

Mrs. J. E. Cobean and two children, of Jamestown, N.D., arrived in town last Saturday and are visiting Mrs. John White, 2nd Ave. Mrs. Arthur White, who has been visiting Mrs. Cobean, returned with her.

Mr. and Mrs. G. A. Campbell, of Orangeville, announce the engagement of their daughter, Edna Mary, to Mr. Harold A. Dorrance, B.S.A., of Orangeville. The marriage will take place quietly Christmas week.

Mr. and Mrs. John Haddock, of Relessey, announce the engagement of their daughter, Florence May, to Mr. Cecil Holmes, of Toronto, formerly of Mono. The marriage will take place during Christmas week.

Mr. Jno. S. Allen, of Reddickville, treasurer of Melancthon township, spent Tuesday in town. Mr. Allen, who is an ex-reeve of the township, is still deeply interested in the politics of the municipality. He thinks there should be an acclamation next January, but would not be surprised if a big contest developed. There is a great deal of dissatisfaction over the high tax rate and the brunt of the criticism is of course falling on the shoulders of the present Council.

Mr. Ross Stevenson, of Vancouver, B.C., oldest son of the late T. Stevenson, arrived in town last Thursday and will spend a couple of weeks at his home here. Mr. Stevenson states that business is quiet and money extremely tight and hard to get in Vancouver at the present time. He thinks that the cities and towns of the Prairie provinces are due for a revival of trade early after the New Year, but does not anticipate any very marked improvement in Vancouver for at least another year.

Orangeville Market

There was a liberal offering of fowl and other small produce at the weekly cash market last Thursday. Prices were firm and nearly everything offered was picked up in short order. The ruling prices were :—geese, 12½c to 13c ; chickens, 14c to 15c ; ducks, 14c to 15c ; dressed fowl, 11c to 12c ; live chickens, 12c ; live fowl, 9c ; turkeys, 19c to 22c ; butter, lb. rolls, 24c to 25c ; butter, large rolls, 22c to 23c ; fresh eggs, 37c.

Moving to Toronto.

Mr. E. H. Besley, head salesman in Ritchie Bros.' store, has severed his connection with the firm and will move to Toronto about New Year. Mr. Besley has a good situation in prospect in the city and this is what is inducing him to make the change. He came to Orangeville ten years ago, served his apprenticeship in the Chapman & Stafford store and has been with Ritchie Bros. several years. Courteous, obliging and a good salesman, Mr. Besley will be missed by the patrons of the store. He and Mrs. Besley will also be missed by our townspeople.

Boy Scouts.

An important meeting of all interested in the Boy Scout Movement will be held in the basement of St. Mark's Church on Friday evening next at 8.

Capt. Hammond, Commissioner and Secretary of the Province, will be present and give an illustrated address on the Movement. The Local Council will be elected at the close, and the Orangeville Troop will be formally organized. The Scouts will sing their Camp song, "Boys be Prepared," and give a demonstration in signalling.

The wireless telegraph outfit is under construction, Marconigrapher Herb. Tuck being in charge.

We hear Santa Claus is bringing uniforms for some of the Scouts.

Church Notes.

It is proposed this year to make the first Sunday in December the World's Bible Sunday. It will be observed in the Baptist Church by the Rev. A. E. de St. Dalmas preaching on God's two great volumes. In the morning he will speak on the Book of Revelation and in the evening on the Book of Nature. Seats free. Strangers always welcome.

Rev. A. E. St. Dalmas will give the address in connection with the preparatory service in St. Andrew's Church to-night (Thursday). The Sacrament of the Lord's Supper will be observed at the morning service on Sunday. The subject at the evening service will be "I believe in the Church."

A. Y. P. A. Meeting.

The meeting of St. Mark's A. Y. P.A. next Monday night will be a Devotional one. The address will be given by Rev. W. M. Morris, pastor of St. Andrew's Church.

—Books on Scoutcraft are now on sale at the Banner Office.

Our Special Number.

THE BANNER will issue its Special Industrial and Christmas Number on Thursday next, Dec. 11th. The edition will contain eighteen pages Ten pages will be printed on fine calendared paper and will contain nearly 100 illustrations. The reading matter will include interesting sketches of the town, leading industries here and in the neighboring village of Alton, important business concerns and prominent citizens. Among the illustrations, which will have a special interest for our readers, are cuts of the late Orange and Mrs. Lawrence, after the former of whom the town was named. Every subscriber will receive a copy of the full issue and copies will also be sent to new subscribers who send in their orders this or next week. For $1.00 THE BANNER, INCLUDING THIS INDUSTRIAL NUMBER, will be sent to any address in Canada from now until January 1st., 1915. Single copies can be had for 10 cents each.

THE COUNTY COURT.

Three Cases Have Been Entered for Trial.

Up to the time of going to press three cases have been entered for trial at the County Court sittings on Tuesday next, Dec. 9th. One of them is a jury and the others are non-jury cases.

The jury case is an action by Roch Marien, the well-known Montreal horse buyer, against Richard Young, of Mono Mills, on a promissory note for $300 given in part payment for a Percheron stallion. The defence is that the animal did not prove satisfactory and was returned as a result of mutual agreement between the parties. Marien admits regaining possession of the horse, but claims that he bought him back again. A. A. Hughson is acting for plaintiff and C. R. McKeown for defendant.

The non-jury cases are :—

Mann vs. Brown—Ellen Mann is suing James Brown, an East Luther farmer, for $272 for wages as housekeeper. The defence is that there was no agreement made to pay wages and that the plaintiff had the use of the defendant's cows and hens. J. M. Kearns for plaintiff ; A. A. Hughson for defendant.

White vs. Anderson—J. J. White, the plaintiff, and Joseph Anderson, defendant, are both well-known citizens of Orangeville. The suit arises out of a dispute over the closing of a lane by the plaintiff. White is asking for damages for trespass and for an injunction to prevent defendant from interfering with a gate which he erected to close the lane, C. R. McKeown for plaintiff ; A. A. Hughson for defendant.

A Great Opportunity.

Extraordinary Eye-glass and Spectacle Sale at C. V. Jeffers' Popular Drug Store, Orangeville, on Friday and Saturday, December 12th and 13th. For two days only, we will sell regular $3.50 to $5.00 Gold Filled Spectacles and Eye-glasses for $1.00. Remember you get a genuine gold filled frame with very best quality lenses, and your eyes properly tested by Mr. S. W. Hughson, of Toronto, a Graduate Optician, with over 20 years experience in prescribing and fitting glasses. These glasses are just the same as are sold regularly from $3.50 to $5.00. You may have them on above dates only, for $1.00. Mr. Hughson has visited Orangeville regularly for the past five years and can furnish first class testimonials in this vicinity. Up-to-date goods only used and satisfaction guaranteed. Notice:—These prices will prevail during this sale only.

Don't buy a Coon Coat before seeing the beauties we are clearing at $75. McMillan Clothing Co.

Mission and Bazaar.

The Presbyterian Mission Band is holding a Bazaar in Stewart's old stand on South Broadway, opposite The Market on Saturday, Dec. 13th. Sale will commence at 2 p. m. and continue until 9 p.m. The articles offered for sale will include Homemade Cooking, Candies, Fancy Work, Dressed Dolls etc. There will be a Fish Pond for the boys.

Epworth League.

The meeting next Monday night will be in charge of the Literary Department, of which Mr. R. P. Allin is the Convener. The programme will include the history of some of our great hymn composers, including Doddridge, Peachon, Wesley, Watts and Clairvaux. Several of the hymns will be sung by the Leaguers during the evening.

Sale Register.

An extensive credit sale of farm stock and implements, the property of Samuel H. Bennion, will be held on Lot 29, Co. 5, Mono, on Wednesday, December 17th, 1913. Terms:—Five dollars and under, cash ; over that amount eleven months' credit will be given on furnishing approved joint notes. Straw and fowl, cash. 5 per cent. discount allowed for cash. Geo. McAlister, Auctioneer.

BORN.

GRAIN AND POTATOES.

Distribution of Seed From the Dominion Experimental Farms.

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), white oats (4 lbs.), barley (5 lbs.), and field peas (5 lbs.). These will be sent from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications from the provinces of Ontario and Quebec for potatoes) should be addressed to the Dominion Cerealist, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications for potatoes, from farmers in any other province, should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

FITTING GLASSES.

Since people have learned that many physical troubles depend on some fault of the vision, they are more willing than formerly to have their eyes examined, and to wear glasses if the oculist prescribes them, says Youth's Companion. The immediate relief that properly fitted glasses often bring to such ailments as headache, indigestion, insomnia, and nervous irritability makes the wearer's vanity or pocketbook seem trifling indeed.

Unfortunately, eyes cannot always be fitted with perfect accuracy at the first trial. The operation is extremely delicate. The counting is done in minute fractions, and the smallest error may cause serious discomfort. Some persons have a very bad vision, which it is, nevertheless, very easy to correct; others have eyes to which all the skill in the world can give only an approximate fit, and consequently a partial relief. It is not fair to the oculist if the patient grows discouraged when he does not find instant relief, and wanders about from office to office.

When you ask a responsible doctor to fit your eyes with spectacles, remember that you ought to work with him, and remember also that it is his interest to make you comfortable as quickly as possible. Many people injure their own ease in the examination chair. The doctor makes the examination, it is true, but the patient has to do almost as much, for the doctor must finally abide by the patient's decision as to which degree of correction best suits him. Nervousness, impatience, and uncertainty are very much out of place in the office chair. In helping the doctor all you can, you help yourself quite as much.

Some people find it hard to "break in" glasses—or rather to "break in" themselves. They are petulant and fussy, and sometimes they actually refuse to wear the glasses. This intolerance will soon yield to a little patience and a sensible consideration of the necessities of the case. There is one more point. If, after a fair trial, your glasses do not seem to be right, take them back at once to the man who fitted them to you, and give him the chance to correct them.

TAX NOTICE.

Taxes for the Townships of Amaranth, Mono, East Garafraxa and Caledon may be paid at the Bank of Hamilton, Orangeville. 4t

Mrs. Richard Elliott, of Brampton, has a magnificent specimen of a Christmas cactus. The plant has 283 blooms and is a marvel of beauty.

TUMOR IN THE STOMACH

Completely Removed When She Took "Fruit-a-tives"

NEWBURY, ONT., April 4th, 1913.

"Some years ago, I was sick in bed, and thought I was going to die. I had a growth in my stomach, which the doctors said was a Tumor and they said that the only thing to do was to go to the hospital and have the tumor cut out. I dreaded an operation although both doctors said it was the only cure. I said I would die before being operated on.

At this time, my mother in Alvinston sent me some "Fruit-a-tives" and induced me to try them as she had heard of another woman who had been cured of a similar growth in the stomach by taking "Fruit-a-tives".

To please my mother, I began to take "Fruit-a-tives" with the happy result that they cured me. I have not been to see a doctor since and my health is first class.

I recommend "Fruit-a-tives" every time I get a chance and I will be glad to have you publish this letter as some other woman may now be a sufferer from the same trouble and "Fruit-a-tives" will cure her" MRS. A. McDONALD.

50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price By Fruit-a-tives Limited, Ottawa.

HIS FACE IS "MADE" OVER.

Whitby Man Will Get a New Nose and Pair of Lips.

Ross Allen, a young Canadian, has entered St. Joseph's Hospital to get a new nose and a new mouth.

The whole front of his face, including the nose and lips, were shorn away in a sawmill accident five years ago. The young man will undergo a remarkable series of skin grafting operations whereby a new nose and two new lips will be built upon his face.

When he came to the hospital from his home in Whitby, Ont., his face was nothing but a mass of scarred flesh. In four month's time, if the operations are successful—and the physicians at St. Joseph's are confident that they will be—Allen will go forth with a face as normal and as regular as anybody's. There will be scars, of course, but his lips will be there and a straight nose.

The first step taken by the doctors in charge will be to build up the two lips. The flesh of his arm will be cut just the shape of the lower lip. One side will remain attached to the arm. Then the flesh around the mouth will be cut away until fresh tissue is exposed. The arm will then be bound across the patient's face and remain two weeks.

The arm will then be cut away from the patient's mouth and the new lip trimmed up. Practically the same slow, careful operation will be gone through in building up the upper lip. When that is healed on perfectly Allen will be given a rest until he feels strong enough for the final and most difficult of the series—putting on the new nose.

To do this the man's chest will be laid open and a piece of fresh cartilege cut away from one of his ribs where it joins the breast bone. The flesh of the forehead will be opened down to the bone. And in this slit the nose cartilege will be placed, being pushed under the skin of the forehead bone. All the wounds will then be sewed up and left for seven weeks until the cartilege nose hardens into bone there on the forehead and attaches to itself fresh skin.

The new bridge will then be brought down and placed in position on the man's face just where the nose ought to be. The side flaps will be shaped until the nose is normal and shapely.

The scarred skin will be cut away so that the new nose will grow on, and then the whole face will be bandaged for several weeks until the new flesh heals.

BETTIE WAS SCARED.

Bettie was three, and observant. That her father was apt to express himself somewhat forcibly at times did not escape her youthful mind. But that that same forcibleness was particularly offset by her gentle mother was also apparent. One evening after the usual "good nights" had been said, the lights turned out, and Betty and her doll safely "tucked in," her mother left her with this injunction: "Now, Bettie, don't be afraid of the dark. God and his angels will guard over you." A few minutes later Bettie jumped out of bed, covering up her doll, exclaimed: "There, dolly, you stay here and don't be afraid; God and his angels will guard over you, but I'll be darned if I will—I'm scared!"

Whooping Cough

SPASMODIC CROUP ASTHMA COUGHS
BRONCHITIS CATARRH COLDS

Vapo-Cresolene

ESTABLISHED 1879

A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vaporized Cresolene stops the paroxysms of Whooping Cough and relieves Spasmodic Croup at once. GRAZING ON FOREST RESERVES

Extensive Pasturage now Available to Near-by Settlers and Ranchers.

The new regulations for Dominion Forest Reserves, which recently went into force, make full provision for the grazing of live stock on such reserves as frequently contain considerable areas of grass land. The method to be followed is similar to that in successful operation on the National Forests in the United States. The number and kind of stock to be admitted into each reserve is determined each year by the Director of Forestry according to the capacity of the reserve.

In case of many applications for grazing rights on any one reserve, the number of stock which any one person is entitled to pasture is fixed by a 'grazing unit,' based on the number of stock which can be carried during the winter by a homestead or small ranch, the object being to give settlers without large grazing areas of their own, the same facilities as those who have such areas. But, where there is no danger of overgrazing, the number of stock grazed by any one person on a reserve may considerably exceed this 'grazing unit.'

Application for grazing permits must be on special forms and should be made to the Director or local forest office before the first of March. Small residents farmers who are dependent on the forest reserve for range for their stock receive first consideration. The Director of Forestry fixes the dues for grazing permits for each forest reserve, but the minimum dues for cattle or horses are to be five cents per head per month, and the maximum dues are to be ten cents per head per month. The rate of dues charged for sheep is to be one-fourth that charged for cattle.

Previous to these regulations only actual settlers living in the vicinity were permitted to graze cattle (not to exceed fifty head), on these reserves, and very little grazing was done. But these new regulations permit the grazing of a much larger number of stock by a much larger number of stock owners, and also make available to the Dominion Forest Service, a source of revenue second only to that derived from the management of the timber on these reserves.

BALD AT 35

Kill the Germs; Nourish the Hair Roots and You'll Never Grow Bald—Use Parisian Sage.

It's your own fault if you grow bald at 35 as thousands of men do—yes! and women also. If you have dandruff it is because the germs are already devouring the very life of the hair at its roots.

Kill these germs with Parisian Sage and stop dandruff, itching scalp and falling hair in two weeks.

It's guaranteed, you know, this delightful and refreshing Parisian Sage that is now sold all over Canada, and if it does not prove better than any other hair tonic you ever used, get your money back. It puts life and beauty into dull faded hair. Large bottle at F. S. Pickering's and druggists everywhere. Regular price 50 cents.

Frequent and fast train service. Only Double Track Route. Full particulars, berth reservations, etc., at Grand Trunk Ticket Offices.

EDWARD BARRY.

Edward Barry, one of the oldest residents of the township of Adjala, passed away at the home of his son, Mr. Michael Barry, Loretto, last Thursday, aged 79 years.

Deceased, who is a native of Ireland, settled in Adjala about 54 years ago, working for a time in George Morrow's blacksmith shop, on the Tecumseth townline. Previous to this he had been in the employ of Mr. James Lawrence at Middleton (near Bradford). He was not long in Adjala till he decided to go into business for himself, which he did, at Athlone, and, as he was one of the best mechanics in his line to be found in the county, he did a large business until failing health compelled him to give up about ten years ago, when he moved to Loretto. In 1861 he married Miss Mary Doyle, of Adjala, who predeceased him four years. Since her death he has made his home with his sons, Vesty and Michael. Three sons and one daughter survive, viz.: Vesty and Michael, Loretto; Edward, Toronto, and Mrs. Chas. Collaton, Oshawa. The funeral took place on Saturday morning, interment being made at St. James' cemetery, Colgan.—Beeton World.

THE INNOCENT EDITOR.

An editor wrote a nice little puff for a milliner in which he said he was glad to see her "stocking up." Meeting the scribe on the street she soaked him with her parasol and threatened to tell his wife. The unsophisticated editor has never been able to find out what was wrong with his item.

SNAPS IN HEATERS

BUYERS, who took advantage of our Ten Day Sale of Ranges, are now numbered amongst

Our Best Satisfied Customers

On going through our Stock of Heaters we find that we are overstocked in some lines and in order to reduce these lines before the season is over we have decided to offer the Heaters at prices that will ensure a quick sale. Here are some samples of the Snaps we are offering:

BASE BURNERS

With 16-inch Fire Pot, duplex grate, full nickel plated, made to take cold air off floors and heat rooms above. In fact they will heat any medium-sized house. Being fully nickel plated this is a very handsome stove and is also a great floor warmer.

3, only, regular price, $40.00, now.. **$30.00**
1, only, regular price, $35.00, now.. **$25.00**

BASE BURNERS

Same as the above, only with a large oven, suitable for any kind of Baking.

2, regular price $40, now selling for **$30.00**
3, regular price $32, now selling for **$23.00**

These Stoves are fully guaranteed and will be sold on 30 days' trial.

VOL. XX. ORANGEVILLE, ONTARIO, CANADA, THURSDAY, DECEMBER 11, 1913 NO. 23

Orangeville

A Beautiful Town of Homes

If one were to search the Province of Ontario, east to west and north to south throughout its large area, he could probably find a town more advantageously situated than Orangeville from the viewpoint of a "home" town. All things that life holds out for us, in a temporal sense, are most prized or more sought after than health. To be healthy is in a large measure to be happy. Countless sufferers are daily and at great cost seeking restoration of impaired health. Now, it were folly to say that Orangeville has no sick people, but it may be said with candor that our situation and natural advantages in this town are of the very best from a health standpoint. At an altitude of fifteen hundred feet above sea level, eleven hundred feet above Lake Ontario, built upon rolling or slightly hilly land affording the best possible drainage, with an abundance of water as pure as ever flowed from mother earth, an air clear and pure and bracing—these are our enviable possessions, of which we may be pardonably proud and modestly boast.

Orangeville is the County Town of the large and prosperous County of Dufferin, and is located in the southern end of the county, so near to the boundary that commercially it is the hub of a much larger territory. The County of Dufferin has a population, according to the 1912 year book, of 21,705—a populous and prosperous county.

In this business review of the town and some of its environs space will not permit of an extended history of the beginnings of things here. In the hundred and twenty-five sketches of manufacturers, merchants and professional men comprising this "industrial" number, much of a personally historic nature will be found. Much also may be gleaned by a careful perusal as to the changes in the personnel of the business community, as the years have passed, as well as facts regarding the educational and denominational progress of the community.

But it may be permitted to refer briefly to some facts gleaned regarding the early days of the community.

Orange Lawrence, whose picture is shown here seems to have been the first permanent settler in what is now the town of Orangeville. He appears to have located here a 1844. Though he was the first permanent settler, he was by no means the first comer nor the first owner of property. The first patent for land was issued on August 7, 1820, to Ezekiel Benson, a land surveyor; the next patent was to Alan Robinette, in 1822. In 1823 Robinette sold to Seneca Ketchum his 200 acres, called lot 1, con. 1, lying west of Hurontario street, Township of Mono. This was what is now the north side of the town. On the south side Robert Dodds took up the first land, a 200 acre free grant, on February 15, 1837. He sold the east 100 acres eight days later to Geo. W. Griggs, and a man named Hamilton purchased the west 100 acres. In 1841 Mr. Griggs sold to a Mr. James, who in 1844 sold to Orange Lawrence.

The first plan of the infant village was made for Orange Lawrence by Chisholm Miller, in 1851, the area comprising the lower half of the south side of the present town. Orange Lawrence built a tavern and a store, and in 1857 sold the site of Watt's flour mill to Thomas Jull and John W. Reid, who built the first flour mill—a very great boon in those days to the new and growing community.

In July, 1856, J. Staughton Dennis drew a plan of the north side for Jesse Ketchum, Jr., laying it out in lots and streets. This plan provided for the generously wide streets that make the north side of Orangeville so attractive to-day.

This, in brief, was the birth of urban life here, and by slow but steady stages the population increased until in the year 1863 the inhabitants of the village concluded they were numerous enough and independent enough to paddle their own canoe, and applying for incorporation the village was incorporated, choosing as its name Orangeville, in honor of the first permanent settler.

The first Councillors of the village were:—F. C. Stewart, W. E. Thomson, W. S. Hewat, John May, Thos. Jull. The first meeting of Council was held January 18, 1864, when F. C. Stewart was appointed Reeve by resolution of Council. The second meeting was held at James Kelly's hotel, when these appointments were made:

Edward Morgan, Village Clerk.
Guy Leslie, Treasurer.
Isaac Nicholson, Collector.
Jas. May, Inspector of Shop and Tavern Licenses.

INCORPORATED AS A TOWN.

Orangeville attained the status of a town in 1873, and the first Town Council was elected in January, 1874. Maitland McCarthy, who had been Reeve of the village for several years, was elected first Mayor. The Councillors were Benj. Fountain, John Flesher, F. C. Stewart, John Green, Wm. Campbell and James Henry. It will be interesting to note here the names of those who have filled the Mayor's chair during the 44 years which have elapsed since then—

1875-6—J. S. Fead.
1877-8—Jos. Pattullo.
1879-80—D. L. Scott.
1881-3—Jas. Henry.
1884-5—Jos. Pattullo.
1886-7—Jas. Henry.
1888-9—John Gilchrist.
1890-1—W. L. Walsh.
1892-3—Johnston Lindsay.
1894-5—W. T. Bailey.
1896—H. Endacott.
1897-8—Thos. Stevenson.
1899—W. L. Walsh.
1900-1—Wm. Still.
1902-3—F. J. Marshall.
1904-5—W. Marshall Green.
1906-7—C. R. McKeown.
1908-9—A. D. McKitrick.
1910-12—W. H. Riddell.
1913—J. L. Island.

ORANGEVILLE TO-DAY.

What Orangeville is to-day its citizens past and present have made it. A debt of gratitude is due the late Jesse Ketchum, to whose generosity and wisdom we owe so many of our wide streets. Our main business thoroughfare is one of the finest business streets in Ontario towns. One hundred feet wide, and built up with handsome business blocks on both sides, Broadway is a splendid street. Its chief fault is that in wet weather the roadway presents the appearance of a huge mud pie. Were this street paved, or even properly macadamized, it would have few equals in the towns of Canada. Many of the residential streets are extremely handsome, and Orangeville can boast of a larger number of beautiful homes than most towns of similar population. Indeed the large, handsome and costly residences bespeak a wealthy and prosperous community of people. Nor are the attractive sites for residences all taken up. There is room in the 1752 acres within the corporation, and on splendid streets, for hundreds of homes. And why should not many of these sites be occupied? The attractions of Orangeville as a place of residence do not end with its beautiful streets, its rolling topography, its fine views and its pure air. To be sure, these are important, but when one adds to them the additional advantage of a reasonable tax rate; educational facilities unsurpassed; religious denominations to suit almost every form of belief or religious practice; proximity to the capital city of the province, with quick and frequent train services; the seat of county government and law; miles of cement sidewalks; business enterprises of every sort and class; industries giving employment to artizans and laborers, with another large industry in course of erection— these advantages and privileges combine to make of Orangeville the ideal "town of homes." Indeed, it might almost venture to lay claim to being a summer resort town, for right at our door is the pretty Caledon Lake, a picture of which is reproduced herein, upon the shores of which summer homes are built, and upon the bosom of whose limpid waters is to be found infinite enjoyment in canoe and skiff and launch.

When one glances at a list of the town's industries it is seen that not alone as a town of homes need we speak of Orangeville. Elsewhere will be found sketches of the industries, but let us mention them here.

The Superior Portland Cement Co.
Orangeville Foundry Co.
J. A. Matthews' Planing Mill
Orangeville Novelty Works.
The Dods Knitting Mill (in course of erection).
The Pine River Light & Power Co.
The Cataract Power Co.

The town has in the past held out an encouraging hand to industries, and is prepared to treat prospective manufacturers with generosity. Here they will be close to the great Provincial mart—Toronto—and have access in various directions to the world markets over the Canadian Pacific Railway. Manufacturers crowd to the cities where wages are at top notch and every cost of manufacture is at the maximum. In Orangeville homes can be procured at moderate prices for employees, wages are much lower than in cities, savings are effected by lower rents and land values; hydro power is available for energy, and both light and power rates are moderate. Why should not manufacturers locate their plants here where the advantages are so many and so important?

Orangeville is the meeting point or Junction of two important branches of the Canadian Pacific Railway. The old Toronto Grey and Bruce Railway, now the Owen Sound line, runs from Toronto through a populous country tapping many towns and villages on its way to Owen Sound—its terminal on the Georgian Bay. Another branch—commonly called the Teeswater line—runs from Toronto through another section of country, touching Orangeville, and passing on to Teeswater and other Western towns. From various junction points other branches of the C.P.R. and main and branch lines of the G.T.R. are tapped, affording transportation communication with all parts of the Province.

Orangeville has a population by the last assessment roll of 2,328. The taxable assessment last year was $946,870. The taxes collected last year amounted to $29,309.73, at a rate of 26 mills. The assessment by wards is as follows:

North ward—$374,891.
South Ward—$356,595.
East Ward—$319,996.
West Ward—$195,420.

The town has a very light debenture debt, as compared with some municipalities, it being only $61,142.-36.

Amongst the town's assets is a large and substantial town hall, which was erected in 1877, at a cost of $11,000. This year extensive alterations have been made to the interior of the building, aggregating in cost $5,000. This building is on Broadway near the eastern end of the business section, with Alexandra Park in the rear, a glimpse of which is observed in the engraving in this number.

In the year 1896 the town installed a splendid waterworks system, at an original cost of $45,000. Extensions made in 1900, and practically every year since, have increased the outlay to $52,819.22. The water system is a gravity system, water being obtained from springs located about 1¼ miles west of the town, on almost the highest point of land between Lake Ontario and the Georgian Bay. The springs are fed by a drainage area of 10¼ acres, of which the town owns three and a half acres. There are two reservoirs, one with a capacity of 66,000 gallons, the other 25,000. The ordinary water pressure in the town is from 20 to 60 pounds per square inch. There are nine miles of pipe in use in size from 1¼ to 10 inches. In the fire hall on Broadway, shown in this paper, there is a splendid pump for fire purposes—an electric turbine, with a capacity of 500 gallons per minute. There are hose reels and wagons with adequate supply of hose. A very efficient volunteer fire brigade is organized, which gives prompt and loyal service whenever the fire fiend breaks forth. In case of fire, water is pumped directly into the mains, increasing the pressure to 100 lbs. per square foot. There are over fifty hydrants about town for fire purposes, so that the town is well served in this respect. For domestic use there are nearly a thousand taps in use—956 to be exact, according to last report. It is encouraging to note that the statement of last year's operations showed a surplus of receipts over operating expenses of $1,067.

In 1881 Orangeville was made the County town of the newly formed Dufferin County, and the necessary municipal buildings were erected. The illustration will show what a large building the Court House is, containing as it does offices for several of the County officials, large court room, barristers' room, jury rooms, etc. There is also the County Registry office here and the gaol—all substantial buildings. It is noteworthy that the records of the Registry office are being kept upon a new system recently worked out by Deputy Registrar Collier—a system which has been conceded to be the most perfect yet devised for this purpose.

Orangeville being the County town, naturally a lot of business of a legal and municipal character is transacted within our borders, bringing to us a large number of people at various times. The Court House is very admirably situated on the rising ground to the west, on the north side of Zina street. Opposite it is the commodious public school, a picture of which is shown.

Orangeville being the only large town in the midst of a vast agricultural district comprised in some half a dozen townships, a considerable volume of trade comes this way. This is one reason why so many large and splendidly-equipped stores are flourishing in the town. And the same conditions make possible and successful a monthly fair which is unequalled anywhere else in the Province. Started some years ago this has grown into a well-recognized and well-patronized institution. Immense quantities of poultry and dairy produce are brought in and exhibited in the town hall, or market building. Buyers come here from the cities and eagerly purchase the supplies offered, and at top notch prices. But perhaps the most outstanding and most valuable feature of this monthly fair is the horse market. Years ago, when horses were more plentiful than they are now, scores of horses would change hands on fair day. There are always out-of-town buyers who come to the fair, prepared to purchase at good prices.

Such a success has the fair attained that, be the weather fair or foul, a large crowd is brought to town. Times have been when Broadway from the market to the Prince of Wales Road has been a dense throng of people, so much so that a pedestrian would have to shoulder his way through. And this was not on the sidewalks alone, but on the whole width of the one hundred foot street.

Orangeville is not lacking in those Fraternal organizations which fill so large a place in the social life of a community. He who cannot find a society to his taste here must have a perverted taste. Here are a few:

Ancient Free and Accepted Masons.
Canadian Order of Foresters.
Independent Order of Oddfellows.
Independent Order of Foresters.
Sons of England.
Sons of Scotland.
Canadian Order Chosen Friends.
Knights of Maccabees.
Loyal Orange Lodge No. 635.
Loyal Orange Lodge No. 427.
Etc., etc., etc.

The town is well served in its Municipal Council, its Board of Trade, its High School Board and its Public School Board.

It is also well served by its newspapers, of which there are three—The Banner, the Sun and the Dufferin Post. A community such as this owes much to its newspapers, and it is a pleasant thing to be able to say a word of praise for the Orangeville press. Week by week the things that make for the progress and prosperity of the town are promoted by the local press.

The names of the Municipal Councillors, with their pictures, will be found on this page. The Board of Trade officers are—President—C. R. Wheelock; Secretary-Treasurer—J. J. Kelly. The local Board of Health is composed of Medical Officer of Health Dr. T. H. Henry, Mayor Island and W. Marshall Green.

We realize that this is but a fragmentary and somewhat imperfect attempt to picture Orangeville past and present, but if the following sketches are perused to the end a large volume of additional information will be found, which must prove interesting and instructive.

Orangeville has the good fortune, as many think, to be a "dry," or Local Option, town. This is an advantage in many respects. There can be no doubt that to persons who themselves do not use liquor, it is preferable to live in a prohibition community. Parents of children might well hail with pleasure the banishment of the bar, since it removes many temptations from the paths of youth. Orangeville is thriving under Local Option; the town is orderly and peaceable; business is good, debts are promptly met, hotels that are used as houses of accommodation for the traveling public are giving excellent service, and are well conducted. Altogether Orangeville has not suffered, but rather greatly benefitted by the introduction of local option.

ST. ANDREW'S PRESBYTERIAN CHURCH.

ST. ANDREW'S CHURCH

Orangeville Presbyterians are a numerous and growing people. The church records for 1913 show a membership of 478, with bright prospects ahead for reaching the half thousand figure at an early date.

Our information as to the beginning of this cause dates back to the year 1856, when Rev. W. E. McKay was the minister. The present splendid church building was erected in 1879. On August 26, 1908, the present minister, Rev. W. M. Morris, was inducted into the pastorate. Mr. Morris was born in Essa Township, and received his theological education in Knox College, from which he graduated in 1902. His first pastorate was at Bond Head, where he remained till he came to Orangeville.

The photo herewith of Mr. Morris shows him to be of sturdy build and strong features. His strength of character is manifest in his leadership of his people. When he came to Orangeville the congregation numbered 333. In five years the gain has been 145. The membership embraces 213 families, 160 in the town, and 53 in the country. In 1908 the contributions to the general schemes of the church were $373; last year they amounted to $673. When the pastor

REV. W. M. MORRIS
Pastor St. Andrew's Church.

came his stipend was $1100; it is now $1400.

The Sunday School is in a flourishing condition also, having an enrolment of 200 scholars and 21 teachers and officers. Last year the school raised the sum of $207.

Orangeville Presbyterians have cause, therefore, to be of good courage, and to press forward.

HILL & CO.

General Merchants

The largest general store in Orangeville is that of Hill & Co., located on the south side of Broadway opposite Prince of Wales Street. The store building is a large three story structure, 135 x 35 feet, owned by the Co. Behind this extensive business is a very complete and perfect merchandising organization, which works out to the great advantage of the buying public. Mr. F. T. Hill, the senior member of the firm, controls a syndicate of stores, with his headquarters at Markdale. Stores at Orangeville, Markdale, Allliston, Tara and Highgate sell an enormous quantity of goods, of which Mr. Hill does the purchasing. Buying in large quantities he secures most favorable prices.

Mr. A. Walker, the capable manager of the Orangeville store, learned the rudiments of the business in Mr. Hill's store in Markdale, which was his home town. He went into partnership with Mr. Hill in the operation of a store in Deseronto in 1905, and a year later they removed to Orangeville, where the present big business was launched—a business which has been expanding with each succeeding year.

General dry goods, ladies' wear, millinery, boots and shoes, men's clothing and furnishings, groceries, crockery, housefurnishings, glassware and millinery are all represented by departments under trained specialists, and the service given the public is one seldom excelled anywhere. A stock worth approximately $35,000 is carried, and each line is large and as complete as in many exclusive stores. Customers come to this store from ten townships, and for a distance of twenty miles.

The millinery department is under the careful and skilful supervision of Miss McCarthy, and is well patronized by the ladies of town and country.

This store buys wool— which is something rather unusual—and handles from 20,000 to 25,000 lbs. annually, most of it being exported. Farmers receive the highest market prices here for produce of all kinds.

The store is well lighted, well heated, and, with its eleven obliging clerks, makes a most desirable place to shop, altogether apart from the large range of goods to select from.

J. L. ISLAND

Barrister

The Chief Magistrate of Orangeville is Mr. J. L. Island. He is Mayor of a local option town, and may be said to be surrounded by water as an island should. The present Mayor opened his eyes to things temporal in the tp. of Mono. One of the first settlers in these parts was the great-grandfather of Mayor Island. Mr. Island graduated from Toronto University in 1893, and after attending the Toronto Law School and studying with A. A. Hughson, and F. J. Roach, Toronto, was called to the Bar in June, 1896. Mr. Island has had several years municipal experience. He was in the Town Council in 1902-3-4, and 1912. In 1901 he was Warden of Dufferin County. This is his first year in the Mayor's chair, but by reason of his legal experience and general knowledge he makes an excellent presiding officer. Mr. Island has a lucrative legal practice, and holds the position of solicitor for the Township of Mono. His engraving will be found with those of the Municipal Council on the first page of this paper.

SAM MERLINA

Fruiterer

The wholesale and retail store of Sam Merlina is on the north side of Broadway, nearly opposite the Dufferin House. Sam is a dealer in fruits, and he handles a good deal during the year. Every kind of native fruit in its season is sold here, besides all the imported kinds. Malaga grapes, of the very finest quality, bananas all the year around, grape fruit and figs, oranges and lemons, nuts, and chocolates— all these are carried in stock. During the year he has imported five tons of Virgin Olive Oil from Luca, Italy. This oil has a tremendous sale. Mr. Merlina's store is a wholesale house in fruit for dealers in town as well as in the towns and villages surrounding. He purchased a carload of California oranges for the Xmas trade, and is therefore able to fill large orders for the holiday season.

Mr. Merlina has been in business here for seven years, and twelve years in the fruit business, part of that time in Toronto.

T. HEPTON

Implements

Though in the implement business only one year, Mr. T. Hepton has done a remarkably large trade, much larger than he expected. His large shop is situated on Broadway, north side, and he is local representative for the McCormick and the International Harvester Companies. Amongst the implements he shows in his warerooms are binders, mowers, rakes, hay loaders, Oliver plows, Lily Cream Separators, manure spreaders. He sells also the celebrated Gray carriages and cutters, also Chatham wagons and sleighs. A full line of repairs for implements, harness, robes, whips, blankets and general stable sundries is always kept on hand. All sizes of I. H. Co. gasoline engines are sold by Mr. Hepton.

Mr. Hepton was for thirty years a farmer in Amaranth Township. He was a member of the Township Council for six years, and last year and this has been on the Orangeville Council Board.

Mr. George Hamilton is traveling man for Mr. Hepton, and is constantly on the go soliciting orders, and he gets lots of them, too

CHARLES KING

Town Engineer

Mr. King was born near Leicester, England, and served seven and a half years' apprenticeship with Messrs. Appleby Bros. & Co., steam crane and general engineers, of Leicester and London, afterwards being employed by other large engineering firms throughout the country, in designing and working out inventions for hydraulic and other machinery, until he secured the position of engineer's millwright with the Midland Railway Co., with which corporation he remained for 15 years.

Previous to coming to this country he has had a varied and valuable experience extending over 25 years with stationary and gas engines, pumps, both reciprocating and centrifugal action, including various kinds of lifting and testing apparatus, electric and pneumatic.

He came to this country in the early part of 1907, commencing to work with the C.P.R. Co., and making his home in Orangeville. The following year he was appointed to the position of Town Engineer, which he now holds, superintending the different departments controlled by the municipality.

During the past 5 years there have been several important changes made in the waterworks system. The old elevator tank has been dispensed with, and a 50 h.p. electric turbine pump installed, and a waterworks Finance Department has been instituted.

The new municipally owned system has been in operation since 1895. The supply is brought by gravity from underground springs, and is naturally filtered through sand and gravel beds, from a water-shed of 10 acres, 1½ miles from the business centre of the town. One collecting reservoir has a capacity of 68,000 imperial gallons, and one storage reservoir has a capacity of 26,000 gallons. The system has a distribution main 9 miles in length.

The fire protection water can be pumped from south to north main and reverse, also from the storage reservoir, so that the town has a four cycle system by altering the different valves. There is an electric fire alarm system, through call boxes at various points in the town, which ring a gong in the engine room and a large bell in the tower. It will thus be seen that Mr. King has put the town system into a thoroughly up-to-date condition.

W. R. LIDDY, B.A.

Inspector Public Schools, Dufferin

Mr. Liddy is a native of Dufferin, and received his early education in the rural schools of Mono and at the Orangeville High School.

He earned enough teaching school to put himself through for an Arts degree, graduating from the School of Practical Science and from Toronto University with honors in Natural Science. Before receiving the appointment of Inspector for Dufferin County he was Principal of Port Dover High School. Here he took an active interest in all local affairs, especially in the Public Library, Horticultural Society and Board of Trade.

Mr. Liddy is universally esteemed in the district over which he travels as Inspector of Public Schools.

MISS C. C. WRIGHT

This lady, well known to her intimate friends as "Babe," was born in Orangeville, and studied music in her native town, and afterwards at the Toronto Conservatory of Music.

As an organist, pianist and teacher Miss Wright stands at the head of her profession, also as an accompanist she has received praise from a number of the leading artists, and on several occasions she had been offered flattering terms to go on tour. Miss Wright is kept busy teaching, and no pupil could desire a better instructress.

THE BAPTIST CHURCH

Situated on the corner of Zina and First streets, the Baptist church occupies a position second to none in the town. The earnest and faithful labors of the Rev. M. P. Campbell in gathering the Baptists of the neighborhood together, prepared the way for the Rev. Alex. Grant, then Superintendent of the Baptist Home Missions, to come and organize the church in 1888. The first pastor was the Rev. J. L. Gilmour, D.D., now Professor in McMaster University,

REV. A. E. DE ST. DALMAS
Pastor Baptist Church.

under whose faithful preaching and earnest labors the young church prospered. Among the pastors who followed might be mentioned Rev. J. G. Brown, D. D., now Secretary of Baptist Foreign Missions; the Rev. F. Tracy, LL.D., now Professor in Toronto University; the Rev. Mr. Roney; the Rev. E. J. Harris; the Rev. Charles Burrell; the Rev. B. Davies, and the present pastor, the Rev. A.E. de St. Dalmas. The church seats 350 people, and since the coming of the present pastor the congregations have materially increased in numbers.

Rev. A. E. de St. Dalmas was born in Dalmouth, Devonshire, Eng. He came to Canada in 1872, studied in Woodstock College and McMaster University, graduating therefrom in 1883. He has held numerous pastorates, in all of which he has been eminently successful. He came to Orangeville from Sparta, Ont., in October of this year. Mr. St. Dalmas is the author of a pamphlet "Canada and the Empire," which has had a wide circulation, and the subject matter of which has been delivered as a lecture throughout the Dominion and the Old Country. In his young days he was a member of a surveying party in the North West, when the Buffalo and Indian had possession of the plains. He commenced preaching in Fort Garry, Man., and had six preaching places in the country surrounding the old fort. He is very heartily welcomed to Orangeville.

ST. MARK'S CHURCH

Mr. Tebbs was appointed Rector to succeed Rev. G. Rix in July of this year.

This gentleman was born in England, but is an Englishman from

REV. G. W. TEBBS
Rector of St. Mark's

Ireland, as he came to Canada from Dublin. He graduated with first class honors at Toronto University and

ST. MARK'S (ANGLICAN) CHURCH

Wycliffe College, Toronto, winning the gold medal in 1911 at Wycliffe for Oratory, and the gold medal in 1912 for the best essay for that year. In this same year he won the gold medal for Liturgical Reading. As an athlete, Mr. Tebbs holds the Interfaculty, Intercollegiate, McGill and Toronto medals for swimming in 1912.

He has travelled extensively, having resided in Ceylon for a number of years, and has visited Italy, Egypt, and other countries.

St. Mark's Church was built in 1870 on the site of a former church built in 1850. Former rectors were Canon Henderson, who officiated for 41 years, and Rev. Mr. Rix, for 11 years.

The congregation is increasing, and has a strong Women's Auxiliary and Young People's Association. Boy Scouts, etc., and at Christmas they are introducing a surpliced choir. The church seats about 400 persons.

Mr. Tebbs is a powerful and interesting preacher, and a fine elocutionist. He is highly respected and esteemed in the community.

GOVERNOR BOWLES

Governor Bowles came to Orangeville in 1881, a young man; he is still youthful, albeit past the prime of life. In the year mentioned the County of Dufferin was fully organized as a separate county, with Orangeville as its capital. The Governor is recognized as one of the most efficient gaolers in the province, and the Inspectors have always been well satisfied with the discipline enforced and the high regard he entertained for the responsibilities of his position. In the extended period covering nearly 33 years, no prisoner has ever escaped from custody in the Dufferin gaol: this in spite of the fact that the institution has many times held men charged with the most serious crimes, and several dangerous lunatics with murderous tendencies. It has frequently been the duty of Governor Bowles to personally convey such people to the Central Prison, the Penitentiary or the Asylum, and at all times he has successfully carried out the task.

The Governor's wife was appointed matron in 1894, and still fills that responsible position. Governor and Mrs. Bowles have two of a family, Wilfred, for some years on the staff of the Evening Telegram, Toronto, and Ottie, the wife of Mr. A. V. Tremble, also of that city.

Governor Bowles is a skillful and enthusiastic horticulturist, and takes great pride in the grounds surrounding the beautiful County buildings. In summer time, with their well-trimmed lawns and hedges, magnificent trees, clinging vines and exquisite flower beds, they are the show place of the County Town, and visitors are charmed with the scene. The Governor, who is a cousin of the late Sheriff Bowles, is a lover of outdoor sports, is an expert bowler, curler, rifle shot, lacrosse fan and a bird fancier. He is very popular with all classes, and is exceptionally fitted for his present position, in the carrying out of the duties toward the unfortunates committed to his charge. He is highly respected by the members of the County Council. He has attended ninety-nine sessions of the county parliament of Dufferin, every one held since the County was created, a unique record, only equalled by the veteran Clerk, Mr. J. C. Reed.

DR. R. N. KYLES

Dr. Kyles is a native of the district, having been born and brought up in Camilla township, some eight miles distant.

He received his early education at the Orangeville High School, from whence he proceeded to Toronto, matriculating from the Harbord St. Collegiate Institute and Toronto University.

In 1897 he took his degree of B.A. and in 1901 graduated from Trinity Medical College.

Dr. Kyles has been practicing his profession in Orangeville for the past nine years. He has a large and increasing business, to which he gives his careful and conscientious attention.

The Dr. takes an interest in church matters, and is also a member of the Oddfellows and Masonic Orders, in each of which he is a worthy and respected member.

THOS. WRIGHT & SON

Butchers

Mr. Wright established this business some 38 years ago, and during that long period his name has always stood as a guarantee for all that is best in meats of all kinds.

Mr. Wright runs a farm of his own in connection with the business, which enables him to supply the very best quality of beef, etc., at prices lower than others not so favorably placed. His son and partner, Mr. F. Wright, assists him in the business, and they cater for and supply the hotels and leading residents in Orangeville and district. The shop is large and scrupulously clean, with a fine stock of fresh meats, cooked meats, poultry, cheese, etc. Mr. Wright, sr., is an ex-Councillor, a member of the Methodist Church choir, and has seen many changes in the business and residential community since he first came to Orangeville.

A. T. HOWARD

Collector of Customs

This important position has been worthily filled by Mr. Howard for 2 years, but Orangeville has been Mr. Howard's home for fifteen years, five of which he was in business here as a druggist. He is well known in the town, and highly respected, and takes considerable interest in Masonry, being a member of Harris Lodge 216 A.F.& A.M.

The Customs Returns for the year are interesting, showing imports totalling $230,000, and customs duty collected $19,888.18.

A. A. SMITH

Local Manager Bell Telephone

Mr. Smith has been manager at Orangeville for this important company for about three years. His strict attention to business and courteous manner have made him a popular member of the community, in which he takes a keen and personal interest in all that concerns the welfare of the town. He is a member of the Board of Trade, Curling and Bowling Clubs, the Masonic Craft, and Secretary of the I.O.F.

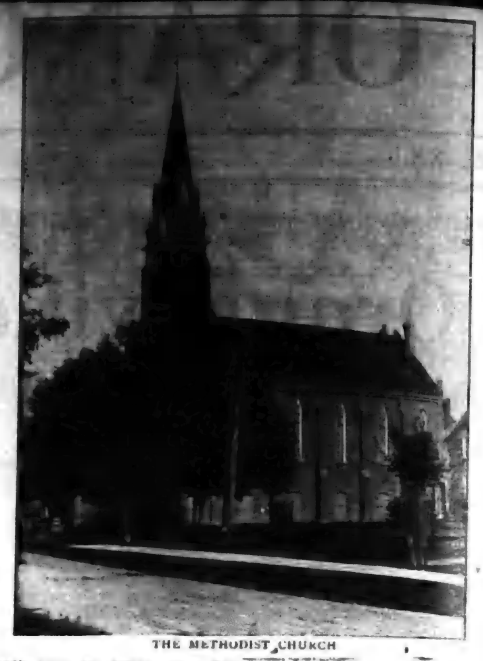
The Bell Telephone Co. of Canada in the year 1885 had 10,200 subscribers, and 2,000 miles of poles.

At the present time they operate 456 exchanges, and during the year have added 31,514 subscribers, making a total of 192,748 of their telephones in use.

They have now 9,000 miles of poles, and cover a long distance mileage of 64,321.

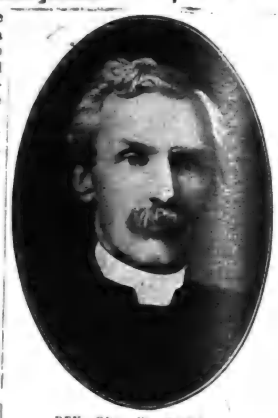
This company has materially assisted the Dominion in its march of commercial progress.

W. H. BOWLES, D.D.S.



Dr. Bowles has been established in Orangeville for about fourteen years, and has one of the largest practices in the town.

The Dr. is a hard worker, and gives his patients the greatest care and attention. These methods, combined with skill and experience, account for the Dr.'s success.



He graduated some years ago from the Chicago College of Dental Surgeons, and is a son of the late Sheriff Bowles.

THE METHODIST CHURCH

The present building, which accommodates between six and seven hundred people, was built during the pastorate of the late Rev. Thos. S. Howard, who passed away at a ripe old age a few weeks ago at Hagersville, Ont. It was built by the Wesleyan Methodist Church, but in 1884

THE METHODIST CHURCH

REV. GEO. W. ROBINSON
Pastor Methodist Church

the Methodist congregations of the town, viz., the Wesleyan, Methodist, Episcopal and Primitive, who united since that time have occupied the present building. From the [illegible] building to the time of [illegible] pulpit was occupied by the Revs. [illegible] Howard, M.E. Seasmith, Hicks, A. Cunningham, John Hunt and C. [illegible] Brown. Rev. J. G. Laird was the first pastor after union, when the late John Green was the [illegible] cording Steward. Mr. Laird was followed by Revs. Wm. Pirritte, [illegible] C. E. McIntyre, M. L. Pearson, Alfred Brown, Dr. Langford, [illegible] Barker, T. E. Bartley, [illegible] Dr. Harper, and G. W. Robinson, the present pastor. Geo. Robinson has the position of Rec. Steward for [illegible] three years, the office being held by W. M. Green. Dr. Carson is the Treasurer of the church. There are 375 members in the church, [illegible] in the Sunday School, and 117 in the Epworth League.

The church is now in the hands of decorators Fuller, Allan [illegible] New furnishings will also be added, the work being completed for the new year.

Mr. Robinson is a native of London, Middlesex County, and was educated at London Collegiate [illegible] and Toronto University, graduating in 1891. He has served the [illegible] student supply in Muskoka [illegible] Rosseau, and as pastor at [illegible] Schomberg, King, Creemore, [illegible] hill and Davisville.

He has been elected Secretary of the Conference, and is now [illegible] man of the Orangeville District.

Geo. Albon, aged 30, was probably fatally hurt at the Kinleith paper mills, St. Catharines, when caught in a belt.

An Orillia boy of 16 years of age was arrested for shooting holes through one of the mail boxes on the lake shore.

F. A. Stuart has resigned his London position of science master of the Collegiate Institute, and will likely enter business life.

Crawford Looby, an old resident of Amaranth township, died at his home, lot 31, con. 8, on Monday, Dec. 1st, in his 67th year.

Fred Kramer was killed at Port Colborne by being thrown off a load of wood when his horses started, the wagon passing over his head.

Seven horses were burned in a fire which consumed Blue's Hotel stables at Madoc early yesterday morning. One team was valued at $600.

Jas. C. Claydon, of Shelburne, shot a very fine specimen of the American eagle a week ago Saturday. The wings, when extended, measured seven feet from tip to tip.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Parker Bros., Alliston millers, have installed in their power house a new electric generator capable of supplying nearly 100 horse power of current.

Hanover cement plant has shut down and it is doubtful if it will ever re-open for business. The firm finds that it cannot manufacture cement at a profit.

W. T. Burton, of Credit Forks, ended his life a week ago Saturday evening by taking a dose of paris green. He is survived by a widow and three children.

Alfred Mitchell, recently appointed postmaster of Ford, Ont., has been arrested on a charge preferred by the father of a fourteen-year-old girl employed in the office.

Hugh Ritchie, of Tarbert, got his clothing caught in the fly wheel of a gasoline engine. His shirt and underwear were torn into shreds and he had one shoulder dislocated.

Mr. John Whaley sr., of Bowling Green, had a paralytic stroke while in Kincardine the week before last. He recovered sufficiently in a few days to be able to return home.

Henry Wheeler, an Englishman, who served in the British Army in India for twelve years, died in Dunedin recently in his 42nd year. He leaves a widow and three small children.

Members of Riverview Methodist Church presented their organist, Mrs. Hayes, with an address and a beautiful rattan chair. Mr. Hayes was also presented with a rattan chair.

Mr. A. Kelly Evans, of Guelph, Conservative candidate for South Wellington, has married an Atlanta widow, Mrs. J. B. Whitehead, a millionaire with an annual income of $200,000.

A number of the young people of St. Alban's Church, Grand Valley, met at the home of Miss Mary Clayton one evening recently and gave her a pleasant surprise in the form of a miscellaneous shower.

Mr. John Madden, of Osprey died suddenly with heart failure while attending Mr. J. Hawkens' sale near Rock Mills. The deceased, who was unmarried, lived with his mother and was a lifelong resident of Osprey.

There are at present 64 inmates in the industrial home at Newmarket. Of these, 44 are males and 20 females. During the year 3 discharged from the asylum as cured were received into the home, as they are indigents.

Mr. and Mrs. Benj. Beatty announce the engagement of their daughter, Florence Mildred, to Mr. Howard T. Cowling, of Hampton. The marriage on Wednesday, Dec. 24, at their residence, "Woodburne" Farm, Avening.

TIRED-OUT KIDNEYS.

Kidney troubles are so frightfully common because the kidneys are so easily upset by overwork or excesses of eating and drinking. Curing is effected not by whipping them on to renewed effort, but by awakening the action of liver and bowels by the use of Dr. Chase's Kidney-Liver Pills. This rests the kidneys and makes them well. Backache and urinary disorders then disappear.

Fred McClocklin, who was seriously injured at Dundalk on the day of the fair, has made settlement with the railway company for $425 and the doctor's bill, which amounts to $125. He is now able to get around with the aid of a crutch.

Geo. Easton, an elderly vagrant, made himself very troublesome in Barrie, with the object of getting himself in jail over the winter months. Among his misdeeds was the stealing of a watch from A. J. Tuck, which secured him five months.

An inquest at Parry Sound into the drowning of two Young Indians showed that they and one other had had two bottles of whiskey, had wandered to the harbor and had upset in crossing the channel in a skiff. The third man clung to the boat and was saved.

Manager Sinclair, of the Markdale House of Refuge, received a bad cut to the bone down the forehead over 3 inches long and a bad fracture of the bridge of the nose by being pulled over a plow by the team he was driving, his head coming in contact with the coulter.

Wm. H. McPherson fell from the top of a silo on J. W. McCulloch's farm near Waldemar and alighted on his elbow on a cement floor 19 feet below. He was picked up in an unconscious condition, but the doctor was unable to find any broken bones.

At a meeting of the Council of the township of Matilda it was decided to prepare a local option bylaw to be voted on by the ratepayers at the municipal election in January next. One of the peculiar features of the situation is that Matilda has not had a license in many years, being "dry" because a licensed bar in the township did not pay.

Mr. and Mrs. M. O. McGregor, of Mount Forest, are leaving for Los Angeles, after a residence of over thirty years. The School Board, of which Mr. McGregor was secretary for years, presented him with a purse; the citizens presented him with a travelling bag; and the W. M. S. of Westminster Church made Mrs. McGregor a life member.

Claiming that the game laws of the province were being violated Constable Broddy searched the premises of Varey Brothers at Churchville and secured seventy-three muskrat pelts. The law provides that these animals be protected from May 1 to December 1 and the fine for each pelt taken is $5 which, if imposed, will make conditions serious for the trappers.

A Great Opportunity.

Extraordinary Eye-glass and Spectacle Sale at C. V. Jeffers' Popular Drug Store, Orangeville, on Friday and Saturday, December 12th and 13th. For two days only, we will sell regular $3.50 to $5.00 Gold Filled Spectacles and Eye-glasses for $1.00. Remember you get a genuine gold filled frame with very best quality lenses, and your eyes properly tested by Mr. S. W. Hughson, of Toronto, a Graduate Optician, with over 20 years experience in prescribing and fitting glasses. These glasses are just the same as are sold regularly from $3.50 to $5.00. You may have them on above dates only, for $1.00. Mr. Hughson has visited Orangeville regularly for the past five years and can furnish first class testimonials in this vicinity. Up-to-date goods only used and satisfaction guaranteed. Notice:—These prices will prevail during this sale only.

Sale Register.

An extensive credit sale of farm stock and implements, the property of Samuel H. Bannon, will be held on Lot 29, Co. 5, Mono, on Wednesday, December 17th, 1913. Terms:—Five dollars and under, cash; over that amount eleven months' credit will be given on furnishing approved joint notes. Straw and fowl, cash. 5 per cent. discount allowed for cash. Geo. McAlister, Auctioneer.

Cash for Coal

Lathwell & Son, coal and wood dealers, have decided to adopt the cash system, commencing on January 1st, 1914. On and after that date credit will not be given and all orders will be filled on the understanding that they are to be paid for as soon as the coal or wood is delivered. Customers who owe accounts are reminded that the firm will expect to have these settled on or before the New Year.

Mission and Bazaar.

The Presbyterian Mission Band is holding a Bazaar in Stewart's old stand on South Broadway, opposite The Market on Saturday, Dec. 13th. Sale will commence as 2 p. m. and continue until 9 p.m. The articles offered for sale will include Homemade Cooking, Candies, Fancy Work, Dressed Dolls etc. There will be a Fish Pond for the boys.

A NOTABLE RECORD

A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	358	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	421
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	27,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725
Increase 270 per cent.			—Financial Post.

With such an increase in the crop of the country, real estate must advance rapidly. If you want to share in the profits BUY NOW. I have some well located lots for sale that will increase in value very rapidly.

THE BANNER

THE BANNER, DEC. 11th, 1913.

An interesting and at the same time significant feature of the temperance movement of the present time is the appeal that it makes to the practical and business side of man's nature. The temperance exhortation of a generation ago made its appeal upon religious, moral and sentimental grounds. The temperance campaigners of that time took little account of the effect of strong drink upon the efficiency of a man from the physical or mental viewpoint. It was seldom that they argued that continued indulgence in strong drink was inevitably followed by mental and physical deterioration. To-day it is quite the common thing to hear temperance speakers furnish proofs, which go to establish the fact that even the moderate drinker is injuring his physical and mental efficiency, while the man who habitually drinks to excess is hopelessly handicapping himself in the keen competition of present day life. As an exchange puts the matter, "efficiency has become the gospel of the new temperance movement."

The death of the widow of the late Hon. N. Clarke Wallace has revived memories of the statesman, who was so prominent in the stirring and troublous times, when the Manitoba School Question was the great political issue in Canada. The wife of a public man is frequently overshadowed by the greatness of her husband and the public is apt to forget that she is the sharer of his ambitions, his triumphs and his humiliations. Few Canadian public men have been under the necessity of making a harder choice than the one that confronted Hon. N. Clarke Wallace in 1895. A strong party man from conviction and bound to his party by the ties formed during a lifetime of political service, it was not an easy matter for him to resign his Cabinet position and by so doing earn the enmity of the party leaders with whom he had been so long and so closely associated. It was a conflict between party and principle, and it is to the everlasting credit of Clarke Wallace that principle triumphed. The world does not know what part the devoted wife had in assisting him to make the decision that did so much to hasten the downfall of the Tupper government. The decision meant a great deal to her as well as to her husband. The world does not know what counsel she gave, but there are found in every walk of life women whose unselfish lives and unworldly thoughts exalt and ennoble the lives and the purposes of their husbands and their sons. It was undoubtedly hard to make the choice that N. Clarke Wallace felt himself called upon to make, but it would have been even harder—perhaps impossible—had his wife been a self-seeker and of those who strive after social promotion and honor.

THE COUNTY COURT

Only One of Three Cases Goes to Trial

The December sittings of the County Court of Dufferin commenced in the Court House here at one o'clock on Tuesday afternoon with His Honor, Judge Fisher, presiding. The usual complement of jurymen was in attendance, as one of the actions down for trial was a jury case. The case, Marcus vs. Young, was postponed until the June Court owing to the non-appearance of the litigants, and consequently the services of the jurors were not required.

The case of Mann vs. Brown was settled out of Court. We understand that the defendant agreed to give the plaintiff a note for $250 in satisfaction of her claim. The parties will each bear their own costs.

White vs. Anderson was the only case that went to trial. The hearing of the evidence began early Tuesday afternoon and the case was not concluded until noon yesterday. The plaintiff, Mr. J. J. White, is suing Joseph Anderson for damages for trespass and is also asking for an injunction to prevent the defendant from interfering with a gate on his property. Anderson, it appears, bought lot 1 and part of lot 5, block 8, plan 159, in the North Ward, from the Thos. Carroll estate. White subsequently bought the lot immediately to the east. Anderson contends that there is a lane 20 feet in width running between the lots and that this has been used by the owners of the Anderson property for the last twenty years. This White denies and further avers that Donald McDonald, who bought the lot 25 years ago, put a gate on. When White closed the gate Anderson persisted in opening it. Finally White procured a chain and lock and Anderson countered by taking tools from Henderson's blacksmith shop, wherewith he cut the fastenings. It should be stated that plans of the town do not show any road or lane allowance between the lots.

Witnesses for the plaintiff were Donald McDonald, R. F. West, B. A. Irwin, A. Collier, Robt. Wilburn, O. Harmon, D. B. Brown, Mrs. Robt. Wilburn, Jas. Grahame and plaintiff. Anderson, Wm. Wiggins, Jas. Berry, Jas. A. Matthews, Sam Hughson and John Hammond gave evidence for the defence. C. R. McKeown, K.C., conducted White's case and Mayor Island looked after Anderson's interests. Judgment was reserved.

—Public School supplies of all kinds at The Banner Bookstore.

Mrs George Hodgson.

Mrs. George Hodgson, a respected resident of the township, passed away at her home, lot 4, con. 1, Amaranth township, last Thursday after an illness of about a year's duration. She was 69 years of age and is survived by her husband and two sons, Wm., a farmer near Whitby, and Thos., on the home property. Mrs. Hodgson was born in Quebec and, before coming to Amaranth about 28 years ago, lived in Ontario county in the Whitby neighborhood. The funeral was held to Greenwood cemetery on Saturday afternoon, Rev. G. W. Tebbs, officiating at the house and grave. The pallbearers were Messrs. Jos. Gillespie, Wm. Little, Israel Miller, J. B. Armstrong, Ben Robinson and Jas. Stinson.

Mrs. N. Clarke Wallace Dead

Mrs. Belinda Wallace, widow of the late Hon. N. Clarke Wallace, died suddenly Friday night from heart failure at her home in Woodbridge. For the past three weeks Mrs. Wallace had been suffering from heart trouble, but last week she had been showing considerable improvement. Late Friday afternoon, however, she took a turn for the worse and passed away about 8 o'clock. Mrs. Wallace was 57 years of age and was the youngest daughter of the late James Gilmore, of Ottawa. She was married to the late Hon. N. Clarke Wallace in June, 1877. She is survived by the following family:—Capt. T. G. Wallace M. P. for Centre York; Chas. Leonard Wallace, reeve of Woodbridge; James H. G. Wallace, a barrister in Toronto; Nathaniel Clarke, Misses Harriet, Ann and Belinda, all residents of Woodbridge.

Death of Harry Gozzard

On Saturday, Dec. 6th, at his residence, lot 5, con. 2, Melancthon, Mr. Harry Gozzard departed this life after a long illness resulting from that dread disease, consumption. Deceased was born in Mulmur, but moved with his parents when only a year old to the farm on which he died. He won many friends by his bright, cheerful disposition. He was in his 37th year and on Dec. 30th, 1908, was married to Miss Gertrude Galbraith, who survives him. He is also survived by his parents, Mr. and Mrs. Wm. Gozzard, of Conover, and the following sisters and brothers:—Mrs. H. Clifford, Miss Minnie and Mr. Bert Gozzard, of Toronto; Mrs. J. Lightheart, Conover; Wm. J. Gozzard, Glencairn, and Robt. J. Gozzard, Old Wives, Sask. The funeral was held on Monday afternoon. A short service was conducted by Rev. Mr. Carpenter, of Hornings Mills, after which the Odd Fellows took charge of the funeral.

Death of George Shepherd

Mr. George Shepherd, who ran the Ponton Flour Mills a short distance north of Primrose for forty years or longer, passed away last Thursday evening at the ripe age of 81 years. Deceased moved to Mulmur about 50 years ago. He was in the milling business in Hornings Mills for some years, afterwards moving to Primrose, where he built a grist mill and established a flourishing business. His only son, Bert Shepherd, has had charge of the mill for the last four or five years. In addition to his milling interests Mr. Shepherd owned 300 acres of land. He was a widower, his wife having died some years ago. Deceased was a Presbyterian and a Liberal. He was a bluff, plain spoken man, but was held in high esteem for his strict integrity and his readiness to help those in distress or need. Mr. Shepherd, the late James Kendrew and George Dodds settled in the Primrose neighborhood about the same time. Of the same political faith and living in a neighborhood which was almost solidly Conservative it was perhaps only natural that they should become staunch friends. The friendship continued despite the changes and vicissitudes of the passing years. It is a coincidence worthy of note that in death two members of the trio were not widely separated. It was only in last week's issue that The Banner reported Mr. Kendrew's death. This week we record that of Mr. Shepherd and also the critical illness of Mr. Dodds, whose recovery is despaired. The funeral of the late Mr. Shepherd was held to Primrose Cemetery on Saturday afternoon.

Mrs. John Little.

Pathetic in the extreme were the circumstances which attended the death of Mrs. John Little, of Camilla, last week. On Tuesday she drove from her home on the 2nd line, west, Mono, to her old home on the Centre Road near Orangeville for the purpose of visiting her brother, Mr. W. E. Island, who has been seriously ill. Wednesday morning she was taken ill and a baby daughter was ushered into the world before its time. From the first the mother's case was regarded as well-nigh hopeless. The end came on Friday evening. The late Mrs. Little, who was 35 years of age, was a daughter of Mr. Joseph Island, of Orangeville. Her parents formerly farmed on lot 3, Centre Road, Mono, where she was born and spent her girlhood. She was married to Mr. Little about nine years ago. Besides her husband and infant daughter, she is survived by one son, Eldred, a boy of seven years, her father, four brothers and a sister. The brothers and sister are Messrs. J. L. Island, Mayor of Orangeville, Dr. J. S. Island, a dentist in Toronto, Messrs. J.M. and W. E. Island, farmers in Mono, and Mrs. Thos. Holmes, of Mono. Mrs. Little was a woman of estimable qualities and was held in sincere regard by the people of the community in which her life was spent. A devoted wife and mother, her death is an irreparable loss to her husband and children. Profound sympathy is felt for Mr. Little and the other relatives in their heart rending bereavement. The funeral was held from the home of her brother, Mr. W. E. Island, to the Forest Lawn Cemetery on Sunday afternoon. Evidence of the general sorrow was manifest in the attendance, which was unusually large despite the muddy roads and cold, disagreeable day. The services at the house and grave were conducted by Rev. G. W. Tebbs, rector of St. Marks, Rev. A. J. Fowlie, pastor of St. Andrew's Church, Camilla, and Mr. Watson, student in charge of Mono West Parish. The casket was almost hidden by the floral tributes, which bore mute testimony to the sorrow and esteem of friends. The pallbearers were two brothers, Mayor Island and Mr. W. E. Island, a brother-in-law, Mr. Thos. Holmes, a nephew, Mr. Elgin Holmes, and Messrs. Reid and Clarkson, of Brampton.

JUDGMENT FOR LANDLORD

Mr. J. E. Booth Will Have to Vacate Queen's, Unless He Succeeds on Appeal

His Honor, Judge Fisher, has given his decision in the action brought by S. Rabinovitch under the Overholding Tenants Act for the purpose of having J. E. Booth ejected from the Queen's hotel. The judgment is in favor of Rabinovitch, but a stay of 30 days is granted in order to give Booth an opportunity to appeal.

After a recital of the facts contained with the action, His Honor holds that Mr. and Mrs. Booth were tenants of Rabinovitch from year to year after the expiration of the Gottesman lease and that the landlord was therefore within his rights in seeking to regain possession of the premises under the terms of that lease. He therefore finds the Rabinovitch is entitled to have a writ for possession of the property and to the costs of the present proceedings. Judgment is given accordingly.

Mr. W. J. L. McKay, lawyer for the Booths, informs The Banner that there will be an appeal from the judgment.

Institute Meetings

Farmers' Institute meetings will be held in Dufferin County next January as follows:—

Wednesday, Jan. 7th—Jessopville, afternoon; Keldon, evening.

Thursday, Jan. 8th—Riverview, afternoon; Corbetton, evening.

Friday, Jan. 9th—Orange Hall, Violet Hill.

Monday, Jan. 12th—Granger, afternoon; Mono Centre, evening.

Tuesday, Jan. 13th—Camilla, afternoon; Whittington, evening.

Wednesday, Jan. 14th—Bowling Green.

Thursday, Jan. 15th—Workmen's Hall, Honeywood.

Friday, Jan. 16th—Orange Hall, Perm.

Saturday, Jan. 17th—Rosemont.

The District Representative of the Department of Agriculture is also arranging for a series of special meetings at Grand Valley, Hornings Mills, Laurel and Marsville.

Christmas Displays.

The Canadian Fire Underwriters have followed their usual custom of calling attention to the danger to life and property and the increase of insurance risks from Christmas decorations and displays. In the circular they quote the following statutory condition which forms part of all insurance policies:—

"Any change material to the risk, but within the control or knowledge of the assured, shall avoid the policy, as to the part affected thereby unless the change is promptly notified to the Company or its local agent."

Lineman Killed

Norman T. Kearns, a Bell lineman, touched a live wire and was almost instantly killed at Harriston on Monday evening. Deceased was working in a cable car at a height of 25 feet and fell to the ground when he got the shock, fracturing his skull. He was 26 years of age, a son of John Kearns, of Sandhill, and was married to Miss Bessie McAinlay, of Harrison, in September, 1912. Deceased was a nephew of Wm. Harkies of this town.

The Best Christmas Gift

The very best Christmas gift you can make yourself, your wife and all the members of your family is a year's subscription to that great paper, The Family Herald and Weekly Star of Montreal. It costs only one dollar and its visit each week will make your household happier than ever before. No home in Canada should be without that great paper during 1914—Every issue is worth the money.

Charity Euchre

The Charity Society held an enjoyable Euchre Party in the A.O.U.W. hall on Tuesday night. There were 14 tables. The prize winners were: points, Mrs. R. J. Bennett, Mr. Herbert Nelson; lone hands, Miss May Johnston, Mr. E. C. Clark. A dainty luncheon was served shortly before midnight.

BORN.

LITTLE—In Mono on Wednesday, Dec. 3rd, to Mr. and Mrs. John Little, a daughter.

FISHER—In Winnipeg on Tuesday, November 25th, 1913, to Mr. and Mrs. Jos. T. Fisher (nee Margaret Cobean) a son.

HUNTER — In Treaton, Ont., on Nov. 27th, to Mr. and Mrs. W. R. Hunter (nee Miss Evelyn St. Croix) a daughter.

LACKEY—In Dundalk on Sunday, Dec. 7th, 1913, to Mr. and Mrs. T. J. Lackey (nee Gertrude Mossop) a son.

DIED.

LITTLE — In Lord Dufferin Hospital on Wednesday, Dec. 10th, the infant daughter of Mr. and Mrs. John Little.

RODGERS — In East Garafraxa, on November 22nd, 1913, Mrs. Robert Rodgers, aged 73 years.

Aaron L. O. L. Officers

Aaron L. O. L. No. 427 held its annual election of officers in the Orange Hall on West Broadway on Monday night. The officers for 1914 are:—W.M., J. C. Reid; D.M., A. Wilson; Chaplain, Rev. W. M. Morris; rec.-sec., A. Firth; fin.-sec., E. H. Sproul; treas., T. J. Robinson; D. of C., Thos. Peavoy; lecturers, A. Glover and W. Savage; committee, Wm. Fiddes, Robt. Curry, Thos. Dawson, H. A. Duke and Harry Gilmore.

The meeting was well attended and five applications for membership were received and referred to the committee for report. Arrangements are being made to hold a series of open meetings during the winter months. At these meetings addresses will be given by Rev. Bros. W. M. Morris, G. W. Tebbs, A. E. St. Dalmas and other speakers.

C. D. O. Re-Organized.

The Camilla Dramatic Club held its annual election of officers a week ago Wednesday night. The officers for the ensuing year are:—President, Mrs. Oscar Banks; Secretary, Ralph Bremner; Treasurer, Fred Thompson; Managing Committee, Miss Myrtle Kyles and John Ledlow.

NOTICE TO CREDITORS.

IN THE MATTER OF the estate of Alexander McKinney, late of the Town of Orangeville, Dufferin County, Gentleman, deceased.

NOTICE is hereby given that all creditors and others having claims against the estate of the said deceased, who died on the 8th day of July, 1913, are required on or before the 26th day of December, 1913, to send or deliver to C. R. McKeown (Orangeville P. O.), solicitor for the Executors of the Estate of the said deceased, their names, addresses and full particulars of their claims, together with the amount of the security, if any, held by them.

And take notice that after the said 26th day of December, the said Executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that they will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have notice.

Dated at Orangeville this 8th day of December, 1913.

C. R. McKEOWN,
Solicitor for the Executors.

JUDICIAL NOTICE!

TO THE CREDITORS OF THE Superior Portland Cement Company, Limited.

PURSUANT to the winding-up order made by the Supreme Court of Ontario in the matter of the Winding-up Act and amendments thereto, and in the matter of The Superior Portland Cement Company, Limited, bearing date the 11th day of November, A.D., 1913, the creditors of the above named Company and all others who have claims against the said Company, formerly carrying on business in the Town of Orangeville, are, on or before the 22nd day of December, 1913, to send by post prepaid to the Union Trust Company, Limited, Liquidator of the said Company, at its office, Temple Building, in the City of Toronto, their Christian and surnames, addresses and descriptions, the full particulars of their claims, and the nature and amount of securities (if any) held by them, and the specified value of such securities, verified by oath, and in default thereof they will be peremptorily excluded from the benefits of the said Act and winding-up order.

DATED this 26th day of November, 1913.

GEO. KAPPELLE,
Official Referee.

TO OUR PATRONS

We herewith beg to announce that on and after Jan. 1st, 1914, this business will be conducted on a

Strictly Cash Business

Owing to the existing and unprecedentedly high prices in the hide market and as the future promises no downward tendency, we believe and feel that by adopting the above mentioned system both buyer and seller will be benefitted. The purchasing power of a cash dollar is always greater than that of a credit one.

It is also our wish to hereby express our longfelt appreciation and thankfulness to our many friends in Orangeville and surrounding country for their valued patronage during the 38 years of our business career.

Believing that this readjustment of business methods will prove of great benefit to all concerned, we beg to remain.

Yours Truly
Thos. Wright & Son.

Marshall Green & Co.

LAUREL.

The spring-like weather is very favorable for the improvements in progress in our vicinity.

Mr. George Nelson has just finished his new strawhouse, which will be a great addition both to his barn and stable.

Mr. Herb Hughes has nearly completed the erection of a new home on lot 11, con. 3. This is to replace the one that was burnt a few months ago.

Mr. George Young has raised the frame of a new addition to his residence in this village.

As the new school recently completed has proved to be inadequate for the accommodating of the public, a bee was held for the purpose of reshingling the old building north of the new one.

The Preshyterian people have also graveled the road in front of their church so that the Laurel is still on the map. Other improvements are spoken of in the fine weather this fall, so that they can be done. There is also the roofing of the church.

Christmas [illegible] drawing near and both churches [illegible] engaged planning for their Sunday School entertainments. We expect a good time and [illegible] every success.

CAMILLA.

[illegible] Owen [illegible] Toronto [illegible] was the guest of Mr. Oscar Banks on Saturday.

Mr. Percy Neil left on Monday for his home in Minneapolis, where he expects to spend the winter.

Mr. Edwin White visited Hockley friends on Sunday.

Mr. Ernie Moffitt, of Glencross is spending a few weeks with friends here.

Miss Mary Forgraves, of Grand Valley, is the guest of Mrs. Mat. Reid.

Mrs. B. Booth, of Buffalo, returned home last week after a few weeks' visit with her sister, Mrs. Albert Curtis.

WHITTINGTON.

Miss Verda Leader is spending a few weeks at the Cararact.

Miss Louie McCabe has arrived home after spending some time in Shelburne.

Miss Jean Rintoul spent the week-end with Miss Vera Jackson.

Don't forget the box social to be held in the school house, Monday evening, December 15th. A first class programme will be provided. Gentlemen, 25 cents, ladies bring a box.

FELL IN A FAINT

Mrs. Edwan Martin, Ayer's Cliff, Que., writes: "Before using Dr. Chase's Nerve Food I was in a terrible condition. Dizzy spells would come over me and I would fall to the floor. I could not sweep without fainting. Dr. Chase's Nerve Food has so built up my system that I can wash and do my housework. Your medicine cured me when doctors had failed."

MARSVILLE.

The annual social assembly of Court Marsville C. O. F. was held on Friday evening of last week and proved an enjoyable affair. The members with their wives to the number of one hundred assembled to participate in the social event. An excellent repast consisting of oysters and other appetizing viands was served, after which an interesting program was rendered. This consisted of instrumental music by Bro. J. Dyer and Mr. Neil McCormick; mouth organ duet by Elgin and Mina Nodwell; readings and speeches by some of the brethren. Songs by Bro. Conop. L. Boggs, C. R. presided. It was after midnight when the National Anthem brought the happy event to a close and all dispersed feeling that an enjoyable evening had been spent.

The Marsville Branch of the Women's Institute held its regular monthly meeting on Wednesday at the home of Mrs. E. Price. The meeting was largely attended and proved the most successful of the year. A well prepared paper on Fancy Work was given by Miss Bessie McGowan, while Mrs. Jos. McBride rendered an appropriate recitation. A dainty lunch was served by Mrs. Price. The next meeting will be held at the home of Mrs. S. Boggs on the first Wednesday of the New Year.

Mr. John Bennett, of Regina, formerly of Orton, died at his home on Friday of last week.

The Rev. Dr. Murdock Mackenzie, Moderator of the General Assembly, was the speaker at the annual meeting of the Women's Foreign Missionary Society. There was a large congregation, which appreciated the eloquent address which will stimulate the missionary spirit in the community.

MONO CENTRE.

The first debate of the season was held on Saturday night, when a large crowd turned out to hear the discussion of the subject, "Resolved that Napoleon Bonaparte was a greater man than Oliver Cromwell." The affirmative was upheld by J. A. McFadden and Miss Olive McLaine and the negative by Mr. T. E. Arthur and Miss Weinman. The negative won by a narrow margan. A good programme was provided, consisting of violin solos by Geo. McDonald, mouthorgan solos by Jas. Heaslip, songs by Geo. and Miss Ethel Aikens and phonograph selections. The next debate will be held on Saturday night, Dec. 20th., subject, "Resolved that it is in the interest of farmers' sons to become farmers." The captains are Mr. Lyman Waller and Mr. Stanley Martin. A good programme is being prepared.

The members of Burns' Church held a very successful Bee last week hauling sand and gravel. They intend to cover the church with brick next spring and are taking advantage of the open weather to make preparations.

Mr. Jas. Walker, our local miller, is doing an extensive business in the chopping line these days.

Mr. R. W. Peacock met with a painful accident one day recently. He was dressing the corner of a board, when the chisel slipped cutting his finger to the bone.

Messrs. Walter Bridgman and W. J. Conn are doing an extensive business cutting wood. Parties having wood to cut would do well to see these men before letting their contracts.

We are sorry to learn that Mrs. James Forsythe is again under the care of the doctor. We wish her a very speedy recovery.

Mr. W. R. Gray has secured the contract of carrying the mail from Mono Centre to Violet Hill. As yet no definite date has been set for opening the route.

Mashinter-Morris

The marriage took place in Alton, on Wednesday, November 26th, of Miss Lillian Morris, granddaughter of Mr. and Mrs. C. Baker, to Mr. Frank Mashinter, of Asquith, Sask., the ceremony being performed by the Rev. Dr. Armstrong, Presbyterian Minister, Alton. The bride, who was given away by her grandfather, was attired in a becoming gown of white embroidery. Her travelling suit was of blue silk, with white beaver hat. After tea, amid showers of rice and confetti, the happy couple left on the evening train for Toronto and other places.

Brooker-Roberts.

On Wednesday, Dec. 3rd, the home of Mr. and Mrs. Alex. Oliver, Marsville, was the scene of a very pretty but quiet wedding, when Miss Lottie E. Roberts became the bride of Mr. Ivor C. Brooker, both of Toronto. The bride, who was attired in cream silk eolienne, trimmed with shadow lace and pearls, wore a bridal veil fastened with orange blossoms, and carried a shower bouquet of white roses and maidenhair fern, was attended by her sister, Miss Annie, wearing white and carrying pink roses. The groom was supported by Mr. E. Goodwin, of Toronto. The bridal party took their places under an evergreen arch banked with ferns and decorated with white ribbon and silver bells, to the strains of the Lohengrin wedding march played by Miss Hazel Oliver.

The ceremony was performed by Rev. R. S. Scott, of Hillsburg. Afterwards the guests were escorted to the dining room where a dainty repast was served. Several snapshots which were taken will help those present to remember the happy occasion.

Later the bridal couple left for their future home in Toronto.

Glover-Stringer.

The home of Mr. and Mrs. John Stringer, of East Garafraxa, was the scene of a quiet but pretty wedding on Wednesday, December 3rd, the occasion being the marriage of their only daughter, Sarah Jane, to Mr. George E. Glover, The Maples. The ceremony was performed by Rev. Dr. Armstrong, pastor of Alton Presbyterian Church, in the presence of a few intimate friends of the contracting parties. The bride entered the parlor attired in brown silk with yoke of silk allover and carried a sheaf of chrysanthemums. Miss Edith Henderson, of Orangeville, made a dainty flower girl, attired in pink silk covered with overlace and carried a basket of carnations and green foliage, bearing the wedding ring. After receiving the congratulations of those present the newly wedded couple led the way to the dining room, where a dainty wedding repast had been prepared. The bride received many handsome and costly gifts, evidencing the esteem in which she is held by her numerous friends. The groom's gift to the bride, was a handsome gold bracelet and to the flower girl a gold necklace set with pearls. A wide circle of friends join in tendering their hearty congratulations.

HAIR DOESN'T DIE IT HAS TO BE KILLED

Hair often continues to live and grow long after the death of the body. But it is often killed through neglect or misuse. Almost always the woman or man whose hair is falling out, is stringy, lifeless and dull looking, is entirely to blame because of not giving it the proper care. It is easy to make it more beautiful. Use Harmony Hair Beautifier, to make it glossy, soft and silky, and Harmony Shampoo to keep hair and scalp thoroughly clean.

Harmony Hair Beautifier, delightfully perfumed with true rose, is very easy to apply simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, not darken gray hair.

To keep your hair and scalp dandruff free and clean, use Harmony Shampoo. This pure liquid shampoo is most convenient to use, giving an instantaneous rich, foaming lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. It is washed off just as quickly, the entire operation taking only a few moments. Contains nothing that can harm the hair, and leaves no harshness or stickiness just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories, Toronto, where the celebrated Harmony Perfumes and Toilet Preparations are made.—T. F. & T. J. Brown, Orangeville, Ont.

Mr. John Rose, Grand Trunk Agent at Chesley, died a week ago Thursday afternoon after an illness of some length. He was 37 years of age.

WHITTINGTON.

The weather is a little wintry around here just now, but we are not at all sorry as there has been an excellent fall, not only for the farmers, but for everything.

The football boys are holding their box social on the 15th of this month and the Methodist Church is having its Christmas entertainment on the 24th. Come boys, bring your girls and enjoy a fine evening.

We are sorry to learn of Mr. Staveley getting his fingers cut, but we are glad to be able to report that the injured hand is doing nicely now.

W. T. Leader and J. J. Anderson have raised the price of their gravel to 25 cents a load. Persons requiring gravel must also get leave from the owners before they take any.

Election time will soon be here again. Mayor Ringrose says he is not worrying and feels certain that he will be elected again.

John Staveley says that he wishes somebody would elect him a housekeeper.

PRIMROSE.

L. O. L. No. 1277 held its regular meeting and election of officers on Monday night last. There was a good attendance, several visiting brethren being present including Rev. R. H. Halbert, of Englehart, who told of the desperate efforts Rome is making to settle that new country, buying up whole townships and settling them with French Roman Catholics. He urged the brethren to lay aside party politics and support only men who were true to the Protestant cause. The election resulted as follows:—W. M., Samuel Patterson; D.M., Thos. Little; Chap., Leonard Buchanan; Rec.-Sec., Ed. Small; lecturers, A. McDonald and Morris Small; committee, Jesse Freemantle, John Lee, Albert Little, Leonard Halbert and Duke Smith; D. of C., W. J. Henry.

Four members were advanced to the Blue degree during the evening. The lodge will hold a Royal Arch Purple degree night on Jan. 12th.

The ladies of the Elba Women's Institute are making preparations for their Box Social on the evening of Dec. 10th. If the contents of the boxes are as attractive as the covers they should satisfy even the most fastidious.

The Anglican Young People are busy practising for their annual entertainment and are spending no pains to make it the equal of anything of the kind held here in the past, which is saying a good deal.

WALDEMAR.

Miss Hazel Scott is visiting friends in Toronto this week.

Mr. Karl Grosskurth and wife are visiting here at present.

Messrs. Tolton & McDowell are doing a rushing business these days.

The Presbyterian Church is holding its annual Christmas Tree on the evening of Thursday, Dec. 18th. A good programme of music, dialogues, recitations etc. is being prepared.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw searching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

T. F. & T. J. BROWN, Druggists, Orangeville.

CEMENT IMPORTS INCREASED

Reduction of Duty in 1912 Had an Important Effect.

While Consumption Advanced 34 Per Cent., Output of the Canadian Factories Increased Only 26 Per Cent.

Customs figures just published for the fiscal year end 1 March 31, 1913, throw an interesting light upon one of the few commodities upon which the present Government has seen fit to temporarily reduce the tariff since coming to power, namely, cement.

The figures reflect the effect of a reduction of one-half the duty, put into effect by the Government, from June to October inclusive last year. Probably the outstanding feature of the year's figures is an increase of 116 per cent. in the imports as compared with those for the preceding year. For this enormous increase, imports from across the boundary line were largely responsible.

There was an increase during the year of thirty-four per cent. in the total consumption, but only of twenty-six per cent. in the total output of the Canadian mills. The Canadian manufacturers supplied 83.2 per cent. of the consumption, as against 90 per cent. in 1913. That the reduction in duty had an appreciable effect upon the prices charged by the Canadian mills is evident from the fact that in 1912-13 the average price per barrel at the works was $1.27, as compared with $1.34 in both 1911 and 1910.

The total quantity of Portland cement, including slag cement and natural Portland, made during the fiscal year was 7,160,184 barrels. The quantity of Canadian cement sold or used was 5,959,787 barrels, valued at the mills at $9,084,240, or an average of $1.27 cents per barrel. The total imports of cement were 702,116 cwt., equal to 1,434,113 barrels of 450 pounds each, and valued at $1,969,527, or an average of $1.37 per barrel. The total consumption of Portland cement, therefore, reaching a small excess of Canadian cement was approximately 5,555,200 barrels. In the imports those from the United States under the general tariff predominate in quantity. The imports of cement already shown include 1,580,958 barrels from the United States, 130,580 from Great Britain, 15,584 barrels from Hongkong, 6,107 from Belgium, and 911 from other countries.

WOOD FOR ALL INDUSTRIES.

Ontario Grows All But Eight of the Twenty-Four Woods Used

Practically all industries are more or less dependent on wood. In Ontario alone, exclusive of the manufacturers of rough lumber, over thirty-eight industries are carried on by 1200 different firms, supplied the statistics recently compiled and published by the Forestry Branch, Ottawa, in a bulletin entitled, "The Wood Using Industries of Ontario." These figures in 1912 purchased 801,650,000 feet, board measure, of rough lumber, valued at $19,161,180, which, when manufactured and several hundred finished articles [illegible] to harness trees, [illegible] several times this amount of capital.

Next to it is remarkable that so many different industries exist, or include branches, requiring wood to carry on their operations, but it is equally noteworthy that twenty-six of the thirty-four kinds of wood used grow in Ontario. The supplies from some of these it is true are not [illegible] but this was not always the case, and at [illegible] the yearly [illegible] in wood prices

This Beautiful Hair

Is like what you want your hair to be—

Lustrous, bright and glossy; soft, silky and wavy.

To have beautiful hair like this, use

HARMONY HAIR BEAUTIFIER

It's just what its name implies—just to make the hair glossy, and lustrous, and more beautiful—just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure, just to give that delightful fresh and cool effect, and leave a lingering, delicate, elusive perfume.

Will not change or darken the color of the hair. Contains no oil; therefore, cannot leave the hair sticky or stringy.

Very pleasant to use, very easy to apply—simply sprinkle a little on your hair each time before brushing it.

To thoroughly clean your hair and scalp, use

Harmony Shampoo

A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments.

It leaves no lumps or stickiness.

— Just a refreshing sense of cool, sweet cleanliness.

— Just a dainty, pleasant and clean fragrance.

Both in odd-shaped ornamental bottles, with sprinkler tops.

Harmony Hair Beautifier, $1.00; Harmony Shampoo, 50c. Both guaranteed to please you, or your money back.

Sold only by the more than 7000 Rexall Stores—The World's Greatest Drug Store—and made in our own big Toronto Laboratories, where all the delightful HARMONY, VIOLET DULCE and BOUQUET JEANICE Perfumes and Toilet Preparations are made.

SCHOOL HYGIENE.

Its Relationship to the Health of the Nation.

Palgrave Institute Listens to an Important Address by Dr. Reynar.

"School Hygiene and Its Relationship to the Health of the Nation" was the subject of an instructive address which Dr. A. F. Reynar delivered before the Palgrave Women's Institute at a recent meeting. Before beginning his address Dr. Reynar stated that it was a pleasant duty and a privilege to be present and speak in behalf of the Women's Institute of Ontario, with so commendable and so comprehensive a motto as "Home and Country," on school hygiene and its close relationship to the health of the nation.

Much had been said through the press and in the great legislative assemblies of our country on the immense treasure of virgin forest, mines and fisheries, on the great heritage of land in New Ontario and the great Northwest, of the improvement of harbors and the construction of railways; of our trade and commerce with the United States and other foreign countries; of the assimilation of the foreign element landing on our shores, and the Christianization of the heathen, and other works of a great national character, but to the doctor's mind Canada's greatest asset was the boys and girls. The boys and girls of today become the men and women of to-morrow. "The child was father of the man." Every good prospect has a seed time and harvest, but in order to have a good harvest of healthy boys and girls we must have a careful and well-arranged seed time.

The great questions confronting parents:—Are they doing their duty to their children? Are they bringing out the best that is in the child that he may be completely and fully equipped for the great duties and responsibilities devolving on him in after years? Have we excluded indolence and indifference from the character of the child? Have we inculcated the principles of honesty, industry and progression? Are we bringing them up in the way they should go? Good boys and girls cannot be made by legislative enactment, but in the sunshine of love in the home.

The child should be taught to work as well as to play, and that there is no royal road to success, and that the student that burns the midnight oil is the one that succeeds and finds plenty of room on top; that there is only one kind of recognized aristocracy in a democracy like Canada or the United States and that is the one spoken about by that eminent and distinguished divine, Dr. Talmage, of which he himself claimed to be one, and that was the aristocracy of "hard knuckles."

Let us consider the public schools as a place to acquire these attainments.

Dr. Allport, of Chicago, very pertinently asks the question in a nutshell are we giving our children a "square deal" in our public schools? Are we going to compel them to attend school and then fail to deliver to them what the citizens of this country pay for and have a right to expect? Are we going to diminish crime and poverty by educating our children under the best possible auspices? Are we going to materially lessen epidemics, sickness and bodily defects by a universal standardization and adoption of a proper search for diseases and defects in our public schools?

Are we going to strengthen our voters intellectually, physically and morally by improving and increasing our educational facilities and possibilities through the avenue of placing the children of our country in a better physical condition?

These are the questions for parents, citizens and doctors to decide.

I have gathered some interesting figures and statistics which contain some startling revelations on the public schools of the United States, which will assist you to understand the close relationship between school hygiene and the health of the nation.

There are 20,000,000 school children of five per cent. of the population in the United States, assembled in 260,000 school houses valued at $850,000,000 and maintained at an annual cost of $500,000,000, a very splendid investment indeed, and yet 75 per cent. of the school children are suffering from some complete or incompletely remedial defect, which interferes with their physical, mental or moral advancement. There are 500,000 suffering from heart trouble, 1,000,000 from spinal curvature, 1,000,000 from tuberculosis, 1,000,000 from defective hearing, 5,000,000 from defective vision, 6,000,000 from operable tonsils and adenoids, 5,000,000 from mal-nutrition and 10,000,000 from bad teeth, and there is not enough dentists in the United States to repair them—thus having a miserable remnant of 560,000 school children sound physically and mentally. There are 70 per cent. of deaths from contagious and epidemic diseases and in most cases preventable by better school houses and better medical inspection. Only 1 per cent. of disease originates in the home, the school being the great distributing centre.

Parents have a tremendous responsibility and task looking after the health of the boy and the girl.

What interest could the child be expected to take in the essentials of good health when they do not know anything about the subject?—and yet the father is intensely interested in getting good crops and in good fertilizers and fine cattle and in registered pigs.

He constantly asks questions how to increase the yield of corn, or how to select the seed; but he never asks as to what his child should eat in order that when he matures he may have the greatest crop of health, mentally and physically. He has not the least notion of what the first principle of good health is—in the way of ventilating his house, or having the children sleep in fresh air or selecting the most healthful or least injurious occupation for the child.

The child is the greatest asset of the nation. Are we raising a generation that shall be useful in time of peace and war. Our men and women should be strong and big, physically, intellectually and morally. It rests with each mature generation to shape and mould the coming generation.

The most important place for this essential work is in the great melting pot of the nation—The Public School. Here the children come together and mingle; here they secure at least temporary relief from homes of squalor and destitution. Here we have the opportunity to shape, educate and direct their minds, bodies and souls. Let us not neglect the golden opportunities, those solemn privileges, but let us make of our public schools the means whereby we can produce the highest types of manhood and womanhood.

I would endorse the attitude taken by many boards of education that our schools should be the social centre of their neighborhoods for those who so desire to utilize them.

Meetings, social gatherings and entertainments should be encouraged to go to our public schools, and the people of the various neighborhoods should be made to understand that these buildings belong to them and can be utilized for all proper and legitimate functions.

Not many months ago a disaster occurred to school children so horrible that strong men wept and during that year thousands of dollars were spent in fire escapes and other alterations—but numerically greater numbers are perishing every day without even a comment and during the years to come millions more will end their young lives in the bloom of babyhood and tens of thousands of Rachels will mourn for their little ones and shall not be comforted.

Oh, but some one says, "We all cannot live. Some must die." But it is the unnecessary loss of life that is the hardest to bear and this loss, unconservatively great as it is, is largely within our power to prevent. Succeeding generations that look back on the conditions that prevail in our day will behold no darker picture or more disgraceful thing than our surrender of the children to sickness and death.

What excuse can be offered that one half of the children born into the world die before they reach man's estate and that 70 per cent. of school children suffer from some physical handicap more or less serious in the very threshold of life's opportunities; that our public school does not protect them against known enemies, but actually betrays them into their deadly foes.

The American School of Hygiene has done much to remove and free us of this great national error and advocates the playground as the most single promising means for its accomplishment.

Through all the ages the essential conditions of life have been few and plain, viz—food, air, sunshine and exercise.

Upon the supply of these in proper kind and amount depends the health of the school children of our land. Let us consider the importance of each of these in school hygiene, and the office of the school ground in supplying them.

A thoughtful writer describes such exercise as life and the absence of it as death. Exercise shapes the body, determines the vital organs, and builds the brain. By exercise the child takes possession of his inheritance from his race. To him it is the past, the present and the promise of the future.

But that exercise no man dictates, no teacher devises, no scholar fully defines. It comes forth unbidden from the child, declares his nature, discovers him to himself, defines his relationship to his mates, shows him the world. It is his play; it is himself. Can the school alone do this—be this?

In the long process in which exercise shaped the body and built the brain then was determined for all time the path by which the child must come into his own. In that shortened process we call childhood every faculty and every power and every organ that fails to receive its due exercise shrivels and health by so much suffers, and by so much the man becomes so much less a man.

The Greek education was essentially a play ground of education, and the education most nearly approaching it today is the playground of America. To that classic demonstration of the educational value of the school play ground has been added in our day an avalanche of testimony from the best intellects in our land. No less a person than President Roosevelt claims that the $10,000,000 playgrounds of Chicago are the greatest civic achievement in the world, and the Hon. Col. Sam. Hughes says the drill sheds are next to the churches for good.

The construction of the Panama Canal, or the Suez Canal, or the Cape to Cairo Railway or an Arctic or Antarctic railway would all be great human achievements—but the $10,000,000 playgrounds of Chicago, where strong boys and girls could be developed, is the greatest of all human achievements.

The doctor regretted that although there had been a public school in Palgrave for 75 years, he was unable to find a dollar ever spent on school grounds improvement. It was true land had been added to the school grounds, but the members of the institute deserved the credit—not the ratepayers, who sat tightly on their chairs while the women did the work.

The Doctor thought that the women should have a larger place in the affairs of the country, and hoped that they would soon have the franchise. The women had excelled in all the great educational institutions of the world, and he was proud of their noble organizations. He was proud of the Ladies Aid, and the Women's Institute, and the Young Women's Christian Association, and the Daughters of the Empire, and he was especially proud of the women of the County of Peel.

It was true some of them were a little hard to live with, but we could not live without them. The hand that rocks the cradle will continue to rock the world.

The power and influence of their mighty organizations for good was irresistible. Their good works would be like a tree planted by a river of water, that bringeth forth fruit in season, and may the leaves never wither or decay, but flourish like the palm tree and grow like the cedars of Lebanon.

We need more women of the type of Florence Nightingale to look after the sick and the wounded in our hospitals. A Pauline Johnston to write poetry and elevate her race. We need more Sisters of Charity to assist in the religious and charitable institutions and orders of their church. We need many more women like the woman that organized The Women's Institute. We need more Lady Aberdeens to assist and inspire men to nobler and greater work. We need good women to improve the intellectual and moral tone of the theatre, and we need more women of the pioneer type that accompanied their husbands to Canada and hewed out homes for themselves in the forests of this country, which is to-day pulsating with commercial and industrial activity from the Atlantic to the Pacific ocean. Let us all utilize the knowledge and power we possess. Let us enjoy the privileges and prosperity and liberty accruing from a free and democratic government. Let us take possession of the great Canadian heritage, which is ours and raise a strong, vigorous, intelligent, resourceful and useful generation of Canadians, for in them rests the future hope and destiny of the nation. Let us remember the beautiful and patriotic words of the poet:—

"Breathes there a man whose soul so dead
That never to himself hath said:
'This is my own my native land.'"

Beauty of the Skin

Cleanliness the Essential—Cheap Soaps and Powders to be Avoided

Cheap, inferior soaps and pore-clogging powders are the greatest enemies to the health and beauty of the skin. Skin powders are in reality only white dirt. They absorb the perspiration and form a sort of paste, which seals up the pores and positively stops the natural eliminating action of the skin.

To have a beautiful skin, you should use only the best of soap, and when roughness or irritation of the skin arises the application of Dr. Chase's Ointment will soon restore the natural smoothness and beauty of the skin.

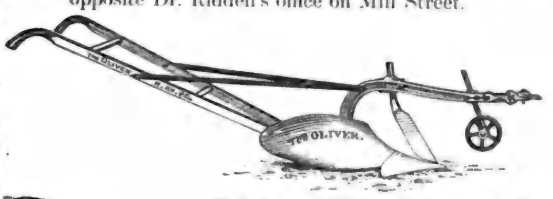
The almost magical effect this ointment has in the cure of eczema, salt rheum, blackheads, pimples and all forms of itching skin eruptions is the wonder of all who use it. It acts as a food for the skin, and is consequently a beautifier of most remarkable effectiveness.

Dr. Chase's Ointment cleans out the pores of the skin and increases the natural activity of the skin as an eliminating agent. If you would have a clear, healthy, beautiful skin, Dr. Chase's Ointment will help you to realize your wish as nothing else can. 60 cents a box, all dealers. Sample box free, if you mention this paper. Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment

For Headaches

Here's the Reason and the Cure



Most people at some time or another suffer from headaches—disordered stomach, liver or bowels is the cause—any one can be cured—one woman says: Chamberlain's Tablets did more for me than I ever dared hope for—cured headaches—biliousness—and toned up my whole system—I feel like a new woman." No case too hard for these little red health restorers. 25c. a bottle. Druggists and Dealers, or by Mail.

DOES IT MATTER?

Winter Tours to the Land of Sunshine and Summer Days.

At this season of the year a great many are planning their winter tours. Considerable numbers annually visit the ever-popular California Resorts, while many prefer the flowers and sunshine of Florida, together with the very even climate.

Numerous people in comfortable circumstances, well able to afford a winter tour, have the mistaken idea that a trip of this nature is most expensive. This is not so. Thanks to modern railway facilities, an extensive trip both interesting and educational can be made with speed and comfort at a comparatively small cost. Why not investigate?

The Canadian Pacific Railway offers particularly good service to Detroit, where direct connection is made for Florida, via Cincinnati, Ohio and Atlanta, Ga. Jacksonville, Florida, is reached second morning after leaving Detroit. Excellent connections for Florida can also be made via Buffalo.

The Canadian Pacific-Wabash route will be found the ideal line to Chicago, where direct connection is made for the Southern States. New Orleans is reached second morning after leaving Toronto.

Direct connection is also made at Chicago for points in California, Texas, Arizona, etc.

The Dining, Parlor and Sleeping Car service between Toronto, Detroit and Chicago is up-to-date in every particular. Connecting lines also operate through Sleeping and Dining Cars.

Those contemplating a trip of any nature will receive full information from any C.P.R. Agent; or write N. G. Murphy, District Passenger Agent, Toronto.

Some Fresh Pork.

"Say boys, say, what in the dickens is wrong now?" Matt yelled when the hay press went smash, smash, bang at Crombie's on Saturday, and the gang immediately sought refuge at the safe end of the machine. It developed that the pin of the driving rod of the press came out at the ram end and when the wheels made another revolution the rod dropped down and snapped off. Another turn and crash, crash went the other end, but nowhere could the shaft be found when the machine stopped. It had disappeared like magic. Work for the day ended then and the boys repaired to the stable beneath to get the horses to come home when a peculiar noise at the pig pen attracted their attention. The heavy bar had punched a hole through the floor and its 150 lb. dropped ten feet or more, striking a big fat porker on the head. The crowd forthwith put the animal out of misery and converted him into high class pork. It was a great relief to learn that the broken bar had not been lost for keeps. Star & Vidette.

CHILDREN'S HAIR

KEEP IT CLEAN AND FREE FROM DISEASE BY USING PARISIAN SAGE.

If you want your children to grow up with strong, beautiful and vigorous hair, teach them to use Parisian Sage—the world renowned Hair Tonic.

Parisian Sage is guaranteed by Stevenson's Drug Store to cure dandruff and stop falling hair in two weeks. It grows new hair quickly in cases where the hair is "thinning out."

It is positively the most delightful, invigorating hair dressing on the market for family use. It is not sticky or greasy and will make your hair soft, lustrous and luxuriant. It puts life and beauty into dull faded hair. Get a large bottle from Stevenson's Drug Store and watch its rapid action. Regular price 50 cents

Henry Scratch, a retired farmer, aged 74, died suddenly in the street at Kingsville.

John Bishop trapped a large wildcat in a Maryboro township bush. It weighed 10 lbs. and measured 49 inches from tip to tip.

The will of the late W. H. McLaren, of Hamilton, disposes of an estate of $150,000, of which $7,000 goes to various Presbyterian funds.

DECEMBER 31st END OF OUR YEAR. ALL ACCOUNTS MUST BE SETTLED

Orangeville Boy Scouts

On and after this week the Boy Scouts will meet on Tuesday evenings instead of Fridays, and only those who are enrolled in the Troop may be present, as it is necessary to get to work without any hindrance.

On Friday this week the first of the Tenderfoot tests will be put through, and the first members sworn in.

The meeting on Friday last was a great success. Capt. Hammond was present and gave a splendid address to the parents and boys present. His slides were fine pictures. At the close the following Local Council was elected :—

President—Col. Preston
Secretary—Sheriff Endacott
Treasurer—Mr. W. G. Hyland
Council — Drs. Campbell, Kyles, Rooney, Messrs. Neilson, Tuck, Firth and Steele.

During the evening St. Mark's Orchestra played several selections, the boys gave an exhibition of Semaphore and Morse Signalling, and also sang their Scout Song. The Warrant for Orangeville B. P. Boy Scouts Troop No. 1 will be forwarded from Headquarters bearing the signature of the Chief Scout for Canada, His Royal Highness, the Duke of Connaught.

The boys will take the full course of St. John's Ambulance Association as their First Aid Course. The official uniform is to be khaki shirts and blue shorts.

Kidnie-East

A quiet but pretty wedding took place at the home of the bride's mother on East Broadway on Tuesday afternoon, Dec. 9th, when Mr. William G. Kidnie, of Mono Centre, and Miss Grace M. East were united in marriage. The bride, who was unattended, was daintily gowned in cream embroidered voile over pink silk and carried a shower bouquet of bridal roses with lily of the valley. The nuptial knot was tied by Rev. G. W. Robinson, pastor of Orangeville Methodist Church. After the ceremony and the usual congratulations from the assembled guests, all repaired to the dining room where a dainty wedding repast was served. The groom's gift to the bride was a handsome set of mink furs and to Miss Daisy Morrison, who played the wedding march, a large jewel case. The bridal couple left on the evening train for Toronto, Niagara and Rochester, the bride travelling in a suit of alice blue Bedford cord with plush hat to match. The bride was the recipient of many useful and pretty gifts. On their return Mr. and Mrs. Kidnie will reside at Mono Centre. They have the best wishes of a large circle of friends for their future happiness.

O. H. S. Literary Society

The first meeting of the Orangeville High School Literary Society was held in the Assembly Room of the school on Wednesday evening, Dec. 3rd. The programme consisted of the following numbers :—Address by the President; vocal solo by Mr. D. S. MacPherson; violin solo by Miss Ruby Laughlin; piano duet by Misses Gladys and Vera Hogg; essay by Miss Elsie McArton; piano solo by Miss Alberta Kearns and an address by the ex-President, Miss Mary Gabriel. The meeting was closed with the National Anthem.

The following is a list of the officers :—

President, R. King; Vice-President, Miss Edna Keith; Secretary, Miss Greta Godder; Treasurer, Trueman Kelly; Form representatives — I., Miss N. Cranston, H. Cruikshank; II., Miss V. Hogg, C. Crozier; III., a., Miss E. McArton, W. Rowan; III., b., Miss E. Anderson, J. Irwin; IV., Miss R. Laughlin, E. White.

Sale Register

A Credit Auction Sale of 150 Cattle, Horses, Sheep and Pigs, the property of J. L. Clark, lot 15, 4th line, west Chinguacousy, will be held on Tuesday, Dec. 16th. G. T. R. trains will be met at Norval.

CALEDON.

Mr. James Warnock purchased through Mr. John A. Willoughby, the fine two hundred acre farm, adjoining his, belonging to Mr. McFayden. "Jim me" has energy and ambition and has made good in the past and we have no doubt will be even more successful on the larger scale of farming. Last Friday and Saturday his neighbors turned out and some 40 acres were ploughed. Mr. Warnock has since disposed of lot 11 to Mr. W. J. Patterson, who in turn has leased it to his uncle Mr. W. R. Patterson, who, we understand, will settle down here as soon as Cupid gets him in line with the benedicts.

Dr. and Mrs. Daniel Sweeney and family, of Fort McNichol, are visiting their parental home here.

Mr. Thomas Quinn is on a trip to the Queen City. We have not yet learned what the ex-deputy reeve's municipal ambitions are for next year as things in that line are very quiet in Caledon and a great many of our ratepayers predict an acclamation.

Miss Jean Brown has returned home to Collingwood after spending a pleasant fortnight with her sister, Miss Mabel Saddler, who is boarding in Guelph.

Mr. Daniel McArthur has returned home after visiting friends in Pawassan and reports a very pleasant time.

THE MAPLES.

Mr. Lesser and daughter, of Orangeville, visited at the home of Mr. and Mrs. C. W. Heath, one day last week.

W. H. Hunter left last Saturday for the Guelph Fat Stock Show, where he is exhibiting some choice stock.

The Providence Methodist Church are holding their annual Christmas Tree on Tuesday evening December 23rd. A good programme is being arranged for and the usual large attendance is expected.

Mr. Geo. Glover and his bride have moved into their home here.

Personal Mention

Miss Lowray Reid visited Toronto friends last week.

John Best, M. P. for Dufferin, spent Tuesday in town.

Mr. D. J. Hunter is attending the Guelph Fat Stock Show.

Mrs. Stewart, of Toronto, is visiting Dr. and Mrs. James Henry.

Mr. J. E. Thompson is attending the Fat Stock Show in Guelph this week.

Miss Bea Reid spent Sunday with her sister, Mrs. G. F. Gabriel, of Shelburne.

Miss Winnifred East, of Toronto, attended the marriage of her sister on Tuesday.

Miss Brooks, of Milton, was the guest of Miss Edna Campbell Sunday and Monday.

Mr. G. A. Campbell, York St., is visiting his son, Dr. L. G. Campbell, Markdale.

Miss Edith Braiden has arrived home from the West where she spent the last three months.

Mrs. Fred Wright and son, Francis, and Miss Bertha Lathwell are visiting friends in the city this week.

Mr. R. H. Galbraith, of Shelburne, was in town on Tuesday, Mr. Galbraith was one of the jurors at the County Court.

Messrs. Ross and Douglass McPherson, sons of Mr. and Mrs. D. McPherson, 3rd Avenue, are home from the West for the Christmas vacation.

Mrs. H. D. Cruikshank and little daughter, of Balcarres, Sask., are visiting at the home of the former's parents, Mr. and Mrs. Wm. Braiden, Mill St.

Mr. C. Baughman, of Alton, a former monoline operator in The Banner office, has taken a position as monoline operator on the staff of the Collingwood Enterprise.

Mrs. Hughston, of Shelburne, mother of Mrs. D. Young, 1st Street, is leaving shortly for Woodstock, where she intends to spend the winter with her son, Mr. H. E. Hughston.

Mr. and Mrs. Alvin Washington announce the marriage of their daughter, Myrtle, to Mr. Joseph Dermott, of Orangeville. The happy event will take place during New Year's week.

Mr. Thos. Tilt, of Guelph, was the guest of his son, Mr. W. T. Tilt, last week. Mr. Tilt sr., who is an ex-Mayor of Goderich, is a remarkably hale and well preserved old gentleman.

Mr. and Mrs. George Simpson, of Marsville, announce the engagement of the daughter, Margaret Christene, to Mr. Isaac A. Simpson, The Maples. The marriage will take place this month.

Mr. Robt. Wilson, of Toronto, formerly assistant in McLean's tonsorial parlor, spent Tuesday renewing acquaintanceships in town. Mr. Wilson is going to Buffalo, where he has taken a situation.

Mr. Andrew Braden, of Winnipeg, who is east on a business trip, was the guest of his son, Mr. W. E. Braden, of The Banner staff, Sunday and Monday. Mr. Braden states that business is quiet and money very tight in the West, but everybody is looking for an improvement after the New Year. Winnipeg, he says, has suffered less from the real estate boom than most other Western cities.

—Mrs. Tebbs is holding a Reception for the ladies of St. Mark's, who are residing in the country, on the afternoon of Fair Day.

—Mr. George Dodds, the veteran Postmaster of Primrose, is critically ill and his friends are not at all sanguine that he will recover.

Don't buy a Coon Coat before seeing the beauties we are clearing at $75. McMillan Clothing Co.

The improvements to the Town Hall are nearly completed. The auditorium, which has been vastly improved in appearance, is almost ready for the new seating.

—The surplices and vestments for St. Mark's choir arrived this week and will be used for the first time at the Christmas Day services. They were ordered direct from England.

—Line of Fancy Goods for Xmas Trade just opened at The Banner Bookstore.

—Messrs. J. C. Darraugh and Harry May have opened up toy counters in the vacant store adjoining The Banner Office. The venture is a temporary one for the Christmas trade.

—Next Monday night will be Missionary night in the Epworth League. Papers will be read on mission work in four parts of the West. A special musical programme will be furnished.

—Rev. G. W. Tebbs was in Hespeler on Monday night attending a meeting of the management of the Irish Boys' Home, with which he has been connected for a number of years. He has now severed his official connection with the institution.

Big Clothing Sale on at J. D. Torrie's. Clearing prices 15 to 25 per cent. off.

—The Adamson Hardware Co. are once more established in their fine store opposite Mill St. The store has been handsomely fitted throughout and looks much roomier and brighter than it did before the fire. A cosy rest room for ladies is a convenience that will be greatly appreciated by women shoppers from the country.

—In the last minute rush getting the illustrated section of this week's issue to the press, a few compositors' errors escaped the notice of the proof reader. The most serious are the slips in the names of Reeve Arnott and Councillor Darraugh. The former should of course read Arnott instead of Arnold and the latter Jos. instead of Thos. Darraugh.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

Miss Elliott's Recital.

Miss Maude Elliott will give a Piano Recital in the Auditorium of the Public Library on Wednesday evening, Dec. 17th, commencing at 8.15 o'clock. The assisting artists will be Mr. Percival Harding, tenor, and Miss Henrietta Wallace, A.T.C.M., accompanist.

Daughters of the Empire.

Lord Dufferin Chapter, Daughters of the Empire, will hold its regular monthly meeting at the home of Mrs. W. C. McMillan, West Broadway, on Friday afternoon at 3.30 o'clock. All ladies interested in the work of the Hospital are invited to attend.

Freight Ditched

Six cars of a C.P.R. freight were derailed near the old station at Cardwell Junction on Saturday night. No person was injured except Conductor Dave Carson, who had his shoulder blade and two ribs broken. Conductor Carson is a brother of Mrs. Geo. White, Wellington St.

A Trip to the Island of Ceylon

On Monday next at the weekly meeting of St. Mark's Young People's Association an Illustrated Lecture on Ceylon will be given by the Rector. It is proposed to form a Snow Shoe Club in connection with the A.Y.P.A. and officers will probably be elected on Monday night. The citizens of Orangeville are cordially welcomed to the above lecture.

Story of Jean Val Jean

Rev. Dr. Cleaver, M.A., B.D., the gifted pastor of Central Methodist Church, Toronto, will tell the thrilling story of Jean Val Jean at the annual Christmas entertainment of Charleston Methodist Church on Christmas night. Jean Val Jean is generally regarded as the master work of Victor Hugo, the great French author, and the story as told by Dr. Cleaver will hold any audience in rapt attention. Dr. Cleaver gave this address to his own Sunday School in Trinity Methodist Church no less than five times and there are people in Toronto, who have heard the address no less than nine times. The entertainment, which will be held in the church, will begin sharp at eight o'clock. Admission 25c and 15c.

—Ritewell Fountain Pens for sale at The Banner Bookstore. Every pen fully guaranteed. Ask to see them.

Christmas at Camilla.

St. Andrew's Church, Camilla, will hold the usual Christmas night entertainment this year. The program will include the Play, "My Old New Hampshire Home," which will be put on the boards by The Camilla Dramatic Club. Further particulars later.

Salvation Army

Special services will be held in the Salvation Army Hall on Sunday, Dec. 14th, as follows:—11 a.m., Holiness meeting; 3 p.m., special musical programme consisting of duets, solos and quartettes, both instrumental and vocal; 7.45 p.m. Salvation meeting when the Rev. G. W. Tebbs will give the Bible reading. All are heartily invited.

Children's Aid Society

A meeting of the Children's Aid Society of Dufferin County will be held in the Auditorium of the Orangeville Public Library on Tuesday afternoon, Dec. 16th, at 2 o'clock. His Honor, Judge Fisher, will preside and an address will be given by J. J. Kelso Esq., Superintendent of the Neglected and Dependent Children Department. The general public is given a cordial invitation to attend.

O. O. F. Officers

Orangeville Council No. 85, Canadian Order of Chosen Friends, held its annual election of officers on Friday night. The officers elected for 1914 are:—C. C., Mrs. M. Riley; V. C., Mrs. Wm. Powers; Recorder, H. A. Duke; Treasurer, B. McGuire; Prelate, Mrs. W. Fairbairn; Marshall, Robt. Bennett; Warden, Mrs. J. Corbett; guard, Oliver Carpenter; sentry, W. H. Lambe; auditors, R. J. McConnell, Jas. A. Patterson; Trustees, John Bowers, J. Vanwyck, W. H. Lambe.

Harris Lodge Officers

Harris Masonic Lodge held its annual election of officers on Tuesday night. The officers-elect are:—I.P.M., W. Bro. J. B. Adamson; W.M., W. Bro. Dr. T. A. Carson; S.W., Bro. A. N. Adams; J. W., Bro. W. E. Rogers; Chap., Rev. Bro. J. R. Bell; treas., Rt. W. Bro. R. Irvine; secretary, Bro. A. E. Annis; tyler, Bro. E. Field; auditors, Bros. J. S. Robertson and J. E. Smith; Installing Board, W. Railway Building in South America.

We have been so engrossed in carrying through great railway enterprises in Canada that we have overlooked the expansion in the same direction that has been going on in South America at the same time. Yet what has been accomplished there is quite as notable as any of our own accomplishments. Chili, one of the minor republics of the South, has just completed a line which parallels in a way the building of our own Canadian Pacific in the Chilian line covers the country in which it is built from end to end. Chili is like a great whip lash extending along the coast of South America, from the borders of Peru almost to the southern extremity of the continent. A line of railway has just been completed which extends from north to south over this entire distance, nearly 2,000 miles.

But this line, located near the coast, was a simple feat in engineering compared with other lines which have been built up against or over the Andes. The principal scenes of operdes. The principal scenes of operation in these lines were in Ecuador and Peru. The principal port of Ecuador is Guayaquil, which was linked by rail with Quito, the capital, in July, 1908. The completion of the enterprise, involving a climb of the Andes, was effected at a cost of $17,000,000. The climb up the mountains was stoutly contested by nature's almost impassable barriers; and before reaching the city of Riobamba, which might be termed the half-way point, there are 29 degrees curves and grades of 4½ per cent., the climbing of which requires powerful locomotives, which pull only a few cars. The distance from Guayaquil to Quito is 290 miles, the rail journey requiring two days—the first day in making the ascent to Riobamba, and the second in travelling along the very roof of the world to the capital city.

In Peru the difficulties in railway construction have been enormous. The Oroya road from Callao on the coast to Oroya, 138 miles distant, begun about 1869, and built under the guidance of the late Henry Meiggs, includes in its route the famous Galera tunnel, 15,665 feet above the sea. Today this railway, known as the Central Railroad, stands as one of the most wonderful in the world, owing to the engineering difficulties that were overcome in its construction. For 88 miles there is not a single down grade, while bridges, tunnels, and curves are almost innumerable.

Though the total mileage of Venezuela's eleven lines of railroads does not exceed 800 miles, it included two tracks that are somewhat unusual. One is that of the Boliver, the oldest in the country, begun in 1873, connecting the seaport of Tucacas with the copper mines of Aroa and with Barquisimeto, and having a guage of 24 inches only; the other, that of La Guaira-Caracas Railway, which "climbs a circuitous route from the port to the capital, 3,000 feet above sea-level, traversing a distance of 22 miles, while the air line between the two cities is only 8 miles." Travelling on this railway is something of a luxury, the first-class fare being about 11 cents a mile. The Grand Venezuela Railroad, connecting Caracas with Valencia, is about 112 miles long and is said to have cost $80,000,000. It is a German enterprise, and the road passes over 212 viaducts and bridges and through no less than 86 tunnels.

In Argentina railway building has been, in the main, similar to that over our own prairies.

In Argentina the traveller today rides over the boundless plains in one of the fastest and most luxuriously equipped railroad trains to be found in South America. The reason for this is that the extreme broad guage 5 feet 6 inches) is largely used. The Argentina system, it is said, had its origin shortly after the Crimean War, when England found herself possessed of rolling stock from Russian railways. Contractors purchased some of these cars and locomotives and shipped them to Argentina, where 13 miles of railway were constructed westward from Buenos Ayres. This short line with its Russian equipment inaugurated train service in 1857. Between that date and 1909 the mileage grew to 16,000 miles.

Today there is a total mileage exceeding 20,300 miles, of which more than 16,000 miles belong to private corporations and more than 3,000 are owned by the Government. About 88 per cent. of invested capital is from foreign sources, mainly British, the English capital engaged amounting to £198,902,824 ($964,514,145), and showing a profit of more than 4 per cent. The passengers carried during the year numbered 68,457,090. Many new roads are projected, and "for many years to come Argentina bids fair to hold the mileage record among the nations of South America."

Michael O'Callaghan, an old resident of Melancthon, died at this residence on the Gravel Road on Tuesday, Dec. 2nd, in his 70th year.

I OWE MY LIFE TO "FRUIT-A-TIVES"

They Did Me More Good Than All Other Treatments Combined

MRS. H. S. WILLIAMS

PALMERSTON, ONT., June 20th, 1913

"I really believe that I owe my life to "Fruit-a-tives". Ever since childhood, I have been under the care of physicians and have been paying doctors' bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old stomach trouble and distressing headaches nearly drove me wild. Some time ago I got a box of "Fruit-a-tives" and the first box did me good. My husband was delighted and advised a continuation of their use. "Fruit-a-tives" completely cured me.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked me the reason. I replied, "I am taking Fruit-a-tives". He said, "Well, if "Fruit-a-tives" are making you look so well, go ahead and take them. They are doing more for you than I can".

Mrs. H. S. WILLIAMS.

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for $2.50, trial size 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

We have a large assortment of attractive Xmas Gifts and Novelties. The Banner Bookstore.

The market gardeners of Cooksville, Streetsville, Malo, Summerville, Lorne Park, Oakville and Port Credit are presenting a largely signed petition to Hon. Mr. Hanna, asking that the hour of opening hotels at Lambton Mills and Humber Bay be changed from eight o'clock to five o'clock in the morning.

—Line of Fancy Goods for Xmas Trade just opened at The Banner Bookstore.

Hastings County will ask the Government to extend the close season for salmon or mountain trout from September 20 to November 1, and to extend the close season for black bass to July 1, and that domestic licenses be granted to residents to catch white fish for family consumption, but not for barter or trade.

Deadly coal gas nearly caused the death of Mrs. John Westlake and her sister, Mrs. Adams, of Toronto, at the home of the former near Macville a week ago Sunday night. Early on Monday morning the presence of the gas in the house was discovered, and the two ladies were found to be in a critical condition.

To the Public of Orangeville and Surrounding Country.

We, the undersigned, desire to tender our thanks to all our customers and friends for their patronage and assistance during the past year. Our business relations have been of a most pleasant and courteous nature. We find, however, that a credit business is very unsatisfactory in many ways to both parties and is steadily falling into disuse in all progressive places. We find that the most successful business houses are adopting cash methods and, as we are compelled to pay spot cash for all our purchases, we have decided to adopt a strictly cash system, starting from Jan. 1st, 1914. We wish to ask your support and co-operation and we assure you of the very best possible value for your money, consistent with legitimate and fair dealing. We have the honor to be

Your Obedient Servants

C. H. SMITH & SON.

Orangeville, Nov. 26, 1913.

CIVIL LAW SUPREME.

Parental Wishes Subordinate to Welfare of Canada.

Appellate Court Gives an Important Judgment.

The rule of the law is that the welfare of an infant, and not the religion of its parents, must be the deciding factor in determining to what foster home an infant shall be confided when for causes the parents are unable to give it proper care and attention. This was the salient feature of the judgment of the Appellate Division delivered at Osgoode Hall on Tuesday, dismissing the appeal of Philip Kenna, of Montreal, from the decision of Mr. Justice Middleton ordering his five-year-old son to be placed in a Protestant foster home.

The judgment is of great importance, in that it sustains the supremacy of the civil over the ecclesiastical law. The Court ruled that a child of such tender years had no religion of its own, nor was the question of its religion a pressing one. "Although the statutes referred to 'Protestant' and 'Roman Catholic' child, such a child could not be properly designated as a Protestant or Roman Catholic child." Therefore the learned judge had rightly exercised the discretionary powers with which he was vested.

Kenna, the nominal appellant, is a Roman Catholic immigrant. He married a Protestant woman in Manchester, Eng., some ten years ago. The pair came to Canada in 1904, and settled in Montreal, where the child, whose custody is now in dispute, was born in 1908. The child was baptized in a Catholic Church in that city. In 1909 the parents came to Toronto, but did not appear to get along very well here and finally separated. The mother retained the custody of the child, caring for it for some time. In 1911 the father, who is a laborer, sought, with the aid of St. Vincent de Paul Society, to regain control of the child, and failed. Later he went to the United States. While he was there the mother neglected the boy, with the result that she was prosecuted. Commissioner Starr, of the Juvenile Court, thought she was unfit to control the child, and made an order committing the child to the care of the Children's Aid Society. The Society placed it in a foster home. The foster parents, who are fairly wealthy Protestants, practically adopted the little fellow as their own, and proposed rearing and educating him in a manner that would ensure his becoming a worthy and useful citizen. On Kenna's returning from the United States proceedings were commenced to have the boy taken from his foster parents and placed with his godparents, or entrusted to the care of the St. Vincent de Paul Society to be placed in a Catholic foster home. The action was heard by Mr. Justice Middleton, who decided the welfare of the boy would be best served if he remained with his foster parents, and refused to order a change.

There is a strong probability that the St. Vincent de Paul Society or the Catholic Church will make further efforts to secure the custody of the boy, and the matter will be taken to the Privy Council.

HOW TO AVOID COLD WEATHER DISEASES

To prevent cold weather diseases, put your body in a proper healthy condition to successfully resist them. Colds, grippe, bronchitis, pneumonia, catarrh, typhoid fever, rheumatism, and other ailments may be escaped in most cases, if this is done. Build up your health and strength—your nerves and blood and entire body—into such shape that you can count on good health all during the winter months—by taking Rexall Olive Oil Emulsion, the ideal blood, nerve and body builder.

This is a remarkable medicine, but a common sense one. It doesn't stimulate. So-called "tonics" that stimulate give you no permanent relief, but leave you worse off than before. Rexall Olive Oil Emulsion contains none of these harmful, stimulating ingredients, such as alcohol and dangerous habit-forming drugs. Its great benefit to you is through its real nerve and blood and body-building effects. It nourishes, builds, strengthens. Its merit does not rest on making you feel better for a few minutes at a time after taking it, but on making you feel better as a result of making you well.

Rexall Olive Oil Emulsion is the ideal blood and nerve-food tonic. You who are weak and run down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family. You'll be as enthusiastic about it as we are when you have noted its pleasant taste, its strengthening, invigorating, building up, disease-preventing effects. If it does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Rexall Store—one of more than 7,000 leading drug stores in the United States, Canada and Great Britain.—T. F. & T. J. Brown, Orangeville, Ont.

—Books on Scouteraft are now on sale at the Banner Office.

When it comes to what is correct in young men's natty Overcoats around $12, $15 to $18 McMillan Clothing Co is without doubt the place to head for.

GEORGE BESWICK

Furniture Emporium

One of the most interesting and attractive business establishments in Orangeville is that of Mr. Geo. Beswick. This well-known business has been established almost half a century, and the present proprietor has been in business here for the long period of thirty-seven years. This has given Mr. Beswick a special knowledge of furniture, suitable for all classes of the community. There is a large stock on hand of parlor, bedroom and kitchen furniture, mirrors, baby carriages, window shades, etc.

In price, style and elegance his goods will compare very favorably with those of the largest houses in the Dominion.

The premises are well located in the business part of the town. Terms are reasonable, and can be arranged to suit the convenience and circumstances of all buyers.

CARSON V. JEFFERS

Druggist

In connection with the drug business in Orangeville, there could be no better establishment than that of Mr. Jeffers.

Originally founded fifteen years ago by J. R. Gillespie, it was taken over by the present proprietor some three years ago, and has been carried on with the success worthy of such a fine business.

The store is, without exception, one of the finest of its kind, handsomely fitted up and stocked with a large and complete assortment of drugs of the freshest and best quality, sundries of all kinds, also confectionery, patent medicines, cameras, etc.

Mr. Jeffers holds the agency for Nyal's well-known family remedies, which have a large and increasing sale and of which he stocks full lines.

He also holds the C. P. R. Co.'s Ticket and Telegraph Agency.

Prescriptions are dispensed with the greatest care, and at moderate prices.

THE CANADIAN BANK OF COMMERCE

The Canadian Bank of Commerce is one of Canada's largest banking institutions, covering the country with branches like a piece of network. The establishment of the Bank dates back to 1866. During the four decades and more since its inception the bank has grown to enormous proportions. To-day its paid up capital is placed at $15,000,000, and its rest account at $12,500,000. The President of this Bank is that distinguished Canadian, Sir Edmund Walker, with a Board of Directors behind him composed of twenty men high up in financial and business circles. Mr. Alex. Laird is the capable General Manager. By the 1912 annual report the Bank's total assets are given as $246,571,289.74—a sum of money which fairly staggers one to comprehend. The net profits on the year's transactions amounted to $2,400,000. Over a million and a half of dollars were paid in dividends to stockholders last year.

There are approximately 380 branches of this bank doing business every legitimate business day of the year in the Provinces of the Dominion, and in Newfoundland, the United States, Great Britain and Mexico. Bankers and correspondents are found representing the Bank of Commerce in every civilized country in the world.

The splendid head office building on King Street West, Toronto, has long been one of the handsome financial structures of the Queen City.

The Orangeville branch of the Bank was established in 1871, the first manager being Mr. T. Y. Greet. The handsome home of the branch, shown in the accompanying illustration, is situated at the corner of Broadway and Mill Sts., right in the heart of the business district, and the first business building reached on coming into town from the railway station. The building is of brick, with handsome stone front. The bank offices are finished throughout in oak, and afford ample accommodation for the staff and for patrons. Upstairs are living rooms for the staff.

The present manager, Mr. R. H. Neilson, came here from Shelbrook, Sask., a year ago, and has proven himself to be an obliging and courteous official, who has the esteem and respect of the patrons of this useful financial institution.

THE CANADIAN BANK OF COMMERCE

J. E. THOMPSON

Importer of Clydesdale and Hackney Horses

Mr. Thompson was born and brought up on a big stock farm a few miles out of Orangeville, and thus early acquired a thorough and practical knowledge of all matters connected with stock raising.

About six years ago he went west near to Moose Jaw, Saskatchewan, and commenced farming and dealing in horses, the latter being his specialty. He prospered better than even his most sanguine expectations, finally selling out for a good round sum, and returned to his native county.

Here in Orangeville he bought out the Commercial Hotel, and at considerable expense remodelled the stables to accommodate the Clydesdale and Hackney horses which he imports regularly, being the sole importer in the County of Dufferin of these celebrated breeds. Last February he imported a bunch of 4 stallions and 12 fillies from the noted breeders, Montgomery Bros., Kirkcudbright, Scotland. He intends importing another load in the near future, meantime shipping regularly to the West. He imported a very fine three-year-old stallion, Dunure Bryan, sired by the famous stock horse, "Baron Bushyne." This is a very handsome and extra well bred colt. Another fine animal is Maythorn, a three-year-old, sired by the famous stock horse, "Royal Abundance." Mr. Thompson's fillies are sired by the best Clydesdale Sires of Scotland. By bringing over at great expense such fine extra well bred horses he has built up a very large business. Mr. Peter Walker, an expert horseman, was brought over specially from Scotland to look after the horses. We may mention that Mr. Thompson's father is universally considered one of the best experts in these matters in the County of Dufferin. This gentleman is the owner of "Montrose Monk," one of the best Clydesdale stallions that stands at the present time in this County. This animal is located at present at the stables here and is proving himself one of the greatest sires ever imported to Canada. There is also a specially fine team of Hackney mares on hand which are the admiration of all who have seen them.

Anyone requiring high-class stock or expert advice should communicate with Mr. J. E. Thompson, Orangeville.

DUNURE BRYAN [14454] (16659)

Imported Clydesdale imported in February 1913. Sired by the famous Baron Buchyvie. This is one of Mr. Thompson's stock horses that stands at the Commercial House Stables, Orangeville.

SPRIGHTLY (425

This handsome hackney mare and her mate were purchased by Mr. J.E. Thompson at Guelph for a handsome figure. The team were exhibited at the Toronto Exhibition last year.

WALKER & CO.

Unfermented Wines and Aerated Waters

One of the important industries of Orangeville is that of Messrs. Walker & Co., whose name and manufactures are known over a radius of many miles. They acquired the Orangeville Bottling Works some six years ago, and since then have developed a large business in soft drinks of all kinds, ginger ale, lemon sour, cream soda, birch beer, sarsaparilla, strawberry, in all some thirty specialties.

A most important department of their business is that of unfermented wines, which cheer but do not inebriate, namely, port, sherry, blackberry, black cherry, kola, and a special drink for cold weather called Chilly Punch.

These drinks are made from the best spring water and the purest ingredients, the latter being purchased from an eminent English firm, which hold medals for excellence of quality.

Walker's prices allow a proper margin of profit to the wholesale merchant, and their products can be sold to the public at a moderate sum.

E. H. SMITH

Harness Maker

Mr. Smith has been established in his present business about six years. His father and mother having died when he was a small boy he emigrated from England with some friends about 28 years ago. Previous to commencing his present business he was for sixteen years with the firm of Messrs. Mercer & Robinson.

[illegible] SMITH

Having a thorough knowledge of his business in all its branches, by strict attention to business and unfailing courtesy, he has developed a good connection in Orangeville and surrounding country with the best buyers.

Mr. Smith can supply promptly and at moderate prices harness, trunks, valises, robes, blankets, whips and general horse goods.

He is sole agent for the well-known pianos, the Bell and Gerhard Heintzman makes.

J. R. HARCUS

Grocer and General Merchant

Mr. Harcus is one of the rising grocers and merchants of Orangeville, although he has conducted his business for only eighteen months, having succeeded Mr. F. H. Arkell, who established the business eight years ago. He has by strict attention to business, good quality and moderate charges, formed an excellent connection, which is steadily increasing.

The premises are spacious, with a large, well-selected stock of fresh goods.

Mr. Harcus has a large turnover in farm produce, of which he makes a specialty.

LATHWELL & SON

Coal Importers

Mr. J. R. Lathwell, the senior member of the firm, established himself in business here some 35 years ago. About 18 years ago he commenced the coal and wood business, and has developed the coal trade during that time from a few hundred tons yearly to over 4,000 tons. Mr. Lathwell's son is now an active member of the firm.

They sell all kinds of hard and soft coal, and are sole agents for the celebrated D. L. & W. Scranton Coal — the Standard Anthracite—the only coal on the market that does not require to be examined by the government.

Recently there has been an advance in the price of coal, and there is a probability that there may be a further rise.

THE ORANGEVILLE FAIR

The Orangeville Fair is a regular fairyland for the children, more especially during the Christmas season, and even grown-ups are charmed and interested by the display of multitudinous articles of every sort and shape and size and color. This is one of a syndicate of stores, and its stock is supplied from huge purchases made in best markets by the head of the syndicate. The Orangeville store is found on Broadway, north side, and cannot be mistaken for any other. Miss Margaret Van Wyck is the capable manager. The store was opened here three years ago, and has now become a household word in the homes throughout the town and surrounding townships.

To enumerate the different lines handled would fill a column, but a few may be mentioned here, such as crockery, tinware, graniteware, woodenware, toys, fancy china, glassware, stationery, ladies' whitewear, pictures, fancy work, school sundries, market baskets, lamps, jardinieres, patterns for drawn work, hosiery, picture post cards, souvenir goods, etc. This store claims to be the only place in town where music is sold. Music lovers should tack this bit of information in the crown of their hats.

At Christmas time the Fair is Santa Claus' headquarters. A veritable toyland this, where every wish or desire of young Canada finds gratification. A real live Santa Claus is very much in evidence at the Fair, and he knows just what little girls like best in dolls, and provides them in abundance.

Those who are charged with the duty of purchasing supplies for Xmas trees are informed that this store makes a special feature of filling complete orders of this sort.

W. E. ROGERS

Dry Goods, Ladies' Garments, Etc.

For ten years the name of Gillespie & Rogers was prominently before the people of Orangeville and community, but in March, 1913, Mr. Gillespie retired from the business, and since that date Mr. Rogers has been sole proprietor of the store which bears his name.

Mr. Rogers has a really attractive store. It is beautifully bright and handsomely decorated, is 120x24 feet in size, and may be found on the north side of Broadway, a few doors below First Street.

General dry goods, groceries, ladies' ready-to-wear garments and millinery comprise the stock carried. For the ladies suits and coats, of which there is a large range, a handsome Weir Wardrobe is used, which protects from dust and furnishes compact accommodation for a large stock. [illegible] Mr. Rogers specialty of dress[illegible] and [illegible] for [illegible]ing wear.

INTERIOR [illegible] W. E. ROGERS' STORE

This store has the exclusive agency for the celebrated Northway clothing, and is indeed the only agency between Toronto and Owen Sound; also the exclusive selling of the Canada Cloak Co.'s product, which for Orangeville is labelled the "Rogers' Garment." Mr. Rogers has the agency for Coristine guaranteed furs, and the ladies know how desirable this line has become.

A comprehensive stock of house furnishings, including carpets, oil cloths, linoleums, is a part of the equipment of this store; and in the grocery department farmers' produce is accepted in exchange for goods.

This store of Mr. Rogers is a busy place, five clerks being employed, and the trade constantly increasing.

Mr. Rogers came to Orangeville from Mount Forest in 1902, and immediately went into business with his late partner, and is making a decided success of his business.

THE SALVATION ARMY

The Salvation Army first opened fire in Orangeville in the year 1884. Those were stirring times in the history of the corps in Orangeville. The Salvation Army was not understood in those days, and as a consequence the officers and soldiers were treated in a manner that was sometimes neither polite nor kind, but in spite of it all the Army went forward winning men from the vilest surroundings to fight for God and souls. It is interesting to note that Captain Turner, who was in charge of Orangeville Corps in 1888, is now Lieut. Col. Turner, and represents Army Immigration work at Toronto Headquarters. Orangeville has contributed its quota of soldiers to the field work, men and women who have given up home comforts and gone out as Field Officers to endure hardships and privations that few have any conception of, but they gladly obeyed, knowing that it was for God and the uplifting of humanity. Some have long since gone to their reward; others are still at the fight in other parts of the world.

The Salvation Army has passed through many vicissitudes since its early days; many have left its ranks, still through all its experiences the Army has remained the same in spirit of devotion to those great principles which the late General William Booth represented and of which the present General, Bramwell Booth, is the embodiment.

The Corps was closed down from 1909 to this present year, when it was re-opened in June by Captain Chapman and Lieut. Luxton. Though only a short time has elapsed, the Salvation Army has justified itself in re-opening its work here. The Salvation Army officers are the servants of all, and will be glad to visit the sick or dying, or any that are in trouble any hour of the day or night.

ORANGEVILLE BUSINESS COLLEGE

The Orangeville Business College was founded in 1907 by Mr. George Spotton.

In 1912 it was taken over by the present principal, Mr. Foster Ferguson. This gentleman has had a long experience as a successful teacher in Toronto, also in Welland, where he had the management of the Welland Business College before coming to Orangeville.

The College gives special instruction in two courses, namely, the commercial course and the stenographic course, subjects that are valuable to everyone.

ORANGEVILLE BUSINESS COLLEGE

MR. FOSTER FERGUSON
Principal.

This successful institution is centrally situated, and is a comfortable two-story building. The hours of study are suitable, the fees are moderate, and night classes are held to give everybody an opportunity to improve themselves, and not waste the valuable hours at their disposal.

Some four hundred graduates have passed through the College, each one receiving a diploma of efficiency. These graduates are now holding good positions in Toronto, Montreal and other parts of the Dominion.

The attendance last year increased fifty per cent. over preceding years.

ORANGEVILLE POST OFFICE

M. ROBINSON & SON

This well-known and old established business was commenced over 2[illegible] years ago by Mr. Thos. Arnott, Messrs. Robinson & Son taking over the business about ten years ago.

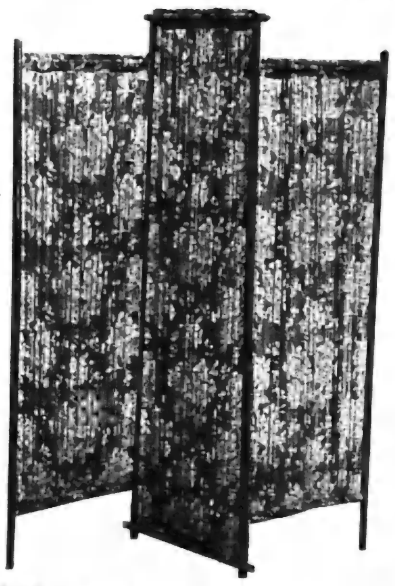
They have built up a good trade in groceries, flour, feeding stuffs, etc., also seeds of all kinds—the latter being their specialty, to which they have given careful attention. They can supply the very best seeds of all kinds promptly and at reasonable prices, and their house and long experience is at the service of any prospective buyer.

ARCHIVES OF ONTARIO
TORONTO

ORANGEVILLE NOVELTY WORKS

One of the youngest of Orangeville's industries, but one that gives promise of a bright future, is the Novelty Works, located on the east side of William Street. Being somewhat remotely situated, this industry is not as much in the public eye as some of the others in town, but it is a live institution, nevertheless.

This young industry had its inception three years ago in a frame shop in the rear of Mr. Pletzer's residence on the west side of the street. On



MR. C. L. PLETZER

Labor Day, 1911, fire reduced the building and contents to a heap of ashes. Soon thereafter the present premises were secured—a brick building 50 x 24 feet, three stories.

The product of this factory consists of novelties in wood, such as parlor screens, bedroom boxes, swing poles, rocking horses, pedestals, jardiniere stands, kindergarten sets, and special furniture, such as show cases, bedroom sets, fancy parlor pieces.

In the making of the special furniture mahogany and quarter-cut oak are used, and the novelties made are so numerous that not the smallest scrap of these precious woods is allowed to be wasted. Parlor screens form a large item in the output. Burlap and silkaline fillings are used for these. The burlap is popular in three colors and the silkaline in eight colors.

In the manufacture of these novelties quite a large number of machines are used, there being no less than 15 of different kinds. Formerly electric

ONE OF THE HANDSOME SCREENS MADE AT THE NOVELTY WORKS

energy was the motive power, but Mr. Pletzer has lately installed a 9 h.p. steam engine with a 12 h.p. boiler. Fuel for the boiler will cost little, as shavings and refuse are burned. The steam will be used for heating the building, also for bending wood. The introduction of steam places the factory in a much better position than ever before to carry on its work, as it will provide heat for a much-needed drying room, and will lessen the expense of operating.

The factory gives employment to four mechanics, and during the fall and spring seasons orders crowd in thick and fast. The market for its product is found in Toronto, Hamilton, and many other cities of the Province. The T. Eaton Co., The Robert Simpson Co., and the Adams Co., Toronto, purchase a good deal of the factory's output. Indeed the demand for this class of goods is increasing so fast that a market could be found for the output of a factory many times the size of this. Were the capital available to extend the premises, this would soon become a large and important industry.

Mr. Pletzer was born in Blyth, Ont., and came to Orangeville eight years ago from Toronto. He is a practical mechanic, and has youth and an abundant supply of energy and pluck to aid him in carrying out his plans.

D. A. HOGG

Restaurant, C.P.R. Station

The travelling public are well catered to by Mr. Hogg, his restaurant being one of the best on the C.P.R. system. The fare provided is good, customers are promptly attended to, and charges are reasonable.

Mr. Hogg has been established in business for over thirty years, and has been some fifteen years at the present stand. He is well known to the traveling public, also in the town, where he is one of the leading horsemen, being the owner of several valuable horses, worth considerably over one thousand dollars each.

He is chairman of the Property Committee, and a Director of the Agricultural Society.

C. R. WHEELOCK

County Treasurer

The genial treasurer of the County of Dufferin is Mr. C. R. Wheelock, who is an Orangeville product. His father was the late C. J. Wheelock, a civil engineer and land surveyor, one of the early settlers. Mr. Wheelock was educated in the public and High Schools of Orangeville, and entered his father's office for the study of civil engineering and surveying. Here he acquired a good technical and practical knowledge of these important branches. Upon the death of his father, 15 years ago, he was appointed his successor as engineer for the County, and he has since accepted a like appointment for Peel County. He was appointed County Treasurer in 1893. Mr. Wheelock was a member of the Public School Board for six years, and was chairman of the Board for two years. He has been a member of the Council of the Board of Trade since the organization of that body, and is this year its President.

ANCHOR FLOUR MILLS

Henry Watt, Proprietor

The engraving of Mr. Watt's flour mill, shown on this page, is a picture of one of the oldest institutions in the municipality. Amongst the earliest data in the history of the place is that of the building here of a flour mill. The site for the mill was sold by Orange Lawrence to Thomas Jull and John W. Reid in 1857. The mill has been conducted by various parties during the fifty-six years of its history. The present owner acquired possession in 1906, buying from Summerfeldt Bros., who had succeeded one Campbell.

As will be seen, the building is of stone, and has four floors, on all of which operations are carried on. 75 barrels of flour a day is the mill's capacity, besides a good deal of custom chopping for the farmers of the surrounding country.

Now-a-days farmers do not bring a grist to mill, wait while it is chopped and take the flour, bran and shorts home with them, after paying the miller a "toll" for his services, as in the olden times. To-day wheat is sold direct, and flour purchased through the local dealers. Mr. Watt buys all the wheat that offers locally, besides bringing in a lot of Manitoba No. 1 hard. The product of the mill he sells to local dealers in town and district, and exports to the Old Land. The "Gold Anchor" brand for bread, and "Pride of Dufferin" for pastry are two chief varieties of flour made at this mill, and both are popular.

The mill is equipped with an Eureka No. 1 Dustless Separator, for cleaning grain before milling, five double stand roll grinders, two purifiers, 1 Gray's plansifter, etc. Electricity is the motive power, this being the first motor put in by Mr. Deagle. Upon the completion of the new knitting mill it is expected that a railway switch will be run into the mill yard.

The flour made by Mr. Watt is put up in ¼, ½ and ¼ barrel paper bags—parcels convenient for handing and attractive in appearance.

The grain chopper has a capacity of 40 bags per hour. The rate charged for chopping is six cents per hundred pounds.

Mr. Watt employs five or six men, and from morning till night the mill is a hive of industry.

Mr. Watt is a young man of 36 years. He was born in Wallace Township, and is a son of the late Alexander Watt. Henry learned the milling business with his father, and was associated with his brother in milling in Woodstock. He took a business course at the Chatham Business College, and afterwards purchased the Diamond Flour Mills at Ridgetown, which he conducted for three years. Mr. Watt has a nice home on First avenue, and is living a useful and happy life in our midst.

HENRY WATTS' FLOUR MILL

ORANGEVILLE HIGH SCHOOL

THE TOWN HALL AS SEEN FROM THE NORTH

FEDERAL LIFE ASSURANCE CO.

Federal Life Assurance Co., which is represented in Orangeville by Mr. A. E. Annis, gives a definite contract at a correct rate, and guarantees that the rate will never raise, and that all policies will be paid.

You may be worrying how your wife and family will live if you are taken away. Doubtless in twenty years you will save enough to leave them as you would desire. By taking a policy they may have the protection of twenty years savings at once. If you are alive at the end of the period the amount (the number of dollars depends on the kind of policy and age) together with profits of interest, may be withdrawn from the company. You do not have to die to win. If you have a desire to protect those you leave, see about taking a policy in the old reliable Federal Life Co' now (to-day). Next month may be too late. Full particulars will be furnished by A. E. Annis, Orangeville, Ont. Phone 85A & B.

W. J. CURRY

Grocer

Mr. Curry established himself in Orangeville about six years ago, and is an experienced grocer and general merchant, having previously been located in Shelburne and Toronto.

MR. W. J. CURRY

Here he has built up a good business in groceries, flour, feeding stuffs, and specializes in seeds. Householders should give his Lily Queen flour a trial. He is sole agent in this town for same. This flour is of specially fine quality, and guaranteed to make light and dainty pastries of all kinds.

J. A. ARNOTT

Boots and Shoes

In 1904 Mr. Arnott succeeded to this business, which was founded by Mr. H. Endacott, and has carried it on successfully and developed the connection to a considerable extent. The shop is one of the best in Orangeville, centrally situated on Broadway, commodious and well stocked with all that is best in boots and shoes, leggings, rubbers, suit cases, etc., also all the accessories, viz.: shoe brushes, laces, protectors, etc., everything in this line is handled at moderate prices. Mr. Arnott has a first-class repairing department, under the charge of Mr. Robt. Watson, an experienced man, who has been here for five years. Repairs are executed in a first-class manner, promptly and at moderate charges.

JOS. J. KELLY

Collector

Mr. Kelly has returned to Orangeville, after an absence of about one year, and has taken up his old business of collecting, in the old stand on Broadway, opposite the Bank of Commerce, where he will be pleased to see old and new friends.

Mr. Kelly has been established in

MR. JOS. J. KELLY

Orangeville for twenty-three years, as a collector of accounts, notes, rents, chattel mortgages, etc. The collection of overdue notes and accounts is his sole specialty. He does nothing else but collect.

He has worked for almost all the manufacturing companies in the country with conspicuous success. Business entrusted to his care receives his entire attention, prompt settlements are made with his clients, and his charges are moderate. Highest references can be given to prospective firms and others requiring his services.

CHARLES MASTER

Grocer and General Merchant

Mr. Master has been established here about two years, having previously been in the employment of the C. P. Ry. for some eight years, and is well-known to the railway men in this section. The store is situated near the C.P.R. station, and is conveniently placed to supply the families of the C.P.R. employees and others residing in this neighborhood. There is a well selected fresh stock of the best class of goods and by the leading makers, viz.—general groceries, confectionery, fruits, vegetables, etc.

FRAMPTON BROS.

Bakers and Confectioners

Messrs. Frampton Bros. have had many years' experience at their trade and recently succeeded Mr. R. G. Harshaw, who was here for 4 years. The business carried on is that of plain and fancy bakers, cake makers, etc. They have a fine bakery, also a large and handsome store, well stocked with cakes, bread, confectionery, fruits, etc. An ice cream parlor adjoins, where oysters are served in season to customers. These gentlemen are also owners of a chicken ranch, probably one of the largest poultry farms in Canada. They are celebrated for thoroughbred stock, and supply eggs and poultry to all parts of Ontario.

T. J. ROBINSON

Livery Stables

Mr. Robinson is the License Inspector for the County of Dufferin, and consequently is very well known and respected in the community, where he has resided for so many years. He is a member of Pub. School Board, and has been Chairman. He established his livery business seven years ago, and does a large business in the town in this line. His livery equipment is all that could be desired, and every customer is received courteously and given prompt attention.

G. R. McKEOWN, M.P.P.

"Proof of your age is material to your contract, and should be furnished during lifetime." This is a clause which every notice re payment of premiums to life insurance companies must now bear. It is a mighty useful clause, too, and is the outcome of a Bill introduced into the Legislature last session by the member for Dufferin. His draft bill went further, and made it obligatory upon companies to procure proof of age before insuring, but this was fought strenuously, and the Bill was modified. If for no other reason than this, Mr. McKeown has justified his election to the Legislature.

The member for Dufferin is an Orangeville product. After passing through the local educational institutions he took a course in Toronto University, graduating in 1890 with B.A. tacked to his name. With the career of law in view he studied with W. L. Marsh, and then with Murdoch & Tytler, Toronto. Called to the Bar in 1894 he began practice here, and has been on the job to the present time. In 1907 he was elected to the Legislature to fill the vacancy caused by the death of the late Dr. Lewis. In 1908 and 1911 he was re-elected. Mr. McKeown is a supporter of Sir James Whitney's Government and is by no means a drone in the hive, being assistant whip, which involves much activity.

At home Mr. McKeown is something of a "miner," being Past Master L.O.L. No. 427, Past Master Harris Lodge A.F. & A.M. No. 216, Past President Canadian Lacrosse Association, ex-Councillor and ex-Mayor.

G. R. M'KEOWN, M.P.P.

His career is not all "past," however, for he is a busy man and a useful man in whatever sphere of activity he enters.

P. McFARLANE

Automobile Livery

Mr. McFarlane is a Canadian with an extensive knowledge of the world, having travelled in the United States, West Indies, etc., finally returning to his native Canada.

He has introduced a long felt want in hiring out motors, which are much in demand in a country where long distances have to be got over quickly, and where train service is limited. In addition to his auto livery, he works a general delivery van, delivering parcels and goods for all the stores throughout the town, and is busy all the time, especially during the Christmas and New Year season.

JAS. WILLIAMS

C.P.R. Agent

The interests of this very important company, the C. P. R., are ably looked after in the experienced hands of Mr. Williams, who has been performing those duties here for 2 years. This gentleman gives the greatest care and attention to the numerous customers of his company, so that he is the right man in the right place. He is very popular with the public and the business community.

R. H. HARRISON

Sawyer

For the past ten years Mr. Harrison has been engaged with his threshing machine working all over the district, Caledon, Mono, etc.

About two years ago he commenced saw mill operations, taking over the sawmill from Mr. Edward Armstrong. Mr. Harrison takes contracts for sawing lumber for customers requiring such work done, and his terms are very reasonable.

WISE BROS.

Bakers, Confectioners, Etc.

This well-known and prominent firm was originally established by Messrs. Bell Bros., and after some years of successful business was taken over by the present proprietors 18 years ago. The premises in which Wise Bros. carry on their extensive business consists of a prominently situated large front shop, with a well selected stock of bread, cakes, fruit, confectionery, ice cream, etc. A lunch and tea room adjoin the store, and here one may be served with a delightful menu. Wise Bros. hold the sole agency for the City Dairy ice cream, one of the best on the market. They have an enviable reputation for their wedding cakes, which they supply to customers far and near. Their bakery is equipped with everything up-to-date, and is kept scrupulously clean.

G. A. COBEAN

Saddler

Mr. Cobean has been a highly respected business man in the town for over 25 years, and has served the town and its interests in several capacities. He is assisted in the management of his business by Mr. Powers, an experienced man in all that pertains to the trade.

He supplies and keeps a large stock of high-class harness, saddles, robes, whips, rugs, blankets, trunks, valises, fur coats, gloves, mitts and everything appertaining to his trade. All kinds of repairing are done promptly and at reasonable charges.

J. KEARNS & SON

Dry Goods, Clothing, Etc.

This old reliable house, noted for cheap and high quality goods, was established in 1872 by John Kearns, who successfully carried on the business until his death in 1901. Following this the business was continued by Mrs. John Kearns and W. G. Kearns until 1911, when it was taken over by Messrs. W. G. Kearns and W. H. Kearns, under the firm name of J. Kearns & Son.

Two big fires occurred in Orangeville, one in 1873 and another in 1875, and the Kearns block was damaged in each, but from the ruins rose a building bigger and better than ever. The present store is one of the largest and most up-to-date in town, well stocked with the finest goods at the cheapest prices possible.

J. Kearns & Son have a complete stock of dry goods, clothing, boots and shoes, groceries, etc. They hold the agency of the following well-known goods: Stansfield's underwear, Penman's hosiery, Turnbull's underwear and Houson's socks. One of the members of the firm, Mr. W. G. Kearns, is on the High School Board. Both of the partners are respected in the town as obliging and courteous business men.

J. KEARNS & SONS' STORE

THOS. HENDERSON

Blacksmith

Mr. Henderson has carried on a successful business for [illegible] years, having succeeded Mr. [illegible].

Mr. Henderson does [illegible] horse shoeing, carriage [illegible] repairing of carriages, [illegible] plows and other agricultural [illegible]. Everything placed in his [illegible] receives prompt and [illegible] attention. He is widely known and respected in the town and [illegible] was a member of the [illegible] for a number of years [illegible] cipal representative [illegible] and conscientious, and [illegible] one of the best informed [illegible] of the Council.

JOHN MASON

Capt. Fire Brigade

Mr. Mason has had [illegible] experience of over 13 years [illegible] Orangeville Fire Department [illegible] years ago he was appointed [illegible] and has since then filled [illegible] position with satisfaction [illegible] Council and community [illegible] the latest appliances [illegible] control for safeguarding the [illegible] from any serious conflagration. [illegible] fortunately no large fires have [illegible] occurred recently, and any small one [illegible] been promptly extinguished.

A. C. WILSON

Retired Farmer

Mr. Wilson is a worthy and respected member of the community in which there are a number like himself, who have come from the farm to spend the remainder of their days in this pleasant town. Mr. Wilson has done his part to beautify the town. His residence and grounds are a model, trim, neat and beautiful. This gentleman is widely known in the Orange Order, and has filled the position of Preceptor of Orangeville Preceptory of Royal Black Knights, and at present is Deputy Master of L.O.L. 427, Orangeville.

J. C. REID

Clerk of Dufferin County

On June 3rd, 1880, Mr. Reid was appointed to this office. At this time the Council was a provisional one, and he was re-appointed in January, 1881, when Dufferin had become a separate County. During this long period Mr. Reid has performed his important duties in a manner befitting his responsible position.

He is highly respected and popular with the members of the Council, and with the general community, in which he has seen many changes during 33 years of official life.

Mr. Reid is Master of [illegible] L.O.L., 427.

His son, Mr. W. E. Reid, has been a member for several years of the Council of Melancthon, and another son has been on the staff of [illegible] Collegiate Institute, Toronto, for 10 years.

A. SHAIN

Agent, Dominion Express

The Dominion Express, [illegible] the more important Canadian [illegible] is well represented by its [illegible] Mr. Shain, who has been [illegible] ville some fourteen years [illegible] for two years with this [illegible]. He has proved himself to be [illegible] and capable representative [illegible] all in his power to further [illegible] ests of his company, and [illegible] to its numerous patrons.

The company expresses [illegible] of produce, issues money [illegible] cheques, etc., to all parts [illegible] world where they are represented [illegible] agents and correspondents. [illegible] attention is given to the [illegible] of immigrants coming from [illegible] Europe. They utilize [illegible] steamers, such as the [illegible] of Britain, for forwarding [illegible] tween England and Canada.

J. E. SMITH & CO.

Implements

The implement business carried on in Orangeville just east of the Queen's Hotel, is one of large proportions and comprehensive character. Mr. J. E. Smith and Mr. David Young compose the company, and they have a business which keeps five men busily employed. This is a long-established business, and was operated for years by Mr. J. J. White, then by O. Perfect. Mr. Smith acquired possession in 1904, and in 1912 took Mr. Young in as partner.

The company has ample premises for the carrying on of their occupation, the building being 172 x 24 feet on the ground floor, with two upper floors of smaller area. An additional warehouse at the station, 50 x 30 ft., gives further room for storage.

To enumerate some of the lines the company handles will prove interesting.

First of all they have the agency for the Massey-Harris Co. Then comes Ford automobiles and auto repairs. Carriages, sleighs and cutters of the McLaughlin, Kennedy and Barber manufacture are handled and large quantities sold. Mason & Rich pianos, Doherty pianos and organs, cream separators, singer sewing machines, gasoline engines, windmills, pumps, machine oils, Cleveland bicycles, Beatty's line of hay forks, cow stanchions and stalls, harness, horse blankets, stable sundries, and a large supply of repairs for all sorts of implements and machines.

It is little wonder that with so varied a service to the farming community this company enjoys an immense patronage.

Mr. Smith was born in the village of Alton, and came to Orangeville in 1888. Mr. Young came from near Shelburne. He had been a traveler for the Massey-Harris Company for a number of years. Both partners are therefore thoroughly conversant with the operations of the business, and their success is consequently well merited.

R. H. ROBINSON

Grocer

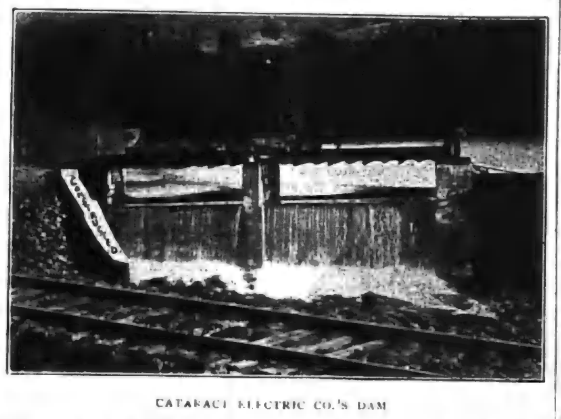
The third store east of Prince of Wales Street, north side of Broadway, is Mr. R. H. Robinson's handsome grocery store. The appearance from the street—tastefully dressed windows and a glimpse of neatness and order within—is a good advertisement in itself. The stock consists of the finer lines. Everything that is best in groceries and fruits can be procured here. During the past few weeks the windows have given hints of Xmas baking materials and holiday fruits and nuts. If one desires choice oranges, nuts, malaga grapes—this is the spot to get them. A unique item of store equipment is a silent salesman double glass refrigerator for cooked meats. Freshness and cleanliness is the result.

Mr. Robinson is an experienced and capable merchant, and serves the town most usefully. He has been in this business thirteen years, and it is getting better with him year by year.

Mr. Robinson is a Mason and a Canadian Oddfellow.

ADAMSON HARDWARE CO.

The above company have experienced their own troubles during the past few months, their store and almost all their stock having been the prey of a big fire on July 31, last. Out of their troubles, however, has come practically a new store and an entirely new stock, both ready, after long and arduous labors, for the Christmas trade. The new store has many improvements over the old, and it is a rare pleasure to the firm to offer a new and up-to-the-hour stock in everything in hardware. The company takes some commendable pride in referring to a special feature of their new store—the ladies' rest room and toilet room. Here the tired shopper may rest and refresh herself while her "good man" is busy elsewhere. The room is most handsomely furnished, and is a very attractive spot to spend a few minutes or an hour.



The large store—142 x 25, two stories—provides splendid accommodation for displaying goods. Three overhead store ladders in use enable the clerks to reach the highest shelves as easily as the lowest. A very fine selection of electric goods has been secured, and these might well be specially observed at this gift season. Husbands could find many pleasant surprises for wives here.

The Pandora range, Sunshine and Canadian Warmer, and Kelsey furnaces are handled by this firm who do a big business in heating homes, stores, offices, etc. Their facilities for and skill in plumbing enables them to do a large business and to do it well. Bath rooms are put in to suit every taste and every purse. Men are almost constantly on the go in the country surrounding, even so far away as Alliston, putting up eavestroughs and installing furnaces.

Taking it all in all, this firm fills a very useful place in the community, and the success attending their efforts is gratifying to them.

Mr. J. B. Adamson has been in these premises for 26 years, with one firm after another. In 1906 the Adamson Hardware Co. purchased the business, Mr. J. A. Aitchison being Mr. Adamson's partner.

Mr. Adamson is a member of the Board of Trade, having been its President last year.

CATARACT ELECTRIC CO.'S DAM

JUDGE FISHER

Jas. F. G. Fisher, who was recently appointed Judge of the County of Dufferin, was born on a farm in Vaughan township, a few miles north of Alliston. He attended public school at Everett, High School at Collingwood, and studied law at McGill University. On the completion of his course he moved to Toronto, where he practised with the firm of Reade, Hall, Fullerton & Cook, and later in the office of J. J. Foy, the present Attorney General of the Province of Ontario. In 1886 he was called to the Bar at Osgoode Hall, and a few weeks later commenced the practice of law in Alliston. In November, 1887, he formed a partnership with W. A. J. Bell, and for twenty-six years the partners carried on an extensive law business under the name of Fisher & Bell. As a citizen of Alliston, Mr. Fisher showed commendable public spirit. He gave freely of his time, means and energy to further the interests of the town. On two occasions when there were big questions before the ratepayers, he was elected to fill the Mayor's chair, and on each occasion rendered services that proved of great benefit to the municipality. Since his appointment to the Bench, Judge Fisher has been called upon to hear a number of suits of more than ordinary importance. In the discharge of his judicial duties he has already won the good opinion of the members of the Dufferin County Bar by his patience and courtesy, his absolute impartiality, and his thorough knowledge of the law applicable to each case. His Honor is very fond of lawn bowling and curling, and is an enthusiastic angler. Mrs. Fisher, who was Miss Towers, of Collingwood, is a most estimable lady, and in Alliston has filled a prominent and useful place in church and social circles. They have one son and one daughter. Judge Fisher and family have not yet taken up their residence in Orangeville, but are planning to move here just as soon as they can secure a suitable home.

FRANCIS IRWIN

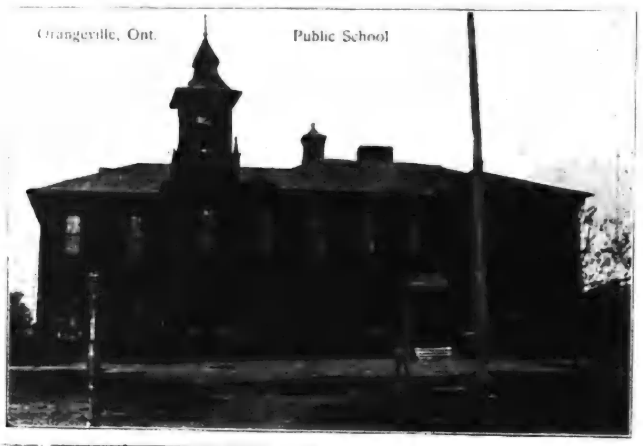
This fine old gentleman declares he came near being an Irishman, having been born in a place called Carrick-on-Shannon, the County town of Leitrim, which it is said is "nine miles out." We have never yet been able to learn why the Connaught Chaps were not Irish, but Mr. Irwin is proud of the fact—as well he may be—that he was born on the old Sod, and now, in his eightieth year recalls his early days with pleasure. Mr. Irwin left the Green Isle when eighteen years of age. His father was a famous architect, who built the Irish church in Carrick, which stands to day as a monument to his skill as all may see. Mrr. Irwin sailed from Cork on the good ship Jesse, many years ago when it took several weeks to cross the broad Atlantic, and arrived in Quebec city on a fine Sunday morning when the Church bells were ringing. After spending 5 years in the good old limestone city of Kingston, he moved to Hamilton where he occupied a most responsible position with the at that time great firm of McNab and Marsh, and on his retirement was presented with the largest cheque ever given to an employee. On November 5th, 1859, Mr. Irwin, who had in the meantime married Miss Jane Taylor, of Albion, took up his residence in the then village of Orangeville, which had at that time a population of about 300. During his long residence here Mr. Irwin has occupied nearly every position in the gift of the citizens. He has taken a keen interest in the transportation question, and with the late C. J. Wheelock, John Foley, and ex-Mayor Johnston Lindsay, helped to solve more than one difficult local problem. Mr. Irwin was engaged in general business, when there was no railway nearer than Brampton, and few banks in the Province. It was then no uncommon thing to take what was called a carbet-bag full of silver to the city. The subject of our sketch has been Treasurer of Orangeville for thirty-three years, and has always taken a keen interest in municipal affairs. He is a model of neatness and accuracy in the matter of bookkeeping, and is recognized as one of the best municipal bookkeepers in the Province.

TOWN TREASURER FRANCIS IRWIN

SHERIFF ENDACOTT

Mr. Henry Endacott, Sheriff of Dufferin County, is a native of Devonshire, England. His parents came to Canada early in life, and his boyhood was spent in Tullamore, in the neighboring County of Peel. In 1871 he came to Orangeville as manager of the grocery department of Chisholm & Green's general store. Two years later he went to Brampton to take a position as bookkeeper for R. Chisholm & Co. But returned to Orangeville [illegible] he formed a partnership with his brother, Mr. George Endacott, and under the firm name of Endacott Bros., the partners took over and continued the Chisholm business.

Public spirited, capable and energetic, Mr. Endacott has always taken a warm interest in municipal and other public affairs. He was elected Deputy-Reeve in 1886, and subsequently filled the offices of Reeve and Mayor, his term of active municipal service covering a period of seven or eight years. He has served on the High School Board, and at the time of his appointment to the Dufferin Shrievalty was Secretary of the Public School Board, Secretary-Treasurer of the Dufferin Agricultural Society, and Secretary of the Orangeville Board of Trade. Sheriff Endacott is an Anglican, and has been treasurer and Warden of St. Mark's Church. Mrs. Endacott is one of our highly esteemed ladies, gifted musically and socially, and takes a keen interest in Church and Women's Institute work. They have a family of four sons and one daughter.



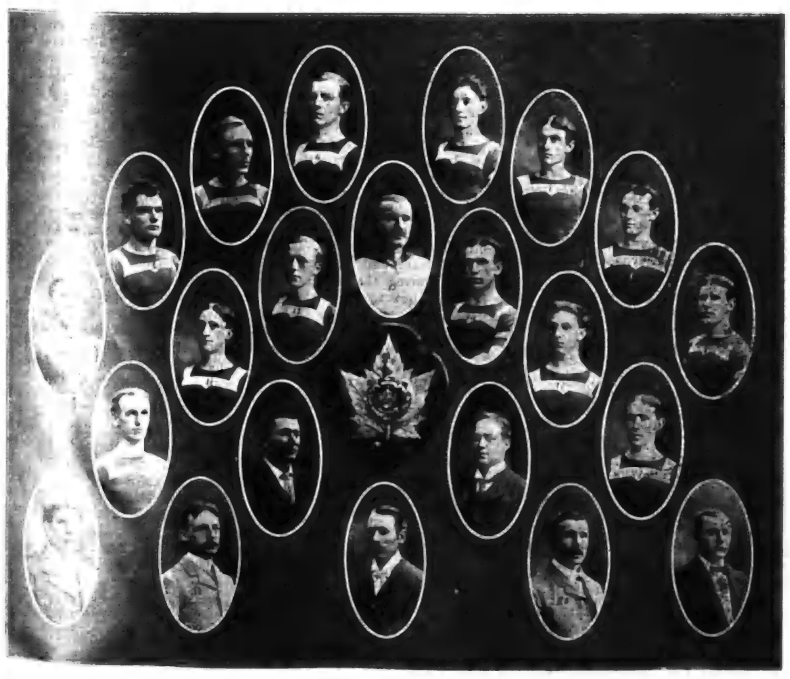
LIEUT.-COL. J. A. V. PRESTON

Local Register

Lieut.-Col. Preston was born on a farm in Manvers Township, County of Durham. After completing his public School Course, he attended Port Hope High School, and Toronto University, graduating a B.A. with honors from the latter seat of learning in 1885, and LL.B. in 1888. He studied law in Napanee and Toronto, and was called to the Bar in 1888. He practised at Millbrook for three years, and afterwards at Grand Valley. Col. Preston was appointed Local Registrar of the Supreme Court, Clerk of the County Court, and Registrar of the Surrogate Court of the County of Dufferin in 1906, succeeding the late John McLaren. He has always taken a warm interest in military affairs, having served for more than 30 years as an officer of the 46th Durham Regiment with headquarters at Port Hope. He is now Commanding Officer of the Regiment, with rank of Lieut.-Col.

He served through the North West campaign of 1885 with the Midland Battalion, commanded by the late Lieut.-Col. A.T.H. Williams, the father of the present Adjutant General of Canada. Lieut.-Col. Preston organized the Orangeville High School Cadet Corps, assisted in organizing the Public School Cadet Corps a couple of years ago, and has commanded a Brigade at the Cadet Camp at Niagara for the last two years. Since his removal to Orangeville, Col. Preston has taken an active interest in the affairs of the town. He served on the High School Board for five years, and, with other members of the Board, was instrumental in having the recent addition built to the High School, and also in establishing the Department of Agriculture. He was also active in the organization of the Orangeville Board of Trade a few years ago, and acted as its secretary for two years or longer. Col. Preston is a member and active worker in St. Mark's Church. A Conservative in politics, an Orangeman and a member of the Masonic Order. He is a Past D.D. G.M. of Wellington Masonic district, and occupies a high place in the estimation of members of the fraternity. Col. Preston is in every way representative of the best type of Orangeville's citizens.

Orangeville, Ont. Public School



THE HORTICULTURAL SOCIETY

Orangeville has the good fortune to have a live Horticultural Society which is doing useful work in beautifying the streets, parks and school grounds of the town. The Society was organized in the autumn of 1911, commencing with a membership of 112. Now the membership is 154. The officers for 1914 are:—President, Dr. T. H. Henry; 1st Vice-President, Mrs. W. J. Gordon; 2nd Vice-President, Mrs. Walter Fairbairn; Secy-Treasurer, Mr. H. F. Tuck; Directors, Mrs. D.N. Potter, Mono Mills, Miss Jessie Johnston, Laurel; Misses M. M. Howard, F. Shain, M. Hunter, Miss Stephenson, Miss Hughson, and Messrs. B. McGuire, and Rev. G. W. Tebbs; Auditors, Alex. Firth, and Dr. G. H. Campbell.

PRINTER'S EXPLANATION

The printers of the illustrated section of this issue of The Banner express to regret that several engravings have been placed apart from the sketches to which they belong, owing to delay on the part of engravers in forwarding engravings. Regret is expressed also that the photograph of the Baptist Church was spoiled when too late to procure another.

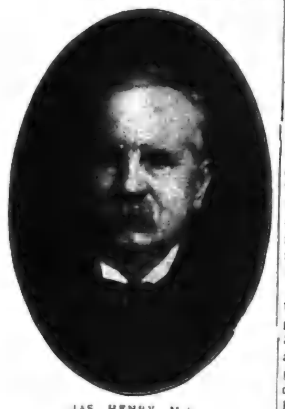
ARCHIVES OF ONTARIO
TORONTO

MR. J. M'KIM'S STORE

J. McKIM

Grocer,



Mr. J. McKim, one of the town's leading grocerymen, has been in business on Broadway since 1881. He ran a flour and feed business until 1896, and has been in the grocery business in his present stand for the last 16 years. He built and is the owner of the McKim Block, one of the finest business blocks on the street. His store is modernly fitted in every respect, the grocery department being equipped throughout with Walker bin fixtures, and sugar, raisins, currants, and other groceries are all kept under glass in these bins, which are so conveniently arranged behind the counters that customers can be served without any loss of time. Mr. McKim carries a complete stock of groceries and provisions, chinaware, crockery and glassware. His store does an extensive trade, both in town and country. In Mr. M. H. Shaw, who has been connected with the business for a number of years, Mr. McKim has a capable and thoroughly experienced assistant. Both men are widely known. They are both attentive and courteous to the needs of their customers, and as Mr. McKim makes it his policy to sell only thoroughly dependable goods, the firm is in every way deserving of the prosperity which it is enjoying.

DR. JAS. HENRY

Dr. Jas. Henry, now full of honors, yet actively engaged at his profession, has done more for Orangeville and the county than probably any other man living. Coming to Orangeville half a century ago, when the place was in its infancy, with only a few inhabitants and fewer houses, the worthy doctor has been at the back of every effort and enterprise to further the interests of the town and benefit the community generally.

He gave his time, attention and influence in connection with the waterworks, the lighting of the town, oil lamps being replaced by electricity, the erection of a town hall and many other needed reforms. He and his colleagues at the time used their efforts to get Orangeville incorporated as a village, and afterwards as a town. The doctor has been Reeve, also Mayor for six years, and seventeen years in the Council. He holds the unique distinction of being the youngest doctor ever graduated from Toronto University. He has been connected with the Medical Council for 27 years, and Vice-President for a number of years, acted as Assistant Surgeon during the Fenian Raid, was Surgeon in the Militia for 21 years, and holds the rank of Lieut.-Colonel 36th Regt. on retired list.

We sincerely hope that the doctor may long be spared to grace his profession and the town for which he has done so much, and in which he is so universally esteemed.

JAS. HENRY, M.D.

MR. CHAS. KING

Town Engineer

DR. THOS. H HENRY

Dr. Henry is descended from a family of physicians. He is the eldest son of Dr. James Henry, the pioneer doctor of Orangeville, who, still hale and hearty, practices his profession as he did in the days of old, when Orangeville was in its infancy and practically unknown. He is the grandson of one of Ireland's leading physicians and surgeons, namely, the late Dr. Henry, of Dublin.

Dr. Thomas has had an interesting career. He studied his profession in Toronto and graduated there in 1891. For several years he practiced successfully at Ottawa, but always having a kind feeling for Orangeville, he returned to the town some years ago.

He is the Health Officer for the town, and has occupied important positions on the Public and High School Boards, the Library Board, and Horticultural Soc. As an Anglican, he was for some years Warden and member of the Advisory Board.

The doctor was a leading member and player of the Dufferin lacrosse team famous in bygone days when they held the championship, and for many years acted as President of the Club.

His hobby is roses, and he has taken several first prizes for these beautiful flowers at several exhibitions.

DR. T. H. HENRY'S RESIDENCE

MR. B. M'GUIRE

MR. A. D. M'KITRICK

The Picturesque Village of Alton.

In the Township of Caledon, some four miles south-west of Orangeville, is found one of the most picturesque little villages imaginable—Alton by name. The location is not far from Caledon Lake, where the large stream of water, locally called the Caledon branch, of the Credit River, has its source. The village is situated on the slope of an elevation down which tumbles this stream on its way to Credit Valley, through which it runs to Lake Ontario. The establishment of two knitting mills on this stream some 32 years ago caused a village to spring up here—a most delightful little village. The scenery here is beautiful, and citizens have vied with nature in beautifying the place by building substantial, stone, brick or cement block residences, of which there are many in the village. There is also an efficient public school and two churches—Presbyterian and Methodist.

Alton is a Police village, the Commissioners for the present year being A. G. Patterson, Alex. Dean and Wm. Rowcliffe.

The following sketches describe the industries of the village and most of the businesses represented within its bounds.

BEAVER KNITTING MILLS

Wm. Algie, Proprietor

The west branch of the Credit River, flowing southerly from Caledon lake, its source, passes through the picturesque village of Alton, about four miles from Orangeville. As it tumbled down the hills on its busy way to the lake, someone saw in it great energy going to waste. Who that first someone was the writer knows not, but one who saw, and noted and acted was William Algie, a Canadian of Lowland Scotch descent. He came to Alton in 1881, and built a factory for the manufacture of men's underwear. There is lots of stone in these parts, and of stone the factory was built. The waters of the rampaging Credit were held in leash by a stout dam, and were made to do the bidding of man—that is to drive his machinery. With the cheapest power ever discovered available in plenty, Mr. Algie was able to manufacture at a lower cost than users of steam, and his business has thriven. In 1910 fire destroyed the factory and contents, but a new and better building and plant soon took the place of the old, and business was resumed in full force and with unchecked energy.

Men's underwear exclusively is the product of this industry, and nearly all of it is the fleece-lined variety. No less than 60 operatives are busily employed here in the various operations which convert raw cotton and wool into wearing apparel to defy the winter's cold. The yearly output of this factory would be at least $175,000, and the village benefits from it to the extent of many hundreds of dollars a month in wages paid to workers.

Fleece-lined garments are usually of cotton, and the raw material of cotton, just as it comes from the fields, is brought here in huge bales, and stored ready for use in an immense storehouse. Then it is put through pickers and carders and spinners and winders and knitters and washers and sewing machines, whence it evolves in closely woven, clean and neat underwear, with a lining as soft as wool but finer, soothing to the flesh of sensitive wearers, and warm as toast.

Countless multitudes all over this broad Dominion wear and appreciate Algie's fleece-lined garments. Mr. Algie sells to the wholesale trade only, from Halifax to Vancouver, and his connection with some of these houses has continued through the thirty years of his operation of this industry. Only one salesman is employed, and it looks as if he would soon be out of a job, for fully fifty per cent. of the mill's output for 1914 has already been sold. Algie's garments are sold on their merits, and they have lots of merit.

This busy factory is clean and light and sanitary, and is a pleasant place to work. Much of the sewing machine work is done by the piece, and some of the operators have become exceedingly expert. It is said that one nimble girl has sewn up a pair of drawers, including the attaching of the cuffs, in 30 seconds.

The proprietor of this mill is not indifferent to the welfare of his employees and of the public. Years ago he erected a neat stone building, which he called Science Hall, for the use of those who desired to meet for self-improvement. This has been a boon to the village. A picture of Mr. Algie's handsome residence on an elevation overlooking the mill is shown on this page. He has a very interesting family, has Mr. Algie, and he takes a natural and commendable pride in the fact that he has ten sturdy grandchildren able to wear the kilts, like his forbears in Old Scotia.

MR. ALGIE'S RESIDENCE

GRANDCHILDREN OF MR. WM. ALGIE

ALTON KNITTING MILLS

J. M. Dods, Prop.

The Credit River supplies the Alton Knitting mills with eighty horse power to drive the numerous machines which whirr and hum in this hive of industry. These mills are situated high up on the stream that flows through the village and drives numerous water wheels. It is not so high, however, but that there is lots of fall from the dam to the wheel that produces the energy—a beautiful cement dam built on solid rock.

It was in 1881 that Benjamin Ward established this industry in Alton. The premises then used were much smaller than to-day. In 1899 Mr. Dods purchased the business, and in 1907 doubled the size of the building, which is now 80 x 70 feet, four floors, with an addition 36 x 24 feet for a boiler room and a store house 60 x 18 feet. The buildings are of stone, and are strong and imposing looking.

The output of this mill is chiefly ribbed knit and Scotch knit men's underwear. The wool used is imported from New Zealand, Australia and England. The imported wool is much finer than the Canadian product. American cotton is purchased in Georgia, and China cotton in New York.

Some sixty employees are busily engaged here the year round producing underwear, chiefly for working men. Taking the raw wool and cotton they, by the help of latest improved machinery, quickly convert it into nice-fitting, durable and comfortable underwear. Machines are used for every making process from the picking and carding of the wool to the sewing on of buttons and making button holes in the garments. When the machines and the employees are all at work the factory is an interesting and lively place, and the garments turned out yearly are worth over $100,000.

Wholesale houses in all large centres handle the product of the Alton Knitting Mills. An agent in Montreal looks after eastern territory, and another in Toronto does a similar service for the west.

The splendid success of the Alton Mill has led Mr. Dods to seek further extensions of his business, and he has made arrangements to erect another factory in Orangeville, and work on the building is now progressing. The plant here will have double the capacity of the Alton factory, and will cost about $80,000. When running at full capacity it will give employment to 200 persons.

Mr. Dods has purchased 400,000 brick from the Terra Cotta Pressed Brick Co., and 270,000 feet of Southern Pine from Chatsworth, Georgia, through the Federal Lumber Co., of Cleveland, Ohio., for this new mill. Mr. Dods hopes that the Orangeville mills will be ready to begin operations in the spring, hence the work of erecting the buildings has been rushed with feverish haste. Electricity will be the motive power of the mill—generated from a power plant owned and operated by Mr. Dods at his factory in Alton.

MR. J. M. DODS

It is safe to assume that the new mill will be the latest word in knitting mill construction, and that the machinery will be the most improved that modern science can suggest or skilled machinists construct.

Orangeville stands to profit largely by the establishment of this factory, as employment will be given to a large number of persons, and many thousands of dollars paid out in wages annually to employees.

The man behind the movement—or more correctly in the forefront—is Mr. J. M. Dods, the farmer's boy of years ago. He wasn't long in the business before he learned its details, and then his resourcefulness and force of character drove him to the front and made him the successful man of affairs he is to-day.

Mr. Dods, besides managing his own extensive business interests, is President of the Barber Carriage Co. of this village. He was one of the first Police Commissioners appointed after Alton attained the status of a Police Village. He takes a live interest in village affairs, and is an all round useful citizen.

BARBER CARRIAGE CO. LIMITED

The industry of carriage making was introduced into Alton about 43 years ago, when James and Samuel Barber opened a small shop in a frame building on the site of the present factory. The beginning was on a small scale, but growth came as the years passed, and soon there was a good-sized factory employing several hands. The substantial stone structure now occupied was erected in 1894.

MR. E. D. BARBER

This factory is equipped with the necessary machinery for the manufacture of carriages—wheeled vehicles only being made. Twelve different styles of buggies are built, besides light spring wagons. From 600 to 1,000 carriages are turned out yearly. These are sold to dealers in all parts of the Province, and by them retailed to users from the Ottawa River to the Great Lakes, and from the United States boundary line to the north pole. Many thousands of carriages bearing the Barber name plate are giving good service to as many satisfied purchasers in city and in country, for the very best stock procurable is put into Barber carriages. The Barber carriage is a high class carriage, for in every design or grade only the best of that grade is produced. Few people understand what a tedious and delicate and prolonged task is the proper painting of a carriage. The Barber paint shop is presided over by a foreman who has had long experience in some of the best factories in the country. We have his word for it that nowhere is greater care or better materials put into the painting of carriages than in this factory. No carriage is ever sent out from this factory unless it is as perfect as human skill can make it. Nothing is skimped here in order to save a few cents in cost. The Barber nameplate is a synonym for perfection. There is not the slightest difficulty in selling the product of this factory; indeed, the demand is greater than the present facilities can meet, and an extensive addition is soon to be erected. This will enable the Co. to very largely increase their output. Visitors to the Toronto Exhibition may have seen for the past three years a display of Alton carriages—holding their own with the best in the admiration of the public. The future may see more of them.

The repair department of this factory is of considerable value to the community, for whether it is wood or iron that is damaged it can be made like new here. The blacksmith shop is well equipped and well manned, and all the iron work on the carriages is prepared here. All the tops are made here and the trimming done by the most skilled mechanics. The enhanced cost of leather in recent years has very materially increased the cost of producing carriages; and carriage makers seem to think they have not increased the price of carriages to keep pace with the increased cost.

The present company was incorporated three years ago, the officers being:

President—J. M. Dods.
Vice-Pres.—Jas. Barber.
Sec.-Treas. and Manager — E. D. Barber.

The capable manager was born in Alton and learned his trade in his father's shop. Then he went abroad and worked in some of the largest and best carriage factories in the large cities, thus acquiring a more perfect knowledge and a wider experience. He is therefore well equipped for the responsibilities which rest upon him as the executive head of the company.

WM. HAWKINS, J.P.

One of Alton's respected and useful citizens is Mr. Wm. Hawkins, J. P. Mr. Hawkins was born in Steeple Ashton, Wilts, Eng., in 1840. He came to Canada in 1869, and settled in Toronto, where he was employed on the building of the old Government House. In 1871 he entered the service of the Toronto, Grey & Bruce Railway as assistant agent at Woodbridge. Upon the extension of the road to Orangeville he was sent to Alton East as agent, where he remained twenty-three years. Upon the closing of the station he retired from the railway service. Then he purchased a 150 acre farm here, which he conducted up to two years ago, when he retired. He was appointed a Justice of the Peace seven years ago and has filled the position creditably. Mr. Hawkins is a member of the Library Board, and had been for 18 years a school trustee, until he retired at the close of last year. Mr. Hawkins is a Liberal in politics, and an Anglican in religion.

J. A. LOVELL

Butcher

The purveyor of meats is an important personage in any village, and for twenty years Mr. J. A. Lovell has been catering to meat eaters in Alton. He has built for his shop and his residence a beautiful brick building on Main street, and his shop is clean, attractive and modern. He dispenses all kinds of fresh meats, in the handling of which he has by long experience become expert. Mr. Lovell does his own buying and killing, and cutting. He is ably assisted in the shop by his son, and on occasions by his wife. In his purchase of live stock he draws upon the farmers of the country for miles around, and operates a delivery throughout the village. In his shop there is a large Eureka refrigerator in use. An ice house wherein about 50 tons of ice is stored yearly is convenient to the shop. The ice is secured from one of the mill ponds, and is perfectly pure.

Mr. Lovell was born in England, but came to Canada twenty-five years ago with his parents.

C. BIEDERMAN

Barber

Alton has the advantage of a first-class barber shop as one of its modern necessities. The shop is situated on the main thoroughfare, one door east of the Sterling bank, convenient to places of business. The present owner of the shop is Mr. C. Biederman, who came to the village on September 7, last. He has been in the barbering business for five years, one year being spent in Toronto. The shop is neat, is large enough to afford ample accommodation for patrons, and has two chairs. Patrons are assured of quick and skilful service here. Mr. Biederman was born near Eganville, Ont., his parents having come from Germany. He is an obliging and diligent young man who will make good anywhere.

J. B. SMITH

General Merchant

This extensive business was established many years ago, and has one of the best assorted stocks of hardware and kindred goods to be found in Ontario. Mr. Smith is sole agent for the D. Moore Co., Hamilton, and does a large business with this Co.'s special stove, "The Othello." This celebrated stove will bake 2,000 biscuits with only 30 lb. of coal. The Credit Valley Creamery is owned by this gentleman, and was established in 1874. During the last 20 years he has paid out to the farmers for their cream no less a sum than three hundred and fifty thousand dollars. This factory, we hope, will continue to serve its customers for another 20 years, and it has received hearty support for this long period from the same patrons, which is eminently satisfactory.

D. C. WORTS

Druggist

This old, reliable Medical Hall was established over twenty years ago by Mr. Kibblewhite, who was succeeded by Mr. F. G. West, the present proprietor taking over the business six years ago.

Mr. Worts is a graduate of Toronto School of Pharmacy, and is an experienced pharmacist.

He keeps a good assortment of fresh drugs, patent medicines, toilet articles, stationery, wall paper, confectionery, also cigars and pipes.

Prescriptions are carefully put up, all at reasonable charges.

MR. W. H. HUNTER

Of "The Maples." This photo was not ready when the sketch of the farm was printed.

W. D. ROGERS

General Merchant

This important business was established several years ago by Mr. A. Mason, and about [illegible] years ago was taken over by the present proprietor, who has had a lot of experience as a general merchant.

The store is one of the largest and best in Alton, and [illegible] is an extensive stock of staple and fancy dry goods, boots and shoes, hats and caps, china and [illegible], also general groceries and confectionery—a complete country store.

In the summer season when visitors come to Alton Mr. Rogers supplies ice cream, aerated waters, etc.

A. G. PATTERSON

Saddler

This fine old business was established many years ago, and was eventually taken over by Mr. Patterson, some 22 years ago. He does the whole business of the village and surrounding district in his particular line, and is popular with all classes.

He manufactures and sells all kinds of harness, rugs, robes, whips, blankets, valises, grips, and accessories.

There is a large well selected stock and prices are right. Repairs of all kinds are executed neatly and promptly. Mr. Patterson takes an active interest in the affairs of the village.

J. A. McLACHLAN

Grocer

Mr. McLachlan has been postmaster for about a year, having previously for about 12 months carried on a bakery business in Alton.

The previous postmistress was Mrs. J. Davis, who had been in the post office for over 22 years. During his short tenure, Mr. McLachlan has given every satisfaction to the post office authorities, also to the public.

He keeps a full stock of groceries and confectionery, stationery and school supplies, and is agent for the Bell Telephone Co. of Canada.

WM. WHITE

General Merchant

Mr. White is one of the pioneers of Alton, settling in this pleasant village some forty years ago.

His present business has been established over 25 years, and during that long period he has earned the respect and confidence of his customers.

His store would do credit to any town or city. It is centrally situated, is large and commodious, nicely kept, well stocked, and goods are neatly displayed.

There is a general stock of first-class groceries of the best quality, complete assortment of dry goods, boots and shoes, and general furnishings. Mr. White is one of the School Trustees.

ABOUT OURSELVES

Mr. B. McGuire, senior member of the present firm, founded the Banner in June, 1893. Mr. A. D. McKitrick, the Editor, acquired an interest in the journal in October, 1897. Issued first as a four-page sheet, the newspaper was in time enlarged to eight pages with patent inside, and then to eight pages, all home print, the present form. The first issue was "run off" on a Washington hand press. This was replaced by a Country Campbell, followed, when the present premises were occupied, by a Wharfdale, large enough to print four 7-column pages at once. Hand power was superseded by a gasoline engine, and this is now being replaced by a 3 h.p. electric motor for the latter press, while a 1 h.p. motor is being installed to drive the Gordon presses. With the growth of the business and the steady increase in the cost of labor, hand composition began to prove expensive as well as [illegible]. A Rogers Typograph was introduced to meet the situation, and [illegible] many other pioneering experiments did not prove an unmixed success. After three years intermittent service the machine was discarded and replaced by a monoline, which, under the management of the present operator, Mr. F. Brecklebunk, and his predecessor, Mr. P. Banghanan, has given splendid service. In Mr. Brecklebunk and Mr. W.E. Braden, foreman of the job department, The Banner has two employees who have given the journal fruitful and intelligent service, and have done much to improve its interests. In 1893 there were between 500 and 600 names on the subscription list. Each succeeding year has brought a substantial increase in the list. The sworn average circulation for 1912-13 was 2,0[illegible] which means a constituency of perhaps 10,000 readers. The Banner has devoted its energies and whatever influence it may have been able to exert chiefly to the promotion of local interests.

WM. COWIE

Florist and Market Gardener

Mr. Cowie is a native of that beautiful country, celebrated in poetry and song, Scotland. He is very much attached, however, to the land of his adoption, Canada, having been established in business here for 15 years.

He has a fine property here, it being suitable for growing flowers and vegetables of all kinds. He gives great care and attention to the cultivation of celery, which is particularly appreciated by his numerous customers. He takes commendable pride in the fact that he supplies the C. P. R.

Mr. Cowie takes a keen interest in the public questions of the day, and holds decided views on the British Land System

T. STEVENSON'S DRUG STORE

This very old business was first begun in 1858 by the late Thomas Stevenson, and was recently taken over by F. S. Pickering. The residence of the late Mr. Stevenson is one of the finest in Orangeville. It is situated in the best section of the town, facing on Third Avenue and Second Street. The house is of Norman architecture, with large bay windows, parlor and dining room, large library, kitchen and bath room, and six bedrooms. It is fitted with electric lights and all modern conveniences. The residence is fronted by a beautiful lawn, well kept, and dotted with flower beds, shrubs, etc. Near the house is a low cedar hedge, and fine boulevard of maple and pine trees. There is also a vegetable garden and orchard

MISSES MYRTLE AND RUTH SHAW

In musical and other circles in Orangeville no names are better known than those of the Misses Myrtle and Ruth Shaw. Accomplished musicians, fine singers and excellent teachers, they stand for all that is best in music.

Miss Myrtle Shaw is organist of St. Mark's Anglican Church, and on occasions her place is taken at the instrument by Miss Ruth, while her sister renders the anthem, her singing being always a musical treat

FULLER, ALLEN & HOLMES

Painters and Decorators

This fine old business dates back to 1887. The premises are extensive centrally situated near the post office, and there is an excellent workshop suited to the requirements of the calling pursued.

The workshop is fitted with all the appliances for carrying on the trade. The respective members of the firm are all splendid workmen. All kinds of house, church and hall decorating is carried out in first-class style, also graining, sign writing, paper hanging and glazing. All accessories are kept in stock, such as paints, varnishes, room mouldings, etc.

Their stock of wall papers is one of the finest in the Province of Ontario, and offers prospective customers a splendid choice of designs and patterns to choose from.

Mr. Holmes is a member of the Town Council.

Miss Henrietta Wallace, A.T.C.M.

Miss Wallace is a native of Orangeville. She studied music under local teachers, and afterwards at the Toronto Conservatory of Music, where she received her diploma as A.T.C.M.

She is an accomplished musician and teacher, and has classes in Orangeville, Shelburne and Toronto. In the latter city she is organist in the Victoria Presbyterian church. As an accompanist she is much sought after. Altogether this young lady has a very busy life with the profession of her adoption

ST. PETER'S R.C. CHURCH

This church was built about forty years ago. At that time the very Revd. Dean Egan, living at Caledon, came from there to officiate in Orangeville. This gentleman was highly popular, and celebrated for his fund of humor, and was well known in those days for many miles around. In 1885 Father Jeacott became the first resident priest.

In March, 1909, Father W.A. Egan came to Orangeville, and is the present resident priest. Father Egan is a pleasant and courteous gentleman, very popular with the members of his flock, also with the residents of the town.

ORANGEVILLE MALE QUARTETTE

The Quartette is composed of four gentlemen, whose names are well known in musical circles in Orangeville, namely, Messrs. P. Harding, first tenor, Fred Faulkner, second tenor, T. Huston, first bass, and J. E. Jessop, second bass. Since the formation of the company early in 1912, they have been eminently successful, having given 42 concerts in all parts of the country.

Mr Harding studied under Mr F H. Burt, Mus Bac., of Toronto Conservatory of Music, and is at present choir leader of the Baptist church

... was formerly with the English Hand Bell Ringers, and at present teaches voice culture, and leads the Presbyterian church choir. Messrs. Faulkner and Huston were both pupils of Mr. Jessop, and are both well-known singers in this district.

The company can provide a full concert program of vocal and instrumental music, readings, etc., giving selections on the cornet, trombone, violin, mandolin, banjo, guitar, traps and piano. For terms write Mr. P. Harding, Secretary, or Mr. F. Faulkner, Orangeville.

ORANGEVILLE MALE QUARTETTE

P. Harding, First Tenor. T. Huston, First Bass.
F. Faulkner, Second Tenor. J. E. Jessop, Second Bass.

J. S. ROBERTSON

Real Estate

This well known and popular gentleman has long been a resident of Orangeville.

It is now 23 years since Mr. Robertson made Orangeville his head quarters as representative for that large and well-known Canadian firm, The Massey Harris Co., which he represented with great success for upwards of fifteen years.

Some six years ago he commenced business on his own account, taking up the buying and selling of real estate, also investing in Western lands, —very important business, especially in a new and rapidly developing country like Canada.

Mr. Robertson is a member of St. Andrew's Church; is identified with Harris Lodge No. 216, A.F. & A.M., and is an active member of the Curling Club.

T. F. & T. J. BROWN

Druggists

This handsome store is second to none in the Province of Ontario. Established 25 years ago in Shelburne it has been carried on successfully ever since. The firm has an extensive connection, both in town and throughout the country. Messrs. Brown have two valuable sole agencies, namely, for Kodak, Limited, and the famous Rexall lines, Both of these specialties find ready sales, being well known and appreciated.

They stock and sell everything that first-class druggists should. Complete lines of fresh drugs of the best quality, toilet requisites, perfumery, hand mirrors, stationery, confectionery, cigars, tobaccos, etc. At Xmas time they have a splendid assortment of seasonable goods, suitable for presents, etc. Prescriptions are carefully compounded at all times.

GEO. A. LEIGHTON

President Dufferin Agr. Society

No one is better known or more highly respected in Orangeville than the subject of this sketch, George A. Leighton, the efficient and hard-working President of the Dufferin Agricultural Society. Mr. Leighton is a native of Mono township, and owned a fine farm on the Centre Road until a few years ago, when he sold out and moved to town to take an appointment as turnkey of the County Gaol. Mr. Leighton has been President of the Agricultural Society for three years, and it is in a large measure due to his interest and efforts that the Society is today in the fortunate position of being entirely free from debt and having a balance of nearly $1,000 in the Treasury. Last year a new grand stand, band stand and judges' stand were built on the exhibition grounds, a fine park to the north of the town. At the present time the Society has completed plans for further improvements at a cost of about $1,000. The 1913 Fall Fair, it may be remarked in passing, was the most successful in point of attendance and exhibits that the Society has ever held

Mr. Leighton has a fine home on the corner of Zina and Hythia Sts. He is a member of the Orange and Masonic Orders, and is identified with St. Mark's Church. He is a public spirited and useful citizen

MR. GEO. A. LEIGHTON

THE QUEEN'S HOTEL

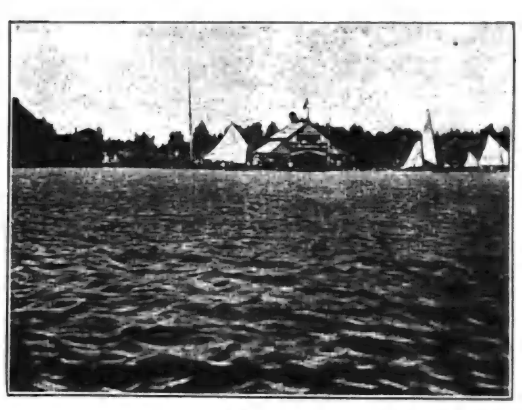
Among the hotels of Orangeville, a leading position is held by the Queen's, an extensive and high-class establishment, with a successful and creditable record dating back for many years. The Queen's Hotel is a large and handsome building, centrally situated on Broadway, and has a fine location and pleasing outlook. Internally the hotel is very conveniently planned, and splendidly appointed. The ground floor contains a bar, spacious office room, commercial rooms, etc., with every accommodation for visitors. The Queen's has always been noted for its excellent cuisine, and the tariff of charges is moderate. Catering is done for Masonic banquets, weddings, public dinners, etc. It is a popular house with commercial travelers, and among the traveling public generally enjoys a reputation which has for many years past endowed it with the continued patronage of a valued connection.

Mr. J. E. Booth is quite an ideal host; experienced, alert and very watchful to promote the satisfaction of his guests. His unfailing courtesy and personal popularity have contributed very largely to the success of the Queen's Hotel, and still continue to be among the chief factors in the maintenance of its prosperity.

McPHERSON & JOHNSTON

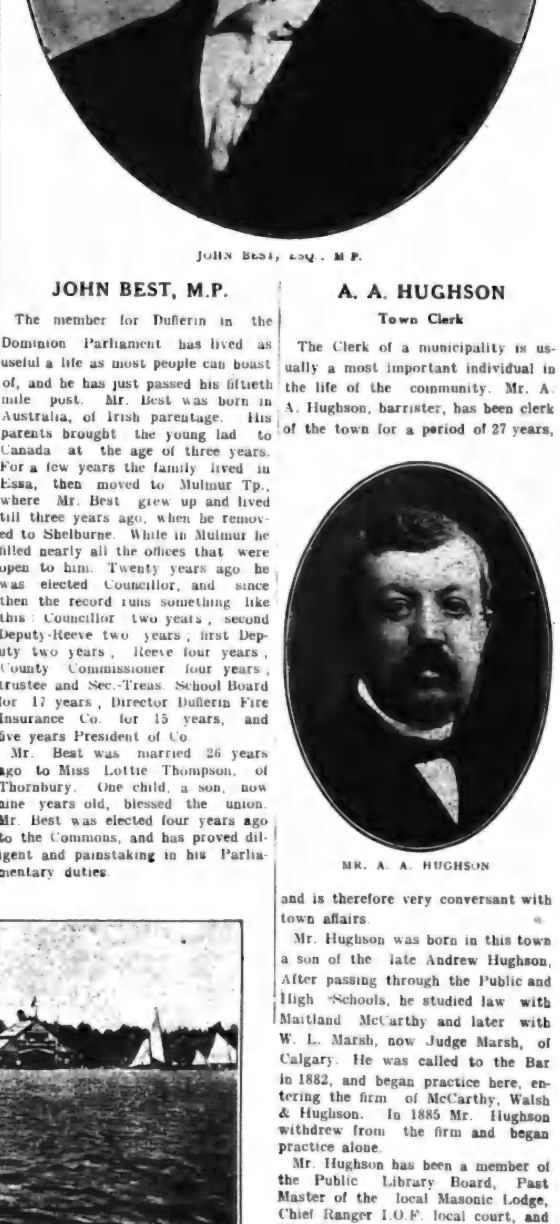
This highly prosperous and important business, well known as "The Solid Leather Shoe Store," was established by these gentlemen several years ago, and has been carried on with conspicuous success. Both partners are experts in this very useful trade. They have a very attractive window display, and the store is well-fitted and stocked with the best quality of boots and shoes, rubbers, trunks, valises, etc., all at reasonable prices. They are agents for the best boot and shoe manufacturers in the country, namely, Messrs. J. & T. Bell, Geo. A. Slater, the Invictus shoes for men and women, The Empress and Miss Canada shoes for women, and the Beresford shoes for men. They also stock the staple lines of Williams, of Brampton, and Mayfoot, of Georgetown.

An up-to-date repairing department adjoins their large shop. This is under Mr. N. Collins, an experienced repairer of many years' standing. Repairs are treated in a first-class manner, and sent out promptly.



Both gentlemen are well-known and highly respected, and take an active interest in everything that concerns the welfare of the town and county.

FRED S. PICKERING



Druggist

Mr. Pickering has recently acquired the business of the late Mr. F. Stevenson, one of the oldest drug stores in the town, being founded in the year 1858. This old and valued connection Mr. Pickering will, by strict attention to business, good quality and reasonable charges, endeavor to retain and increase. He was for several years with Dr. A. J. Hunter & Co.

Mr. Pickering is a graduate of the Ontario College of Pharmacy, Toronto. His store is one of the best in Ontario, splendidly fitted up, and very commodious. He carries a complete stock of fresh drugs of the best quality, also patent medicines, perfumery, toilet requisites, brushes, ebony goods, hand mirrors, hand bags, stationery, religious books and school supplies, also pipes, cigars and tobaccos. There is an optical parlor in the store, where special attention is given to the eyes, and proper glasses chosen and adjusted. Special goods are stocked for Christmas trade. Full lines of Na-Dru-Co and Nyal's preparations are carried.

PRETTY CALEDON LAKE

JOHN BEST, ESQ., M.P.

JOHN BEST, M.P.

The member for Dufferin in the Dominion Parliament has lived as useful a life as most people can boast of, and he has just passed his fiftieth mile post. Mr. Best was born in Australia, of Irish parentage. His parents brought the young lad to Canada at the age of three years. For a few years the family lived in Essa, then moved to Mulmur Tp., where Mr. Best grew up and lived till three years ago, when he removed to Shelburne. While in Mulmur he filled nearly all the offices that were open to him. Twenty years ago he was elected Councillor, and since then the record runs something like this: Councillor two years, second Deputy-Reeve two years; first Deputy two years, Reeve four years, County Commissioner four years, trustee and Sec.-Treas. School Board for 17 years, Director Dufferin Fire Insurance Co. for 15 years, and five years President of Co.

Mr. Best was married 26 years ago to Miss Lottie Thompson, of Thornbury. One child, a son, now nine years old, blessed the union. Mr. Best was elected four years ago to the Commons, and has proved diligent and painstaking in his Parliamentary duties.

A. A. HUGHSON

Town Clerk

The Clerk of a municipality is usually a most important individual in the life of the community. Mr. A. A. Hughson, barrister, has been clerk of the town for a period of 27 years,

MR. A. A. HUGHSON

and is therefore very conversant with town affairs.

Mr. Hughson was born in this town a son of the late Andrew Hughson. After passing through the Public and High Schools, he studied law with Maitland McCarthy and later with W. L. Marsh, now Judge Marsh, of Calgary. He was called to the Bar in 1882, and began practice here, entering the firm of McCarthy, Walsh & Hughson. In 1885 Mr. Hughson withdrew from the firm and began practice alone.

Mr. Hughson has been a member of the Public Library Board, Past Master of the local Masonic Lodge, Chief Ranger I.O.F. local court, and High Councillor for Central Ontario, is solicitor for County of Dufferin, town of Orangeville, village of Grand Valley, Township of Amaranth, and for the Sterling Bank of Canada. He has an extensive law practice in addition to his other numerous duties.

J. W. WILD'S SHOE STORE

J. W. WILD

Boots and Shoes

Mr. Wild established his business some thirty years ago, and is one of the pioneers in the boot and shoe trade of the town. By energetic business methods and fine quality of the goods he sells he has built up a large clientele.

The shop is centrally situated on Broadway, and there is a large and well selected stock of all kinds of boots and shoes, trunks, bags, valises, rubbers, leggings, etc., at bottom prices. He recommends Relindo, Smardon, his own Special and King shoes for women; Getty and Scott's Classic shoes in all sizes for children; strong working boots and shoes for artisans.

Mr Wild is sole agent for the celebrated Beresford and Monarch Shoes for men. Repairing of all kinds is done on the premises promptly, neatly and at reasonable prices.

Prince of Wales St. would indicate that he is on "Easy Street," so to speak.

When Mr. White gave up selling machinery, and was not tied to Guelph, his heart turned again to Orangeville, and he has been with us for these three years now. This year the ratepayers called him to their service in the Town Council, and he is again proving useful as he did in the nineties.

Mr. White is a Conservative in politics, and a Presbyterian in religion—or should the latter be put first? He also belongs to several Fraternal Societies, including the Orange Order, I.O.O.F., and A.F. & A.M.

But he is never so occupied with fraternal societies that he would turn a deaf ear to inquiries about inside properties in Regina or Saskatoon, nor regarding good farm lands in the Prairie Provinces of Saskatchewan and Alberta.

ORANGEVILLE MARBLE AND GRANITEWORKS, OWNED BY MR GEO. M'INTYRE

J. J. WHITE

Real Estate

Few, if any, persons in this town know more about Western real estate than the genial and well-nourished looking gentleman whose name heads this sketch. And he ought to know something about Western real estate, for he has been buying and selling it for the past five years or so, and has been making a study of conditions out in the wide Western Provinces. The portrait of Mr. White may be seen on page one of this paper, for be it known that Mr. White is a member of the Town Council, and a useful member as well. He is no greenhorn on the job, for he had municipal experience as far back as 1894, and for six years was on the Board, for one year being Deputy-Reeve.

Mr. White spent the first six years of his earthly pilgrimage in Albion Township, where he was born, and then Mono Township became his home until he grew up and entered business.

February, 1889, was the month of his debut in business in Orangeville. He accepted the agency for the Massey-Harris implements, and for nineteen years sold their product to the farmers of Ontario. For ten of these years he was the Co.'s general agent in Guelph city. What J. J. White doesn't know about the sale of agricultural implements few can teach him.

But he was not always to be a salesman for implements. There appeared to J. J. to be bigger things in the sale of the land upon which implements were used, than upon the sale of the machinery. So he dropped the one and picked up the other. He saw the possibilities opening in the Canadian West, and in the handling of Western property he found the scope which his expanding ambition demanded. Since the day he closed his first sale four years ago he has handled hundreds of properties, both rural and urban— aggregating many thousands of acres and hundreds of thousands of dollars. Whether there is more money in land selling than selling machinery this story saith not. Suffice it to say that Mr White appears to be thriving. The engraving of his beautiful residence on

ORANGEVILLE PLANING MILL

J. A. Matthews, Proprietor

There are few industries so indispensable to a town and community as a planing mill. At some time or other every family requires the product of such a mill, and wants it urgently. And only a planing mill manager knows how acute is the demand for his product at times—almost every order being for immediate fulfilment.

Orangeville is fortunate in having a splendidly-equipped and well-managed planing mill, owned and operated by Mr. J. A. Matthews. The mill is centrally situated on Mill Street, in the heart of the town. The main building is of brick, 30 x 60 feet, with an addition 18 x 40 feet, two stories, and was built some ten years ago.

There are some eighteen modern machines installed, machines to do all the work required in producing the output of the mill—such as planing, making of sashes, doors, frames, mouldings, in fact, all sorts of builders' supplies and custom work. The power required is supplied by a 25 h.p. engine, and a 10 h.p. boiler. A steam-heated drying kiln, with a capacity of ten thousand feet, is used to thoroughly dry the lumber that comes to the mill. Mr. Matthews procures his lumber largely from Muskoka and Midland mills, also from mills in the Ottawa Valley. Across Mill street is the old skating rink which Mr. Matthews has secured as a store room. This will hold twenty carloads of lumber, thus enabling the proprietor of this mill to keep all his stock under cover.

Mr. Matthews employs from two to ten men, according to the season, and in the building season he is usually running to the limit of its capacity. Occasionally he accepts a contract for the erection of buildings, in which case he sub-lets certain parts of the work.

Mr. Matthews is a practical machinist, and gives the business his personal supervision.

For thirty years he has been a resident of Dufferin's County Town, and is well known throughout the town and community. He claims as his birthplace the Brock Road, between Guelph and Hamilton, but the greater part of his first twelve years was spent in Acton, Ont.

RESIDENCE OF ALD. J. J. WHITE

Mr. Matthews is experiencing his first taste of public life this year, he being a member of the Town Council, on which Board he performs a useful service.

J. H. HULSE

Undertaker

Mr. Hulse has successfully carried on the business of undertaker in Orangeville for the long period of over 30 years, and by his kind and direct demeanor has endeared himself to those requiring his services in their hours of bereavement. Everything is up-to-date—new funeral car, child's hearse, equipment of all kinds necessary to conduct the business along the right and proper lines.

Mr. Hulse also carries a good stock of picture frames, framing pictures of all kinds promptly and at moderate charges.

M. WILKINS & SON

Financial Brokers, Etc.

The senior member of this well-known firm came to Orangeville in 1862. A Canadian by birth, he has had a wide commercial experience, both in Canada and the United States. He was in the United States when the late Abraham Lincoln was President, and relates many interesting reminiscences of that eventful period.

The present business has been successfully carried on for over thirty-two years, Mr. George Wilkins, the junior partner, taking an active part.

Their business consists principally of selling houses and farms. Loans and insurances are arranged on prompt and reasonable terms.

The firm represents no less than 14 Insurance Companies.

JOHN T. ANDERSON

Piano and Organ Tuner

Orangeville is fortunate in being visited every six months by Mr Anderson, who as an experienced piano and organ tuner, stands at the head of his profession.

It is now some thirty-four years since this gentleman made his first visit to Orangeville for the well-known piano makers, Messrs. Gourlay, Winter & Leeming, of Toronto, whose famous pianos are known throughout the world.

Mr Anderson was for some years with other well known makers, namely, the Newcombe Piano Co. and the Bell Piano Co., and to this day has business relations with all of these firms.

His long and varied experience, careful attention to business, and courteous manner have enabled him to establish a large connection of the best kind in Toronto and surrounding district.

MR. J. T. ANDERSON

Parry Sound, Districts, Galt, Hespeler, Preston, Newmarket, Richmond Hill, Shelburne, Dundalk, Chesley, and Hanover—in all these towns he is well-known and respected.

He caters to the country trade specially while traveling.

Pianos and organs entrusted to his care receive the greatest attention and skill possible. Mr. Anderson is at all times pleased to give his advice as to the tuning or selecting of new pianos and organs.

His address in Orangeville is the American Hotel, and orders left there will receive his prompt attention.

Permanent address, 200 Beresford Ave., West Toronto, where he can be communicated with upon all matters relating to his profession.

ORANGEVILLE BILLIARD PARLOR

Mr. William T. Tilt, the proprietor, is supplying a want long felt by many in providing this handsome billiard parlor.

Owing to his unfailing courtesy and attention Mr. Tilt is very popular with his numerous patrons, who enliven the monotony of life by passing a pleasant hour or two playing this scientific and fascinating game. There are 5 fine tables, and charges are moderate.

For those who are fond of the fragrant weed, Mr. Tilt keeps on hand all kinds of tobaccos, cigars, cigarettes, pipes, etc., also the very best smokers' sundries.

THOS. ARNOTT

Farm Implements, Carriages, Etc.

These large and commodious premises are centrally situated on Broadway, where Mr. Arnott has a very large and complete stock of plows, buggies, wagons, sleighs, cutters, harness, threshing machines, Empire cream separators, pumps, stock food, binder twine, robes, blankets, rugs, dusters, knee spreads, machine and separator oils, wheelbarrows, turnip pulpers, etc.,

In addition to the premises facing East Broadway, there is a large store at the back, so that customers can see the goods to the best advantage.

Mr. Arnott has been established here for over six years, but has been in Orangeville for 20 years, and is well known in the town and surrounding country as an upright, honorable and successful business man.

He is agent in Orangeville for the Deering repairs.

W. E. IRVINE

Jeweler

For the past 16 years one of the most successful and highly esteemed watch and jewelry establishments in Orangeville has been conducted by Mr. W. E. Irvine. The display in the tastefully arranged windows is a rich and varied one.

He has a first-class stock of jewelry—no better could be found— the largest and best in this part of Ontario.

Mr. Irvine is an optical specialist, and every care and attention is given customers requiring their eyes tested and suitable glasses supplied.

Engraving of all kinds is done promptly and at reasonable prices.

Mr. Irvine is Time Inspector, appointed by the C.P.R. Railway, for the Western Division.

W. J. PRICE, L.D.S.

Fortunately for citizens of Orangeville there are several excellent practitioners to be found in the town, prominent amongst whom stands Dr. W. J. Price, L. D. S. He was educated at the Orangeville High School, and graduated from Toronto University with distinction. For some time he was assistant to Dr. Meek, who was established for a number of years in the town.

Dr. Price has been in business on his own account for two years, during which time his business has developed considerably. Patients receive every care and attention, and he is recognized as an accomplished, humane and successful dentist.

Dr. Price is a member of the Methodist church choir in this town.

MARSHALL GREEN & CO.

General Merchants

The large general store now presided over by Marshall Green had its beginning here a half of a century ago, and was carried on under the firm name of John Green & Son. The store occupies the north-east corner of Broadway and Prince of Wales Street, and is well lighted by windows front and side. Mr Green owns the building, which is 132x22 ft. three stories—the ground floor and part of the second being used for merchandising, the remainder being Mr. Green's living apartments.

The stock carried includes dry goods, furs, groceries, boots and shoes, gents furnishings, crockery, millinery, with housefurnishings displayed on the second floor. In this department a specialty is made of fine rugs.

In the dry goods section ladies will find a select choice of fancy goods, such as linens for drawn work, and silks for crocheting, also a large selection of the finest dress goods, as well as everything else ordinarily found in this department.

Hole-proof guaranteed hosiery for men, women and children, is another specialty here.

The millinery parlors are well stocked with latest designs and most fashionable materials, and an experienced milliner is always in charge. Already import orders have been given for flowers and trimmings for next spring's trade.

STORE OF MARSHALL GREEN & CO.

The grocery department of this store is fitted with Walker pivot bin fixtures, which is the best device yet invented for preserving the cleanliness and purity of bulk goods. Everything any home should need may be procured here. Farmers' produce is accepted, and fresh dairy supplies are always to be found.

Women shoppers usually spend longest and delight most in the china and crockery section, and in this store an exceedingly choice array may be viewed. Mr. Green carries an open stock pattern of dishes of English make from which broken sets may be replenished. Limoges China is to be found in dainty patterns and shapes.

During this Christmas season a specially fine assortment of presents in gloves, handkerchiefs, fancy linens, china, and fancy goods of all kinds will be found at this store.

A crate of lovely jardinieres has recently been received from the Old Country and put into stock. In prices these range from 25c. to $3.00 and upwards, and will make beautiful Christmas gifts.

Mr. Green has been a useful citizen in the town. He has served in the Town Council for eight or ten years, and was Mayor for two years, being elected by acclamation.

CONTRACTORS' SUPPLY CO. LIMITED

The quarries and plant of the above company are located quite near Orangeville, in Peel County, Melville Junction would be the post office address, but this industry is of so interesting a character that it is deemed of sufficient importance to include it in this special industrial number.

Lime for building purposes, and crushed stone for sidewalks, concrete work, flooring, etc., is the product of this factory. The company owns about sixteen acres—not of ground, but of rock—limestone rock. How deep the rock goes down no man knoweth, but the quarrying in one place has now got down thirty feet. The first eight feet of rock from the surface is not of the best lime quality, and this is crushed; the rock below is burned for lime. A saucer-shaped area of perhaps an acre in extent has already been broken into during the three years' operations in this place. The operations are simple, yet most interesting. The quarrying is done by drilling holes into the soft rock with drills driven by compressed air. A few minutes suffices to make the necessary number of holes for a blast. An explosive

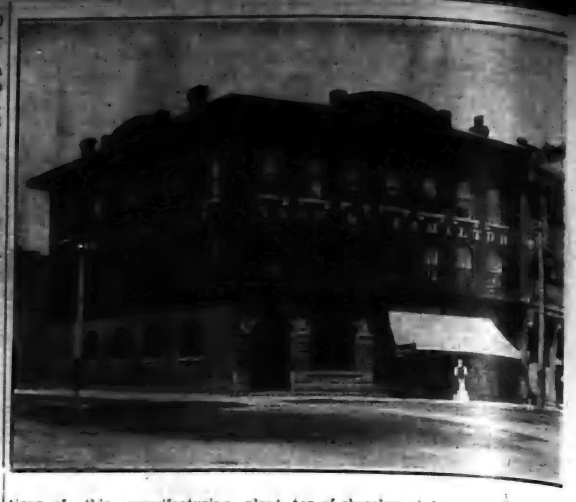
PLANT OF THE CONTRACTORS' SUPPLY CO.

called Rack-a-Rock is used. The stone thus broken down, or broken up, is loaded into a big steel hopper on wheels, which is drawn up an inclined track to the tops of the burning kilns some sixty feet above the floor of the mill, and nearly 100 feet above the bottom of the present excavation. There it is dumped into either kiln as desired. The kilns are big steel structures, twelve feet each in diameter, and 40 feet high, lined with fire brick. A heat of some 2200 degrees F. is produced from a soft coal fire accentuated by draft supplied by electric fans, which fans also serve to collect the gas and smoke from the fire and burning stone and pump it into the base of the kilns, where it is consumed. Lime is made by driving out by heat the carbonic acid gas that is contained in the stone. The stone is heated to a white heat and kept that way for some time. When it becomes sufficiently "burned" it is taken out by the opening of a door in the base of the kiln. The stone drops down and is cooled, and all the stone in the kiln descends a space, fresh stone is put in and thus the process continues.

Two Symons crushers are used to crush stone, and when crushed an elevator raises the product aloft where a revolving screen separates the sizes of lumps, running the various sizes into different bins. The sizes are,—two inch, one inch, half inch and dust. The loading of cars is easy, as the car is run under these big storage bins, and gravity does the filling.

The capacity of the two lime kilns is 25 tons per day, and of the rock crushers 20 tons per hour. The output of the crushers is now about 100 tons per day.

Two steam engines of 40 h.p. each supply the motive power for the crushers and the hoisting plant. Electric energy propels the suction fans, with an auxiliary gasoline engine ready in case of any damage to the power line. An air compressor operates two drills at once.



Some 28 men are employed at this plant, the wage bill per year running close to $20,000.

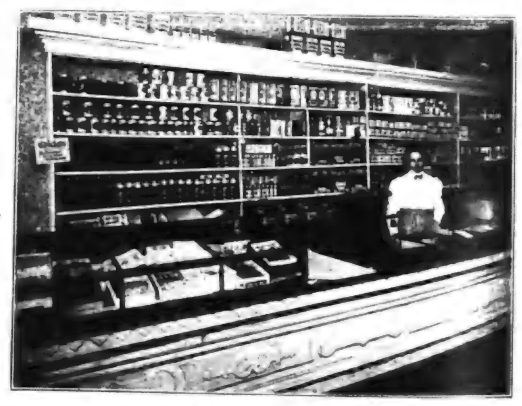
The output of the plant is marketed chiefly in Toronto, where the head office of the company is located. The company also sell fire brick, plaster, cement, builders' hardware—living quite up to their name, Contractors' Supply Co.

The officers of the Co. are—
President—Wm. Smallwood.
Vice-Pres.—R. Chalkley.
Sec.-Treas. and Manager—F. J. Beharriell.
Supt. of Plant—R. Jones.

Messrs. Beharriell and Jones are men of experience and training, and are conducting the extensive operations of this manufacturing plant with skill and ability, and making of it a great success.

The making of the best lime requires that it be "burned" just right, or in other words, that the carbonic acid gas be all driven out. By the old process of firing it took a couple of weeks to heat up and cool off a kiln of lime. The new process employed in this modern plant accomplishes the object in a few hours, and does it more perfectly. The lime is marketed in lumps, easily and cleanly handled, and is slacked by the users as required. The company finds a keen demand for all its product.

MISS E. M. McLACHLAN



Grocer and Confectioner

Miss McLachlan has been established here about four years as a grocer, confectioner and fruit merchant, during which time she has formed a good connection, and the business has been very successful, even beyond expectations.

At all times she has exercised great care in the selection of her stock, of which she has a general assortment, everything being the best of its kind, choice and fresh, and prices being reasonable and moderate.

She holds the agency for the well-known Empress Chocolate Wafers, the excellent quality of these wafers having developed a growing demand.

We may add that Miss McLachlan is the daughter of the late Alexander McLachlan, the well-known Scottish Canadian poet, whose name and poems are so well known throughout the Dominion.

GROCERY STORE OF MISS M'LACHLAN

REV. J. R. BELL.

Pastor of the Laurel Presbyterian church for the past 22 years, Rev. J. R. Bell has filled a large place in the life of village and community. Born in County of Armagh, Ireland, Mr Bell came to Canada with his parents when a child and settled in Wellington County. Mr Bell is pas-

tor of churches at Laurel, Black's Corners, with a communicant membership of about 300.

Mr. Bell is a public man in other respects than as a pastor, has been interested in [illegible] Sunday School work for years, has been Secretary for the Dufferin Association for thirteen years, S. Association has been a High School trustee for twelve years, and has been chairman of the Board. He has been connected with the Trustee Department of the Ontario Educational Association for fourteen years, was [illegible] Department two years, and is now on the executive. He is President of the Trustees' Association of Dufferin County, which organized five years ago under the Provincial Ed. Association. For [illegible] years Mr. Bell has been convener of the Home Mission Committee of the Presbytery. By these [illegible] Mr. Bell has kept very much in touch with local life and progress, and is good for many more years of useful[illegible]ness.

BANK OF HAMILTON

The Orangeville branch of the Bank of Hamilton occupies [illegible] its own in a commanding position in the town—corner of Broadway and First Streets. The bank was established here thirty-[illegible] years ago, and during these three decades has filled a big place in the commercial life of the town and county, and at present enjoys a large patronage.

The head office of the bank is located in Hamilton, it having been established in 1872. The paid up capital of the bank is [illegible] dollars, the reserve fund [illegible] more than the capital, the undivided profits, $251,137.86, and the total assets $48,907,883.32. It will be thus seen that this institution [illegible] immensely strong one indeed. The Bank's business extends from ocean to ocean—it has branches in operation in Ontario, Manitoba, Saskatchewan, Alberta and British Columbia. Hon. Wm. Gibson is President, and Mr. J. Turnbull General Manager.

The branch in Orangeville was established under the management of the late R. F. Hall, who was in charge for many years. He was succeeded by Mr. H. M. [illegible], who was later appointed assistant Manager of the Bank. H. H. O'Reilly came next, and on his promotion of being appointed to the head office, which position he held at his death.

Mr. J. S. Gordon, [illegible] Supt of Branches; Mr. [illegible] Arthur, son of Judge McCarthy, and W. F. Dewar, who left the employment of mercantile pursuits, were in turn manager here for a time. Then came Mr. W. G. Hyland, who was promoted manager of the Orangeville branch, and is still efficiently filling that position. Mr. Hyland has been in the service of the bank for [illegible] years, and has won [illegible] ity a place of esteem

The ladies composing the membership of the Daughters of the Empire deserve the deepest gratitude and the heartiest commendation for the noble and highly successful work which they have undertaken.

The present officers of the Chapter are the following:

Regent—Mrs. W. H. Lugsdin.

1st Vice Regent—Mrs. W. G. Hyland.

2nd Vice Regent—Mrs. J. F. Smith.

Recording Sec.—Miss A. Clark.

Cor. Secretary—Miss G. Irvine.

Treasurer—Mrs. W. C. Dan...

The hospital staff consists of Miss Barclay, as matron; Miss Farmer, Miss Rowan, Miss Allen and Mrs. White, nurses. One is a graduate nurse, three are probationers. There is also a housekeeper and a caretaker employed. It is expected that two more probationers will shortly be added to the staff.

The hospital has a capacity for 12 patients, is modernly equipped throughout, and is hot air and hot water heated.

The Board of Management feel grateful for the kind interest manifested in the hospital by local medical men, as well as by the public. It is of interest to note that some $200 per month is expended in town on behalf of the hospital, which is an item of considerable importance in itself.

That this worthy institution may long continue to serve suffering humanity is a very commendable Christmas wish, and might well be supplemented by generous gifts at this happy season.

THE STERLING BANK

D. McCallum Manager)

Mr. McCallum has been manager of the Orangeville Branch of the Sterling Bank of Canada for some two years. Having a thorough knowledge of banking in all its branches, he has filled this position with conspicuous success. He is well respected by the customers of the Bank, also by the residents of the town, in which he takes a deep interest, being the Treasurer of the Children's Aid Society, also Secretary of the Orangeville Curling Club.

The Sterling Bank of Canada, with head offices at Toronto and branches throughout the Dominion, is a prosperous corporation, as indicated by their surplus of assets over liabilities, as follows:

April 30, 1907	$973,082.50
April, 1908	1,031,334.11
April, 1909	1,083,943.55
April, 1910	1,255,109.73
April, 1911	1,323,310.36
April, 1912	1,380,766.72
Jan 31, 1913	1,480,513.41

Their profit and loss account for the year ending 30th April, 1913, after deducting charges of management, etc., shows a profit of $113,400.87, these figures being certified by Mr. Sherman E. Townsend, Chartered Accountant.

The President of the Bank is Mr. G. T. Somers.

The Bank has correspondents in the United States of America, Great Britain, and all important points.

D. B. BROWN AND SON

This reliable and well-known firm was established by Mr. Brown in the year 1885. The business has been carried on successfully and developed until it is now one of the principal businesses in the town. Mr. Brown is ably assisted by his son and partner, Mr. George Brown. Their business consists of general insurance— fire, life, accident, plate glass, fidelity, automobile, marine, etc. Policies are effected promptly and at reasonable rates with the best companies. They handle extensively real estate, town and city property, farms, and western lands, do conveyancing and arrange loans at reasonable rates of interest. Both are cultured and courteous gentlemen, well-known and popular in Orangeville where they have done business so many years. Mr. Brown, sr., takes a keen interest in political matters, and has a thorough grasp of Canadian affairs. Mr. Geo. Brown has spent much time and money in getting together very interesting photographs of Orangeville of the early days—Broadway in those days, the old school building of that time and the photos of some of the pioneer residents, bringing vividly to the mind the ever changing results of time.

H. HAYWARD

Purple Hill Dairy and Farm

Purple Hill Dairy and Farm is nicely situated on rising ground, within a stone's throw of Orangeville, and commands a most beautiful view of the town and the surrounding country. No finer position for a dairy farm could be possible. This is the old Houston property, and Mr. Hayward has been here for some seven years farming and beef raising, and for two years dairying, supplying milk of fine pure quality to the majority of the people in Orangeville. The farm was formerly in the possession of Mr. John Wright, who was located here for about fifteen years. The barns, stables and all the dairy interests are up to date, and are kept scrupulously clean, the cows are well fed, and in excellent condition, in fact, everything is as it should be in such an important matter as supplying milk to the community. Mr. Hayward is a general farmer of the best type of Canadian.

GEO. NICHOLSON

Florist

For seventeen years Mr. Nicholson has made his home in Orangeville, of which time five years have been spent in his present business. The greenhouses are large and well kept, and special attention is given to bedding and house plants, carnations, etc., and in the spring of the year to geraniums. Mr. Nicholson supplies bouquets for weddings and wreaths for funerals in all kinds of suitable designs. A vegetable garden adjoins the greenhouses, and here lettuce and celery are grown. Of the latter Mr. Nicholson makes a specialty, and he supplies a large number of customers, both wholesale and retail. He is assisted by Mrs. Nicholson, who takes an active interest in the business.

GEO. H. HARSHAW

Postmaster.

Orangeville's popular postmaster was appointed here in February, 1912. Previously Mr. Harshaw was assessor and collector of Mono Tp. for a long number of years, and whilst in this position got out the Voters' List for Mono Township, which carried the National Policy. He performs his onerous duties with great care and entire satisfaction to the community. The post office itself is a fine building, centrally situated, and easy of access, and adds greatly to the appearance of the town.

ORANGEVILLE HIGH SCHOOL

It is not often that a High School —or any school, for that matter— retains one man as Principal for a period of 34 years. But that is the experience of the Orangeville High School. When the present Principal, Mr. Alexander Steele, came in December, 1879, the High School occupied but one room in the end of the Public School building, with a small room opening off it. Mr Steele had one assistant. In 1880 an extra room was secured, but the Board soon saw that the growth of the High School necessitated a building for its own use, and in 1881 the present structure was erected. The building then only contained four rooms, but about the year 1890 an addition to the north was made, providing an extra class room and a small chemical room. Three years ago, 1910, more accommodation being required, a further addition was made to the north, providing a gymnasium down stairs and both physical and chemical laboratories upstairs. These laboratories have been pronounced by Inspectors as superior to those of any other High School in the Province.

MR. ALEX. STEELE

Principal High School

RESIDENCE OF JAS. CURRY, ST. GEORGE ST., TORONTO

The staff consists of seven teachers, five doing Normal School and University work, and two doing the work of the Agricultural Department. The attendance during the present term is about 160, many of the pupils coming from long distances outside the town.

The school ground consists of about five acres, two acres being devoted to the work of the Agricultural Department, and three acres used as playgrounds and for drilling exercises, there being a very efficient cadet [illegible]

When Principal Steele [illegible] office 34 years ago the Board [illegible] consisted of Johnston Lindsay (chairman), Dr. Jas. Corbett (Sec.-Treas.), J. W. Shaw, Robert [illegible] Alex. Henderson, Rev. W. E. McKay.

The present Board of Education consists of George Robb (chairman), Robt. Mann, J. H. Hulse, Walker Kearns, Dr. T. H. Henry, Rev. W.M. Morris, and Rev. G. W. Tebbs.

The Orangeville High School has sent out many pupils who to-day are filling important positions in many parts of the continent as professors, judges, financiers, etc.

Principal Steele holds a large place in the affections of the citizens of Orangeville, and is beloved by hundreds of pupils who have passed through his hands.

Mr. Steele is a gold medalist of Toronto University (1876). He taught school in Mitchell and Aylmer before coming to Orangeville. He claims the honor of the Provincial record for holding the principalship of one school for the longest period of time. He was President in 1893 of the Ontario Teachers' Association, and has been a member of the Senate of Toronto University. Other well-merited honors have come his way also. For thirty years he has been a valued and useful member of the Public Library Board of this town.

Present H. S. Staff.

Alex. Steele, Principal.
Mr. R. P. Allin.
Mr. G. E. Evans.
Miss G. M. Strang.
Miss S. McIntyre.

"THE MAPLES"

One of Dufferin's Finest Farms.

It is not the good fortune of many Ontario farmers in the course of a life time to become the owner of two thousand acres of fine farming land, but this rare honor fell to the lot of the late W. H. Hunter, of East Garafraxa. The late owner of The Maples came to the township at the age of 21 years, and settled on lot 5, con. 19. The land was all bush then, but Mr. Hunter soon made it blossom as the rose. In the homestead an area of 475 acres was accumulated, and as time went by another farm and another was purchased, till he possessed 2000 acres. At his death in 1910, at the age of 74, Mr. Hunter left the property to his four sons, 500 acres to each. The Maples, the magnificent homestead, was left to the eldest son, W. H., and the writer of this sketch had the pleasure of visiting this lovely home a few weeks ago. The accompanying picture gives one some idea of the commodious brick house and the ample barns, set in the midst of maple and evergreen trees and hedges —the whole forming as pretty a picture as the eye can see in the farming districts of Ontario. The dwelling house of brick was erected forty years ago, and the barns have been built up in sections as the years went by and as the need arose for further accommodation. Both house and barns are modern in design and have the conveniences and comforts which the times provide. A good wind mill supplies energy for pumping well water to a tower from whence gravity conveys it to house and barn for convenient use.

On this farm there is a five-acre orchard and a most beautiful grove of young maples, covering an area of five acres. These trees were all planted by the late Mr. Hunter, who had a passionate love for maples, cedars and pines, and planted trees about the place in profusion. The trees in the grove are planted in rows, there being about 4,500 in all. In summer it makes a pretty picture and a beautifully shaded resting spot. From the residence leading north to the road is a lane, on each side of which is a healthy cedar hedge, and bordering the lane running east from the barns to another highway, are two rows of beautiful young maples. Altogether, this farm home is a place of rare beauty and attraction, and there should be and is no difficulty in keeping boys on this farm.

But agriculture alone has not been the sole thought of this intelligent and interesting family. The father began, and the sons are continuing, the importing and breeding of Hereford cattle. The foundation of the splendid herd of 75 to 80 Herefords kept here was imported stock of purest strains. The animals that are bred at The Maples, or brought to The Maples, are all valuable animals, ranging in price up to $1,000.

Herefords from The Maples have been winners of many prizes at leading Fairs for years. The Toronto National and the Ottawa Dominion know Hunter's animals yearly, and prizes by the capful are carried home to The Maples. In 1912 at Ottawa the herd won the gold medal, and this year a diploma for best herd, as well as every other diploma offered. For five consecutive years this herd won the grand championship at Toronto Exhibition. For the past two years the first prize calf herd came from The Maples, and this year a calf from here defeated the highest priced calf ever shown at Toronto. Just recently Mr. Hunter has purchased from Mr. L. O. Clifford, of Oshawa, a beautiful yearling bull, "Bonnie Brae," which, with six heifers, was shown at the first National Show in Toronto about a month ago, and as usual carried off honors in the classes in which they were shown.

Breeding, buying, selling, showing— these activities have brought prestige and renown and emolument to the owner of The Maples herd of Herefords, and the product of this herd is much sought after. Stock is sold and shipped all over the Province of Ontario; down into Quebec these Herefords go; out as far as the Pacific coast, and even into various States of the American Republic—and everywhere they give satisfaction and [illegible]

INTERIOR POWER HOUSE, PINE RIVER LIGHT AND POWER CO.

SPILLWAY AT THE PINE RIVER CO.'S POWER PLANT

PINE RIVER LIGHT AND POWER CO.

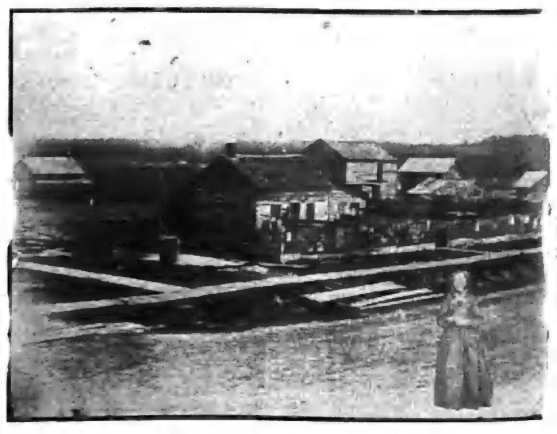
An expenditure of nearly a quarter of a million of dollars has been made within the County of Dufferin by the promoters of the light company above named. There is probably no other private company in Ontario which has expended so large a sum of money in preparations to serve a section of the Province with power and light. This huge outlay locally should strongly commend this company to the attention and consideration of light and power users in the municipalities served.

Sixteen miles north of Orangeville as the crow flies, and about twenty-two miles as the transmission line runs, is the power plant of the Pine River Light and Power Co., whose head office and auxiliary steam plant is found on Mill Street, Orangeville. This company was incorporated in October of this year, taking over the business of the Dufferin Light and Power Co., which had in its turn taken over the lighting and power plants of Orangeville and Shelburne. The present company is in a strong financial condition, and has a wonderfully complete and perfect plant for the generating of electric energy.

The company gets its name from the Pine River upon which its plant is located. The Pine River is a tributary of the Nottawasaga River, which empties into the Georgian Bay. The source of the river is at Horning's Mills, 2½ miles from the plant. The company now serves Orangeville, Shelburne and Horning's Mills with light and power, and is making preparations to serve Dundalk and is considering an extension to Grand Valley and Arthur—28 miles distant from its plant.

In the event of any accident to the power plant or transmission line, power and light could be supplied to Orangeville by the steam auxiliary plant here with the loss of not more than one hour's time. This is where we would have the advantage over other municipalities, or over users of hydro power, with which its rates are about on equality.

The following description of the plant of the company is reprinted from the Banner of October 9 last, and will be read with interest by all who have any knowledge of technical matters of this sort.

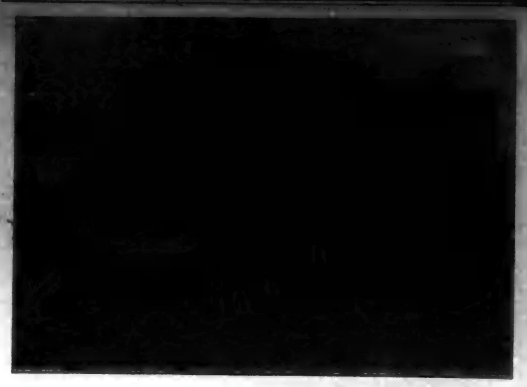


The dam itself is almost directly on the right of way of the Prince of Wales Road sixteen miles north of Orangeville. The line of the embankment runs almost due north and south. It is 675 feet in length, 60 feet high, 300 feet in width at the base and about 25 feet in width at the top. It is built of clay, with a puddled clay core. The whole face of the dam has been rip rapped with stone, and at the back it is still further strengthened by a retaining wall of stone 20 feet in height, 10 feet thick at the base and 7 feet at the top. The front wall of the dam has a slope of 2½ to 1 and at the back the slope is 2 to 1. When completed and filled there will be a depth of 56 feet of water close to the wall and the lake that will be formed will cover 75 or 80 acres. At the present time there is about 42 feet of water in the lake.

From the dam the water runs into a cement forebay, which is fitted with four spillways. The forebay directs the current into the flume, which is protected by a heavy iron rack for the purpose of stopping logs and other debris. About 1000 cubic yards of cement were used in the construction of this forebay. The flume, which conveys the water from the forebay to the power house is 1950 feet in length. It is a large circular pipe 42 inches in diameter. For a distance of 1600 feet it is made of 3-in. V jointed pine, hooped every 7 or 10 inches with heavy iron rods. The other 350 feet is a heavy steel pipe made with an expansion joint to provide for expansion or contraction resulting from changes in temperature. For possibly three-fourths of its length the pipe runs with a fall of ¾ of an inch to every foot. Then there is quite a sharp descent to the power house. At the point where this commences the flume is fitted with a standpipe 26 feet in height for the purpose of relieving the pressure in case of a shut-off from any cause at the power house. From the surface of the water in the dam to the mouth of the flume there is a fall of 12 feet, from the mouth of the flume to the standpipe a further fall of 8 feet, and from the standpipe to the water wheels a drop of 119 feet, making a total fall of 139 feet. The fact that there is 68 lbs. of pressure to the square inch at the water wheels will give our readers some idea of the tremendous force which the pent-up current of water gathers in its descent.

The power house is a roomy, strongly built cement structure 36 by 48. The north side of the basement is divided into three chambers. In two of these water turbines have been installed, each capable of developing 300 horse power. Provision has been made for installing a third turbine of the same capacity whenever required, so that the plant is capable of developing 90 h.p.

The undertaking has been an expensive one, but those interested are confident that it will yield handsome returns. The Dufferin Light and Power Co. spent the largest part of $50,000 on the dam. When it was nearing completion a 30 foot section was washed out by a spring flood. An Owen Sound firm undertook to repair the damage and complete the dam for $15,000, but threw up the job in disgust. The new Pine River Light & Power Co. has spent another $25,000 or $30,000, so that the dam alone will have cost well toward $100,000 by the time it is finished.



The Secretary and Manager of this Company is Mr. T. H. Huxtable, of Orangeville, and the President is Mr. J. M. Kilbourn, of Owen Sound. Mr. Huxtable has lived in Horning's Mills and Orangeville for thirty years. He was born near Guelph and acquired some knowledge of milling in the Orangeville flour mill. He is a man of energy, determination and ability, and as the executive head of this power and light company is demonstrating the stuff of which he is made.

EDUCATIONAL EXHIBIT AT FALL FAIRS

Ontario Agricultural Dept.

Occupying a very prominent place among the educational institutions of the town, is the Dufferin County branch of the Ontario Department of Agriculture. This branch is in charge of the District Representative, H. A. Dorrance, B.S.A., and assistant, C. S. Nicholson, B.S.A., whose well appointed and commodious office is conveniently located on Broadway.

This branch, established in June,

MR. H. A. DORRANCE

1911, with the present representative in charge, is the carrying out of the scheme being adopted by the Department to carry the gospel of "Better Agriculture" to every farmer in the Province. The office provides a means whereby every farmer in the County may receive first-hand information and assistance on the various problems with which he may have difficulty. To reach every man, woman and child engaged in agriculture in the County with the knowledge of the most approved methods and the most up-to-date information regarding agriculture, and thus enable them to improve their conditions financially and socially, is the object of the Department.

The choice of a man to take charge

MR. C. S. NICHOLSON

of the carrying out of the work in Dufferin County has been a happy one. Mr. Dorrance is well qualified to fill the position in which he has been placed, having been brought up and thoroughly trained on a good stock and grain farm in Huron County, one of the best agricultural districts in the Province, and in addition to the practical training received, is a graduate of the Seaforth Collegiate Institute. For some time after leaving there he was engaged as a rural school teacher, but the attraction of agriculture proved too strong for him to remain in that line of work, and he went to the O. A. College at Guelph, where, after a very successful College course, he graduated as a specialist in Agriculture in June, 1911. During his College course Mr. Dorrance held many positions on various College Society executives. Among these were O.A.C. Students' Publishing Association, Literary Society, Poultry Club and Class Executive. In 1909 he was winner of the George Chapman prize in English, and in 1910 was a member of the Judging Team which represented the O. A. College at the International Live Stock Show at Chicago.

The assistant, Mr. Nicholson, is also a son of the soil. Born on a farm in Wellington County at Teviotdale, he has had many years experience in practical agriculture, has been connected with various farm organizations, and is a specialist in agriculture, having graduated from the Ontario Agricultural College in 1913.

In carrying out the important object of the Department, the work of the office falls into two distinct parts, the work conducted in the office itself and the outside field work. The office is well equipped with a liberal supply, for free distribution, of the latest bulletins and circulars on various lines of agricultural and horticultural work, such as live stock, fruit growing, vegetable gardening, insects, poultry, weeds, dairying, bee keeping, etc. A fairly complete reference library of agricultural text books by the best authorities, the current issues of the leading farm journals are at hand, for use at all times, by those desiring information. To the office come numerous inquiries for information by letter and telephone, and still a larger number by farmers coming to the office for consultation on various subjects and problems.

The field work of the representative covers many problems as well. A survey of existing conditions in the County has been made and special educational campaigns have been conducted along the lines requiring attention. Many sections of the County are low-lying, springy, and wet, and require underdrainage. The farmers have been taught to see some of the advantages to be derived from tile drainage, and numerous surveys have been made, fields laid out and many thousands of tile have been laid during the past two summers under the direction of the Representative, and this land is now proving a valuable demonstration of the benefits of underdrainage. Assistance in planning systems and instructions in the best methods of putting in these systems and doing the work is freely given, and the services of the office staff is much in demand for this work which, like all work done, is free.

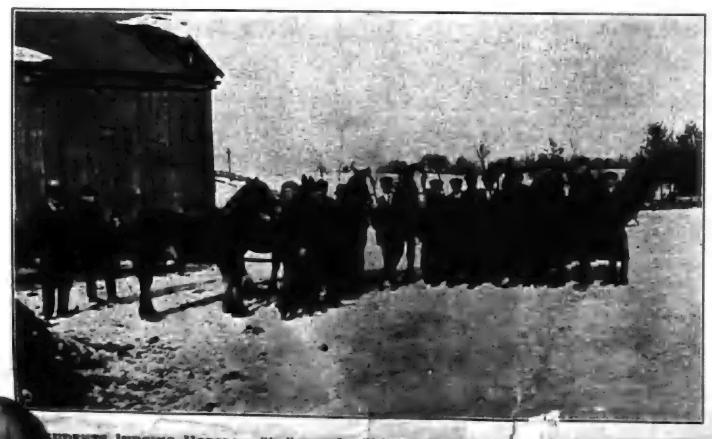
The apple growing industry has received a new lease of life. In 1913 two demonstration orchards were conducted in the County in co-operation with the Fruit Branch. These orchards were carefully pruned, sprayed and cultivated according to the most modern methods with excellent results.

Live Stock interests receive their share of attention in the holding of Special Short Courses in Stock Judging. These courses are held in various parts of the County and the best types of the most valuable breeds are placed before the farmers, and instruction given in the required types and in their care and management.

A very important feature in reaching the object in view is the work being done to interest the younger people in agriculture. Special two and four weeks' courses, open to young men, are held annually in various parts of the County, at which lectures and practical work upon the various problems of greatest interest to the County are given. Care and management of live stock, poultry, crop rotation, identification of weeds, weed seeds, insect and plant diseases, judging of live stock, grains, etc., are some of the features of these courses. These have been largely attended by interested and appreciative classes. In the rural schools of part of the County a new movement has been started, the Rural School Fall Fair, which has met with great success.

Special attention is paid to assisting and directing the work of the Agricultural Societies of the County. The Fairs are attended, and an exhibit of demonstration material is carried, and farmers are given an idea of the more important features as they appear. Stock Judging Competitions for men and boys are conducted, and these are quite keenly contested each year, as many as 18 to 20 competitors being on hand at the Fairs. A feature introduced this year among the boys taking the Short Courses in Agriculture in the County is the "Acre Profit Competition." The object of this competition is to determine the profit from an acre of land. The crop chosen in the County this year was potatoes. One boy has presented a signed statement showing a profit of $36.11 2-3 while another has shown a profit of $44.45. The winner in this competition will receive board and transportation to the two weeks' stock and seed judging at the O.A.C. in 1914.

The office has taken a special interest in supplying as many farmers as possible with farm help. Numerous applications have been received from farmers, and a large number of satisfactory laborers have been secured, and this number will be largely increased during the coming year.



It is impossible to enumerate all the many things the busy Representative finds to do. They are all means to an end, and the seed already sown is beginning to sprout and gives every evidence that in a very short time farmers in Dufferin County will be "making two blades of grass grow where only one grew before," and will have learned the great possibilities that are theirs.

M'MILLAN CLOTHING CO.'S STORE

CLASS OF YOUNG MEN IN AGRICULTURE, 1912

...UDENTS JUDGING HORSES. Similar work will be taken up at Sh... ...rse in February, 1914.

McMILLAN CLOTHING CO

Mr. W. C. McMillan, the senior member of this firm, began business on his own account in Orangeville in 1899, 14 years ago, in partnership with Mr. J.D. Torrie. Their place of business at that time was a small store almost opposite Mill St. For eleven years a successful and steadily expanding business was conducted under the firm name of McMillan & Torrie. A little over two years ago Mr. Torrie withdrew, and was succeeded by J. D. McMillan, and since then the McMillan Clothing Co. sign has replaced the old one. The present store is opposite the Queen's Hotel, and occupies two floors, 66 x 20 feet. Ready-to-wear clothing, men's furnishings, hats, caps, furs, are the lines carried here. The store does a big trade in ready-to-wear clothing, their goods being the manufacture of the best firms in the business of clothing making in Toronto and Montreal. The store is agent for Lowndes' 20th Century Clothing— a very much advertised article. These garments are ordered from sample only, and perfect satisfaction is guaranteed.

In the furnishings department a select assortment of every requisite is to be found, including such popular makes of hats as the King and Borsalino. Two beautiful hat racks contain a fine display of headwear.

A large stock of clothing is neatly handled for quick display on tailors clothing racks, which economize greatly in floor space, displaying the clothing to the best advantage, and prevent the creasing and getting out of shape that was unavoidable when the goods were stacked on shelves or tables. Handsome silent salesmen display an attractive choice of neckwear, gloves, etc.

Taking it all in all, this is a well-furnished and excellently managed store, which the public appreciate.

Mr. McMillan was born in Hillsburg, and gained merchandising experience in that place with Messrs. Donaldson & Carmichael. He came to Orangeville in 1896, and was with Marshall Green & Co., for three years.

Mr. Harry Reid has been with this business since its inception, and has become a strong personality in the store, where he has made hosts of friends.

RITCHIE BROS.

Ladies' Goods, Silks, Millinery, Etc.

Fire is a good servant but a bad master, and in its masterful way in July last it pretty nearly cleaned out the stock in the store of Ritchie Bros., north side Broadway, besides damaging the store. The intervening months have been spent in disposing of the salvage, in repairing and refitting the building, and in putting in what is practically a brand new stock of ladies' ready-to-wear goods, furs, dress goods, silks, millinery, housefurnishings, groceries, etc. The store, therefore, is to-day a place of beauty, freshness and completeness of stock—a most inviting resort for shoppers of the fair sex.

Mr. F. W. Ritchie is the proprietor of this store. The business had its inception here in 1900, the brothers Ritchie being associated. The firm name remains the same to-day. Mr. Ritchie is interested in two other stores also, one at Erin, in which Mr. W. Ramesbottom is a partner and is the manager; another at Dundalk, of which Mr. Ridley is manager. Mr. E.H. Besley is head salesman of the Orangeville store, and has been here for five years. Mr. Ritchie is an Orangeville boy, his father being the late Robert Ritchie. The motto of the Ritchie Bros. store in the years gone by was "The store that never disappoints." The policy represented by this phrase is lived up to to-day to the best of the firm's ability, and a large patronage is enjoyed.

The millinery department of the store is in charge of Miss E. Brooks, late of Bobcaygeon, an accomplished milliner.

The very finest goods are found in the stock of ladies' furnishings. From present premises, which a year ago he had renovated at a cost of $1,000. This is now a prettily-decorated store, with well-dressed windows constantly inviting the shopper.

Mr. Torrie's business is that of caterer to the clothing needs of men. From "the crown of the foot to the sole of the head," as Pat might say, excepting boots and shoes, Mr. Torrie clothes men of all sizes and shapes and complexions. Mr. Torrie himself is a practical tailor, and does the cutting of all ordered clothing, which is made up in a large workroom at the rear of the store, five clerks and tailors being employed. A splendid stock of cloths for suitings is on the tables and shelves, and to name but one, a beautiful blue or black serge, made up into a natty suit at $22, gives an inkling of the values. Imported serges and Scotch tweeds are here in profusion. The Progress Brand ready-to-wear clothing for men is represented in Orangeville by Mr. Torrie, and if one wants this sort of suit, this brand is one of the best.

Most men are particular about their hats, and in fine hats this store has a good choice of fashionable makes. The Phit-eesi, an English hat, is popular this year.

If a man wants something in furs, he can get either fur or fur-lined coats at this store—if he has the price.

Since establishing this business there has been a steady and substantial growth, and Mr. Torrie is well satisfied with the result, but is, of course, aiming to reach more men with more furnishings as each year passes.

Mr. Firth has been Head Master here for about three years, and is assisted in his duties by a staff of lady teachers. Previous to coming to Orangeville he had long experience teaching in rural schools, and was Assistant at the Durham Model School. He holds a certificate from the School of Musketry, also a Lieutenant's commission in the Corps of School Cadets. The corps in connection with the school has a membership of seventy.

Mr. Firth takes an active interest in church matters, and participated in the recent Missionary Conference held in Orangeville. He is a Mason and Orangeman, and a member of St. Mark's Church.

J. D. TORRIE

Clothing, Tailoring, Gents' Furnishings

Very well known in Orangeville and surrounding country is Mr. J.D. Torrie, the tailor and gents' furnisher. His business experience dates back 13 years in this town, he having in 1900 gone into partnership with Mr. McMillan, under the firm name of McMillan & Torrie. Two years ago Mr. Torrie withdrew from the firm and purchased the Andrew Hill tailoring business, and took possession of his present premises, which a year ago he had renovated at a cost of $1,000. This is now a prettily-decorated store, with well-dressed windows constantly inviting the shopper.

Mr. Torrie's business is that of caterer to the clothing needs of men. From "the crown of the foot to the sole of the head," as Pat might say, excepting boots and shoes, Mr. Torrie clothes men of all sizes and shapes and complexions. Mr. Torrie himself is a practical tailor, and does the cutting of all ordered clothing, which is made up in a large workroom at the rear of the store, five clerks and tailors being employed. A splendid stock of cloths for suitings is on the tables and shelves, and to name but one, a beautiful blue or black serge, made up into a natty suit at $22, gives an inkling of the values. MR R. J. BENNETT

GRAND CENTRAL HOTEL

R. J. Bennett, Prop.

The name "Grand Central" has been associated in the minds of the traveling public for many years with first-class hotel accommodation in Orangeville. It is over half a century since this hotel opened its doors to the public. It was at one time known as the Elgie House, but the name was changed fifteen years ago to Grand Central.

GRAND CENTRAL HOTEL

The hotel is a commodious one, having 32 bedrooms, six sample rooms, three sitting rooms, a large and handsome dining room, and shed and stable accommodation for about 150 horses. The house is modernly furnished, and is a most comfortable and homelike hostelry. The building is of brick, three stories, as the engraving shows, and is the first hotel east of Mill street on the south side of Broadway.

The present proprietor, Mr. R. J. Bennett, assumed control of the Grand Central in August last. Mr. Bennett had conducted the Woodbine Hotel, Toronto, for a year before taking over this house. For several years he was a "drummer" on the road, and from his experience as a guest of hotels he acquired a knowledge of how to cater to the needs of guests. Hence the service at the Grand Central is very up-to-date and satisfactory. Mr. Bennett is attentive to the needs of his guests, and makes them feel quite at home. The cuisine of the hotel is of the first-class, and leaves little to be desired. Under Mr. Bennett's management the Grand Central should prosper.

T. A. CARSON, M.D.

Dr. T. A. Carson, one of Orangeville's young medical practitioners, was born in Mono Township on January 1, 1878. He attended the High School in this town, and later entered Toronto University from which seat of learning he graduated in 1903 with the degree of M.B. He spent his first year of practice at the Muskoka Cottage Sanitarium as assistant physician. In 1904 he hung out his shingle in Orangeville.

While at the High School here he was captain of the H.S. Football team, and he still loves the game. Dr. Carson is an enthusiastic bowler, and is Vice-President of the Orangeville Bowling Club. He has been Gaol Surgeon since 1908. He is something of a Society man, being Senior Warden of Harris Lodge A.F. & A.M. He has been a member of the Public School Board for three years, and is at present Chairman.

After all, there is no dog like a good dog.

Bingham's Airedales are bred for size, bone, coat, gameness and strength. Descent direct from famous champion sires of England and America.

The proposed electric railway scheme from Hespeler to Georgian Bay was endorsed at a meeting in Guelph of representatives of twenty-five municipalities.

A 13 years old boy shot a buck deer weighing 185 pounds in Nassagaweya, about four miles from Milton, a week ago Friday. An information has been laid against the lad.

A freak of nature in the shape of a black rabbit was shot in the woods at Morrisburg and sent to Toronto for mounting. So far as known this is the first of that color ever seen.

Donald McDermid, Farewell, while catching a horse that was loose in the stable, was kicked by another horse on the knee so hard that the knee was bent inward and the ligaments badly torn.

James Burns, of Clinton, was honorably acquitted of a charge of subornation of perjury. He was alleged to have asked two minors to say they had been served with soft drinks, and not liquor.

George Pilkie, a Sarnia township farmer, was awarded $125 damages against the Bell Telephone Co. because the instrument was out of order when he wanted to use it to call a vet. for a sick horse, which died.

The engagement is announced of Miss Laura A. Whittaker, daughter of Mr. and Mrs. Richard Whittaker, Flesherton, Ont., to Mr. Herbert F. Schmietendorf, Paisley, Ont. The wedding is to take place late this month.

The Mt. Forest Women's Institute has purchased a fine new Gourlay upright piano at a cost of $340. The piano is for public use at a moderate rental to help pay for same and will be placed in the town hall for use this winter.

A nasty accident happened to Mr. Will Clarridge while working in Berkeley saw mill, when a piece of timber flew off a saw near which he was working and struck him a violent blow on the back of the head, rendering him unconscious.

Brampton Hungarians kicked up another serious disturbance in Mike Herzog's boarding house a week ago Sunday night. Tom Gros, one of the offenders, was fined $50 and costs and Steve Cerosky was asked to contribute $5 and costs, amounting altogether to $14.75.

Already ninety contracts for 20 years, for a Niagara power service have been secured in Grantham township, but ninety-eight more are required to justify the installation of the service, when the rate will be 4½ cents per k.w. hour, and $2 service charge monthly.

TIRED-OUT KIDNEYS.

Kidney troubles are so frightfully common because the kidneys are so easily upset by overwork or excesses of eating and drinking. Curing is effected not by whipping them on to renewed effort, but by awakening the action of liver and bowels by the use of Dr. Chase's Kidney-Liver Pills. This rests the kidneys and makes them well. Backache and urinary disorders then disappear.

Out of an estate valued at $9,814.96, Mrs. Elizabeth McKenzie, of Goderich, who died on September 24th, left $6,109 to churches and church work etc. As she also bequeathed $5,000 to relatives, all the beneficiaries will receive a pro rata share of the real estate.

The Principal and assistant teachers of Brampton public school have been reengaged for 1914 at the following salaries:—Thomas McHugh, principal, $1,175; Misses Fallis, Kirkwood, and Wilson, $575 each; Misses Taylor, Reynolds, Magee, McClure, Peaker and S. Taylor, $550 each.

P. Munshaw, of Eugenia, engaged a young man to attend to his guests this year while he was away on his huntin trip. The employee was so indiscreet as to supply liquor to an Indian lister and thereby subjected himself to a fine of $100 and costs. Mr. Munshaw paid the shot on his return home.

Mrs. Mary Connor, of Walkerton, has been awarded $2,500 against Brant Township, Bruce County, for the death of her husband. Connor was killed in an auto accident, and the bad state of the roads was the cause. Mr. Justice Lennox finds that the township people had neglected to repair the roadway.

The residence of Mr. and Mrs. A. J. McCubbin, of Bolton, was the scene of a quiet wedding on Wednesday, Dec. 10th, when their eldest daughter, Nellie, was united in marriage to Mr. W. C. Etsell, of Toronto. The ceremony was performed by Rev. Mr. St. John, the bride wearing her travelling suit of navy whipcord. The groom's gift to the bride was a set of Persian lamb furs.

The largest baby probably ever born in Bruce County, saw the light of day recently at the famous Oliphant summer resort and weighed exactly 19½ pounds, and the proud father is the Rev. Mr. Damard, who, at the age of 82, must be a man after ex-President Roosevelt's own heart. Seven years ago Mr. Damard was married for his second time and has since a happy family of four children.

Christmas at Camilla.

St. Andrew's Church, Camilla, will hold the usual Christmas night entertainment this year. The program will include the Play, "My Old New Hampshire Home," which will be put on the boards by The Camilla Dramatic Club. Further particulars later.

Cash for Coal

Lathwell & Son, coal and wood dealers, have decided to adopt the cash system, commencing on January 1st, 1914. On and after that date credit will not be given and all orders will be filled on the understanding that they are to be paid for as soon as the coal or wood is delivered. Customers who owe accounts are reminded that the firm will expect to have these settled on or before the New Year.

Story of Jean Val Jean

Rev. Dr. Cleaver, M.A., B.D., the gifted pastor of Central Methodist Church, Toronto, will tell the thrilling story of Jean Val Jean at the annual Christmas entertainment of Charleston Methodist Church on Christmas night. Jean Val Jean is generally regarded as the master work of Victor Hugo, the great French author, and the story as told by Dr. Cleaver will hold any audience in rapt attention. Dr. Cleaver gave this address to his own Sunday School in Trinity Methodist Church no less than five times and there are people in Toronto, who have heard the address no less than nine times. The entertainment, which will be held in the church, will begin sharp at eight o'clock. Admission 25c and 15c.

Hydro Electric rates will be reduced in a dozen places, including Hamilton, London, Guelph and St. Thomas. A new circuit is also to be formed from the Falls to Dundas and on to London and St. Thomas.

When it comes to what is correct in young men's natty Overcoats around $12, $15 to $18 McMillan Clothing Co is without doubt the place to head for.

Richard Taylor, of South London, has lost the power of speech completely as a result of an apparently slight injury sustained in a fall on a slippery sidewalk. The portion of his brain governing articulation has been paralysed.

BANK OF HAMILTON

Capital Paid Up $3,000,000. Reserve $3,750,000. Total Assets Over $48,000,000.

The Saving Habit

MANY people who are earning less than you, and whose necessary expenses exceed yours, have been saving for years and now have snug and comfortable bank accounts. Systematic saving was the foundation of many a large fortune.

It is a habit that is easily acquired, affording more satisfaction and offering larger rewards than any other habit that you could form.

You can open an account in this bank with one dollar, and every six months your savings will be credited with the highest current interest.

A NOTABLE RECORD

A weekly report of the Department of Trade and Commerce at Ottawa has received, and gives the official figures with respect to the number of cars of grain and total quantities inspected at Winnipeg and other points in the western division. For the month of September as compared with the same period in 1912 the increases are very remarkable. For the month no less than 25,786,125 bushels of wheat were inspected as compared with 5,574,950 last year. The increase is 20,211,175. Of oats the increase was 3,767,710 and of barley 2,458,100. Flax showed an increase of nearly half-a-million bushels. The reported figures are given below:

	Month of September, 1913.	Month of September, 1912.	Increase.
Wheat—			
Cars	22,921	5,186	17,735
Bushels	25,786,125	5,574,950	20,211,175
Oats—			
Cars	2,281	358	1,923
Bushels	4,447,950	680,200	3,767,750
Barley—			
Cars	2,151	282	1,869
Bushels	2,796,300	338,200	2,458,100
Flax—			
Cars	554	127	427
Bushels	581,700	127,000	454,700
Screenings—			
Cars	36		36
Bushels	36,000		36,000
Total—			
Cars	27,943	5,953	21,990
Bushels	33,648,075	6,720,350	26,927,725

Increase 270 per cent. —Financial Post.

With such an increase in the crop of the country, real estate must advance rapidly. If you want to share in the profits BUY NOW. I have some well located lots for sale that will increase in value very rapidly.

ARCHIVES OF ONTARIO TORONTO

THE BANNER

THE BANNER, DEC. 18th, 1913.

THE HOUSE OF REFUGE QUESTION.

At the special meeting of Dufferin County Council last February Warden Bryan quoted figures showing the annual cost of maintaining Houses of Refuge in 29 Ontario counties and also submitted an estimate of the annual cost to the ratepayers of this county of each of the four alternative plans that the County Council had under consideration at that time. The correctness of these figures has never been seriously disputed and because of this and of the light which they throw upon the House of Refuge question they have a special interest for the taxpayers of the County at the present juncture.

Mr. Bryan's figures, which were compiled from the government report for 1911, showed that in these 29 counties the average cost of House of Refuge buildings, after deducting government grants, was $30,369.00, that the gross cost of maintenance per county was $6,235.00 and that the average raised by direct taxation in each of the counties was $5,163. His figures relative to the yearly cost of the four plans under consideration for Dufferin County were as follows :—

Cost yearly if sent to Wellington :	
20 indigents for 52 weeks at $3.00 per week	$3,120
Cost of conveying them to Fergus, say	50
Burial expenses during year, say	50
Total annual cost	$3,220
Cost per year if we unite with Peel Halton.	
Third cost, say, $12,000 at 5 per cent	$ 600
Maintenance same as Halton	2400
Total annual cost	$3000
To buy land and erect House of Refuge, cost same as average in 29 other counties	$30,369
Interest on money invested at 5 per cent.	1,518
Maintenance same as Halton	2,400
Total annual cost	$3,918
To erect building on the county grounds in connection with present gaol building, cost	$10,000
Interest on $10,000 at 5 per cent	500
20 inmates at $1.25 for 52 weeks	1,300
Total annual cost	$1,800

These figures show very conclusively that an independent House of Refuge and farm would at the outset cost the taxpayers three times as much as the proposed addition to the present county buildings. They also show that on the top of this huge outlay, there would be an annual maintenance charge of almost $4,000, over twice the annual cost of maintenance in the case of the addition to the county buildings. Either plan has been pronounced satisfactory to the Provincial authorities and the matter therefore resolves itself into a simple question of cost.

WHITE WINS

Mr. Justice Britton Gives Judgment for Defendant in Suit Over Western Land Deal.

Mr. Justice Britton gave judgment last Friday in the suit of Menary vs. White, which was tried at the Fall Assizes here a few weeks ago. The action was brought by Lewis Menary and Dr. G. I. Campbell, of Grand Valley, against J. J. White, of Orangeville, for $2500 damages for alleged fraud and misrepresentation in connection with an Alberta land deal. The evidence at the trial, when a large number of witnesses were examined, was strongly in favor of the defendant. In dismissing the action, the learned Judge states that it was clearly established by the evidence that the location of the land was good and that the section as a whole was admirably adapted for mixed farming.

Judgment.—This action is founded upon fraud. Rescission is not asked, but damages because of the misrepresentation as to the value and character and condition of the land. There was haste and Menary joined in the hurry. I do not think there was fraud. I am not able to find upon the evidence that all the representations alleged by the plaintiffs to have been made by defendant were in fact made and I cannot find that the representations actually made by the defendant were either false to the knowledge of the defendant or recklessly made by him not knowing or caring whether these were true or false. It was, however, clearly established that the location was good and that the section as a whole is admirably adapted for mixed farming.

Action dismissed with costs, save and except costs of commission and the evidence taken thereunder. These costs should not be allowed to the defendant. Thirty days' stay.

The Provincial Police discovered fifteen pounds of opium in the cellar of J. Urquhart, druggist, Oakville. Urquhart was fined $400 and costs. It is believed by the police that he has been supplying Chinamen of Toronto with the contraband drug.

Wm. J. Fell, formerly of Keldon, who sold his property there a year ago and moved to Little Woody, Sask., has returned to Ontario and is now living at Riverview. Mr. Fell took up a claim and had his house and outbuildings nearly completed when they were destroyed by a cyclone. He intends to purchase another farm in Ontario and remain here.

THE TOWN COUNCIL.

Big Batch of Accounts Passed on Monday Night.

Officials Appointed for Coming Municipal Elections.

The Town Council held its December statutory meeting on Monday night. There was a heavy grist of business and it was late at night when the Council adjourned. A large number of Corporation accounts were presented and were dealt with as follows :—

Passed— Jas. A. Patterson, $9 ; Robt. Wilburne, 75c ; Robt. Ferns, $5.25 ; Wm. Cruikshank, $2.05 ; T. G. Porter, 70c ; J. Smith & Co., 25c ; Gillespie Bros., $4.15 ; C. C. G. Hannah, $1.95 ; Lathwell & Son, $48.05 ; Adamson Hardware Co., $10.10 ; Fuller, Allen & Holmes, 50c ; S. A. McCartney, $4.05 ; D. Hunter, $27.50 ; Robert Allen, $3.05 ; O. Harmon, $6 ; Thos. Campbell, $5.44 ; W. O. Thomas, $15.84 ; John Hammond, $2.05 ; Wesley South, $7.25 ; John McKim, $2.21 ; J. M. Rowan, $33.41 ; James Gough, $12 ; Hughes & Norris, $38 ; McGuire & McKitrick, $45.75 ; Wm. Marshall, $15 ; A. A. Hughson, law costs, $52 ; Wise Bros., 60c ; A. A. Hughson, $18 ; Francis Irwin, $17 ; Dufferin Post, $18.

Referred — Wm. Dedrick, $14.50 ; Wm. McConnell, $127.95 ; Joe. H. Hughes, $14 ; Waterous Engine Works, $15.29 ; Armstrong & Robinson, $43.15 ; Bell Telephone Co., $1.60.

A communication from The Daughters of the Empire asking for remission of the taxes on the Hospital was referred to the Court of Revision. A letter from Dr. James Henry asking Council to remit the taxes on the house occupied by Mrs. Niffen was also referred to the Court of Revision.

J. M. Deagle wrote the Council asking if the old boiler in the fire hall was for sale and at what price. The inquiry was turned over to the F. & W. Committee.

Collector A. E. Annis submitted a statement showing $2300 of uncollected taxes.

The Salvation Army asked for and was given twelve of the old seats in the Town Hall.

P. M. Pattullo submitted a statement of the unpaid fines for 1913.

The Property Committee was instructed to meet the Charity Society and make arrangements as to the manner in which the $100 which the latter is granting toward the improvement of the Town Hall is to be expended.

On motion of Councillor Holmes the Clerk was instructed to write the Hydro-Electric Commission and ask it to send along its Electric Inspector and to give public notice beforehand of the date of his coming.

The Town Clerk was instructed to advertise an application to the Legislature for a special Act confirming the Dods by-law and to take the necessary steps to secure the passing of such an Act.

A motion was put through authorizing payment to Harry May of the balance owing him on his contract for the roofing of the town hall with the exception of $100 which is to be retained until the Property Committee is satisfied that the roof is waterproof.

The Clerk was authorized to issue an order to Reeve Fairbairn for $35, the amount of the grant on West Broadway.

The Property Committee was instructed to have the new seats placed in the Town Hall as soon as they arrive. The committee was also empowered to sell all unused material belonging to the Hall.

By-laws were put through appointing Deputy-Returning Officers and providing for the nomination of Mayor, Reeve, Deputy-Reeve, Councillors and Public School Trustees. The polling places, deputy-returning officers and poll clerks are as follows :—

West Ward—Wm. Cruikshank's shop —Jos. J. Kelly, D.R.O.; R. B. Henry, poll clerk.

North Ward—Town Hall—T. J. Bennett, D.R.O.; Alan Goodeve, poll clerk.

East Ward—Wm. McConnell's store —Jas. A. Patterson, D.R.O.; Wm. Watt, poll clerk.

South Ward—Fire Hall—John Howard, D.R.O.; James Hayes, poll clerk.

Enclosed $20

Reeve Bryan, of Amaranth, received a surprise the other day in the form of an unsigned letter containing $20, which the writer who subscribes himself "An Old Pioneer" asks to have placed to the credit of the townships of Amaranth and East Garafraxa. The letter which bears an Orangeville postmark reads as follows :—

November 28.

Mr. John Bryan

Dear Sir :

Find enclosed $20 of township money. Please give $10 to East Garafraxa and $10 to Amaranth township.

Yours truly
An Old Pioneer.

Institute Meetings

Farmers' Institute meetings will be held in Dufferin County next January as follows :—

Wednesday, Jan. 7th—Jessopville, afternoon ; Keldon, evening.

Thursday, Jan. 8th—Riverview, afternoon ; Corbetton, evening.

Friday, Jan. 9th—Orange Hall, Violet Hill.

Monday, Jan. 12th—Granger, afternoon ; Mono Centre, evening.

Tuesday, Jan. 13th—Camilla, afternoon ; Whittington, evening.

Wednesday, Jan. 14th—Bowling Green.

Thursday, Jan. 15th—Workmen's Hall, Honeywood.

Friday, Jan. 16th—Orange Hall, Perm.

Saturday, Jan. 17th—Rosemont.

The District Representative of the Department of Agriculture is also arranging for a series of special meetings at Grand Valley, Hornings Mills, Laurel and Marsville.

162 BARROOMS UNDER AXE

Fight in Fifty-Six Municipalities.

Sixteen Places Out of Possible 223 Are Voting on Repeal Contests.

Number of municipalities in Ontario	835
Number of municipalities now dry	502
Number of municipalities now "wet"	333
Number of by-laws defeated by the three-fifths clause	123
Three-quarters of Ontario has voted "dry," with 123 held up	625
Population under "wet" law	1,432,772
Population under "dry" law	1,090,502
The Attack in January.	
Number of barrooms to come under axe	132
Number of municipalities voting upon the local option by-law	56
List of municipalities voting upon repeal by-laws	16
Number of possible repeal contests	223
Total number of "dry" and "wet" fights to be finished by the vote in January	72

One hundred and thirty-two liquor licenses are under the sharp edge of the axe, which will fall in the way of a vote on the first Monday in January, 1914, and as the result 72 municipalities throughout the province are in the throes of one of the hottest fights for temperance that has ever been waged in Ontario.

The Ontario branch of the Dominion Alliance with all its local organizations is leaving no stone unturned to hand the discontinuation papers to the barroom. They are being aided this year by the new society, the Ontario Young Manhood Association which has for its slogan a button on which is inscribed "No Booze."

Three big attacks are being made in Sault Ste. Marie, Barrie, and Cobourg. In the Soo there are fourteen licenses with a population of 10,984. There are eleven licenses in Barrie, while the population is placed at 6,420. Cobourg has twelve licenses with a population of 5,074.

The town of Napanee is also in the big firing line. There are eight licenses there, while the population is hardly over 2,500.

The following are names of towns and municipalities and number of licenses in each : City of Sault Ste. Marie, 14 ; Towns : Arnprior, 7 ; Aylmer, 3 ; Barrie, 11 ; Brampton, Brockville, 3 ; Cobourg, 12 ; Meaford, 3 ; Napanee, 8 ; Paris, 5 ; Tillsonburg, 4 ; Wiarton, 4.

Villages—Burlington 2 ; Delhi, 2 ; Grand Valley, 3; Kemptville, 2; Lanark, 2 ; Marmora, 3 ; Morrisburg, 3; Port Rowan, 2 ; Springfield, 1 ; Woodbridge, 2 ; Richmond, 1.

Townships—Albemarle, 1 ; Alnwick, 1 ; Bastard and Burg's; Bayham, 4 ; Bexley, 2 ; Dunn, 1 ; Flamboro W., 2; Flos, 4 ; Georgina, 4 ; Kitley, 3 ; Lancaster, 1 ; Mara, 2 ; Marmora and Lake, 1 ; Matilda ; Puslinch, 2 ; Ross ; Scarboro', 4 ; Tay, 1 ; Walsingham.

In the following places a vote on repeal is being taken. The figures give the population :

Towns — Alexandria, 2,323 ; Bracebridge, 2,776.

Villages—Bobcaygeon, 1,000 ; Lancaster, 624 ; Maxville, 759 ; Newburgh, 465 ; Tweed, 1,369.

Townships — Charlottenburg, 4987; Dysart, 1,381 ; Hawkesbury West, 1,899 ; Kenyon, 4,330 ; Lochiel, 4,392; Oxford, 2,503; Roxborough, 4,395 ; Tilbury West, 1,744.

A FATAL ACCIDENT

Richard Silk, of Shelburne, Met With Sudden Death at Crombie.

Richard Silk, of Shelburne, met with almost instant death at Crombie Station about 10 o'clock on Wednesday forenoon of last week. The unfortunate man, who was employed in O'Flynn's grain elevator, had jumped on the ladder of one of the cars of a northbound freight that was pulling out of the station yard for the purpose of riding up the line as far as Mr. Isaac Sproule's, where he intended to do some telephoning. When he reached the crossing about 300 yds. up the line, he either jumped or else fell off, and his head struck one of the rails so violently that the blow caused almost instant death. deceased, who was a son of Mrs. Henry Silk, is survived by a widow, two sons and three daughters. The sons and daughters are : Mrs. Bert Trotter, of Peterboro, formerly of Orangeville ; Mrs. Alonzo Parsons, Violet Hill ; Melville, Miss Reta and Carman at home. William and Robert Silk, of Shelburne, and Harry Silk, of Muskoka, are brothers. The remains were conveyed to Shelburne, where an inquest was held by Dr. S. T. White, coroner.

The sad death was a great shock to the people of Shelburne and vicinity and much sympathy is expressed for the bereaved family and friends.

Defendant Got Judgment

Judge McGibbon, of Brampton, held Court here on Tuesday to hear the evidence in an adjourned Division Court suit between Jas. Clarke and Robt. A. Stubbs, Caledon farmers. Clarke brought suit to recover $63 on a promissory note for $105, which he alleged Stubbs had given him as a renewal of another note. The defendant swore that the note was given for accommodation. Judgment for defendant without witness fees. A. A. Hughson for plff.; C. R. McKeown for deft.

The engagement is announced of Margaret Edna, eldest daughter of the late John McClure, of Grand Valley, and Mr. J. Arthur Morgan, of Edmonton, Alberta. The marriage will take place at the home of the bride, Manville, Alta., on 23rd December.

CHILDREN'S AID SOCIETY

Mr. J. J. Kelso Addressed Meeting in the Public Library Auditorium.

A meeting of the County of Dufferin Children's Aid Society was held in the Auditorium of the Carnegie Library on Tuesday afternoon at 2 o'clock to hear an address by Mr. J. J. Kelso, Superintendent of the Ontario Department for Neglected Children. Police Magistrate Pattullo presided in the absence of His Honor, Judge Fisher. A letter of apology was read from the Mayor who was out of town, but whose interest in the work of the Society is very keen. The minutes of the Organization Meeting were read by the Secretary, Rev. G. W. Tebbs, and adopted. Mr. Tebbs stated that he had received an Order-in-Council authorizing the Society to act where necessary in the interests of the children of the County. Mr. Kelso then gave his address, which was splendidly illustrated by lantern slides. He showed the good work which is being done by the various Children's Aid Societies throughout the Province, and some of the views showing contrasts in the appearance before and after reclamation were very striking.

Mr. Kelso called special attention to recent legislation regarding children being on the streets after nine o'clock. He urged legal action being taken to secure its observance. It is unlawful for any boy or girl to be on the public streets after nine o'clock if they are under the age of sixteen and unaccompanied by their adult friends.

A hearty vote of thanks was given to Mr. Kelso for his address, and it was decided to make the membership fee in the Society one dollar a year. This amount is to cover the expenses of the work of the Society, together with the help of the local and County Councils. Rev. G. W. Tebbs was authorized to visit Grand Valley and Shelburne in the interests of the County Society at a time convenient to himself, accompanied by Crown Attorney McKay and any others he may deem advisable to have accompany him. Rev. Father Egan and Mrs. Tuck also addressed the meeting.

Donations and subscriptions to the work of the Society may be sent to the Secretary.

—Methodist and Presbyterian Hymnals, English Church Prayer Books, Bibles and pocket Testaments in all sizes and bindings at The Banner Bookstore.

ROBT. J. MILLS,
22-3t. Alliston, Ont.

TO OUR PATRONS

We herewith beg to announce that on and after Jan. 1st, 1914, this business will be conducted on a

Strictly Cash Business

Owing to the existing and unprecedentedly high prices in the beef market and as the future promises no downward tendency, we believe and feel that by adopting the above mentioned system both buyer and seller will be benefitted. The purchasing power of a cash dollar is always greater than that of a credit one.

It is also our wish to hereby express our longfelt appreciation and thankfulness to our many friends in Orangeville and surrounding country for their valued patronage during the 38 years of our business career.

Believing that this readjustment of business methods will prove of great benefit to all concerned, we beg to remain,

Yours Truly
Thos. Wright & Son.

FARM FOR SALE.

162 acres, being Lots 281, 282 and 283, 1st Con., S.W., T. & S. Road, Melancthon, on Gravel Road, one mile north of Melancthon Station. About 75 acres cleared; new buildings and good well with windmill. Only a small payment required, and terms easy. Apply to

S. SAWDEN,
1612 Queen St., West,
Toronto,
or see James Hammond,
Melancthon P. O.

CHANGE OF OFFICE.

Dr. Carson has removed his office from his residence to T. J. Brown's drug store, where he will now be found during office hours. Night calls should, however, still be sent to his residence. 14-4t

Phone numbers : Office, 9 b ; residence, 36.

FOR SALE CHEAP

LOT 9, BLOCK 2, PLAN 195, in South Ward of the Town of Orangeville. On the property there is a good brick house, 1½ stories high, 7 rooms, and frame woodshed, a frame stable and a lot of small fruit. The town water is in the kitchen and there is a good cistern at the door. For particulars apply to T. G. Legate, Orangeville, or to E. T. or Robt. Barbour, R. R. No. 2, Erin, Ont.

MELANCTHON.

December has certainly been a very beautiful month so far, many of the farmers being still working out in the fields most of the time.

Since our last budget was written for The Banner, another of the old esteemed residents of Melancthon has passed away in the person of Mr. Michael Callaghan, who had been a constant sufferer from rheumatism for about 20 years. Mr. Callaghan was a blacksmith by trade and was considered one of the best at his trade in his day. He leaves a wife and an only daughter. Miss Mary Callaghan, who have the deep sympathy of the entire neighborhood in their hour of bereavement. The funeral took place to the R. C. cemetery here.

Municipal matters are beginning to boil up as nomination day approaches. Several changes are expected to take place. Quite a number are anxious to see Deputy-reeve R. J. Cornett in the field for the reeveship, but the greatest change may be looked for amongst the councillors as there are quite a few new aspirants.

A Court of Revision is to be held in the Town Hall here on Wednesday of this week to consider appeals against the by-law for reconstructing the drain from one mile north of here through the south-western part of the township.

Stables for the horse artillery erected at Kingston last year, are in the wrong spot and will be sold, with the land, to the Montreal Transportation Co.

ROSEMONT.

At time of writing we are enjoying beautiful weather.

Most of our young people intend taking in the Box Social in L.O.L. No. 9 hall on Friday evening.

Mr. Carr, of Alliston, finished the carpenter work of Mr. John Murphy's house last Saturday and it is now ready for the painters.

Mr. and Mrs. Geo. Connor are home from the West and intend spending the winter with friends here.

Mr. Ernest McNabb, who spent the past few weeks with Toronto friends, has returned home.

Miss Annie Moore spent Sunday at Mr. H. Hunter's.

Miss Ethel Little is visiting Essa and Cookstown friends.

Mr. and Mrs. Anderson, of Toronto, are at present visiting Mr. and Mrs. Wm. Ludlow.

Mr. Alfred McNabb spent a few days in the Queen City last week.

Mrs. Joseph Murphy and her daughter, Mrs. James Rose, who have spent the past two weeks with Owen Sound and Kilsyth friends, have returned home.

Quite a number from around here intend taking in Robt. Smith's sale on the 19th and S. H. Bennion's on the 18th.

Our teacher, Miss McDowell, is sick with the cold this week.

We wish the Editor and staff of The Banner a Merry Christmas.

—Books on Scoutcraft are now on sale at the Banner Office.

ALTON.

The concert given on Wednesday evening, Dec. 10th, under the auspices of the Ladies Aid Society of the Presbyterian Church attracted a very appreciative audience. An excellent programme was furnished by the two Toronto artists, Miss Birdie Smith, soloist, and Miss Mildred E. Day, elocutionists. The entertainers are both gifted and displayed more than ordinary versatility in their selections. Miss Florence Limebeer performed the duties of accompanist and Rev. Dr. Armstrong occupied the chair.

Mr. James Algie, of Alton, visited friends here on Tuesday.

The staff of the Sterling Bank here report a large increase in the amount of township taxes paid in to the Bank this year. An extra 5 per cent. was added to all taxes not paid in by Monday, Dec. 15th.

The Presbyterian Sunday School will hold an entertainment on Monday evening next, Dec. 22nd.

Mr. Fred Bill is preparing to build a two storey brick house, 25 feet square, next season. The foundation for the cellar has been excavated and Denny Bros. are putting in a well. Mr. Hill has sold his present dwelling to Mr. Wm. Algie, who will convert the building into a double tenement house.

Automobilists from Guelph and other points have formed the habit of crossing to the Centre Road via Cataract in order to take advantage of the fine government road into Toronto.

MONO MILLS.

Those who patronize entertainments provided by local talent will have something good to choose from as the time comes around to the holiday season again. The first on the list is the concert in connection with the Presbyterian Sabbath School on Friday evening, the 19th inst., when the children and young people will present a good programme of choruses, recitations, drills, vocal and instrumental music etc. Lunch will be served for the children in the Presbyterian hall from 6 to 7 o'clock and the programme will be given in the English Church hall commencing at 7.30. Admission, adults 25c; children free.

The next in order is the entertainment is connection with the English Church Sunday School on Tuesday evening, the 23rd inst., to be held in their own hall adjoining the church. Those who have charge of this entertainment are taking a departure from their usual custom and are preparing the "Missionary Mock Trial" taken from the Missionary Bulletin, published in Toronto. In this recital the Church is placed on trial as to whether her efforts to spread the Gospel are fulfilling the commission laid down by the Great Head of the church when here upon earth. The parts are all being taken by the pupils of the Sunday School and should certainly prove very interesting. The programme will be varied by vocal and instrumental music. The proceeds of this entertainment are to be applied on a fund for the purchase of a piano for the use of the Sunday School. Program to commence at 7.30 sharp.

The Amateur Dramatic Club are also at work on a play entitled "The Country Squire," which they intend to present to the public sometime during holiday week.

The people of Mono Mills English Church gathered at the rectory on Thursday evening of last week to spend a pleasant evening with the rector, Rev. R. J. W. Perry, and his estimable wife, previous to their departure from the parish here to take charge of the parish of Innisfil. Before leaving they presented Mr. Perry with a plush upholstered chair and Mrs. Perry with a mahogany music cabinet in appreciation of their services while in the parish and of the esteem and affection in which they have always been held.

Miss Harper, of Mount Forest, is visiting her sister, Mrs. (Rev.) R. J. W. Perry at the rectory.

Mr. Wm. Clark, of Powassan, was a guest at the home of Mr. and Mrs. Jackson Potter and family on Thursday of last week.

Mrs. James Armstrong returned on Saturday last after spending a month with friends in Toronto.

Miss Jackson, of Everett, spent a few days as the guest of Mr. and Mrs. Alex. Jackson last week.

Mrs. Bert Olive and Miss Lottie Stewart, of Nassagewaya, visited Mr. and Mrs. Ira Stork last week.

WHITTINGTON.

The Box Social given the other evening under the auspices of the Whittington Football Club was well patronized and was a great success in every way. The members of the Club are very grateful to the people of the community for their liberal patronage.

RIVERVIEW.

The present season has been a good one for hunting and trapping foxes, mink and muskrats in this section. They are numerous along the banks of the Grand River.

Mr. Johnston Martin, who has been working up north for the C.P.R. for some time past, has returned home for the winter.

LAUREL.

In a little village not far away.
Where it seems like Sunday every-day;
All was peaceful and serene
'Till John Johnston appeared on the scene.

Into Grosskurth's stable he went
On deeds of kindness he was bent,
To feed the pony a little hay,
Since Grosskurths intended going away.

In a corner on some straw
Sat a watchdog, who knew the law;
When Johnston did the door unlock
The dog arose to give the shock.

So early it was, dim was the light,
The pony's heel the dog did bite.
Now Johnston to get out of the way
Mounted the ladder into the hay.

A hole he saw so big around
He made a leap to reach the ground,
Meanwhile the pony gave a whack
That knocked the dog upon its back.

But this Warren couldn't stand
And out he ran to lend a hand,
He grabbed the watchdog by the hair
And they go sailing here and there.

At last his head does dizzy grow
The revolutions grow more slow,
The dog upon the ground he laid
His wage for duty thus was paid.

Now Johnston homeward takes his way
And vows no more on Sabbath day
To enter anybody's yard
When there's a watchdog keeping guard.

There was a cheese meeting held on Wednesday evening to decide upon the future life of our factory.

Rev. H. V. Ellison conducted services in Cookstown on Sunday.

Miss Jennie Richardson is home from Hanover.

ORANGE OFFICERS

Relessey L. O. L. No. 1063 officers for 1913 are:—W.M., Thos. W. Wilson; D.M., R. J. McCutcheon; Chaplain, Robt. McFadden; rec.-sec., Wm. G. Patterson; fin.-sec., Wm. Haddock; treas., Robt. Holmes; D. of C., Thos. E. Holmes; lecturers, Robt. Holmes, Irwin Moore; committee, Peter McMullen, Geo. Crawford, Robt. Haddock, Rich Holmes and R. W. Peacock.

White; Chaplain, Homer Besley; rec.-sec., J. E. Spence; fin.-sec., J. S. Spence; treas., Wm. Tansley; asst. treas., W. J. Hamilton; lecturer, D. Spence; asst.-lecturer, Harris Buchanan; D. of C., Ernest Little; committee, Thos. Farnell, John White, E. Spence, Clarence Manning, Roland Yarley; tylers, Alf. Graham, W. Farnell.

Purple Valley L. O. L. No. 84, held its annual election of officers on Friday night, when the following officers were elected for 1914:—W.M., Jos. M. Island; D.M., David Still jr; Chap., David Still sr.; rec.-sec., A. A. Still; fin.-sec., Reuben Moffatt; treas., T. H. White; D. of C., Robt. Pierson; lecturers, E. Woolner, Wilfrid Bagnell; committee, John Pierson, Jos. Pierson, Hunter White, H. Price, E. Moffatt; outside tyler, Clinton Pierson; inside tyler, Willie White.

This lodge has had a most prosperous year, having initiated no less than 16 new members since last January. Twelve members have been raised to the Royal Arch degree and arrangements are under way for another big Arch meeting in the near future. During the meeting a resolution was put through by a unanimous vote conveying the hearty thanks of the lodge to W. Bro. Island for his zealous service during the year.

Grand Valley Royal Black Preceptory officers have been elected for 1914 as follows:—W. P., Sir Kt. Stewart Tate; Dep. P., Sir Kt. James Mellor; Chap., Sir Kt. J. I. Buchanan; Registrar, Sir Kt. Wm. McKinley; Treas., Sir Kt. W. A. Wansbrough; lecturers, Sir Kts. R. J. McBride and James Platt; Censors, Sir. Kts. T. F. Simpson and Thos. Reid; Standard Bearers, Sir Kts. W. McCulloch and Chas. Knapp; Pursuivant, Sir Kt. Thos. Sime; tyler, Sir. Kt. John Small; auditors, Sir. Kts. S. H. Maxwell and J. I. Buchanan.

MAN'S BEST ADVISER.

The best advice of a friend is often wrong. Think of the great sums paid to lawyers and doctors for advice. Think of the hours of waiting to see them, while God's advice is free and we can have it at any time. He will tell you what to do. Let no man ask if he prefers comfort or ease. He should only ask the Lord when he is willing to do battle. The answer may call for courage and sacrifice, it may involve a re-arrangement of your life plans, but let no man ask the question who fears the answer. It may lead you into the missionary field, the ministry, or a banking house, and possibly to do work with a pick and shovel. If it's God's call that ditches must be dug, it's honorable work. No task for God is too humble or too lofty. He will help us bear our burdens, and if we are weak He will make us strong.—John D. Rockefeller Jr.

This Woman Knows How D.D.D. Cures Skin Trouble!

(This letter is just received:)

"Toronto.

"I am the mother of twelve children. I took a bad leg at the birth of my last child. I was laid up five weeks, with a doctor attending me who does nothing but treat this kind of skin disease. Six weeks ago I heard of D. D. D. As I used to tear my leg at night until it was a bleeding mass I applied a bottle of D. D.D. I can't tell you the ease it gave me. I never used to sleep with the pain. Many a time I nearly fell with dizziness from want of sleep. Now my leg is completely healed up, thanks to the blessed D.D. D. I never expected a cure. I only got D.D.D. to take the terrible itch away. But by degrees I saw the big sore getting smaller. I have a thankful heart today.

Mrs. Stitt, 202 N. Weston Rd., West Toronto.

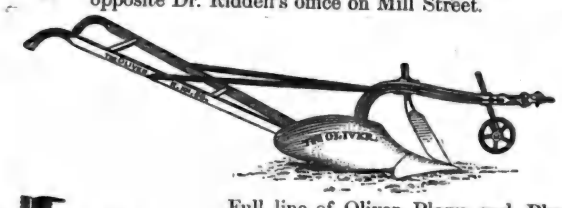
The cures of D. D. D. are past belief. All druggists have this soothing, cooling wash and also the efficient D.D.D. Skin Soap.

Come to us and we will sell you the first full size bottle on the guarpractical purposes, increased the supantee that it will stop the itch at once or your money refunded.

T. F. & T. J. BROWN, Druggists, Orangeville.

D.D.D. Prescription—for 15 years—Standard Skin Remedy

WASTE FROM DESKS GOES INTO BRUSHES



Waste wood in the manufacture of school desks is now being used for the backs of cheap brushes, according to the statement of the forest service.

A large manufacturer of school desks in Michigan had a considerable amount of waste material in sizes which were too short to enter into the manufacture of the smallest desks, and could not be utilized further with his machinery or in his line of work. This material was all hard maple in pieces an inch thick, a foot or so long, and about three inches wide; for a long time it had been consigned to the waste pile and sold as firewood. This waste amounted to from one thousand to fifteen hundred board feet each day. A nearby manufacturer was using practically this quality of maple, which he was sawing into small pieces for making the backs of cheap brushes.

Members of the forest service, investigating methods of eliminating factory waste, conceived the idea that the blocks used by the brush factory could be readily secured from the waste of the school desk manufacturer, and on this basis got the two together. Arrangements were made so that the brush manufacturer now places orders with the other firm for its raw material and what was formerly waste is now a source of profit.—Scientific American.

ORANGEVILLE AND SHELBURNE.

S. S. ASSOCIATION.

Important Conference of Older Boy Workers.

Since the Twin Conventions of the Ontario Sunday School Association held the closing days of October, two other conferences of Older Boy Workers have been held under the joint auspices of the Provincial Sunday School Asso. and the Interprovincial Y.M.C.A., one at Brockville, and one at Brantford. The members of these conferences for the most part were Older Boys (ages 16-20). At Brockville 495, at Brantford 592, total 1087 were enrolled. This enrollment represented 121 different points in 33 counties. One strong feature of these conferences is a Sunday afternoon Mass Meeting to which only boys and boy leaders are admitted. The age limit is strictly drawn at 15, none under admitted. A careful presentation of life problems and clean living is made. At the two conferences 169 young men declared, by public appearance, as giving their lives to Christian service. 775 others registered some forward step in the direction of more wholesome living. It is conservatively estimated that these conferences through the delegates will reach 20,000 boys, directly and indirectly.

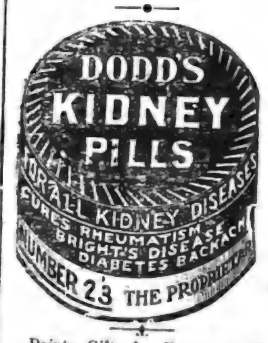
Already local conferences on a smaller scale are planned before New Years, following up the work of the larger conferences, and it is expected that before spring half a dozen others will be planned and carried through. The movement is significant as a prophesy of a Twentieth Century method. Among the many things suggested by the biys as the task to be undertaken, in addition to those who attempted the Christian life, are such things as the following:—"Teach English to immigrant boys"; "Join the Church"; "Train for Y.M.C.A. Secretaryship"; "Teach Sunday School Class"; "Promote Pocket Testament League"; "Enter Christian ministry"; while score upon score indicated, "Cut out bad habits"; "Clean speech"; and "Clean living."

VIGOROUS JOURNALISM.

Of the Out and Out Independent Kind.

People who really want a sturdily independent but frankly liberal newspaper, will appreciate Mr. Dougall's paper, the "Montreal Weekly Witness." While some papers are notoriously and obviously at the beck and call of predatory interests, there are others that have maintained their independence and notably that great national paper, the "Montreal Weekly Witness," is a striking example. It has never been "under the thumb" of any person, or party, or clique. It has never grovelled. It has never touted. It has never pandered. The "Witness" is its unique self, loved by its friends, hated by its enemies.

Founded some sixty-eight years ago by the late John Dougall, the "Witness" has always been, and the "Weekly Witness" still continues to be, exclusively owned and edited by Dougalls.



During the past three generations it has conscientiously, devoted and very efficiently, served its country in many ways, notably in its campaigns for Temperance, Righteousness, Religious Liberty, Education, and Lower Tariffs, looking towards lower costs and a higher plane of living. If Canada is not yet enjoying to the full the benefits of these things, it is far ahead of many other countries in most of them, and this is due in no small measure to the stand, or, more correctly, the splendid campaigns of the "Witness" whenever opportunity afforded. The welfare of the Canadian farmer in particular has always been considered of prime importance by the Editor of the "Witness," and the "Witness" has done yeoman service to agriculture.

Generations of our finest Canadian families have literally been "brought up on the 'Witness'," as many of the most eminent Canadians will testify, and they continue its devoted admirers.

Besides the moral and political aspects of this great newspaper, it has attractive features embracing all the interests of the family and a splendid Farm and Poultry Department. Its short and serial stories are strong and fresh, and they alone are worth several times the price—one dollar a year. To bona fide New Subscribers mentioning the name of this paper, one trial year may be had for only 65 cents. The publishers are, as always,

JOHN DOUGALL & SON, "Witness" Office, Montreal.

The "Weekly Witness" has now no connection with any daily newspaper and is the healthier for it.

—Dainty Gifts for Xmas at The Banner Bookstore.

L. O. L. No. 6 Brampton, has elected the following officers for 1914: W.M., James Torrance; D.M., W. Harris; chaplain, Canon Walsh; rec.-secretary, J. J. Donaghy; treasurer, S. H. Mitchell; financial secretary, L. J. C. Bull; D. of C., Wes. McKenna; lecturers, Richard Blain, R. Clarridge; committee, John Graham, Martin Davis, S. Charters, W. Armstrong, W. Duffin.

LAST CALL IS ANSWERED BY GALT'S OLDEST RESIDENT.

Mrs. Rayfield Passes Away in Her 100th Year.

The death occurred Sunday evening at 6.45, at her residence, East street, of Galt's oldest resident, Priscilla Willmore, relict of the late John Rayfield. Had deceased lady lived until June 15th, 1914, she would have been one hundred years of age. Death was due to senile decay. Deceased remained conscious until a few hours before her death.

For a lady of such advanced years she possessed remarkable vitality. She was able to converse with her friends and although forced to live a quiet life, reserving what energy still remained, she retained an interest in current affairs and at times exhibited an activity which astonished even her nearest associates.

Her maiden name was Priscilla Willmore, and she was born at Dedford, near London, England. It was about thirty years ago that she came to Canada with her husband, the late John Rayfield, and daughter, Miss P. H., with whom she lived. The family came directly to Galt and took up their residence on East St. Miss Rayfield securing a position on the Central school teaching staff which she still holds. Mr. Rayfield passed away sixteen years ago.

Mrs. Rayfield came of good old English Quaker stock and as a girl attended the Croydon Friends' school, having as fellow pupils, John and Jacob Bright. She was brought up under the strict discipline of the Quaker religion and was always a strong worker in the interests of temperance. In this connection she accomplished effective mission work in Old London.

British politics always held a fascination for her and even after migrating to Canada she kept in touch with all important developments. Not until a couple of years ago when her sight commenced to fail, did her interest dwindle and among her friends she was looked upon as somewhat of an authority on the prominent men in Britain. She also developed a keen interest in the affairs of the land of her adoption and read the daily papers assiduously.

A large number of the forbears of the late Mrs. Rayfield attained a great age, several becoming centenarians, and she therefore inherited a constitution which tended to longevity. But her days were doubtless prolonged by her manner of living. Always methodical in the carrying out of her duties, she made a habit of planning the day's work—in itself conductive to the conservation of strength and energy. Plain food of the best quality and an abstinence from participation in the strenuous gayeties which mark the youth of so many of the young people of the present day, were to some extent responsible for the long life of Mrs. Rayfield. At times she was very bright and had a penchant for reciting apt pieces of poetry suggested by subjects which were brought up in the course of conversation. Her memory in this regard was wonderful and it was interesting to note that the verses most clearly impressed on her mind were those learned during her school days.

The late Mrs. Rayfield had the distinction of having lived under the rule of six English sovereigns — George III., George IV., William IV., Victoria, Edward VII. and George V.

Another interesting fact is that one of Mrs. Rayfield's brothers, Gregory Willmore, emigrated to South Africa, and to-day he has 139 descendants living in the newest British colony. Mrs. Rayfield had three sisters and four brothers, but although most of them attained a good old age, they have now passed to the Great Beyond.

The many grandchildren remembered Mrs. Rayfield on the occasion of her 99th birthday and a party was held at her home over which she was much pleased. She also received hosts of letters of congratulation from friends and relatives who had hoped that they would have been able to celebrate her 100th birthday. —The Galt Reporter, Dec. 1st.

WHAT A GREAT MAN SAID TO THE GREAT CANADIAN PEOPLE

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life perfecting this great hair tonic.

In his recipe to the Canadian people he said: "Parisian Sage is the most delightful hair dressing in the world." It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots. F. S. Pickering sells Parisian Sage in a large fifty cent bottle—and guarantees it to do all that is claimed for it, or your money is refunded. It stops falling hair, dandruff, itching scalp and restores life and beauty to dull faded hair in two weeks.

Earl Henderson was acquitted at Belleville of the charge of setting fire to the skating rink at Trenton.

T. D. Elliott, of Bolton, had fourteen horses on exhibition at the big show at Guelph last week.

The wardens of St. Alban's Church, Acton, have purchased a lantern with which illustrated lectures may be given during the winter.

After having served for some years in the Canadian militia, Mr. D. McCaughrin and Dr. Graham, of Moro Road, have been gazetted as captains.

It is reported that a large American company has purchased the brick manufacturing plant at Streetsville.

Rev. D. McOdrum, of St. John's Presbyterian Church, Moncton, has accepted a call to Pembroke at $2000 a year, free manse, and a month's vacation.

ARE YOU VERY BUSY?

Every little while you read in the papers that so many persons have died from Consumption.

It is all very far-off and matter of fact and possibly it scarcely arrests your attention.

Do you ever realize that each one of these "cases"—mere items in an official record—is a black tragedy to somebody, that behind each one of them lies long, hopeless days of pain, feverish nights of despair, lifetime plans that must be laid away, grinding poverty, perhaps a wife to fight her own way afterwards or children who know hunger now that the father is gone.

Just suppose it were your tragedy. Suppose it were your father, your mother, your brother, sister, husband, wife, your child, or perhaps your sweetheart, and you with the hospital doors shut in your face, wringing your hands in utter helplessness while the crowds hurry by, engrossed in their own affairs.

But no! You are in that crowd and you don't hear either because you are busy.

But wouldn't you give—and gladly—if you knew that what meant so little to you would go far to bring back the glow to somebody's wan face or the laughter to somebody's lips?

Just sit down and think of the one you love best in the world. Then say "If she lay there——" or "If he lay there——" and see how it sounds. What would become of all your plans and your busy days then?

For eleven years now the Muskoka Free Hospital for Consumptives has cared for those whom others love best, and hundreds of them have gone home again well and happy. It keeps its doors open because a few busy people like you stop for a moment and remember.

Are you going to remember this Christmas?

Don't put it off. Use the attached form in sending your contribution.

To help the Muskoka Free Hospital for Consumptives continue its life-saving work, I gladly enclose the sum of $.....

Name.....

Address.....

$ 5.00 will provide maintenance for a week.
$ 20.00 will pay for four weeks.
$250.00 will endow a bed for a year.

Since the need is such a permanent one, I should also like to subscribe $..... Register my name accordingly.

Contributions may be sent to W. J. Gage, Esq., 29 Spadina Ave., Toronto, or to R. Dunbar, Sec.-Treas. National Sanitarium Association, 347 King St. W., Toronto.

AN EXERCISER THAT LIGHTS THE HOME.

A Paris inventor has combined a bicycle with a small dynamo and storage battery which the human motor produces when working the exerciser, instead of going to waste, is stored up in the accumulator. The idea is a simple one, as will be observed, and in the case the premises are not wired up for current the device may prove a most useful one for many purposes. In this way it is possible to use one or several small lamps for domestic lighting, so that the work done with the exerciser during the daytime can be taken advantage of in the evening. One point to be noticed is that the fact of using electric lamps gives a stimulus to the use of the machine for the purpose of exercise and is apt to prevent the daily exercise from being neglected, now that it becomes necessary. The present machine is designed to work several lamps with an hour's pedaling, and when there are several members of the family to use it, the number of lamps and the amount of light to be had from the device of course increases accordingly. Two sizes of machine are used, one to work with a storage battery of 12 volts and 12 amperes, this being intended for the use of not overly strong persons, while the second size is intended for use with a 12-volt and 25-ampere battery and serves for persons with strong muscles.—Scientific American.

TUNNELING THE ENGLISH CHANNEL.

Tunneling the English Channel has been talked of for generations, and from time to time the scheme seems on the verge of realization, only to be relegated soon after to semi-oblivion. It is now again occupying the attention of Britain. On August a deputation representing some 90 members of the House of Commons was received by Mr. Asquith, who, in reply to their advocacy of the undertaking, reviewed the history of the proposal. As far back as 1874 the idea was approved by the Foreign Office, but from 1883 onward the government has consistently opposed it, mainly on military grounds. It was strongly opposed by Lord Wolseley. From an engineering point of view the project is entirely feasible. Three methods of securing continuous railway communication between England and France have been suggested: viz., a tunnel, which would cost not less than £8,000,000; a bridge, which would cost £22,000,000; and a train ferry, which would cost £2,000,000. The real reason for the sentiment prevailing in England against these projects appears to be, to quote the London "Times", "a half-articulate feeling, deep-seated in the heart of the nation, instinctively urginh it to repel without question what it believes to be an attack on its individuality. It is difficult for Continental peoples to realize the peculiar quality which the possession of an island kingdom breeds in a race. The moral effect of 'the 'continuous road into Europe' would be immediate and striking, but it might also be disastrous."

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Mr. F. Garbutt, proprietor of the Royal Hotel, Milton, has sold out to Mr. Donald, of Brantford.

NOTICE TO CREDITORS.

IN THE MATTER OF the estate of Alexander McKinney, late of the Town of Orangeville, Dufferin County, Gentleman, deceased.

NOTICE is hereby given that all creditors and others having claims against the estate of the said deceased, who died on the 8th day of July, 1913, are required on or before the 26th day of December, 1913, to send or deliver to C. R. McKeown (Orangeville P. O.), solicitor for the Executors of the Estate of the said deceased, their names, addresses and full particulars of their claims, together with the amount of the securitiy, if any, held by them.

And take notice that after the said 26th day of December, the said Executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that they will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have notice.

Dated at Orangeville this 8th day of December, 1913.

C. R. McKEOWN,
Solicitor for the Executors.

AUCTION SALE
—OF—
Farm Stock, Implements and Lands.

The undersigned has received instructions from A. E. Annis, Assignee of the estate of Thomas A. White, of the Township of Caledon, in the County of Peel, an insolvent, to sell by Public Auction on the premises, being the west half of lot No. 27, in the 3rd con., E.H.S., in the Township of Caledon, on

Friday, December 19, 1913,

at one o'clock p.m., the following chattels:—

One mare, 6 years old; 1 mare, 3 years old; 1 mare, aged; 1 yearling colt; 3 cows; 3 calves; 6 shhep; 1 sow and 9 small pigs; 9 pigs, about 5 months old; about 70 hens; about 250 bush. turnips.

1 set heavy double harness; 1 set light double harness; 1 set plow harness.

2 wagons; 2 plows; 1 mower; 1 scuffler; 1 scale, 2000 lbs.; 1 root slicer; 1 fanning mill; 1 cutter, 1 buggy; 1 set double sleighs; 1 horse rake; 1 roller; 1 seeder; 1 cultivator; 1 cutting box; 1 hay rack; 1 hay fork, with rope and slings; 1 cart, 1 binder; 1 harrow, 1 stone-boat and other articles too numerous to mention. Also a quantity of grain, hay and straw.

TERMS:—$50.00 and under to be cash, also all fowl, pigs, grain turnips, hay and straw. On all sums over $50, nine months' credit will be given on purchaser furnishing approved joint notes.

There will also be offered for sale at the same time the following lands —The west half of Lot 27, in the 3rd Con., and the east half of Lot 27, in the 2nd Con., both E.H.S., in the said Township of Caledon.

For further particulars apply to the Assignee, A. E. Annis, Orangeville, or to the undersigned.

MYSTERIOUS DISAPPEARANCE.

Bentinck Farmer Left Home and Has Not Been Seen Since.

On Friday last just after dinner Donald L. McDonald, of Bentinck, disappeared from his home and has not since been seen nor heard of. He lived with his wife and family of two sons and one daughter, about 3½ miles north of Aberdeen, and his strange disappearance has caused profound alarm in the whole neighborhood. The neighbors, to the number of twenty or thirty, have made a thorough search of the adjoining swamps, woodlands and other places, and so far have had no success in locating the missing man.

He was 63 years of age, 5 feet 9 inches high, pretty well stooped, had gray mustache, gray hair, and toed out with one foot.

No reason can be assigned for his strange action. A son died about two years ago, after an operation, and as the father mourned the loss very much, it is thought by some that his mind may have become affected and that he wandered away and got lost.

The missing man is highly spoken of by the neighbors, all of whom are intensely interested in his re-appearance.

He is a cousin of Hugh McDonald, in upper town, and a brother-in-law of Duncan MacKenzie. We hope to hear of his speedy restoration to his family, but as nearly six full days have elapsed since his mysterious disappearance the neighbors and relatives have almost given up hope of again seeing him alive.—Durham Chronicle.

Norval Anglicans are talking of building a rectory beside the church.

Weston citizens oppose the introduction of a moving picture theatre and the Town Improvement Society have decided not to ask the council for the sole right to operate such place of entertainment.

On the occasion of leaving Harriston to enter upon the practice of his profession at Oakville, Dr. Thomas R. Henry was entertained by a large number of friends and presented with a valuable gold locket and chain suitably inscribed.

THE TRAINING OF A PROFESSIONAL NURSE.

By Natalie W. Nisdorff, Graduate Nurse, in The Ladies Home Journal.

One of the many questions which I am often asked is: "Why did you become a trained nurse?" My only answer can be: "I became a trained nurse for the simple reason that I thought I should like it." It was this consciousness of what I took to be a natural aptitude for a nurse's work that prompted me, when I reached the proper age, to apply for and receive admittance to the training school from which I was recently graduated.

The course varies—from two to three years—in different hospitals; likewise does the admission age, which ranges from twenty years to twenty-five, thirty-five and forty. Furthermore the course demands at least one or two years', in some cases four years', preliminary study in a High School course; and usually, in addition, letters of reference are required either from a clergyman or a well-known business man of your home city, or both, together with one from your doctor relative to your physical condition. This is all explained in the catalog, which may be obtained by writing the Superintendent of the Training School selected, who will doubtless send with the catalogue forms necessary to be filled out.

Certain hospitals have stated times for the classes to enter, while others admit a pupil nurse whenever a Senior graduates. The probation period varies from three to six months. Some hospitals require an admission fee, furnish school uniforms and books and do not give the nurses any allowance, while others do not require any admission fee and allow their nurses from six to ten dollars a month with which to provide their uniforms and books.

Frequently a probationer goes directly into the wards, and, after an interval of running errands, amusing child patients and assisting in general, learns gradually the nursing care of a patient. This plan is generally true of the smaller hospitals, whereas in the larger institutions the course is entirely different. There the probationer learns first to cook delicacies for the invalid as well as more substantial food for the convalescent. In the pharmacy she learns the constituents of the most important drugs, how to brew and compound them, and how to read and fill prescriptions. She learns, further, how to make surgical supplies for use in the wards, and, if a dispensary is attached, she cares for the rooms, prepares for and assists at the clinics, and spends some time in the wards dusting and making beds, though not directly caring for the patient.

In a great many of the hospitals probationers have practical nursing classes in which they learn the treatments they later must give in the wards, one of the first being the bed bath.

At the end of her probation period, if she has been accepted, the girl goes into the ward and takes her rank as pupil nurse. This rank may vary greatly. First—and this is true in all hospitals—a nurse ranks according to the number of years she has been in the hospital, seniority having precedence; second, her rank depends further upon her standing in this class. This second ranking may be according to her average for practical and theoretical work in her probation period, or to her entrance into the school, while in some hospitals there is an alphabetical standard.

From now on the pupil nurse works in the wards. In the morning while caring for her patients she places some form of screen around one or two of them at a time, as the case may demand. Either she has a basket containing the necessary toilet articles, or each patient has them at her own bedside in the table drawer. If a patient is able she takes her own bath, otherwise the nurse gives the bed bath. The number of patients for each nurse varies from four to eight. After the bed baths are over the nurse makes the beds, sweeps her part of the ward, and the rest of the time that she is on duty she spends in serving special nourishments and meals, giving medicines and treatments, taking temperatures and attending to the patients in general, while in the evening she prepares for the night. This last consists of straightening the bed, brushing out the crumbs, bathing the patients' faces and hands, rubbing their backs with alcohol and making them as comfortable as possible. That is the day nurse's work, while the night nurse also has her routine. As there is usually only one night nurse for from twenty-five to thirty patients her work is mostly among those who are sickest, although she still has routine temperatures, medicines and nourishments to engage her regular attention.

The nurse changes from ward to ward—men's, women's and children's, public, private, medical and surgical.

The pupil nurse also receives her training in the obstetrical ward and in the operating rooms. Of the latter work the outside world (so nurses always speak of it) has a very wrong impression, as is shown by a question often asked: "Didn't you faint at your first operation?" When the answer, which is usually negative, is given, the questioner generally says: "Oh, well, I suppose not; you get so hardened!" Not at all; but the lay eyes do not see, as the nurses do, a bright, warm room, with the patient completely covered, except for the one small field of operation, and quietly breathing in the anaesthetic, while the doctors and nurses, in their white, sterile gowns, are each busily attending to his or her own task. There is no time to think of fainting. The nurse's time is occupied in attending to the doctor's needs; besides, did she think or worry she would have the comforting knowledge that the patient is not suffering.

The theoretical work advances with the practical, and during the three years' training the nurse takes courses in anatomy and physiology, hygiene, bacteriology and pathology, dietetics, materia medica, urinalysis, massage, bandaging, gynecology, obstetrics and various other general and special branches of medicine and surgery. Thus the years pass while the probationer advances from the lower rank, where her every move is made under direction, to the senior rank, where she is the directing force, and then to the graduate rank.

I have often been asked by prospective nurses how much time we have off duty while training, how early we have to get up, whether we have single rooms, etc. I find that what is called the twelve-hour duty with two hours off is general in hospitals, although there are a few that maintain the eight-hour system. In the former the nurses go on duty at 7 or 7.30 a.m., coming off at 7 to 7.30 p.m., during which time they also have two hours off for meals, but if a meal or a class comes during the time allowed off the time required for them must be counted in the two hours. With the eight-hour system the nurses go on at 7 a.m., and work eight hours between then and 9 p.m., not including the time for classes and meals. With the twelve-hour system one afternoon off each week and one or two Sunday afternoons a month are allowed; with the eight hour system no afternoons are allowed, although Sunday six-hour duty is scheduled where possible. The nurses are expected to be in at 10 or 10.30 p.m. and are allowed one late leave in a week or once in two weeks—that is, coming in at from 11.30 p.m. to midnight.

With the exception of a thorough cleaning by a maid once a week a nurse generally has to care for her own room, leaving it in order before she goes on duty in the morning.

I am often asked: "Would you advise me to train in a large hospital or in a sanatorium?" I at least feel competent to give some advice on this subject, as I trained for eleven weeks in a small private hospital before I entered the institution from which I was graduated. By all means, if you are going to train enter the largest Training School you can, for then, when you are through, you will have your Training School's name behind you. Furthermore a nurse from a sanatorium is not classed with a "graduate"; she cannot register on the State registries, nor can she command the twenty-five dollars a week of a graduate nurse—eighteen dollars is what she usually gets.

The hours on duty in a sanatorium are irregular and longer, while the time off is infrequent. While the studies in a sanatorium are supposed to be part of the course they are rarely satisfactory or regular. The sanatorium does not always have orderlies, hence the nurses have to wait on the man patients. Few sanatoriums have the best or newest equipments, and, lastly, in order to reduce expenses the nurses are compelled to do many menial tasks which are not required of them in the larger hospitals.

As far as the expense of a training course is concerned one graduate told me that she went through for one hundred and fifty dollars, not counting graduation expenses. Such a small amount, of course, means self-denial in regard to personal pleasures, very little fancy laundry done outside, and very few new clothes. However I think a girl can go through nicely on one hundred dollars a year, admission and graduation fees being extras. This will allow a few pleasures not possible with the other sum.

"Is the work really hard?" I hear you ask. My answer is: "Yes it is." In the first place the whole atmosphere is entirely different from any in which you have been before. Since seniority always has precedence many little formalities which are there are demanded, necessarily, often irritating; to take censure when one is not responsible is sometimes aggravating, but to argue with one's superior officer is not wise, nor, indeed, allowable; to rush through doors before a superior, to usurp her work, place or authority in any way, is "bad technique," as we call it. The constant surveillance of your work and mannerisms, of your comings and goings, is exasperating; indeed I think adjustment, not only to the work alone, but also to its expected personal requirements, is one of the hardest parts of the course.

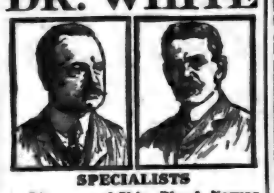
Last, but not least, that which prevents many girls from finishing a course is the "Black Hand" of a nurse's career—discouragement. It is hard to learn in the few years allowed for training all the theoretical and practical work expected. Some days, no matter how hard you try, nothing seems to go right. There appears to be no end to the work, or it seems impossible of accomplishment when you are tired—and you are very, very often tired.

In the light of all this would I advise a girl to train? you ask. My answer is "Yes, by all means," to the girl fitted for it, but to those not fitted most emphatically "No." In addition to catalogue requirements I think a girl must be strong, not only with the strength to lift the patient, which the laity always thinks of first and nurses think of last, but she must also have the endurance to withstand, not one sudden exertion, but continued strain on nerves and body for the necessary years. The nurses who stand the course best are the ones who are of wiry build. And a nurse must not only be strong mentally, but morally no less. She must be patient, persevering, clever, quick, gentle, sympathetic, tactful, warm hearted and even tempered. She must be willing to put her career before everything social, for, which, with the call upon her strength for her profession, she will have little time to give to social affairs.

I do not mean that when one enters a Training School all pleasures should be given up; on the contrary I believe that they should be indulged in as much as may be consistent and wise. Indeed the work itself is broadening in one sense; it is no less narrowing in another. Broadening, for with the opportunity of meeting all classes and conditions of humanity, we are certain to feel the bigness of it, to learn to know and appreciate character that in the outside life we would not have met. At times the display of love in its finest emotions makes us wonder, while very often the effect of the sight of deformity does much toward making us satisfied with our lot in life. But last, and perhaps the most necessary requirement of all, a nurse must like her work, else she will lack being a truly successful nurse.

Irritations and Eruptions of the Skin

Besides that annoying and torturing itching of eczema, you cannot forget that, left to itself, it becomes chronic and spreads over the body.



It is wonderful how quickly Dr. Chase's Ointment affords relief from the itching and sets the healing process in action. Gradually the sores disappear and new, smooth skin takes their place.

Mrs. Nettie Massey, Consecon, Ont., writes:—"For five years I suffered with what three doctors called psoriasis or chronic eczema. They could not help me, and one of them told me if anyone offered to guarantee a cure for $50.00 to keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

Dr. Chase's Ointment owes its wonderful success to the fact that it positively cures eczema. Put it to the test. 60c. a box, all dealers. Sample box free, if you mention this paper. Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment

TALK WITH YOUNG MEN.

One of the penalties we pay for being thinking beings is the liability and danger of thinking wrong. The man who thinks right will do wrong. "As a man thinketh in his heart, so is he."

It is marvellous the ease with which we are all humbugged. A sharper can sell an otherwise sensible man a patch of blue sky. The shell game has caught many a man outside of an insane asylum.

Satan is a sharper. The Wall street sharper is a blunt instrument compared with him. Multitudes of young men are being "shell gamed" by him. Some are seeking happiness by drinking poisons, others by gambling, and still others are looking into the eyes of a woman whose steps take hold on death. While I am writing some innocent girl is listening to the honied tones of the seducer.

None of us are a match for this arch deciever. We are all in danger.

There is only one protection and that is always to choose the highest and best. Carlyle advised young men to hitch their wagon to a star. If this is done the wheels will not get stuck in the mud. Such a man is seldom, if ever, fleeced by a gambler or a robber in a saloon. Both God and the immense forces of nature shield him. All law, human and divine, clears a path for his feet to tread.

"They fought from heaven; the stars in their courses fought against Sisera."—W. A. Brewer.

The Brampton High School has received a cheque for $20 from the trustees of the Strathcona Fund.

Breeders of stallions, meeting at Guelph, roundly criticized the Ontario Act which one speaker said put the "scrubs" on the same level as the pure bred.

County Councillor Collins, of Wentworth, condemned the action of Dr. Bruce Smith in transferring certain insane patients from the asylum to the county refuge.

THE FARMER'S CHRISTMAS STOCKING.

From east to west during 1913, the Canadian farmer, as a rule, has had a good season in production, with a keen demand for his output. The people of the farm home will, therefore, not have an empty Christmas stocking, and one of the first things to go into it is the handsome, 100-page, annual Christmas Number of "The Farmer's Advocate and Home Magazine," London, Ont., which this year has surely set its standard of variety and excellence higher than ever. In wealth of articles relating to Dominion wide agriculture and beauty of illustrations, the issue is a marvel but quite in keeping with the paper, which stands in a distinct class by itself, and is now entering upon its forty-ninth year of publication, with every promise of being more useful than ever to its great and growing constituency. The sleighing party scene on the colored front cover is a rare work of art that will delight everybody. The fact that Ireland is in the world's eye to-day as perhaps never before, lends the charm of timeliness to the popular article by Mr. Chauncey G. Jarvis, on "The Achieving Sons of Ireland." Everyone will turn eagerly, also to Peter McArthur's Christmas Talk and Mable Osgood Wright's brilliant article: "Song Birds—The Farmer and His Wife." The introductory article is a unique one, dealing with the remarkable agricultural terminology of the best read book in the world. The art reproductions in black and white include several of the world's best modern paintings. There are in all over sixty beautiful engravings. The publishers and editors of "The Farmer's Advocate" are to be congratulated upon their achievement, and its readers upon receiving such a publication.

Elora has sold its $10,000 of five per cent. Hydro-Electric debentures to local purchasers at par.

John Day, a former well-to-do farmer in West Luther, died in Wellington House of Industry, aged 79 years.

A Vancouver Wedding.

A very pretty wedding was solemnized in Christ Church, corner of Dunsmuir and Burrard Sts., Vancouver, B.C., on Monday, Dec. 8th, 1913, when Miss Beatrice Ellis, granddaughter of the late Chas. J. Wheelock, P.L.S., of Orangeville, was united in marriage to Arthur Charles Fourman, one of Vancouver's promising young business men, who of late has been managing the Victoria office of a Vancouver Milling Company, but who, on returning from his honeymoon, is to take over the New Westminster office. The early morning sun was streaming through the Church windows and in its mellow light the golden haired bride walked down the aisle, looking very dignified and sweet, on the arm of the matron of honor, Mrs. W. Drainey. She wore her travelling suit of mole gray oatmeal cloth, tat trimmed with ostrich plume and peacock blue ornament. The bridesmaid, a petit little brunette, Miss Betty Menzies, was attired in a brown suit with black furs. Mr. William McCleeman supported the groom and the Rev. R. B. Day was the officiating clergyman. The matron of honor gave the bride away. Only a few of the most intimate friends of the young people were present and when the ceremony was ended the young couple left the church amid showers of confetti and good wishes, taking the ten o'clock boat for Victoria. The wedding tour included an automobile trip around Vancouver Island. The wedding breakfast was served on the boat. Mr. and Mrs. Fourman will take up their residence in New Westminster about the first of the year.

Brown-Rayfield.

A happy and interesting event took place on Monday, Dec. 8th, at the home of Dr. and Mrs. H. J. Culp, Spadina Ave., Toronto, when their niece, Miss Lucy May Rayfield, eldest daughter of Mr. and Mrs. Geo. W. Rayfield, Camilla, was united in marriage to Mr. William F. Brown, of Toronto. The ceremony was performed by Rev. R. R. Nicholson, pastor of Queen St. Methodist Church, in the presence of the immediate friends of the bride and groom. The bride looked charming in a dress of Copenhagen silk and carrying a bouquet of bridal roses. She was attended by Miss B. Thompson, while the groom was supported by Mr. F. W. Rayfield. After the ceremony the happy couple received the hearty congratulations of the assembled friends. The occasion was more interesting from the fact of its being the fifteenth anniversary of the wedding of Dr. and Mrs. Culp, who entertained about thirty of their friends. A very enjoyable social evening was spent. At eleven o'clock the bride and groom of the evening, the bride and groom of fifteen years ago, and the guests sat down to a sumptuous wedding repast. Dr. Culp proposed a toast to the bride and groom and Mr. Geo. H. Waller a toast to Dr. and Mrs. Culp. Speeches followed by Mr. Geo. Joll, Dr. Sivers, Mr. Thos. Arnold, Mr. F. W. Rayfield and others. The bride and groom were showered with rice and confetti as they left for their new home, 223 Logan Avenue.

Auxiliary Presentation.

On Monday evening the members of the Woman's Auxiliary in connection with St. John's Church, Mono, assembled at the home of the Rev. R. J.W. Perry to present Mrs. Perry, who has been Secretary-Treasurer for the three years they have been in Mono East parish, with an address and a set of silver tea and dessert spoons to mark their appreciation of her work and their respect for herself. Mrs. Purdon called the meeting to order and read the following address:—

To Mrs. R. J. W. Perry.

Dear Friend:

We, the members of the Women's Auxiliary in connection with St. John's Church, Mono, have heard with deep regret that we are about to lose you from our midst. For three years you have been our leader and by your unfailing geniality, tact and perseverance have aided in no small measure to sustain that sisterly feeling amongst us which has by God's grace helped so much to the success and continuance of our efforts. We doubt not that among the friends you will assuredly make in your new home that same loving spirit, which you have shown here will redound to the success of the church and to the satisfaction of your own conscience. We shall miss you much in our work and in our homes and hope you will always keep a place in your heart for your old friends at East Mono. We cannot let you go without asking you to accept these spoons as a token of affection and respect and we pray that you and Mr. Perry may live to enjoy health and happiness and to spend many years in that high calling you have chosen—the service of God and men.

Mrs. Vernet Armstrong made the presentation. Mrs. Perry replied in a few feeling words, after which the Rev. R. J. W. Perry spoke. The remainder of the evening was occupied with singing and music.

SCHOOL REPORT.

Report of S. S. No. 10, Amaranth, for the month of November:

IV.—Clarence Bryan, Cora Woulfe, Clifford Bryan, Herman Keys.

Sr. III.—Edna Lang.

PRIMROSE

A number of our people attended the opening of the new Anglican Church in Shelburne. Large congregations listened with rapt attention to the Bishop's very kindly earnest and scriptural sermons.

Election by acclamation seems to be what the people are looking for in Mono this year. Owing to the keen contest for the nomination at the keen contest the nomination at last year this might be the wiser course.

The Box Social given by the Elba Women's Institute was a grand success. The debate although well sustained on both sides unexpectedly went against the ladies having the vote.

The people of Trinity Anglican Church will give another of their excellent Plays on Friday night. This time the Play will be "The Loss and Recovery of Oak Farm." The performance occupies two hours. Mr. J. A. McFadden of Mono Centre, will keep the young people in high good humor with his splendid gramophone. There will be choice music and singing as well.

Personal Mention

Mr. and Mrs. J. E. Smith and son, Gordon, spent part of last and this week with Toronto friends.

Mr. Harry B. Cooney, of Vancouver, B.C., is visiting his parents, Mr. and Mrs. E. B. Cooney, of Laurel.

Mr. J. E. Williams, of Pittsburg, Pa., is spending the Christmas vacation with friends here and in Toronto.

Miss Margaret Watson, of Alton, has returned home from Orillia, where she was attending Model School.

Mr. Chas. Rennick, of Toronto, formerly of East Garafraxa, has been spending the last week renewing old acquaintanceships in Orangeville and vicinity.

Mr. and Mrs. Ward Morton, of Toronto, and Mrs. Ed. Lorenz and son, Grant, of Hanover, were guests of Mr. and Mrs. M. H. Shaw, West Broadway, a week ago Sunday.

Mr. Elgin Holmes arrived home from the West a week ago Friday. He reports a very enjoyable trip and appears to be favorably impressed with life and conditions in the prairie provinces.

Mr. and Mrs. James Shand and son, Jack, and Mr. W. A. Findlay, of the staff of St. Andrew's College, and his son, Bruce, all of Toronto, were guests of Mr. and Mrs. F. W. Ritchie over Sunday.

Mr. and Mrs. Chas. Rennick, of Toronto, announce the approaching marriage of their daughter, Lavina May, to Mr. Stanley Cleve Conley, also of Toronto. The happy event will take place on New Year's Day.

The engagement is announced of Mary Lillian, eldest daughter of Mr. and Mrs. D. Macdonald, of "Strathdonald," Goderich, Ont., to Roy Wesley Henry, of Edmonton, Alta., formerly manager of the Sterling Bank in Alton.

Mr. and Mrs. Samuel Moffatt, of Mono Mills, announce the engagement of their eldest daughter, Anna Bertha, to Mr. George Henry Mathison, of Toronto. The marriage will take place very quietly at the end of this month.

Anglican Young People's Association.

At the meeting held last Monday it was decided to form a Snow Shoe Club in connection with the above Society. In connection with the Club the following programme will be carried through:—A series of concerts and cottage meetings to be held in the country at the invitation of members of the congregation living in the country, on such nights as are suitable for snowshoeing. The following officers were elected:—Captain, Mr. A. Aiken; Vice-Captain, Mrs. Bingham; Secretary, Miss Ruby Allen.

Ionic Chapter Officers.

The officers of Ionic Chapter, Royal Arch Masons, were installed on Tuesday evening, the installing officer being Rt. Ex. Companion Robert Irvine.

The following are the officers for 1914:—Elmer Still, First Principal Z.; R. J. Bennett, I.P.Z.; J. H. Hulse, Second Principal H.; Dr. W. H. Bowles, Third Principal J.; Robert Irvine, Treasurer; D. McPherson, Scribe E.; John Kilpatrick, Scribe N.; A. E. Annis, Prin. Soj.; Adam McPherson, Sen. Soj.; A. D. McKitrick, Jun. Soj.; Masters of the Veil, R. H. Robinson, J. E. Smith, W. Marshall Green and Robert Mann; Auditors, A. E. Annis, J. E. Smith; Installing Board, Robert Irvine, Robert Mann, R. J. Bennett; Executive Committee, A. E. Annis; A. D. McKitrick, Elmer Still, J. H. Hulse, Dr. W. H. Bowles, D. McPherson.

Orangeville Boy Scouts

Thirty-three boys enrolled in the Orangeville Boy Scout Troop on Friday last. The following after examination were found proficient in Stage 1 of the Tenderfoot Tests:—T. H. Hewson, R. Corbett, F. Ellis, A. Preston, B. C. Tebbs, A. Rohrer and G. Kearns.

By a unanimous vote of the boys the meetings will be held on Fridays. Next Friday there will be examinations in knot tying and the composition of the Union Jack.

Last Saturday's Toronto Globe under the heading "A New Organization—Bright future prophesied for Orangeville Scouts," says "On his return to Toronto, Mr. Hammond said, 'Orangeville certainly showed the right spirit, which boys cannot fail to do if they are schooled under right leaders, which I know they are in Orangeville. Orangeville will be known in the near future as a bright spot in the Scouting world.'"

A Charleston Accident

Mr. and Mrs. John McHugh, of Charleston, met with a bad accident while driving last Friday. Their horse frightened and they were both thrown out of the rig. Mr. McHugh had an arm broken and his wife sustained a fracture of the thigh. Drs. Thomas and McKinnon attended to their injuries and they are both getting along as well as can be expected.

Thursday's Market

The cash produce market last Thursday was the best market Orangeville has had this fall. About three tons of produce was bought. Competition was keen and as a result sellers realized good prices. Local merchants also picked up a lot of fowl, butter and eggs. Hill & Co. alone bought nearly two tons and considerable quantities went to other stores. Prices ruled as follows:—dressed chickens, 13-17c; geese, 13-15c; turkeys, 18-20c; ducks, 14-15c; dressed fowl, 11-12c; live fowl, 9c; live chicks, 11-12c; eggs, new laid, 40-45c; butter, lb. prints, 24c, rolls, 22-23c, solid 22c.

—Ritewell Fountain Pens for sale at The Banner Bookstore. Every pen fully guaranteed. Ask to see them.

SPECIAL SERVICES

Prof. Law, of Knox College, Will Occupy Pulpit in St. Andrew's Next Sabbath.

Special anniversary services will be held in St. Andrew's Presbyterian Church next Sunday. Professor Law, of Knox College, one of the foremost scholars in the Presbyterian Church in Canada and a gifted speaker, will occupy the pulpit both morning and evening. The services will be held at the usual hours—11 a.m. and 7 p.m.—and the choir will furnish special music.

Rev. Robert Law, M.A., D.D., came to Canada from Edinburgh in the autumn of 1909 to become Professor of New Testament Literature and Exegesis in Knox College. Prof. Law is the author of many important works, the most popular being "The Tests of Life," a story of the First Epistle of John. As a preacher his services are in great demand and the engagement for St. Andrew's Church next Sunday was made as long ago as last March. The people of St. Andrew's are fortunate to have an opportunity to hear this eminent divine.

Mr. George Island.

Mr. George Island, a well-known citizen, passed away at his home, corner Second St. and Third Ave., on Tuesday after a protracted illness. Mr. Island had been in poor health for the last year or so, but was considerably better than usual this autumn. About three weeks ago he took a change for the worse and since then had declined rapidly. Deceased, who was in his 79th year, was a son of the late Michael Island, one of Mono's first settlers. He was born on lot 3, 2nd line, east, but after leaving home settled on lot 5 on the same line, where he had a fine home and property. He gave up farming about six years ago and moved to Orangeville, buying the residence in which he has since lived. Mrs. Island died about three years ago. The surviving sons are Samuel L., of Caledon; Robert H., of Mono; Geo. E., Sandhill; W. A., Massey-Harris agent in Erin, and Frank C., on the home farm. Mrs. John E. Jenkins is the only daughter. Jos. Island and Mrs. Robt. Curry, Orangeville, Mrs. Henry White, Mono, Dr. R. L. Island and Mrs. Frank Johnston, Toronto, are the brothers and sisters still living. Mayor Island is a nephew. The late Mr. Island was a public spirited man and was well informed on municipal and general politics. He was a member of Mono township council for several years and served in the County Council for two years as 1st deputy reeve for Mono. Mr. Island took an active interest in Farmer's Institute work and was one of the early members of the Dufferin Farmers' Institute. He was a member of the Anglican communion, being identified with St. Mark's Church. He was a staunch Conservative and an enthusiastic Orangeman. He was a Past Master of Purple Valley L.O.L. No. 84, with which he was identified until his removal to Orangeville, when he united with L.O.L. 635. Mr. Island was a man who was universally respected as a neighbor and citizen and his demise will be keenly regretted. The funeral will be held from his late residence to the Forest Lawn cemetery at 3 o'clock this (Thursday) afternoon. Service at the house at 2.30.

Mrs. James Buchanan

The Camilla neighborhood has lost one of its oldest residents in the person of Mrs. Isabella Buchanan, widow of the late James Buchanan, who passed away at her home, lot 17, con. 2, west, Mono, on Sunday last. Mrs. Buchanan, who was 84 years of age, was a native of Ireland, her maiden name being Isabella Golden. Her parents came to Canada when she was 12 years old and settled in Albion township. She came to Mono 54 years ago and has lived on the farm on which she died for the last 31 years. Her husband died eleven years ago. Of a family of eight, six survive, namely Mrs. Catherine Jamieson, of Minneapolis; Mrs. Robert Bentley, Newbury, Mich.; John., Thos., William and Miss Belle Buchanan, of Mono. There are also three surviving sisters—Mrs. Catherine Ferguson, Sault Ste. Marie, Mrs. Galbraith, Detroit, and Mrs. Wm. Madill, Shelburne—and a half-brother, Mr. John Clarke, Horning's Mills. The late Mrs. Buchanan was an estimable woman, whose fine character and kindly disposition had endeared her to everyone in the neighborhood. By the members of her own family she was held in the sincerest affection and they will long mourn her loss. She was a member and a regular worshipper in St. Andrew's Church, Camilla. The funeral, which was a large one, was held to the Forest Lawn cemetery on Tuesday afternoon, Rev. A. J. Fowlie officiating at the house and grave. The pallbearers were the three sons and three grandsons, Messrs. Alfred and J. G. Warrick, of Flint, Mich., and Harris Buchanan, of Mono.

BORN.

HOPKINS — At Elgin, Man., on Thursday, Dec. 11th, 1913, to Mr. and Mrs. W. C. Hopkins, a daughter.

MATSON—At Palgrave on November 26th, 1913, to Mr. and Mrs. R. T. Matson, a son, Robert Ira.

DALE.—In Orangeville on Wednesday, Dec. 10th, 1913, to Mr. and Mrs. Hubert Dale, a daughter (Margaret Elizabeth).

DIED.

AVISON—In Orangeville on Wednesday, Dec. 17th, 1913, Mrs. Ellen Avison, relict of the late John Avison, of Mono, aged 92 years, 3 months and 15 days.

Funeral from her late residence, Second St., to the Forest Lawn Cemetery on Friday, Dec. 19th, at 2.30 p.m. Service at house at 2 o'clock.

Mrs. James Barber.

Mrs. James Barber, a well-known resident of this town, passed away at her home in the North Ward on Thursday evening at the ripe age of 86 years. The old lady achieved considerable prominence some years ago on account of her enthusiastic support of the Dufferin lacrosse team. She was a familiar figure at every game on the home grounds and from her point of vantage in the front seat of the grand stand was wont to follow the varying fortunes of the rival teams with the keenest interest. Mrs. Barber was a native of Ireland, but came to Canada with her parents when a girl of ten years. The family settled on lot 28, 2nd line, Adjala, where she resided until her marriage, when she removed to lot 29, 6th line, Mono. On the death of her husband about 26 years ago she came to live in Orangeville. A family of seven sons survive, namely, Joseph, of Dunedin; James, West Toronto; William, Mono Centre; George, Sault Ste. Marie; Samuel, Mulmur Corners; Henry, Orangeville, and Dr. Ed., a dentist in Swift Current. The remains were taken to the home of her son, Samuel, near Mulmur Corners, on Friday evening and the funeral held from there to St. Luke's Church cemetery on Sunday afternoon. Rev. G. L. Gray was the officiating clergymen and Messrs. Wm. Shaw, Wm. Irwin, H. Hunter, John Robinson, Peter McMullin and J. W. Armstrong were the pallbearers.

Mrs. John Halbert.

Mrs. Halbert, widow of the late John Halbert, formerly of Mono, died at her home, Victoria St., Shelburne, on Sunday from a paralytic stroke sustained a week previously. Mr. and Mrs. Halbert lived on lot 27, 2nd line, east, Mono, from the time of their marriage until some six years ago, when they retired and moved to Shelburne, where the husband died five years ago last October. The late Mrs. Halbert was 67 years of age and is survived by a family of three sons and a daughter. These are Arthur Halbert, on the homestead, E. J. Halbert, a teacher in Jarvis St. Collegiate Institute, Toronto; Frank Halbert, in Shelburne, and Mrs. John Gallaugher, of Everett. There is also an adopted daughter, Annie, who lived with Mrs. Halbert in Shelburne. The deceased was a member of the Methodist Church and a consistent Christian woman in her daily life and practice. As a neighbor she was held in the highest esteem and her memory will be warmly cherished by the people of the community in which the greater part of her life was spent. There was a large attendance at the funeral, which was held to the Methodist Church burying ground at Relessey on Tuesday afternoon. Rev. Dr. Caldwell, of Shelburne, and Rev. J. W. Dudgeon, of Rosemont, were the officiating clergymen. The pallbearers were the three sons and three nephews, S. J. Halbert, of Everett, J. A. Avison and Ernest Arthur, of Mono. There were a number of beautiful floral tributes.

The Baptist Church.

In the Baptist Church on Sunday morning the Rev. A. E. de St. Dalmas will preach on "The Coming of the King" and in the evening on "Near or In the Kingdom." Seats free and strangers always welcome.

Charity Baskets

The Charity Society have several Christmas Baskets to fill. Any donations may be sent to the home of Mrs. Deagle, Broadway, on Tuesday afternoon, Dec. 23rd, and will be gratefully received.

A Galt Nonagenarian

Elsewhere in this issue our readers will find a report of the death of Mrs. John Rayfield, who passed away in Galt recently at an unusually great age. Had she lived until June 15th next, Mrs. Rayfield would have been one hundred years of age. The deceased lady is survived by three sons—Messrs. John Rayfield, Toronto, Jos. W. Rayfield, Bowling Green, and Geo. W. Rayfield, Camilla.

'Xmas Night at Camilla

St. Andrew's Presbyterian Church, Camilla, will hold its annual Christmas entertainment on Thursday evening, Dec. 25th. The programme will be furnished by the popular Camilla Dramatic Club, which will present the Play, "The Old New Hampshire Home," a melodrama in three acts. A good orchestra will furnish music between acts. Curtain rises at 8 o'clock. Admission 25c and 15c.

SEED GRAIN

Best Quality of Seed to Constant Demand at High Prices

One of the secrets of success in profitable production is that of producing something for which there is a good demand. At the present time an agricultural product for which there is a considerable demand, and at a big premium, is high-class seed grain. Many farmers do not realize the importance of this and many are not in a position to produce the best quality of grain on account of dirty farms or systems of farming, but there is, probably, no more interesting or profitable line of farming at the present time, than in producing good seed.

Geo. E. Foster, of Honeywood, is a farmer, who thoroughly believes in the value of seed selection as a means of increasing the returns from his farm. Located in a most fertile section of the county on a rich, well kept and well cultivated farm, free from noxious weeds. Mr. Foster has been for some years producing prize-winning oats, barley and spring wheat, having been a winner at the local exhibition, in the Standing Field Crop Competition and at the Provincial Winter Fair. To be in a better position to carry on his work he has joined the Canadian Seed Growers' Association and, under the rules and regulations of that organization, is working with O. A. C. No. 72 Oats. Experimental plots are laid out and carefully looked after to provide material from which to make selections. In 1911 Mr. Foster secured his first lot of the 72 Oats, one pound, which was sown in that year and the yield carefully saved and sown in 1912 and again in 1913. This year, which has been a decidedly off-year, from ten acres of these oats, he has over four hundred bush. of high-class seed.

A close neighbor and a keen competitor in this line of work is R. E. Mortimer, B.S.A. Each year finds Mr. Mortimer in the list of prize winners at the leading exhibitions and in the Field Crop Competitions. Abundance and an imported English variety of oats, which gives promise of great possibilities, and Empire State potatoes are the varieties of crops being selected by Mr. Mortimer, who is also a member of the C.S.G.A. Quantities of the products of both these growers have been used by the Experimental Union for supplying its members with the best seed obtainable. A visit to the farms of either of these experimenters cannot fail to impress the visitor with the value of the work of seed selection and the enthusiasm and the care shown by them in their work cannot fail to have profitable results and to cause others to follow their example.

INJURED IN RUNAWAY.

Mrs. Jones, of Cheltenham, was Seriously Hurt.

Mrs. Jones, of Cheltenham, was badly injured in a runaway accident on Tuesday evening. Mrs. Geo. Harris with her sister, Mrs. Jones, were returning home from a visit to Mrs. Carey on the first line. They were driving a new top buggy behind Mr. Harris's prize winning road horse. At the same time that they were nearing Cheltenham, Mr. Alex. Robson, of Campbell's Cross, was jogging in the other direction from the mill with a market wagon loaded up with chop and a lantern hanging from the dashboard. Mr. Robson's team was a good lively one too. The night was dark and the lookout bad.

About opposite Mr. Duncan Campbell's gate the two vehicles met. They passed too close to each other and the hind wheels locked. The top buggy being lighter upset. Mrs. Harris was thrown clear and only bruised, but her sister was imprisoned beneath the overturned buggy and dragged for several yards before the harness broke and the horse freed itself. The animal ran on through the village and was eventually found on Mr. James Lyon's farm.

Mr. Robson's team made a bolt, the doubletrees parted and his horses jumped over a high wire fence fronting Mr. Allan McQuarrie's and after a long search were found in the rear of the farm having jumped more fences. When Mr. Robson recovered from his surprise he set out to find what harm had been done. He came to Mrs. Harris first and then Mrs. Jones lying unconscious in a pool of blood, with her scalp almost torn away from her head. Mr. Robson hurried to the neighboring farm house for assistance and the telephone soon brought a doctor and a party of helpers.

Mrs. Jones is an elderly woman and is very badly injured. It is hoped, however, that she will recover in time. Mrs. Harris is suffering from shock.—Brampton Banner.

John W. Van Seyke, whose public spirit did much to tide the village of Grimsby over "lean years," is dead aged 56.

NEARLY IN CONVULSIONS

With Acute Indigestion. "Fruit-a-tives" Cured Me.

NEWBURY, ONT., MAY 29th, 1913

"I am not a strenuous user of medicines or patent medicines, but I have taken nearly everything recommended for Indigestion and Constipation.

I have been so bad with Acute Indigestion that I was nearly in convulsions and had to be held. I have used "Fruit-a-tives" and I have not had another attack nor suffered at all with Indigestion since taking them.

"Fruit-a-tives" is the only remedy I ever used that did me any good, and I am grateful to "Fruit-a-tives" for making me as well as I am today, and everyone agrees that I look in firstclass health.

My husband likes "Fruit-a-tives" very much and takes them whenever he has occasion to use a remedy for Constipation"

MRS. D. McRAE

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for $2.50, trial size, 25c, or will be sent to any address on receipt of price by Fruit-a-tives Limited, Ottawa.

Amaranth Council.

Township Hall, Laurel, Nov. 28, 1913.

The Council met pursuant to adjournment. Members all present. The Reeve presiding. On resolution minutes of last meeting were read and confirmed.

Williams—West—That the Court of Revision on By-law No. 428 be now closed.—Carried.

West—Patterson—That the petition of William Harkley and others be received, and that the Engineer proceed at once and bring in his report on Drain No. 22 and extension which the above mentioned petition calls for.—Carried.

West—Ewing—That we adopt the report of R. F. West, Engineer, on outlet to drains Nos. 7, 8 and 20, known as Wansbrough's outlet.—Carried.

Williams—Ewing—That R. F. West, Engineer, be authorized to go on under Sect. 77 of the Municipal Drainage Act to improve drain 19.—Carried.

Patterson—West—That a By-law be introduced re the improvement of drains Nos. 7, 8 and 20 and that it be read a first and second time.—Carried.

Patterson — Williams — That the Clerk reply to the letter he received from the Canadian Pacific Railway Company re roadway under their bridge at Waldemar and if a satisfactory agreement cannot be reached the Council will bring the matter before the Railway Commission for adjustment.—Carried.

West—Williams—That the Clerk be instructed to have By-laws printed re outlet of drains Nos. 7, 8 and 20, and serve same on parties interested, and that we meet as a Court of Revision on said By-law on December 27th, 1913, at the hour of 10 o'clock, a.m.—Carried.

Williams—West—That the following accounts be paid:—Thos. F. Reid, bal. in full of contract on Drain No. 30, $40; Thos. F. Reid, cleaning out a portion of Drain No. 30, $30; James Kinsley, 1½ days shovelling gravel, $2.25; Thos. F. Reid, one day operating road grader, $2.50; James Attridge, 1½ days shovelling gravel, $2.25; David Hicks, bal. on account, $8.30; Thos. Burnside, 2 days' work digging out fire on w. townline, $4; A. E. Williams, pay for men and teams, work at abutment on con. 7, $100; Wm. Stewart, plank for concrete work, $15; Groskurth Bros., supplies, $6.07; V. E. Knowles, commutation statute labor, $3; V. E. Knowles, 8 yds. gravel, 56c; Thos. New, repairs to road on con. 9, lot 29, $5; A. E. Williams, part County grant on n. townline, $35; Samuel Ritchie, putting crossbeam under bridge, con. 7, lot 22, $4; Henry Cudney, digging drain on Con. 7, lot 24, $10.25; Charles Cook, repairing road on con. 8, lot 25, $16.80; Thos. Davis, cleaning out Amaranth portion of Pacy's D. & W. C. ditch, $7; R. F. West, part payment of award and report on improvement of outlet drains Nos. 7, 8 and 20, $50.00; George Doney, deepening dram on con. 8, $15; Clare Simpson, 116 loads gravel, $8.12; John Hambleton, final estimate on clearing river through e ½ 26, con 6, $5;—Carried.

West—Patterson—That we do now adjourn to meet again on Monday the 15th December, 1913, as per statute.

JNO. BRYAN, E. HAMILTON,
Reeve. Clerk.

To the Public of Orangeville and Surrounding Country.

We, the undersigned, desire to tender our thanks to all our customers and friends for their patronage and assistance during the past year. Our business relations have been of a most pleasant and courteous nature. We find, however, that a credit business is very unsatisfactory in many ways to both parties and is steadily falling into disuse in all progressive places. We find that the most successful business houses are adopting cash methods and, as we are compelled to pay spot cash for all our purchases, we have decided to adopt a strictly cash system, starting from Jan. 1st, 1914. We wish to ask your support and co-operation and we assure you of the very best possible value for your money, consistent with legitimate and fair dealing. We have the honor to be

Your Obedient Servants

C. H. SMITH & SON.

Orangeville, Nov. 26, 1913.

TIRED OF LIFE.

Railway Man of Inglewood and Wealthy Erin Farmer Commit Suicide.

A sad affair took place at Credit Forks on Saturday evening last when Mr. W. T. Burton ended his life by taking a dose of paris green. He had been about in his usual health all day and none of his friends noticed anything wrong with him. After eating his supper he sat down and read the paper for awhile and then went outside. Upon returning he went to the bedroom and shortly after was seized with vomiting. His wife asked if she should send for a doctor but he said he would soon be alright. Getting worse, Dr. Hamilton was sent for, to whom he told what he had done, but the poison had taken such effect that nothing could be done and he died on Sunday morning. No reason can be assigned for the rash act, as he was in good health, earning good pay and had no troubles whatever. He was one of the School Trustees, and was a member of the Canadian Foresters. The interment took place to Erin cemetery on Tuesday afternoon. A wife and three children survive, who in their sad trouble have the sympathy of the entire community.

Mr. Burton was formerly the roadmaster's Clerk at West Toronto. He was a good office man, but his health failing he secured an outside job and had been at Credit Forks for about ten years. His duties were the overseeing of extra work at the stations along the line and he supervised the putting in of several switches at Brampton.

On Tuesday, the day Mr. Burton's body was being buried in Erin cemetery, which is on the farm of Mr. James Coke, the body of the latter was found hanging in a shed.

The whole neighborhood was shocked when the sad event became known. He was an extensive and wealthy farmer, very highly respected and a heavy breeder in Polled-Angus cattle.

For many years Mr. Coke lived in Caledon near the Erin line on the farm now owned by Councillor Wrigglesworth.

Mr. Coke lived with two sons on his farm. No reason has been given for the suicide.—Brampton Banner.

Here's A Friend Indeed

Constipation is the bane of old age—harsh cathartics aggravate, avoid them and use Chamberlains Tablets, the mildest and gentlest of laxatives—best for the young, the middle aged and the old. 25c. bottle—Druggists and Dealers, or by mail.

Orillia township council passed a resolution that after this year those who are receiving assistance from the council must either become inmates of the House of Refuge at Beeton or depend on their own efforts for sustenance.

DUFFERIN AND DISTRICT DOTS.

Events of Exchange and Items of Interest.

Bolton Curling Club has reorganized.

A hockey club has been organized in Alliston.

The debenture debt of Halton County is $297,850.

189 new houses have been erected in Berlin this year.

Hon. James Duff denies he promised Guelph winter fair a new arena.

The new $35,000 G. T. R. station in Stratford was opened last week.

A moving picture license fee of $60 has been fixed by Georgetown council.

Alliston Presbyterians have extended a call to Rev. M. F. Cree, of Norwood.

Harriston town council has fixed the license for the sale of cigarettes at $75.

Mr. Cecil Alton will have charge of Markdale skating rink again this winter.

Dr. John Ferguson, of Kincardine, has been appointed coroner of Bruce County.

Mrs. Wm. Patterson, of Fergus, celebrated her 87th birthday early this month.

Waldemar Presbyterian Church will hold its annual tea meeting on New Year's night.

Geo. M. Fox, reeve of Drayton, has been elected Treasurer of Wellington County.

A gang of expert pickpockets operated with considerable success at Guelph Winter Fair.

George Clayton, of Grand Valley, had one of his legs broken on Wednesday of last week.

Mrs. Peter Gould, of Guelph, dropped dead from heart failure after eating a hearty dinner.

T. H. Reburn has sold his brick dwelling house in Shelburne to Henry Pellett, of Conover.

Dundalk tax roll for 1913 amounted to $8100. It has all been collected except a little over $200.

The spring assizes for Halton will be held on Tuesday, March 10th, with Chief Justice Meredith presiding.

Mr. S. Damude, a resident of Flesherton for many years, died in Toronto recently at the age of 77.

Reeve Moore, of the Georgetown Herald, has decided that he will not be a candidate for the Reeveship for 1914.

Mrs. R. C. Bryden, the widow of Markdale's first town clerk, passed away in Toronto recently aged 85 years.

Mr. J. F. Burke has vacated The Maple Leaf hotel in Tottenham and moved across the road to The Queen's.

Mr. J. F. Durant last week sold his 100-acre farm on the 12th con. of Egremont to Mr. John Adair, of Normanby.

W. H. Giddy, a Port Hope cattle buyer, was seriously injured by being gored by an enraged bull in the stock yards.

Tottenham ratepayers will vote to raise $14,000 for a system of waterworks. The by-law should carry unanimously.

R. J. Kerr, auctioneer, sold the grain and roots at the Winter Fair, Guelph. Oats sold from $1.00 to $1.50 per bushel.

Mr. Russell Williamson, of the Albion-King townline, had his barn and its contents destroyed by fire a week ago Sunday.

Two-year-old Phyllis Graham died at Cobalt from eating some raw dough her mother was making into a Christmas pudding.

Mr. Kilburn Russell of the Dundalk Herald staff, has moved to Oshawa, where he has taken a situation on the Vindicator staff.

John Hastings, of Elora, a Guelph Winter Fair visitor, found himself minus a $200 roll of bills when about to board the train for home.

While cutting poles in the bush Ed. Srinson, who lives near Flesherton, had the misfortune to cut about an inch off his left fore finger.

Mrs. Joseph Foster, of Shelburne, died a week ago yesterday morning after a brief illness from pneumonia. She leaves a husband and one daughter.

Cochrane Board of Trade has been assured that, in the spring, the Cobalt "special" will again be run to Cochrane, instead of just to Englehart.

St. Thomas Board of Education by 5 to 3 refused permission to pupils to use the collegiate institute for an "at home," because dancing was on the programme.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

The Oakville Record is now in its seventh year. Mr. W. J. Fleuty, the veteran newspaperman at the helm, has made the venture a success.

St. Catharines City Council will appeal against an award of damages to a woman who was injured by a depression of 1½ inches in a crossing.

Herman Mills, third son of Mr. and Mrs. Thomas Mills, Melancthon, died on Dec. 6th after less than a week's illness from blood poisoning. He was in his 20th year.

The oldest Orangeman in Ontario died a week ago Saturday near Milverton. He was in his 94th year, and had been a member of the Orange Order for over 74 years.

Hon. James Duff, Minister of Agriculture, and the makers of the stallion enrollment act came in for vigorous criticism by horse breeders at the Ontario Winter Fair at Guelph.

Rev. J. R. Patterson, of St. Paul Methodist Church, St. Catharines, has accepted, provisionally, an invitation from Centennial Methodist Church, Dovercourt Road, Toronto.

The Ontario Board of Health has directed the city of St. Catharines to establish a filtering system in connection with the waterworks system, a mechanical filtration of the gravity type preferred.

Mr. William Nelson Lawrence, third son of Mr. and Mrs. Wm. Lawrence, of Honeywood, and Miss Eva Tupling, daughter of Mr. and Mrs. George Tupling, also of Honeywood, were married on Tuesday.

Two old maids were recently discussing their Christmas wants. One said it would take a long pair of stockings to hold all her requirements; the other said a pair of socks would hold what she wanted most.

At the recent Winter Fair at Guelph, Mr. Peter McLaren, township clerk, of Erin, won first prize on the Golden Multiplier field pea. This is five firsts and two second prizes Mr. McLaren has won, seven years in succession.

TIRED-OUT KIDNEYS.

Kidney troubles are so frightfully common because the kidneys are so easily upset by overwork or excesses of eating and drinking. Curing is effected not by whipping them on to renewed effort, but by awakening the action of liver and bowels by the use of Dr. Chase's Kidney-Liver Pills. This rests the kidneys and makes them well. Backache and urinary disorders then disappear.

Frances Spilsbury Boswell, relict of the late W. J. Fowlie, of Peterborough, died at the residence of her daughter, Mrs. Geo. E. Smith, of Elba, recently, aged 72 years. The remains were interred in the cemetery at Port Hope.

W. H. Handy, near Elmvale, lost five horses by poisoning, resulting from the drinking of impure water from the cistern. The loss was nearly one thousand dollars. Mr. Handy's neighbors turned out and finished his fall plowing.

The Coyne House, Mount Forest, narrowly escaped being burned recently. Coals from the stove destroyed the floor in the hall for quite a space. It was hardwood and wet from scrubbing or a fire would likely have occurred.

Chas. Parker, of Chesley, was unfortunate enough to lose a valuable horse for which he paid $235 a few years ago. The horse got loose in the stable, pushed over an oat box that covered a 40 foor well in the stable and fell into the well.

A fine of $100 and costs was imposed on J. C. Nichol, proprietor of the Midaugh House, Durham, for having over-proof beer on his premises. A $100 fine was imposed on the same man some three weeks ago for refusing inspectors admittance to the bar.

At Berlin, Henry T. Stroh and Wm. Duench, of Elmira, have sued for the return of debenture shares amounting to $6,000 invested in the Home and Union Life Insurance Companies, from John W. Ford, local representative, and the National Agency Company.

Sheriff Henderson and William Henry, the arbitrators appointed to settle the dispute between John Foster and his son, Wesley Foster, both of Cheltenham, have arranged matters satisfactorily to both parties. The son is to have all the articles he claimed in the threshing outfit and to pay $150 additional for them, and is also given a certain time in which to make all payments due.

An honorarium of $300 for Town Clerk W. R. Smith, Ingersoll, has been recommended by the Finance Committee of the Council. On the first of September last Mr. Smith completed 25 years of efficient service as Town Clerk. In addition to the honorarium an increase in salary of $220 per annum is recommended, to date from September 1st.

James Magill, of Brampton, has installed a wireless system on the grounds surrounding his residence. The system is powerful enough to communicate with the Cape Cod station and other distant points. The young son of Mr. Magill has been long interested in wireless telegraphy and the system was installed for his use. A tower on top of the house provides a capital station as it is seventy-five feet above the ground.

John Nicol, of Edmonton, formerly of Owen Sound, son-in-law of Hugh Falconer, reeve of Shelburne, appears to have had a run of bad luck during the past few years. A few years ago his planing mill in Owen Sound was destroyed by fire. He rebuilt it and it was destroyed again by the flood. He then moved to Edmonton, Alta., and started business there. Two weeks ago he had the misfortune to have the four fingers of his right hand severed by a shaper in the planing mill. He is now in Edmonton Hospital.

Cash for Coal

Lathwell & Son, coal and wood dealers, have decided to adopt the cash system, commencing on January 1st, 1914. On and after that date credit will not be given and all orders will be filled on the understanding that they are to be paid for as soon as the coal or wood is delivered. Customers who owe accounts are reminded that the firm will expect to have these settled on or before the New Year.

Institute Meetings

Farmers' Institute meetings will be held in Dufferin County next January as follows:—

Wednesday, Jan. 7th—Jessopville, afternoon; Keldon, evening.

Thursday, Jan. 8th—Riverview, afternoon; Corbetton, evening.

Friday, Jan. 9th—Orange Hall, Violet Hill.

Monday, Jan. 12th—Granger, afternoon; Mono Centre, evening.

Tuesday, Jan. 13th—Carrella, afternoon; Whittington, evening.

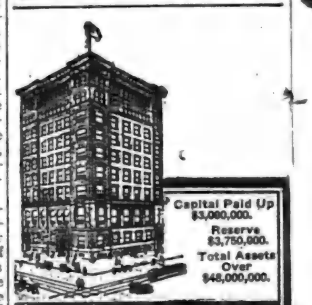
Wednesday, Jan. 14th—Bowling Green.

Thursday, Jan. 15th—Workmen's Hall, Honeywood.

Friday, Jan. 16th—Orange Hall, Perm.

Saturday, Jan. 17th—Rosemont.

The District Representative of the Department of Agriculture is also arranging for a series of special meetings at Grand Valley, Hornings Mills, Laurel and Marsville.



Mr. J. W. Stockdale, of Bolton, attended the poultry show at Teeswater with his White Orpingtons and in addition to winning four firsts and two seconds carried off the special prize for the best collection of birds of any breed.

Fred Johnston, six-year-old son of J. B. Johnston, Orillia, threw a stone at a torpedo, used on the railway track as a signal. The torpedo exploded and struck his hand. The prongs became fastened in the fleshy part of the hand and had to be cut out.

Announcement is made of the engagement of Alice S. (Allie), daughter of Mr. and Mrs. W. Kenneth Elliott, Brampton, to Mr. S. Craig Evans, of Hagersville, the marriage to take place about the New Year.

Hydro rates for Guelph are to drop $1 on January 1st, making the new rate $21.00 per horse power. As Guelph has a contract for 1600 h.p., this will mean a saving of $1600.

BANK OF HAMILTON

YOUR PRESENT SALARY

YOU once earned a smaller salary than you are now getting, and managed well enough. You also enjoyed about as many pleasures. Have you ever considered how much the difference between what you are making now and what your wages were then would amount to in a few years if deposited at interest with this bank?

Make up your mind to save a certain part of your salary and deposit that amount each pay day in this bank, where it will earn the highest current interest.

One dollar will open an account.

Farms For Sale

200 ACRE FARM

about a half a mile from the C.P.R. station, Orangeville. This is known as the Mitchell property, and is one of the best farms in the country. It is particularly well located and adapted for both grain growing and stock raising. There is a large bank barn, a good stone house and other out buildings. The farm is well fenced and in a good state of cultivation. This is a very choice property. Price and terms on application.

150 ACRE FARM

in the township of Erin. Good barn, house and other out buildings. The farm is well fenced and in a good state of cultivation, and is well located to market, church and schools.

100 ACRE FARM

in Garafraxa township. This is a mixed farming proposition. Good brick house, and bank barn. The Grand River runs through this farm. It is well located, being convenient to Waldemar and Grand Valley. This is a good stock farm and will be sold very cheap and on easy terms.

200 ACRE FARM

in the township of Caledon, within two and a half miles of the village of Charleston. Good bank barn, and brick house and other out buildings. This is a good farm; convenient to churches, school and markets. Price and terms very reasonable.

200 ACRE FARM

at Mono Centre known as the Laidlaw farm. This farm adjoins the village; has good barns, stables, stone house and other out buildings, with splendid spring water. This farm will be sold on easy terms, and the price very reasonable. For further particulars regarding any of the above properties, write or 'phone me.

THE BANNER

THE BANNER, DEC. 25th, 1913.

CHRISTMAS DAY

Another year has almost passed away and the joyous Christmas season is here again with its world-wide message of "Peace on Earth and Goodwill Toward Men." Who is there that hears that message and does not welcome it? Who is there that does not rejoice at the approach of Christmas with its brief respite from the cares, the toil, the dissensions and the disappointments of everyday life? The man or woman is surely deserving of pity, in whose mind the magic word "Christmas" does not arouse pleasureable anticipations and does not revive a host of precious memories. Christmas has gripped the hearts and thoughts of the peoples of many climes as no other feast or holiday has ever done. On the first great Christmas morn more than nineteen hundred years ago God gave to mankind the most precious gift He could bestow in the person of His only Son, our Saviour. In this gift, He gave the world the proof of the greatness, the tenderness and the unselfishness of His love. It is mete then that at this season the thoughts that ought to be uppermost in every mind should have as their object and inspiration the unselfish love that finds its expression in the effort to promote the happiness of others. This consists not so much in the mere giving of presents, as in the giving of the best that each of us has to the service of making others happier. It takes more than mere presents or money to bring happiness. These may serve an important purpose, but behind them should be kindness, thoughtfulness, sympathy, readiness to encourage and the disposition to help. These are after all the greater gifts, and because they are greater most of us find them harder to bestow. It has been aptly said, that to get the most out of Christmas one must find the secret of joy in this kind of giving. Why is it that everybody looks so much happier and so much more cheerful on Christmas Day? Is it not because men and women have for one day in the year dropped out of the habit of striving to get and turned their attention to the matter of giving. Practically everybody unites for the time being in a general and usually a whole-hearted effort to make everybody else feel happier and better. Is there not food for reflection in the thought that it is because of this spirit of unselfish altruism that Christmas is the gladdest and the happiest day of the whole year? Does it not give a glimpse of the possibilities of happiness, service and the upward development of the human race, if society could be organized on some more co-operative plan, under which the evils of the present competitive system could in some measure be eliminated and men taught to so direct their energies that the efforts of each would be for the good of all and the efforts of all for the good of each.

MUNICIPAL NOTES.

Reeve Leavens, of Bolton, will seek re-election and may be opposed by Mr. James Clarke.

William Martin and ex-Councillor Wm. Baxendale are aspirants for the East Luther council.

It is rumored that Mr. T. F. Brown may oppose Reeve Falconer for the Shelburne reeveship.

The Star and Vidette states that Reeve Menary, of Grand Valley, will be returned by acclamation, provided he can be induced to stand for a second term.

Reeve John Wilkinson, of Chinguacousy, is retiring. The probability is that there will be a contest for the office between the present deputy-reeve, Mr. Little, and Messrs. Moran and Lightheart.

Mr. P. J. Cunningham, assessor of East Luther, has resigned and is in the field for the reeveship. Reeve Hilborn is asking for re-election, so that East Luther is certain to be the scene of a keen municipal fight.

The municipal pot is boiling vigorously in Albion township. The present reeve, Mr. J. H. Moffatt, who is also Warden of Peel, is likely to retire. Already no less than four candidates, Messrs. Hutchinson, McCabe, Horan and McCort, are understood to be in the field. Each of the four has a strong following and if they all stand the fight will be both hot and exciting. Mr. T. R. Evans, a useful member of the 1913 council, will seek re-election.

There is a good deal of uncertainty as to what nomination day may bring forth in Caledon township. Reeve Limebeer is said to want another term and Deputy-reeve Armstrong is credited with a strong desire to occupy the reeve's chair. A fight between Limebeer and Armstrong would give the electorate the worth of their money, but Thos. Quinn would hardly allow the golden opportunity to slip by. In a triangular fight between Armstrong, Limebeer and Quinn there is no telling what might happen.

If Armstrong should cross swords with Limebeer for the Caledon reeveship, it is likely that Couns. Kamawin and Wrigglesworth would furnish the fireworks for the deputy-reeveship. They should make a great contest.

Indications point to the return of this year's Mono Council without opposition. If there is a fight at all Deputy-reeve Moffatt will likely have a try for the reeveship. In that case Coun. W. J. Henry and Mr. T. J. Parks would likely line up for deputy-reeve.

Coun. J. R. Hillyard will seek re-election to the Caledon Council. Simon Kearns jr., Jas. Lamont, James Ritchie and Wm. Toase are some of the new men spoken of and of course P. T. McDevitt intends to run again.

There is some grumbling in East Garry over high taxes. The discontented are endeavoring to induce Mr. Jas. Brown or Coun. Burnett to enter the field against Reeve Ferns.

The situation in Amaranth is wrapped in uncertainty, although there is every likelihood of a keen contest. Deputy-reeve Williams is out for the reeveship and it is said that he will be opposed by ex-reeve J. S. Spence, Mr. W. J. Hamilton or Reeve Bryan. Mr. Bryan wishes to retire, but is being strongly urged to remain at the helm until the House of Refuge question is settled. Councillor Reuben West is likely to stand for deputy-reeve.

There is almost sure to be a keen contest in Melancthon. The fight for reeve may be four-cornered with Reeve Dryden, ex-reeve Wm. McGhee, deputy-reeve Cornett and ex-deputy-reeve Robt. Fawcett as the candidates. In that event Couns. Reid and Prentice would probably fight it out for the deputy-reeve's position, and the ratepayers would have to find at least two new men for Councillors.

Mayor Island, of Orangeville, is almost certain to get the customary second term without opposition. Councillor White is being urged to oppose Reeve Fairbairn for the reeve's chair, but has not made any public declaration of his intentions. Deputy-reeve Arnott is out for another term and all, or nearly all, of this year's Councillors intend to stand again.

The retiring members of the Orangeville School Board are:—North Ward, F. W. Ritchie; East Ward, J. R. Hughes; South Ward, H. A. Duke; West Ward, A. D. McKitrick.

Nominations will take place next Monday and voting a week later. In the townships the nomination meeting will be held in the afternoon. In Orangeville nominations will take place in the Town Hall from 7.30 until 8.30 and will be followed by the customary public meeting.

THE WEEKLY SUN

I enclose cheque for my subscription to The Sun. I think it is one of the best edited and most independent papers in Canada.—Jno. Johnston, Brant County.

There is not any testimonial or expression of appreciation that counts as does those that are accompanied by cash, their sincerity cannot be questioned.

I would not be without The Weekly Sun, it helps me to make farming pay by giving the correct market price.—Jno. G. Eitel, Norfolk.

Truly there is no other paper just like The Sun. It is peerless in the advocacy of right and justice, condemning unscrupulous methods wherever found. May its influence ever increase.—R. B. McLean, Huron County.

The above is but a sample of the many hundreds of unsolicited expressions received from Sun readers. You should subscribe for The Weekly Sun, the farmer's business paper. You will find it profitable reading.

ONTARIO STALLION LAW.

Under existing Ontario legislation no person is permitted to offer a stallion for service until the animal has been enrolled by officers of the Provincial Department of Agriculture, and until a certificate of such enrolment of the certificate is used. The law further provides that owners may, on request, have their horses inspected by officials appointed by the Department and that particulars of such inspection shall form part of the certificate issued. Four forms of certificate are issued to stallion owners under the existing law. Number one for pure bred, unblemished and inspected horses; Number two for pure bred, inspected and blemished; Number three for purebred, not inspected, and number four for grades.

It is now proposed, according to statements made at the Winter Fair to have additional legislation enacted under which inspection shall be compulsory. It is possible that the new legislation may go still further and provide for classification, by Provincial authority, of pure bred and unblemished stallions into three grades, this grading to be based according to the judgment of the Provincial officials having to do with these matters.

If this latter proposition is carried into effect Hon. James Duff will find himself in water a good deal deal warmer than any he has been in yet. It is a comparatively easy thing to say whether a horse is pure bred or not; no great difficulty is experienced by experts in stating whether he is blemished or not. But there is no fixed standard of conformation, under which groups of animals, all pure bred and all free from blemish, can be classified into ones, twos and threes. Such classification depends on individual judgment, as to form and action, and individual judgment in these matters varies almost as much as the animals themselves. To allow a board, appointed by the Department of Agriculture, to say that one pure bred unblemished animal is of number one quality, and that another pure bred unblemished one is number three quality would give room for the display of favoritism and charges of favoritism that would make the judging ring at a fair seem like a social party of the dumb.

It is all very well for the Department to compel stallion owners to state the breeding of their animals and to expose their blemishes. Individuals interested had better be left to use their own judgment in the matter of conformation.—The Weekly Sun.

KIND WORDS.

We reproduce herewith references made by a number of our exchanges to our illustrated industrial issue of two weeks ago:—

The Orangeville Banner published a very creditable and profusely illustrated special edition last week.—Harriston Review.

Great credit is due the Orangeville Banner for its special illustrated "industrial edition" of the County Town.—Shelburne Economist.

The Orangeville Banner issued a profusely illustrated special Christmas number last week. The issue is a magnificent souvenir number and a credit to The Banner print shop.—Flesherton Advance.

The Orangeville Banner last week issued a full ten page illustrated supplement containing much valuable history regarding Orangeville and Alton, and other valuable and interesting matter. We congratulate The Banner on its enterprise.—Mt. Forest Confederate.

The Orangeville Banner published a fine illustrated number last week showing many points of interest and prominent individuals of the town. Among the latter are the handsome features of Councillor James A. Matthews, one of Acton's honored sons.—Acton Free Press.

The industrial number of the Orangeville Banner which appeared last week is a very creditable production. The ten large pages which comprise the number are full of bright reading matter, liberally illustrated with half tones of the town and its prominent citizens.—Bolton Enterprise.

A very interesting edition of the Orangeville Banner was issued last week when the regular newspaper was supplemented by ten pages devoted to the industrial and home life of Orangeville and the adjacent village of Alton. The special number was printed on fine calendared paper replete with illustrations and pen sketches. The names of W. E. Rogers and F. S. Pickering, both Mt. Forest boys, figured as successful business men. Altogether the issue is very creditable and we congratulate The Banner upon its success.—Mt. Forest Representative.

Letters have also been received from a number of appreciative subscribers and friends. Space limitations prevent us from publishing all of these. Here are a few samples, which show how our special issue was received abroad:—

Toronto, Dec. 19th, 1913.

The copy of your valuable paper came to hand on Saturday last and I consumed half of the Sabbath in its interesting reading. While I had always heard that Orangeville was a brisk little town, I had no idea that its business activity was such as expressed in the numerous columns of your own journal.

Leonard Smith.

Mr. Smith is the private secretary of Mr. R. J. Fleming, manager of the Toronto Street Railway Company.

Moose Jaw, Sask., Dec. 15, 1913.

Dear Sirs,

I wish to congratulate you on the fine illustrated supplement to your issue of Dec. 11th received to-day. It is extremely interesting and very valuable for reference, for which purpose I intend to keep it.

Wishing you the compliments of the season and every success in the coming year, I am,

Yours very truly,

Angus W. MacPherson.

Mr. MacPherson is the eldest son of Mr. D. MacPherson, librarian. He is connected with the firm of Davis & Macintyre, financial agents in Moose Jaw.

ARE YOU VERY BUSY?

Every little while you read in the papers that so many persons have died from Consumption.

It is all very far-off and matter of fact and possibly it scarcely arrests your attention.

Do you ever realize that each one of those "cases"—mere items in an official record—is a black tragedy to somebody, that behind each one of them lies long, hopeless days of pain, feverish nights of despair, lifetime plans that must be laid away, grinding poverty, perhaps a wife to fight her own way afterwards or children who know hunger now that the father is gone.

Just suppose it were your tragedy. Suppose it were your father, your mother, your brother, sister, husband, wife, your child, or perhaps your sweetheart, and you with the hospital doors shut in your face, wringing your hands in utter helplessness while the crowds hurry by, engrossed in their own affairs.

But no! You are in that crowd and you don't hear either because you are busy.

But wouldn't you give—and gladly—if you knew that what meant so little to you would go far to bring back the glow to somebody's wan face or the laughter to somebody's lips?

Just sit down and think of the one you love best in the world. Then say "If she lay there——" or "If he lay there——"

For eleven years now the Muskoka Free Hospital for Consumptives has cared for those whom others love best, and hundreds of them have gone home again well and happy. It keeps its doors open because a few busy people like you stop for a moment and remember.

Are you going to remember this Christmas?

Don't put it off. Use the attached form in sending your contribution.

To help the Muskoka Free Hospital for Consumptives continue its life-saving work, I gladly enclose the sum of $.....

Name.....

Address.....

$ 5.00 will provide maintenance for a week.
$ 25.00 will pay for four weeks.
$250.00 will endow a bed for a year.

Since the need is such a permanent one, I should also like to subscribe $..... Register my name accordingly.

Contributions may be sent to W. J. Gage, Esq., 84 Spadina Ave., Toronto, or to R. Trotter, Esq., Treas. National Sanitarium Association, 347 King St. W., Toronto.

IN ST. ANDREW'S

Professor Law, of Knox College, Addressed Large Congregations on Sunday.

Successful Anniversary Services were held in St. Andrew's church on Sunday and drew large congregations, morning and evening. Prof. Law, of Knox College, who has a wide reputation as a polished and scholarly pulpit speaker, was the special preacher of the day. His masterly discourses were followed with the closest attention and made a deep impression on all who heard him.

In the morning Prof. Law spoke on Service, taking as his text, Acts 13:36, "For David, after he had served his own generation, by the will of God fell on sleep and was laid unto his fathers." The true ideal of life, Prof. Law held, was service. The law of service held good in the natural as well as the material and spiritual world. The stars, the tides and every living creature had their place and purpose and that purpose was to serve. In the light of the ideal of service Christ criticized other ideals and showed their inadequacy. Some of these false ideals the speaker discussed at length, enumerating the ideals of enjoyment, power and selfishness, showing how insufficient each of them was when tested by the true standards of life. When the ideal of service is lost sight of life becomes decadent and corrupt whether in the individual or the nation. The speaker was severe in his denunciation of certain present day tendencies, which he said a writer had characterized as "scrupulous dining and not too scrupulous love making." All true service had a double aspect—the good of our own generation and the fulfilment of the ultimate and eternal purpose of God. In his evening discourse Prof. Law discussed Man's reasons for his belief in Immortality, speaking from John 14:2, "If it were not so I would have told you."

Under the able leadership of Mr. J. E. Jessop the church choir led in the service of praise and also gave several special numbers. The morning selections were the anthems, "Seek Ye the Lord" and "The First Christmas Morn," the former with solo by Mrs. Boswell. The evening numbers were the anthem, "Hark, hark, my Soul," with solo by Mr. Jessop and duet by Miss Harshaw and Mrs. Boswell, a solo, "King David's Lament" by Mr. Jessop, and "The Anthem Celestial" by full choir with solo by Miss Bea Harshaw.

The Board of Managers asked the congregation to make the day an occasion for paying in arrears of subscriptions to the general and mission funds of the church and also made a request for a special contribution for the purpose of providing for an anticipated deficit. The response was highly satisfactory, the offertory amounting to $744.90.

If you want bargains in boots and shoes call on McPherson & Johnston this week. They have some lines on sale at prices that will interest you.

Over 50 acres fall plowing done. Soil is a rich, clay loam suitable for grain or mixed farming. Rural mail delivery. For terms and further particulars, apply to

ATKINSON WHITE,
R. R. No. 3,
22-4t. Orangeville, Ont.

TO OUR PATRONS

We herewith beg to announce that on and after Jan. 1st, 1914, this business will be conducted on a

Strictly Cash Business

Owing to the existing and unprecedentedly high prices in the hide market and as the future promises no downward tendency, we believe and feel that by adopting the above mentioned system both buyer and seller will be benefitted. The purchasing power of a cash dollar is always greater than that of a credit one.

It is also our wish to hereby express our heartfelt appreciation and thankfulness to our many friends in Orangeville and surrounding country for their valued patronage during the 38 years of our business career.

Believing that this readjustment of business methods will prove of great benefit to all concerned, we beg to remain,

Yours Truly
Thos. Wright & Son.

HOUSE TO RENT.

House to rent on Little York St., Orangeville. Apply to Mrs. James McDonald, 154 Mavety St., Toronto, or to Mrs. Ellis, opposite side of York St.

FARM FOR SALE.

162 acres, being Lots 281, 282 and 283, 1st Con., S.W., T. & S. Road, Melancthon, on Gravel Road, one mile north of Melancthon Station. About 75 acres cleared; new buildings and good well with windmill. Only a small payment required, and terms easy. Apply to

S. SAWDEN,
1612 Queen St., West,
Toronto,
or see James Hammond,
Melancthon P.O.

CHANGE OF OFFICE.

Dr. Carson has removed his office from his residence to T. J. Brown's drug store, where he will now be found during office hours. Night calls should, however, still be sent to his residence.

Phone numbers: Office, 9b; residence, 36.

FOR SALE CHEAP

LOT 9, BLOCK 2, PLAN 195, in South Ward of the Town of Orangeville. On the property there is a good brick house, 1½ stories high, 7 rooms, and frame woodshed, a frame stable and a lot of small fruit. The town water is in the kitchen and there is a good cistern at the door. For particulars apply to T. G. Legate, Orangeville, or to E. T. or Robt. Barbour, R. R. No. 4, Erin, Ont.

MARSVILLE.

The residence of Mr. and Mrs. Geo. Simpson, of the 14th con., was the scene of a pretty event on Wednesday of last week. The occasion was the marriage of their only daughter, Margaret, to Mr. Isaac Simpson, of The Maples. Promptly at 2 o'clock, as the strains of the wedding march, played by the groom's sister, Miss Kathleen Simpson, pealed forth, the bride and groom took their position under an artistically constructed evergreen arch, neatly decorated with satin ribbon, where the nuptial knot was tied by Rev. R. S. Scott, of Hillsburg. The bride, who was given away by her father, was prettily attired in white satin and wore the customary bridal veil, and was attended by the groom's sister, Miss Alice Simpson, while the groom was supported by Mr. Henry Simpson, the bride's brother. The groom's gift to the bride was a beautiful necklace. After the ceremony, the usual congratulations were extended and a dainty wedding repast was served in the latest style. The happy couple took the evening train from Orangeville to Toronto. On their return they will reside at The Maples.

Mr. Henry McGowan, who has been in the West for the past eight months, returned last week. Mr. J. T. Handley also returned to spend the winter with his mother.

Court Shakespeare A. O. F. held its annual oyster supper in the Town Hall, Orton, on Thursday evening, when the members and their wives enjoyed the social event. After justice had been done to the good things provided, Bro. N. Dearing, C. R. took the chair, and an enjoyable programme was rendered. Instrumental music was supplied by Mr. W. Haws. Miss Mary Dearing gave an appreciated recitation. Bro. Griffith, of London, gave an address on "The good things of the Order." Bros. T. Dearing, D. Haws and L. Boggs, also spoke encouraging words of the high standing of the Order. The following officers were elected at the last regular meeting: P.C.R., V. Armstrong; C. R., N. Dearing; Sec. L. Boggs; Treas., Jas. Nevills; S. W., S. Dearing; J.W., A. Black; S.B., B. Greaves J. B. B., D. Depew.

GLENCROSS.

At the regular meeting of Purple Valley L.O.L. No. 84 on Friday, Dec. 12th, a resolution was passed tendering the W.M., W. Bro. Jos. M. Island, the condolence of the Lodge on account of the death of his sister, Mrs. John. Little. W. Bro. Island was also presented with the following address:—

Bro. Jos. M. Island,
Retiring W.M.

We, the Committee and members of this Lodge, take this opportunity of expressing out thanks to you, on this the last meeting of the year, for your untiring and therefore successful efforts in the capacity of W. M., and we heartily congratulate you on the high position you occupy as W.M. of one of the most successful lodges in the County, as the report to the District Lodge will show an increase of more than double the membership of last year, of which we are sure you may be justly proud. We wish you success in all your undertakings through life and that you may live to fill the chair for years to come.

Signed on behalf of the Lodge:
Jno. Pierson
Jos. A. Pierson
Robt. McKenna
Jos. Jeffers
Fred Jeffers
Committee.

SPEERSVILLE.

If the Editor will kindly allow me space in his paper I will jot down some of the happenings of our burg. We have had a lovely Fall and the farmers have their work pretty well finished ready for winter. There is beautiful moonlight these nights, but some are making very bad use of it, when they wander about and steal fowl. "Stolen meat is sweet" and the fowl supper, which was eaten about a month ago must have left such a craving in the partakers' mouths that they thought they would try another stolen feast this past week. Now, we and everyone else, who knows anything at all about the matrons of the community feel certain that none of these cooked the stolen meat. The loser feels satisfied that the thieves are well acquainted with the plan of his buildings and has his opinion as to where the fowl went. We will leave your readers to form their own opinions as well. Christmas is the time for giving, but if it is the time for taking we never heard of it before. There is work for everyone, who is willing and good wages and we know of no one hereabouts in such dire circumstances that they cannot buy instead of steal. If such there be they will find this a charitable section if they let their wants be known. This is the beginning. Let us hope that it does not be like the maxim "Great oaks from little acorns grow." If it does the thieves will find themselves behind prison bars, where shame and misery await them every day. Thanking you for your valuable space I will now close.

LAUREL.

I was glad to learn that we had a post in our midst. Our burg has been talking of nothing else since, but trying to find out who it was and they don't know yet.

A large gathering was held in the basement of the Methodist Church under the auspices of the young men of the Epworth League on Tuesday evening of last week, when the members of Laurel Presbyterian Guild paid the Methodist League a friendly visit. The Presbyterians took charge of the topic and programme and at the close a Bible contest was held. Two prizes were given. The first prize, which was a box of chocolates, was won by Mrs. J. S. Stevenson, but Mrs. Stevenson was not willing to accept as she said she had not intended to compete for the prizes as she had no partner. The prize was therefore divided between the next two couples who were a tie. They were Mr. W. Penny and Miss C. E. Liddy and Rev. J. E. Ball and Mrs. R. Stevenson. The other prize—a stove brush—was awarded to Ray Cox and his partner. The meeting closed with the singing of God Save the King.

The fine weather still continues and it looks like a great Christmas.

Our local store is doing a rushing business these days.

Quite a number of old friends are visiting here for Christmas.

A grand debate is being arranged for Tuesday evening, Dec. 30th, in connection with the Citizenship Department of our League. The subject selected is "Resolved that the Northwest offers more advantages to the young men or woman than Ontario." The affirmative will be captained by Mr. W. Penny and the negative by Mr. Hunter Nelson. The captains will have capable assistants. The subject is one in which all young men and women are interested in view of the general movement that is taking place from Ontario to the West. We hope there will be a large crowd out to hear the debate. Everybody will be heartily welcomed.

We are sorry to lose one of our young ladies, but Eli thinks it is best.

Rev. H. V. Ellison is arranging for a special Lantern service on the Life of Christ next Sunday evening.

About 25 of the lady friends of Miss Jessie Johnston gathered at her home last Friday evening and gave her a pleasant surprise by presenting her with a kitchen shower, consisting of a large number of useful and serviceable household articles. Miss Johnston and her parents proved delightful entertainers and a most pleasant evening was spent in music, conversation and innocent amusements. A dainty lunch was served and all joined in singing "Auld Lang Syne," before departing for their respective homes.

The Methodist Sunday School held its annual Christmas entertainment on Monday night. The affair attracted a large and appreciative audience. A delightful programme of dialogues, recitations, singing, drills etc, was provided by the children of the school. Rev. J. S. Stevenson presided. Santa Claus put in an appearance at an opportune time and made everybody happy by a generous distribution of Christmas gifts. The proceeds amounted to $45.

Around the country far and wide
You hear this question on everyside
"Did you last week's Banner see?
Who ever could the author be."

Please do not rack your brain and mind,
The author's name in trying to find.
No harm was meant to anyone,
We only thought to have some fun.

If incidents from time to time
You chance to read in simple rhyme
From hidden meaning they shall be free,
They will be written by
Poet Bumble Bee.

CALEDON.

While Mr. and Mrs. John McHugh were on their way to Orangeville a week ago Friday a very sad and serious accident befell them. They had only gone a short distance from home when their horse, which is a young and spirited animal, took fright at a man approaching on horseback and became unmanageable. He turned around so quickly that he overturned the buggy in an instant, throwing the occupants out and running away. Mr. McHugh had the misfortune to have his hip bone broken and an arm dislocated at the elbow, while Mrs. McHugh sustained a compound fracture of the wrist. Fortunately the accident happened opposite Dr. Thomas' residence and the doctor was on the spot almost immediately and had them taken to their home and summoned Dr. McKinnon, who assisted him in reducing the fractures. Mr. and Mrs. McHugh have both suffered considerable pain, but are now progressing as well as can be expected. Much sympathy is expressed for them in this community and we wish them a speedy and complete recovery in the very near future.

Mr. H. Stuckey & Son, our accommodating and progressive merchants, have purchased the stock and rented the store of Mr. W. J. Stubbs. They have now the entire trade of this prosperous community and are doing a rushing business. We wish them success.

Mr. John Vance, of Mono Mills, has been blasting stones in Mr. Thos. Smith's field by using a new and very powerful explosive, which certainly did good work for the burly Scotchman.

Local Methodists are expecting a bumper house at their entertainment on Xmas night, when Rev. Dr. Cleaver, the celebrated lecturer, will deliver his address on "The Life of Jean Val Jean."

The same old wish, but none the less sincere,
A Merry Xmas and a Happy New Year.

MONO MILLS.

Rev. R. W. J. Perry will conduct the service in the church here for the last time before leaving for his new appointment on Sunday next commencing at 11 o'clock a.m.

Miss Lila Dredge, of Nassagewaya, is visiting her sister, Mrs. Ira Stork.

Miss Jordon, of Lindsay, is re-engaged as teacher in the school here.

Mr. R. J. Speers, of Durham, is spending Xmas at the home of his parents, Mr. and Mrs. A. M. Speers.

The date arranged for the concert to be given by the Amateur Dramatic Club is Friday evening, Jan. 2nd. The programme will include the Play entitled "The Country Squire." This play is a brief portrayal of the country life in the oil section of the Northern States, showing some incidents in the life of Squire Eben Gray and telling something of his kindly hospitality, his aspirations, his financial difficulties while in the grasp of the miserable old moneylender, "Terbox," and finally his deliverance and happy ending. His daughter, Alice; Miss Cynthia Brown, Ben Carlton, Jack and Solomon Isaacs, are all prominent characters in his life history, while Barney and Biddy McGuire and Sally contribute a touch of fun and should provide an interesting two hours entertainment. There will also be vocal and instrumental music, addresses etc. for variety. Music will be provided before and during the play by Orangeville orchestra. The entertainment will be held in the English Church hall commencing at 8 o'clock. Admission 25c and 15c. The proceeds will be in aid of the Public Library.

Mr. John E. Jackson's fine Hampshire sheep were used as subjects at the stock judging demonstration in Orangeville last week.

A team of horses belonging to Mr. John Moon ran away on Friday afternoon of last week and caused considerable damage to the verandah recently put up by Mr. Stork in front of his store.

Messrs. Mercer Mason and Hazel Fagan, of the Veterinary College, Toronto, are home for Xmas.

MARKDALE LIQUOR CASES.

Before Magistrate Armstrong on Friday evening last, Chas. Rogers, bartender at the Markdale House, was charge by Inspector Halbert with a breach of the Liquor License Act by selling a bottle of whiskey. 'Twas only a fifty cent flask, but it proved to be an expensive one. Rogers pleaded guilty to the charge and was fined twenty dollars and costs, in all $28.50. This matter, which is somewhat complicated, demands a word of explanation. We understand the bottle was not SOLD in the ordinary sense of the word—a certain citizen who is familiar around the premises went behind the bar and secured the bottle for which he threw 50 cents on the bar, the bartender not knowing the bottle was gone until some time later. Knowing that he was liable, and rather than have a charge laid against him necessitating his appearance in court, this citizen paid the fine which was imposed on Rogers.

Leniency was shown by the Inspector and Magistrate in the case of Jas. Morrison jr., of Glenelg, who was charged with supplying liquor to a minor, Elmer Sweeney. It developed during the trial that Morrison was also a minor, (under 21 years), and as they had been treating each other, one was no more culpable than the other. In view of all the circumstances of the case, the Inspector withdrew the charge, Morrison to pay all the costs of the case, which amounted to $5.29.—Markdale Standard.

This year Bramptonians paid their taxes more promptly than ever before. More than $54,000 was paid to the collector, the books closed, and the roll returned two days before the time required by law.

J. D. TORRIE'S

This Woman Knows How D.D.D. Cures Skin Trouble!

(This letter is just received:)

"Toronto.

"I am the mother of twelve children. I took a bad leg at the birth of my last child. I was laid up five weeks, with a doctor attending me who does nothing but treat this kind of skin disease. Six weeks ago I heard of D. D. D. As I used to tear my leg at night until it was a bleeding mass I applied a bottle of D. D.D. I can't tell you the ease it gave me. I never used to sleep with the pain. Many a time I nearly fell with dizziness from want of sleep. Now my leg is completely healed up, thanks to the blessed D.D. D. I never expected a cure. I only got D.D.D. to take the terrible itch away. But by degrees I saw the big sore getting smaller. I have a thankful heart today.

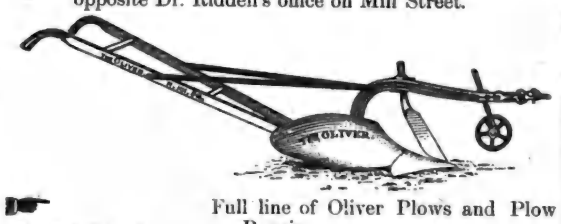
Mrs. Stitt, 202 N. Weston Rd., West Toronto.

The cures of D. D. D. are past belief. All druggists have this soothing, cooling wash and also the efficient D.D.D. Skin Soap.

Come to us and we will sell you the first full size bottle on the guarantee that it will stop the itch at once or your money refunded.

T. F. & T. J. BROWN, Druggists, Orangeville.

D.D.D. Prescription—for 15 years—Standard Skin Remedy



SERIOUS DRIVING ACCIDENT.

On Saturday morning Alf. Menary had a short trip to make down the 12th line, Garafraxa, and was accompanied by Miss Thompson of the school staff, both of whom were badly shaken up in a runaway. At T. Hall's gate the horse's bit broke and in a moment the spirited beast started on the run. Realizing the impossibility of stopping the animal, and of a certain danger of serious injury if the horse took the hill down to the bridge at that rate, Alf urged Miss Thompson to climb out at the back, but she could not. By this time they were going down the hill, when the buggy almost went over on a pile of stones at a telephone post, but righted itself and they swung around the curve. Here they came to grief, the horse and rig going over the embankment. Miss Thompson received a terrible bruising, her head and eyes and limbs being a mass of bruises and cuts. She has since been confined to the house. Alfred escaped more fortunately, having only one leg hurt. The horse was hopelessly tangled up in the wreckage, lying on its back. Both Mr. Menary and Miss Thompson have much to be thankful for that the accident did not result more disastrously, as it might easily have.—Star & Vidette.

Reeve Wilkinson, of Chinguacousy, will not seek re-election.

If troubled with either one do not neglect

DR. HARE'S GOITRE AND THICK NECK PREPARATION

Is the greatest remedy known for this very distressing disease and we would advise the immediate use of it, if you are troubled with Goitre or any enlargement of the neck. Do not neglect attending to your case at once or it is liable to become serious.

Dr. Hare's Goitre Cure is doing wonderful work all over this country—right in your own country we have hundreds of cases that will demonstrate its marvellous scientific value. When others are deriving such valuable results from it, why should you delay.

Dr. Hare's Goitre Cure, sold only in this community by

SHELTER-BELTS AND CROPS.

Influence of Wind-Breaks on Crop Growth on Prairies.

It has been estimated by Dr. Oscar Berubeck, a German professor of agriculture, that a moderate wind, when blowing without obstruction, may lessen the yield of exposed land more than half, by increased water transpiration and alteration of circulatory conditions. Judge Whiting, of Iowa, says that leeward protection with almost mathematical precision amounts to one rod on the ground to each foot in height of the protecting trees. As a result of scientific investigations made on the plains of the United States, Mr. C. G. Bates, of the United States Forest Service, concludes: "The efficiency of a wind-break in checking evaporation is proportional to its density. It may save as much as 70 per cent. of the moisture ordinarily lost by evaporation, not only by checking the mechanical force of the wind, but because stagnation of the air in the lee permits the formation of a more or less complete blanket of humid air."

In Canada the prairie farmer realizes the value of shelter-belts of trees to break the force, and hence the drying effect, of the winds which sweep across the prairie, and over two and one half million trees are annually distributed to the farmers for this purpose by the Dominion Forest Nursery Station at Indian Head. As density and height both influence the effectiveness of the windbreak, it should be made at least four rods wide and trees making good height-growth should be chosen, such as the cottonwood or white willow, or, among the conifers (or so-called "evergreens"), the white spruce, Scotch pine or tamarac. In theory, deep-rooted, narrow crowned species should be chosen, but it has been found that the draining effect of tree roots on the soil is negligible, and the injury done close to the trees by shading can be avoided by growing there shade-enduring crops, such as corn or alfalfa.

Three shelter-belts, four rods wide (one on the extreme western side of a quarter section and the others at equal distances apart) will amount to only twelve acres, not more than sufficient to supply firewood, posts and poles for the farm. But if, as Judge Whiting says, a strip of trees fifty feet high will protect the ground fifty rods to leeward, then three strips of this height on a quarter section of land would not only supply wood to the farmer, but also protect his entire acreage from soil drift, and prevent the excessive evaporation of moisture from his crops.

WHICH END OF A POST SHOULD BE UP?

It is a very common belief among farmers that a post will last longer if set in the ground the reverse of the way it grew in the tree, in other words, with the butt end up. Accordingly, one sees many posts, especially end and gate posts, with the small end down. The supposition is that sap in a tree is always ascending, or at least that it is easier for the sap to go up than down. Consequently, it is argued, turning a post upside down tends to prevent the rise of water, helps to keep the wood dry and therefore renders it less liable to decay. As a matter of fact, sap or water can flow in either direction with equal facility and the popular notion to the contrary is incorrect.

Careful experiments on the relative durability of post timbers have been made by the Ohio Agricultural Experimental Station and the above question was considered. One fence in particular contained 156 black locust posts, of which 86 were set with the top end up, 39 with the top end down, and 31 did not show in what position they were set. At the end of 20 years 30 posts, or 19 per cent., were decayed. Of this number 15 were top up, 13 top down, and 4 undetermined. In other words one third of those set top down rotted off, as compared with only a little over one-sixth of those set top up. From this and numerous other observations the conclusion was reached "that there is no difference which end is put in the ground, except that the soundest or larger end should have the preference."

The decay of a post is mostly at the ground line, since it is there that the conditions as to air and moisture are most favorable to the development of rot-causing fungi. Other things being equal, the larger the post the longer it will last. Inverting a post often means putting the small end in the ground, and where this is done the time required to rot it off is less than where the big end is down. If both ends are equally sound the larger should go in the ground. If one end is defective it should be up, since the conditions above ground are many times more favorable to durability than just at or below the ground.—Scientific American.

Twice Proven Cure for Nerves

Irritable, Hysterical, Sleepless, Dr. Chase's Nerve Food Restores Health.

There is a message in this letter for thousands of women who are suffering from broken-down nervous systems. Sleepless nights, much irritability over little things, spells of dizziness and nervous sick headaches are among the symptoms.

You may not realize the nature of your ailment until nervous prostration comes upon you. But, in whatever stage you find yourself, Dr. Chase's Nerve Food is ready to help you.

Mrs. W. J. May, 88 Annette street, Toronto, writes: "Some years ago I suffered from nervous trouble, and took Dr. Chase's Nerve Food, which completely cured me. About six months ago I received a shock which again shattered my nervous system to such an extent that I was irritable and hysterical, and could not sleep nights. I began to use the Nerve Food again and was not disappointed. Improvement was apparent from the first box, and now I am entirely well."

Dr. Chase's Nerve Food, 50 cents a box, 6 for $2.50, all dealers.

Biliousness

is certainly one of the most disagreeable ailments which flesh is heir to. Coated tongue—bitter taste in the mouth—nausea—dizziness—these combine to make life a burden. The cause is a disordered liver—the cure Dr. Morse's Indian Root Pills. They go straight to the root of the trouble, put the liver right, cleanse the stomach and bowels, clear the tongue and take away the bitter taste from the mouth. At the first sign of biliousness take

Dr. Morse's Indian Root Pills

CHURCH DEDICATED.

Impressive Services in New St. Paul's in Shelburne.

Bishop of Huron Conducted the Dedication Service.

The new Anglican Church in Shelburne was dedicated last Sunday by the Bishop of Huron. At 11 a.m. the choir proceeded from the basement, accompanied by the church wardens and assisting clergy, to meet the Bishop at the main doors of the church. There the Rector read the Petition the Dedication to the Bishop, and His Lordship, having consented to the same, the choir, clergy and Bishop proceeded to the chancel, singing Psalm 122. The Bishop then conducted the dedication service and pronounced from the sanctuary the act of dedication complete. Morning prayer was then read by Rev. E. C. Dymond, Rector of Markdale, the first lesson being read by the Bishop and the second by Rev. Newton Williams, Rector of Dundalk. A most thoughtful sermon was preached by the Bishop on the significance of the church. At 3 p.m. the solemn rite of confirmation was administered by the Bishop to the six candidates presented by the Rector. The evening service began at 7 p.m., at which the Rev. E. G. Dymond read the prayer, the lessons being read by the Bishop and Rev. Newton Williams. The Bishop took for his subject: "Many have desired to see the things that ye see and have not seen them." His Lordship's inspiring message is one that will long be remembered in Shelburne. The music at all three services, under the able management of Mr. Lye, of Toronto, could not be excelled and the choir, which took its part well, was also enriched by the presence of Mr. Kennedy, A.T.C.M., of Toronto, who sang solos in the afternoon and evening that added greatly to the general inspiring tone of the services. Many had to be turned away at all three services, every available space being filled by the large congregations present. The offertory amounted to $185.00.

The history of St. Paul's church dates back to the early seventies, over 40 years ago. The first services were held upstairs over John King's shoe shop, which stood on the site now occupied by Harrison Bros. grocery store, and the minister was Rev. Rowland Hill, of Markdale. A short time afterwards the Rev. Phillip Toque, then in charge of the Anglican churches at Hornings Mills and Whittington, called a meeting at Jelly's hotel, on the site of the present Mansion House, for the purpose of organization and starting regular services. Those present at the meeting were the late John Jelly sr., of Brockville; the late William Jelly and Andrew Jelly, E. Berwick, R. A. Riky and Simon Jelly. Those present were quite enthusiastic in the work and $500 was subscribed. Mr. Jelly sr., of Brockville, presented the present site of the new St. Paul's church free to the committee. Services were held in different places in the village until the first church was built and the first confirmation services were held in the Toronto, Grey & Bruce Railway freight sheds by His Lordship Bishop Baldwin in 1873. It required a great deal of hard work on the part of the small congregation to finance the building of the new church, but their efforts were marked with success and the church was built and dedicated in 1875. The late Geo. H. Tinbury, of Shelburne, is given the credit of raising the funds to purchase the bell, which is yet in use in the handsome new church, which was dedicated on Sunday last. The names of the ministers who had charge of the congregations in connection with St. Paul's Church, are: Revs. Rowland Hill, J. J. Morton, Geo. A. Racey, Wm. Smythe, Wm. Bevan, Mark Turnbull, Henry Grattan Moore, R. H. Shaw, W. A. Graham, B. A., Wm. Hinde, C. K. Masters, M.A., and the present rector, R. J. S. Adamson.

Less than a year ago the congregation decided to take down the old church and replace it with a new one. The building committee appointed was G. M. Vance, K.C., J. R. Bates, R. A. Riky, E. Berwick, John Best, M.P., Thos. Whalley, Harry White and the rector, Rev. R. J. S. Adamson. The plans for the new building were prepared by Messrs. George Leitch and R. A. Riky. The committee very wisely placed the entire charge of the work of taking down the old structure and superintending the entire construction of the new building in the hands of George Leitch, a well known contractor of Hornings Mills. By this means they saved at least $2,000 and have a much better building than if it had been let by contract. The church is handsome and substantial and nothing was slighted in the building or finishing, and everything is up-to-date in every respect. We congratulate the committee and Mr. Leitch on the success they made of the work entrusted to them.—Free Press.

The Burlington local optimists have notified the editor of the Gazette that they will not use his columns further during the campaign. The articles supporting the barroom will continue to appear. Both parties have been paying for their articles as advertising matter.

NOTICE TO CREDITORS.

IN THE MATTER OF the estate of Alexander McKinney, late of the Town of Orangeville, Dufferin County, Gentleman, deceased.

NOTICE is hereby given that all creditors and others having claims against the estate of the said deceased, who died on the 8th day of July, 1913, are required on or before the 26th day of December, 1913, to send or deliver to C. R. McKeown (Orangeville P. O.), solicitor for the Executors of the Estate of the said deceased, their names, addresses and full particulars of their claims, together with the amount of the security, if any, held by them.

And take notice that after the said 26th day of December, the said Executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that they will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have notice.

Dated at Orangeville this 8th day of December, 1913.

C. R. McKEOWN,
Solicitor for the Executors.

In the Dairy

Use Panshine to thoroughly clean and shine all the cans, pails, shelves, etc. Leaves everything sweet-smelling and sanitary. Cleanliness pays—especially in the dairy. Use

PANSHINE

It's a pure, white, clean powder—doesn't scratch—can't harm the hands—odorless.

QUEEN PASTRY FLOUR

Retains its wonderful popularity because it has a quality distinctively its own. There is no other Flour just like it or quite so good. If you have not used it you ought to give it a trial.

I can confidently recommend

FIVE ROSES FLOUR

As one of the very best brands on the Canadian market. I have numerous customers who insist upon getting FIVE ROSES every time they buy.

JOHN JOHNSTON

BROADWAY, ORANGEVILLE

WRAPPED BREAD.

A useful hint for farmers' wives, who, for any reason, buy their bread instead of baking it, is given by the Information Office, U. S. Dept. of Agriculture. Bread which has been wrapped and sent out while warm is usually moist and clammy and of unpleasant flavor. To remove this unwrap the bread and place it in a pan in the oven in good medium heat for ten minutes. It will be as good as fresh, crisp without and tender within. Every buyer of bread should insist on wrapped loaves.

TO IMPROVE PIES.

A tablespoon of butter dotted in little bits over the fruit, when making apple or peach pies will be found a great improvement.

SALT IN SHAKERS.

Put a fresh supply of dry salt into the shakers each week, then, unless the weather be unusually damp, the salt can be readily shaken out.

Defective wiring is blamed for the burning of Wm. Gilbert's bakery at Belleville.

Western Cattle Market

Ship your cattle to the Western Market—entirely conducted by the Corporation of Toronto. Stock will be fed with best fodder at minimum cost. At an early date we will be able to give you accommodation in the way of a well equipped up-to-date Public Abattoir.

The only building material that has not increased in price is

CANADA Portland CEMENT

It makes concrete that you can depend upon for satisfactory results, whether you use it for a silo or a garden walk.

High quality and low price are made possible by efficient organization and manufacturing economies due to a large and growing demand.

See that every bag of cement you buy bears the "Canada" label—it is your guarantee of satisfaction.

DEATH OF THOS. WALKER.

Quite unexpectedly, Mr. Thos. Walker died at his home at Stanton on the evening of Tuesday, the 2nd inst. He had been in his usual good health up to two days before his death when he was stricken with a paralytic stroke and pneumonia setting in almost simultaneously took him off quickly. Deceased had retained the full use of all his faculties to the end of his life. He lived in Stanton all his life, having first seen the light of day on the same place on which he closed his career four score years later. His religious persuasion was that of the Presbyterian creed. He was a member of the Orange Order and a staunch Conservative in politics. Six sons and three daughters, together with the aged widow, survive. The members of the family are Mrs. David Kelly, of Owen Sound, Mrs. Jas. Greer and Mrs. John Hales, of Rapid City, Man., John, James, Thos. and Millen, all living in the Stanton section, and Robert and Tracey, who reside at Rapid City, Man. The funeral took place on Thursday, December 4, and was one of the largest in the section in recent years. The remains were taken to the Presbyterian Church, Mansfield, where Rev. G. E. Coulter preached an eloquest funeral sermon and at the close of the service the remains were laid to rest in the cemetery adjoining the church. The pallbearers were Ed., Wm. and Gordon Creary, Gordon Walker, Gordon Beatty and David Kelly. —Alliston Herald.

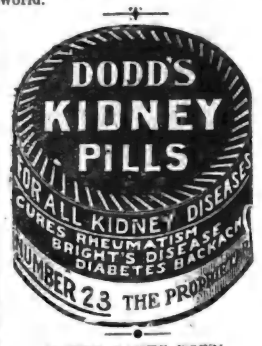
ROUNDING—CLAYTON.

A quiet wedding took place yesterday afternoon at the residence of the bride's parents on Bielby street, when Miss Martha Clayton was united in marriage to Mr. Harry Rounding. The bride and groom were unattended and only a few of the nearest relatives were present. The ceremony was performed by Pastor W. H. Nelson, of Victory chapel, Peepabun. Mr. and Mrs. Rounding left on the evening train for Toronto and other points. Mrs. Rounding will be at home at their residence, Amaranth St. after February 1st.—Star & Vidette.

REGISTRATION REPORT.

Simcoe County Has the Lowest Birth Rate in the Last Ten Years.

The report of the registrar-general relating to the registration of births, marriages and deaths in the province of Ontario, which has just come to hand, contains much interesting information. During the year ending Dec. 31, 1912, 119,865 registrations were received, of which 58,870 were births, 26,845 marriages and 32,150 deaths, an increase in the aggregate of 6,124 over the year 1911. The birthrate per 1000 of population was 22.4, a slight decrease from the previous year and lower than in any year since 1903, when the ratio was 22.1. The district of Thunder Bay gave the highest ratio per 1,000, viz: 33.0; while the district of Kenora gave the lowest, 13.7. The total number of illegitimate births in the province was 1,256, as compared with 1,067 for 1911. This was at the rate of 21.3 for every 1,000 births. The cities contributed over 72 per cent. of this illegitimacy, the ratio being highest in the city of Ottawa, where it amounted to 86 per 1,000.



The number of births registered in the county of Simcoe during the year 1912 was 1,804, a decrease of 69 from the previous year and the lowest in the last ten years.

The total number of marriages registered in Ontario during the year was 28,845, being 3,038 more than in the previous year. In the city of Windsor there were no less than 3,429 marriages, but 92.3 per cent. of these marriages were of parties from the United States. Classification of marriages according to denominations is given as: Methodist, 15,265; Anglican, 11,653; Presbyterian, 11,145; Roman Catholic, 8,776; Baptist, 3,794; Lutheran, 1,347; other denominations, 4,700. Though 64.64 per cent married between the ages of 20 and 29, inclusive, 5,768 became brides between the ages of 15 and 19, and 546 boys were grooms at the same age.

Six hundred and forty-seven marriages took place in Simcoe county last year, the highest number in one month being 56, in June; the lowest 33, in May.

Turning to the statistics of deaths, we find that the number registered in 1912 was 32,150 an increase of 271, but the ratio per 1000 of population shows a small decrease from the previous year. Heart disease was the most prolific cause of death, there being 2,726 deaths ascribed to it. Tuberculosis comes second with a total of 2,250; while cancer is credited with third place, the number of deaths from it being 1,778; pneumonia had nearly as many victims 1,629. Infectious diseases were the cause of 1,541 deaths, and 1,831 were the result of accident. 6,277 deaths were of infants under one year.

One thousand and forty-two deaths were registered in the county of Simcoe in 1912. Of these, 117 were of persons over 80 years of age, and 194 were from 70 to 79 years old. One hundred and seventy-seven deaths were infants under one year.—Beeton World.

HYDRO RATES DOWN.

A gratifying announcement was made to residents of Brampton by the Hydro-Electric Commission last week when notice of a reduction in the rates was given to the users of power and light. Instead of a ten per cent. cash discount there will now be granted a twenty per cent. discount. For domestic lighting the service charge will be 4 cents per hundred square feet, the consumption charge to be three cents per kilowatt hour and the minimum monthly charge to be twenty-five cents. For commercial lighting the charge will be six cents per k.w. hour for the first thirty hours and three cents for additional light per hour, the minimum monthly bill to be fifty cents. For power the service charge will be $1 per month and the consumption chargew ill 2.8, 1.8 and 0.2 as against the former rate of 3.2 and .250. There has been a reduction in the rates at stated intervals since the installation of the system and the ratepayers are delighted with the service.

VALDALISM AT ALLISTON.

An attempt was made to damage or destroy the dam at the White Mills on Wednesday night last. Late in the evening the water was discovered rushing through a break in the planking. At first Mr. B. E. Tuer thought one of the standards had broken which had allowed the water to tear out sixteen feet of planking. The dam was not injured in the least and next morning when Mr. Tuer was examining the break after the pond had been drained he became suspicious that the big maple standard had not been broken by the water pressure. Searching down the stream for some distance he found the missing post. It had been sawn about three quarters of the way through and the pressure of the water had then bent it far enough to tear it out. The mill was idle for a couple of days while the pond was again filling. It was Mr. Tuer's intention to iron all the standards along the top of the dam to prevent a like act being done again. Alliston Herald.

AMARANTH COUNCIL.

Township Hall, Laurel, Dec. 15, 1913.

The Council met pursuant to adjournment. All the members present. The Reeve in the chair; minutes of previous meeting were read and confirmed.

West—Ewing—That a by-law be introduced and read a first and second time for the purpose of releasing Geo. Rayfield from the judgment held by this Municipality.—Carried.

Patterson—Williams—That By-law No. 431 be now read a third time, passed, signed, sealed and engrossed in By-law Book.—Carried.

West—Williams—That a by-law be introduced and read a first and second time to select polling booths and appoint Deputy-Returning Officers and Poll Clerks to preside at the municipal elections.—Carried.

West—Patterson—That Council go into Committee of the Whole to fill in blanks, Councillor Patterson in the chair.—Carried.

Williams—Ewing—That By-law No. 430 be now read a third time, passed, signed, sealed and engrossed in By-law Book.—Carried.

Williams—West—Owing to the fact that the Canadian Pacific Railway Company has not replied to the correspondence of our Clerk, that our solicitor write them in regard to the roadway under their bridge at Waldemar and if a satisfactory settlement is not arrived at he then bring the matter before the Railway Commission.—Carried.

West—Williams—That the following accounts be paid:—

Samuel J. Brown, for digging out fire on 5 sideline, con. 3, $5; Lyman Potter, road through grain to gravel pit, $4; William Sickling, one day with fire and repairing road, $2; Robert Dixon, coal and lumber, $14.89; Groskurth Bros., account, $1.45; Alexander Kannawin, 175 loads of gravel and 1 day's work, $13.75; Albert Peterson, digging out fire and repairing road on 4th and 5th lines, $18.50; W. T. Leader, 229 loads gravel and road to pit, $20.03; Wm. Alexander, 1 day repairing washout on con. 5., $1.25; William Finley, 132 loads of gravel, $9.24; J. J. Anderson, 332 loads gravel, $23.24; Joseph Gillespie, 273 loads gravel, $19.11; William Finley, refund of percentage on taxes, $1.63; Edward Walker, 34 loads of gravel, $23.94; George Bingham, 284 loads of gravel and $2.00 for road, $21.88; Mr. Patterson, 292 loads of gravel, and road to pit, $24.44; George Patten, 177 loads of gravel, $12.39; George Patten, repairing road opposite lot 25, con. 9, $8.90; Robert Irwin, 14 loads of gravel, $1.98; John Montgomery, digging ditches at bridge, $1; John Bates, 227 loads of gravel, $15.89; Richard Gray, account, $2.55; R. J. Greenwood, for culvert tile, $16.50; William Rielly, bal. on gravel, $1.69; Wood Vallance and Co., steel for bridge, $62.35; George Lomas, 40 loads of gravel, $2.80; James Claydon, 38 loads of gravel, $3.64; Samuel Patterson, 90 lds. gravel, 3 days shovelling, $10.05; Samuel Patterson, repairing road, $2; A. E. Williams, commutation statute labor n.w. ¼, lot 28, con. 10, $4; Nelson Teeter, putting out fire and repairing road, lot 25, con. 9, $5; A. W. Tipling, repairs to grader, $3.20; W. A. Allen, 2 days digging out fire and repairs to road, $4; John Bryan, overdrawn commission, $5.50; A. E. Williams, overdrawn commission, $26; Reuben West, overdrawn commission, $22.60; William Ewing, overdrawn commission, $21.07; W. C. Hall, 26 loads of gravel, $1.82; Henry Cudney, ½ day with team on road, $1.75; A. E. Williams, 3 days' work in connection with bridge and drains, $6; George Hammond, putting in tile culvert on 20 sideroad, con. 7, $4; Alex. Patterson, 1½ days looking after fire on 4th line and 15 sideroad, $3; Thomas Lyons, digging out fire, drawing water, repairing concrete culvert on 3rd line, opposite lot 16, $6; John Crane, 61 yards of gravel, $4.27; Robert Hastilow, 69 loads of gravel, $4.83; S. J. Ritchie, bal. in full on clearing through w½ lot 22, con. 6, $20; Henry Cudney, 1st estimate on clearing through w½ lot 23, con. 6, $70; W. S. McCabe, 21 loads of gravel, $1.47; Geo. Glover, 85 loads of gravel, $5.95; Small Bros., 49 loads of gravel, half cost, $1.72; James Horsley, 1½ days shovelling, $2.25; Balance due East Garafraxa, $4.65; Balance due East Luther, $5.69; William Sickling, digging out fires and repairing road, $2; John Tarzwell, digging out fire on west townline, $1; John Tarzwell, men and teams filling road after fire, $69.80; William Sproat, 3 loads of gravel, 21c; Matthew Langtree, services as drain inspector, one day, lot 16, w½, con. 8, 1 day on 15 sideline and ½ day on 10 sideline, $5; Stewart Tate, for pipe railing for bridge, $14.50; Thomas Sime, steel rods for concrete floor reinforcing, $13.85; J. H. Hicks, digging out fire on 30 sideroad, con. 5, $4; Wm. Harkley, 1½ days, digging out fire opposite lot 31, con. 6, $3; Wm. Ewing, expending grant on con. 6, from lot 27 to 32, $6; Wm. Ewing, 1 day on 30 sideline, con. 5, $2; William Ewing, wiring down bridges to abutments and iron for same, $8.50; Wm. Ewing, ½ day on Drain No. 11, $1.25; Wm. Ewing, inspecting road at Waldemar, $2; A. E. Williams, balance for paying men and teams, work on bridge approaches, con. 7, $25.83; O'Flynn & Son, cement, 40 bbls., $64; Harry White & Co., 40 bbls. and sacks, $66.70; Jos. McGowan, repairs to bridge, con. 7, lot 14, $8; Reeve and council, balance of salary, $100; E. Hamilton, Clerk, half-year salary, $95; David Thompson, 48 loads of gravel, $3.36; John Mann, 1½ days helping on survey, drain No. 19, $3; Wilfred McKibbon, 1½ days, on survey drain No. 19, $3; John Hicks, help on survey, drain No. 19, $4; Thomas Johnston, for putting in culvert on 15 sideline, con. 6, digging out fire and repairing road on 7th line, opposite lot 16, $13.50; John Bryan, letting and inspecting the Nottawa Drain, $3.50; John Bryan, letting contract drain No. 11, $3; John Bryan, inspecting drain No. 33, $2.50; Frank Gray, repairs to grader, $8.05; Herbert Hughes, repairs to grader, $1.75; Richard Gray, caretaker of Township Hall, bal. of salary, $10; Albert Peterson, work on 20 sideroad, $7; R. F. West, final estimate on drain 33, $12; John Bryan, commissioner re new bridge, $12; John Bryan, four days' work, telephoning and postage, $10; Reeve and Council expending commission money, $145.60; W. Looby, 1½ days' wor. digging out fire, $3; Thos. W. Reid, valuating sheep, $2; Thos. W. Reid, road to Gamble's gravel pit, $3; E. Smith, digging out fire on north townline, $1.00; Frank Barber, account for fees and manasement, Sproul Bridge, $327.25.

The Council adjourned sine die.

JNO. BRYAN. E. HAMILTON,
Reeve. Clerk.

A SHELBURNE INQUEST.

Inquiry Into Cause of Death of Richard Silk.

An inquest was opened at 10 o'clock on Thursday forenoon at F. C. Dance's undertaking establishment, Shelburne, by Coroner Dr. S. T. White, to inquire into the cause of the death of the late Richard C. Silk, who was killed at Crombie's Station, south of here, on Wednesday forenoon. The jurors sworn in were J. W. Hamilton, John Jackson, Arthur Skelton, W. B. Murray, A. V. Galbraith, J. J. Hetherington, Robt. McKechnie, P. W. Fewster and R. L. Mortimer. After the jury had viewed the remains an adjournment was made until 2 o'clock in the council chamber.

When the investigation opened Crown Attorney W. J. L. McKay was present to examine the witnesses. Flint, engineer of the train, was first called. He swore that the accident occurred at 10.15 a.m. on Wednesday. He was placing cars on the siding for the elevator. He left his train on the main line and was pulling up with the engine and three cars. He saw the deceased start to run towards the engine but he jumped on the front end of the second car and was in sight of the engineer. Deceased fell off while he was attending to the engine and he did not see him fall. He fell off the right hand side of the car. The brakeman signalled for the engineer to come back. He then ran to Sproul's to telephone for a doctor and when he got back Silk was dead. Two other witnesses were examined: Arthur Titus, brakeman; and conductor Geo. F. Collins. Although the investigation was an exhaustive one and the examination of the witnesses lengthy, not a particle of evidence could be procured to show what caused the wounds on the head and body of the deceased. Dr. R. E. Davis, who held the post morten on the remains, gave a detailed report of all the wounds found on the body. The evidence given by the three train men showed that he had been dragged about 24 feet, but how, none of them could tell, unless he had been caught by projecting bolts underneath the axle boxes. The only explanation as to why the deceased had got on the car was given by conductor Collins. Deceased had told him the telephone in the elevator was out of order and that he was going to Mr. Sproule's to telephone to Shelburne. It is thought that he got on the car to ride up past the switch on his way to Mr. Sproule's. None of the witnesses saw deceased fall or knew anything about the accident until they found him in a dying condition. The jury brought in a verdict that he was accidentally killed by falling off a Pennsylvania box car, No. 529248.—Free Press.

THE WAY TO PREVENT COLD WEATHER DISEASES

There would be lots less sickness during cold weather if folks would only take ordinary common-sense precautions against it. When you hear there is small-pox around, you don't lose much time in getting your family vaccinated. But lots of you do not use the same good sense in preventing colds, the grippe, bronchitis, pneumonia, typhoid fever, rheumatism and other diseases, some of them very serious and dangerous, and some of which nearly every member of your family is almost certain to suffer from before winter is over unless some medicine is taken to build up the body and put it in perfect order before cold weather sets in.

Vaccination prevents the growth of germs of small-pox in the blood, and puts the system into a proper healthy condition to resist small-pox. Rexall Olive Oil Emulsion is designed as an aid to prevent as well as relieve disease. It strengthens the body to overcome the germs and helps to put your system into the right condition to resist disease. It contains the four Hypophosphites recommended by physicians to tone the nerves and blood, in combination with purest Olive Oil, to nourish and strengthen them.

You who are weak and run-down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family. Pleasant tasting, containing no alcohol or dangerous drugs, you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. If it does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Rexall Store—one of more than 7000 leading drug stores in the United States, Canada and Great Britain.—T. F. & T. J. Brown, Orangeville, Ont.

Cured Eczema Like Magic

Suffered for Years—Tried All Kinds of Treatment—Surprised at Results From Dr. Chase's Ointment.

You can soon tell when people are enthusiastic about medical treatment by the language they use. After experimenting with all sorts of ointments in a vain effort to obtain relief and cure, the writer of this letter was astonished at the quick and satisfactory results obtained by the use of Dr. Chase's Ointment.

"It worked like magic," she writes. Indeed, it is surprising the healing that is often effected in a single night by this great ointment. The stinging and itching are relieved at once, and cure is only a matter of time and patient treatment.

Mrs. Clementa, 11 Strange street, Toronto, Ont., writes: "I have suffered from eczema for years, and after using all kinds of ointments, at last tried Dr. Chase's Ointment. It worked like magic and proved a God-send to me. I would advise anyone suffering from eczema to try one box and be convinced." 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

HIS AMBITION.

I ain't a-goin' to be a soldier—no,
Not even a general, though it's great to go
To war an' kill a hundred men or so.

An' I ain't goin' to go away out west,
Where they is Injuns, cowboys an' the rest,
Though I uster think that that 'ud be best.

Nor I sha'n't be the clown in the circus when
They all can't ride the mule but him, an' then
They all try to, an' get bucked off again.

No, sir! I'm going to run a picture show:
The very swellest kind they is, yo' know—
So's, whenever they feel like it, my kids can go!

—Virginia Cleaver Bacon.

WHEN EGGS ARE SCARCE.

A cracker rolled fine may replace the eggs in a squash or pumpkin pie when eggs are scarce.

Mr. R. J. Barber, of Erin township, has purchased the 100 acre farm belonging to William Graham, being e ½ of lot 16, in the 2nd concession, west, Chinguacousy township.

23 Toronto St., Toronto, Ont.

ARE YOU VERY BUSY?

Every little while you read in the papers that so many persons have died from Consumption.

It is all very far-off and matter of fact and possibly it scarcely arrests your attention.

Do you ever realize that each one of those "cases"—mere items in an official record—is a black tragedy to somebody, that behind each one of them lies long, hopeless days of pain, feverish nights of despair, lifetime plans that must be laid away, grinding poverty, perhaps a wife to fight her own way afterwards or children who know hunger now that the father is gone.

Just suppose it were your tragedy. Suppose it were your father, your mother, your brother, sister, husband, wife, your child, or perhaps your sweetheart, and you with the hospital doors shut in your face, wringing your hands in utter helplessness while the crowds hurry by, engrossed in their own affairs.

But no! You are in that crowd and you don't hear either because you are busy.

But wouldn't you give—and gladly—if you knew that what meant so little to you would go far to bring back the glow to somebody's wan face or the laughter to somebody's lips?

Just sit down and think of the one you love best in the world. Then say "If she lay there——" or "If he lay there——" and see how it sounds. What would become of all your plans and your busy days then?

For eleven years now the Muskoka Free Hospital for Consumptives has cared for those whom others love best, and hundreds of them have gone home again well and happy. It keeps its doors open because a few busy people like you stop for a moment and remember.

Are you going to remember this Christmas?

Don't put it off. Use the attached form in sending your contribution.

To help the Muskoka Free Hospital for Consumptives continue its life-saving work, I gladly enclose the sum of $.....

Name.....

Address.....

$ 5.00 will provide maintenance for a week.
$ 20.00 will pay for four weeks.
$250.00 will endow a bed for a year.

Since the need is such a permanent one, I should also like to subscribe $..... Register my name accordingly.

Contributions may be sent to W. J. Gage, Esq., 29 Spadina Ave., Toronto, or to E. Ironside, Gen.-Treas. National Sanitarium Association, 347 King St. W., Toronto.

Home-Made Stain

A writer in Suburban Life says that a very good stain for wood be made as follows at a cost of a few cents. First apply a solution of chromate of potassium, about an ounce or two to a quart of water. Rub it on with a rag, and in a few minutes rub it off. Next apply in the same way a weak solution of water of logwood, and rub off very soon. A rich brown results, of a depth depending on the strength of the solution and the time of application.

More Closet Room.

The best way of securing "more closet room" is to have a round pole—a curtain pole or old broom-handle will do—extended across the centre of the closet, the "long way" of it; put all coats, dresses and skirts on coat and skirt hangers, which may be bought at from five to ten cents apiece, then suspend to the pole. If a pole is not about, a strong slat, put up edgewise to secure more strength, will do. If neither is available and one has no hangers on hand, a rope may be stretched across very tightly, and the garments suspended by strong safety pins. Fold skirt in tight and slip safety-pins over the band. Catch the waists inside at the shoulders, pinning the two together. This method is especially useful for people who travel much, as the rope and pins may be carried in one's trunk.

A LOVELY FACE— BUT UGLY HAIR

How often you see an otherwise lovely face spoiled by homely hair—a face that would be most charmingly beautiful if she only had prettier hair. What a pity!—and how foolish! Because that ugly hair, stringy, dull, lifeless-looking though it may be, can be made as glossy, soft, silky and beautiful as the heart could desire if only taken proper care of.

Harmony Hair Beautifier is just what it is named—a hair beautifier. It is not a hair dye or hair oil—it is just a dainty, rose-perfumed liquid dressing to give the hair its natural gloss and brightness, its natural wavy softness, its natural rich beauty. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories, Toronto, where the celebrated Harmony Perfumes and Toilet Preparations are made.—T. F. & T. J. Brown, Orangeville, Ont.

SCHOOL REPORTS.

Report of Junior Room, S. S. No. 18, Caledon, Ont.

Jr. III.—Wilbert Scarland, Myrtle Stubbs, John Trathen, Viola Brown.

Sr. II.—Alvin Ferguson, Everton Ferguson, Marshall Freebury.

Jr. II.—Viola McKim, Ruby Speers, Mary Sweeney, Pearl Warnock, Earl Warnock, Lamont Laughlin.

Sr. I.—Charlie Tribble, Emerson Lundy.

Jr. I.—Alva McKim, Almer Rayburn, Wilfred Freebury.

Primer.—Jimmie Tribble, Nellie Sweeney, Edith Laughlin, Carman Stubbs, Ivan Johnston, Lorne Rayburn, Roy Burkholder, Lyla Stubbs, Nellie Tribble, George Petch, Louie Petch, Lillie Brown, Mabel Brown, Marjorie Brown, Teacher.

Report of S. S. No. 13, Caledon and Erin, for December.

Sr. IV.—Eva Bradley, F. McKee.

Jr. IV.—Lillie Carroll, Valara Bradley, Ivan Henderson, Norman Hilliard.

Pass 60 per cent; honors 15 per cent.

From Sr. II. to Jr. III.—Ferne Brinkman, 78; Wilbert Kannawin, 72; John McLellan, 71.

From Jr. II. to Sr. II.—Harvey Carroll, 81; Fanny Gooderham, 74; Lulu Hilliard, 68.

From Pt. II. to Jr. II.—Ethel Bradley, Harold Abelson.

From Pt. I. to Pt. II.—Verna Hilliard, Bertha Gooderham.

Pt. A.—Arthur Bradley, Arthur Rowan, Mervin Hilliard, Annie May Rowan.

M. F. Grenache, Teacher.

Report of S. S. No. 3, Amaranth, for term ending, Dec. 22, 1913.

Names in order of merit.

Sr. IV.—Keith Stevenson, Tom Nelson, Carol Stevenson, Arthur Richardson, Ruth Nelson, Lena Russell, Ernest Gray.

Jr. IV.—Willie Gray, Clarence Menary, Percy Bryan, Ray Cox, Carrie Jelly, Dora Cooney, Jackson Hamilton.

Sr. III.—Mary Bryan, Leslie Gray, Harold Bryan, Edna Lanktree.

Jr. III.—Isabel Fyfe, Jean Hughes, Enid Stevenson, Bertie Allen, Muriel Bryan.

Sr. I.—Lockie Bryan, Bessie Richardson, Willie Banks, Marion Walker, Laura Allen, Cecil Gordon, Archie Young, Maggie Petrie.

Primary—Lily Ritchie, Reta Stevenson, Earl Hepton, Willie Petrie.

SHORT COURSE WELL ATTENDED

Large Crowds Hear Lectures on Live Stock and Seed Judging.

The Short Course in Stock and Seed Judging held here on Thursday and Friday of last week, under the direction of the Orangeville Branch of the Department of Agriculture, was well attended by deeply interested audiences at the various sessions.

The Stock Judging Classes were held in a well and comfortably arranged circus tent erected on the Market Square, while the Seed Judging was conducted in the Library Auditorium.

Thursday afternoon was devoted to the study of heavy horses, and some two hundred interested farmers were on hand to hear Mr. John Gardhouse, of Weston, deal with the requirements of the best types of draft horse. Mr. Gardhouse, who has had a lifelong experience in the handling of high grade live stock, pointed out in detail the points looked for in the draft horse.

A system of judging is necessary in any line of stock, and that followed by the demonstrator was to begin with the head of the animal and to take the points in order. Mr. Gardhouse laid special emphasis upon the importance of selection of the best types of breeding animal, of good care and attention and the value of producing the big weighty drafters of highest quality, since this kind of animal is the hardest to obtain and the most in demand. In order to illustrate the points discussed a class of draft animals, supplied by Messrs. M. Cruickshank, Turner and Smith, was judged by those in attendance and placed by the lecturer, and a heated discussion followed.

Friday sessions were devoted to Seed, Sheep and Beef Cattle. At the morning session W. J. W. Lennox, B. S.A., explained in detail the provisions of the Canadian Seed Control Act, as it affects the farmer and the retailer, showing the importance of the purchaser of seed being familiar with the various grades of seed, the comparative number of weed seeds in the various grades, and also showed samples of the various noxious weeds and seeds mentioned in the Act. In the afternoon Mr. Gardhouse again had charge of the work and pointed out the requirements of the best type of mutton and beef animals. In sheep, he pointed out various breed characteristics as to mutton and wool qualities, the value of the strong heart, girth, breadth and strength of back, strong, wide and well fleshed loin with good leg of mutton. Four excellent Hampshire ewe lambs, the property of John Jackson, Mono Mills, made a close class and created much discussion as to the proper placing.

The low set, deep bodied, thick fleshed animal with good constitution and quality is the best type of beef animal to be sought for as feeders and breeders. Mr. Gardhouse placed special emphasis here, as in the other animals, on the importance of securing the best specimens of the breed selected, whatever the breed might be. The beef type was shown in a pair of high class, prize-winning Hereford heifers from The Maples herd of W. H. Hunter.

The District Representative, H. A. Dorrance, and his Assistant, C. S. Nicholson, are to be congratulated upon the success of this Short Course. The arrangements were well carried out and the attendance and interest manifested shows that the work being done by the local Department of Agriculture, and the efforts being put forth are meeting with the measure of success and appreciation they deserve.

THE LIQUOR CASES.

Prosecution Fails to Prove Charges Against Jas. Irwin

The trial of the liquor cases against James Irwin, of the Station Hotel, and Bert Booth, of the Queen's, was continued before Police Magistrate Rutherford, of Shelburne, in the Court House here last Friday. Irwin called a large number of witnesses to prove that he could not have sold the detectives liquor on Oct. 9th, the date mentioned in the information. The magistrate dismissed the charge much to the chagrin of Inspector Ayearst, who maintained that the evidence for the prosecution was sufficiently strong to warrant a conviction. We understand that the Department is taking steps to appeal the case to the County Judge. The appeal, it is expected, will be argued before Judge Fisher early in January. The charge of selling on the 9th was withdrawn. B. F. Justin, of Brampton, prosecuted and A. A. Hughson handled the defence.

The case against Bert Booth was taken up and considerable time spent discussing a number of objections, which were raised by Booth's lawyer, Mr. C. R. McKeown. Mr. McKeown questioned the jurisdiction of the magistrate to try the case at all and objected to the summons as being insufficient in not charging a prior conviction, in consequence of which, the defence lawyer argued, the magistrate could not impose imprisonment. Mr. McKeown made the further objection that by the employment of detectives the Crown had conspired to induce the defendant to commit the offence with which he was charged and having done this could not convict him for the offence even if such were proven. Still another objection urged was that the first offence was not proven, inasmuch as the certificate on the copy of the conviction was insufficient under the statute. The magistrate adjourned the consideration of the various objections until Friday next at 11 a.m.

If Amaranth Council cannot make satisfactory arrangements with the C.P.R. regarding the road under the tracks at Waldemar, they will apply to the Railway Commission for relief.

Mrs. John Avison.

Mrs. Ellen Avison, widow of the late John Avison, of Mono, passed away at her home on Second St., on Wednesday afternoon, Dec. 17th, at the ripe age of 92 years, 3 months and 15 days. She had been in declining health for the last three months and her death was the result of a general breakdown of the system due to extreme old age. Mrs. Avison was born in England and came to this country in 1850 along with her husband and five children. The family came direct to Mono, settling on lot 22, 5th line, where Mr. and Mrs. Avison continued to reside until they retired from the farm and moved to Orangeville some 37 years ago. Mr. Avison died here about ten years ago. Mr. and Mrs. Avison were married 73 years ago. The union was blessed with a family of eight, of whom six survive. These are William Avison, Orangeville, John and George Avison and Mrs. J. H. Simpson, Toronto, Mrs. Adam Halbert, Shelburne, and Mrs. Robt. Holmes, Relessey. Mrs. Avison was a member of the Methodist Church and a regular attendant at church services until prevented from going by the growing infirmities of old age. She was a woman, who was held in the highest esteem here and in her old neighborhood in Mono. There was a large attendance of sorrowing friends at the funeral, which was held to the Forest Lawn cemetery on Friday afternoon. Rev. G. W. Robinson was the officiating clergyman and the three sons and three sons-in-law were the pallbearers. Among the friends from a distance at the funeral were Mr. and Mrs. Martin, Mr. and Mrs. John Avison, Mr. and Mrs. J. H. Simpson, Mr. George Avison and Mr. and Mrs. Alvin Simpson, of Toronto, Mr. and Mrs. Adam Halbert, Shelburne, and Mr. R. H. Halbert, Melancthon St.

IN MEMORIAM.

Lines written in memory of our brother, Thomas Hamilton, who died Dec. 25th, 1912.

A year has almost passed and gone
Since one, we love so well,
Was taken from his home on earth
With Jesus Christ to dwell.

But he is gone; his body rests
Within the silent tomb;
And loving hands have planted flowers
That o'er his grave will bloom.

His smiling face is missed by all
Who knew and loved him here,
The music of his pleasant voice
No longer greets our ear.

The tender hearts of those who watched
O'er him, with loving care,
Are often saddened by the sight
Of Thomas' vacant chair.

His welcome step no more is heard
Across their dwelling's floor,
They miss the cheerful laugh that cheered
Their hearts in days of yore.

But though they mourn, their faith in God,—
Who justly claimed his own,
Enables them to calmly say
Thy will, not ours, be done.

If we could only see God's plan
What now looks strange and dim
Would then to us be wondrous plain
When seen as seen by Him.

And help us gracious Lord
Whate'er our trials may be,
In suffering here, in life or death,
Good Lord to trust in thee.

A Friend.

Laurel, Dec. 20th, 1913.

CHRISTMAS TREES FOR THE BIRDS.

Christmas trees for the birds added to the happiness of the holiday season for the children of Colorado last year and provided food for thousands of little white feathered friends, who would otherwise have suffered during the snowstorms, which came late in December.

One line in "Our Dumb Animals," "Don't forget the Birds' Christmas trees," caught the eye of a reported in Greeley, Colorado, as she was searching for an inspiration for a future story, a few weeks before Christmas time. Being interested in birds, a story was written in which a plea was made that the little songsters be included in the plans for the Christmas festivities. The children of the city were enthused with the idea and after beginning their preparations for the birds' celebration, accounts were printed in the Greeley papers. The stories found their way to the Denver papers and were copied all over the State, starting the birds' Christmas campaign in various places.

Small trees were selected by the children, in their home years, sometimes pine-trees, more frequently fruit trees. Those who were not fortunate in having a home-grown Christmas tree, induced their fathers or elder brothers to secure three branches, which were fastened in boxes. In many places the children gaily decorated the trees with strings of popcorn. Pieces of suet, said to be excellent food for birds in cold weather, were tied in the trees, and little cups were placed in the branches, filled with grain, sunflower seeds and crumbs. A genuine Christmas dinner, with enough courses to satisfy the most fastidious birds, was provided, and the children were so delighted with the appreciative guests who flocked to the feast, that they kept the tree replenished with food during the entire stormy season.

A greater love for the birds was inculcated in the children as well as the development of the virtues of kindness, generosity and unselfishness. The movement bids fair to be an annual feature of the Christmas festivities as the children are already talking of the birds' Christmas trees for the coming season.

ORANGE OFFICERS.

At the last meeting of L.O.L. No. 293, Caledon East, the following officers were elected for 1914:—

W.M., Wm. J. Matthews; D. M., Robert Davis; Sec., S. S. Glassford; Fin.-Sec., James Walker; Treas., G. W. Barney; Chap., L. Moss; D. of C., T. Glassford, Lect., T. R. Evans; Committee, Rich. Bracken, Jos. Dixon, W. J. Bracken; Tyler, Jos. Parsons.

Waldemar L.O.L. No. 566 officers for 1914 are:—

T. W. Reid, W.M.; W. J. Brown, D. M.; Alex. Burk, Chap.; Wm. Cornelius, Fin.-Sec.; John Black, Treas.; Wm. Howlett, D. of C.; H. Evans and H. Howlett, Lecturers; H. A. Reid, J. White, J. Cornelius, Wilfred Gamble and John Carney, Committee; Elwood Lomas and Elton Ferns, Tylers.

L.O.L. No. 508, Riverview, elected the following officers on Friday evening, Dec. 12th:—W.M., John Firth; D.M., Wesley Hayes; Chap., Herb Corbett; rec.-sec., Willie J. Corbett; fin.-sec., Jas. Laybourne; treas., John Allan; lecturers, Sam. J. Brown, Jas. Brown; committee, Geo. Laybourne, Will Demmans, Morris Hayes, Geo. Laybourne.

Prince of Wales L.O.L. No. 320 officers for 1914 are:—W.M., Alex. Porterfield; D.M., T. J. Parks; Chap., D. Lundy; rec.-sec., Wallace Brett; fin.-sec., Joseph Jackson; treas., Will. Ewing; D. of C., J. E. Jenkins; lecturer, Oscar Banks; committee, Robt. Reid, J. J. Leighton, Reg. Jackson, Geo. Huskinson, Willie Irwin; inside tyler, Lionel South; outside tyler, Wm. A. Henry; auditors, J. A. Marshall, John M. Still. The election was held on Wednesday evening, Dec. 10th.

Laurel L. O. L. No. 330 held its annual meeting and election of officers on Friday evening, Dec. 12th. Officers were elected for 1914 as follows:—W.M., F. J. Gray; D.M., Wm. Patterson; Chap., Rev. J. R. Bell; rec.-sec., John Bryan; fin.sec., Wm. Langtree; treas., Thos. Bryan; D. of C., Robt. Greason; lecturers, Chas., Bryan, Jos. Langtree; committee, Marshall Curry, Fred Braidden, John Varcoe; inside tyler, H. Maltby; outside tyler, Russel Woulfe. The Lodge is putting on a membership contest, which will continue until the end of March. The members have been divided into two sides and at the close of the contest the losers—that is the side securing the smaller number of new members—will entertain the winners to a supper.

A Table Scarf.

A pretty table scarf, especially suitable for a library or living room table, may be made for very little cost from a fringed bath towel and a packet of dye. Choose a color that will harmonize well with the other colorings in the room, and, if you choose, stencil or work a border across the ends.

A WEAK CHESTED BOY.

"My boy Frank seemed weak-chested and took a very severe cold," writes Mrs. D. Stevens, Ninga, Man. "The many medicines used did not seem to benefit him, until we tried Dr. Chase's Syrup of Linseed and Turpentine and found it to be exactly what was wanted to cure him." No treatment is so thorough and effective as a cure for croup and bronchitis.

Last week Edward Boyce, a man of about 70 years of age, was rather seriously injured at the Durham furniture factory, where he was engaged in yard work. He was on a wagon, which was being driven through the yard, and in going down a steep incline, the wagon slewed and he either jumped off or was thrown off, when his head was crushed between the wagon and a lumber pile. He was badly crushed about the face and his skull was slightly fractured. Recovery is hoped for.

Bring your boys for cheap suits at J. D. Torrie's Special Sale.

NEW ONTARIO.

A Connor Man Gives Interesting Account of a Flying Visit

The following interesting account of a recent visit to New Ontario is from the pen of Mr. T. H. Bullock, of Connor:—

There were four of us—one had bought a "Veteran lot" in New Ontario and was going to build a shack and do some clearing on it and other business and the other three went with him, partly for a trip, and wholly to see the country, and take stock of its possibilities, advantages and disadvantages. We were booked through to Englehart, a divisional point on the T. & N. O. Ry., 35 miles above Cobalt and 138 from North Bay. From there we went on to Charlton, a thriving little town, 8 miles away, where we struck the bush. We interviewed the Crown Lands Agent, Mr. James Woolings, at Englehart, who gave us all the information we asked for and some other which proved useful to us. There had been some little snow, and then rain and thaw, with the result that the roads were very like Broadway on a wet fair day. Leaving our luggage to be brought on by the mail carrier, who keeps the Post Office in the bush and goes in for the mail twice a week, we set off and tramped the 8 miles to a farm house, where we were hospitably received by the farmer's wife, who was left at home with the young children, while the man was away with his team at Gowganda. The next few days we spent in the bush going along trails, which ran here, there and everywhere, hunting out the various lots open for settlement. We saw a few moose tracks in the soft ground, but there was no snow and we could not follow them, and any way, the season was over. Our friend got his shack built and two of us located quarter sections, so well satisfied were we with the country as it is, and as it bids fair to be in the future. We had no adventures, were not chased by bears, no wolves howled round the cabin all night, in fact, nothing occurred that might not have happened within ten miles of Orangeville, and we arrived home after a ten days' holiday, safe and feeling better for the change.

Now a few words about the country. The place is very much further advanced than we had any idea. The Government is opening up the country by building roads as far as any settling is being done. Our two homesteads, 2 miles apart, are each within half a mile of a good road. One road we travelled for five miles, which has something like three miles of wire fencing along the sides. The soil is a gray clay with about 6 inches of decayed and decaying vegetable matter on top. Owing to the vast extent of bush, the water is held back so much that the ground is decidedly on the wet side, I should think all the year round, though our visit was timed to find it at its worst, but with the opening up of the country it will get dryer as there is a natural surface drainage, as is very evident from the way the water runs down the ditches at the side of the roads. In odd places the water has cut into the roads, and one spot was nearly as bad as Purple Hill after a thaw. We saw evidences of progress all round, some of the farms having 15 up to 60 acres cleared and equipped with binders and other up-to-date machinery. The timber on the land is principally spruce, and though small—10 to 18 inches, generally, in diameter—is very tall, running generally 60 to 70 feet high. One tamarac we saw we reckoned to be over 120 feet high and it was about 2 feet in diameter at the stump. There is abundant markets for spruce cut into 4 feet lengths for pulpwood and not too far to draw, while there are sawmills and lumber camps all around. The only disadvantage we could see was the fact that it is impossible to grow enough to feed man and beast until the ground is cleared, but the present crop of lumber and pulpwood and railway ties will keep anyone going easily till wheat and oats can be grown. To conclude and to sum up; it is a fine country, easy of access, but undeveloped yet, and the chief obstacle to its development is the veteran lots, which are being held unimproved, while the settlers are doing their improvements and increasing the value of the land all round. When that is done, the holders of these lots will just step in and annex the "unearned increment."

Prize Winners From Dufferin

That Dufferin County farmers can produce live stock and seed that is well up in the highest quality is shown from the list of prize-winners at the recent National Show at Toronto, and the Provincial Winter Fair at Guelph.

Among the prize winning horses was the two year old Canadian Bred Clydesdale Stallion, Rich Hill Baron, bred, owned and shown by E. B. Barnhardt, of Whittington. This animal stood fourth in two strong classes at the National Show at Toronto, and at Guelph, in an exceptionally strong lot of 16 competitors, he stood second. Rich Hill Baron is a beautiful, well marked, seal brown colt, of exceptional quality, and showing wonderful action, and is a credit to the breeder. This colt was sired by Baron Columbus, owned by John Movat, Shelburne. In the same class, Scottish Moncrieff, owned by W. J. Taylor, Grand Valley, stood in sixth place. Besides these winnings, mention has been made of the prizes won by The Maples herd of Herefords.

In the seed grain classes, Messrs. Mortimer and Foster, of Honeywood, won several prizes for oats, wheat, beans, alsike and potatoes.

There were 59 convictions returned to the office of the Clerk of the Peace of Halton County for the quarter ending Dec. 9th, 1913. Of these 46 were from Oakville, 10 from Milton, and 3 from Georgetown.

Local News

—Mrs. Morrison, wife of Mr. Jerry Morrison, of The Dufferin House, is seriously ill.

—The Methodist Church choir will furnish a programme of Christmas music next Sunday.

—St. Andrew's Church choir will render special Christmas music at the services next Sunday.

—Orangeville High and Public Schools closed on Friday and will re-open on Monday, Jan. 5th.

—The Banner wishes its many readers a Merry Christmas and a Happy and Prosperous New Year.

Read J. D. Torrie's advt. for bargains.

—Mr. J. T. Anderson, the well-known piano tuner, was in town for a couple of days last week.

—Communion service will be held in Burns' Church, Mono Centre, Sunday next at 11 a.m. and in St. Andrew's Church, Camilla, at 3 p.m.

—Mr. J. J. White and son, Cecil, motored to Toronto last Friday. They made the trip home over the good roads in 1 hour and 55 minutes.

—Mr. Albert Lindsay, of Caledon East, bought a pair of heavy mares from Mr Meade Cruikshank, 2nd line, west, Mono, last week. Mr. Lindsay paid $450 for the span.

—A number of her girl friends surprised Miss Edna Campbell last Thursday night, when they gave her a miscellaneous shower at her home on York St. The bride to be received a large number of useful gifts.

Bargains in all lines of Boots and Shoes at McPherson & Johnston's.

—Mr. M. N. Armstrong, principal of the public school in Renfrew, Ont., has had his salary advanced to $1800 a year. Mr Armstrong was formerly principal of Orangeville public school.

—Last Thursday evening the congregation of Knox Church, Shelburne, presented Rev. Dr. McKenzie, who has accepted a call to Riverdale Church in Toronto, with an address and $75 in gold.

—When renewing their Banner subscriptions, subscribers will find it to their advantage to leave their orders for their city papers. We have special clubbing rates on all the city weeklies and dailies.

—While running up the lane to his home on Monday night Harvey Curry, of the Adamson Hardware Co's. staff, collided with his brother, Ray, who was going the other direction on a bicycle and was badly cut and bruised about the head and face.

—The ladies of the Charity Society have undertaken to furnish the stage in the town hall auditorium. We understand the Society intends to put in the best of furnishings and fit up the stage in a manner that will add to the attractive appearance of the hall.

Big Clothing Sale on at J. D. Torrie's. Clearing prices 15 to 25 per cent. off.

—Mr. R. W. Steele, son of Principal Steele, of the High School, has been promoted to the position of Assistant Secretary of the Dominion Securities Corporation. Mr. Steele has been the Corporation's representative in Western Canada for some years. He will now reside in Toronto.

—Mr. Robert Thompson, of Camilla, has purchased the Torrance property on the Prince of Wales Road from Mr. T. G. Legate, who took the property over in a deal a short time ago. Mr. Thompson is paying in the neighborhood of $2500 for the property and expects to get possession about April 1st, 1914.

—Henry Woodyard, a former resident of Orangeville, died in Meaford last Thursday at the age of 75 years. The remains were brought to Orangeville for burial, the funeral taking place from the home of his sister, Mrs. James Funsten, East Broadway, to the Forest Lawn cemetery on Saturday forenoon.

—Two boxes of fish consigned to T. Wright & Son were stolen from a C.P.R. car either at the Orangeville station or somewhere between Toronto and here. Other thefts of a similar character are also reported. The railway company has detectives at work and interesting developments may be forthcoming shortly.

McPherson & Johnston, the boot and shoe men, are selling out some of their lines very cheap just now.

—Wendell Holmes, a former Orangeville boy and a onetime member of the Dufferins, is making a name for himself in Toronto not only as a lacrosse, but as a clever Rugby and hockey player. Holmes, who is a son of Mr. and Mrs. Thos. Holmes, of Mono, was one of the best men with the Toronto Capitals, who a few weeks ago won the junior Rugby championship of Canada.

BORN.

KEARNS — On Saturday, Dec. 20th, 1913, to Mr and Mrs. J. M. Kearns, Arthur, a son.

DIED.

ZILLIAX — On Monday, December 22, 1913, at the Western Hospital, George Zilliax, in his 39th year. The body will leave H. Ellis' undertaking parlors Friday morning for Listowel. Interment at 3 p.m.

Personal Mention

Mr. Jack Perdue, of Brantford, is visiting his mother here.

Dr. W. H. Riddell is attending the races in Toronto this week.

Miss Jordan, of Dixie, is visiting her sister, Mrs. Thos. Wright.

Mrs. Bull, 1st Avenue, has gone to Hamilton for the winter months.

Miss G. M. Strang, of the High School staff, is spending the vacation at her home in Goderich.

Master Jack McIntyre is home from St. Michael's College for the Christmas vacation.

Mr. and Mrs. E. J. Cobean, of Toronto, are spending Christmas with friends at Mono Centre.

Miss Flossie Varcoe, who has been in Schomberg for the millinery season, has returned home.

Mr. Geo. Bryan, of Hillsburg, was a caller at The Banner sanctum while in town on Monday.

Mrs. A. Connell, 1st Ave., and son, Clayton, spent a couple of days with city friends this week.

Miss Flavia Marshall, of Toronto, spent the former part of this week as the guest of Miss Sadie Watson.

Mr. and Mrs. Albert Walker, Zina St., are spending Christmas at Mrs. Walker's parental home, Desecronto.

Mr. and Mrs. Richard Wright, of Toronto, were guests of Mr. and Mrs. O. Hayward, 1st Ave., over Sunday.

Rev. G. W. Robinson is visiting friends at London this week and officiated at a wedding in Berlin yesterday.

Miss Annie Hamilton, of Laurel, was the guest of Miss Jennie McArthur, Second Ave., over Sunday.

Mr. and Mrs. John and Miss Annie Park are spending Christmas with Mr. and Mrs. Wm. Menary, Grand Valley.

Mr. and Mrs. Percy Browne and children, of Owen Sound, spent Sunday and Monday with Mr. and Mrs. H. Gilmore.

Mrs. A. G. and Miss Verlie Smith are visiting Mr. Thos. Jackson, of Fenelon Falls. Mr. Smith will join them for New Year's.

Misses C. and M. Brydon and Miss Kathleen Ritchie, of Toronto, are guests of Rev. and Mrs. G. W. Robinson over Christmas.

Norman Robertson and Gordon Forsythe, University of Toronto undergraduates, are holidaying at their respective homes here.

Miss Jennie Pierson, of Glenross, has returned home after spending a couple of weeks with her sister, Mrs. Robt. May, of Elora.

Mr. and Mrs. Arthur Titus, John St., were in Parry Sound last week attending the funeral of the latter's sister, Miss Gertrude Everingham.

Misses Browne and Donaldson, of the Public School staff, are spending the Christmas holidays at their respective homes in Wiarton and Palmerston.

Mr. and Mrs. John McLean and Miss Emily McLean left on Saturday for Detroit, where they will spend Christmas with Mr. and Mrs. W. T. Aitken.

Miss Mabel Gray, who is teaching school at Anten Mills in Simcoe County, is spending the Christmas vacation with her parents, Mr. and Mrs. John Gray, Bythia St.

Miss Nina A. Smith, who has been living near Medicine Hat for the last 18 months, is making her parents, Mr. and Mrs. W. J. Smith, of Alton, a three months' visit.

Mr. James Hunter and his friend, Mr. Oliver Evans, of Chilliwack, B. C., students at the Ontario Agricultural College, are spending the vacation at Mr. Hunter's home, The Maples.

Mr. Roy Smith, who has been in the Medicine Hat district for the last four years, arrived here this week on a three months' visit to his parents, Mr. and Mrs. Walter Smith, The Maples.

Mr. and Mrs. Urias Everson, East Garafraxa, announce the engagement of their daughter, Mary M., to Mr. Wesley G. Byers, of Toronto. The marriage will take place early in January.

Miss Alice B. Simpson, graduate nurse, of Buffalo Hospital, is visiting at the home of her parents near Springbrook. Miss Simpson is a daughter of Mr. and Mrs. A. J. Simpson.

Mrs. Elmer Still is spending Christmas in London, where her sister, Edith, is being married to Mr. Richardson, of Toronto, on Christmas Day. Mr. Still left for London this morning.

Mrs. John M. Fleming, of Orton went to Detroit last Thursday to remain with her daughter, Mrs. Doherty, for a few weeks. Mrs. Doherty, we regret to learn, had the misfortune to fall one day last week and break a leg.

Mr. A. W. Taylor, of Batley, Eng., and Mr. E. Y. Barraclough were in town Wednesday of last week in connection with the Superior Cement Co's affairs. Mr. Taylor is representing the English bondholders and Mr. Barraclough is the secretary of the Shareholders Committee.

Mr. and Mrs. E. H. Newton and three children, of Mather, Man., are spending two months visiting Mr. Newton's father, Mr. Isaac Newton, and other relatives in town. Mr. Newton, who left here ten years ago, is now running a hardware and farm implement business in Mather in partnership with Mr. Oliver Hunter, another former Dufferin boy.

Cash for Coal

Lathwell & Son, coal and wood dealers, have decided to adopt the cash system, commencing on January 1st, 1914. On and after that date credit will not be given and all orders will be filled on the understanding that they are to be paid for as soon as the coal or wood is delivered. Customers who owe accounts are reminded that the firm will expect to have these settled on or before the New Year.

MISS ELLIOTT'S RECITAL

An Appreciative Audience Listens to Fine Classical Programme.

A music loving and appreciative audience greeted Miss Maude Elliott, a gifted pupil of F. H. Burt, Mus. Bac., at her recital in the auditorium of the Public Library on Wednesday evening, Dec. 17th, and listened with rapt attention to a fine programme of classical selections. The opening number, Beethoven's Sonata, with its orchestral tone, color and varying rythm was played with fine interpretative ability. In Grieg's "Wedding Day at Trodhugen" and Vogrich's "Staccato Caprice," Miss Elliott was heard at her best, her playing bringing out the capricious character of the latter composition with telling effect and eliciting well merited applause. The Chopin Valse showed a just appreciation of the right value of tempo rubato and was delicately shaded. In the second part of the programme Miss Elliott scored a decided triumph in her interpretation of the Grieg Peer Gynt Suite—(a) "Morning Mood," (b) "Anitra's Dance," (c) "In the Hall of the Mountain King." A Chopin ballade "Troisieme" was executed with remarkable originality of conception. In the final number, Liszt's "Rhapsodie Hongroise" Miss Elliott gave a display of marvellous strength, speed, sensuous rythm and pleasing style. Orangeville is to be congratulated on having such an accomplished musician to instruct and develope the gifts of its children in the art of music.

Mr. Harding assisted Miss Elliott and added new laurels to his already fine reputation as a vocalist. His numbers were Handel's Recit, and Aria, "Comfort Ye My People," "Every Valley Shall be Exalted" from The Messiah, Bohm's "Calm as the Night" and Wallace's "Let Me Like a Soldier Fall." Miss Wallace, another of Orangeville's gifted musicians, played the accompaniments in her usual finished style.

Missionary Lecture.

On Monday evening, Dec. 29th, Rev. G. W. Tebbs will give an illustrated missionary lecture in St. Paul's Church hall in Mono under the auspices of the Woman's Auxiliary. Lunch will be served and music and other entertainment will be provided. Admission, 25c; children, 10c.

Farewell Services.

On Sunday next Rev. R. J. W. Perry, who is leaving Mono East parish to become rector of the parish of Innisfil, will deliver his farewell addresses to his Mono parishioners. Services will be held at Mono Mills at 11 a.m., St. John's, Mono, at 3 p.m. and Hockley at 7 p.m.

Progressive Euchre Party.

The Charity Society will give a progressive Euchre Party in the Grand Central Hotel on Monday evening, Dec. 29th. Playing will start at 8.45 sharp. Handsome prizes will be given. The Society particularly requests that the people turn out in large numbers, as the members have undertaken to furnish the stage in the Town Hall.

The Country Squire

Mono Mills Amateur Dramatic Club will put the Play entitled "The Country Squire" on the boards in the English Church Hall in that village on Friday evening, Jan. 2nd. Orangeville orchestra will furnish music before the Play and between acts and the programme will be further varied by vocal and instrumental music and also by addresses by the resident ministers. Programme at 8 o'clock. Admission, 25c and 15c. Proceeds in aid of Public Library.

The Baptist Church.

There will be Christmas music and Christmas sermons in the Baptist Church on Sunday next, morning and evening. Seats free, strangers welcome. The choir will render the following selections under the leadership of Mr. Percy Harding :—

Morning—Anthems; "Gloria Patri" (Hartshough) and "I Bring You Good Tidings" (J. J. Thomas).

Evening— Anthem, "Angels from the Realms of Glory" (Heyser); Tenor solo, "Glory to God in the Highest," F. H. Burt; anthem, "A Song of the World" (J. Lincoln).

The Orangeville Market

Last Thursday's weekly cash produce market was a hummer. W. Fairbairn and outside dealers bought between four and five tons of produce. Hill & Co. secured upwards of 2 tons and other local merchants bought smaller quantities. It is estimated that the sales for the day would aggregate nearly nine tons. Prices were firm and ruled as follows :—dressed chicks, 17c; geese, 13-14c; turkeys, 24c; ducks, 15c; dressed fowl, 11-12c; live fowl, 9c; live chickens, 11c; live geese, 12c; eggs, new laid, 40-45c; butter, lb. prints, 24c, rolls, 22c, solid, 21c. A large quantity of produce was also bought at Tuesday's market.

Anniversary Services.

Anniversary services will be held in Knox Church, Charleston, on Sunday next, Dec. 28th, at 11 a.m. and 7 p.m. Rev. Frank Rae, M.A., of Unionville, will preach at both services and the church choir will furnish special music. On New Year's night the congregation will hold an old-fashioned Tea Meeting in the basement of the church from 5.30 until 8 o'clock. At 8.15 the pastor, Rev. J. Burkholder, will give a lecture on the subject, "David Livingstone, Pathfinder." The lecture will be illustrated with lantern views and other slides of interest will also be shown. Admission to Tea and Lecture, 25c; children 15c.

THE HONOR ROLL.

Report of Orangeville Public School for December.

Note.—The school re-opens on Jan. 5th, 1914.

Jun. I.—Lulu Wise, Jean McNichol, Edith Young, Albert Jennings, Helen Irvine, Harold Sanderson.

Sr. Primer, Class A.—Reta Rutledge, Hannah Eudle, Beverley Matthews, Mildred Davidson, Kathleen Island, Ella Irvine.

Class B.—Eva Sherwood, Clara Bennett, Ella McBride, Elmy Rutledge, Dorothy Leeson.

A. Class.—Irene Hurst, Florence Watt, Ella Grasley, Ethel Adams, Erwin Collins and Minnie Daniels, equal.

B. Class—Reta Watt.

C. Class—Myrtle McKenney, Gordon Sanderson, Mary Hyland and Robt Duke, equal, Crozier Price, Alvin Holmes.

Hospital Notes

Mrs. Lewis and Mrs. Marsden are the visiting ladies to the Hospital for the month of December.

The patients—five in number—are all doing well under the efficient care of Miss Barclay and her staff of nurses.

The Daugters of the Empire gratefully acknowledge the following Christmas gifts from kind friends of the Hospital :—Mr. F. A. Mellick, Vineland, two doz. cans of assorted fruits; Mrs. Alex. Johnston, a fine large goose; Mrs. Trueman Bailey, several bottles of assorted fruits; Mrs. Richard Thomas, Alton, a beautiful Christmas cake and plum pudding; and Mr. H. Hayward, two bottles of cream.

The sale of Homemade Cooking, held on Saturday last, was a decided success. During the afternoon, tea was served, adding a nice little sum to that realized from the sale. The lacross, but as a clever Rugby and to all, who so generously donated such dainty cakes, delicious puddings and pies, excellent bread, buns, short bread, date cakes, butter, pickles, etc. They also take this opportunity to thank Mr. Bennett, of the Grand Central hotel, for his kindness in giving them the use of so suitable a room and generously furnishing the lights and fuel. They are also grateful to Mr. Foster for tables and chairs, Mr. McKim for dishes, "The Fair" for trays, and Mr. R. H. Robinson for paper.

Christmas Entertainment.

The teachers and scholars of St. Andrew's Sabbath School held their annual Christmas entertainment in the basement of the church on Thursday night. The affair attracted a large gathering of the children and their friends, the commodious Sunday School room being crowded to the doors. An excellent programme was provided. An orchestra under the leadership of Mr. Thos. Presley furnished several selections, Mr. Presley and Master Willie Haslem contributed instrumental solos, a class of girls led by Miss Mary Lamont gave two choruses, and classes of boys and girls gave some skilfully executed drills under the direction of Misses Sada and Lillian McIntyre. Other numbers were a piano duet by Misses Verna Kearns and Louise McGuire, piano solos by Misses Annie McMaster and Jean Currie and two illustrated stories "Her Benny," by Silas K. Hocking, and "Poor Pa's Trousers." As the pictures were thrown on the canvas the stories were told to the children, the former by Dr. Kyles and the latter by Ald. J. J. White. A novel feature of the entertainment was a neat and trim Gospel Ship, constructed by Mrs. Cowie and Mrs. Patterson, laden down with some $15.00 in coppers contributed by the children of the school toward missions. During the evening ten framed Cradle Roll certificates were presented and prizes were given thirty-four scholars for regular attendance.

W. E. IRVINE

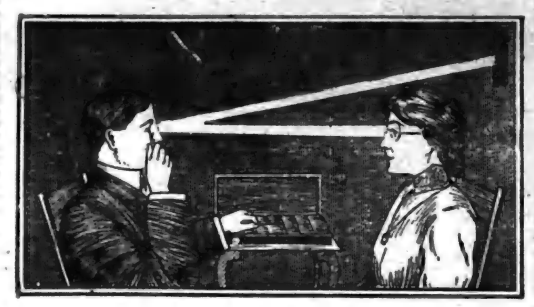
JEWELLER AND OPTICIAN, ORANGEVILLE, ONT.

ARCHIVES OF ONTARIO
TORONTO

COMING TO ORANGEVILLE

The Eye Specialist Who Practices the New System

"HE LOOKS INTO THE EYE"



An opportunity shall be given the people of Orangeville and vicinity to have their eyes examined and glasses fitted by the new and wonderful "shadow test" method which does away with all machines, drops and drugs in testing, also the old but still used method of trying on glasses.

MR. F. A. GRAHAM

of Montreal, instructor in the new system, will be in my store to fill a 10 days engagement of sight testing

Beginning Monday, January 5th,

Ending Wednesday, January 14th.

A new day has dawned for eyesight sufferers. This specialist has a system so perfect that it has brought the correcting of imperfect sight to an exact science.

No long tedious sitting in an optician's chair to have innumerable pairs of glasses tried to your eyes, but a new and wonderful quick and easy method by which the inside of the eye ball is illuminated and nature gives up the secret of poor vision. Children's eyes can be accurately examined by this method without asking them questions.

Cross eyes can in many cases be straightened by wearing glasses fitted by this system.

All examinations will be made by Mr. Graham **FREE OF CHARGE**, those requiring glasses paying for the glasses only. I want this to be an invitation to all eyesight sufferers, to all who require a change in their glasses, to all who wish to know if their glasses are exactly right, to all headache sufferers and to all children afflicted with cross eyes.

This is an exceptional opportunity to many who are unable to visit the city specialists and I am fully convinced that those who take advantage of this visit of Mr. Graham will be fully repaid in satisfaction and results. The time set for free examinations each day is as follows: 9 to 12 a.m.—2.30 to 8.30 p.m. I have arranged to take a special course of instruction in the new system while Mr. Graham is here. My message to the people is COME—all who need help for your eyes. I am now booking appointments. Yours to serve,

F. S. PICKERING, DRUGGIST and OPTICIAN

BROADWAY (SUCCESSOR TO T. STEVENSON) ORANGEVILLE

Make Somebody Happy With a KODAK

Home memories that are cherished most are those of the great home day—Christmas. Better than mere memory, though, is the pictured story of the family re-union, the happy children, the gay young folks, the grown-up boys and girls back home again. The pictures taken with the Christmas Kodak will give pleasure the whole year round and for all the years to come.

Let us show you the simple Kodak way which makes picture-taking so much fun . . . . . .

ORANGEVILLE, ONT.

TO-DAY YOUR DAY.

Good days and bad days exist only in your head. The weather has nothing to do with them. Each day is what you make it yourself. Bad weather is only an unfortunate opinion.

Suppose it is raining pitchforks. You get word that your salary has been doubled, or that a forgotten uncle has left you a million dollars. What do you care about the weather then? Or suppose the person you love is dying. Unexpectedly a turn for the better comes. The doctor says your dear one will live. What if it is hotter than Tophet? It is a good day, a great day, a happy day.

It's what you think and feel about it that makes each day what it is. You, within yourself, can make each day, a good day. Put down in the notebook of your soul the poet Runeberg's thought.

"Each day is a life."

When you get up in the morning throw back your shoulders, take a deep breath. Meet the new day like a man. Say to yourself,

"Another day—another life!"

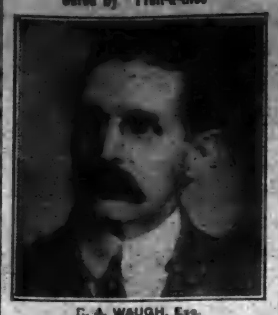
For all we know, it may be the only day we'll ever have. Let's make it the best day we can. Let's strive to see that it is a day worth while. Let's move a step forward in our work. Let's do all the good we can. Let's get all the happiness we can—to-day.

Right now is the only time you can control. Yesterday is a record. To-morrow is a secret. To-day is yours, is mine.

LIVE THE LIFE.

A great minister in London had a church which was very rich; the social standing was high, the best society was in it. He preached philosophy, he was a literary genius, he was a poet, he wrote books; but, as he went on, the pews of that church became less and less occupied.

At last he went on his knees before God and asked for the reason. He wanted a change in his life, and pleaded with God to show him what was the great necessity, and on his knees, alone, he tells us he heard a voice as distinctly as any human voice: "Live the life, live the life."



He went right out of that prayer moment at the bidding of God to live the life. He immediately gathered some of his best people alongside of him, went out into the community and to the dens of vice and misery, seeking for the degraded and wandering. They sent for Gypsy Smith, and they completely transformed that whole part of London's religious life; and at last that man himself became an evangelist. It was the supreme necessity for him to live and then to save the world.

Some man said one day in a great gathering, "O, I wish I could be a Henry Martyn." Another man cried our, "Then live Henry Martyn's life." That's all there was to it.

It's a great thing that Pitman said in England about a friend of his, "I never took hold of that man's life that I didn't feel an electric shock." It's a great thing that some one said of one of our American saints, "I never was in that man's presence that I didn't feel an irresistible impulse to live like Christ." — Rev. Cortland Myers, D.D.

REMARKABLE CURE OF RHEUMATISM

Sept. Of Sunday School in Toronto Cured By "Fruit-a-tives"

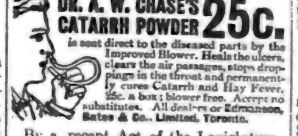
E. A. WAUGH, Esq.

TORONTO, ONT., Oct. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy "Fruit-a-tives". I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism especially in my hands. I have spent a lot of money without any good results. I have taken "Fruit-a-tives" for 18 months now and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months".

E. A. WAUGH,
55 DOVERCOURT ROAD.

"Fruit-a-tives" will always cure even the most stubborn cases of Rheumatism because it is the greatest blood purifier in the world and acts on the bowels, kidneys and skin.



"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for $2.50, trial size 25c, or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Debauching Immigrants

We must save the foreigner from falling lower than he has been. There are many foreigners in this country whose last state is worse than their first. The shame of it lies at the door of Christian Canada in that she has failed to measure up to her duty to the stranger who sojourns within her gates. Scores and scores have fallen a prey to the baser elements of our civilization — the real estate sharper, the mountebank, and the corrupt politician.

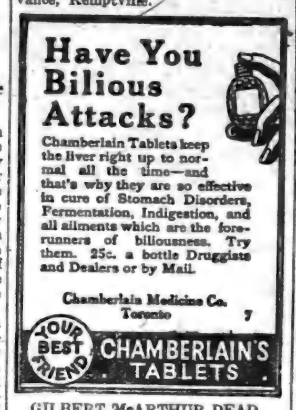
During a recent political campaign in Edmonton, Alberta, the Ruthenian particularly was exploited by corrupt politicians. He was given naturalization papers for the nominal sum of twenty-five cents if he promised to vote for a certain party, and according to law he had no right to such papers. Liquor was supplied wholesale by the same politicians, and it was a common occurrence to see men in a mixed foreign audience, at a political meeting, visit the room behind the platform during the meeting and return wiping the overflow off their lips. The day preceding the elections the saloon delivery wagons were conspicuous in the foreign sections of the city. A bottle or a jar of booze was left if a promise of a vote was secured.

One young man, a Ruthenian, worked zealously in support of two politicians and was promised a license as a reward for his labors. He applied for the license immediately after the elections, but was refused because serious objections were raised by those not in sympathy with such things. His political complexion has considerably changed since then, and he now considers his former employers slimy, crooked and no good. Another Ruthenian, however, who apparently had more influence to control the vote of his fellow-countryman and also more influence with the party in power, obtained a recommendation for a license, built a hotel on the strength of the promise, has applied for the license, and in all probability will get it.—Rev. H. Pike, in "The Christian Guardian."

By a recent Act of the Legislature, where the fees and emoluments of the Division Court Clerk and Bailiff are less than $500 a year, the Municipality in which the Division Court is held shall pay to each of them the sum of $2.00 for attending each sitting of the Court.

To the Public of Orangeville and Surrounding Country.

We, the undersigned, desire to tender our thanks to all our customers and friends for their patronage and assistance during the past year. Our business relations have been of a most pleasant and courteous nature. We find, however, that a credit business is very unsatisfactory in many ways to both parties and is steadily falling into disuse in all progressive places. We find that the most successful business houses are adopting cash methods and, as we are compelled to pay spot cash for all our purchases, we have decided to adopt a strictly cash system, starting from Jan. 1st, 1914. We wish to ask your support and co-operation and we assure you of the very best possible value for your money, consistent with legitimate and fair dealing. We have the honor to be



Your Obedient Servants
C. H. SMITH & SON.

Orangeville, Nov. 26, 1913.

The Fine Art of Keeping Hotel

The true function of the hotelkeeper is to represent the hospitality of the town to its visitors by providing them with comfortable lodgings and wholesome meals, and at the same time to afford to citizens a convenient meeting place for business or social converse. To entertain strangers is one of the duties enjoined by religion, and he who worthily fulfils that duty in the name of the community is a public benefactor. Locally, the good hotel has an excellent opportunity, in these days of impossible domestic help, to serve as a social centre for those who wish to entertain without drudgery. Nothing else can give to a place the social convenience at home, or the attractive reputation abroad that is furnished by a truly first-class house of entertainment.

But in our day the hotel is degenerate and unpopular. It is all too frequently a place of unsavory odors, of glaring publicity, of disorderly resort and insidious temptation, and is by many of the people regarded as a necessary evil, or a general nuisance, simply because it is linked up with the trade in alcoholic drinks. This noxious adjunct of the hotel has given its evil quality to the whole place, and degraded the institution and its proprietor. The best friends of the hotelkeeper are those who would separate the calling from the corrupting influence of the bar. Those who have had experience of really good temperance hotels cannot but wonder at the patience with which people tolerate the ill-kept booze-counters and loafing rooms which are dignified with the name of hotels in many of our towns. Why should not the hotel be a place into which the most fastidious lady could go on occasion with the same freedom as into a public library or concert hall? But this can never be till we abolish the bar, and reinstate the inn as a place of public entertainment, with all its ancient honors.—Weekly Advance, Kemptville.

GILBERT McARTHUR DEAD.

Another pioneer of Nottawasaga was called away by death on Thursday, Dec. 4th, in the person of Mr. Gilbert McArthur, of lot 23, con. 5, at the age of 87 years.

Deceased was born in Caledon, Wellington county, in 1826, and moved to the township of Nottawasaga in 1848. In 1863 he married Miss Ann Hood, who pre-deceased him on June 4th, 1912. After his marriage he settled on lot 23, con. 5, and there remained until his death. In politics Mr. McArthur was a Reformer. He was a man of integrity of character, of noble life, and honesty of purpose. He possessed a keen and intelligent grasp of the Bible.

The family left to mourn his loss are one son, Arch., V.S., at home, and three daughters, Miss Katherine, at home; Mrs. D. McLellan, Stayner, and Mrs. Geo. Walter, Toronto.

The funeral took place from his late residence on Saturday afternoon to the Stayner Cemetery, the Rev. J. Yule conducting the funeral service at the home and at the graveside, six nephews of the deceased acting as pallbearers.

Friends from a distance who attended the funeral were Mrs. Walter and son, Bert, of Toronto; Gilbert McArthur, of Erin; Mr. and Mrs. White, of Thornbury, and Alex. McColeman, of Collingwood township.

The late Gilbert McArthur was the last of a family of twelve—nine brothers and three sisters.—Creemore Star.

SOME CHRISTMAS CUSTOMS.

The Christmas tree comes to us directly from the Germans. In that country the children all believe in Santa Claus and the Christmas tree has a prominent place in every home. In Norway and Sweden the season is one of good cheer and early preparations are made to bring happiness to all classes, poor and rich alike. In no other country probably are the birds and animals so well remembered. Sheaves of grain are fastened to the tops of tall poles and renewed every day for a week, and many are the birds that partake of this feast. The cows and horses share in the general happiness by having a double ration on Christmas day. In certain southern countries where Spanish is spoken, "Yuletide" is celebrated without the evergreen tree. Here there is a quaint superstition. It is thought that the animals have speech on Christmas day, and so when the cocks crow and the bulls roar and the sheep bleat, they are proclaiming the glad tidings of the Nativity—that Christ is born in Bethlehem. Many a child listens and tries to make out this wonderful conversation among the beasts and birds when Christmas morning comes.

Alvin Scott, operator at Grand Valley station, jumped off the platform to the tracks, a distance of 18 inches or so, but tripped on a loose stone or piece of coal, and stumbling came in contact with the rails. The jar broke a small bone of the right leg.

It is estimated that 40 hens and 20 dogs have been killed on the streets of Barrie since autos came into common use.

Rev. Josias Greene, of Clinton, a pioneer Methodist minister, celebrated his 80th birthday on the 11th of December.

A class in the senior section of the Dundas Public school won the attendance banner with an average of 99 3-5 per cent.

The race for the Owen Sound mayoralty for the year 1914 will be between John McQuaker and T. Walden Thompson.

Malcolm McIntyre has moved into Dundalk from McIntyre and has taken possession of the McCullough House there.

Editor Ramage, of the Durham Review, fell through an open cellar trap door, receiving a badly sprained knee in consequence.

James Clarke, probably the best known real estate man in Northumberland county, is dead at Cobourg, in his 75th year.

Mr. J. S. Beck, well-known in Hydro matters, will be a candidate for the mayoralty of Brampton at the coming elections.

The town of Forest started its first public utility, an electric light service, the up-to-date plant costing more than $20,000.

Mr. J. G. Beaton, of Glenelg Centre, has purchased the 100 acre farm belonging to Mr. John Graham, near Durham, for $3000.

Halton County Council has passed a resolution recommending the appointment of J. W. Elliott, K.C., as County Judge of Halton.

The management of No. 3 quarry at Credit Forks has installed a new stone crusher, which will give employment to about 20 men.

Adam Miles, a farmer, was fined $5 and costs at Windsor for assaulting his wife, who said that in 12 years he had given her only $10.

Mr. W. F. Vanstone, of Wingham, has purchased the Blyth saw mill and also the standing timber on a number of farms in that vicinity.

Alex. Keith, of Lower Pilkington, has bought the old McManus farm of 94 acres near Alma. The price paid was in the neighborhood of $5000.

At the coming municipal election Havelock ratepayers will vote on a by-law to authorize the Council to purchase a supply of electric power

State of Ohio, City of Toledo } ss.
Lucas, County. }

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY

Sworn to before me and subscribed in my presence, this 6th day of December, A.D., 1886.

(Seal) A. W. Gleason, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Mr. Haye, an aged inmate of the Huron House of Refuge, recently fell heir to a large fortune in Scotland, of several thousand pounds.

Mr. Milton Downey, of Albion, has purchased the Perdue farm of 150 acres, lot 20, 3rd line, east, Chinguacousy. The price paid was $12,000.

Chicken thieves have been operating at Inglewood. Mr. George Kidd lost forty fine birds and a number of other persons complain of stolen fowl.

Rev. Geo. Kendall, of Dromore, has been extended a unanimous call by the Presbyterian Congregations of Dundalk and Ventry, to become their pastor.

The estate of the late Barlow Cumberland, who died at Port Hope in August, has been filed for probate. He left property valued at $114,797.83.

Mr. and Mrs. Thomas Hodgson, of Bolton, have retired from hotel keeping and will live privately in the village. Mr. Alvin Egan, of King, succeeds Mr. Hodgson.

The engagement is announced of Miss Dorothy Downing Wakeey, of Toronto, to Wilfred Davy Smith, M.D., of Creemore. Marriage to take place early in January.

Mr. Andrew Wiley, now of the city of Toronto, has sold his 100 acre farm, being lot No. 32, in the 6th concession, Esquesing twp., to Mr. Joseph Allen, of Ballinafad.

S. J. Foster Stackhouse, leader of the British expedition which plans to start for the Antartic next year from England, is a brother-in-law of Mr. A. Hutchinson, Mt. Forest.

Mrs. Denis McCarthy, Brantford, was severely cut and bruised and had a very narrow escape from death when the buggy in which she and her husband were riding went down a 22 foot embankment.

In a little scrap among some boys at the Banda school the other day, Harry Perry jabbed his jackknife into G. Radford's back, which was prevented going further in by striking the shoulder blade.

Miss Mary Bland, of Castlemore, who has been organist of the church there for several years, was presented by the congregation with a handsome fox muff and ebony set, together with an illuminated address.

One arm broken at the wrist and the other at the shoulder, were the injuries received by Mrs. Davison, of the Collegiate Institute, Guelph, by a fall on the stairs of their residence, but she managed to phone to her husband.

The pupils of Beech Valley school, Mulmur, presented their teacher, Miss Margaret Wallace, with a handsome silver combination sugar bowl, complete with a dozen teaspoons and a dessert spoon to match and also a silver biscuit jar.

The other day at Cheltenham there was a bad runaway on the hill between the station and the village. Mr. Fred Haines's horse ran away with a young man named Campbell. The driver had three ribs broken. The horse broke a leg and had to be destroyed.

Wm. P. Hogg, manager of the Union Bank of Canada at Englehart, New Ontario, formerly of the Union Bank, Shelburne, was married on December 17th, 1913, at Haileybury to Miss Clarrisa Shillington, daughter of R. T. Shillington, M.P.P., of that place.

J. E. H. Burnby, a young English farm laborer, was found dead in a field on the farm of A. A. Gage, near Mount Charles, a week ago Monday afternoon. He was hauling out manure and it is supposed the horses ran away and he fell off the front of the wagon under the front wheels.

Dr. N. A. Gummer, of Kincardine, has a freak tooth which he extracted recently. It consisted of a perfectly good tooth growing at right angles to a wisdom tooth, about a quarter of an inch below the root. The two teeth were perfectly formed and solidly joined together. The doctor has sent it to the dental museum in Toronto.

Ardella Wilson, the six year old daughter of Mr. and Mrs. R. J. Wilson of Dundalk, met with a painful accident the other morning. As she was seated at the kitchen stove in her night dress, the teapot filled with hot tea, was upset and the contents spilled on her lower limbs inflicting a rather severe scald.

Virgil Reid, the 14 year old son of Mr. and Mrs. Henry Reid, of Heathcote, was seriously injured while returning home from the mill with a load of chop, the horses becoming frightened and running away with the result that Virgil was thrown from the wagon, one wheel passing over his head. His skull was badly crushed, and he is lying in a precarious condition, with doctors in constant attendance.

Master Walter Lee, son of Rev. Herbert Lee, of Dundalk, met with a nasty mishap while skating on a pond near the village. He got a severe blow on the forehead and upper part of the nose from a hockey stick in the hands of another boy. The wound required the attention of a doctor, who put in four stitches. No blame whatever is attached to the boy with the stick as the blow was purely accidental.

The following Dufferin teachers in training have been successful in qualifying for limited third-class and district certificates at the Provinvial Model Schools:—Laura M. Cotton, Shelburne; Annie G. Davis, Laurel; Ernest Ewing, Rosemont; Leonard C. Gallaugher, Mansfield; Lottie M. Irwin, Horning's Mills; Elwin E. Morrison, Rosemont; Ruby Morrow, Perm; Edith E. Watson, Shelburne; Annie E. White, Redickville. District certificate (valid for two years), Angeline Thompson, Violet Hill.

Mr. W. H. Willis, of Wingham, has resigned the position of agent for the Dominion Express and C.P.R. Telegraph and will devote his entire energies to his boot and shoe business.

Mr. A. D. Harper, of Albion, met with a severe accident recently. He was feeding a cutting box and got too close to the knives. The ends of the four fingers of the left hand were severed.

A despatch from Guelph of Dec. 18th says:—Dandelions are blossoming all over the Township of Wellesley. A lady near Weissenburg has pansies blooming in the open, and a farmer cut a crop of hay just before the Winter Fair.

Percy Laidlaw, of the 5th line, west, Chinguacousy Twp., has purchased the 100 acre farm being lot No. 2, in the 5th con., west, Chinguacousy township, belonging to James McClure, late gaoler of the town of Brampton.

By recent Act of the Legislature, where the fees and emoluments of the Division Court Clerk and Bailiff are less than $500 a year, the Municipality in which the Division Court is held shall pay to each of them the sum of $2.00 for attending each sitting of the Court.

The men of the Castlederg district have been having a sparrow destroying contest. Sides were chosen with Messrs. D. Wilson and Milton Downey as captains. Mr. Wilson and his supporters won out, the total number of sparrows accounted for by both sides being 6,081.

ECZEMA ON THE HEAD.

Mrs. Peterson, South Bay, Ont., writes: "For years I suffered a sort of eczema on the head. I tried four different doctors, giving each a fair trial, but the disease grew worse and spread to my arms. I got Dr. Chase's Ointment, and it has entirely cured me. I give you my name because I want other sufferers to know about this splendid Ointment."

Government statistics show that there were 321 births registered in Dufferin county during 1912; male 161, female 160, in which is included 3 illegitimates. The largest number of births took place in April, in which month there were 35; and March and June, 33 for each month. The next highest month was December, with 29 births and February and October 27 each. The number of marriages during the year was 130.

The engineers at Eugenia have completed an outline of the pond or lake that will be held back by the big 35-foot dam. The radius of this water storage is about 2 miles, and it will cover one thousand acres, and maybe a little more. Work has also been started at the dam. Piers are being sunk and the foundation plan prepared. A large number of farms in that section will have to be wholly or partially abandoned. The artificial lake will have an average depth of 12 to 15 feet.

Mr. Robert Semple, of Tottenham, met with a very serious accident one day lately. He was out for a walk and while crossing Mr. Steele's pasture field he slipped and fell. Being unable to rise, he attracted the attention of Mr. John McDermott, section foreman, who came to his assistance. Mr. Joseph Hanley, who was driving into town, got him into his buggy and drove him home. On examination it was found that he had sustained a fracture of the right hip. It will be several weeks before he will be able to move around.

Capital Paid Up $3,000,000.
Reserve $3,750,000.
Total Assets Over $48,000,000.

BANK OF HAMILTON

THE SMALL DEPOSITOR

SMALL depositors in this bank are given the same courteous treatment and thorough consideration that are given customers with large accounts.

The aim of this institution is to encourage systematic saving. Many a fortune began with a single dollar, which furnished evidence that the amount of the first deposit is not as important as the fact that it is a beginning.

Every six months the highest current interest will be credited to your account.

Farms For Sale

200 ACRE FARM

about a half a mile from the C.P.R. station, Orangeville. This is known as the Mitchell property, and is one of the best farms in the country. It is particularly well located and adapted for both grain growing and stock raising. There is a large bank barn, a good stone house and other out buildings. The farm is well fenced and in a good state of cultivation. This is a very choice property. Price and terms on application.

150 ACRE FARM

in the township of Erin. Good barn, house and other out buildings. The farm is well fenced and in a good state of cultivation, and is well located to market, church and schools.

100 ACRE FARM

in Garafraxa township. This is a mixed farming proposition. Good brick house, and bank barn. The Grand River runs through this farm. It is well located, being convenient to Waldemar and Grand Valley. This is a good stock farm and will be sold very cheap and on easy terms.

200 ACRE FARM

in the township of Caledon, within two and a half miles of the village of Charleston. Good bank barn, and brick house and other out buildings. This is a good farm; convenient to churches, school and markets. Price and terms very reasonable.

200 ACRE FARM

at Mono Centre known as the Laidlaw farm. This farm adjoins the village; has good barns, stables, stone house and other out buildings, with splendid spring water. This farm will be sold on easy terms, and the price very reasonable. For further particulars regarding any of the above properties, write or 'phone me.

NOMINATION ORATORY

Large Gathering of Ratepayers at Public Meeting in Town Hall Monday Night.

Mayor Island Re-elected, but There Are Contests for the Other Offices —Nomination Results in Surrounding Municipalities.

"The best nomination meeting Orangeville has had for many years," is the way Mr. A. A. Hughson, who has presided at every nomination meeting for the last twenty years, describes the big public meeting in the Town Hall on Monday night. The large auditorium was comfortably filled and, while the audience was not markedly demonstrative, it was not slow to show its appreciation of a witty sally, a keen home thrust or a telling argument. The speakers were given a splendid hearing and while there were interruptions, members of the Council, either past or present, were usually the offenders in this respect. There was considerable criticism, but is was on the whole good natured and those at whom it was aimed took their medicine with fairly good grace. There were four nominations for Mayor, five for Reeve, seven for Deputy-Reeve and twenty-one for Councillors. At nine o'clock Tuesday night the list stood as follows :—

Mayor—J. L. Island

Reeve—W. Fairbairn, J. J. White.

Deputy-reeve—Thos. Arnott, Tomlinson Hepton.

Councillors—L. K. Johnston, A. B. Holmes, Jos. Darraugh, Jas. A. Matthews, T. Henderson, B. McGuire, John Patterson, S. Allison.

The four retiring P. S. Trustees were re-elected without opposition as follows :—West, A. D. McKitrick ; North, F. W. Ritchie ; East, J. R. Hughes ; South, H. A. Duke.

Mayor Island, who was the first speaker called on after the close of the formal nomination proceedings, congratulated his fellow citizens upon having such a fine hall for their public gatherings. There were few towns with finer or more commodious halls. The plans for the improvement of the hall had been prepared and the work itself had been nearly all done by Orangeville men. The new Dods factory, His Worship declared, was one of the finest factories of its kind in the country. The Mayor discussed improvements to the waterworks and fire protection system, the work on the streets of the town and spent some time in the consideration of the financial statement. The municipal expenditure he divided into three classes—fixed charges, uncontrollable and controllable expenses—and showed that the two classes first mentioned accounted for about 23 mills of the total tax rate, so that less than 5 mills of the total levy was under the direct control of the Council. While there had been differences of opinion in the 1913 Council, there had been neither clique nor faction and every man had worked hard for the good of the town. In conclusion Mr. Island announced that he was asking for the customary second term.

After thanking the electors for their support and confidence in the past, Reeve Fairbairn stated that as Chairman of the Fire & Water Department he, with the assistance of his colleague, Mr. Matthews, had done everything he could to improve the water supply and fire protection system. The Corporation now had nine miles of mains and service pipes, 58 hydrants and 625 water services. Fourteen water services and three hydrants were installed during the year. The total revenue from the waterworks system was $3,623.-22, the largest in any year since the system was constructed. The two old boilers had been removed and replaced by a new boiler and it was now possible to maintain 25 to 40 lbs. of steam with the same fuel that it formerly took to run the small boiler. Four thousand pine trees had been planted at the waterworks reservoir at a cost of $18 and of these about 3500 were living and doing well. Mr. Fairbairn spoke of county matters at some length, referring to the two new county bridges to the west of the town and his famous vote on the House of Refuge question, which he explained was given for the purpose of gaining another vote. Mr. Fairbairn also announced that he was again in the field for Reeve.

Deputy-reeve Arnott spoke briefly, discussing extensions to the street lighting system during the year. He thought the lighting service was in pretty good shape now, but would favor further extensions as the necessity arose. After a brief reference to his work in the County Council Mr. Arnott asked for support for another term and stated he would do the best he could if elected again.

J. J. White made a vigorous address notwithstanding the fact that he was suffering from the effects of a severe cold that had confined him to bed for several days. He stated at the outset that he was in the field for Reeve and referred to the fact that he had already given the town seven years public service—five years as councillor and two as deputy-reeve. As Chairman of the Road & Bridge Committee, Mr. White devoted some time to the improvements made on the leading streets of the town. While the expenditure had been heavy it was necessary and Mr. White maintained that Mr. Darraugh and he had obtained a dollar's worth for every dollar they spent. The Dods' factory was a bigger and better factory than the specifications called for. Mr. White discussed the new bridge on Wellington St., championed the standpipe and elevated tank system as opposed to the electric motor and turbine pump with which he averred the town had been "loaded up" at a cost of $1,500. He charged that Reeve Fairbairn had failed to get a signed contract for electric power to run the pump and also criticized the Reeve severely for his action in County Council matters and particularly his vote in favor of the House of Refuge farm. The farm, Mr. White held, was not needed and would only load the County with unnecessary expense.

In one of the neatest speeches of the evening Coun. Holmes stated that the elevated tank system had been fully discussed by the 1912 Council. To his mind the upkeep of the tank would cost more than the maintenance of an electric pump. Mr. Holmes modestly refrained from any reference to his work in connection with the renovating of the Town Hall, but speaking for himself and colleagues stated that if the work they had done commanded the approval of the ratepayers, they would ask for a dividend on their investment of time and energy—not in dollars but out of the fullness of their sympathies.

T. Hepton, who announced that he was in the field for Deputy-reeve, referred to his seven years municipal experience in Amaranth and Orangeville and stated that in his opinion members of the town council should spend the public money as carefully as they would their own. As a member of the Town Property Committee and Chairman of the Court of Revision for two years he had tried to do his duty fairly and honestly. If elected he would work shoulder to shoulder with whoever was reeve for the good of the town and county.

Councillor Lou Johnston had tried to do the best he could for the town. As Chairman of the Industrial Committee he had worked hard to get the Dods factory proposition before the people and was gratified with the result of the Committee's efforts. The factory, in his opinion, would prove a valuable asset and he hoped that other industries would be started in the near future. Mr. Johnston's address, while brief, was practical and made a good impression.

Councillor Darraugh, who was suffering from a bad cold, made a brief, commonsense address, which unfortunately was heard only by those in the front of the hall. After referring briefly to his work in the Council and more particularly to his efforts as a member of the Road & Bridge Committee to improve the streets of the town, Mr. Darraugh stated that he might possibly stand again for Councillor and if he did so would be thankful for the support of the electors if they thought he had done his duty.

Thos. S. Hewson made a characteristic address. He was impartial in his criticism of Messrs. Fairbairn and White, taking the former to task for his action re Town Engineer King and the latter for taking "town property home and placing it on his own property." Mr. Hewson took the whole 1913 council to task for failing to enforce the local option by-law. He also told the audience that the Dufferin indigents could not look after "Charlie Bowles' bed of onions," let alone work a farm.

Dr. Campbell took Mayor Island to task over the financial statement. For years the present Mayor had been preaching economy at every nomination meeting and yet he had just presented what was probably the worst budget ever submitted to the ratepayers of Orangeville. The speaker's vigorous criticism brought the Mayor to his feet several times in hot protest. After he had finished with the financial statement Dr. Campbell turned his attention to roads, the settlement of the Hughes' suit and the fire protection system. His denunciation of the elevated tank brought on a wordy argument with Mr. White, which ended with honors fairly even and both contestants still going well. Dr. Campbell closed a strong address with a vigorous plea for the retention of Idylwyld Park as an athletic grounds for the boys and young men.

H. L. Atkinson, who was the last speaker, made a plea for the election of strong, capable men to fill the different positions in the Council.

The nomination meeting gave citizens an excellent opportunity to note the improvements to the Town Hall. So far as the auditorium is concerned everybody seemed enthusiastic over the transformation that has been made in the heating, lighting, seating and general appearance of the hall. So far as this part of the building is concerned, there need be no hesitation in stating that Orangeville has a hall in which its citizens can justly take a good deal of pride.

AMARANTH.

The following candidates were nominated at Laurel on Monday :—

Reeve—John Bryan, A. E. Williams, John S. Spence.

Deputy-reeve—Reuben West, W. T. Leader.

Councillors—Alex. Patterson, Wm. Ewing, Geo. Hepton, Thos. Whaley, Jos. Ritchie, John Duncan, Robt. Fife, John S. Brown, John Pratt, Robt. Wansbrough.

The township hall was crowded to suffocation while the speaking was in progress. Rev. J. R. Bell made a tactful and impartial Chairman. Our representative was present and took notes of the addresses, but lack of space makes it impossible to give any extended report of the speeches. Warden Bryan and Deputy-reeve Williams presented the two sides of the House of Refuge question. The latter, it was noticeable, shifted ground on the issue. In council he spoke and voted for an independent House of Refuge and a 50 acre farm. In his nomination speech he advocated an arrangement whereby prisoners could be cared for elsewhere. This arrangement completed he would remodel the jail buildings into a House of Refuge provided this would cost less than an independent institution and farm. Warden Bryan and Mr. Spence criticised the farm project, which they held would involve the county in a great deal of needless expense. W. T. Leader and Thos. Whaley put the big crowd in great humor with their witticisms. Those in the field are :—

Reeve—Spence, Williams

Deputy-reeve—Leader, West

Councillors—Ewing, Hepton, Patterson, Pratt and Ritchie.

HILL & CO.
ORANGEVILLE, ONT.

GIGANTIC
JANUARY
Clearing Sale

We have decided to put on the biggest and best Clearing Sale of strictly up-to-date Merchandise that the citizens of Orangeville and vicinity have ever known. Our entire stock, aggregating very nearly $35,000.00, will all be offered at BARGAIN PRICES, and we confidently assert that never again will a better money-saving opportunity come your way.

This Sale will commence Saturday, January 3

And Continue Until Saturday, January 17th.

We have no excuse or apology to offer for making this sale. The one fact standing out clear and distinct all over our store is this: WE HAVE TOO MUCH STOCK.—And when you take into account our unequalled buying opportunities (buying for five stores), buying for Spot Cash, largely from the Manufacturers direct, you can understand that Sale Prices with us will mean the LOWEST PRICES by far, you will be asked to pay for goods of equal merit.

Sale Prices Apply to Everything in the Store such as Flanelettes, Cottons, Sheetings, Shirtings, Table Linens, Flannels, Lace Curtains, Curtain Goods, Sateens, Cretonnes, Blankets, Window Shades, Carpets, Linoleums, Oil Cloths, Rugs of all kinds, Crockery, Graniteware, Trunks, Suit Cases, Club Bags, Dress Goods, Silks, Satins, Linings, Fancy Goods, Gloves, Hosiery, Smallwares, Prints, Ginghams, Sweater Coats, Furs, Ladies' Suits, Mantles, Skirts, Blouses, Underwear, Gents' Furnishings, Men's and Boys' Clothing, Boots and Shoes, Rubbers, Hats and Caps, Groceries, etc., etc.

We give below a few prices, merely to indicate the trend of values, again asserting that everything in the store will be sold or offered at TREMENDOUSLY REDUCED PRICES.

Holmes-Haddock.

A very happy event took place at the home of Mr. and Mrs. John Haddock, Relessey, on Wednesday of last week, when their daughter, Florence May, became the wife of Ernest Cecil Holmes, of Toronto, son of Mr. and Mrs. Robert Holmes, of Mono township. At 4.30 p.m. to the strains of the wedding march, the bride, leaning on the arm of her father, entered the drawing room, where an evergreen arch hung with wedding bells had been prepared. Here the impressive ceremony was performed by Rev. G. L. Gray, B.A., of Rosemont, who pronounced them husband and wife. After hearty congratulations the guests to the number of fifty, immediate relatives of the bride and groom, followed the bridal couple to the dining room, where all enjoyed a dainty wedding breakfast. The bride looked pretty in white silk covered with embroidered overlace. She wore a veil decorated with orange blossoms and carried a bouquet of chrysanthemums. She was attended by Miss Pearl McMullen, who wore a rose marguerite with white satin stripe, trimmed with lace. The groom's gift to the bride was a gold watch and chain, to the bridesmaid a brooch set with pearls and to the groomsman, his cousin, Robert Holmes, a pair of engraved gold cuff links. The young couple were the recipients of many useful presents. After spending a month visiting friends, Mr. and Mrs. Holmes will leave for their home in Toronto, where the groom has a promising business as contractor and builder. That every success and blessing may attend them is the wish of all their friends in this community.

Derrance-Campbell.

The marriage of Mr. Harold A. Derrance, B.S.A., and Miss Edna Mary Campbell took place at the home of the bride's parents, Mr. and Mrs. G. A. Campbell, York St., at 1.30 p.m. on Christmas Day. The bride entered the drawing room on the arm of her father to the strains of Mendelssohn's wedding march played by Mrs. L. G. Campbell, of Markdale. She was attired in a gown of shadow lace over duchesse satin and carried a beautiful bouquet of roses and ferns. Rev. P. C. L. Harris, of Toronto, an uncle of the bride, performed the ceremony in the presence of a number of the immediate friends and relatives. After signing the register and receiving the congratulations of the assembled friends, the newly wedded couple led the way to the dining room, where a dainty wedding repast was served. Rev. Mr. Harris proposed the toast to the bride, the groom responding in a neat speech. The dining room was prettily decorated with rose, holly and ruskins. The bride, who is one of Orangeville's popular young ladies, was the recipient of a large number of handsome gifts. The groom's gift to the bride was a beautiful gold watch and to the pianiste a gold bar pin. Mr. and Mrs. Derrance left on the evening train amid showers of confetti for the groom's home at Seaforth, where they will spend a week. The Banner joins their numerous friends in offering its hearty congratulations.

Rev. W. T. Ellison Dead.

Rev. W. T. Ellison, a former pastor of Camilla and Mono Centre Presbyterian Churches, passed away at the manse in Alliston on Sunday after a long illness. The funeral service was held in Alliston Presbyterian Church on Tuesday afternoon, Rev. G. I. Craw, of Thornton, presided and Rev. W. M. Morris, of Orangeville, preached the sermon. The remains were taken to Toronto for burial, the interment taking place in Prospect cemetery.

George Zilliax Dead.

Last week's Banner contained a notice of the death at the Western Hospital, Toronto, on Monday, Dec. 22nd, of George Zilliax, who was formerly connected with The Queen's hotel here. Deceased was born at Listowel on December 27th, 1874. In 1899 he was married to Miss Pearce in Toronto and a few years later came from Listowel to Orangeville to take a position as clerk in the Queen's hotel, which was then controlled by his father, the late George Zilliax sr. For the last two or three years he had lived in Toronto, where he held a position in the Iroquois hotel. Deceased was a Mason, a member of the A.O.U.W. and the C.O.C.F. His wife, three children, four sisters, a brother and a half-brother survive.

Jas. Brown Called Away

At 2.30 o'clock on Saturday afternoon, Dec. 6th, the Angel of Death visited the home of County Clerk Brown on Pearl St., Caro, Mich., and removed his aged father, who had made his home there for the last year or so. The late James Brown was born in Tyrone, Ireland, on May 11th, 1837, and emigrated to Canada with his parents in 1845. The family settled in Mono township near Orangeville. In 1862 Mr. Brown married Hannah Jane Page and in 1866 he enlisted to repel the Fenian invaders and was stationed in Toronto for two weeks. In 1883, in company with his brother, Alex., he started for Michigan, driving with horses and wagon. The brothers made the journey by way of Port Huron. Upon reaching the Cass City district James bought a farm on which he lived until five years ago when his wife died. A year ago he moved to Caro and took up his residence with his son, Robert. Mr. Brown had always enjoyed good health and was very active for a man of his years. He was always able to be about and walked to church the week before his death. He leaves to mourn his loss a daughter, Mrs. Wade, living in Cincinnatti, one son, Robt., of Caro., and six grandchildren.

Presentation to Mrs. Fisher.

Mrs. W. G. Fisher was given a pleasant surprise on Monday evening by her friends. Inasmuch as she will be leaving town in the near future, the ladies with whom she has associated for many years wanted to give her an expression of their regard for her many good qualities and chose Monday evening as the occasion for their raid on Mrs. Fisher's home. Some twenty-five ladies assembled at the home of Mrs. W. A. J. Bell and from there went over and besieged the home of Mrs. Fisher whom they made certain they would find in domestic quietude. Mrs. Fisher was very much surprised and when the ladies gathered round her and told her that they had come to present her with a little token of their regard and she was handed a ring set with sapphire and diamonds she was more surprised than ever. But she was not bored by a lengthy address and any sentiments conveyed by speech were expressed quite formally. Mrs. Towler, Mrs. Fisher's mother, who had been in the secret regarding her daughter, was also greatly surprised when the ladies gave her a cameo brooch. Both Mrs. Fisher and Mrs. Towler thanked the ladies for the expressions of regard. The whole affair was delightfully informal and spontaneous and consumed but a small portion of the evening.—Alliston Herald.

TEACHER WANTED.

Qualified Protestant teacher wanted for S. S. No. 17, Amaranth. Salary $450. Duties to commence at New Year. Apply to T. W. Wallace, Laurel, Ont.

MEETINGS In the Interests of Farmers

A series of meetings in the interests of the farming community will be held at the following places on the dates given. Afternoon meetings will commence at 1.30 o'clock and the evening meetings at 7.30 o'clock.

BOWLING GREEN
Wed., Jan. 7, 1914, afternoon and evening.
WHITTINGTON
Thursday, Jan. 8th, in the afternoon.
CAMILLA
Thursday, Jan. 8th, in the evening.
MONO CENTRE
Friday, Jan. 9th, Township Hall, afternoon.
GRANGER
Friday, Jan. 9th, School House, evening.
VIOLET HILL
Saturday, Jan. 10, Orange Hall, afternoon.
KELDON
Monday, Jan. 12th, in the afternoon.
JESSOPVILLE
Monday, Jan. 12th, in the evening.
RIVERVIEW
Wednesday, Jan. 14th, in the afternoon.
CORBETTON
Wednesday, Jan. 14th, in the evening.
HONEYWOOD
Thursday, Jan. 15, afternoon and evening.
PERM
Friday, Jan. 16th, afternoon and evening.
ROSEMONT
Saturday, Jan. 17th, in the afternoon

At Honeywood, Perm and Rosemont there will be afternoon meetings for the ladies. An address will be given at each place by Miss M. N. Norman, of Toronto.

Demonstrations on Live Stock will be given at the Whittington, Violet Hill and Keldon meetings.

From Jan. 7th to Jan. 14th, inclusive, Mr. J. M. McCallum, B. S. A., will deliver addresses at each meeting. His subjects are (1) Seed Selections as a basis of crop improvement; (2) The Corn Crop; (3) Alfalfa, a catch crop; (4) The Draft Horse; (5) Is Farm Life Attractive? (6) The Mystery of Growth and Plant Life.

J. W. Widdifield, of Uxbridge, will be the speaker at the Honeywood, Perm and Rosemont meetings.

Stereopticon Illustrations will be given at all the evening meetings.

SPECIAL MEETINGS

ORANGEVILLE
Wednesday, Jan. 21st, Town Hall, in afternoon.
LAUREL
Thursday, Jan. 22nd, in the afternoon and evening, in the Township Hall.
HORNINGS MILLS
Friday, Jan. 23rd, afternoon and evening.
DUNDALK
Saturday, Jan. 24th, afternoon, Town Hall.

At the special meetings the speakers will be Messrs. H. C. Duff, B.S.A., Markdale; N. C. Mackay, B.S.A., Walkerton; H. A. Dorrance, B.S.A., Orangeville. Mr. Dorrance or his assistant, Mr. C. S. Nicholson, will also attend all the regular meetings.

A full attendance at each meeting is requested.

J. H. McKEE, Secretary. W. J. HAMILTON, President.

Christmas Entertainment

On Friday evening, Dec. 19th, the teachers and pupils of S. S. No. 1, Farmington, held a very enjoyable Xmas Entertainment in their schoolroom, which was beautifully and gaily decorated with flags, evergreens and Xmas bells. The affair attracted a large number of the friends and parents of the children, the commodious schoolroom being packed to the doors. A splendid program was provided consisting of choruses, recitations and drills by the school. These all spoke of the excellent training received, a flag drill being especially worthy of note. Other numbers were violin solos by Councillor A. Patterson, accompanied by his daughter, also several gramaphone selections by Porter Bros., of Orangeville, all of which were much appreciated by the audience. Mr. W. H. Trimble, Secretary of the School Board, ably performed the duties of chairman and toward the end of the program the pupils presented their teacher, Miss Bell, with several handsome pieces of Limoges China signifying the goodwill existing between pupils and teacher and throughout the section in general. Later on the ladies of the section served light refreshments bringing the evening to a pleasant close. The School Board are to be congratulated on securing such an efficient and painstaking teacher as Miss Bell.

J. D. TORRIE'S

GREAT CLEARING SALE OF NEW FALL and WINTER GOODS

Wear our comfortable, Stylish clothes

Being Overstocked with Men's and Boys' Ready-to-wear Suits and Overcoats, we have decided to clear our entire stock of this Season's Clothing from 15 per cent. to 25 per cent off our regular prices, which are marked in plain figures.

15.00 Suit or Overcoat for 11.95
12.00 Suit or Overcoat for 9.00
10.00 Suit or Overcoat for 7.50

Boys' Suits, Overcoats and Men's Odd Pants, same proportion. These prices will hold until January 1st., 1914. TERMS CASH.

All outstanding accounts must be settled by the New Year or they will be placed for collection.

J. D. TORRIE
Clothier and Men's Outfitter
Broadway Orangeville

Boy Scout Notes.

At the last meeting the first Orangeville Scouts were sworn in. The following boys qualified and were enrolled:—F. Ellis, H. Robinson, A. Preston, H. Firth, B. C. Tebbs. Two Patrol Leaders were appointed, A. Preston and F. Ellis. On next Friday further examinations will be held for Tenderfoot Badges, and those qualifying will be enrolled.

Rev. G. W. Tebbs has been requested by one of the Colleges in Toronto to prepare a scheme of instruction for Divinity Students in Scoutcraft so that those graduating may be fully qualified to take up Scouting.

The Orangeville Scouts are preparing Scout maps of the town.

Oldtime Entertainment.

In connection with the reopening of the Methodist Church at Melville Cross on Sunday, Jan. 4th, an Oldtime Entertainment will be given in the Church on Tuesday evening, January 6th. An interesting program of music will be provided and will be followed by scenes from the screaming farce comedy "The District School," presented by local talent. Programme at 8 o'clock sharp. Admission, 25c and 10c.

Hayes' Appeal Allowed

C. R. McKeown, K.C., for plaintiff. G. H. Watson, K.C., and A. A. Hughson (Orangeville) for defendant. Appeal by plaintiff from judgment of McCarthy, J., of county of Dufferin, of Nov. 7, 1912. Action by plaintiff to recover $225 damages for breach of contract by defendant to employ him as assistant postmaster at Orangeville post office at $900 a year and dismissal before termination of contract. At trial the action was dismissed without costs on the ground that a judgment in a former case acts as a bar, though the Judge held plaintiff had been wrongfully dismissed. Judgment: Appeal allowed without costs and judgment to be entered for plaintiff for $220 with costs. Sutherland, J. dissenting.

MELANCTHON.

We are having nice winter weather but very little snow as yet.

Mr. John S. Bates spent Christmas week in Toronto.

Our popular teacher, Miss Ellis, is spending the holiday at her home in Mount Forest.

Master James Sawden jr., of Toronto, is spending a short time with his uncle, Mr. James Sawden, of this place.

Mr. James Allan, of the Swan River Valley, is visiting his sister, Mrs. McComb, of Melancthon.

CHAMBERLAIN'S TABLETS — YOUR BEST FRIEND

ARCH McLELLAN DEAD.

Oldtime resident of Chinguacousy Passes Away in Western Hospital.

On Tuesday the remains of Mr. Arch. McLellan were brought to Brampton for interment. Mr. McLellan was born on his father's farm on the Centre Road, south, adjoining Brampton, seventy-nine years ago, the farm owned by Wm. Montgomery, of Toronto, and tenanted by Mr. Eldridge. For many years Mr. McLellan was a well known figure in town and township life. He was a man of considerable ability and had received a good public school education which he had supplemented by extensive reading. He was fond of the poets and especially of Bobbie Burns. Mr. McLellan was a fair speaker and could make an excellent address on any subject pertaining to farming.

Mr. McLellan was a frequent candidate for municipal honors in Chinguacousy, but never was fortunate enough to get the majority on the other fellow. For years no nomination meeting at Snelgrove was complete without his presence. His caustic criticisms on the expenditures of the council and their actions generally made up an annual speech that delighted the usually large audiences on such occasions.

Mr. McLellan was married to a daughter of old Squire Patterson, whose old homestead was in Main St., north, adjoining the Lowes estate. Mrs. McLellan died many years ago.

Mr. McLellan's death was caused by cancer. He died at the Western Hospital in Toronto on Sunday. In all he submitted to five operations during the past two years, beginning with the hand and ending beneath the armpit.

Mr. McLellan is survived by a son, Mr. A. McLellan, Toronto, and three daughters. The daughters are Mrs. Alex. Shields, in Saskatchewan; Mrs. Hardison, Welland; and Mrs. Jones, Toronto.—Peel Banner.

WHY SHE WAS CRYING.

Some time ago a man was awakened in the night to find his wife weeping uncontrollably.

"My darling!" he exclaimed, "What is the matter?"

"A dream!" she gasped, "I have had such a horrible dream!"

Her husband begged her to tell it to him, in order that he might comfort her. After long persuasion she was induced to say this:

"I thought I was walking down the street and I came to a warehouse where there was a large placard, 'Husbands for Sale.' You could get beautiful ones for $1,500, or even for $1,200, and very nice-looking ones for as low as a hundred."

The husband asked innocently, "Did you see any that looked like me?"

"Dozens of them," gasped the wife, "done up in bunches like asparagus, and sold for $2.50 a bunch."

GOOD NEWS FOR THE GIRL WITH UGLY HAIR

Don't mourn over it! Don't envy others because they have beautiful hair. Begin right now to give proper, intelligent care and attention to your hair—and then let others envy you. Use Harmony Hair Beautifier, a delightful liquid hair dressing that is just what it is named—a hair beautifier.

To make the hair glossy, soft and silky—to make it easier to put up in smooth, wavy folds, and "stay put" — to restore to your hair the well-groomed appearance you want it to have—to overcome the unpleasant, oily odor of the hair and leave instead a delightfully dainty, fresh rose fragrance—Harmony Hair Beautifier will please you, or your money back. Very easy to apply — simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of the hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives a rich lather that immediately penetrates to every part of the hair and scalp, insuring a quick, thorough cleansing. Washed off as quickly, the entire operation takes only a few moments. Can't harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories, Toronto, where the celebrated Harmony Perfumes and Toilet Preparations are made.—T. F. & T. J. Brown, Orangeville, Ont.

A REMARKABLE WILL.

Roman Catholic Priest Establishes Fund for Priests Who Have Been Debarred.

Professes Respect for Superior Authority, But Declares that Majority of Bishops are Haughty, Overbearing and Tyrannical.

Acting as trustees of the will of the late Rev. Father George Cummings Butler Dwyer Brophy, the Toronto General Trusts will take steps to test the validity of his will. It is contested by Mrs. Catherine Mahoney, a sister, to whom was left $75 a year. The bulk of the $177,000 estate was left as a fund for priests who had been debarred from the church. In view of the amount of the estate, the contest will be removed from the Surrogate Court of Frontenac to the High Court.

Mrs. Mahoney contests the will on the ground that the testator did not know or approve of the contents of the will when he signed it, and she alleges that he was of unsound mind at the time of the making of the will.

The will provides that any who attempt to break it shall forfeit any share they might otherwise get.

Father Brophy was a retired missionary priest, and his death occurred on September 23rd last. His will was made on May 5th, 1910, and after directions with regard to his tombstone, which was to be a four-sided granite monument four feet high, placed in his father's cemetery lot in Peterborough, he disposed of various sums from $1,200 to $300 among his relatives, not forgetting those back in Tipperary county, from whence he came.

He directed that $300 be distributed among priests then officiating in Toronto "for intentions to be said by them for the benefit of those (if any), whom I have wronged in my dealings with them, and if I have not wronged anyone, they shall be said for myself."

Then followed provisions for the establishment of a fund by the investment of all the residue of the estate from the income of which help was to be extended to debarred priests, the inference being that there might be such who suffered from the arrogance of the bishops over them. The will ran:

"To pay a sum not exceeding $400 a year to each unfortunate Roman Catholic priest in Ontario who has been cast out or debarred by the clerical authorities of his church, and who may apply for help and whom my trustees after careful investigation against imposition may in their absolute, unlimited and uncontrolled discretion consider worthy of assistance and as complying with the following conditions; namely, that he makes profession of the Roman Catholic faith, that he is not in receipt of help from a church or religious order, that he has no means of living, that he has no jurisdiction from a Bishop to do clerical duty or to celebrate Mass, that he is a good, respectable citizen and not guilty of any conduct offensive to public morals.

Another clause provides for the assistance of clerics from other provinces under similar conditions and it is followed by one reading as follows:

"Should there be no application in any one year for assistance or help as aforesaid, so much the better. That will be a great blessing."

It is provided that all the unexpended revenue from this source shall be turned over to the Ontario Government for distribution among the asylums for the insane and establishments for the deaf and dumb, "where the poor and unfortunate of every creed and country are taken in and cared for alike. This bequest I make on account of having lived nearly all my life under the liberal and impartial laws of Ontario, and on account of being indebted for what I possess chiefly to the interest arising from deposits and investments of long standing in the province, and to the stability and safety of Canadian financial institutions."

The executors are instructed to publish the will and a statement in one of the Toronto newspapers as soon after the testator's death as convenient, and thereafter to publish the same at intervals of 25 years during the currency of the trust.

"I have claims against Archbishop Cleary. How these claims come I will show in a statement of grievances I intend to leave after me to be published with my will at the same times and in the same places. If the heirs or friends or any of the successors in office of the late Archbishop Cleary think proper to settle these claims in whole or in part, I direct my executors to acknowledge such settlement and publish it in the same way as my will and statement of grievances.

If it should be held that the bequest for unfortunate Roman Catholic priests could not legally be made Father Brophy asks that the sum set aside be paid over to the Ontario Government for insane asylums, deaf and dumb asylums, etc.

The will continued: "May God forbid that this will would give any encouragement to insubordination, disobedience or scandal in the church. No one has more respect for the authority of superiors, especially that of a good and kind bishop, than I, but while I believe there are saintly, charitable, and just bishops always in the church, I believe just as well that the majority of them are haughty, overbearing and tyrannical, some to a shocking degree, and it has been my most ardent desire for many years in my life to prevent as far as I could what I believe to be the worst evils that disgrace the Church of Rome, the consequence of such abuse and power.

"May the almighty and merciful God bless the work I have undertaken to do. May He grant that this charitable fund may do good, that it will be the means of saving some unfortunate fellow-creatures from temporal want and beggary, but still more from sin, blindness of mind, hardness of heart, apostacy, infidelity, despair, sudden unprovided and unnatural death and eternal ruin. May He grant that while I try to help others I will help myself, that mine will be the great reward promised to those that do the works of mercy, and may He amply reward all those likewise that have helped me to establish this charitable fund, to obtain the object of my desires, the object I have had in view a good part of my life. Amen.

"In the preparation of my remains for burial, my executors are to prohibit the use therein of poisonous or injurious matter which are commonly used by undertakers for the purpose of improving the appearance of corpses. My body is to be enclosed in a plain but solid oak coffin and placed in a vault until a suitable time arrives for interment in my father's plot in Peterboro, where my mother and sister are interred."

FOUND DEAD.

Chinguacousy Bachelor Passes Away Quite Unexpectedly.

On Sunday forenoon Mr. James Lyons, a well-to-do Chinguacousy, west, farmer was found by his brother, Thomas Lyons, kneeling beside his bed quite dead.

Deceased was last seen alive on Friday night and it is supposed death overtook him while he knelt by his bed on Friday night before retiring. Mr. Lyons was 41 years of age. He farmed one hundred and fifty acres, in lot 25, 5th line, west, Chinguacousy. He had a good house and barns. He had 21 first class horses in his stables besides a dozen cattle, sheep, pigs and fowl.

Mr. Lyons was a bachelor and for a long time had lived alone, and as he did not evince a desire for company was not troubled much by the neighbors or others. When the brother called on Sunday forenoon it was by mere chance. In the barnyard he found horses running about and cattle bellowing and at once suspected that something was wrong and entering the house his worst fears were realized.

Mr. Lyons was the eldest son of Mr. James Lyons, of Brampton.—Peel Banner.

A CRIPPLE FROM RHEUMATISM

Tortured Four Years Until He Took "Fruit-a-tives"

RIDGETOWN, Ont., May 21st, 1913.

"Your "Fruit-a-tives" cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several.

Some neighbor of mine told me that "Fruit-a-tives" helped him, and I took them faithfully every day and the result was marvellous. For over two years now, I have been free from any Rheumatic pains whatever, and give "Fruit-a-tives" the full credit for making a remarkable cure".

W. T. RACHER

If you are subject to Rheumatic Attacks, Sciatica, Lumbago or Neuralgia, take "Fruit-a-tives" right now and start the permanent cure which "Fruit-a-tives" will complete if taken faithfully. 50c a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

It Sometimes Happens.

"Do you remember that little, watery eyed, lazy chap we had here three or four years ago?" asked the head of the firm. "Binks, I think his name was I discharged him for incompetency."

"Binks?" the assistant manager replied. "Oh, yes, I remember him well."

"He came in to see me today."

"Did he? He went from here to New York, didn't he? I suppose he was wearing a silk hat and an overcoat with a fur collar."

"That's the funny thing about his case. I can't understand it. He was all run down at the heels and wanted to know if I would give him 50 cents."—Chicago Record-Herald.

Nurse's Years of Experience

Proves Dr. Chase's Kidney-Liver Pills Best Treatment for Kidney and Stomach Troubles.

The trained nurse has even greater opportunities than the doctor himself to watch the action of medicine in specific cases.

For years the writer of this letter has been recommending the use of Dr. Chase's Kidney-Liver Pills among her patients, and is firmly convinced that no treatment is so prompt and effective.

This is the most valuable evidence obtainable, and we believe that all who know Mrs. Duffy will appreciate it to the full, knowing that she would not recommend anything in which she had not the fullest confidence.

Mrs. Duffy, nurse, 36 Lewis street, Toronto, writes: "I have used Dr. Chase's Kidney-Liver Pills for years, and recommend them to my patients for all disorders of the kidneys, liver and stomach. In all my professional experience I have found nothing better." Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto.

APACHES OF PARIS

Night Prowlers Whose Trade is Murder and Robbery.

THE TERROR OF THE POLICE.

These Desperadoes Rarely Use a Gun, but Work With the Knife, the Bludgeon or by "Tolling"—They Have a Short and Bloody Career.

There are very few nights in the year when Paris policemen on their rounds do not stumble upon a body lying in a gory pool. Sometimes the handle of a long, slender knife protrudes between the shoulder blades; sometimes an ugly gash bleeds from ear to ear; not seldom blood oozes from mouth, nose and ears, as though the dead had not sustained any apparent wound, or three little starlike bruises may dot the temple, or a bluish line an inch wide may mar the back of the neck, just above the collar line "Les Apaches," the "cops" whisper to each other (for Parisian police officers always go two by two), and they call for an ambulance, much relieved not to have witnessed the incident.

The steel blade, the blackjack, the brass knuckles, will serve the purpose of the Apache, according to his victim's size and presumable strength. For a prey of small stature, however, the Apache reserves what in his slang he calls "tolling." A sharp blow dazes the victim and throws him down; the Apache's knees tore themselves into the chest, while his hands seize the ears, lift the head and slam it a couple of times on the pavement until a duller thud tells of a fractured skull.

Until an Apache is an adept at "sticking" his man in very much the same way in which a Spanish torero dispatches a bull, with a single thrust between the shoulders, or at cracking a skull bone at one slam, he is held in little esteem and never allowed to tackle "big jobs" in a dangerous neighborhood, for Paris is a well policed city. The night hawk must strike like lightning, empty the dead man's pockets in a wink and slink away into the dark. Therefore Apaches very seldom carry guns; the knife is silent. Tolling, too, is safe—so many people are known to have slipped and fractured their skulls! Unless the victim is especially well dressed there is not much of an inquiry.

When it is all over the gang, which scatters like a flock of frightened sparrows, meets again at some wineshop where no one is welcome who is not "in the business."

Apaches never try to conceal their social status. Their very clothes are a sort of warning to the public. They even affect a peculiar walk, the body bent from the loins, shoulders hunched and hands plunging deep into the trousers pockets. But who would dare to molest them?

The Apache is a marked man. He joins a gang at three or four and twenty, and by thirty or thirty-five he has gone. The maws of a jail hold him for the balance of his earthly existence. He knows that. He expects it. Therefore while his freedom lasts there is no desperate chance he will not take to get at the gold that alone could save him.

Apaches are not born; they are made—made by the peculiar laws of France. Every citizen of the republic, without distinction of rank or class, must serve under his country's flag for two years. Only the physically unfit escape that servitude. At the end of his term in the ranks every Frenchman seeking employment must present as means of identification his certificate of honorable discharge.

Then it is that tragedy looms up for some unfortunates. Woe to the one whose certificate mentions the "African battalions!"

The African battalions, garrisoned at the edge of the Sahara desert, are made up of all the boys who had the misfortune of being arrested before they reached the age of twenty-one. Trivial as their offenses may have been, whether they were due or not to the indiscreet exuberance of youth or to some absurd entanglement, they are sent to the desert outposts, kept on convict fare, sleeping mostly in trenches which they dig, watched over by sentries that shoot to kill.

Under the broiling sun that lays them down fast with fever and cholera they build roads, crept over the next day by the sand. They are "the front" whenever Arabs or Moroccans threaten to shake off the French yoke. When they fall by the wayside they are tied to a horse's tail. When they protest spurs cause the horse to rear.

And when the creepy water of sand wells, bullets from the sentries or from the nomads and the hoofs of vicious horses have spared them they return to their native city with hatred in their hearts, with the loathsome memories left by association with the depraved and the morally diseased.

They return to their native city to find doors and hearts locked to them. Their military book, which they must produce, proclaims them jailbirds. Who wants to employ an ex-convict? During their two years in the African inferno they have atoned for their errors of the eighteenth or nineteenth year. For the second time they have settled their account with society. And now society refuses them a chance to show that they have (for some of them have) shed the old hide, to prove that a new heart is beating in their breasts.

Hard is the plight of an ex-convict in France.—Andre Fridos in New York Tribune.

WHEN YOU CAN'T SLEEP.

A great many people are troubled with insomnia, especially in winter, when chilly beds and rooms none too warm are little enough conducive to cosiness. To overcome the annoying habit, try being perfectly comfortable as soon as you get into bed. Take a warm bath first, then sip a hot drink—hot milk or buttermilk, or lemon, or even weak tea—and finally put a hot water bottle, slipped in a flannel bag, at the foot of the bed, where your feet can rest on it. Let the covers be warm yet light, nothing can be better than plenty of blankets, and have the air in the room cool and fresh enough to be agreeable. Don't think. Close your eyes, relax your whole body, and let yourself go asleep. . . . Unless there is some especial carping cause for worry, these little devices will usually be effective. When even they fail a long brisk walk just before retiring will often bring the required sleepiness. One may not feel like taking it, but it will be worth while. Sufficient sleep is absolutely necessary to health and vivacity.

Read J. D. Torrie's advt. for bargains.

NOTICE TO CREDITORS.

IN THE MATTER OF the estate of Alexander McKinney, late of the Town of Orangeville, Dufferin County, Gentleman, deceased.

NOTICE is hereby given that all creditors and others having claims against the estate of the said deceased, who died on the 8th day of July, 1913, are required on or before the 26th day of December, 1913, to send or deliver to C. R. McKeown (Orangeville P. O.), solicitor for the Executors of the Estate of the said deceased, their names, addresses and full particulars of their claims, together with the amount of the security, if any, held by them.

And take notice that after the said 26th day of December, the said Executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that they will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have notice.

Dated at Orangeville this 8th day of December, 1913.

C. R. McKEOWN,
Solicitor for the Executors.

UNRESERVED

Credit Auction Sale

—OF—

Farm Stock and Implements

The undersigned has received instructions from the Executors of the Estate of the late Robert Jackson, Sleswick, to sell by Public Auction on Lot 16, Con. 6, east, Caledon township, on

Wednesday, Jan. 14th, 1914

JUDGE NOT LIABLE.

Judge McGibbon Holds That Coun Judges Cannot be Taxed for Income.

Judge McGibbon, of Brampton, rendered a decision in favor of plaintiff in the action brought Judge Morson against the City Toronto, to recover taxes p by him under protest on his inco received by him from the Domini Government as a judge of the Co ty of York. The judgment is of considerable importance to Domin Government officials in Ontario least, and will likely be followed over Canada. Lengthy written guments on all aspects of the qu tion were submitted by Mr. R. Reid, counsel for Judge Morson, by Mr. William Johnston and B. W. Essery, counsel for the City Toronto.

Judge McGibbon holds that no thority can be found in the Brit North America Act authorizing imposition of an income tax on l mission Government officials by through municipalities under the thority of provincial legislation, that under a Federal system of g ernment, such as we have in Cana one Government cannot tax anoth nor tax the means of instrument ities used by each, such as offici and employees engaged in mainta ing and carrying on its powers authority and the various depa ments of government and executi and administering the law and ot affairs of State.

He also holds that the Ontario assessment Act does not authorize imposition of any such tax on Fed al officers, but that, on the contra the Act impliedly exempts them fr such tax, and does not apply to C adian Government officials at all.

says the weight of judicial decisi and authority is all against the c tentions of the defendant, and Privy Council decision relied upon the City of Toronto is not applica to the Canadian Constitution.

The Telegram says that the c will appeal against the decision the county judge of Peel, who has ruled that Government officials exempt from income tax.

JUDGE NOT LIABLE.

Judge McGibbon Holds That County Judges Cannot be Taxed for Income.

Judge McGibbon, of Brampton, has rendered a decision in favor of the plaintiff in the action brought by Judge Morson against the City of Toronto, to recover taxes paid by him under protest on his income received by him from the Dominion Government as a judge of the County of York. The judgment is of considerable importance to Dominion Government officials in Ontario at least, and will likely be followed all over Canada. Lengthy written arguments on all aspects of the question were submitted by Mr. R. A. Reid, counsel for Judge Morson, and by Mr. William Johnston and Mr. E. W. Essery, counsel for the City of Toronto.

Judge McGibbon holds that no authority can be found in the British North America Act authorizing the imposition of an income tax on Dominion Government officials by or through municipalities under the authority of provincial legislation, and that under a Federal system of government, such as we have in Canada, one Government cannot tax another, nor tax the means or instrumentalities used by each, such as officials and employees employed in maintaining and carrying out its powers and authority and the various departments of government and executing and administering the law and other affairs of State.

He also holds that the Ontario Assessment Act does not authorize the imposition of any such tax on Federal officers, but that on the contrary, the Act impliedly exempts them from such tax, and that it does apply to Canadian Government officials at all. He says the weight of judicial decision and authority is all against the contentions of the defendant, and the Privy Council decision relied upon by the City of Toronto is not applicable to the Canadian Constitution.

The Telegram says that the city will appeal against the decision of the county judge of Peel, who has decided that Government officials are exempt from income tax.

Judge Morson, of Toronto, was billed by the city for taxes. He refused to pay. The city threatened to call in the bailiff and his Honor paid under protest. He started an action to recover his taxes and the judge has decided that he is not liable for them and they must be paid back.

The city, however, will pay them back under protest and commence an action for their recovery, as the finding would mean that 200 Government officials would escape paying taxes on their incomes.

"I do not see why a Government official should not pay his taxes as well as any civic official or any other person drawing an assessable income," said Assessment Commissioner Forman.

Three county judges have decided that Government officials are liable and two, that they are exempt. The City Court of Revision also decided that they are liable for taxes. The judgment was based on the decision of a Nova Scotia case.—Peel Banner.

THE SPIRITUAL HOSPITAL.

The best kind of reform is to keep people out of prison, and especially to keep children out of any kind of public institution. There is the constant danger of relying upon the prison too much, simply because it has been an old established custom to send wrongdoers there. Too often the prison becomes a school for the dissemination of criminal ideas and plans.

The work to pin one's faith to its restitution and a thorough system of probation. This would permit of the youthful offender or man being at liberty and yet under constant surveillance and required to pay back every penny of loss or injury done. The prison sentence is regarded by the prisoner as complete absolution and the injured party gets very little satisfaction.

In all reformation prominence should be given to religion, and yet this cannot well be included in a set of rules. The genuine religious influence cannot be formalized. As a general principle, however, it can be laid down that the Christian spirit should animate all who are in authority over the erring. Effective reformation work is individual and personal. The institution has very little to do with it. The world is made better or worse by the style and tone of conversation, the moral atmosphere which each one of us helps to create. When our hearts are set upon what is high and noble we become active agents in bringing about the steady diminution of crime, with all its baneful consequences.

Thinking people everywhere are coming to realize that men should not be put in prison for purposes of retaliation or revenge, but should be treated as sick persons—mentally and spiritually diseased; to restore them to a normal condition attention should be paid first to their physical health and then no effort should be spared to get the mental attitude into harmony with what is uplifting, inspiring the man who has fallen with hope and courage to face life's duties manfully and honestly.—The Presbyterian.

A Stickler For Principle.

"Will you be my owneet own for ever and ever, darling?" pleaded the lover.

"Do be reasonable, Percy," softly remonstrated the lady Socialist. "You know I don't approve of granting special privileges or encouraging monopolies, so please put your question in another form."—Illustrated Sunday Magazine.

TOO PRETTY BY HALF.

Real Life Tragedies Show Good Looks Are Dangerous.

Ask a girl what fairy's gift she would prefer—health, wealth, long life, goodness or beauty; in ninety-nine cases out of a hundred she will unhesitatingly plump for beauty. Looks mean so much to a woman that to most people it seems absurd to talk of the possibility of being too beautiful.

Yet only the other day, in a case in court, a well-known barrister mentioned an instance in which beauty brought trouble to its possessor and to her people. This was that of a London restaurant keeper, whose daughter was so exceedingly lovely that great crowds collected to see her, completely upsetting the business of the restaurant and deeply embarrassing both the girl and her father.

The end of it was that the young lady had to be packed off into the country.

About two years ago a firm of dressmakers in the West End tried the experiment of collecting a number of pretty girls and putting them in the new dresses in their window, in place of the usual wax models. In less than an hour the street was blocked, the police had to interfere and the proprietors were obliged to dispense with their charming dummies.

There is at least one case on record of beauty being the means of losing a husband instead of winning one. The story comes from Genoa. Signorine de Frate of that city was so exquisitely lovely that crowds followed her in the streets. A wealthy and altogether desirable young man fell in love with her, and they became engaged.

One day, a photographer named Ricci came to Miss de Frate, and begged to be allowed to take her photograph. He offered a considerable sum if he might be allowed to sell her likeness on picture postcards. The lady consented, and when her lover, who had been away in Rome on business, returned, he found the pictures in every window. He was so disgusted that he at once broke off the engagement. She sued for breach of promise, and lost her case, and had to pay costs.

Extreme beauty is naturally the cause of jealousy, and jealousy has unpleasant ways of manifesting itself. The tragedy of Mrs. Helen Taylor is a case in point. She was a widow famous for her beauty, and was rumored to be engaged to be married to a very wealthy man who had jilted a girl for her sake.

One afternoon a messenger delivered a parcel at Mrs. Taylor's house. As she opened it, there was a terrific explosion and she fell dying, dreadfully mutilated. The perpetrator of the crime, a harmless-looking draughtsman, has just confessed on his deathbed to sending the bomb because Mrs. Taylor rejected his advances.

Jealousy is not confined to the weaker sex. In the commonplace surroundings of a suburban chemist's shop the Parisian police recently unearthed a drama of jealousy on the part of a husband which has no rival even in France.

Parab, the chemist, had married an extremely pretty girl. He was jealous to begin with, but as time went on he grew worse. He could not bear that his wife should speak to, or even look at another man. First he forbade her to leave the house, and finally he resorted to strait waistcoats and chains in order to keep her a prisoner.

At last the unfortunate woman managed to get word to her sister, and the police broke in. They found her in her bedroom chained with strong steel chains to the wall.

Business firms have often cause to complain of the fair employes being too pretty. It is not only that a pretty girl distracts the attention of men in the shop or the works. The worst trouble, so far as the firm is concerned, arises when one of these pretty girls is injured in the course of her work and claims compensation. They declare that beauty in distress causes juries to be far too generous.

Pin Points of Life.

In sour paste, vinegar, the melt of a codfish or even in water in which decayed vegetables have been infused the microscope reveals animalcules (little animals) so small that millions of them would not equal a common grain of wheat in bulk. And yet nature with singular prodigality has supplied many of these minute creatures with organs as complete and perfect as those of a whale. In a single ounce of such matter there are more living creatures than there are human beings on the face of the globe!

Dislikes Mourning.

A certain fashionable dressmaker, according to Good Housekeeping, refuses to make black dresses because of their depressing effect on her employes. She would not even make a mourning gown for one of her best customers whose little girl had died, arguing that a black costume in itself saddens not only those who make it, but the wearer and all her associates.

Proud of His Coin.

"Sir," said the haughty aristocrat, who was as proud as he was poor, "you ought to be proud of the fact that I even recognize you."

"I am," rejoined the self made man. "It shows that I have money."—Chicago News.

Even Then.

First Antediluvian (in Methuselah's time)—What's the discussion about over there?

Second Ditto—Same old topic, whether a man aged 320 ought to marry a girl of 140.—Puck.

Not That Make.

"You know old Jollaby? Well, he has locomotor ataxia."

"He has? I thought all the time it was a limousine."—Baltimore American.

DON'T DOPE WITH ALCOHOLIC "TONICS"

This is honest advice for you; who are run down and sick—don't dope with alcoholic "tonics." We're backing this advice with our personal guarantee of satisfaction to you, or your money back.

There are a lot of so-called "tonics" on the market that do not depend for their short-lived popularity on any real merit they possess, but upon the fact that the alcohol in most of them and the dangerous or habit-forming drugs in some of them give a few moments' exhilaration and liveliness after a dose is taken. After a while, even this effect ceases to take place, and the unfortunate patient, worse off than before, turns for relief to something else.

Don't dope yourself with such stuff. Take real medicine that will do you real good, that will supply to your system the strengthening, disease-relieving and disease-resisting ingredients it needs. Take Rexall Olive Oil Emulsion, and get well and keep well. It is a real blood and nerve food medicine. It contains no alcohol nor any other dangerous or habit forming drugs, but is made entirely from ingredients needed to build up the strength and health of the ailing.

You who are weak and run-down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family. Pleasant tasting—unlike the cod liver oil preparations—you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. If it does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores in the United States, Canada and Great Britain.—T. F. & T. J. Brown, Orangeville, Ont.

SCOTCH POETRY AND PROSE.

"I remember one evening as we walked home with our faces to one of those beautiful sunsets that are, I think, only to be seen in the Highlands, he was telling us of a favorite sheep dog that had been for years his companion on the hill. But the time came when old age unfitted the poor animal for his work, and when the only kindness in the shepherd's eyes was to put an end to its life. And then he described how he had tied it to an apple tree and got his gun ready to shoot it.

"An' I could scarce look at the beast," he said, "as I fired, for I loved him well, and he had been sae wise."

The tears rolled down his cheeks as he told the story, and we paused in our talk as we trudged along the sun-lit road. Then out of the silence came this further utterance:—

"I buried him," he faltered, "at the foot of the apple tree"—and there was another pause, and the final words—"an' there would be a rare crop on the tree the year, for there's nothing for an apple tree like a dead dog."

This anecdote has always seemed to me characteristic of the Highland nature, where poetry and prose lie close side by side, and where the simple mind that holds them both is quite unconscious of any shock of feeling in the rapid transition from one to the other."—J. C. Carr in "Some Eminent Victorians."

WORNOUT FLAGS.

Uncle Sam Burns Them Unless They Have Been In Battle.

The government sets an example to the whole country in requiring that wornout flags shall be burned and not permitted to become mere pieces of waste rag. Whether or not any special law or regulation governs the disposition of the flags, the universal practice of the army and navy for generations has been that whenever a flag is no longer fit for service it shall be destroyed.

When a flag used at an army post or on board a naval vessel becomes unserviceable requisition of the quartermaster is made for a new one, and the old one is burned. The same disposition is made of flags used on public buildings in Washington. Custodians of buildings outside of Washington buy their flags outright of the government. Whether or not they follow the official plan of disposing of old flags cannot be stated.

Flags borne in battle are invariably preserved either by the commands which carried them or under instructions from the war department by the government at Washington. A whole roomful of battle flags is on exhibition at the war department.

The government is a little thrifty, however, in the use of the national colors. A flag is not put out of business merely because it is torn or worn, for contracts are maintained with men who repair flags, and if the injury is not too serious repairs are made and the flag is sent back to service.—Boston Transcript.

Napoleon's Loss.

"Shall you return to power, sire?" asked Napoleon's secretary as they departed together from the field of Waterloo.

"I fear me not," said the emperor sadly. "That hook nosed warrior the Duke of Wellington appears to have captured my return ticket."—Harper's Weekly.

HOW IT HAPPENED.

The Explanation of the Automobile Driver and a Climax.

After the victim of the accident was carried to the sidewalk the automobile driver turned his machine and came back and explained how it happened with considerable warmth.

"This woman," he volubly remarked to the policeman, "was entirely to blame. She ran around from ahead of the street car and deliberately put herself in my way. After she had dodged the coal cart it was too late for me to stop. I couldn't tell which way she was going, and when I saw that she was dazed and foolish I jammed on the brakes and tried to pass to the left, but of course she had to run the same way, and the consequence was that in endeavoring to avoid a baby carriage with twins in it and an old man who was walking with a crutch I suppose I must have hit her. But I wasn't going more than two miles an hour, and any woman who would dodge around in that foolish way and lose her head shouldn't be permitted to go in the streets without a bunch of guardians."

The policeman nodded.

"Come over to the sidewalk," he said, "and take a look at her."

So the driver went to the curb with the officer and looked at the unfortunate creature who had so actively contributed to her own disaster.

And lo, it was only a dressmaker's dummy that had fallen off the rear of a delivery wagon! — Cleveland Plain Dealer.

HIS ONLY REGRET.

The Sorrow That Consumed Bichat When He Was Dying.

Over a century ago died Xavier Bichat, the famous physician and anatomist, author of "L'Anatomie Generale." He probably dissected more human corpses than any other man in the world's history. He established a record when he opened 625 bodies during one winter.

Of his nerve a tale is told. When he lay on his deathbed he called his colleagues to him and said: "Dear friends, I am done, but what comforts me is the fact that my case is a remarkable one. I have had unusual symptoms for some days which I have analyzed. They have greatly surprised me." The doctors sought to reassure him. He answered that he was under no illusion with regard to himself. "I shall die fairly satisfied with my life and go to the grave with only one regret, one great sorrow."

"What is that?" he was asked. "I am distressed that after death I cannot dissect my own body. I could, I am certain, have made some beautiful scientific discoveries." Then he sank back, murmuring: "I must not think about it. It won't bear thinking of."—Westminster Gazette.

The Pearl Hunters' Superstition.

The pearl hunters of Borneo and the adjacent islands have a peculiar superstition. When they open shells in search of pearls they take every ninth find, whether it be large or small, and put it into a bottle, which is kept corked with a dead man's finger. The pearls in the vial are known as "seed pearls" or "breeding pearls," and the native Borneose firmly believes that they will reproduce their kind. For every pearl put into the vial two grains of rice are thrown in for the pearls to "feed upon." Some whites in Borneo believe as firmly in the superstition as the natives do, and almost every but along the coast has its "dead finger" bottle, with from nine to fifty seed pearls and twice that number of rice grains carefully and evenly stowed away among them. That no results follow does not dim the superstition.

The Wonderful Toad Bone.

All early writers attribute wonderful qualities to toads and frogs and the various parts of their bodies. Pliny believed, for instance, that if a toad was brought into the midst of a mob or other large and unruly concourse of people "silence would instantly prevail." A small bone found in the right side of toads "of the proper age" was also believed to have powers over the various elements. "By throwing this bone into a vessel of boiling water," says Pliny, "it will immediately cool it, the water refusing to boil again until the bone has been removed. To find this bone, expose the dead toad to an ant hill. When the ants have eaten her all away except the bones, take each bone separately and drop it into boiling water. Thus may the wondrous toad bone be discovered."

Identified.

William M. Chase, the artist, was a picturesque figure, dressing in clothes that had a certain originality, though they conformed more or less to the prevailing fashions. On one occasion Chase on his way home stepped into a little wine shop and ordered a jug of claret of a special brand sent to his house. The lad who brought it came to the front door an hour afterward, when the artist had already arrived. "Some wine," he said curtly. The maid, knowing there was yet plenty in the cellar and believing the lad had made a mistake, said she was sure it was not for that house and did the boy remember the name of the man who ordered it. The boy didn't. "Then," said the servant, "you've come to the wrong place; we never ordered wine!" At this moment the boy spied Chase's famous hat on the hall table. "Say," he asked, "does that hat live here?" "Yes," said the amused maid. "Then," said the boy triumphantly, "here's where the wine belongs!"—Argonaut.

Varicose Veins and Itching Piles

Usually Arise From Same Cause—Relief and Cure Effected by Dr. Chase's Ointment.

Nearly everybody knows of Dr. Chase's Ointment as the most effective treatment for piles or hemorrhoids that medical science has been able to compound. So much suffering and misery arises from this ailment that one is not long in telling his friends when he has found an actual cure. This accounts for the enormous sales of Dr. Chase's Ointment.

This letter tells of relief from the suffering of varicose veins by the use of Dr. Chase's Ointment. Many suffer from this trouble not knowing the comfort to be obtained by the use of this great soothing ointment.

Mrs. R. J. Evans, 137 Munro street, Toronto, writes: "We have used Dr. Chase's Ointment for years. I have been troubled with varicose veins, and find it the only thing that gives relief. For every purpose when a soothing, healing ointment is needed there is nothing so good as Dr. Chase's Ointment." 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

PAPER NARCISSUS.

If bulbs of the paper narcissus are planted in sand and water they will bloom in four weeks. The paper narcissus needs only to be set in the dark for a few days before being brought to the light, and by planting a few every two weeks, a succession of bloom may be kept up during the winter. Never keep bulbs in too hot a place. Let their growth be slow and steady, then the plants will be sturdy and healthy instead of weak and spindly.

ARCHIVES OF ONTARIO
TORONTO

Electors of Amaranth:

I am in the field for the office of Councillor for 1913. Although a new man I have resided in the township for many years and have always taken an interest in its public affairs. As I do not expect to be able to see you all in person I take this means of respectfully asking you to support my candidature.

JOHN PRATT.

Electors of Orangeville:

I have decided to allow my name to go on the ballot as a candidate for Councillor. I trust that you will bear in mind my past record as a municipal representative when you go to the polls and do me the honor of again electing me for 1914. I respectfully bespeak your hearty support.

THOS. HENDERSON

Electors of Orangeville:

After one year's experience as Councillor, I am again asking you to consider my claims and give me your hearty support for a second term. I have served you to the best of my ability and if elected again will continue to give your business my close and careful attention.

JAS. A. MATTHEWS

Electors of Orangeville:

I am again in the field as a candidate for Councillor. During the year that has just ended I have looked carefully after your affairs and given freely of my time to the service of the municipality. I respectfully ask for your hearty support and shall be pleased to receive a renewal of your confidence.

JOS. DARRAUGH.

Electors of Orangeville:

I am seeking reelection as Councillor. For two years I have served you in this capacity using my influence in what I conceived to be the best interests of the town. I am in favor of a sound, forward municipal policy and the enforcement of existing by-laws. I solicit your hearty support

A. B. HOLMES.

Electors of Orangeville:

I have decided to allow my name to appear on the ballot for Councillor. As Chairman of the Industrial Committee in 1914 I worked hard for the Dods' factory by-law and am in favor of using any legitimate means to attract industries to the town. I shall hope to have your hearty support for a second term and if re-elected will give the interests of the municipality my best attention.

L. K. JOHNSTON.

Electors of Orangeville:

In response to the expressed wishes of a number of friends I have decided to again offer myself for the position of Councillor. If I am elected I will devote my time and energies to your business and hope to be able to serve you to your advantage and satisfaction. Your hearty support will be warmly appreciated.

JOHN PATTERSON,
Prince of Wales St.

Electors of Orangeville:

I am once more in the field for office as Councillor and respectfully ask for your support on the score of my past experience in the council and my lifelong residence in the town.

B. McGUIRE.

Local News

—Mr. Gordon Lackey, son of C.P. R. Roadmaster S. Lackey, is in the Lord Dufferin Hospital undergoing treatment for heart trouble.

—The Chatty Society held one of the most delightful Euchre Parties of the season at the Grand Central hotel Monday night. Mr. and Mrs. Bennett made royal entertainers.

—Rev. F. A. Robinson, Associate Secretary of the Social Service and Moral Reform Department of the Presbyterian Church, delivered impressive addresses in St. Andrew's Church on Sunday.

—Writing from The Banner from Bright Sand, Sask., Wilson E. Brown says "We had good crops last summer. We had snow three times in October, November and last week and fine weather nearly every day. The C. N. R. is completing the laying of the steel at the grade about 18 miles southeast of us."

Almost every trade and profession has its newspaper or journal looking after its special interests. There are several farm papers, but only one that can truly be called The Farmer's Business Paper. That paper is The Weekly Sun. Every farmer should subscribe for The Sun. It will be found very helpful and pay for itself many times over.

Old Men Hear Concert

The old men at the County jail were entertained on Christmas Day by Rev. G. W. Tebbs, aided by willing assistants, gave a short concert and remarks in the afternoon. The old people were greatly cheered with duets by Messrs. Leighton and Beadle and gramophone selections by Brookbank. Rev. Mr. Tebbs acted as Santa Claus, and each man with a full-grown [illegible]

New Years' Concert

A grand concert will be given in the Orangeville Town Hall New Years night in aid of the seating fund. Major Island will preside and an excellent programme will be provided by the recently organized St. Mark's Orchestra, Ladies Quartette, Shaw, Cook, Patterson, Wallace, Hogg and Hale and Messrs. Jessop, Harding and Morrow. This concert deserves the patronage of every citizen. If inconvenient to attend you can help swell the fund by buying tickets.

Personal Mention

Miss Beryl Haley, of Toronto, is visiting Mr. and Mrs. E. C. Clark.

Mr. E. H. Jordan, of Acton, spent Christmas with his sister, Mrs. Youmans.

Lieut. Laxton, of the S. A. Corps, spent Christmas with his parents in Toronto.

Mr. Will Crozier, of Edmonton, is making a three months' visit at his home here.

Mr. A. G. McNabb, of Rosemont, was a caller at The Banner sanctum on Tuesday.

Mr. Grenville Lawson, of Peterborough, spent Christmas at his home on Zina St.

Mr. Fred Kilpatrick, of Toronto, spent Christmas with Mr. and Mrs. E. C. Clark.

Rev. and Mrs. W. M. and Miss Robina Morris spent the New Year with friends at Angus.

Mr. Wm. Linton, of Galt, spent Christmas Day with Dr. and Mrs. Armstrong, of Alton.

Mr. and Mrs. S. R. Thompson, West Broadway, spent Xmas with Mr. and Mrs. Jas. Wilson, Elder.

Rev. and Mrs. D. B. Kennedy and little son, of Hartney, Man., are visiting friends in town and vicinity.

Mr. and Mrs. J. H. Maguire, of London, spent Christmas with Mr. and Mrs. T. J. Robinson, Zina St.

Mr. Jas. H. Maguire, of London, spent Sunday at the home of his sister, Mrs. Wm. Wilson, of Relessey.

Mr. and Mrs. Wylie Wallace, of Laurel, spent Christmas with Rev. and Mrs. W. E. Wilson, of Toronto.

Mr. and Mrs. R. N. Irvine, and Mr. J. A. Irvine, of Toronto, spent Christmas week with relatives in town.

Mr. Milford Gulley, of Sundridge, is spending the Christmas vacation with his parents, Mr. and Mrs. W. H. Gulley, of Mono.

Mr. and Mrs. W. J. Leckie and son, Teddy, of Toronto, are spending New Year's with Mrs. Leckie's father, Mr. Wm. Harding.

Miss Mildred Patterson, of Toronto, spent Christmas with her parents, Mr. and Mrs. John Patterson, York St.

Mrs. A. Ward and daughter, Flora, of Toronto, are spending New Year's with the former's mother, Mrs. John White, 2nd Ave.

Miss Elsie Dods, who has been attending Normal in Toronto, is spending the vacation with her mother, Mrs. Dods, Zina St.

Mrs. (Dr.) Bailey is in Toronto attending the funeral of her brother-in-law, the late Mr. A. D. Harris, who died in London, Eng.

Mrs. David Arman and daughter, Miss Fia, of Pickering, have been spending a week with relatives in and near Orangeville.

Misses Lillie, Rebie and Grace Harding, accompanied by their aunt, Miss M. Harding, of Toronto, spent Christmas at Mr. Wm. Harding's.

Mr. and Mrs. Wm. Wilson and family and Mrs. H. Maguire, of Relessey, spent Christmas at the home of Mr. and Mrs. T. J. Robinson, Zina St.

Miss Nina Stewart, of Prince Edward County, is spending the Christmas holidays with her friend, Miss Margaret Reid, 5th line, west, Caledon.

Mr. S. Summerville, of Pilot Butte, Sask., is spending a couple of months visiting at his old home in Mono. Mr. Summerville reports a splendid crop in his district last year.

Mr. N. F. Dorrance and sister, Miss Eva, of Seaforth, Mr. I. B. Whale, of London, and Dr. and Mrs. L. G. Campbell, of Markdale, were guests at the Dorrance-Campbell wedding on Christmas Day.

Mr. and Mrs. W. J. Smith, of Alton, announce the engagement of their daughter, Nina A., to Mr. Fleming Puterbaugh, of Egeland, N. D. The marriage will take place quietly at the bride's home during January.

Dr. T. A. Carson is leaving town to-day for New York, where he intends to take a six weeks' post-graduate course in eye, nose and throat diseases in the Polyclinic hospital. Drs. Rooney and Kyles will look after his practice until he returns.

Prof. C. H. Lee, of Manitoba Agricultural College staff, spent a few days last week, with his father, Mr. Chas. Lee, York St. Prof. Lee, who has charge of the Department of Bacteriology, was on his way to Montreal to attend a Convention of bacteriologists.

Mr. Jno. T. Lawson, of Regina, is spending Christmas and New Years with his family at their home on Zina St. Mr. Lawson reports beautiful autumn weather in the West up to the time he left. Business was good until December, when there was a falling off in the volume of trade, largely on account of the unseasonably mild weather, which affected the demand for winter goods. Our former townsman looks well and it is evident that life in the West is agreeing with him.

A. Y. P. A.

On Monday next the Anglican Young People's Association will hold a Literary Evening. The subject will be "Canadian Poets." A hearty welcome to all.

St. Mark's Church choir were vested for the first time on Christmas Day. They look very nice in their Irish linen surplices and black Russell cord cassocks. The ladies wore college caps. The vestments were specially imported from England and only arrived just in time for Christmas. Excellent music characterized the Christmas services. The church was well filled on Sunday evening. Rev. G. W. Tebbs recently received a donation from a friend of $100.00 to start a new Organ Fund. The rector is commencing in the New Year a course of Thursday evening lectures at the week evening services on "Church Leaders in Primitive Times."

(Continued from Page 2)

CALEDON.

Caledon nominations passed off very quietly this year. Reeve Limebear was nominated but retired and Deputy-reeve Armstrong gets the reeveship without opposition. The whole council was elected in the same way. The members are:—

Reeve—D. Armstrong.
Deputy-Reeve—Thos. Quinn.
Councillors—S. Cannawin, J. R. Hillyard and F. Wrigglesworth.

MONO.

Contrary to general expectation Mono will be the scene of a hot contest next Monday. The candidates are:—

Reeve—J. A. Marshall, T. H. Moffatt.
Deputy-reeve—W. J. Henry, T. J. Parks.
Councillors—W. J. Bowers, Jas. A. Morton, Jas. Thompson (accl.)
Geo. Little, of last year's council, retired on account of poor health. J. W. Armstrong, of Rosemont, who was looked upon as a likely candidate, also decided not to run.

GRAND VALLEY.

Reeve—Lewis Menary (accl.).
Councillors—F. Sargeant, Jas. McClellan, L. Sinclair, Jas. Grahame, W. J. Baker, John Brown, Wm. Bishop.
P. S. Trustees—R. W. King, Dr. Perkin, Stewart Tate, Harry Rounding.

ALTON.

Police Trustees—A. G. Patterson, Alex. Dean, Wm. Rowcliffe (accl.).

CALEDON EAST.

Police Trustees — Wm. Borland, Alex. Hutchinson, J. O. Proctor, R. W. Burrell.

ALBION.

Reeve—W. J. Hutchinson, Anson McCabe, J. F. Horan.
Council — Wilson, Duke, Anderson, Gott, Evans, Steele.

EAST LUTHER.

Reeve—H. H. Hilborn, P. J. Cunningham.
Councillors—Jas. Platt, E. McDougall, W. Beattie, Albert Reilly, John Holborn, J. E. Holborn, R. Boyle, Wm. Martin.

EAST GARAFRAXA.

East Garry will not have any election this year. Reeve Ferns and three of the old Council get another term without opposition. Silas Cook drops out and his place is taken by Jos. K. Thompson. The 1914 Council will therefore be made up as follows:—

Reeve—Manasseh Ferns.
Councillors—Alex. Burnett, Wm. Haws, Geo. I. Nodwell, J. K. Thompson.

SHELBURNE.

Reeve—H. Falconer (accl.).
Councillors—J. A. Skelding, T. J. Gallaugher, Dr. S. T. White, Geo. Ireland (accl.).
P. S. Trustees—F. H. Silk, J. R. Bates, S. H. Rutledge (accl.).

ADJALA.

Reeve—T. Goodeve, Thos. Walsh.
Councillors — Wm. Campbell, J. Holt, J. J. Lawlor, Jos. Milligan, J. M. Hamilton.

MELANCTHON.

Reeve—T. C. Dryden, Wm. McGhee, R. J. Cornett, Robt. Eawcett.
Deputy-reeve—Jas. Higgins, Geo. T. Prentice, Jas. R. Clarke, W. E. Reid, Wm. Stone.
Councillors—Jas. Fairbairn, W. G. Dynes, Robt. B. Oldfield, R. H. Halbert, Jas. A. Russell.

MULMUR.

Reeve—J. Reburn, Jos. Rutledge.
Deputy-reeve — E. Kidd, J. M. Moodie.
Councillors—B. W. Mortimer, R. E. Mortimer, Jas. Barber, S. Newell, T. Stirling, J. Clokey, Thos. J. Mitchell and C. Mitchell.

ERIN TOWNSHIP.

Erin township has a three-cornered contest for reeveship. The candidates are Messrs. Alex. McKinnon and E. T. Barbour, last year's reeve and deputy-reeve, and Mr. Ed. Marshall. Deputy-reeve and councillors were elected without opposition. The slate is:—

Reeve—E. T. Barbour, Ed. Marshall, Alex. McKinnon.
Deputy-Reeve—Wesley Jessop.
Council—E. Beswick, Jas. Binnie, Jos. Benham.

A Good Number

The Orangeville Banner two weeks ago issued an eight-page Christmas number, devoted to the home life of Orangeville and the village of Alton. Biographical sketches of its numerous merchants, along with illustrations, made the issue a very interesting one, and a credit to the proprietors, Messrs McGuire and McKitrick.—Shelburne Free Press.

A Family Reunion

A very pleasant reunion was held at the home of Mr. Carver W. Simpson, The Maples, on Christmas Day, at which all the brothers and sisters with members of their families were present. A most enjoyable time was spent by everybody. A large number of nephews, nieces and other relatives participated in the reunion, some of them coming from a distance. One of the guests was from Newark, N.J. The members of the Simpson family, who were all together for the first time in fifteen years, were Mrs. Samuel Reid, The Maples; J. H. Simpson, Toronto, Dr. T. W. Simpson, Napanee, S. H. and C. W. Simpson and Miss C. G. Simpson, The Maples.

THE BAPTIST CHURCH.

"A motto for the New Year" will be Pastor St. Dalmas' theme in the Baptist Church on Sunday morning. The evening subject will be "Making Resolutions." Seats free and strangers welcome.

BORN.

SIMPSON — In Mono on Monday, Dec. 29th, to Mr. and Mrs. Harry Simpson, a son.

BERRYMAN — In Orangeville on Dec. 24th, 1913, to Mr. and Mrs. Alonzo Berryman, a daughter.

Electors of Orangeville:

I respectfully solicit your votes and influence for the office of Reeve for 1914. Having served seven years in the Town Council, two of these as deputy-reeve, I think that I am thoroughly qualified to represent you. If elected, I promise to serve you faithfully and to the best of my ability, both in the town and county councils.

J. J. WHITE.

Electors of Orangeville:

I respectfully solicit your hearty support for the office of reeve for 1914. I have had four years municipal experience, serving you two years as Councillor, one as Deputy-Reeve and last year as Reeve. I have therefore a good working knowledge of the affairs of the town and am also in touch with the work of the County Council and the questions that are to come before that body this year. If I am elected I will serve your interests to the best of my ability.

WALTER FAIRBAIRN.

Electors of Orangeville:

I desire to announce my candidature for the office of Deputy-Reeve for 1914. I have had seven years experience in municipal work—five in Amaranth township and two in Orangeville. I have the time to devote to your interests, have a wide acquaintanceship throughout the county and believe I can serve you to advantage in county as well as town affairs. I respectfully ask for your hearty support.

T. HEPTON.

Electors of Amaranth:

At the earnest solicitation of a large number of ratepayers I am in the field for the office of Reeve. If I am elected I will endeavor to carry on your business in a careful, and economical manner and to avoid putting the Municipality or the County to any useless expenditure. Economy and efficiency will be my motto if elected. I shall hope to have your hearty support.

JNO. S. SPENCE.

Electors of Amaranth:

I have decided to allow my name to appear on the ballot papers as a candidate for the office of Deputy-Reeve. I have been honored with your support for Councillor and feel that my service and the experience I have gained justify me in offering myself for a higher office. If I am elected I will serve you diligently. May I have the favor of your hearty support.

R. WEST.

Electors of Amaranth:

I wish to announce that I am a candidate for the office of Deputy Reeve. If you consider that my record as Councillor and my experience in municipal affairs entitle me to your confidence, I shall be pleased to have your hearty support during the campaign and at the polls.

W. T. LEADER.

Electors of Amaranth:

I am again a candidate for Township Councillor. Since I was first elected as your representative I have always looked after your business carefully and have done what I could to obtain full value for every dollar of public money I expended. If I am elected I will continue to pursue the same policy. I will appreciate your support.

WM. EWING.

Electors of Amaranth:

I desire to state that I am a candidate for the office of Councillor for 1914. I have always taken a lively interest in the affairs of the municipality and if I am one of those chosen at the polls next Monday, I shall do my utmost to serve you faithfully, diligently and to your advantage.

GEO. W. HEPTON.

Electors of Mono:

I am again a candidate for the office of Reeve. It has been customary to give the Reeve a second term and I feel that my work at the township and council boards last year entitles me to a renewal of your confidence. If I am elected I will endeavor to carry on your business carefully and on sound business lines. I respectfully ask for your hearty support.

J. A. MARSHALL.

Electors of Mono:

At the solicitation of a number of ratepayers, I am in the field for reeve for 1914. I have had seven years continuous experience as your representative—four years as councillor and three years as deputy-reeve. I have always sought to serve your interests to the best of my ability and if re-elected will continue to do so. I shall be very thankful for your hearty support.

T. H. MOFFITT.

Electors of Mono:

In asking you to support me for the office of Deputy-Reeve, I wish to remind you that I have already served you as Councillor and have a good working knowledge of municipal procedure and the business of the township. I shall be pleased to receive your hearty support.

W. J. HENRY.

Electors of Mono:

I desire to announce my candidature for the office of deputy-reeve and to appeal for your hearty support in my campaign and at the polls next Monday. I have had three years experience as councillor and if elected will endeavor to serve you capably in township and county council work.

T. J. PARKS.

DIED.

BERRYMAN — In Orangeville on Dec. 28th, 1913, the infant daughter of Mr. and Mrs. Alonzo Berryman.

McMillan Clothing Company

Is grateful for the liberal patronage of a public appreciative of good values and painstaking service throughout the year just closing. We desire to extend to our many friends and patrons

A NEW YEAR'S GREETING OF GOOD WISHES

For a prosperous and happy Nineteen and Fourteen.

Watch next week's advt. for very special prices in Clothing and Furs.

McMILLAN CLOTHIN CO.

BROADWAY, ORANGEVILLE

MARSVILLE.

Silver Creek Farm, the home of Mr. and Mrs. David Taylor, 12th line, was the scene of a pretty event on Wednesday afternoon of last week. The occasion was the marriage of their daughter, Eva J., to Mr. Harold Scarrow, of Arthur. Promptly at 5 o'clock the bride entered the parlor to the strains of the Lohengrin wedding march rendered by Miss Lyda Cook, cousin of the groom. The bridal party took their places under a beautiful evergreen arch, banked with ferns where the nuptial knot was tied by the bride's uncle, Elder J. H. Taylor. The bride, who was given away by her father, looked charming in her wedding gown of satin pailette trimmed with pearls. She wore the usual bridal veil and carried a shower bouquet of carnations and lillies of the valley. Her little sister, Miss Sadie, was her only attendant and was frocked in pink satin and lace and carried the ring in a basket of pink roses. After the ceremony and the usual congratulations, the guests to the number of 125 repaired to the dining room, where a dainty wedding repast was served. A very social evening was spent in music, games and other amusements in which all heartily engaged. The groom's gift to the bride was a sunburst of pearls, to the flower-girl a gold locket set with amethyst and pearls and to the organist a silver hand-painted bar pin. The happy couple left next morning for Owen Sound and Meaford, the bride travelling in a muskrat coat and navy blue hat with white plume. On their return they will reside on their beautiful farm near Arthur.

Mr. and Mrs. Thos. Kerr, Mrs. Thos. Simpson and children, Mr. John Price, Mr. J. T. Handley and family of the West are visitors in the community.

The nomination meeting on Monday afternoon was largely attended but proved an unusually quiet affair. There were few candidates aspiring for office and the old council received very little criticism. Mr. S. Cook, who has been in the council for the past two years, retires from municipal affairs and his place will be taken by Mr. Jos. K. Thompson. The following are the members of the 1914 council:—Reeve, M. Ferns; councillors, Geo. Nodwell, W. Haws, Alex. Burnett, Jos. K. Thompson.

Sale Register.

Mr. Edwin Fish, lot 15, 1st line, Adjala (east of Hockley village) will hold a credit auction sale of his farm stock, implements etc. on Wednesday, Jan. 7th, 1914. Sale will begin at one o'clock sharp. See posters or advt. in this issue for full particulars. Jas. A. Patterson, Auctioneer.

The Scientific Fitting of Glasses

Is as possible right here at your home as though you made a special trip to the city to consult a high-priced oculist. The reason is that we have the biggest optical organization in Canada at our service, ready to meet every possible requirement without a moment's unnecessary delay. We are equipped with every possible facility for testing eyesight and can fit you with glasses that are scientifically accurate. To begin with

We Test Sight Free of Charge

AND USE THE SHADOW TEST.

And explain in detail the result of such examination so you can clearly understand the why and wherefore of glasses and spectacles. There is no obligation for anyone to place an order with us, nor do we consider a transaction fully ended until the customer is fully satisfied that the glasses are right in every particular. The facilities we have for examining the eyes are thoroughly up-to-date and you run no risk at all in coming to us for spectacleware.

If You Do Not Require Glasses We Will Tell You So

W. E. IRVINE

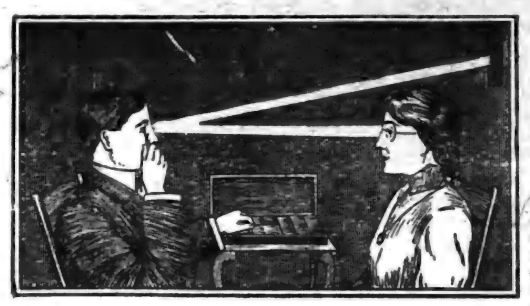
JEWELLER AND OPTICIAN, ORANGEVILLE, ONT.

ARCHIVES OF ONTARIO TORONTO

COMING TO ORANGEVILLE

The Eye Specialist Who Practises the New System

"HE LOOKS INTO THE EYE"



An opportunity shall be given the people of Orangeville and vicinity to have their eyes examined and glasses fitted by the new and wonderful "shadow test" method which does away with all machines, drops and drugs in testing, also the old but still used method of trying on glasses.

MR. F. A. GRAHAM

of Montreal, instructor in the new system, will be in my store to fill a 10 days engagement of sight-testing

Beginning Monday, January 5th.

Ending Wednesday, January 14th.

A new day has dawned for eyesight-sufferers. This specialist has a system so perfect that it has brought the correcting of imperfect sight to an exact science.

No long tedious sitting in an optician's chair to have innumerable pairs of glasses tried to your eyes, but a new and wonderful quick and easy method by which the inside of the eye ball is illuminated and nature gives up the secret of poor vision. Children's eyes can be accurately examined by this method without asking them questions.

Cross eyes can in many cases be straightened by wearing glasses fitted by this system.

All examinations will be made by Mr. Graham **FREE OF CHARGE**, those requiring glasses paying for the glasses only. I want this to be an invitation to all eyesight sufferers, to all who require a change in their glasses, to all who wish to know if their glasses are exactly right, to all headache sufferers and to all children afflicted with cross eyes.

This is an exceptional opportunity to many who are unable to visit the city specialists and I am fully convinced that those who take advantage of this visit of Mr. Graham will be fully repaid in satisfaction and results. The time set for free examinations each day is as follows: 9 to 12 a.m.—2.30 to 8.30 p.m. I have arranged to take a special course of instruction in the new system while Mr. Graham is here. My message to the people is COME—all who need help for your eyes. I am now booking appointments. Yours to serve,

F. S. PICKERING,

DRUGGIST and OPTICIAN

Make Somebody Happy With a

KODAK

Home memories that are cherished most are those of the great home day—Christmas. Better than mere memory, though, is the pictured story of the family re-union, the happy children, the gay young folks, the grown-up boys and girls back home again. The pictures taken with the Christmas Kodak will give pleasure the whole year round and for all the years to come.

Let us show you the simple Kodak way which makes picture-taking so much fun . . . . . .

ORANGEVILLE, ONT.

DEATH OF WM. LEITCH.

Wm. Leitch, formerly of Horning's Mills, died at his residence, 59 Scollard St., Toronto, on Dec. 17th, after an illness of over one month. For some time his health has been failing but heart trouble seemed to hasten the end. Mr. Leitch was born in Noddrie, Scotland, on Sept. 7th, 1838, and came to Canada with his parents in 1852, living first in Scarborough and moving to Erin and later to Horning's Mills (in 1859). He went to Toronto twenty-five years ago, where he resided until the time of his death. Mr. Leitch was a consistent member of the Presbyterian church, and in the early days did much for the cause, taking an active part in Sunday School work and being an elder in the church for many years. He was the precentor for many years when church choirs were unknown. He was of a very kind disposition and was very highly respected by a host of old friends. He is survived by his widow, one son and three daughters, George, of Toronto; Mrs. Wm. Jeffrey, of Lavenham, Man.; Mrs. S. Smily, of Plumas, Man.; Mrs. E. Hawkins, of Toronto. Also two brothers, Alexander, of Honeywood, and George, of Horning's Mills. His remains were laid to rest on Saturday, Dec. 20th, in Mount Pleasant cemetery, Toronto, the funeral being conducted by the Rev. Dr. Neil and his assistant, Rev. Davidson, of Westminster church, of which deceased was a member. Rev. Dr. Wallace, Rev. Mr. Cameron and Rev. Mr. Anger also took part in the service. The pallbearers were: Rev. Mr. Anger, Wm. Tamblyn, R. Little, Robert Allen, N. C. Thomas, and W. N. Allen. Many beautiful wreaths were placed on the casket, showing the high esteem in which the deceased was held. A number of old friends, formerly of Horning's Mills, now of Toronto, were present at the funeral: Mr. J. Palmer, Mr. R. J. Lennox, Mr. N. C. Thomas, Mr. and Mrs. R. Allen, Mr. Bert Gozzard, Mr. T. Kilpatrick, Mrs. Champlain, Mrs. Gory, Mr. Robt. Little, Mr. T. G. Atkinson.—Economist.

USE FOR OLD BUTTONS.

Handsome old buttons for which there seems no further use, probably because too few in number, may be made into very nice hat-pins and shirt waists sets. Any jeweller will do the work for a reasonable sum.

FELL IN A FAINT.

Mrs. Edwin Martin, Ayer's Cliff, Que., writes: "Before using Dr. Chase's Nerve Food I was in a terrible condition. Dizzy spells would come over me and I would fall to the floor. I could not sweep without fainting. Dr. Chase's Nerve Food has so built up my system that I can wash and do my housework. Your medicine cured me when doctors had failed."

J. J. Braiden, of Coleridge, has sold two pedigreed Polled Angus bulls to Messrs. J. M. Gillies, of Dundalk, and R. J. McCutcheon, Rellessey.

A QUAINT OLD TAVERN

The Old Cheshire Cheese, In the Heart of London.

SERVES A FAMOUS PUDDING.

A Noble Pastry It Is, and It Was Sampled by Such Men as Gladstone, Dickens, Thackeray, Tennyson, Trollope and Whistler.

Nearly all Americans when they go to London make it a point to visit that quaint old tavern in the heart of the newspaper and printing business, the Old Cheshire Cheese, to partake of its famous pudding.

It is the Londoner's delight when he gets back to Fleet street to make a rush for the pudding, and it is almost the last thing he eats before leaving it. Travelers in the Sahara have seen mirages of that pudding, and during the Boer war the men shut up in Ladysmith and Mafeking dreamed of it at regular intervals.

Precisely at 1 o'clock p. m. Tom conveys the pudding from the first to the main floor. It is a big pudding, and the price of it is just 2 shillings—that is to say, a feed of it is 2 shillings, as much as you please, as many shares as you ask for, cut and come again, all for 48 cents of American coin. Cheap, aye, and, oh, how good it is! It is worth crossing the Atlantic to get a sniff of it, and the aroma lingers in the memory for many a day.

Big? The dimensions are Falstaffian. It is a round earthen vessel something more than two dozen inches deep, with a diameter of about eighteen inches. A noble pastry, my masters!

When it is placed upon the service table an elliptical white crust meets the hungry gaze. Tom and his myrmidons take their places in front facing the host, who, knife and spoon in hand, poses with gentle dignity and benignant mien. It is a moment of solemn thought when every man hopes that his portion will be larger than his friend's and that he will be blessed with an abundance of gravy. But they ought from years of acquaintance with the host to understand that his hand is as steady as his judgment is impartial.

No more and nothing better for one than for another. He waves his weapons, and the first onslaught is made. The room is full of a delicious steam bearing with it the concentrated essences of ambrosial substances. The guests sniff it up and murmur choice blessings on the cook, the original inventor, the house and the host. It is a time when men feel good, one toward the other.

One smell of that pudding makes the whole world kin. This famous pudding, which has tickled the palates of thousands, is thus compounded:

A crust of flour, water and suet.
Beefsteak.
Sheep's kidneys.
Larks.
Mushrooms (freshly gathered).
Oysters.
Stock.
Pepper and salt.

But it is the boiling that does it. For at least twelve hours this heaven sent pudding is kept slowly simmering in an immense copper specially constructed for the purpose. It must not boil quickly, but the same temperature be kept up the whole period. The steak assumes a juicy tenderness; the larks—not sparrows, as some malignant spirit has suggested, although sparrow pudding is not to be despised—are seethed to the bone, and you can chew up each little songster without an effort; the kidneys are soft and mushy and offer no resistance to the digestive organs, and the oysters, despite their lengthened cooking, are not leathery. The amalgamation and assimilation of the variety of constituents are perfect; the result is bliss.

There is a story told of one eminent litterateur who had seven helpings of the pudding and still yearned for more, and there is another remarkable narrative of four men who ordered a pudding of the regulation size and finished it among them.

J. Pierpont Morgan praised the pudding, and Theodore Roosevelt was delighted with it. Lord Beaconsfield bestowed his approbation thereon, and Gladstone thought it far superior to his famous "three courses." Dickens, Thackeray, Meredith, Swinburne, Tennyson, Trollope, Whistler, Leighton, Sala, Phil May—all sorts of the best of men of their day have fed upon the pudding, and it no doubt helped to inspire their work.

Apparently any cook can fashion it, mix it, fix it, boil it. Let any cook try it. Lots of cooks have tried it, but the results have not been satisfactory. There was a man who once ran the Old Cheshire Cheese, and in his day the pudding first achieved its great fame. When he sold the old hostelry and took a house in the financial district he announced that the same pudding—the same in every respect—would be served every Saturday.

Many of the Cheese's old patrons came around to celebrate. There was the size, but the aroma was wanting; there were the identical materials, but the flavor was not in them. It was not the same, not a bit of it. There was something missing. It may have been the shades of the departed great ones of a bygone time. And so it is that today the famous dish of the Old Cheshire Cheese tastes as of old, and its devotees cannot be seduced by any designing invitation based upon "just as good" simply because there is nothing just as good.—Philadelphia Ledger.

Thoughts are mightier than the strength of hand.—Sophocles.

ADAM'S PEAK.

A Shrine Sacred to Three Conflicting Religious Sects.

Throughout Asia "holy places" are almost as numerous as leaves on a tree, but in Ceylon is a mountain which enjoys the unique distinction of being a very holy place to the devotees of three absolutely distinct and conflicting religious sects. This is Adam's Peak, or Samanala.

According to the Mohammedan belief, Adam, after the fall, was taken by an angel to the top of Samanala, and a panorama of all the ills that through sin should afflict mankind was spread out before him. His foot left an impression on the solid rock, and his tears formed the lake from which pilgrims still drink. The Buddhists contend that it was not Adam, but Buddha himself that made the footprint in the rock, that being the last spot where he touched the earth before ascending to heaven, while the Brahmins have still another legend. All, however, Brahmins, Mohammedans and Chinese, agree that Samanala is a very holy place, and to perform a pilgrimage to the spot is to the Buddhist what a visit to Mecca is to a Mohammedan. In mixed crowds the worshipers come, each pitying the ignorance of the other, who is so far from the "true way."

It requires no little faith and some imagination to trace in the depression in the rock the likeness of a human footprint. It is 5¼ feet long by 2½ feet wide, on the top of a huge bowlder. The natives, however, insist that it is the footprint of Adam.—Emmett Campbell Hall in Cincinnati Commercial Tribune.

MINIATURE GARDENS.

Tiny Lakes, Trees and Houses in Diminutive Japanese Parks.

The Japanese have the art of dwarfing trees to mere shrubs and of cultivating plants in a similar way. The people take great delight in their miniature gardens, which require a special gardener to keep them down to desired limits. A Japanese garden is generally about ten yards square, and in this small space is found a park and demesne, with lake, summer houses, temples, trees, all complete and in keeping with the dimensions available.

One such garden shows a lake four feet long and full of goldfish. On the border stands a pine tree exactly eighteen inches high and fifty years old. Beneath its shade is a temple carved out of one piece of stone the size of a brick. On a lofty crag of some two and a half feet stands a fine maple tree, perfect in form and shape, fifteen years old and twelve inches high.

One household in Japan boasts of a complete garden contained in a shallow two dozen wine case. Everything is complete down to the fish in the lake, a sheet of water only a few inch square, and the footbridges over the water courses. Tea houses there are and numerous trees of various kinds, each about six inches in height. Old as the hills are these diminutive trees, but full of vitality, and yet never growing bigger.—New York Press.

One Consolation.

During the time he acted as United States consul in Glasgow Bret Harte occasionally indulged in a day's sport with the gun, and it was during one of his shooting excursions that the humorist met with an accident which might have disfigured him for the remainder of his life, his face being badly cut through the recoil of an overloaded gun. Fortunately the doctor's skill prevented him from being permanently marked.

Writing about the occurrence to his friend, T. Edgar Pemberton, who quotes the letter in his "Tribute to Bret Harte," the novelist concludes his letter by telling of an amusing effort which was made to console him on account of the accident.

"When the surgeon was stitching me together," he wrote, "the son of the house, a boy of twelve, came timidly to the door of my room.

"'Tell Mr. Bret Harte it's all right,' he said. 'He killed the hare.'"

Artificial Flowers.

It was in Italy that a demand for artificial flowers first arose. This was due primarily to a caprice of fashion which demanded that during festivals blossoms in and out of their seasons should be worn and also to the fact that their color and freshness were stable. Later on, in the middle ages, the artificial so far superseded the natural that both men and women decked their heads with imitation flowers of cambric, paper, glass and metal.

Spiteful.

At a local picture show a painter hung a notice under his highly prized landscape, "Do not touch with canes or umbrellas." Some one who was not an admirer of his works added to the notice, "Take an ax!"

Disagreeable Economy.

Husband—You are not economical. Wife—Well, if you don't call a woman economical who saves her wedding dress for a possible second marriage I'd like to know what you think economy is like.

An Inside Outing.

Wigg—The best outing a man can take is an ocean trip. Wagg—Yes, an outing for the inner man as well.—Philadelphia Record.

There is no well doing, no godlike doing, that is not patient doing.—Timothy Titcomb.

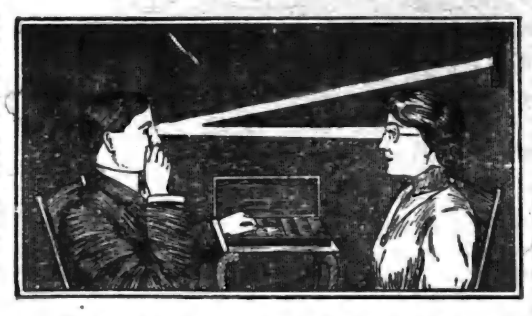
COMING TO ORANGEVILLE

The Eye Specialist Who Practices the New System

"HE LOOKS INTO THE EYE"



An opportunity shall be given the people of Orangeville and vicinity to have their eyes examined and glasses fitted by the new and wonderful "shadow test" method which does away with all machines, drops and drugs in testing, also the old but still used method of trying on glasses.

MR. F. A. GRAHAM

of Montreal, instructor in the new system, will be in my store to fill a 10 days engagement of sight-testing

Beginning Monday, January 5th.

Ending Wednesday, January 14th.

A new day has dawned for eyesight sufferers. This specialist has a system so perfect that it has brought the correcting of imperfect sight to an exact science.

No long tedious sitting in an optician's chair to have innumerable pairs of glasses tried to your eyes, but a new and wonderful quick and easy method by which the inside of the eye ball is illuminated and nature gives up the secret of poor vision. Children's eyes can be accurately examined by this method without asking them questions.

Cross eyes can in many cases be straightened by wearing glasses fitted by this system.

All examinations will be made by Mr. Graham **FREE OF CHARGE**, those requiring glasses paying for the glasses only. I want this to be an invitation to all eyesight sufferers, to all who require a change in their glasses, to all who wish to know if their glasses are exactly right, to all headache sufferers and to all children afflicted with cross eyes.

This is an exceptional opportunity to many who are unable to visit the city specialists and I am fully convinced that those who take advantage of this visit of Mr. Graham will be fully repaid in satisfaction and results. The time set for free examinations each day is as follows: 9 to 12 a.m.—2.30 to 8.30 p.m. I have arranged to take a special course of instruction in the new system while Mr. Graham is here. My message to the people is COME—all who need help for your eyes. I am now booking appointments. Yours to serve,

F. S. PICKERING, DRUGGIST and OPTICIAN

BROADWAY (SUCCESSOR TO T. STEVENSON) ORANGEVILLE

Make Somebody Happy With a

KODAK

Home memories that are cherished most are those of the great home day—Christmas. Better than mere memory, though, is the pictured story of the family re-union, the happy children, the gay young folks, the grown-up boys and girls back home again. The pictures taken with the Christmas Kodak will give pleasure the whole year round and for all the years to come.

Let us show you the simple Kodak way which makes picture-taking so much fun . . . . . .

ORANGEVILLE, ONT.

DEATH OF WM. LEITCH.

Wm. Leitch, formerly of Horning's Mills, died at his residence, 59 Scollard St., Toronto, on Dec. 17th, after an illness of over one month. For some time his health has been failing but heart trouble seemed to hasten the end. Mr. Leitch was born in Niddrie, Scotland, on Sept. 7th, 1838, and came to Canada with his parents in 1852, living first in Scarborough and moving to Erin and later to Horning's Mills (in 1859). He went to Toronto twenty-five years ago, where he resided until the time of his death. Mr. Leitch was a consistent member of the Presbyterian church, and in the early days did much for the cause, taking an active part in Sunday School work and being an elder in the church for many years. He was the precentor for many years when church choirs were unknown. He was of a very kind disposition and was very highly respected by a host of old friends. He is survived by his widow, one son and three daughters, George, of Toronto; Mrs. Wm. Jeffrey, of Lavenham, Man., Mrs. S. Smily, of Plumas, Man.; Mrs. E. Hawkins, of Toronto. Also two brothers, Alexander, of Honeywood, and George, of Horning's Mills. His remains were laid to rest on Saturday, Dec. 20th, in Mount Pleasant cemetery, Toronto, the funeral being conducted by the Rev. Dr. Neil and his assistant, Rev. Davidson, of Westminster church, of which deceased was a member. Rev. Dr. Wallace, Rev. Mr. Cameron and Rev. Mr. Anger also took part in the service. The pallbearers were: Rev. Mr. Anger, Wm. Tamblyn, R. Little, Robert Allen, N. C. Thomas, and W. N. Allen. Many beautiful wreaths were placed on the casket, showing the high esteem in which the deceased was held. A number of old friends, formerly of Horning's Mills, now of Toronto, were present at the funeral: Mr. J. Palmer, Mr. R. J. Lennox, Mr. N. C. Thomas, Mr. and Mrs. R. Allen, Mr. Bert Gozzard, Mr. T. Kilpatrick, Mrs. Champlain, Mrs. Gory, Mr. Robt. Little, Mr. T. G. Atkinson.—Economist.

USE FOR OLD BUTTONS.

Handsome old buttons for which there seems no further use, probably because too few in number, may be made into very nice hat-pins and shirt waists sets. Any jeweller will do the work for a reasonable sum.

FELL IN A FAINT.

Mrs. Edwin Martin, Ayer's Cliff, Que., writes: "Before using Dr. Chase's Nerve Food I was in a terrible condition. Dizzy spells would come over me and I would fall to the floor. I could not sweep without fainting. Dr. Chase's Nerve Food has so built up my system that I can wash and do my housework. Your medicine cured me when doctors had failed."

J. J. Braiden, of Coleridge, has sold two pedigreed Polled Angus bulls to Messrs. J. M. Gillies, of Dundalk, and R. J. McCutcheon, Rel-easey.

A QUAINT OLD TAVERN

The Old Cheshire Cheese, in the Heart of London.

SERVES A FAMOUS PUDDING.

A Noble Pastry It Is, and It Was Sampled by Such Men as Gladstone, Dickens, Thackeray, Tennyson, Trollope and Whistler.

Nearly all Americans when they go to London make it a point to visit that quaint old tavern in the heart of the newspaper and printing business, the Old Cheshire Cheese, to partake of its famous pudding.

It is the Londoner's delight when he gets back to Fleet street to make a rush for the pudding, and it is almost the last thing he eats before leaving it. Travelers in the Sahara have seen mirages of that pudding, and during the Boer war the men shut up in Ladysmith and Mafeking dreamed of it at regular intervals.

Precisely at 1 o'clock p. m. Tom conveys the pudding from the first to the main floor. It is a big pudding, and the price of it is just 2 shillings—that is to say, a feed of it is 2 shillings, as much as you please, as many shares as you ask for, cut and come again, all for 48 cents of American coin. Cheap, aye, and, oh, how good it is! It is worth crossing the Atlantic to get a sniff of it, and the aroma lingers in the memory for many a day.

Big? The dimensions are Falstaffian. It is a round earthen vessel something more than two dozen inches deep, with a diameter of about eighteen inches. A noble pastry, my masters!

When it is placed upon the service table an elliptical white crust meets the hungry gaze. Tom and his myrmidons take their places in front facing the host, who, knife and spoon in hand, poses with gentle dignity and benignant mien. It is a moment of solemn thought when every man hopes that his portion will be larger than his friend's and that he will be blessed with an abundance of gravy. But they ought from years of acquaintance with the host to understand that his hand is as steady as his judgment is impartial.

No more and nothing better for one than for another. He waves his weapons, and the first onslaught is made. The room is full of a delicious steam bearing with it the concentrated essences of ambrosial substances. The guests sniff it up and murmur choice blessings on the cook, the original inventor, the house and the host. It is a time when men feel good, one toward the other.

One smell of that pudding makes the whole world kin. This famous pudding, which has tickled the palates of thousands, is thus compounded:

A crust of flour, water and suet.
Beefsteak.
Sheep's kidneys.
Larks.
Mushrooms (freshly gathered).
Oysters.
Stock.
Pepper and salt.

But it is the boiling that does it. For at least twelve hours this heaven sent pudding is kept slowly simmering in an immense copper specially constructed for the purpose. It must not boil quickly, but the same temperature be kept up the whole period. The steak assumes a juicy tenderness; the larks—not sparrows, as some malignant spirit has suggested, although sparrow pudding is not to be despised—are seethed to the bone, and you can chew up each little songster without an effort; the kidneys are soft and mushy and offer no resistance to the digestive organs, and the oysters, despite their lengthened cooking, are not leathery. The amalgamation and assimilation of the variety of constituents are perfect; the result is bliss.

There is a story told of one eminent litterateur who had seven helpings of the pudding and still yearned for more, and there is another remarkable narrative of four men who ordered a pudding of the regulation size and finished it among them.

J. Pierpont Morgan praised the pudding, and Theodore Roosevelt was delighted with it. Lord Beaconsfield bestowed his approbation thereon, and Gladstone thought it far superior to his famous "three courses." Dickens, Thackeray, Meredith, Swinburne, Tennyson, Trollope, Whistler, Leighton, Sala, Phil May—all sorts of the best of men of their day have fed upon the pudding, and it no doubt helped to inspire their work.

Apparently any cook can fashion it, mix it, fix it, boil it. Let any cook try it. Lots of cooks have tried it, but the results have not been satisfactory. There was a man who once ran the Old Cheshire Cheese, and in his day the pudding first achieved its great fame. When he sold the old hostelry and took a house in the financial district he announced that the same pudding—the same in every respect—would be served every Saturday.

Many of the Cheese's old patrons came around to celebrate. There was the size, but the aroma was wanting; there were the identical materials, but the flavor was not in them. It was not the same, not a bit of it. There was something missing. It may have been the shades of the departed great ones of a bygone time. And so it is that today the famous dish of the Old Cheshire Cheese tastes as of old, and its devotees cannot be seduced by any designing invitation based upon "just as good" simply because there is nothing just as good.—Philadelphia Ledger.

Thoughts are mightier than the strength of hand.—Sophocles.

ADAM'S PEAK.

A Shrine Sacred to Three Conflicting Religious Sects.

Throughout Asia "holy places" are almost as numerous as leaves on a tree. But in Ceylon is a mountain which enjoys the unique distinction of being a very holy place to the devotees of three absolutely distinct and conflicting religious sects. This is Adam's Peak, or Samanala.

According to the Mohammedan belief, Adam, after the fall, was taken by an angel to the top of Samanala, and a panorama of all the ills that through sin should afflict mankind was spread out before him. His foot left an impression on the solid rock, and his tears formed the lake from which pilgrims still drink. The Buddhists contend that it was not Adam, but Buddha himself that made the footprint in the rock, that being the last spot where he touched the earth before ascending to heaven, while the Brahmins have still another legend. All, however, Brahmins, Mohammedans and Chinese, agree that Samanala is a very holy place, and to perform a pilgrimage to the spot is to the Buddhist what a visit to Mecca is to a Mohammedan. In mixed crowds the worshipers come, each pitying the ignorance of the other, who is so far from the "true way."

It requires no little faith and some imagination to trace in the depression in the rock the likeness of a human footprint. It is 5¼ feet long by 2½ feet wide, on the top of a huge bowlder. The natives, however, insist that it is the footprint of Adam.—Emmett Campbell Hall in Cincinnati Commercial Tribune.

MINIATURE GARDENS.

Tiny Lakes, Trees and Houses in Diminutive Japanese Parks.

The Japanese have the art of dwarfing trees to mere shrubs and of cultivating plants in a similar way. The people take great delight in their miniature gardens, which require a special gardener to keep them down to desired limits. A Japanese garden is generally about ten yards square, and in this small space is found a park and demesne, with lake, summer houses, temples, trees, all complete and in keeping with the dimensions available.

One such garden shows a lake four feet long and full of goldfish. On the border stands a pine tree exactly eighteen inches high and fifty years old. Beneath its shade is a temple carved out of one piece of stone the size of a brick. On a lofty crag of some two and a half feet stands a fine maple tree, perfect in form and shape, fifteen years old and twelve inches high.

One household in Japan boasts of a complete garden contained in a shallow two dozen wine case. Everything is complete down to the fish in the lake, a sheet of water only a few inch square, and the footbridges over the water courses. Tea houses there are and numerous trees of various kinds, each about six inches in height. Old as the hills are these diminutive trees, but full of vitality, and yet never growing bigger.—New York Press.

One Consolation.

During the time he acted as United States consul in Glasgow Bret Harte occasionally indulged in a day's sport with the gun, and it was during one of his shooting excursions that the humorist met with an accident which might have disfigured him for the remainder of his life, his face being badly cut through the recoil of an overloaded gun. Fortunately the doctor's skill prevented him from being permanently marked.

Writing about the occurrence to his friend, T. Edgar Pemberton, who quotes the letter in his "Tribute to Bret Harte," the novelist concludes his letter by telling of an amusing effort which was made to console him on account of the accident.

"When the surgeon was stitching me together," he wrote, "the son of the house, a boy of twelve, came timidly to the door of my room.

"'Tell Mr. Bret Harte it's all right,' he said. 'He killed the hare.'"

Artificial Flowers.

It was in Italy that a demand for artificial flowers first arose. This was due primarily to a caprice of fashion which demanded that during festivals blossoms in and out of their seasons should be worn and also to the fact that their color and freshness were stable. Later on, in the middle ages, the artificial so far superseded the natural that both men and women decked their heads with imitation flowers of cambric, paper, glass and metal.

Spiteful.

At a local picture show a painter hung a notice under his highly prized landscape, "Do not touch with canes or umbrellas." Some one who was not an admirer of his works added to the notice, "Take an ax!"

Disagreeable Economy.

Husband—You are not economical. Wife—Well, if you don't call a woman economical who saves her wedding dress for a possible second marriage I'd like to know what you think economy is like.

An Inside Outing.

Wigg—The best outing a man can take is an ocean trip. Wagg—Yes, an outing for the inner man as well.—Philadelphia Record.

Within an hour after Andrew Doan, aged 80, had been sentenced to the Essex county jail for 30 days for failure to produce $9.50, the amount of a police court fine for drunkenness, Mrs. Edith Doan, his wife died at her father's home in Sandwich, South Township.

Plans are under way for a redistribution of the recruiting areas of the 12th York Rangers, the 20th Halton Rifles and the 36th Peel Regiment, by which the York Rangers will become a city regiment, and the areas of the 20th and 36th Regiments will be enlarged.

A couple of young married ladies, of Acton, found themselves in a rather serious predicament on Saturday when driving down the third line. A trace became unfastened and the horse became frightened and ran away. Both of the ladies were thrown out and badly shaken up.

Mr. James Dent, of Brampton, met with a bad accident at Inglewood a week ago Sunday. He was descending the stairs in his house when he fell downstairs. His leg was badly fractured and he will be laid up for some time as a result of the painful injury.

A Bruce township farmer was complaining about how much it cost him to pay his taxes this year:—"Why it does not cost as much as it did ten years ago." said a neighbor. "This year I can pay my taxes with one steer. Ten years ago, it would have taken three steers."

An action by James Richardson & Sons, of Toronto, against the Georgian Bay Milling & Power Company, of Meaford, to recover $9,610.36 said to be due for 10,000 bushels of wheat was dismissed by Mr. Justice Middleton. The wheat had been sold, but was destroyed by fire before it could be delivered.

Jas. Calhoun, eldest son of Mrs. Wm. Calhoun, West Superior, Wis., formerly of Dundalk, was killed in a railway wreck between Superior and Winnipeg recently. Deceased was 21 years of age, and was a nephew of Mrs. Jos. Symington, of Dundalk, and W. H. Calhoun, of Shelburne.

Richard Boyle, of Alma, is something of a pork man, and annually feeds up a porker to a little bigger size than usual. This year he finished an eleven month pig that tipped the scales at 415 pounds. The pig and feed cost as nearly as can be counted $28.00, and Mr. Boyle considers he is $20 to the good.

Austin Card, of Beeton, lost the ends of the third and fourth fingers of his left hand a week ago Saturday by the accidental discharge of a shot gun as he was in the act of brushing off some dirt that had got on the muzzle. The hammer of the gun was raised and in some unaccountable way it dropped just over the end of the barrel.

At 7.30 Monday morning of last week a C.P.R. freight train travelling at about thirty miles an hour left the rails a short distance north of Bolton station and every car went over the 60 foot embankment. When the dust cleared the train crew, who escaped injury, found a tramp crushed beneath the cars. Nothing was found on the body of the dead man to indicate who he was.

Frank Bogues, a son of Mr. and Mrs. Harry Bogues, of Lucknow, while crossing the river near the Carding Mill, broke through the ice, and was rescued with difficulty by R. T. Douglas, who happened along just at the time. Had Mr. Douglas not been near, without a doubt a drowning would have occurred. Frank's little sister, Margaret, was drowned in the same river only a couple of months ago.

Charles Merner, superintendent of the New Hamburg Felt Boot Co., died a week ago Friday morning, as the result of an accident that happened on Saturday previous. He was engaged in the works examining a loom that was close to another one in full operation, when his sweater caught in the drum and he was instantly carried into the machinery, sustaining terrible injuries. Merner was 45 years of age and unmarried.

The County Council of Halton, unanimously passed a resolution recommending the appointment of J. W. Elliott, K.C., by the Minister of Justice, as Judge for Halton. A copy of the resolution, signed by every member of the Council, has been forwarded to the Minister. Appointments of local lawyers as county judges are very unusual, and the rule against them is a good one, but should the Government make an exception in this case approval will be general throughout Halton. Mr. Elliott is popular with its residents generally, irrespective of politics, and has made a good record as Deputy-Judge.—Champion.

Dr. Morse's Indian Root Pills owe their singular effectiveness in curing Rheumatism, Lumbago and Sciatica to their power of stimulating and strengthening the kidneys. They enable these organs to thoroughly filter from the blood the uric acid (the product of waste matter) which gets into the joints and muscles and causes these painful diseases. Over half a century of constant use has proved conclusively that Dr. Morse's Indian Root Pills strengthen weak kidneys and

Cure Rheumatism

Graham-Simpson.

The home of Mr. and Mrs. John Simpson, of Chatham, was the scene of a pretty wedding at 3.30 o'clock on Wednesday afternoon, Dec. 24th, when their daughter, Violet Ethel, was united in marriage to Mr. Alfred P. Graham, of Amaranth. The ceremony, which took place in the presence of a large number of friends and relatives, was performed by the Rev. R. S. W. Howard, rector of Christ Church. The bride, who was given away by her father, wore a very becoming gown of shadow lace over white silk and carried an armful of white carnations. She was attended by her sister, Miss Mary Simpson, who wore white lace over white silk. The best man was Mr. Frank Edwards, of Kent Bridge. Miss Cora Gardner, wearing blue silk, officiated at the piano. The groom's present to the bride was a handsome gold watch and chain. The house was very prettily decorated, the ceremony taking place under a white arch adorned with flowers. Later in the afternoon Mr. and Mrs. Graham left on a short wedding trip to Detroit and on their return on Dec. 25th were given a reception at the home of Mr. and Mrs. Simpson, when there were present some forty-five guests. Mrs. Graham travelled in a suit of navy blue with hat to match. The presents were many and beautiful. The out-of-town guests included Mr. and Mrs. Crow, Croton, Mr. and Mrs. Titus, Mull, Mrs. E. Smith, Miss Mabel Smith and Mr. Walter Smith, Harwich, Mr. and Mrs. Lanning, Tilbury, Mr. J. Crow, Croton, Mr. Chris. Sommerville and Mr. J. H. Jakes, Mull, Mr. John Switzer, Highgate, and Mr. and Mrs. Gardiner, Ridgetown. Mr. and Mrs. Graham will take up their residence at Crombie.

WHAT A GREAT MAN SAID TO THE GREAT CANADIAN PEOPLE

Parisian Sage is a great discovery of a celebrated scientist, who spent the best years of his life perfecting this great hair tonic.

In giving his recipe to the Canadian people he said: "Parisian Sage is the most delightful hair dressing in the world." It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair roots. F. S. Pickering sells Parisian Sage in a large fifty cent bottle—and guarantees it to do all that is claimed for it, or your money refunded. It stops falling hair, dandruff, itching scalp and restores life and beauty to dull, faded hair in two weeks.

BANK OF HAMILTON

YOUR OPPORTUNITY

IF a very promising proposition were submitted to you to-morrow, one that required a little capital, would you be in a position to accept it, or would you be forced to step back and allow someone else to grasp YOUR one chance?

There are few opportunities for the man with nothing, but at the same door of the man with a bank account fortune knocks often.

Start an account with this bank. One dollar is enough. Add to it regularly, and you will soon build up a substantial balance.

ARCHIVES OF ONTARIO TORONTO

THE BANNER

THE BANNER, JAN. 8th, 1914.

ELECTION ECHOES.

Dufferin is Dry. Now, please don't misunderstand!

Grand Valley local optionists are to be heartily congratulated. They put up a strong fight and are getting all kinds of satisfaction from the result.

Local musicians improvised a brass band and discoursed enlivening music on Broadway in front of The Banner Office while the returns were coming in Monday night. The boys tooted their horns in fine shape and the music was appreciated by everybody.

The result of the Amaranth reeveship fight was the one big surprise of the day.

The election of Thos. Henderson should strengthen the Orangeville Council. Henderson has had many years municipal experience, and even those who oppose him concede that he has both energy and ability.

J. L. ISLAND
Mayor.

The North Ward generally has its favorite Candidate. This time it warmed to White with a vengeance.

Fairbairn took his defeat manfully and won admiration in his hour of adversity. The same may be said of Hepton.

The four old Councillors and Henderson made a great fight for first place. Last year's men deserved the splendid support they got.

"Tom" Moffitt came up smiling after his knock-out in Mono. The crowd asked him for a song at Camilla election night and Tom was game enough to respond in spite of the adverse majority of 70 votes. Next to a good winner, there's nobody the public admires so much as a good loser.

There will be four new men in the County Council this year. They are White, of Orangeville, Parks, of Mono, West, of Amaranth, and Clarke, of Melancthon.

Five members of the Orangeville Council are Methodists, two Anglican and two Presbyterians.

The Caledon tangle is a puzzle to many of the ratepayers. One explanation is that the rival aspirants were so busy jockeying for positions that they forgot all about the time until too late to resign.

Seventeen municipalities carried local option on Monday. In 18 places it was defeated by the three-fifths requirement and in 6 places by straight majorities. There were 15 repeal contests and in only one instance did the antis succeed. 502 of the 835 municipalities in Ontario are now without bars.

Reeve Dryden, of Melancthon, was in town Tuesday. Mr. Dryden is almost certain of the Dufferin Wardenship this year.

Councillor John Brown, of Grand Valley, was in town yesterday. Needless to say Mr. Brown is delighted with the result of the local option fight.

GOODEVE BEATEN

Walsh Elected Reeve of Adjala with 72 Majority.

Milligan, a New Comer, Headed Poll for Council.
